131-49 - Authorization for Exterior Ramps

LAST AMENDED
5/12/2021

The City Planning Commission may authorize modifications of the #street wall# location provisions of this Chapter to allow exterior ramps for access from the public sidewalk to the lowest #story# above the #flood-resistant construction elevation#, as defined in Section 64-11 (Definitions), provided the Commission finds that the design of such ramps:

(a) maximizes visibility of interior ground floor space within the #building# from the public sidewalk;

(b) incorporates amenities such as seating and planting as the Commission may find appropriate; and

(c) relates harmoniously with the design and materials of the adjacent #building# and the surrounding streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
