In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Planned Community Preservation District#, no #development#, #enlargement#, or substantial alteration of landscaping or topography, shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, except by special permit of the City Planning Commission, pursuant to Sections [103-11](#) (Special Permit for Bulk and Parking Modifications) and [103-12](#) (Special Permit for Landscaping and Topography Modifications).

No demolition of #buildings# shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, unless it is an unsafe #building# and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, of the New York City Administrative Code, or its successor, except that such demolition may be permitted pursuant to a development plan for which a special permit has been granted under the provisions of Sections [103-11](#) and [103-12](#).

In a C8-4 District, however, a demolition permit may be issued for any #building# that is less than 10,000 square feet and was constructed after December 31, 1955, but prior to July 18, 1974.

In #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Zones), the provisions of Article VI, Chapter 4, shall control.

## 103-11 - Special Permits for Bulk and Parking Modifications

LAST AMENDED

2/2/2011

- (a) For any #development# or #enlargement#, either of which may include demolition, within a #Special Planned Community Preservation District#, the City Planning Commission, by special permit, may allow:
- (1) the unused total #floor area#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
  - (2) the total #open space# or #lot coverage# required by the applicable district regulations for any #zoning lots# within the development to be distributed without regard for #zoning lot lines#;
  - (3) minor variations in the #yard# regulations required by the applicable district regulations;
  - (4) minor variations in the height and setback regulations required by the applicable district regulations;
  - (5) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section [23-71](#) (Minimum Distance Between Buildings on a Single Lot); or
  - (6) permitted or required #accessory# off-street parking spaces, driveways or curb cuts to be located anywhere within the development, without regard to #zoning lot lines# or the provisions of Sections [25-621](#) (Location of parking spaces in certain districts) and [25-631](#) (Location and width of curb cuts in certain districts), subject to the findings of Section [78-41](#) (Location of Accessory Parking Spaces).
- (b) In order to grant such special permits, the City Planning Commission shall make the following findings:

- (1) that the #development# or #enlargement# relates to the existing #buildings or other structures# in scale and design, and that the #development# will not seriously alter the scenic amenity and the environmental quality of the community;
  - (2) that the #development# or #enlargement# be sited in such a manner as to preserve the greatest amount of #open space# and landscaping that currently exists, consistent with the scale and design of the existing development, the landscaping surrounding the new landscaping arrangement, and conditions of the community;
  - (3) that the #development# or #enlargement# be sited in such a manner that it will not require at that time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of #open space# and landscaping or will generate large volumes of traffic that will diminish the environmental quality of the community; and
  - (4) that minimal landscaping be removed during construction and such areas will be fully restored upon completion of construction.
- (c) Notwithstanding the provisions of paragraph (a)(6) of this Section, where the requirement for #accessory# off-street parking spaces, driveways or curb cuts can only be accommodated in such a manner that the functioning of the existing planned community is substantially injured, the Commission shall authorize waiver of all or part of the required parking.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations of any special permit in order to minimize adverse effects on the character and quality of the community. The Commission may advise and recommend special conditions or modifications in the plans submitted by applicants in order to conform to the intentions of the #Special Planned Community Preservation District#.
