107-76 - Boundary Adjustments in Designated Open Space

LAST AMENDED

9/11/1975

The City Planning Commission may grant special permits to allow adjustments in the boundaries of the #designated open space# on a #zoning lot# provided that such adjustment will not place the new boundary closer than 60 feet to a watercourse. As a condition for such adjustment in the boundaries, the Commission shall find that such adjustment will:

- (a) result in a substantial improvement in the quality and usefulness of the #designated open space#; or
- (b) permit #development# which better satisfies the purposes of this Chapter and that the new features which will be added to the #designated open space# will be at least equal in quality to those which are displaced from it; and
- (c) provide an equivalent area replacement for the area removed from the #designated open space#.
