- (b) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;
- (c) to maintain and reestablish physical and visual public access to the Stapleton neighborhood and to the waterfront;
- (d) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (e) to provide flexibility to attract new commercial and retail uses and support the existing businesses that define the area;
- (f) to create a livable community combining housing, retail and other uses throughout the district;
- (g) to create a walkable, urban streetscape environment through a mix of ground floor uses that connect the town centers of St. George and Stapleton;
- (h) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (i) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms; and
- (j) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.
