134-27 - Minimum Distance Between Buildings

LAST AMENDED
12/5/2024

Within the Southern Subdistrict, the requirements of this Section shall apply to all #buildings#.

(a) No separation shall be required between portions of #buildings# that are less than or equal to a height of 75 feet, except as set forth in paragraph (d) of this Section.

However, in the Eastern Subarea, where the total #street wall# width of all #buildings# along a single #street line# exceeds 400 feet along such #street line#, such #buildings# shall be at least 30 feet apart.

(b) Portions of #buildings# located above a height of 75 feet and below 125 feet shall at no point be located less than 60 feet apart.

(c) Portions of #buildings# located at or above a height of 125 feet shall at no point be located less than 90 feet apart.

(d) The regulations of Section 23-37 (Other Open Area Regulations), inclusive, shall apply to any portion of a #building# containing #residences# or #community facility uses# containing living accommodations with required windows, except where more stringent requirements apply pursuant to paragraphs (a) through (c) of this Section.
