139-32 - Special Permitted Off-street Parking Regulations

LAST AMENDED 11/23/2021

For portions of an #automated parking facility#, as that term is defined in Section 13-02, each tray upon which a vehicle is stored shall be considered one parking space, regardless of its size. In addition, at a height in excess of 23 feet above #curb level# each parking tray shall be considered #floor area# in an amount of 153 square feet or the size of such lifted tray, whichever is greater.
