LAST AMENDED 11/23/2021

For #zoning lots# containing #schools# regulated by the provisions of Section 139-214 (Special floor area provisions for zoning lots containing schools), the City Planning Commission may authorize the modification of any #bulk# regulation, including the amount of floor space exempted from the definition of #floor area# by Section 139-214, in order to better accommodate a #school# upon such #zoning lot#.

(a) Conditions

- (1) No modification to the maximum #building# height shall exceed 30 feet; and
- (2) No modification to the amount of floor space exempted from the definition of #floor area# shall exceed an additional 60,000 square feet of floor space.

(b) Findings

In determining such modifications, the Commission shall find:

- (1) such modification is the least modification required to achieve the purpose for which it is granted;
- (2) the proposed modification does not impair the essential character of the surrounding area; and
- (3) the proposed modification will not have adverse effects upon light, air, and privacy of adjacent properties and of any existing #buildings# on the #zoning lot#.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.
