73-142 - Telephone exchanges or other communications equipment structures

LAST AMENDED

6/6/2024

In all #Residence Districts#, the Board of Standards and Appeals may permit telephone exchanges or other communications equipment structures listed under Use Group IV(B), provided that the Board finds that:

- (a) such #use# will serve the residential area within which it is proposed to be located; and
- (b) there are serious difficulties in locating it in a district wherein it is permitted as of right and from which it could serve the residential area, which make it necessary to locate such #use# within a #Residence District#.

The Board may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area, including requirements that such #use# shall be landscaped.
