- (c) that **non-compliance**, if any, with the applicable **yard** or height and setback regulations is the minimum made necessary by essential engineering requirements.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area and shall require that the certificate of occupancy

shall be limited to such *use*.

73-66 - Height Regulations Around Airports

LAST AMENDED
7/23/1964

The Board of Standards and Appeals may permit the construction, **enlargement**, or reconstruction of a **building or other structure** in excess of the height limits established under Sections [61-21](#) (Restriction on Highest Projection of Building or Structure) or [61-22](#) (Permitted Projection Within any Flight Obstruction Area), provided that the applicant submits a site plan, with elevations, showing the proposed **building or other structure** in relation to such maximum height limits, and that the Board finds that such proposed **building or other structure, enlargement**, or reconstruction would not constitute a hazard (either under the existing layout of the airport or under any planned reorientation or lengthening of the airport runways) to the safety of the occupants of such proposed **building**, to other **buildings** in the vicinity or to the safety of air passengers, and would not disrupt established airways.

The Board shall refer the application to the Federal Aviation Administration for a report as to whether such construction will constitute a danger to the safety of air passengers or disrupt established airways.

73-67 - Additional Floor Space of Public Parking Garages

LAST AMENDED
10/29/2007

In C2-1, C2-2, C2-3, C2-4, C4-1, C4-2, C4-3, C4-4, C4-5D, C7, C8-1, C8-2, C8-3, M1-1, M1-2, M1-3, M2-1, M2-2 or M3-1 Districts, for **public parking garages** with a total of 150 spaces or less, the Board of Standards and Appeals may permit floor space on one or more **stories** to be exempted from the definition of **floor area** as set forth in Section [12-10](#) (DEFINITIONS), provided that all floor space so exempted is located not more than 23 feet above **curb level** and provided that the following findings are made:

- (a) that the additional floor space permitted is needed in order to prevent excessive on-street parking demand and relieve traffic congestion; and
- (b) that the hazards or disadvantages to the community at large resulting from the additional floor space permitted are outweighed by the advantages to be derived by the community therefrom under the conditions and safeguards imposed.

The Board may impose appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

73-68 - Height and Setback and Yard Modifications

LAST AMENDED
2/2/2011

In C5-5, C6-8 and C6-9 Districts, the Board of Standards and Appeals may permit modifications of the applicable regulations in Sections [33-26](#) to [33-30](#), inclusive, relating to Rear Yard Regulations, or in Sections [33-41](#) to [33-45](#), inclusive, relating to Height and Setback Regulations.

The Board may grant such modifications upon consideration that the applicable height and setback or **rear yard** regulations cannot be complied with by some method feasible for the applicant to pursue because of size or irregular shape of the lot, size or irregular shape of the **block**, and width of **streets**. The Board shall also consider the characteristics of surrounding development.

The Board shall require, where appropriate, sufficient safeguards to ensure the free flow of pedestrian and vehicular traffic in the general area. The Board may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

73-69 - Rear Yard Modifications

LAST AMENDED
4/30/2008

The Board of Standards and Appeals may permit modifications to the **rear yards** required pursuant to Sections [23-543](#), [24-393](#), [33-303](#) or [43-313](#) (For zoning lots with multiple rear lot lines) for **zoning lots** existing on April 30, 2008, provided the following findings are made:

- (a) that due to the irregular shape of the **zoning lot**, compliance with the **rear yard** regulations would create site planning constraints and adversely affect the layout and development of the site; and
- (b) that the requested reduction in **rear yard** depth is the least amount necessary to grant relief.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

73-70 - LAPSE OF PERMIT

LAST AMENDED
7/18/1995

A special permit for a specified **use** or for a modification of the **use** or **bulk** regulations granted under the provisions of this Resolution shall automatically lapse if substantial construction, in accordance with the plans for which such permit was granted, has not been completed within four years from the date of granting such permit by the Board of Standards and Appeals or, if judicial proceedings have been instituted to review the Board's decision, the four-year lapse

period shall commence upon the date of entry of the final order in such proceedings, including appeals.

Chapter 5 - Certifications

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 5 - Certifications

75-00 - CERTIFICATIONS

LAST AMENDED
4/30/2012

75-01 - Certification for Rooftop Greenhouses

LAST AMENDED
4/30/2012

A rooftop greenhouse shall be excluded from the definition of **floor area** and may exceed **building** height limits, upon certification by the Chairperson of the City Planning Commission that such rooftop greenhouse:

- (a) is located on the roof of a **building** that does not contain **residences** or other **uses** with sleeping accommodations;
- (b) will only be used for cultivation of plants, or primarily for cultivation of plants when **accessory** to a **community facility use**;
- (c) is no more than 25 feet in height;
- (d) has roofs and walls consisting of at least 70 percent transparent materials, except as permitted pursuant to paragraph (f)(3) of this Section;
- (e) where exceeding **building** height limits, is set back from the perimeter wall of the **story** immediately below by at least six feet on all sides; and
- (f) has been represented in plans showing:
 - (1) the area and dimensions of the proposed greenhouse, the location of the existing or proposed **building** upon which the greenhouse will be located, and access to and from the **building** to the greenhouse;
 - (2) that the design of the greenhouse incorporates a rainwater collection and reuse system; and
 - (3) any portions of the greenhouse dedicated to office or storage space **accessory** to the greenhouse, which shall be limited to 20 percent of the floor space of the greenhouse, and shall be exempt from the transparency requirement in paragraph (d) of this Section.

Plans submitted shall include sections and elevations, as necessary to demonstrate compliance with the provisions of paragraphs (a) through (f) of this Section, as applicable. A copy of the proposed rooftop greenhouse plan shall be delivered to the affected Community

Board, which may review such proposal and submit comments to the Chairperson of the Commission. The certification of a rooftop greenhouse shall not be complete until the earlier of the date that the affected Community Board submits comments regarding such proposal to the Chairperson of the Commission or informs the Chairperson that such Community Board has no comments; or 45 days from the date that such proposal was submitted to the affected Community Board.

No building permits or certificates of occupancy related to the addition of **residences** or other **uses** with sleeping accommodations within the **building** may be issued by the Department of Buildings unless and until such rooftop greenhouse has been fully dismantled. A Notice of Restrictions shall be recorded for the **zoning lot** providing notice of the certification pursuant to this Section. The form and contents of the legal instrument shall be satisfactory to the Chairperson of the City Planning Commission, and the filing and recording of such instrument shall be a precondition to the use of such rooftop greenhouse. The recording information for the rooftop greenhouse certification shall be referenced on the first certificate of occupancy to be issued after such notice is recorded, as well as all subsequent certificates of occupancy, for as long as the rooftop greenhouse remains intact.

Chapter 6 - Location of District Boundaries

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 6 - Location of District Boundaries

76-00 - MEASUREMENT OF DISTANCES

LAST AMENDED
12/15/1961

76-01 - Method of Measurement

LAST AMENDED
12/15/1961

Except as otherwise specifically provided, all prescribed distances shall be measured in a straight line, not necessarily coinciding with a ***street line***.

76-10 - DISTRICT BOUNDARIES ON THE ZONING MAPS

LAST AMENDED
12/15/1961

76-11 - General Provisions

LAST AMENDED
12/15/1961

The district boundaries on the ***zoning maps*** shall be interpreted in accordance with the provisions set forth in Sections [76-12](#) (Area Enclosed by District Boundary Line), [76-13](#) (Location of Boundary Line) and [76-14](#) (Additional Rules of Construction).

76-12 - Area Enclosed by District Boundary Line

LAST AMENDED
12/15/1961

An area enclosed by a district boundary line shall be in the district designated therein.

76-13 - Location of Boundary Line

LAST AMENDED
12/15/1961

The precise location of a boundary line is to be interpreted in accordance with the provisions set forth in this Section.

76-131 - Boundary line parallel to the short dimension of block

LAST AMENDED
12/15/1961

In cases where a boundary line extends parallel to the short dimension of the **block** and no dimensions are shown, such boundary line shall be considered to be located:

- (a) in the case of C1-1, C4-1, C4-2 or C4-4 Districts, 200 feet from the nearest **street** within the district;
- (b) in the case of C1-2, C1-3, C2-1, C2-2, C2-3, C4-3 or C7 Districts, 150 feet from the nearest **street** within the district; and
- (c) in the case of all other districts, 100 feet from the nearest **street** within the district.

76-132 - Boundary line parallel to the long dimension of block between parallel streets

LAST AMENDED
12/15/1961

In case of parallel **streets**, where a boundary line extends parallel to the long dimension of the **block** and no dimension is shown, such boundary line shall be considered to coincide with the center line of the **block**.

76-133 - Boundary line parallel to the long dimension of block between streets which are not parallel

LAST AMENDED
12/15/1961

In case of **streets** which are not parallel, where a boundary line extends parallel to the long dimension of the **block** and no dimension is shown, such boundary line shall be considered as the bisector of the angle formed by prolonging the **street lines** to an intersection.

76-14 - Additional Rules of Construction

LAST AMENDED
12/15/1961

76-141 - When distance from street line shown

LAST AMENDED
2/26/1967

In cases where the boundary line is shown by a dimension as being located a specific distance from a **street line**, this distance shall be considered to be measured from the nearest **street line** of the **street** from which dimensioned.

In cases where a **Limited Height District** boundary line appears to be identical or approximately identical with the boundary line of another district whose location is shown by a dimension, the boundary line of the **Limited Height District** shall be considered to be identical with the boundary line of the other district.

76-142 - Boundary line within street

LAST AMENDED
6/11/1974

In cases where the boundary line is given a position within a **street**, it shall be considered to be in the center of the **street**.

In cases where a C1 or C2 District is mapped within a **Residence District** and such C1 or C2 District abuts a **street line**, the boundary line along such abutting portion shall be deemed to be located in the center of the abutting **street**.

76-143 - Boundary line oblique to streets

LAST AMENDED
12/15/1961

In cases where a boundary line is shown having a position oblique to the **streets** bounding the **block** in which it is located, it shall (unless otherwise fixed) be considered to be the bisector of the angle formed by the intersection of lines 100 feet from and parallel to each of said bounding **streets**, this distance being measured at right angles to said **street lines**.

76-144 - Boundary line adjoining a railroad

LAST AMENDED
12/15/1961

In cases where a boundary line is shown as adjoining a railroad, it shall (unless otherwise fixed) be considered to coincide with the boundary line of the railroad right-of-way.

76-145 - Boundary line coinciding with parks, cemeteries or navigable waters

LAST AMENDED
12/15/1961

In cases of parks, cemeteries, or navigable waters, the boundary line shall (unless otherwise

in cases of parks, cemeteries, or navigable waters, the boundary line shall (unless otherwise fixed) be considered to coincide with the boundary line of the park or the cemetery or the pierhead line, except that in cases where no pierhead line has been established, the shore line shall control.

76-146 - Islands

LAST AMENDED
12/15/1961

Any island, or portion thereof, outside of the shore or pierhead lines, that is not a ***public park*** shall, unless otherwise designated or determined by the City Planning Commission, be considered to be in an R3-2 District.

76-147 - Park boundary line

LAST AMENDED
12/15/1961

The boundary line of a ***public park*** shall be considered a district boundary line.

76-148 - Scenic View District boundary line

LAST AMENDED
10/24/1974

The boundary lines of ***Special Scenic View Districts*** are set forth in Section [102-60](#) (SPECIAL SCENIC VIEW DISTRICTS SPECIFIED).

Zoning Resolution

THE CITY OF NEW YORK

CITY PLANNING COMMISSION
Marisa Lago, Chair

Chapter 7 - Special Provisions for Zoning Lots Divided by District Boundaries

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 7 - Special Provisions for Zoning Lots Divided by District Boundaries

77-00 - GENERAL PROVISIONS

LAST AMENDED
8/14/1987

77-01 - Applicability of This Chapter

LAST AMENDED
12/15/1961

Whenever any ***zoning lot*** is located in two or more districts in which different ***uses*** are permitted, or in which different ***use, bulk, accessory*** off-street parking and loading, or other regulations apply, the provisions of this Chapter shall apply.

77-02 - Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution

LAST AMENDED
2/2/2011

Whenever a ***zoning lot*** is divided by a boundary between two or more districts and such ***zoning lot*** did not exist on December 15, 1961, or any applicable subsequent amendment thereto, each portion of such ***zoning lot*** shall be regulated by all the provisions applicable to the district in which such portion of the ***zoning lot*** is located. However, the provisions of paragraph (a) of Section [77-22](#) (Floor Area Ratio) and Section [77-40](#) (SUPPLEMENTAL REGULATIONS) shall apply to ***zoning lots*** created at any time where different ***bulk*** regulations apply to different portions of such ***zoning lot***.

77-03 - Zoning Lots Existing Prior to Effective Date or Amendment of Resolution

LAST AMENDED
12/15/1961

Whenever a ***zoning lot*** is divided by a boundary between two or more districts and such ***zoning lot*** existed on December 15, 1961, or any applicable subsequent amendment thereto, the provisions of this Resolution may be applied to such ***zoning lot*** as set forth in subsequent Sections of this Chapter. Except as specifically provided in this Chapter, each portion of such ***zoning lot*** shall be regulated by all the provisions applicable to the district in which such portion of the ***zoning lot*** is located.

77-10 - USE REGULATIONS

LAST AMENDED
12/15/1961

77-11 - Conditions for Application of Use Regulations to Entire Zoning Lot

LAST AMENDED
6/29/1989

Whenever a **zoning lot** existing on December 15, 1961, or on any applicable subsequent amendment thereto, is divided by a boundary between districts in which different **uses** are permitted, the **use** regulations applicable to the district in which more than 50 percent of the **lot area** of the **zoning lot** is located may apply to the entire **zoning lot**, provided that the greatest distance from the mapped district boundary to any **lot line** of such **zoning lot** in the district in which less than 50 percent of its area is located does not exceed 25 feet. Such distance shall be measured perpendicular to the mapped district boundary.

Whenever the **use** regulations are so applied, the district boundary may be assumed to be relocated accordingly, and the **bulk**, off-street parking and loading, and all other regulations applying to such expanded district shall apply to the entire **zoning lot**. However, when the **zoning lot** is divided by a district boundary between a district limited to **single-** or **two-family residences** and a district permitting multiple dwellings, the **use** and **bulk** regulations of an R3-2 District shall apply in the R1, R2, R3A, R3X or R3-1 portion, and the **use** and **bulk** regulations of an R4 District shall apply in the R2X, R4A, R4-1 or R4B portion.

Except as specifically provided by the provisions of a special purpose district, the provisions of this Section shall apply to **zoning lots** which are divided by a special purpose district boundary line.

77-12 - Application of Use Regulations Under All Other Conditions

LAST AMENDED
6/25/1964

Whenever a **zoning lot** is divided by a boundary between districts in which different **uses** are permitted and the provisions of Section [77-11](#) (Conditions for Application of Use Regulations to Entire Zoning Lot) do not apply, the applicable **use** regulations for each district shall apply to that portion of the **zoning lot** located within such district, except as provided in Section [73-42](#) (Enlargement of Uses Across District Boundaries) or [73-52](#) (Modifications for Zoning Lots Divided by District Boundaries).

The regulations governing **use** are set forth in Article II, Chapter 2; Article III, Chapter 2; and

77-20 - BULK REGULATIONS

LAST AMENDED
12/15/1961

77-21 - General Provisions

LAST AMENDED
9/27/1962

Whenever a **zoning lot** existing on December 15, 1961, or on any applicable subsequent amendment thereto, is divided by a boundary between districts with different **bulk** regulations, and the provisions of Sections [77-11](#) (Conditions for Application of Use Regulations to Entire Zoning Lot) or [77-211](#) (Conditions for application of bulk regulations to entire zoning lot) do not apply, the **bulk** regulations may apply as set forth in Sections [77-22](#) to [77-29](#), inclusive, relating to Bulk Regulations.

77-211 - Conditions for application of bulk regulations to entire zoning lot

LAST AMENDED
12/5/1990

Whenever a **zoning lot** existing on December 15, 1961, or on any applicable subsequent amendment thereto, is divided by a boundary between:

- (a) two **Residence Districts** limited to **single-** or **single-** and **two-family residences**; or
- (b) two **Commercial Districts** or two **Manufacturing Districts** in which the same **uses** are permitted but different **bulk** regulations apply;

the **bulk** regulations applicable to the district in which more than 50 percent of the **lot area** of the **zoning lot** is located may apply to the entire **zoning lot**, provided that the greatest distance from the mapped district boundary to any **lot line** of such **zoning lot** in the district in which less than 50 percent of its area is located does not exceed 25 feet. Such distance shall be measured perpendicular to the mapped district boundary.

Whenever the **bulk** regulations are so applied, the district boundary may be assumed to be relocated accordingly, and the off-street parking and loading and all other regulations applying to such expanded district shall apply to the entire **zoning lot**.

Except as specifically provided by the provisions of a Special Purpose District, the provisions of this Section shall apply to **zoning lots** that are divided by a Special Purpose District boundary line.

77-22 - Floor Area Ratio

LAST AMENDED
2/2/2011

The maximum **floor area ratio** permitted on each portion of such **zoning lot** for the applicable type of **building** or **buildings** on such **zoning lot** shall be determined under the applicable regulations of Articles II, III and IV.

Each such **floor area ratio** shall be multiplied by the percentage of the **zoning lot** to which such **floor area ratio** applies. The sum of the products thus obtained shall be the adjusted maximum **floor area ratio** applicable to such **zoning lot**.

In applying this provision, the **floor area** bonus permitted for **publicly accessible open areas** or **arcades**, under the applicable regulations of this Resolution, shall apply only to such **publicly accessible open areas**, **arcades** or portions thereof, as are located in a district in which such bonus is granted.

When a **zoning lot** (with a **height factor** greater than 21) does not have a specified maximum **floor area ratio**, for the purpose of computing the adjusted maximum **floor area ratio**, the **floor area ratio** of such **zoning lot** shall be deemed to be that which can be achieved at the minimum required **open space ratio** for such **zoning lot**.

The **floor area** resulting from application of the adjusted maximum **floor area ratio** may be located anywhere on the **zoning lot**, subject to all other regulations of this Resolution, and provided that the **floor area ratio** for any portion of the **zoning lot** within one district shall not exceed the maximum **floor area ratio**, by **height factor**, if applicable, specified for that district, or the adjusted maximum **floor area ratio** for the **zoning lot**, whichever is greater, except as follows:

- (a) In R3-2 Districts, R4 Districts, except R4A, R4-1 and R4B Districts, R5 Districts, and equivalent **Commercial Districts**, and for **Quality Housing buildings** in R6, R7 and R8 Districts and equivalent **Commercial Districts** outside the **Manhattan Core**, the **residential floor area ratio** of that portion of the **zoning lot** fronting on and within 100 feet of a **wide street** and permitting the greater maximum permitted **residential floor area ratio** may exceed the maximum permitted **residential floor area ratio** for the portion of the **zoning lot** by up to 20 percent, provided that the maximum **residential floor area ratio** for the **zoning lot** does not exceed the adjusted maximum **residential floor area ratio** applicable to such **zoning lot**.
- (b) For portions of **zoning lots** within an R2X, R3-1, R3A, R3X, R4-1, R4A or R4B District not subject to the provisions of Section [77-11](#) (Conditions for Application of Use Regulations to Entire Zoning Lot), the **floor area ratio** for such portion of the **zoning lot** shall not exceed the maximum **floor area ratio** specified for that district.

77-23 - Open Space Ratio

LAST AMENDED
2/2/2011

The **open space** required for such **zoning lot** shall be computed separately for each portion of the **zoning lot** under the applicable regulations of the underlying districts. The total **open space** provided on the **zoning lot** shall not be less than the sum of such required **open space** so computed.

For portions of the **zoning lot** located in districts that have required **open space ratios**, the required **open space** for each such portion is computed by multiplying the **lot area** of that portion, by the maximum **floor area ratio** permitted for the applicable type of **building** or **buildings**, by the minimum **open space ratio** required at that **floor area ratio**, divided by 100.

For portions of the **zoning lot** located in other districts that do not have required **open space ratios** but do have required **open space**, the required **open space** for each such portion is computed by multiplying the **lot area** of that portion, by the minimum percentage of **open space** required, divided by 100.

For portions of the **zoning lot** located in districts that do not have a required **open space ratio** or required **open space**, no **open space** shall be required but any required **yards**, or **publicly accessible open area** provided, for which a **floor area** or **lot area** bonus is taken, shall be in addition to the amount of **open space** required on the remaining portion of the **zoning lot**. No open area may be counted twice in fulfilling these requirements.

The required **open space** may be located anywhere on the **zoning lot** subject to all other regulations of this Resolution and provided that the **open space ratio** for any portion of the **zoning lot** within one district shall not be less than 60 percent of the required **open space ratio** for that district.

77-24 - Lot Coverage

LAST AMENDED
2/2/2011

The maximum percent of **lot coverage** permitted on each portion of a **zoning lot** shall be determined under the applicable regulations of Article II, Chapters 3 and 4.

Each such maximum percent of **lot coverage** shall be multiplied by the **lot area** of the portion of the **zoning lot** to which such percent of **lot coverage** applies. The sum of the areas of **lot coverage** thus obtained shall be the maximum area of **lot coverage** for the **zoning lot**. Such maximum area of **lot coverage**, divided by the **lot area** of the **zoning lot**, shall be the adjusted maximum percent of **lot coverage** for the **zoning lot**.

A **building** whose **lot coverage** does not exceed the adjusted maximum percentage of **lot coverage** may be located anywhere on such **zoning lot** or portion of such **zoning lot**, subject to all other regulations of this Resolution, and provided that the percentage of **lot coverage** for

any portion of the **zoning lot** within one district shall not exceed the maximum percentage of **lot coverage** specified for that district, or the adjusted maximum percentage of **lot coverage** for the **zoning lot**, whichever is greater.

If a **zoning lot** divided by a boundary between two or more districts is partly a **corner lot** and partly an **interior lot** or **through lot**, separate adjusted maximum percentages of **lot coverage** shall be computed for such **corner lot** and for such **interior lot** or **through lot** and applied separately to such **corner lot** and to such **interior lot** or **through lot**, as though each were a separate **zoning lot**. The provisions of this paragraph shall not apply to **zoning lots** located on **waterfront blocks**.

If a **zoning lot** is partly in a district in which there is no maximum permitted percentage of **lot coverage** for the **use**, the provisions of this Section shall apply to such portions of the **zoning lot** as are in a district with a maximum **lot coverage** requirement.

In R2X, R3, R4 or R5 Districts for **residential** portions of **buildings**, each portion of the **zoning lot** shall be governed by the **lot coverage** regulations specified for the district in which it is located as set forth in Article II, Chapter 3.

Wherever a **zoning lot** is divided by a district boundary in which one portion of the **zoning lot** is located in a district having a **lot coverage** requirement and the other portion is located in a district having an **open space ratio** requirement, the required **open space** for the portion having the **open space ratio** requirement shall be computed in accordance with Section [77-23](#) (Open Space Ratio). The inverse of such required **open space** shall be the maximum **lot coverage** permitted on that portion of the **zoning lot**, and may be located anywhere on the **zoning lot** subject to all other regulations of this Resolution.

77-25 - Density Requirements

LAST AMENDED
2/2/2011

Whenever a **zoning lot** is divided by a boundary between districts with different density requirements, the maximum number of **dwelling units** or **rooming units** permitted on the **zoning lot** shall equal the sum of the maximum number of **dwelling units** or **rooming units** permitted for each portion of the **zoning lot** in accordance with the applicable district regulations. Such **dwelling units** or **rooming units** may be located wherever a **building** is permitted on the **zoning lot**. However, for portions of **zoning lots** in R1, R2, R3-1, R3A, R3X, R4-1, R4A, R4B or R5A Districts, no more than one or two **dwelling units** may be provided, as applicable.

77-26 - Minimum Lot Area and Lot Width Requirements for Residences

LAST AMENDED
2/2/2011

The minimum **lot area** and **lot width** regulation applying to the district with the more restrictive regulations shall apply to the entire **zoning lot**.

77-27 - Yard Regulations

LAST AMENDED
2/2/2011

Each portion of the **zoning lot** shall be governed by the **yard** regulations specified for the district in which it is located.

77-28 - Height and Setback Regulations

LAST AMENDED
2/2/2011

For **zoning lots** divided by district boundaries in which all applicable height and setback regulations include the use of **sky exposure planes**, the height and setback regulations of each **street** frontage of the **zoning lot** shall be determined by multiplying the quantitative requirements set forth in the regulations of the Chapters, which are applicable to each portion of such **street** frontage, by the percentage of such **street** frontage to which such regulations apply. The sum of the products obtained shall be the controlling requirements for the **zoning lot**.

In determining the percentage of such **street** frontage, the percentage shall be based on the total frontage of the **zoning lot** along such **street**.

However, if any portion of such **zoning lot** is located within a **Limited Height District**, the provisions of Sections [23-691](#), [24-591](#), [33-491](#) or [43-49](#) (Limited Height Districts) shall apply to such portion of the **zoning lot**.

For all other **zoning lots**, each portion of such **zoning lot** shall be regulated by the height and setback provisions applicable to the district in which such portion of the **zoning lot** is located.

In R2X, R3, R4 or R5 Districts, for **residential** portions of **buildings**, each portion of the **zoning lot** shall be governed by the height and setback regulations specified for the district in which it is located, as set forth in Article II, Chapter 3.

For the purposes of defining a **building** envelope pursuant to

paragraph (b) of Section [23-631](#) (General provisions), apex points may be located on a zoning district boundary which divides a **building**.

Furthermore, if any portion of a **zoning lot** is located in an R2X, R3, R4, R4-1 or R4A District, the height and setback regulations specified for such district may apply to the entire **zoning lot** provided that such district comprises more than 50 percent of such **zoning lot**, and the

greatest distance from the mapped district boundary to any **lot line** of such **zoning lot** in the district in which less than 50 percent of its area is located does not exceed 25 feet. Such distance shall be measured perpendicular to the mapped district boundary.

77-29 - Tower Regulations

LAST AMENDED
2/2/2011

If 50 percent or more of a **zoning lot** is located within a district to which the provisions of Sections [23-65](#), [24-54](#), [33-45](#) or [43-45](#) (Tower Regulations) apply, and the remaining portion of the **zoning lot** is within a district to which such provisions do not apply, any **building** or portion thereof which, in the aggregate, occupies not more than 40 percent or, on small lots, the percentage set forth in Sections [23-65](#), [24-54](#), [33-454](#) or [43-451](#) (Towers on small lots) of the **lot area** of the entire **zoning lot** (which **building** or portion thereof is hereinafter referred to as a tower) may penetrate any applicable established **sky exposure plane**, provided that such tower shall comply with the applicable setback requirements or restrictions on aggregate area that may be occupied within 50 feet of a **narrow street** or 40 feet of a **wide street**, as set forth in Sections [23-65](#), [24-54](#), [33-45](#) or [43-45](#).

If 50 percent or more of a **zoning lot** is located in a district in which the provisions of Sections [33-455](#) (Alternate regulations for towers on lots bounded by two or more streets), [33-456](#) (Alternate setback regulations on lots bounded by two or more streets) or [33-457](#) (Tower setbacks on narrow blocks) apply, and the remaining portion of the **zoning lot** is within a district in which such provisions do not apply, any **building** or any tower that occupies not more than the applicable percent of the **lot area** of a **zoning lot** as set forth in Section [33-455](#) or [33-456](#) and which complies with the applicable setback requirements as set forth in Sections [33-455](#), [33-456](#) or [33-457](#), may penetrate any applicable established **sky exposure plane**.

Subject to the requirements set forth hereinbefore and those specified in Sections [77-22](#) (Floor Area Ratio) and [77-23](#) (Open Space Ratio), such tower may be located anywhere on such **zoning lot**.

77-30 - OFF-STREET PARKING AND LOADING REGULATIONS

LAST AMENDED
12/15/1961

77-31 - General Provisions

LAST AMENDED
12/15/1961

Whenever a **zoning lot** existing on December 15, 1961, or on any applicable subsequent

amendment thereto, is divided by a boundary between districts with different off-street parking or loading regulations, and the provisions of Section [77-11](#) (Conditions for Application of Use Regulations to Entire Zoning Lot) do not apply, the off-street parking and loading regulations may apply as set forth in this Chapter.

77-32 - Districts of Same General Use Class

LAST AMENDED
12/15/1961

When such boundary is between two ***Residence Districts*** or two ***Commercial Districts*** or two ***Manufacturing Districts***, the provisions of this Section shall apply.

77-321 - Provisions governing off-street parking for residences

LAST AMENDED
2/2/2011

The percentage requirements for ***accessory*** off-street parking for ***residences*** applicable to each portion of the ***zoning lot*** shall be multiplied by the percentage of the total ***lot area*** of the ***zoning lot*** to which each such requirement applies. The sum of the products obtained shall be the percentage requirement applicable to ***residences*** on such ***zoning lot***. Such off-street parking spaces may be located anywhere on the ***zoning lot*** without regard to district boundaries, provided that such spaces shall conform to all the other applicable provisions of this Resolution.

77-322 - Provisions governing off-street parking for non-residential uses

LAST AMENDED
2/2/2011

For non-***residential uses***, the requirements for ***accessory*** off-street parking or loading of that district in which more than 50 percent of the total area of the ***zoning lot*** is located, shall apply to the entire ***zoning lot***. The parking spaces or loading berths may be located anywhere on the ***zoning lot*** without regard to district boundaries, provided that such spaces or berths shall conform to all other applicable regulations of this Resolution.

77-33 - Districts of Different General Use Class

LAST AMENDED
12/15/1961

When such boundary is between a ***Residence District*** and a ***Commercial District***, or between a ***Commercial District*** and a ***Manufacturing District***, or between a ***Residence***

District and a **Manufacturing District**, the provisions of this Section shall apply.

77-331 - Use permitted in both districts

LAST AMENDED
12/15/1961

For any **use** which is permitted in both such districts, the applicable requirements for **accessory** off-street parking and loading of that district in which more than 50 percent of the **zoning lot** is located shall apply to the entire **zoning lot**. The parking spaces or loading berths may be located anywhere on the **zoning lot** without regard to district boundaries, provided that such spaces or berths shall conform to all other applicable regulations of this Resolution.

77-332 - Use not permitted in both districts

LAST AMENDED
12/15/1961

For any **use** which is permitted in one such district but not in the other, the applicable district requirements for **accessory** off-street parking and loading shall be satisfied entirely within the district within which such **use** is permitted, provided, however, that:

- (a) the required parking spaces for **residential** or **community facility uses**, or the loading berths for **community facility uses**, may be located on that portion of the **zoning lot** which is in a C8 or **Manufacturing District**;
- (b) the required parking spaces or loading berths for any **commercial use** may be located on that portion of the **zoning lot** which is in a **Manufacturing District**;
- (c) the required parking spaces or loading berths for **manufacturing uses** may be located on that portion of the **zoning lot** which is in a C8 District; and

provided, further, that such spaces or berths shall conform to all other applicable regulations of this Resolution.

77-40 - SUPPLEMENTAL REGULATIONS

LAST AMENDED
4/30/2008

For **buildings developed** or **enlarged** on **zoning lots** in which a district boundary divides the **building** such that the Quality Housing Program applies in one portion of the **building** but not the other, the following Sections of Article II, Chapter 8, shall apply to the entire **building** or **zoning lot**, as applicable:

Section [28-10](#) (BUILDING INTERIOR)

Section [28-20](#) (RECREATION SPACE AND PLANTING AREAS)

Section [28-30](#) (SAFETY AND SECURITY)

Section [28-40](#) (PARKING FOR QUALITY HOUSING).

Where each zoning district has a different recreation space requirement, and/or density of **dwelling units** per corridor standard, the following rule shall apply:

To arrive at one standard for the **building**, each standard shall be multiplied by the percentage of the **zoning lot** to which such standard applies. The sum of the products thus obtained shall be the adjusted standard applicable to the **building**. For any portion of the **zoning lot** in an R3-2, R4 (except R4-1, R4A or R4B), or R5 District, the R6B District standards shall apply.

Chapter 8 - Special Regulations Applying to Large-Scale Residential Developments

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 8 - Special Regulations Applying to Large-Scale Residential Developments

78-00 - GENERAL PURPOSES, DEFINITIONS AND GENERAL PROVISIONS

LAST AMENDED
8/18/1977

78-01 - General Purposes

LAST AMENDED
8/24/1967

The regulations set forth in this Chapter are designed to deal with certain types of problems which arise only in connection with large-scale residential developments and to promote and facilitate better site planning and community planning through modified application of the district regulations in such developments.

For large-scale residential developments involving several zoning lots but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and bulk controls. For such developments, the regulations of this Chapter are designed to allow greater flexibility for the purpose of securing better site planning for development of vacant land and to provide incentives toward that end while safeguarding the present or future use and development of surrounding areas and, specifically, to achieve more efficient use of increasingly scarce land within the framework of the overall bulk controls, to enable open space in large-scale residential developments to be arranged in such a way as best to serve active and passive recreation needs of the residents, to protect and preserve scenic assets and natural features such as trees, streams and topographic features, to foster a more stable community by providing for a population of balanced family sizes, to encourage harmonious designs incorporating a variety of building types and variations in the siting of buildings, and thus to promote and protect public health, safety and general welfare.

78-02 - Definitions

LAST AMENDED
2/2/2011

Words in italics are defined in Section [12-10](#) or, if applicable exclusively to this Chapter, in this Section.

Floor area

For the purposes of this Chapter, in R3, R4 or R5 Districts, ***floor area*** shall be as defined in

Section [12-10](#), except that:

- (a) **floor area** shall not include up to 200 square feet of floor space located in any **story** used for required **accessory** off-street parking spaces within individual garages; and
- (b) within the definition of **floor area** in Section [12-10](#), listed under “**floor area** includes,” paragraph (i)(3) shall not apply, and listed under “**floor area** of a **building** shall not include,” paragraph (6)(ii), shall not apply.

78-03 - Applicability of This Chapter

LAST AMENDED
2/2/2011

Large-scale residential developments are governed by all the **use, bulk**, off-street parking and loading, and other applicable regulations of this Resolution, except for such special provisions as are specifically set forth in this Chapter and apply only to such **large-scale residential developments**. However, the Quality Housing Program is inapplicable in **large-scale residential development**.

Any **large-scale residential development** having a total of at least 500 **dwelling units** shall be subject to the provisions of Section [78-11](#) (General Provisions), relating to Provision of Public Facilities in Connection with Large-Scale Residential Developments.

Large-scale residential developments within the **waterfront area** shall be subject to the provisions of Section [62-132](#) (Applicability of Article VII, Chapters 4, 8 and 9).

78-04 - Powers of the City Planning Commission

LAST AMENDED
8/24/1967

78-041 - Authorization by Commission

LAST AMENDED
8/24/1967

For any **large-scale residential development** for which proposed modifications of the applicable district regulations are limited to those which may be granted in accordance with the provisions of Sections [78-21](#) to [78-23](#), inclusive, relating to Use Regulations, Sections [78-311](#) and [78-313](#) relating to Bulk Regulations, Section [78-41](#) (Location of Accessory Parking Spaces), or Sections [78-51](#) to [78-53](#), inclusive, relating to Subdivision of Large-Scale Residential Developments, the City Planning Commission may grant such modifications in accordance with the provisions of such specified Sections and may prescribe appropriate conditions and safeguards thereon.

78-042 - Special permits

LAST AMENDED
12/18/1969

For **large-scale residential developments** for which proposed modifications of the applicable district regulations include those which may be granted only in accordance with the provisions of Sections [78-312](#) to [78-33](#), inclusive, relating to Bulk Regulations, or Section [78-42](#) (Parking Regulations for Commercial and Community Facility Uses), the City Planning Commission may grant special permits for such modifications in accordance with the applicable provisions of such specified Sections and other sections of this Chapter and may prescribe appropriate conditions and safeguards thereon.

78-043 - Requirements for findings

LAST AMENDED
2/2/2011

The requirements for findings as set forth in this Chapter shall constitute a condition precedent to the grant of any such modification by special permit or otherwise. The decision or determination of the City Planning Commission shall set forth each required finding in each grant of modifications for a **large-scale residential development**. Each finding shall be supported by substantial evidence or data considered by the Commission in reaching its final decision.

78-044 - Contractual agreements

LAST AMENDED
8/24/1967

The City of New York may enter into contractual agreements with the applicant as may be required to assure compliance with the terms and conditions of the modifications granted under the provisions of this Chapter.

78-05 - Requirements for Applications

LAST AMENDED
2/2/2011

An application to the City Planning Commission for an authorization or special permit respecting any **large-scale residential development** shall include a site plan and related schedules showing the location and proposed **use** of all **buildings or other structures** on the site, the location of existing natural features such as important trees or clusters of trees, streams or rock formations, and all information necessary to indicate the authorizations

requested and their justification.

The Commission shall require, where relevant, a time schedule for carrying out the proposed **large-scale residential development**, a financial plan, a subdivision plan and, in the case of a site plan providing for common **open space** or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

78-06 - Ownership

LAST AMENDED
10/10/2013

- (a) Except as otherwise provided in this Section, any **large-scale residential development** for which application is made for an authorization or special permit or modification thereto, in accordance with the provisions of this Chapter, shall be on a tract of land that at the time of application is all under the control of the applicant(s) as the owner(s) or holder(s) of a written option to purchase. Except as otherwise provided in this Section, no authorization or special permit or modification thereto, shall be granted for such **large-scale residential development** unless the applicant(s) acquired actual ownership (single fee ownership or alternate ownership arrangements according to the **zoning lot** definition in Section [12-10](#) for all **zoning lots** comprising the **large-scale residential development**) of, or executed a binding sales contract for, all of the property comprising such tract.
- (b) Notwithstanding the provisions of paragraph (a) of this Section, the following actions shall be permitted:
 - (1) When a **large-scale residential development** is part or all of a designated urban renewal project, the City's urban renewal agency, or a person authorized by such agency, may make application for and may be granted authorizations or special permits under the provisions of this Chapter, even though such **large-scale residential development** does not meet the ownership requirements set forth in paragraph (a) of this Section. All parcels comprising such **large-scale residential development** shall be within the designated urban renewal area and subject to the urban renewal controls set forth in the approved urban renewal plan.
 - (2) In the event that the urban renewal plan has expired, the owner(s) of a vacant parcel(s) within such **large-scale residential development**, if located in a former urban renewal area listed in this paragraph, (b)(2), may make application for and may be granted modifications of authorizations or special permits previously granted under the provisions of this Chapter with respect to such parcel(s), subject to the conditions of paragraph (b)(5) of this Section.

Borough	Community District	Former Urban Renewal Area (URA)
Manhattan	7	West Side URA

- (3) The owner(s) of a developed parcel(s) within a **large-scale residential development** located in a former urban renewal area listed in paragraph (b) (2), where at least 50 percent of such parcel(s) is located within a C1-9 or C2-8 District, may make application for, and may be granted, modifications of authorizations or special permits previously granted under the provisions of this Chapter, in order to utilize available **floor area** for **commercial** or **community facility uses**, subject to the conditions of paragraph (b)(5) of this Section and provided further that:
- (i) no **residential use** existing prior to July 23, 2008, located above the level of the ground floor may be changed to a non-**residential use**;
 - (ii) the **enlarged** portion of the **building** shall be restricted to **community facility uses** and **commercial uses** listed in Use Groups 6A, 6C and 6F, provided that any ground floor **community facility use**, and any bank or loan office shall occupy not more than 25 feet of the **wide street** frontage, measured to a depth of 30 feet from the **wide street line**, and no **community facility use** shall be permitted above the level of the second **story** ceiling;
 - (iii) any **enlargement** fronting upon Columbus or Amsterdam Avenue shall contain a number of establishments, such that the entire **block** front on Columbus or Amsterdam Avenue shall contain no fewer than three establishments, each with a separate entrance on Columbus or Amsterdam Avenue. The Columbus or Amsterdam Avenue frontage of any one such establishment shall not exceed 100 feet;
 - (iv) the ground floor **street wall** of an **enlargement** located within C1-9 or C2-8 Districts shall be glazed with transparent materials which may include **show windows**, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of the area of each such ground floor **street wall**, measured to a height of 12 feet above the level of the adjoining sidewalk or public access area;
 - (v) required **open space** with appropriate circulation, seating, lighting and plantings shall be accessible and usable by all residents of the **large-scale residential development**;
 - (vi) a plan, including elevations, shall be submitted showing the proposed

building(s) and modification, and **open space**; and

- (vii) the **enlargement** enhances the streetscape and the design promotes a harmonious relationship with the existing **buildings** and contiguous **blocks** within the **large-scale residential development**.

In addition, any significant adverse impacts resulting from a **development** or **enlargement** pursuant to such modifications, considered in combination with **developments** or **enlargements** within the former urban renewal area listed in paragraph (b)(2), previously the subject of modifications under this paragraph, (b)(3), shall have been avoided or minimized to the maximum extent practicable by incorporating as conditions to the modification those mitigative measures that have been identified as practicable.

The provisions of paragraphs (b)(3)(ii) and (b)(3)(iii) shall not apply to **enlargements** of **community facility uses** and bank or loan offices existing prior to July 23, 2008, provided that such **enlargement** does not increase existing **street** frontage on Columbus or Amsterdam Avenues by more than 10 feet.

An application filed pursuant to this paragraph, (b)(3), shall be referred to the affected Community Board, and the City Planning Commission shall not grant any modification of an authorization or special permit pursuant thereto prior to 45 days after such referral.

- (4) For any **large-scale residential development** located in the Community District(s) listed in this paragraph, (b)(4), the owner(s) of a vacant parcel(s) may make application for and may be granted modifications of authorizations or special permits previously granted under the provisions of this Chapter with respect to such parcel(s), subject to the conditions of paragraph (b)(5).

Borough	Community District
Queens	7

- (5) Modifications of authorizations or special permits previously granted under the provisions of this Chapter, as permitted in paragraphs (b)(2), (b)(3) and (b)(4) of this Section, shall not:
 - (i) result in the distribution of **floor area** from any **zoning lot** not coextensive with or included within such parcel(s); or
 - (ii) increase the total allowable **floor area** on any **zoning lot** included within such parcel(s) beyond that amount permitted by the applicable district regulations.

Such modifications may include the withdrawal of such parcel(s) from the boundaries of the **large-scale residential development**, provided that such modification would not create a **non-compliance** within the **large-scale residential development**.

- (6) When a **large-scale residential development** is to be **developed** or **enlarged** through assemblage by any other governmental agency, other than the City’s urban renewal agency, or its agent, having the power of condemnation, authorizations or special permits may be applied for and may be granted under the provisions of this Chapter, even though such **large-scale residential development** does not meet the ownership requirements set forth elsewhere in this Section.
- (7) In the event that the urban renewal plan has expired, the owner(s) of a parcel(s) of land previously used as open space for a term of years that has expired within such **large scale residential development**, if located in a former urban renewal area listed in this paragraph, (b)(7), may make application for and be granted modifications of authorizations or special permits previously granted under the provisions of this Chapter, where such modifications do not seek the distribution of **floor area** from any **zoning lot** not included within such parcel(s), for a **development** that includes a **building** and public open space permitted by the applicable district regulations. Such modifications shall result in a site plan that includes a **building** and public open space that are appropriately located and oriented with respect to other uses in the surrounding area.

Borough	Community District	Former Urban Renewal Area (URA)
Manhattan	8	Ruppert Brewery URA

78-07 - Lapse of Authorization or Special Permit

LAST AMENDED
7/18/1995

Any authorization or special permit granted by the City Planning Commission pursuant to this Chapter shall automatically lapse if substantial construction has not been completed as set forth in Section [11-42](#) (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution). For any renewal of such authorization or special permit, the provisions of Section [11-43](#) (Renewal of Authorization or Special Permit) shall apply.

78-10 - PROVISION OF PUBLIC FACILITIES IN CONNECTION WITH LARGE-SCALE RESIDENTIAL DEVELOPMENT

LAST AMENDED
8/24/1967

78-11 - General Provisions

LAST AMENDED
8/24/1967

The following regulations apply to all ***large-scale residential developments*** with a total of at least 500 ***dwelling units***, except duly authorized urban renewal projects, as a condition precedent to the issuance of a building permit.

78-111 - Public facilities report

LAST AMENDED
2/2/2011

Within one month after a request from the Chairperson of the City Planning Commission, the Department of City Planning shall make a report, based upon information from the Department of Education and other appropriate City Departments, on the anticipated effect of the proposed ***large-scale residential development*** on the existing capacity of public ***schools*** or other public facilities serving the area in which the proposed ***large-scale residential development*** is to be located.

78-112 - If no additional public facilities needed

LAST AMENDED
2/2/2011

If the Department of City Planning reports that the proposed ***large-scale residential development*** will not require any significant addition to the public facilities serving the neighborhood, then the requirements of this Section shall be considered to be satisfied.

78-113 - If additional public facilities needed

LAST AMENDED
2/2/2011

If the Department of City Planning reports that the proposed ***large-scale residential development*** can be expected to create a need for one or more new public facilities in the neighborhood, the City Planning Commission may, in its discretion, recommend that a site for

one or more such facilities should be reserved within the site of such proposed ***large-scale residential development***. If the Commission does so recommend, the issuance of a building permit shall be withheld for a period not to exceed three months. In such a case, the requirements of this Section shall be considered to be satisfied:

- (a) if, within a period of less than three months, the developer and the appropriate City officials have agreed on the reservation of such a site or sites, or official proceedings have been initiated to authorize acquisition of such a site or sites, or if necessary to amend the capital budget to include the project as a prerequisite to site acquisition; or
- (b) in any event, at the expiration of the above-mentioned period of three months.

78-20 - USE REGULATIONS

LAST AMENDED
8/24/1967

78-21 - Permitted Uses

LAST AMENDED
1/22/1970

A ***large-scale residential development*** may include within its area any ***residential uses***, ***commercial uses*** or ***community facility uses*** permitted in the district or districts in which it is located. The ***commercial uses*** in these ***Commercial Districts*** shall be restricted to ***uses*** permitted in C1, C2 or C4 Districts.

78-22 - Accessory Uses in Large-Scale Residential Developments

LAST AMENDED
2/2/2011

A ***large-scale residential development*** in a ***Residence District*** may contain as ***accessory uses***, any ***commercial uses*** listed in Use Group 6A or 6F which in the aggregate occupy not more than two percent of the total ***floor area*** in the ***large-scale residential development***, and of which no single establishment occupies more than 15,000 square feet of ***floor area***, provided that upon a review of the site plan, the City Planning Commission finds that such ***commercial uses***:

- (a) will be primarily for the use of the residents of the ***large-scale residential development*** and will provide more convenient shopping for such residents;
- (b) are so located as to minimize interference with ***residential*** or recreational areas within the ***large-scale residential development*** and to avoid creation of traffic congestion or other objectionable influences affecting ***residences*** outside the ***large-scale***

residential development;

- (c) comply with all the applicable ***bulk*** and off-street parking and loading regulations for such ***accessory commercial uses***, as set forth in Article II, Chapters 3 and 5; and
- (d) conform to those provisions of the following Sections which are applicable to ***commercial uses*** in C1 Districts:

Section [32-41](#) (Enclosure Within Buildings)

Section [32-42](#) (Location Within Buildings)

Sections [32-61](#) to [32-68](#), inclusive, relating to Sign Regulations.

78-23 - Other Accessory Uses

LAST AMENDED
4/30/1981

78-231 - Accessory swimming pools

LAST AMENDED
2/2/2011

Swimming pools may be authorized by the City Planning Commission as ***accessory uses*** even though not located on the same ***zoning lots*** as the principal ***uses*** to which they are related, provided that:

- (a) any such swimming pool is located in a common ***open space*** area and as a part of such area meets all the requirements set forth in Section [78-52](#) (Common Open Space);
- (b) the use of such swimming pool is restricted to the residents of the ***large-scale residential development*** or portion thereof served by such common ***open space***, and their guests;
- (c) the edge of such swimming pool is located not less than 50 feet from any ***lot line*** on the periphery of the ***large-scale residential development***, and is suitably screened from other areas on the same or adjacent ***zoning lots***; and
- (d) such swimming pool complies in all other respects with the definition of ***accessory use*** as set forth in Section [12-10](#) (DEFINITIONS).

78-232 - Accessory sewage disposal plants

LAST AMENDED

4/30/1981

In Staten Island, sewage disposal plants to serve not more than 50 ***dwelling units*** may be authorized by the City Planning Commission as ***accessory uses*** to be located anywhere within a ***large-scale residential development*** without regard for ***zoning lot lines***, provided the Commission finds that:

- (a) the sewage disposal plant is located not closer than 100 feet from any ***residential use***;
- (b) the ***large-scale residential development*** is arranged so as to best serve the active and passive recreation needs of the ***residential development***, protect and serve scenic assets and natural features and provide suitable variations in the siting of ***buildings***;
- (c) the sewage disposal plant is adequately landscaped and buffered from all ***residential uses*** on the same or adjacent ***zoning lots***; and
- (d) the proposal promotes and protects the public health, safety and general welfare.

78-24 - Special Permits

LAST AMENDED
2/2/2011

78-241 - Waterfront and related commercial uses

LAST AMENDED
2/2/2011

For any ***large-scale residential development*** in a C4 District, the City Planning Commission may, by special permit, modify applicable district regulations to allow ***uses*** listed in Use Group 14A, not otherwise allowed in such district, provided that:

- (a) the ***uses*** are appropriate for the location and blend harmoniously with the rest of the ***large-scale residential development***; and
- (b) the ***streets*** providing access to such ***uses*** will be adequate to handle the traffic generated thereby.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the ***large-scale residential development***.

78-242 - Location of commercial uses

LAST AMENDED
2/2/2011

For any **large-scale residential development**, the City Planning Commission, by special permit, may allow **residential** and non-**residential uses** to be arranged within a **building** without regard for the regulations set forth in Section [32-42](#) (Location Within Buildings) when terracing is required because of unusual topographic conditions in a **large-scale residential development** having a minimum area of 20 acres.

78-30 - BULK REGULATIONS

LAST AMENDED
8/24/1967

78-31 - Location of Buildings, Distribution of Bulk and Open Space and Modification of Height and Setbacks

LAST AMENDED
2/2/2011

(a) General provisions

For the purposes of this Section, the term "periphery" shall mean any **street line** bounding a **large-scale residential development** or any **lot line** abutting a **zoning lot** that is not part of the **large-scale residential development**. The term "wholly within" shall therefore mean any area of the **large-scale residential development** which is not within the area designated as "periphery." However, in R3-2 Districts, R4 Districts except R4-1, R4A and R4B Districts, or R5 Districts except R5B Districts, the "periphery" shall also include all portions of a **large-scale residential development** within 100 feet of a peripheral **street line** or within 30 feet of any other peripheral **lot line**, except for portions directly opposite:

- (1) an area of at least 1.5 acres in a **Residence District** that is either vacant or **land with minor improvements**; or
- (2) a **large-scale residential development developed** pursuant to the provisions of paragraph (b) of this Section; or
- (3) a **Commercial** or a **Manufacturing District**.

All **buildings or other structures** in the periphery of a **large-scale residential development** shall comply with the height and setback regulations of Article II, Chapter 3, except as otherwise provided in this Section.

Special provisions applying to **large-scale residential developments** in R3, R4 or R5 Districts are set forth in paragraphs (b) and (c) of this Section. The provisions of paragraph (b) shall apply to any **large-scale residential development** in R3-2

Districts, R4 Districts except R4-1, R4A and R4B Districts, or R5 Districts except R5B Districts. The provisions of paragraph (c) shall apply only to **large-scale residential developments** in all R3, R4 or R5 Districts that utilize the bonus provisions of Section [78-32](#) through [78-35](#), inclusive.

(b) Alternate height and setback regulations for certain districts

In R3-2 Districts, R4 Districts except R4-1, R4A and R4B Districts, or R5 Districts except R5B Districts, **buildings or other structures**, or portions thereof, “wholly within” a **large-scale residential development** may use the alternate height and setback regulations set forth in paragraphs (b)(1) through (b)(3) of this Section.

- (1) In R3-2 Districts, the height and setback regulations applicable to R4 Districts, except R4A and R4B Districts, may be used.
- (2) In R4 Districts, no portion of any **building or other structure**, including the apex of a roof, shall penetrate a plane 35 feet in height above the **base plane**.
- (3) In R5 Districts, no portion of any **building or other structure**, including the apex of a pitched roof, shall penetrate a plane 40 feet in height above the **base plane**.

(c) Alternate **floor area** and **open space** regulations in R3, R4 or R5 Districts

In **large-scale residential developments** that utilize the bonus provisions of this Chapter, the **floor area ratio** and the **open space ratio** controls set forth in the following table shall apply in lieu of the **floor area ratio** and **lot coverage** controls of Article II, Chapter 3.

District	Open Space Ratio	Floor Area Ratio
R3	150	.50*
R4	80	.75*
R5	40	1.25

- * The **floor area ratio** in the table may be increased by up to 20 percent provided that any such increase in **floor area** is located under a sloping roof which rises at least three and one-half inches in vertical distance per each foot of horizontal distance and the structural headroom of such **floor area** is between five and eight feet. Any such additional **floor area** under a sloped roof shall not be used to compute the **open space ratio**

- (d) Authorizations may be granted for **buildings** to be located, **bulk** and **open space** distributed, and height and setback modified, in accordance with the provisions of this Section.
- (e) In R9, R10, C1-8, C1-9, C2-7 or C2-8 Districts, or in C1 or C2 Districts mapped within R9 or R10 Districts, **floor area** bonuses for **public plazas** or **arcades** permitted in accordance with the applicable district regulations shall apply only to a **development** or **enlargement** with 25 percent or less of the total **floor area** of the **building** in **residential use**.
- (f) Alternate window to **lot line** regulations for a **zoning lot** directly adjoining a **public park**

In R7-1 and R8 Districts within a **large-scale residential development** in Community District 6 in the Borough of the Bronx, the required minimum distance between a **legally required window** and a **lot line**, as set forth in Section [23-86](#) (Minimum Distance Between Legally Required Windows and Walls or Lot Lines), inclusive, shall not apply where a **legally required window** is fronting upon a **public park** with an area of at least one-half acre.

78-311 - Authorizations by the City Planning Commission

LAST AMENDED
2/2/2011

When a **large-scale residential development** includes, or will include after subdivision, two or more **zoning lots**, the City Planning Commission may authorize:

- (a) the total **floor area**, **lot coverage**, **dwelling units** or **rooming units** permitted by the applicable district regulations for all **zoning lots** within the **large-scale residential development** to be distributed without regard for **zoning lot lines**;
- (b) the total **open space** required by the applicable district regulations for all **zoning lots** within the **large-scale residential development** to be distributed without regard for **zoning lot lines**, except that where subdivision is authorized in accordance with the provisions of Section [78-51](#) (General Provisions), the Commission, in authorizing such distribution may allow reductions in the minimum required **open space** on individual **zoning lots** only where adequate provision is made for common **open space** to serve such lots.

If the required **open space** on the roof of a **community facility building** has an equivalent access arrangement acceptable to the Commission, it may authorize modification of requirements set forth in paragraph (b) of the **open space** definition in Section [12-10](#);

- (c) for **zoning lots** adequately served by common **open space**, the minimum required **lot area** as set forth in Section [23-32](#) (Minimum Lot Area or Lot Width for Residences) to

be reduced, provided that any **residence** for which the minimum required **lot area** is so reduced shall be separated from all other **buildings** on the same or adjacent **zoning lots** by a distance consistent with the provisions of Section [23-71](#) (Minimum Distance Between Buildings on a Single Zoning Lot), or in cases where at least one of the **buildings** is a one-family or two-family **detached** or **semi-detached** house, rowhouse, or series of rowhouses, by a lesser distance to be determined by the Commission;

- (d) the location of **buildings** without regard for **yard** regulations which would otherwise apply along portions of **streets** or **lot lines** “wholly within” the **large-scale residential development** provided that any **building** for which required **rear** or **side yards** are reduced shall be separated from all other **buildings** with which it does not share a party wall, on the same or adjacent **zoning lots**, by a distance consistent with the provisions of Section [23-71](#) or, in cases where at least one of the **buildings** is a single-family or two-family **detached** or **semi-detached** house, rowhouse or series of rowhouses, by a lesser distance to be determined by the Commission, where the location of the **buildings** will not be detrimental to the privacy of the occupants of the **buildings** on the **block**;
- (e) the location of **buildings** without regard for the height and setback regulations which would otherwise apply along portions of **streets** “wholly within” the **large-scale residential development** or along **side** or **rear lot lines abutting** other **zoning lots** within the **large-scale residential development**, provided that any **building** for which required rear or side setbacks are reduced shall be separated from all other **buildings** with which it does not share a party wall, on the same or adjacent **zoning lots**, by a distance consistent with the provisions of Section [23-71](#);
- (f) the location of primary business entrances, **show windows** or **signs** along frontages which are adjacent only to other **zoning lots** within the **large-scale residential development**, without regard to restrictions applicable near **Residence District** boundaries, for the purpose of achieving better site planning and community planning;
- (g) special directional **signs** and their location and design within a **large-scale residential development** comprising an area of at least five acres provided that their construction would result in better pedestrian and vehicular circulation. The Commission shall in each case give due consideration to the effect of such **signs** on the surrounding residential area and may impose appropriate conditions and safeguards;
- (h) the location of **buildings** on a single **zoning lot** without regard for spacing between **buildings**, provided that the resultant spacing will not be reduced beyond an amount considered appropriate by the Commission and in no case by more than 15 percent of that required by Section [23-71](#).

For that portion of a **large-scale residential development** located in an R6 District, the Commission may authorize the permitted **floor area ratio** and required **open space ratio** to be determined on the basis of a **height factor** which is different than the actual **height factor** of such portion of the **large-scale residential development**, for the purpose of achieving

better site planning and community planning.

When subdivision is authorized in accordance with the provisions of Section [78-51](#) and satisfactory provision is made for common **open space**, the Commission may consider such common **open space** in determining to what extent, if any, modifications of the **yard** regulations are justified.

For any **large-scale residential development**, the City Planning Commission may, upon application, authorize in R3, R4 and R5 Districts, modifications of the height and setback regulations set forth in Section [23-631](#) and paragraph (b) of Section [78-31](#) for **buildings** “wholly within” the **large-scale residential development** for the purposes of introducing variety or preserving natural features or view corridors.

78-312 - Special permits by the City Planning Commission

LAST AMENDED
2/2/2011

For any **large-scale residential development**, the City Planning Commission may permit:

- (a) the total **floor area, lot coverage, dwelling units** or **rooming units** permitted by the applicable district regulations or by Sections [78-32](#) (Bonus for Good Site Plan) or [78-33](#) (Bonus for Common Open Space) for all **zoning lots** within the **large-scale residential development** to be distributed without regard for **zoning lot lines**;
- (b) the total **open space** required by the applicable district regulations or by Sections [78-32](#) or [78-33](#) for all **zoning lots** within the **large-scale residential development** to be distributed without regard for **zoning lot lines** except that where subdivision is authorized in accordance with the provisions of Section [78-51](#) (General Provisions), the Commission, in authorizing such distribution may allow reductions in the minimum required **open space** on individual **zoning lots** only where adequate provision is made for common **open space** to serve such lots;
- (c) minor variations in required **front** or **rear yards** on the periphery of such **large-scale residential development** for the purpose of introducing variety or preserving natural features;
- (d) in R1, R2, R6, R7, R8, R9 or R10 Districts, minor variations in the front height and setback regulations on the periphery of such **large-scale residential development** for the purpose of introducing variety, preserving natural features, or providing for improved access of light and air, but within the general purpose and intent of the height and setback regulations. In R3, R4 or R5 Districts, the Commission may modify the height and setback regulations set forth in Section [23-631](#) and paragraph (b) of Section [78-31](#), on the periphery of such **large-scale residential development**, for the purposes of introducing variety, providing a transition in neighborhood scale between the **large-scale residential development** and surrounding **buildings**, preserving

natural features or view corridors, or improving the access of light and air;

- (e) variations in the location of primary business entrances, **show windows**, and **signs** along frontages adjacent to **zoning lots** outside the **large-scale residential development**, without regard to restrictions applicable near **Residence District** boundaries, for the purpose of achieving better site planning and community planning. However, in no event shall the Commission allow such primary business entrances, **show windows** or **signs** to be located within 10 feet of the **Residence District** boundary; and
- (f) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section [23-71](#) (Minimum Distance Between Buildings on a Single Zoning Lot) and may authorize modifications of the spacing required by paragraphs (c), (d), (e) and (h) of Section [78-311](#) (Authorizations by the City Planning Commission).

78-313 - Findings

LAST AMENDED
10/25/1993

As a condition precedent to the granting of authorizations under the provisions of Section [78-311](#) (Authorizations by the City Planning Commission) or a special permit under the provisions of Section [78-312](#) (Special permits by the City Planning Commission), the Commission shall make the following findings:

- (a) that such modifications will aid in achieving the general purposes and intent of this Chapter as set forth in Section [78-01](#) (General Purposes);
- (b) that such distribution of **floor area**, **dwelling units**, **rooming units**, **open spaces**, locations of **buildings**, or location of primary business entrances, **show windows** or **signs** will permit better site planning and will thus benefit both the residents of the **large-scale residential development** and the City as a whole;
- (c) that such distribution or location will not unduly increase the **bulk** of **buildings**, density of population, or intensity of **use** in any **block**, to the detriment of the occupants of **buildings** in the **block** or nearby **blocks**;
- (d) that such distribution or location will not affect adversely any other **zoning lots** outside the **large-scale residential development** by restricting access to light and air or by creating traffic congestion;
- (e) where portions of the total required **open space** are pooled in common **open space** areas or common parking areas, that such common areas will, by location, size, shape and other physical characteristics, and by their relationship to surrounding development and the circulation system, permit realization of the full community service of advantages for which such pooled areas are designed;

- (f) where one or more **zoning lots** in the **large-scale residential development** do not **abut** mapped **streets**, that suitable private access to mapped **streets** will be provided conforming to standards which will ensure adequate circulation and make adequate provision for public services; and
- (g) the modification of height and setback will not impair the essential character of the surrounding area and will not have adverse effects upon the access to light, air and privacy of adjacent properties.

78-32 - Bonus for Good Site Plan

LAST AMENDED
2/2/2011

In R1-2, R2 or R3-1 Districts, including **Commercial Districts** mapped within such **Residence Districts**, for any **large-scale residential development**, the City Planning Commission, by special permit, may allow the **open space ratio** otherwise required for the **large-scale residential development** as a whole and for individual **zoning lots** therein to be reduced by not more than 10 percent, may allow the maximum number of **dwelling units** to be increased by not more than five percent, and may allow the maximum **residential floor area ratio** to be increased by not more than 7.5 percent, if the Commission finds that throughout the **large-scale residential development** the site plan provides a significantly better arrangement of the **buildings** in relation to one another and to their sites from the standpoints of privacy, access of light, organization of private **open spaces** and preservation of important natural features than would be possible or practical for a development comprised of similar types built in strict compliance with the applicable district regulations.

78-33 - Bonus for Common Open Space

LAST AMENDED
2/2/2011

In R3-1 Districts, including **Commercial Districts** mapped within such **Residence Districts**, for any **large-scale residential development**, the City Planning Commission, by special permit, may allow the **open space ratio** otherwise required for such **large-scale residential development** as a whole to be reduced by not more than 20 percent, may allow the maximum number of **dwelling units** to be increased by not more than 10 percent and may allow the maximum **residential floor area ratio** to be increased by not more than 15 percent, provided that:

- (a) at least one acre or 20 percent of the total **open space**, whichever is more, is provided in common areas meeting the requirements of Section [78-52](#) (Common Open Space) and not used for off-street parking;
- (b) the **large-scale residential development** qualifies for a bonus in accordance with the provisions of Section [78-32](#); and

- (c) the Commission makes the findings required in Section [78-32](#) and in paragraph (e) of Section [78-313](#) (Findings).

Such authorizations shall be instead of, rather than in addition to, those which would be allowable under the provisions of Section [78-32](#).

78-34 - Special Permit Provisions for Certain Large-scale Developments

LAST AMENDED
2/2/2011

In R3-2, R4 and R5 Districts, or in **Commercial Districts** in which **residential buildings** are governed by the **bulk** regulations of such **Residence Districts**, for any **large-scale residential development**, the City Planning Commission, by special permit, may make modifications in the **open space ratio**, **residential floor area ratio** and density regulations, pursuant to the provisions of Section [78-35](#) (Special Bonus Provisions), if the Commission finds that:

- (a) throughout the **large-scale residential development** the site plan provides a significantly better arrangement of the **buildings** in relation to one another and to their sites from the standpoints of privacy, access of light, organization of private **open spaces** and preservation of important natural features to a greater degree than would be possible or practical for a development composed of similar types built in strict compliance with the applicable district regulations;
- (b) the public facilities and utilities in the area are adequate to meet the needs of the **large-scale residential development** or that needed additional facilities will be provided as a part of the **large-scale residential development** by the developer or owner;
- (c) the **large-scale residential development** complies with the provisions of Section [78-351](#) (Common open space and good site plan); and
- (d) a **large-scale residential development** having an area of four acres or more complies with the provisions of Section [78-352](#) (Bonus for community facility space).

If the Commission determines that a proposed **large-scale residential development** containing not more than 250 **dwelling units** does not require **community facility** space, finding (d) shall be waived and the provisions of Section [78-352](#) made inapplicable. In making its determination, the Commission shall give due consideration to a recommendation from the Community Board within which the proposed **large-scale residential development** is located.

If a site for a fire or police station is provided within the Community District in which a **large-scale residential development** is to be located, which site has been donated in fee to the City, selected as a site pursuant to Section 218 (Site Selection) of the New York City Charter and, if applicable, approved under the provisions of Section [74-67](#) (Fire or Police Stations), the Commission may waive finding (d), provided that the **community facility** requirements

contained in Section [78-352](#) are determined to be unnecessary.

Any **large-scale residential development** which qualifies for a bonus in accordance with this Section and the applicable provisions of Section [78-35](#) shall be eligible for any modifications permitted under Sections [78-311](#) (Authorizations by the City Planning Commission) or [78-312](#) (Special permits by the City Planning Commission) provided the findings of Section [78-313](#) (Findings) are satisfied.

78-35 - Special Bonus Provisions

LAST AMENDED
3/8/1973

78-351 - Common open space and good site plan

LAST AMENDED
2/2/2011

The provisions of this Section shall not apply to any **zoning lot** subdivided to under four acres after January 1, 1972, nor to any **large-scale residential development** for which authorization has been granted by the City Planning Commission prior to July 31, 1972.

In R3-2 or R4 Districts, or in **Commercial Districts** in which **residential buildings** are governed by the **bulk** regulations of such **Residence Districts**, for any **large-scale residential development** which complies with the requirements of Section [78-34](#) (Special Permit Provisions for Certain Large-scale Developments), the permitted **residential floor area ratio**, required **open space ratio** and density regulations for the **large-scale residential development** as a whole may be modified as set forth in this Section. At least 25 percent of the total required **open space** is to be provided in common areas meeting the requirements of Section [78-52](#) (Common Open Space). No portion of such common **open space** is to be used for driveways or off-street parking. The findings required in paragraph (e) of Section [78-313](#) (Findings) are to be satisfied.

District	Maximum Floor Area Ratio	Minimum Open Space Ratio
R3-2	.60	125.0
R4	1.00	66.5

The maximum number of **dwelling units** shall equal the total **residential floor area** permitted divided by the applicable factor in Section [23-20](#) (DENSITY REGULATIONS).

In R5 Districts, or in **Commercial Districts** in which **residential buildings** are governed by the

bulk regulations of such **Residence Districts**, at least 25 percent of the total required **open space** is to be provided in common areas that meet the requirements of Section [78-52](#). No portion of such common **open space** is to be used for driveways or off-street parking. All findings required in paragraph (c) of Section [78-313](#) are to be satisfied.

78-352 - Bonus for community facility space

LAST AMENDED
2/2/2011

In R3-2, R4 and R5 Districts, or in **Commercial Districts** in which **residential buildings** are governed by the **bulk** regulations of such **Residence Districts**, for any **large-scale residential development** which complies with the provisions of Section [78-34](#) (Special Permit Provisions for Certain Large-scale Developments), the permitted **residential floor area ratio**, required **open space ratio**, and required **floor area** per **dwelling unit** for the **large-scale residential development** as a whole may be modified as set forth in this Section, provided floor space for **community facility use** and/or a program for improvement and maintenance for parks not included in the City capital budget is provided as required in paragraph (b) of this Section.

- (a) Permitted **Floor Area Ratio** and Required **Open Space Ratio**:

District	Maximum Floor Area Ratio	Minimum Open Space Ratio
R3-2	.70	102.0
R4	1.15	54.7
R5	1.45	37.7

The maximum number of **dwelling units** shall equal the total **residential floor area** permitted divided by the applicable factor in Section [23-20](#) (DENSITY REGULATIONS).

- (b) There shall be at least 15 square feet of **community facility** floor space for each **dwelling unit** within the **large-scale residential development** and/or a substantial park area located adjacent to or within a reasonable distance from the **large-scale residential development**. Such space shall be used for **schools** where the need is certified by the Board of Education and where the Board agrees to lease such space at no cost. Otherwise such space shall be allocated for one or more **uses** as specified in this Section where the need for such space has been certified by the City Planning

Commission and a City Department agrees to lease such space at no cost. If such certification and agreement are not obtained in either case, the Commission shall approve any private **community facility** proposed to be rented or maintained by the developer, or the homeowners' association or other entity owning the common elements of the **large-scale residential development**. In no case shall the size of an individual **use** be less than the amount set forth in this Section.

Community Facility	Size (in square feet)
Day care center	3,000
Ambulatory care center	10,000
Library	7,500
Senior citizen center	3,750
Community center	2,000
Indoor recreation center	2,000

In the case of a program for improvement and/or maintenance for parks which is eligible for a bonus pursuant to this Section, comparable improvements and maintenance costs for an equivalent amount of the required **community facility** space shall be incurred.

- (c) In no event shall the total **floor area** for any **development** constructed pursuant to the Provisions Section exceed the maximum **floor area ratio** for **community facility uses** permitted by the applicable district regulations.

78-353 - Bonus for enclosed parking

LAST AMENDED
2/2/2011

In R4 or R5 Districts, or in **Commercial Districts** in which **residential buildings** are governed by the **bulk** regulations of such **Residence Districts**, for any **large-scale residential development** which complies with the provisions of Section [78-34](#) (Special Permit Provisions for Certain Large-scale Developments), the permitted **residential floor area ratio** may be increased over the amount earned by other provisions of Section [78-35](#) (Special Bonus Provisions) and the required **open space ratio** for the **large-scale residential development**

as a whole correspondingly decreased as set forth in this Section provided that at least two-thirds of the required off-street parking is enclosed.

District	Increase in <i>Floor Area Ratio</i>	Decrease in <i>Open Space Ratio</i>
R4	.25	14.5
R5	.25	10.0

For any ***large-scale residential developments*** comprising ***buildings*** of not more than four ***stories*** receiving a bonus under this Section, the Commission may modify where appropriate the requirements of Section [23-12](#) (Permitted Obstructions in Open Space), paragraph (e).

78-40 - OFF-STREET PARKING REGULATIONS

LAST AMENDED
8/24/1967

78-41 - Location of Accessory Parking Spaces

LAST AMENDED
2/2/2011

When a ***large-scale residential development*** includes, or will include after subdivision, two or more ***zoning lots***, the City Planning Commission may, upon application, authorize permitted or required ***accessory*** off-street parking spaces or bicycle parking spaces to be located anywhere within the ***large-scale residential development*** without regard for ***zoning lot lines***, provided that in each case the Commission shall make the following special findings:

- (a) that such off-street parking spaces or bicycle parking spaces will be conveniently located in relation to the ***use*** or ***uses*** to which such spaces are ***accessory***;
- (b) that such location of the off-street parking spaces or bicycle parking spaces will permit better site planning and will thus benefit both the owners, occupants, employees, customers, residents or visitors of the ***large-scale residential development*** and the City as a whole; and
- (c) that such location of the off-street parking spaces or bicycle parking spaces will not increase the number of spaces in any single ***block*** or the traffic drawn through any one or more of the nearby local ***streets*** in such measure as to affect adversely other ***zoning lots*** outside the ***large-scale residential development*** or traffic conditions in the surrounding area.

Whenever required off-street parking spaces or bicycle parking spaces are authorized to be located without regard for **zoning lot lines** in accordance with the provisions of this Section, the number of spaces required for each **building** or **use** shall be kept available for such **building** or **use** throughout its life. Whenever any **zoning lot** within such a **large-scale residential development** is subdivided into two or more **zoning lots**, such subdivision shall be subject to the provisions of Section [78-51](#) (General Provisions).

78-42 - Parking Regulations for Commercial and Community Facility Uses

LAST AMENDED
2/2/2011

For **large-scale residential developments** in R3-2, R4, R5, R6, R7, R8, R9 or R10 Districts, or in **Commercial Districts** in which **residences** are governed by the **bulk** regulations of R3-2, R4, R5, R6, R7, R8, R9 or R10 Districts, the City Planning Commission may, by special permit, waive the requirements for off-street parking spaces **accessory** to any **commercial** or **community facility use** included in such **large-scale residential development** and intended primarily for the use of its residents.

78-43 - Modification for Open Space Requirements in Large-scale Developments

LAST AMENDED
2/2/2011

For all **large-scale residential developments** in R5, R6, R7, R8 or R9 Districts, or in **Commercial Districts** in which **residences** are governed by the **bulk** regulations of such **Residence Districts**, the City Planning Commission may modify the requirement for **open space** as set forth in the definition of **open space** in Section [12-10](#) (DEFINITIONS) by allowing parking space on the roofs of parking garages not **abutting** another **building** and not more than 23 feet in height above **curb level**, to count as **open space** and by not requiring connections from such roofs to ground level by exterior passageways or ramps, provided that the following findings are made:

- (a) that the total area occupied by driveways, private streets, or open **accessory** off-street parking spaces in all areas claimed as common or private **open space** throughout the **large-scale residential development** shall not exceed 40 percent of the total required **open space** for the **large-scale residential development**; and
 - (b) that such arrangement and use of **open space** results in better site planning and community planning.
-

78-44 - Modification of Curb Cut Regulations

LAST AMENDED
2/2/2011

The City Planning Commission may, upon application, authorize modification of the requirements set forth in Section [25-631](#) (Location and width of curb cuts in certain districts), provided the Commission finds that the proposed location and width of curb cuts:

- (a) results in a more efficient traffic circulation system;
- (b) permits better site planning; and
- (c) does not unduly increase the amount of traffic on nearby local **streets** so as to adversely affect **zoning lots** outside the **large-scale residential development**.

78-50 - SUBDIVISION OF LARGE-SCALE RESIDENTIAL DEVELOPMENTS

LAST AMENDED
8/24/1967

78-51 - General Provisions

LAST AMENDED
2/2/2011

A **large-scale residential development** may be subdivided before, during or after **development** into two or more **zoning lots** which may be in different ownerships, provided that either:

- (a) all resulting **zoning lots** and all **buildings** thereon comply with all the applicable regulations of this Resolution;
- (b) such subdivision conforms to a subdivision plan which was included as part of the application for authorizations or special permits under the provisions of this Chapter and whose execution has been authorized in the grant of such authorizations or special permits; or
- (c) such subdivision is made necessary by forced sale or foreclosure of a portion of such **large-scale residential development**, but can be accommodated to any authorization or special permit granted pursuant to the provisions of this Chapter.

All **zoning lots** resulting from such subdivisions shall be subject to all the applicable regulations of this Resolution or, in the case of a **large-scale residential development** for which any modifications were granted in accordance with the provisions of this Chapter, shall be subject to the terms, conditions and limitations of the **large-scale residential development** plan as approved.

In any subdivision of a **large-scale residential development** for which such modifications were granted, covenants running with the land which shall permit of public or private enforcement, reflecting the terms, conditions and limitations of the **large-scale residential development** plan, as approved, shall be incorporated in the deed to each parcel conveyed.

Such subdivision may result in commonly or separately owned common **open space** or common parking areas, as set forth in Sections [78-52](#) (Common Open Space) or [78-53](#) (Common Parking Areas).

78-52 - Common Open Space

LAST AMENDED
2/2/2011

An area designated on the site plan of a **large-scale residential development** as "common **open space**" and on the subdivision plan as an area to be held in separate ownership for the use and benefit of residents occupying specified **zoning lots** shown on such subdivision plan may be approved as part of such subdivision plan, provided that it meets the following requirements:

- (a) it shall be conveniently accessible to all residents of **zoning lots** for which it is intended to satisfy the **open space** requirements;
- (b) it shall be made available in its improved state as set forth on the site plan in accordance with an approved time schedule;
- (c) it shall be maintained in accordance with an approved maintenance plan specifying what such maintenance shall consist of, whose responsibility it shall be, and assuring satisfactory execution of maintenance;
- (d) provisions to ensure its continuing availability shall be included in the covenants to be incorporated in the deed to each parcel to be served by such common **open space**;
- (e) it shall be entirely at natural grade level or at the principal level of pedestrian circulation in adjacent areas;
- (f) it may contain only such obstructions as are specifically permitted under the provisions of Section [23-12](#) (Permitted Obstructions in Open Space) or minor **accessory** structures, and the total area occupied by driveways, private streets or open **accessory** off-street parking spaces in all areas claimed as common or private **open space** throughout the **large-scale residential development**, shall not exceed 50 percent of the total required **open space** for the **large-scale residential development**, and
- (g) such **open space** shall include both active and passive recreation space providing a range of recreational facilities and activities appropriate to the occupants of the **large-scale residential development**. Such space shall be physically and visually

accessible to the occupants and shall be screened from unsuitable areas. Passive recreation space shall be landscaped and shall be located in areas other than access and egress spaces. Active recreation facilities, such as play equipment, court game facilities, or ball fields, shall be designed to provide the maximum possible area appropriate to the size of the ***large-scale residential development***.

The approval of a subdivision plan which includes common ***open space*** shall be conditioned upon a finding that these requirements are met.

78-53 - Common Parking Areas

LAST AMENDED
2/2/2011

An area designated on the site plan of a ***large-scale residential development*** as "common off-street parking area" and on the subdivision plan as an area to be held in separate ownership for use by the occupants or visitors of specified ***zoning lots*** shown on such subdivision plan may be approved as part of such subdivision plan, provided that it shall meet the following requirements:

- (a) it shall be made available in its improved state as set forth in the site plan in accordance with an approved time schedule;
- (b) it shall be maintained in accordance with an approved maintenance plan specifying what such maintenance shall consist of, whose responsibility it shall be, and assuring satisfactory execution of maintenance; and
- (c) provisions to ensure its continuing availability shall be included in the covenants to be served by such common off-street parking area.

The approval of a subdivision plan which includes common off-street parking areas shall be conditioned upon a finding that these requirements are met.

79-00 - DEFINITIONS

LAST AMENDED
11/19/1987

Words in italics are defined in Section [12-10](#) (DEFINITIONS) or, if applicable exclusively to this Chapter, in this Section.

79-10 - GENERAL PROVISIONS

LAST AMENDED
8/24/1967

79-11 - Applicability of This Chapter

LAST AMENDED
2/2/2011

Large-scale community facility developments are governed by all the ***use, bulk***, off-street parking and loading, and other applicable regulations of this Resolution, except for such special provisions as are specifically set forth in this Chapter. Such special provisions are designed to deal with problems which arise only in connection with ***large-scale community facility developments*** and apply only to such ***large-scale community facility developments*** as set forth herein.

Large-scale community facility developments within the ***waterfront area*** shall be subject to the provisions of Section [62-132](#) (Applicability of Article VII, Chapters 4, 8 and 9).

79-12 - Permitted Uses

LAST AMENDED
1/25/1968

A ***large-scale community facility development*** may include within its area any ***community facility uses, residential uses*** or ***commercial uses*** permitted in the district or districts in which it is located.

79-20 - BULK REGULATIONS

LAST AMENDED
8/24/1967

79-21 - General Provisions

LAST AMENDED
2/2/2011

When a **large-scale community facility development** includes two or more **zoning lots** which are contiguous or would be contiguous but for their separation by a **street**, the City Planning Commission may, in appropriate cases, upon application, authorize the permitted **floor area, lot coverage, dwelling units or rooming units**, or the required **open space** for all **zoning lots** within the **large-scale community facility development**, to be distributed without regard for **zoning lot lines**, may modify the minimum required distance between **buildings** as set forth in Section [23-70](#) (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT), provided such reduction does not exceed 15 percent of that required by Section [23-71](#), may authorize the location of **buildings** without regard for **front yard** or height and setback regulation which would otherwise apply along portions of **streets** wholly within the **large-scale community facility development** and, further, may authorize the location of **community facility buildings** without regard to **side or rear yard** regulations which would otherwise apply along portions of **lot lines abutting** other **zoning lots** within the **large-scale community facility development**.

As a condition of granting such authorizations, in each case the Commission shall make the following special findings:

- (a) that such distribution or location will permit better site planning and will thus benefit both the residents, occupants or users of the **large-scale community facility development** and the City as a whole;
- (b) that such distribution or location will not unduly increase the **bulk** of **buildings** in any **block**, to the detriment of the occupants or users of **buildings** in the **block** or nearby **blocks**; and
- (c) that such distribution or location will not affect adversely any other **zoning lots** outside the **large-scale community facility development** by restricting access to light and air or by creating traffic congestion.

In R9, R10, C1-8, C1-9, C2-7 or C2-8 Districts, or in C1 or C2 Districts mapped within R9 or R10 Districts, **floor area** bonuses for **public plazas or arcades** permitted in accordance with the applicable district regulations shall apply only to a **development or enlargement** with 25 percent or less of the total **floor area** of the **building** in **residential use**.

In R9, R10, C1-8, C1-9, C2-7 or C2-8 Districts, or in C1 or C2 Districts mapped within R9 or R10 Districts, no existing **publicly accessible open area, arcade** or other public amenity, open or enclosed, for which a **floor area** bonus has been received pursuant to regulations prior to February 9, 1994, shall be eliminated or reduced in size except by special permit, pursuant to Section [74-761](#) (Elimination or reduction in size of bonused public amenities).

79-30 - PARKING REGULATIONS

LAST AMENDED
8/24/1967

79-31 - Location of Parking Spaces

LAST AMENDED
2/2/2011

When a ***large-scale community facility development*** includes two or more ***zoning lots***, the City Planning Commission may, upon application, authorize permitted or required ***accessory*** off-street parking spaces or bicycle parking spaces to be located anywhere within the ***large-scale community facility development*** without regard for ***zoning lot lines***, provided that in each case the Commission shall make the following special findings:

- (a) that such off-street parking spaces or bicycle parking spaces will be conveniently located in relation to the ***use*** or ***uses*** to which such spaces are ***accessory***;
- (b) that such location of the off-street parking spaces or bicycle parking spaces will permit better site planning and will thus benefit both the owners, occupants, employees, customers, residents or visitors of the ***large-scale community facility development*** and the City as a whole; and
- (c) that such location of the off-street parking spaces or bicycle parking spaces will not increase the number of spaces in any single ***block*** or the traffic drawn through any one or more of the nearby local ***streets*** in such measure as to affect adversely other ***zoning lots*** outside the ***large-scale community facility development*** or traffic conditions in the surrounding area.

Whenever required off-street parking spaces or bicycle parking spaces are authorized to be located without regard for ***zoning lot lines*** in accordance with the provisions of this Section, the number of spaces required for each ***building*** or ***use*** shall be kept available for such ***building*** or ***use*** throughout its life.

79-32 - Location of Loading Berths

LAST AMENDED
2/2/2011

When a ***large-scale community facility development*** includes two or more ***zoning lots***, the City Planning Commission may, upon application, authorize permitted required ***accessory*** loading berths to be located anywhere within the ***large-scale community facility development*** without regard for ***zoning lot lines***, provided that in each case the Commission shall make the following special findings:

- (a) that such loading berths will be appropriately located in relation to the **use** or **uses** to which such berths are **accessory** so as to permit better site planning and will thus benefit the owners, occupants, employees, residents or visitors to the **large-scale community facility development** and the City as a whole;
- (b) that such loading berths will be accessible to all the **uses** in the **large-scale community facility development** without the need to cross any **wide street** at grade;
- (c) that the location of such loading berths will not unduly affect the movement of pedestrians or vehicles on the **streets** within or surrounding such **large-scale community facility development**; and
- (d) that the loading berths comply with all other applicable district regulations.

79-40 - SPECIAL PERMIT PROVISIONS

LAST AMENDED
7/19/1973

79-401 - Special permit for development over streets

LAST AMENDED
2/2/2011

In a **large-scale community facility development** containing **schools**, hospitals or functionally related facilities in R6 or R7-1 Districts, in C1 or C2 Districts mapped within such **Residence Districts**, when the air space above a **narrow street** or portion thereof is closed and demapped, the City Planning Commission may, by special permit, allow the demapped air space to be considered as part of the adjoining **zoning lots** constituting a single **zoning lot**, and may allow within such demapped air space the **development** or **enlargement** of a **building** which is a necessary expansion of an existing **school**, hospital or functionally related facility located on adjoining **zoning lots**. As a condition for granting a permit for such **building**, or portion thereof, within the demapped air space, the Commission shall find:

- (a) that there is a Master Plan for institutional development which demonstrates that the **building** over the **street** is necessary to avoid or minimize demolition of existing facilities, or **buildings designed for residential use**, and expansion on existing **zoning lots** owned by the **community facility** is not feasible to meet its expansion needs;
- (b) that the location of such **building**, or portion thereof, will not impair the existing residential character of the area;
- (c) that such **building**, or portion thereof, utilizes only unused **floor area** from adjoining **zoning lots** and no **floor area** credit is received from the demapped air space, and such **building** complies with the off-street parking and loading requirements of the

underlying district or districts;

- (d) that such **building**, or portion thereof, is contained entirely within the buildable area of the air space plane as defined in this Section, conforms with the height and setback regulations set forth in this Section, is no more than 200 feet in length and is the only such **building** on a **block** front;
- (e) that such **building**, or portion thereof, links the **zoning lots** across the **street**, in the same ownership, with adequate clearance above the **street** bed, and there is no intrusion on the existing **street**, including column supports;
- (f) that all **street** frontages of the **zoning lots** under such **building**, or portion thereof, are provided with fenestration or natural light along at least 75 percent of such frontages, and such **street** frontages when **developed** with **uses** other than open area, contain only **uses** requiring human occupancy such as amusement, education, dining, shopping and other similar **uses** permitted by the underlying district regulations; that the main entrance for principal pedestrian access to the **development** is located along the **street** frontages under such **building** and that no storage rooms, mechanical equipment rooms, parking and loading facilities or curb cuts are located along such **street** frontage unless authorized by the Commission;
- (g) that a satisfactory lighting and ventilation plan consistent with current environmental standards is provided for the **development**; and
- (h) that an additional amount of **open space** for public use at **street** level, linked with the pedestrian circulation system of the area, equivalent to the **street** area covered by such **building**, is provided within 1,000 feet of the **building** and such **open space** maintained as usable public area in the ownership of the applicant.

Curb levels of the pre-existing **zoning lots** shall not be affected by the closing and demapping of air space over such **street**.

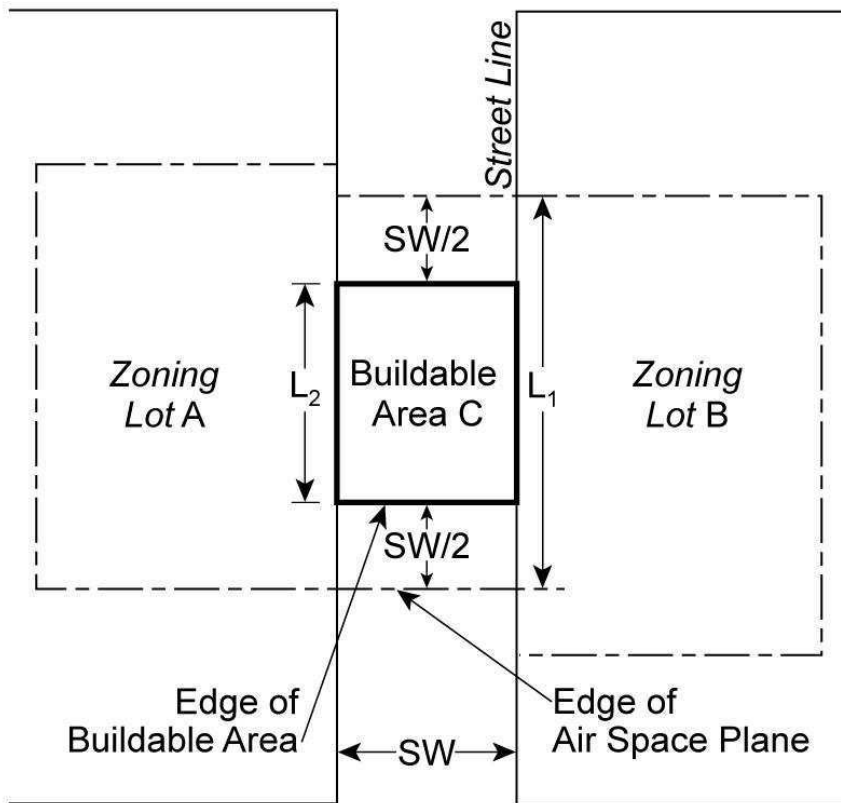

The Commission may impose additional conditions and safeguards to improve the quality of the development and minimize adverse effects on the character of the surrounding area.

For the purposes of paragraph (d) of this Section:

Air space plane is a plane above a **narrow street** located at the same elevation as the lower limiting plane of a volume of **street** eliminated, discontinued and closed by the Board of Estimate, or its successors. The length "L1" of such air space plane is the length of the common lot frontage of two **zoning lots** opposite and across the **street** in the same ownership and its width is the width of the **narrow street** "SW" (See illustration of Required Setback for the Buildable Area).

The buildable area "C" is the lower limiting plane of the volume of **street** eliminated, discontinued and closed by the Board of Estimate, or its successors, except that in no

case shall the edge of the buildable area be closer to the edge of the air space plane by a distance equal to one half the **street** width " $SW/2$ " (See illustration of Required Setback for the Buildable Area).

- SW - Width of a *narrow street*
- SW/2 - Minimum required setback for the buildable area from the edge of air space plane
- L₁ - Length of common lot frontage of two *zoning lots* across a *narrow street*
- L₂ - Permissible length of the buildable area for a *building over the street*

REQUIRED SETBACK FOR THE BUILDABLE AREA

The **building** over the **street** shall comply with the height and setback regulations of this Section and the buildable area shall be completely covered by such **building**, except that such **building** may be set back from the edge of the buildable area which traverses the **street** provided that such setback area is open and obstructed from the lowest level of the **street** to the sky.

The **development** or **enlargement** of such **building** on the buildable area of the air space plane shall comply with the following **sky exposure plane** regulations (See illustration of Required Sky Exposure Plane):

Height above **street** bed
(in feet)

Sky Exposure Plane

District

Slope over buildable area (expressed as a ratio of vertical distance to horizontal distance)

Vertical Distance

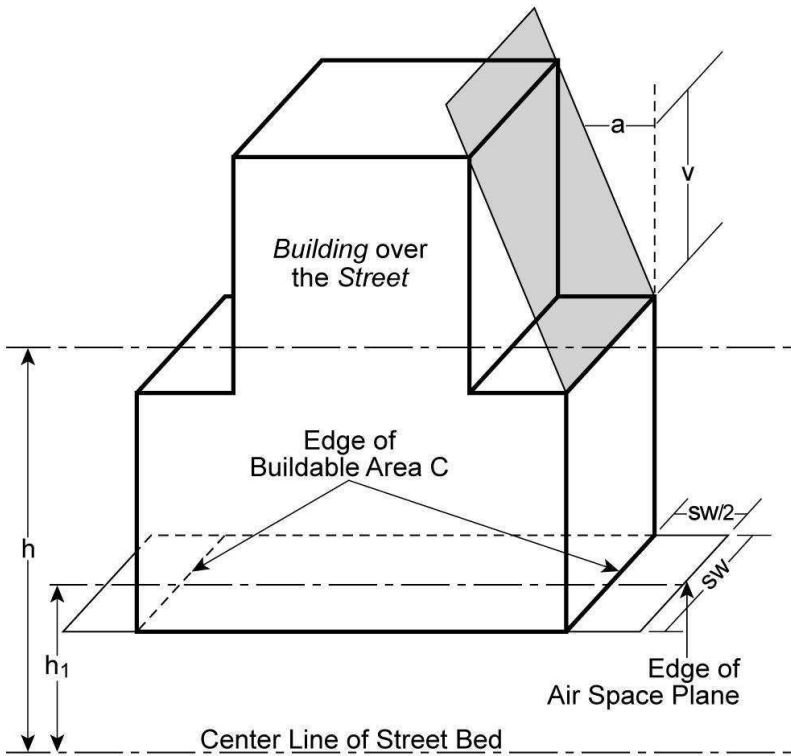

Horizontal Distance

60

2.7

to 1

R6 R7-1 C1
C2

- a

- Horizontal distance

- Vertical distance
- h

- Height of *sky exposure plane* above center line of street bed
- h₁

- Required clearance above center line of street bed for a *building over the street*
- h-h₁

- (h minus h₁) Maximum permissible height of vertical wall of a *building over the street* along the edge of a buildable area
- SW

- Width of a *narrow street*
- SW/2

- Minimum required setback for the buildable area from the edge of air space plane
- 

Sky exposure plane

REQUIRED SKY EXPOSURE PLANE

The height of the vertical wall or any other portion of a **building** over the **street**, shall not penetrate the **sky exposure plane**.

The **sky exposure plane** shall be measured from a point above the edge of the buildable area which traverses the **street**.

79-402 - Special permit for development of bridges over streets

LAST AMENDED
2/2/2011

In a **large-scale community facility development** containing hospitals or functionally related facilities in Manhattan Community Board 12, when the air space above a **wide street**, or portion thereof, is closed and demapped, the City Planning Commission may, by special permit, allow the **development** in such demapped air space of an enclosed bridge or bridges to connect **buildings** within the **large-scale community facility development**. As a condition for granting a permit for **development** of such bridges, the Commission shall find that:

- (a) such bridge or bridges are essential to internal circulation of the medical function of the health care facility;
- (b) such bridge or bridges shall not rest upon columns or other supports which intrude upon the **street**;
- (c) the width of each such bridge shall not exceed 20 feet;
- (d) such bridge within the demapped air space utilizes only **floor area** derived from the adjoining **zoning lots** and that no **floor area** credit is generated from the demapped air space;
- (e) illumination of at least five foot candles is provided at the **curb level** of such bridge or bridges;
- (f) such bridge in demapped air space over a **wide street** adjoins **zoning lots** wholly within the **large-scale community facility development**;
- (g) the minimum horizontal distance between the nearest edges of two such bridges traversing the same **street** shall be two times the width of the **street**;
- (h) the maximum exterior height of each such bridge shall not exceed 12 feet;
- (i) the benefit gained from the bridge or bridges resulting from the **bulk** design or placement of such bridge or bridges outweighs any adverse impact on neighborhood character and any restriction of access to light and air to surrounding public spaces and **streets**; and
- (j) a landscaped open area for public use at **street** level, linked with the pedestrian circulation system, which is at least equivalent to the **street** area covered by the bridge

is provided in one location within the **large-scale community facility development** and such open area is maintained with planting and seating facilities by the owner of the **large-scale community facility development** or the owner's designee.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize the effect of the bridges, including but not limited to clearance above the **street** and surfacing materials of the bridge.

79-41 - Special Permit for Change of Community Facility Use

LAST AMENDED
10/10/1974

For **large-scale community facility developments** previously approved by the City Planning Commission, the Commission may, by special permit, allow a change of **community facility use** to a **residential use** subject to the applicable district regulations.

For the purpose of this special permit, such change of **use** shall be deemed not to alter the status and previous authorizations relating to the **large-scale community facility development**.

As a condition precedent to the grant of such special permit, the Commission shall find:

- (a) that such **community facility use** does not provide essential services to the community at large; and
- (b) that such **community facility use** has been actively operated as a **community facility use** for a period not less than five years following Commission approval of the **large-scale community facility development** or was actively operated as a **community facility use** prior to Commission approval of the **large-scale community facility development**.

79-42 - Special Permit for Non-profit Hospital Staff Dwelling Buildings

LAST AMENDED
9/9/2004

For **non-profit hospital staff dwellings** in **large-scale community facility developments** in Manhattan Community Board 8, the City Planning Commission, may by special permit, allow:

- (a) Temporary occupancy of **dwelling units** by outpatients of the non-profit or voluntary hospital or by families visiting hospitalized patients provided the following findings are made:
 - (1) that the density and transient nature of the population housed in such **dwelling**

units will not impair the essential character, future use or development of the surrounding area; or impair the security of the hospital staff residing in the **building**;

- (2) that such occupancy will neither create nor contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow; and
- (3) that the number of such **dwelling units** so occupied is less than 50 percent of the total number of **dwelling units** in the **building**.

(b) Ambulatory diagnostic or treatment health care facilities listed in Use Group 4 on the third floor of such **buildings** in C1 Districts, provided the following findings are made:

- (1) that such facilities are used exclusively for staff of, or staff affiliated with, the non-profit or voluntary hospital;
- (2) that such occupancy will neither create nor contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow;
- (3) that such **use** will not impair the essential character, future use or development of the surrounding area;
- (4) that such **use** will not produce any adverse effects which interfere with the appropriate use of land in the districts or in any adjacent district; and
- (5) that separate access to the outside is provided.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

79-43 - Special Permit for Limited Bulk Modifications for Certain Large- scale Community Facility Developments

LAST AMENDED
2/2/2011

For **large-scale community facility developments** located within the boundaries of Community Districts 8 and 12 in the Borough of Manhattan, that contain **community facility uses** specified in Section [73-64](#) (Modification for Community Facility Uses), the City Planning Commission may, by special permit, permit modification of regulations relating to height and setback on the periphery of the **large-scale community facility development, courts** and distance between windows and walls or **lot lines** not otherwise allowed in Section [79-21](#) (General Provisions). As a condition for such action, the Commission shall find that such modification:

- (a) is required in order to enable the **large-scale community facility development** to provide an essential service to the community;

- (b) will provide a more satisfactory physical relationship to the existing **buildings** which form the **large-scale community facility development**, and provide a more efficient and integrated site plan;
- (c) will better complement the existing character of the neighborhood;
- (d) will not unduly increase the **bulk** of **buildings** in any **block** to the detriment of the occupants or users of **buildings** in the **block** or nearby **blocks**; and
- (e) will not adversely affect any other **zoning lots** or **streets** outside the **large-scale community facility development** by unduly restricting access to light and air.

79-44 - Lapse of Authorization or Special Permit

LAST AMENDED
7/18/1995

Any authorization or special permit granted by the City Planning Commission pursuant to this Chapter shall automatically lapse if substantial construction has not been completed as set forth in Section [11-42](#) (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution). For any renewal of such authorization or special permit, the provisions of Section [11-43](#) (Renewal of Authorization or Special Permit) shall apply.

Chapter 1 - Special Midtown District (MID)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 1 - Special Midtown District (MID)

81-00 - GENERAL PURPOSES

LAST AMENDED
8/9/2017

The “Special Midtown District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Midtown Manhattan by improving the working and living environments;
- (b) to stabilize development in Midtown Manhattan and provide direction and incentives for further growth where appropriate;
- (c) to control the impact of buildings on the access of light and air to the streets and avenues of Midtown;
- (d) to link future Midtown growth and development to improved pedestrian circulation, improved pedestrian access to rapid transit facilities, and avoidance of conflicts with vehicular traffic;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the quality that makes Midtown vital;
- (f) to continue the historic pattern of relatively low building bulk in midblock locations compared to avenue frontages;
- (g) to improve the quality of new development in Midtown by fostering the provision of specified public amenities in appropriate locations;
- (h) to preserve, protect and enhance the character of the Theater Subdistrict as the location of the world's foremost concentration of legitimate theaters and an area of diverse uses of a primarily entertainment and entertainment-related nature;
- (i) to strengthen and enhance the character of the Eighth Avenue Corridor and its relationship with the rest of the Theater Subdistrict and with the Special Clinton District;
- (j) to create and provide a transition between the Theater Subdistrict and the lower-scale Clinton community to the west;
- (k) to preserve, protect and enhance the scale and character of Times Square, the heart of New York City's entertainment district, and the Core of the Theater Subdistrict, which are characterized by a unique combination of building scale, large illuminated signs and entertainment and entertainment-related uses;
- (l) to preserve, protect and enhance the character of Fifth Avenue as the showcase of New York and national retail shopping;
- (m) to preserve the midblock area north of the Museum of Modern Art for its special contribution to

the historic continuity, function and ambience of Midtown;

- (n) to protect and strengthen the economic vitality and competitiveness of the East Midtown Subdistrict by facilitating the development of its exceptional and sustainable buildings and enabling improvements to the pedestrian and mass transit circulation network;
- (o) to ensure that development within the East Midtown Subdistrict occurs on sites that meet sound site planning criteria and therefore can accommodate additional density as appropriate;
- (p) to protect and strengthen the role of landmark buildings as important features of the East Midtown Subdistrict;
- (q) to protect and enhance the role of Grand Central Terminal as a major transportation hub within the City, to expand and enhance the pedestrian and mass transit circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the surrounding area's special character;
- (r) to expand the retail, entertainment and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;
- (s) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and
- (t) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

81-01 - Definitions

LAST AMENDED
8/9/2017

For purposes of this Chapter, matter in *italics* is defined in Sections [12-10](#), [81-261](#), [81-271](#) or [81-613](#) (Definitions).

81-02 - General Provisions

LAST AMENDED
8/9/2017

81-021 - Applicability of underlying district regulations

LAST AMENDED
4/28/1988

Except as modified by the express provisions of this Chapter, the regulations of the underlying districts remain in effect.

The regulations of the districts set forth below are applicable in the following Midtown districts unless

modified by this Chapter:

Midtown Districts	Districts Whose Regulations Apply
C5P C5-2.5	C5-2
C6-4.5	C6-4
C6-5.5	C6-5
C6-6.5	C6-6
C6-7T	C6-7

81-022 - Applicability of Special Transit Land Use District regulations

LAST AMENDED
8/9/2017

Except as otherwise provided in paragraphs (a), (b) or (c) of this Section, wherever the ***Special Transit Land Use District*** includes an area which also lies within the ***Special Midtown District***, as designated on the ***zoning map*** by the letters "MiD-TA", the requirements of the ***Special Transit Land Use District***, as set forth in Article IX, Chapter 5, shall apply.

- (a) However, the requirements of Article IX, Chapter 5, shall be waived where the City Planning Commission certifies, in the case of a specific ***development*** otherwise subject to those requirements, that:
- (1) the developer has agreed in a writing recorded against the property to implement a plan approved by the Commission and New York City Transit for off-street relocation of a subway stair entrance, in accordance with the requirements of Section [81-46](#) (Off-street Relocation or Renovation of a Subway Stair); or
 - (2) the developer has agreed in a writing recorded against the property to implement a plan approved by the Commission and New York City Transit for the provision of a subway station improvement in accordance with the provisions of Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).
- (b) Where the requirements of Article IX, Chapter 5, are not waived, modifications of the underlying district ***bulk*** regulations as set forth in this Chapter shall prevail over any inconsistent ***bulk*** regulations in Article IX, Chapter 5.
- (c) In the East Midtown Subdistrict, the provisions of paragraph (c) of Section [81-673](#) (Mass transit access) shall supersede the provisions of Sections [95-031](#) (Selection of transit easement) and

81-023 - Applicability of Special Clinton District regulations

LAST AMENDED
8/6/1998

Wherever the ***Special Midtown District*** includes an area which also lies within the ***Special Clinton District***, the regulations of the ***Special Clinton District*** as set forth in Article IX, Chapter 6, shall also apply. In the event of any conflict or discrepancy between the regulations, the more restrictive regulations shall apply in accordance with Section [11-22](#) (Application of Overlapping Regulations).

The portion of the ***Special Clinton District*** within the ***Special Midtown District*** includes the area bounded by a line 150 feet west of Eighth Avenue, West 45th Street, Eighth Avenue and West 42nd Street. The area is designated on the ***zoning maps*** by the letters CL-MiD.

81-024 - Integration clauses

LAST AMENDED
10/31/2001

- (a) The underlying zoning districts shall be deemed to be integral parts of the ***Special Midtown District***. If the underlying zoning district of any ***zoning lot*** shall be amended or shall be nullified by any court of competent jurisdiction, such amendment or adjudication shall be construed to amend the ***Special Midtown District*** to remove such ***zoning lot*** from the ***Special Midtown District*** whereupon the regulations of the prior underlying district shall apply.
- (b) The ***bulk*** regulations contained in Sections [81-20](#) through [81-29](#), inclusive, shall be deemed to be an integral unit and no modification thereof shall be permitted, except in accordance with the provisions of Section 200 of the New York City Charter. If any sentence, clause, paragraph or part of Sections [81-20](#) through [81-29](#), inclusive, shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not be confined in its operation to the sentence, clause, paragraph or part thereof directly involved in the controversy in which such judgment shall have been rendered, but shall also be construed to invalidate and prohibit the application of the remainder of Sections [81-20](#) through [81-29](#), inclusive. However, any such judgment shall not act to invalidate any other sentence, paragraph, clause, section or chapter of the Zoning Resolution.

81-03 - District Plan

LAST AMENDED
8/9/2017

The regulations of this Chapter are designed to implement the ***Special Midtown District*** Plan.

The District Plan includes the following maps:

- Map 1 Special Midtown District and Subdistricts
- Map 2 East Midtown Subdistrict and Subareas

Map 3 Retail and Street Wall Continuity

Map 4 Subway Station and Rail Mass Transit Facility Improvement Areas

The maps are located in Appendix A of this Chapter and are hereby incorporated and made a part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

81-04 - Subdistricts and Subareas

LAST AMENDED
8/9/2017

In order to carry out the purposes and provisions of this Chapter, five special Subdistricts are established within the ***Special Midtown District***. In each of these Subdistricts certain special regulations apply which do not apply in the remainder of the ***Special Midtown District***. The Subdistricts are outlined on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter.

The Subdistricts, together with the Sections of this Chapter specially applying to each, are as follows:

Subdistricts	Sections Having Special Application
Penn Center Subdistrict	81-50
East Midtown Subdistrict	81-60
Theater Subdistrict	81-70
Fifth Avenue Subdistrict	81-80
Preservation Subdistrict	81-90

The Subdistricts are also subject to all other regulations of the ***Special Midtown District*** and, where applicable pursuant to Section [81-023](#), the ***Special Clinton District*** and the underlying districts, except as otherwise specifically provided in the Subdistrict regulations themselves.

Within the East Midtown Subdistrict, certain special regulations apply to Subareas that do not apply within the remainder of the Subdistrict. These Subareas are established, as follows:

Grand Central Transit Improvement Zone Subarea

Northern Subarea

Other Transit Improvement Zone Subarea

Park Avenue Subarea

Southern Subarea

Vanderbilt Corridor Subarea

The entirety of the Vanderbilt Corridor Subarea and the Grand Central Transit Improvement Zone Subarea as well as the portions of the Other Transit Improvement Zone Subarea south of East 47th Street, are hereinafter referred to as the Grand Central Core Area.

These Subareas, as well as the boundary of the Grand Central Core Area, are shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter.

81-05 - Applicability of Certain Amendments

LAST AMENDED
4/28/1988

For **developments, enlargements** or other alterations within the **Special Midtown District**, any building permits issued by the Department of Buildings prior to April 28, 1988, shall continue in effect through May 12, 1988. Thereafter any **non-conformance** or **non-compliance** with the Zoning Resolution as so amended shall be subject to the provisions of Section [11-33](#) (Building Permits for Minor or Major Development or Other Construction Issued before Effective Date of Amendment).

81-06 - Applicability of Article VII Provisions

LAST AMENDED
8/26/1992

81-061 - Applicability of Article VII

LAST AMENDED
3/22/2016

Within the **Special Midtown District**, the following provisions regarding special permits by the Board of Standards and Appeals for **non-complying buildings** shall not be applicable:

Section [73-621](#) (Enlargement, change of use, or extension within buildings containing residential uses)

Section [73-63](#) (Enlargement of Non-residential Buildings)

Section [73-64](#) (Modifications for Community Facility Uses)

Within the **Special Midtown District**, the following provisions regarding special permits by the Board of Standards and Appeals shall only be applicable as modified below:

Section [73-16](#) (Public Transit, Railroad or Electrical Utility Substations) shall be applicable subject to the provisions of the **Special Midtown District**.

Section [73-28](#) (Newspaper Publishing) shall be applicable subject to the provisions of the

Special Midtown District.

- Section [73-36](#) (Physical Culture or Health Establishments) shall be applicable subject to the locational restrictions of the ***Special Midtown District.***
- Section [73-51](#) (Modification of Supplementary Use Regulations) shall be applicable subject to the height and setback or alternate height and setback regulations of the ***Special Midtown District.***
- Section [73-52](#) (Modifications for Zoning Lots Divided by District Boundaries) shall be applicable subject to the height and setback or alternate height and setback regulations of the ***Special Midtown District.***

81-062 - Applicability of Article VII, Chapter 4

LAST AMENDED
8/6/1998

Within the ***Special Midtown District***, the following provisions regarding special permits by the City Planning Commission shall not be applicable:

- Section [74-72](#) (Bulk Modification)
- Section [74-74](#) (General Large-scale Development)
- Section [74-75](#) (Educational Construction Fund Projects)
- Section [74-82](#) (Through Block Arcades)
- Section [74-83](#) (Court Houses)
- Section [74-841](#) (Developments in certain Commercial Districts)
- Section [74-852](#) (Height and setback regulations for zoning lots divided by district boundaries)
- Section [74-87](#) (Covered Pedestrian Space)
- Section [74-91](#) (Modification of Public Plazas)
- Section [74-95](#) (Modifications of Housing Quality Special Permits)

Within the ***Special Midtown District***, the following provisions regarding special permits by the City Planning Commission shall only be applicable as modified below:

- Section [74-71](#) (Landmark Preservation) shall be applicable subject to the height and setback modifications of Sections [81-067](#), [81-254](#), [81-266](#) and [81-277](#)
- Section [74-79](#) (Transfer of Development Rights From Landmark Sites) shall be applicable subject to modifications of the conditions and limitations on transfer of ***floor area*** (see Sections [81-212](#) and [81-747](#)), the meaning of the term "adjacent lot" (see Section [81-747](#)) and the provisions relating to height and setback variations (see Sections [81-254](#), [81-266](#) and [81-277](#)).
-

81-063 - Regulations for developments or enlargements on lots divided by district boundaries, within or partially within the Theater Subdistrict

LAST AMENDED
8/6/1998

Within the Theater Subdistrict of the ***Special Midtown District***, the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), are modified in part by the provisions of Section [81-746](#) (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

81-064 - Inapplicability of provisions for height and setback modifications in large-scale residential developments

LAST AMENDED
8/26/1992

Within the ***Special Midtown District***, the provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Developments), permitting the City Planning Commission to authorize the location of ***buildings*** without regard for height and setback regulations shall be inapplicable.

81-065 - Inapplicability of provisions for height and setback modifications in large-scale community facility developments

LAST AMENDED
8/26/1992

Within the ***Special Midtown District***, the provisions of Article VII, Chapter 9 (Special Regulations Applying to Large-scale Community Facility Developments), permitting the City Planning Commission to authorize the location of ***buildings*** without regard for height and setback regulations shall be inapplicable.

81-066 - Special permit modifications of Section 81-254, Section 81-40 and certain Sections of Article VII, Chapter 7

LAST AMENDED
2/2/2011

- (a) The City Planning Commission, by special permit, for ***zoning lots*** where the ***lot area*** is at least 60,000 square feet or that occupy an entire ***block***, may permit modification of the mandatory district plan elements of Section [81-40](#) or the provisions of Article VII, Chapter 7, that determine the distribution of permitted ***floor area*** on such ***zoning lots*** and, in conjunction with such modifications, may also modify the applicable ***yard*** and ***court*** requirements. However, no exception to the ***street wall*** or retail continuity requirements shall be permitted on Fifth Avenue or within 50 feet of Fifth Avenue within the ***Special Midtown District***.

The modifications shall be subject to the following findings:

- (1) that the modifications of mandatory plan elements, **floor area** allocation or **rear yard** and **court** regulations, result in a better arrangement of required facilities or in better site planning on a uniquely large **zoning lot**;
 - (2) that a substantial majority of the **zoning lot** is either vacant at the time of certification for review, pursuant to Section 197-c of the New York City Charter, or contains **buildings** that will be integrally related to **developments**, both physically and programmatically;
 - (3) that the design, scale and location of the new **buildings** or **enlarged buildings** are compatible with the character of the surrounding area and existing **buildings** to remain on the **zoning lot**;
 - (4) that such modifications will not unduly obstruct the access of light and air to surrounding properties;
 - (5) that any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented **uses** along the boundaries of any open or enclosed public areas on the **zoning lot**;
 - (6) that such modifications of mandatory plan elements or **floor area** allocation are consistent with the basic strategy of the **Special Midtown District** and the purposes of the Mandatory District Plan Elements.
- (b) For **developments** or **enlargements** on a **zoning lot** with a **lot area** of at least 60,000 square feet located wholly or partially in the Penn Center Subdistrict, which have been granted a **floor area** bonus for subway station and/or rail mass transit facility improvements pursuant to Section [81-541](#) in accordance with Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan), the Commission may permit modifications of the mandatory district plan elements of Section [81-40](#), the height and setback regulations of [81-26](#) and [81-27](#), or the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), that determine the distribution of permitted **floor area** on such **zoning lots** and, in conjunction with such modifications, may also modify the applicable **yard** and **court** requirements subject to the following findings:
- (1) the modifications of mandatory plan elements, **floor area** allocation or **rear yard** and **court** regulations result in a better arrangement of required facilities or in better site planning on a uniquely large **zoning lot**;
 - (2) the design, scale and location of the new **buildings** or **enlarged buildings** are compatible with the character of the surrounding area and existing **buildings** to remain on the **zoning lot**;
 - (3) such modifications will not unduly obstruct the access of light and air to surrounding properties;
 - (4) any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented **uses** along the boundaries of any open or enclosed public areas within the **zoning lot**;

- (5) such modifications of mandatory plan elements or **floor area** allocation are consistent with the basic strategy of the **Special Midtown District** and the purposes of the Mandatory District Plan Elements;
- (6) the improvements to the below-grade pedestrian circulation network provided by the **development** or **enlargement** significantly increase public accessibility to and from subway stations and/or rail mass transit facilities in and around Pennsylvania Station; and
- (7) the modifications of height and setback regulations:
 - (i) are necessary due to the constraints or conditions of the **development** or **enlargement** and conditions imposed by the configuration of the site; and
 - (ii) will provide an appropriate distribution of **bulk** on the **zoning lot** with due consideration of the basic strategy of the **Special Midtown District** and the purpose of the District's height and setback regulations. In considering whether such distribution of **bulk** is appropriate, the Commission shall consider a complete daylight evaluation for the proposed design.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-067 - Modification of provisions for minimum base height and street wall location in Historic Districts

LAST AMENDED
8/9/2017

Within the Special Midtown District, for any **zoning lot** located in a Historic District designated by the Landmarks Preservation Commission, any applicable provisions relating to minimum base height and **street wall** location requirements as modified in Sections [81-43](#) (Street Wall Continuity Along Designated Streets), [81-671](#) (Special street wall requirements) pertaining to the East Midtown Subdistrict, [81-75](#) (Special Street Wall and Setback Requirements) pertaining to the Theater Subdistrict, [81-83](#) (Special Street Wall Requirements) pertaining to the Fifth Avenue Subdistrict, and [81-90](#) (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT) pertaining to mandatory **street walls** may be modified pursuant to Sections [23-66](#) and [35-65](#) (Height and Setback Regulations for Quality Housing Buildings).

81-10 - USE REGULATIONS

LAST AMENDED
8/9/2017

81-11 - Modifications of Use Regulations in Subdistricts

LAST AMENDED
8/9/2017

The **use** regulations of the underlying districts are modified in:

- (a) the East Midtown Subdistrict in accordance with the provisions of Section [81-62](#) (Special Use Provisions), inclusive;
- (b) the Theater Subdistrict in accordance with the provisions of Sections [81-72](#) (Use Regulations Modified) and [81-73](#) (Special Sign and Frontage Regulations); and
- (c) the Fifth Avenue Subdistrict in accordance with the provisions of Section [81-82](#) (Special Regulations on Permitted and Required Uses).

81-12 - Special Retail Continuity Requirements

LAST AMENDED
5/13/1982

Special requirements for allocation of frontage to retail and service **uses** along designated **streets** are set forth in Section [81-42](#) (Retail Continuity Along Designated Streets).

81-13 - Special Permit Use Modifications

LAST AMENDED
5/13/1982

No special permits shall be issued by the Board of Standards and Appeals for **automotive service stations** pursuant to Section [73-21](#) for any **zoning lots** with frontage on any of the **streets** designated in Sections [81-42](#) (Retail Continuity Along Designated Streets) or [81-43](#) (Street Wall Continuity Along Designated Streets).

No other special permit **use** within the **Special Midtown District** shall be granted by the Board of Standards and Appeals pursuant to Section [73-10](#) (SPECIAL PERMIT USES) or by the City Planning Commission pursuant to Section [74-30](#) (SPECIAL PERMIT USES) without a finding that such special permit **use** will be consistent with the purposes and provisions of this Chapter.

81-14 - Modification of Sign and Frontage Regulations in the Fifth Avenue Subdistrict

LAST AMENDED
4/28/1988

81-141 - Special sign regulations

LAST AMENDED
6/23/2005

- (a) For all existing and new **uses** in the Fifth Avenue Subdistrict, **signs** shall not be permitted on the exterior of any **building** below a level of 10 feet above **curb level**. The aggregate **surface area** of all **signs** in ground floor windows is restricted to not more than one-third of the window area.

Any **sign** that does not comply with the provisions of this paragraph, (a), shall be terminated, except that a **sign** which the Chairperson of the City Planning Commission certifies is an integral part of the **building**, shall not be required to terminate.

- (b) In a C5-3 District within the Fifth Avenue Subdistrict, the Chairperson of the City Planning Commission may, by certification, modify the requirements of Section [32-655](#) (Height of signs in all other Commercial Districts), to allow a single non-**illuminated sign** per **building**, other than an **advertising sign**, to be located at a height between 25 and 50 feet above **curb level**, provided that the permitted **sign** shall:
- (1) be limited to one name and/or address of the **building** or the name of an establishment located therein, consisting only of individual letters and/or numbers not exceeding 18 inches in height;
 - (2) not be within a frame, a border, or any kind of background other than the **building** facade;
 - (3) not project more than three inches from the facade of the **building**; and
 - (4) not exceed 25 square feet in aggregate **surface area**.
- (c) On any **zoning lot** occupied by a landmark designated by the Landmarks Preservation Commission which lies partially or wholly within the Fifth Avenue Subdistrict, the Chairperson of the City Planning Commission may, by certification, modify the applicable **sign** regulations of Section [32-60](#) to permit **illuminated signs** on the open area of the **zoning lot**, provided that such **signs** shall:
- (1) be a re-creation of historic **signs** and that the Landmarks Preservation Commission has issued a Certificate of Appropriateness or other permit for such **signs**;
 - (2) not exceed a **surface area** of 12 square feet per **sign**; and
 - (3) not project across a **street line**.

81-142 - Special frontage regulations

LAST AMENDED
2/2/2011

- (a) Transparency requirement

On **wide street** frontages in underlying C5 Districts, at least 50 percent of a **building's street wall** surface shall be glazed and transparent at the ground floor level, and not more than 50 percent of such transparent surface shall be painted. For the purpose of the glazing requirements, the **building's street wall** surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

- (b) Banners or pennants

The display of banners or pennants from the exterior of any **building** in an underlying C5

District is prohibited.

81-20 - BULK REGULATIONS

LAST AMENDED
8/9/2017

81-21 - Floor Area Ratio Regulations

LAST AMENDED
8/9/2017

The **floor area ratio** regulations of the underlying districts are modified in accordance with the provisions of Section [81-21](#), inclusive, or Section [81-241](#) (Maximum floor area ratios for a residential building or the residential portion of a mixed building). However, the provisions of Section [81-21](#), inclusive, shall not apply to **non-residential buildings** or **mixed buildings** in the East Midtown Subdistrict, where the special **floor area** provisions of Sections [81-62](#), [81-63](#) or [81-64](#) shall apply.

81-211 - Maximum floor area ratio for non-residential or mixed buildings

LAST AMENDED
8/9/2017

- (a) For **non-residential buildings** or **mixed buildings**, the basic maximum **floor area ratios** of the underlying districts shall apply as set forth in this Section.
- (b) In the **Special Midtown District**, the basic maximum **floor area ratio** on any **zoning lot** may be increased by bonuses or other **floor area** allowances only in accordance with the provisions of this Chapter, and the maximum **floor area ratio** with such additional **floor area** allowances shall in no event exceed the amount set forth for each underlying district in the following table:

MAXIMUM FLOOR AREA ALLOWANCES FOR SPECIFIED FEATURES AND MAXIMUM FLOOR AREA RATIOS BY DISTRICTS

	Maximum Floor Area Ratio (FAR)				
Means for Achieving Permitted FAR Levels on a Zoning Lot	C5P	C6-4 C6-5 M1-6	C5-2.5 C6-4.5 C6-5.5 C6-6.5	C6-7T	C5-3 C6-6 C6-7
A. Basic Maximum FAR	8.0	10.0	12.0	14.0	15.0

B. Maximum As-of-Right Floor Area Allowances:(District-wide Incentives), Public plazas - Section 81-23	—	1.01,2	1.01,3	—	1.02
C. Maximum Total FAR with As-of-Right Incentives	8.0	11.01,2,7	13.01,3	14.0	16.0
D. Maximum Special Permit Floor Area Allowances: (District-wide Incentives), Subway station improvements - Section 74-634	—	2.01,6	2.41	—	3.0
E. Maximum Total FAR with District-wide and As-of-Right Incentives	8.0	12.0	14.4	14.0	18.0
F. Maximum Special Permit Floor Area Allowances in Penn Center Subdistrict: Mass Transit Facility Improvement - Section 74-634	—	2.0	—	—	3.0
G. Maximum Total FAR with As-of-Right, District-wide and Penn Center Subdistrict Incentives:	—	12.0	—	—	18.0
H. Maximum As-of-Right Floor Area Allowances in Theater Subdistrict:					
Development rights (FAR) of a "granting site" - Section 81-744	—	10.0	12.0	14.0	15.0

Maximum amount of transferable development rights (FAR) from "granting sites" that may be utilized on a "receiving site" - Section 81-744(a)	—	2.0	2.4	2.8	3.0
Inclusionary Housing - Sections 23-90 and 81-22	—	2.04	—	—	—
I. Maximum Total FAR with As-of-Right Floor Area Allowances in Theater Subdistrict	—	12.0	14.4	16.8	18.0
J. Maximum Floor Area Allowances by Authorization in Eighth Avenue Corridor - Section 81-744(b)	—	2.4	—	—	—
K. Maximum Total FAR with As-of-Right and Theater Subdistrict Authorizations	—	14.4	14.4	16.8	18.0
L. Maximum Special Permit Floor Area Allowances in Theater Subdistrict: Rehabilitation of "listed theaters" Section 81-745	—	4.4	2.4	2.8	3.0
M. Maximum Total FAR with Theater Subdistrict, District-wide and As-of-Right Incentives	8.0	14.4	14.4	16.8	18.0
N. Maximum FAR of Lots Involving Landmarks:					
Maximum FAR of a lot containing non-bonusable landmark - Section 74-711 or as-of-right	8.0	10.0	12.0	14.0	15.0

Development rights (FAR) of a landmark lot for transfer purposes - Section 74-79	8.0	10.0	13.05	14.0	16.0
Maximum amount of transferable development rights (FAR) from a landmark zoning lot that may be utilized on an "adjacent lot" - Section 74-79	1.6	2.0	2.4	No Limit	No Limit
O. Maximum Total FAR of a Lot with Transferred Development Rights from Landmark Zoning Lot , Theater Subdistrict Incentives, District-wide Incentives and As-of Right Incentives	9.6	14.4	14.4	No Limit	No Limit

- 1 Not available for **zoning lots** located wholly within Theater Subdistrict Core
- 2 Not available within the Eighth Avenue Corridor
- 3 Not available within 100 feet of a **wide street** in C5-2.5 Districts
- 4 Applicable only within that portion of the Theater Subdistrict also located within the **Special Clinton District**
- 5 12.0 in portion of C6-5.5 District within the Theater Subdistrict Core
- 6 Not available on west side of Eighth Avenue within the Eighth Avenue Corridor
- 7 12.0 for **zoning lots** with full **block** frontage on Seventh Avenue and frontage on West 34th Street, pursuant to Section [81-542](#) (Retention of floor area bonus for plazas or other public spaces)

81-212 - Special provisions for transfer of development rights from landmark sites

LAST AMENDED
8/9/2017

The provisions of Section [74-79](#) (Transfer of Development Rights From Landmark Sites) shall apply in the **Special Midtown District**, subject to the modification set forth in this Section and Sections [81-254](#), [81-266](#) and [81-277](#) pertaining to special permits for height and setback modifications, Sections [81-63](#) (Special Floor Area Provisions for the Vanderbilt Corridor Subarea), [81-653](#) (Special permit for transfer of development rights from landmarks to non-qualifying sites), [81-747](#) (Transfer of development rights from landmark theaters) and [81-85](#) (Transfer of Development Rights From Landmark Sites).

The provisions of Section [74-79](#) pertaining to the meaning of the term "adjacent lot" in the case of lots located in C5-3, C5-5, C6-6, C6-7 or C6-9 Districts are modified to apply in the ***Special Midtown District*** where the "adjacent lot" is in a C5-3, C6-6, C6-7, C6-5.5, C6-6.5 or C6-7T District.

The provisions of paragraph (c) of Section [74-792](#) as applied in the ***Special Midtown District*** shall be subject to the restrictions set forth in the table in Section [81-211](#) on the development rights (FAR) of a landmark "granting lot" for transfer purposes.

Wherever there is an inconsistency between any provision in Section [74-79](#) and the table in Section [81-211](#), the table in Section [81-211](#) shall apply.

For ***developments*** or ***enlargements*** in C5-3, C6-6, C6-7 and C6-7T Districts, the City Planning Commission may also modify or waive the requirements of Section [23-86](#) (Minimum Distance Between Legally Required Windows and Walls or Lot Lines) and requirements governing the minimum dimensions of a ***court***, where:

- (a) the required minimum distance as set forth in Section [23-86](#) is provided between the ***legally required windows*** in the ***development*** or ***enlargement*** and a wall or ***lot line*** on an adjacent ***zoning lot*** occupied by the landmark; and
- (b) such required minimum distance is provided by a light and air easement on the ***zoning lot*** occupied by the landmark ***building or other structure***, and such easement is acceptable to the Department of City Planning and recorded in the County Clerk's office of the county in which such tracts of land are located.

For ***developments*** or ***enlargements***, on ***zoning lots*** located in C5-3, C6-6, C6-7 and C6-7T Districts and with frontage on ***streets*** on which curb cuts are restricted, pursuant to Section [81-44](#), the Commission may also modify or waive the number of loading berths required pursuant to Section [36-62](#). In granting such special permit, the Commission shall find that:

- (1) a loading berth permitted by Commission authorization, pursuant to Section [81-44](#), would have an adverse impact on the landmark ***building or other structure*** that is the subject of the special permit;
- (2) because of existing ***buildings*** on the ***zoning lot***, there is no other feasible location for the required loading berths; and
- (3) the modification or waiver will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement. For ***developments*** or ***enlargements***, on ***zoning lots*** located in C5-3, C6-6, C6-7 and C6-7T Districts, the Commission may also modify the dimensions and minimum clear height required for pedestrian circulation space, pursuant to Sections [37-50](#) and [81-45](#). In granting such special permit, the Commission shall find that the modification will result in a distribution of ***bulk*** and arrangement of ***uses*** on the ***zoning lot*** that relate more harmoniously with the landmark ***building or other structure*** that is the subject of the special permit.

81-213 - Special provisions for transfer of development rights from listed theaters within the Special Clinton District

In C6-2 Districts within the **Special Clinton District**, for **zoning lots**, or portions thereof, comprised of listed theaters designated in Section [81-742](#), the City Planning Commission shall allow a transfer of development rights pursuant to Section [81-744](#) (Transfer of development rights from listed theaters). The basic maximum **floor area ratio** for transfer purposes for such **zoning lots**, or portions thereof, shall be 6.02.

81-22 - As-of-right Floor Area Bonuses

LAST AMENDED
10/17/2007

As-of-right **floor area** bonuses are not permitted in the **Special Midtown District**, except in accordance with the provisions of the following Section:

Section [81-23](#) (Floor Area Bonus for Public Plazas).

In addition, the provisions of Section [23-90](#) (INCLUSIONARY HOUSING) shall be applicable in that portion of the **Special Midtown District** which is also within the **Special Clinton District**, pursuant to Section [81-023](#) (Applicability of the Special Clinton District regulations).

Any **floor area** bonus granted by certification for through **block** gallerias prior to August 6, 1998, shall remain in effect provided, however, that such certification shall automatically lapse if substantial construction, in accordance with the plans for which such certification was granted, has not been completed within four years from the effective date of such certification.

81-23 - Floor Area Bonus for Public Plazas

LAST AMENDED
8/9/2017

Within the **Special Midtown District**, for each square foot of **public plaza** provided on a **zoning lot**, the basic maximum **floor area** permitted on that **zoning lot** under the provisions of Section [81-211](#) (Maximum floor area ratio for non-residential or mixed buildings) may be increased by six square feet, provided that in no case shall such bonus **floor area** exceed a **floor area ratio** of 1.0.

This Section shall be applicable in all underlying districts throughout the **Special Midtown District**, except that there shall be no **floor area** bonus for a **public plaza** that is:

- (a) on **zoning lots** in the C5P District within the Preservation Subdistrict;
- (b) within 50 feet of a **street line** of a designated **street** on which retail or **street wall** continuity is required, pursuant to Sections [81-42](#) (Retail Continuity Along Designated Streets) or [81-43](#) (Street Wall Continuity Along Designated Streets);
- (c) on a **zoning lot**, any portion of which is within the Theater Subdistrict Core, as defined in Section [81-71](#) (General Provisions); and
- (d) on **zoning lots**, any portion of which is in the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, or on **qualifying sites**, as defined in Section [81-613](#), in any other subarea of the East Midtown Subdistrict.

All **public plazas** provided within the **Special Midtown District** shall comply with the requirements for **public plazas** set forth in Section [37-70](#), inclusive.

A major portion of a **public plaza** may overlap with a sidewalk widening which may be provided to fulfill the minimum pedestrian circulation space requirements set forth in Section [81-45](#) (Pedestrian Circulation Space), provided that the overlapping portion of the **public plaza** also conforms to the design standards of Section [37-50](#) (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE) for a sidewalk widening. Such sidewalk widening may be included in the major portion of a **public plaza** for purposes of calculating the proportional restrictions set forth in Section 37-715.

81-231 - Existing plazas or other public amenities

LAST AMENDED
10/17/2007

- (a) Elimination or reduction in size of existing **publicly accessible open area** or other public amenities

No existing **publicly accessible open area** or other public amenity, open or enclosed, for which a **floor area** bonus has been utilized, shall be eliminated or reduced in size, except by special permit of the City Planning Commission, pursuant to Section [74-761](#) (Elimination or reduction in size of bonused public amenities).

- (b) Kiosks and open air cafes

Kiosks and open air cafes may be placed within an existing **publicly accessible open area** for which a **floor area** bonus has been received by certification, pursuant to Section [37-73](#) (Kiosks and Open Air Cafes).

- (c) Nighttime closing of existing **publicly accessible open areas**

The Commission may, upon application, authorize the closing of an existing **publicly accessible open area** for which a **floor area** bonus has been received, during certain nighttime hours, pursuant to Section [37-727](#) (Hours of access).

- (d) Special provisions for certain **covered pedestrian spaces**

Where a portion of an existing **covered pedestrian space** was designated by a special authorization of the Commission prior to May 13, 1982, to be used for off-street loading after business hours, the Commission may, by special permit, after public notice and hearing, and subject to City Council action, allow relocation of the loading facilities and modifications relating to the loading berth requirements, provided that such modifications will result in substantial improvement of the pedestrian circulation system and amenities within the existing **covered pedestrian space** without adversely affecting the operation of off-street loading facilities.

- (e) Elimination or reduction in size of non-bonused open area on a **zoning lot** containing a bonused amenity

Any existing open area for which a **floor area** bonus has not been utilized that occupies the

same **zoning lot** as an existing **publicly accessible open area** or other public amenity, open or enclosed, for which a **floor area** bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such **floor area** bonus was granted.

81-232 - Special provisions for zoning lots divided by district boundaries

LAST AMENDED
10/17/2007

Where a **public plaza** is located on a **zoning lot** divided by a district boundary, the **floor area** bonus for such **public plaza** may be credited to either portion of the **zoning lot** regardless of the **public plaza's** location or the date when the **zoning lot** was created, provided that the amount of such bonus permitted on either portion of the **zoning lot** shall not exceed the maximum amount that would be permitted on such portion if it were a separate **zoning lot** and subject to all other applicable provisions of Article VII, Chapter 7.

81-24 - Floor Area, Lot Coverage and Building Spacing Regulations for Residential Uses

LAST AMENDED
7/26/2001

81-241 - Maximum floor area ratios for a residential building or the residential portion of a mixed building

LAST AMENDED
2/2/2011

For **residential buildings** or **residential** portions of **mixed buildings** in the **Special Midtown District**, the maximum **floor area ratio** for each underlying district is as follows:

- (a) In the C5-P District the maximum **floor area ratio** is 8.0, and no additional **floor area** shall be allowed above this limit.
- (b) In all underlying districts other than the C5-P District, except as provided in paragraph (c) of this Section, the maximum **residential floor area ratio** is 10.0.
- (c) In any underlying district other than a C5-P, C6-4 or C6-5 District, or in a C6-4 or C6-5 District within the Theater Subdistrict where a **zoning lot** has been granted bonus **floor area** or other **floor area** allowances in accordance with the provisions of Section [81-741](#) (General provisions), such **zoning lot** shall qualify for a maximum **residential floor area ratio** of 12.0 if the **development** or the **building** containing the **enlargement** includes recreational space for the **residential** occupants in an amount not less than 13 square feet for each **rooming unit**, 16.25 square feet for each **dwelling unit**, or a total area of at least 5,000 square feet, whichever is greater. The recreational space may be located at any level including a roof. Such recreational space shall:

- (1) be restricted to **residential** occupants of the **development** or the **building** containing the **enlargement** and their guests, for whom no admission or membership fees may be charged;
- (2) be directly accessible from a lobby or other public area served by the **residential** elevators;
- (3) be landscaped, including trees or shrubbery, except where covered or developed with recreational facilities and seating areas;
- (4) contain not less than 500 square feet of continuous area on a single level with no dimension of less than 15 feet;
- (5) have not less than 50 percent of the area open from its lowest level to the sky. The remaining portion may be roofed and up to 50 percent of its perimeter may be enclosed. In no event may more than 25 percent of the required recreational space be fully enclosed. All enclosures shall be transparent except when located within the **building**. Covered areas shall contain recreational facilities or seating areas.

A copy of requirements (c)(1) through (c)(5), as set forth in this Section, shall be permanently posted in a conspicuous place within each recreational space.

81-242 - Regulations on minimum spacing between buildings

LAST AMENDED
2/2/2011

When a **building** containing **residential uses** is located on the same **zoning lot** as another **building**, the provisions of Section [23-70](#) (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

81-25 - General Provisions Relating to Height and Setback of Buildings

LAST AMENDED
8/9/2017

For all **buildings** in the **Special Midtown District**, except as provided in Section [81-90](#) (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT), the height and setback regulations of the underlying districts are superseded by the provisions of this Section and by the two alternate sets of regulations controlling the height and setback of **buildings** as set forth in Sections [81-26](#) (Height and Setback Regulations--Daylight Compensation) and [81-27](#) (Alternate Height and Setback Regulations--Daylight Evaluation), respectively. For the purposes of applying height and setback regulations, the term "**buildings**" shall include **buildings or other structures**, except if specifically stated otherwise.

For the purposes of Sections [81-25](#) through [81-27](#), inclusive, all **buildings** on a **zoning lot** shall be considered a single **building**. Existing portions of such **buildings** are referred to as an "existing **building**." A "new **building**" shall include **developments**, **enlargements** or alterations that increase the width or height of a **building** wall.

An applicant for plan approval by the Department of Buildings may elect to be governed by the

provisions of either Section [81-26](#) or [81-27](#) in addition to the provisions of this Section.

This Section sets forth the provisions that are common to both sets of regulations.

81-251 - Purpose of height and setback regulations

LAST AMENDED
2/2/2011

The common purpose of these two sets of regulations is to offer maximum design flexibility while setting reasonable but firm standards to protect access of light and air to public **streets** and adjacent **buildings**.

This purpose is implemented by the two alternate sets of regulations, which are based on two distinct approaches. Both sets are concerned with daylight at **street** level.

The daylight compensation regulations require any **building** generally to be built within a sky exposure curve which relates required setbacks to **building** heights. Within limits, the **buildings** may encroach outside the curve but only if extra setbacks or recesses provided elsewhere on the same **street** frontage of the **zoning lot** compensate for the **encroachment**. In the regulations, the sky exposure curve for three **street** width categories is represented in each case by a table of required setbacks related to **building** heights.

The daylight evaluation regulations measure and evaluate portions of sky blocked by a **building** as viewed from specified **vantage points** in the **street**. The **building** is plotted on **daylight evaluation charts** representing the **zoning lot's** available daylight from specified **vantage points**, measured in daylight squares as defined in paragraph (b) of Section 81-272. Daylight blockage by the **building** is then measured to determine the **building's** score on each frontage and the average score for the **building** as a whole. The regulations specify the minimum passing scores for compliance.

81-252 - Permitted obstructions

LAST AMENDED
4/30/2012

Except as set forth in this Section, structures which under the provisions of Sections [33-42](#) or [43-42](#) (Permitted Obstructions) or [34-11](#) or [35-10](#) (GENERAL PROVISIONS), are permitted to penetrate a maximum height limit or a **sky exposure plane** shall not be permitted as exceptions to the height limitations, setback requirements or rules for the measurement of **encroachments** or **compensating recesses** set forth in Section [81-26](#) (Height and Setback Regulations—Daylight Compensation), nor shall they be excluded in determining daylight blockage pursuant to the provisions of Section [81-27](#) (Alternate Height and Setback Regulations—Daylight Evaluation).

The following shall be permitted as exceptions to the height regulations, setback requirements or rules for the measurement of **encroachments** or **compensating recesses**, set forth in Section [81-26](#), and shall be excluded in determining daylight blockage, pursuant to the provisions of Section [81-27](#):

- (a) unenclosed balconies conforming to the provisions of Section [23-13](#) (Balconies); and
- (b) exterior wall thickness, up to eight inches, where such wall thickness is added to the exterior

face of a **building** wall existing on April 30, 2012, provided the added wall thickness has a thermal resistance (R-value) of at least 1.5 per inch. Where **buildings** that have added exterior wall thickness pursuant to this Section are **enlarged**, such **enlarged** portion may similarly penetrate a maximum height limit in order to align with the exterior walls of the existing **building**, provided such **enlargement** contains less **floor area** than the existing **building**, and there is no penetration of **floor area** above a maximum height limit.

81-253 - Special provisions for the East Midtown, Theater, Fifth Avenue, Penn Center and Preservation Subdistricts

LAST AMENDED
8/9/2017

The provisions of Sections [81-26](#) (Height and Setback Regulations-- Daylight Compensation) and [81-27](#) (Alternate Height and Setback Regulations--Daylight Evaluation) are supplemented and modified by special provisions applying in the Fifth Avenue Subdistrict, as set forth in Sections [81-81](#) (General Provisions) and [81-83](#) (Special Street Wall Requirements) or in the Theater Subdistrict as set forth in Sections [81-71](#) (General Provisions) and [81-75](#) (Special Street Wall and Setback Requirements) or in the East Midtown Subdistrict as set forth in Sections [81-61](#) (General Provisions), [81-66](#) (Special Height and Setback Requirements), inclusive, or [81-671](#) (Special street wall requirements), or in the Penn Center Subdistrict as set forth in Section [81-532](#) (Special street wall requirements).

The provisions of Sections [81-26](#) and [81-27](#) are not applicable in the Preservation Subdistrict, where height and setback is regulated by the provisions of Section [81-90](#) (SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT).

81-254 - Special permit for height and setback modifications

LAST AMENDED
8/9/2017

In the **Special Midtown District**, the City Planning Commission may modify the special height and setback regulations set forth in this Chapter only in accordance with the following provisions:

- Section [74-711](#) (Landmark preservation in all districts) as modified by the provisions of Sections [81-266](#) or [81-277](#) (Special permit for height and setback modifications)
- Section [74-79](#) (Transfer of Development Rights From Landmark Sites) where development rights are transferred from a landmark site to an adjacent lot in a C5-3, C6-6 or C6-7 District, as modified by Section [81-212](#), and the total **floor area** on the adjacent lot resulting from such transfer exceeds the basic maximum **floor area ratio** by more than 20 percent. In such cases, the granting of a special permit by the Commission for height and setback modifications shall be in accordance with the provisions of Sections [81-266](#) or [81-277](#)
- Section [81-066](#) (Special permit modifications of Section [81-254](#), Section [81-40](#) and certain Sections of Article VII, Chapter 7)
- Section [81-632](#) (Special permit for transfer of development rights from landmarks to the

Section [81-633](#) (Special permit for Grand Central public realm improvements)

Section [81-685](#) (Special permit to modify qualifying site provisions)

81-26 - Height and Setback Regulations--Daylight Compensation

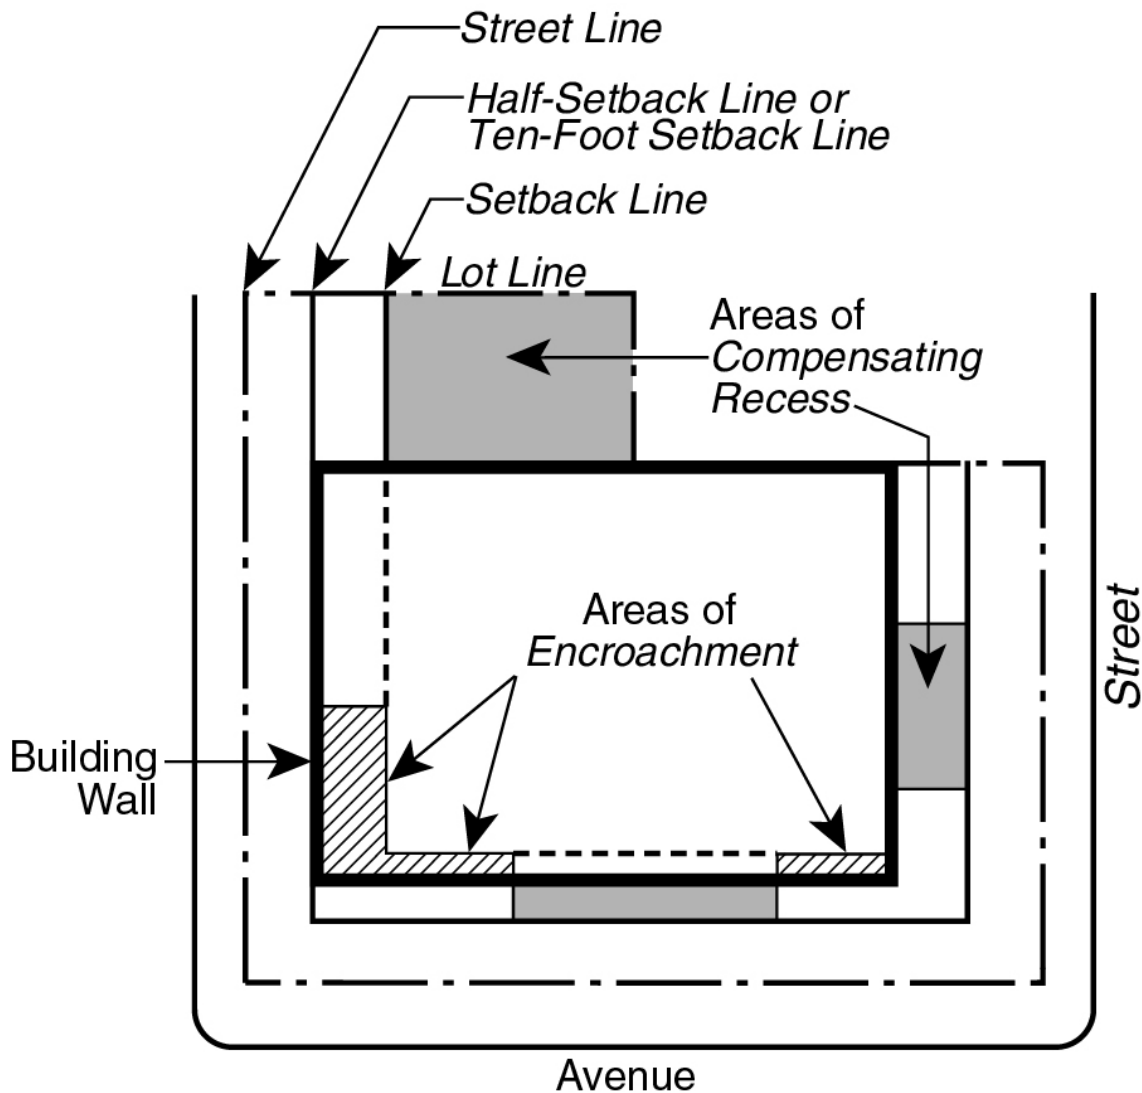

LAST AMENDED
5/13/1982

81-261 - Definitions

LAST AMENDED
2/2/2011

Compensating recess

A portion of a **zoning lot** which, at the **building** height selected for determining compliance with the provisions of Section [81-26](#) (Height and Setback Regulations--Daylight Compensation), lies in the **free zone** (Zone A on the **encroachment grid**), is not covered by any portion of a **building** and qualifies as compensating for **encroachments** beyond the **free zone** under the provisions of Section [81-264](#) (Encroachments and compensating recesses). (See illustration of **Compensating Recess** and **Encroachment**)

COMPENSATING RECESS AND ENCROACHMENT

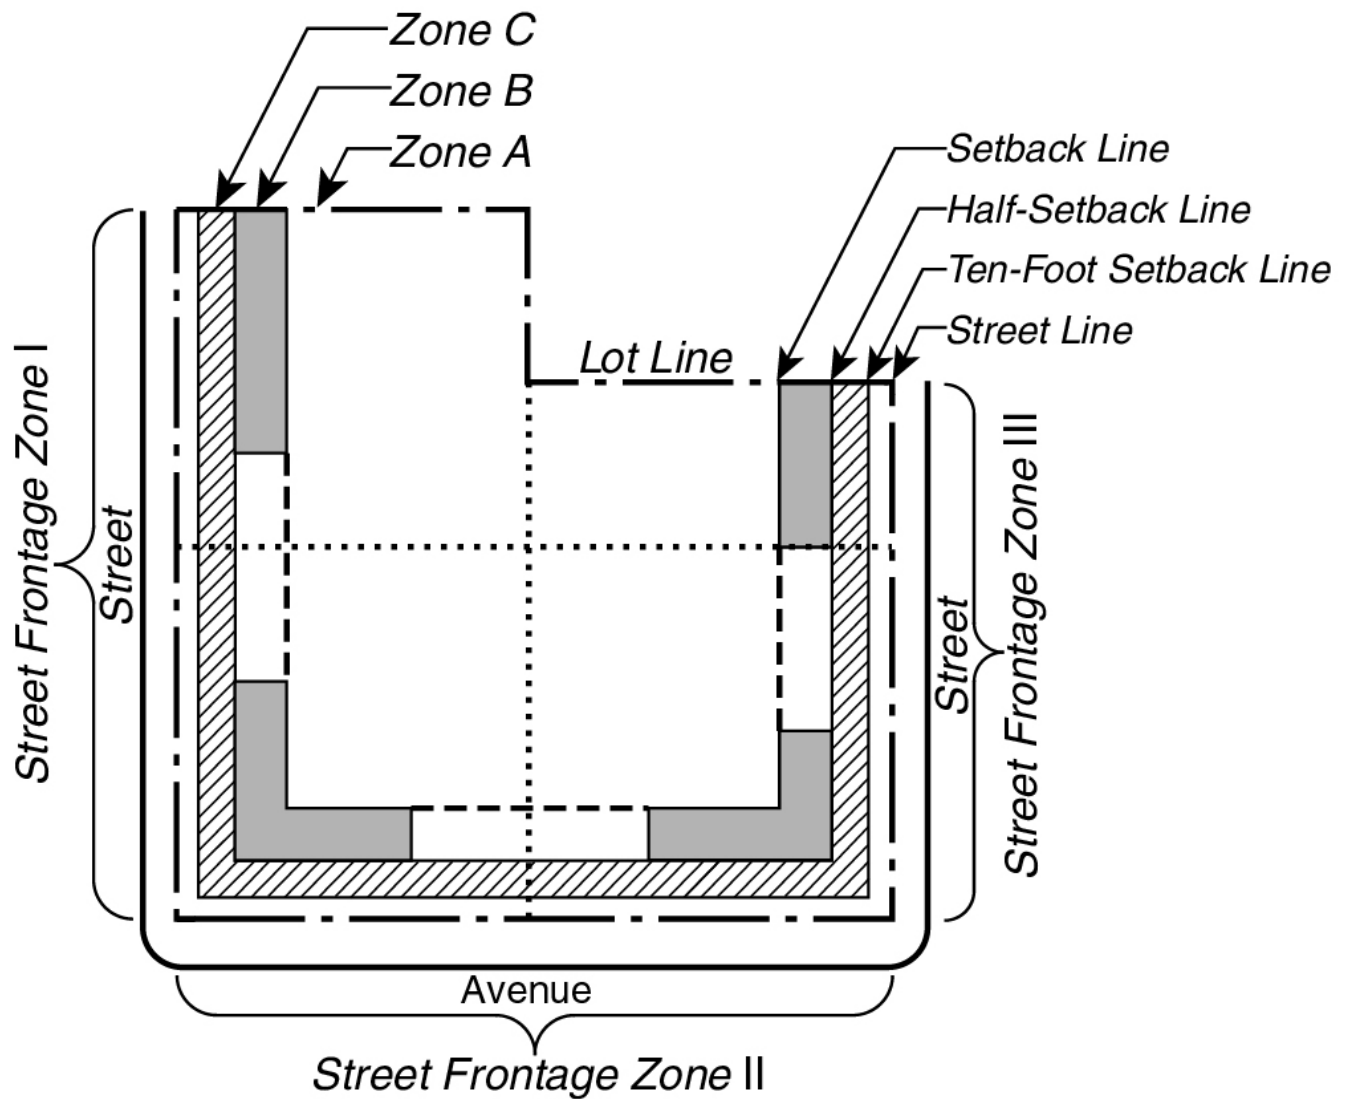

(81-261.1)

Encroachment

A projection beyond the **setback line**, the **free zone** or the **half-setback line** by any portion of a **building** that exceeds the maximum height permitted at the **street line**. (See illustration of **Compensating Recess** and **Encroachment**)

Encroachment grid

A plan drawing of the **zoning lot** at any given height above **curb level** selected to determine compliance with the provisions of Section [81-26](#) and showing, for that height, **street lines**, **setback lines**, **half-setback lines**, **Zone A** (the **free zone**), **Zones B** and **C** (**encroachment zones**) and, where applicable, the **ten-foot setback line**. The **encroachment grid** serves as a device for measuring areas of **encroachment** beyond the **free zone** and areas of **compensating recess** within the **free zone**. (See illustration of **Encroachment Grid**)

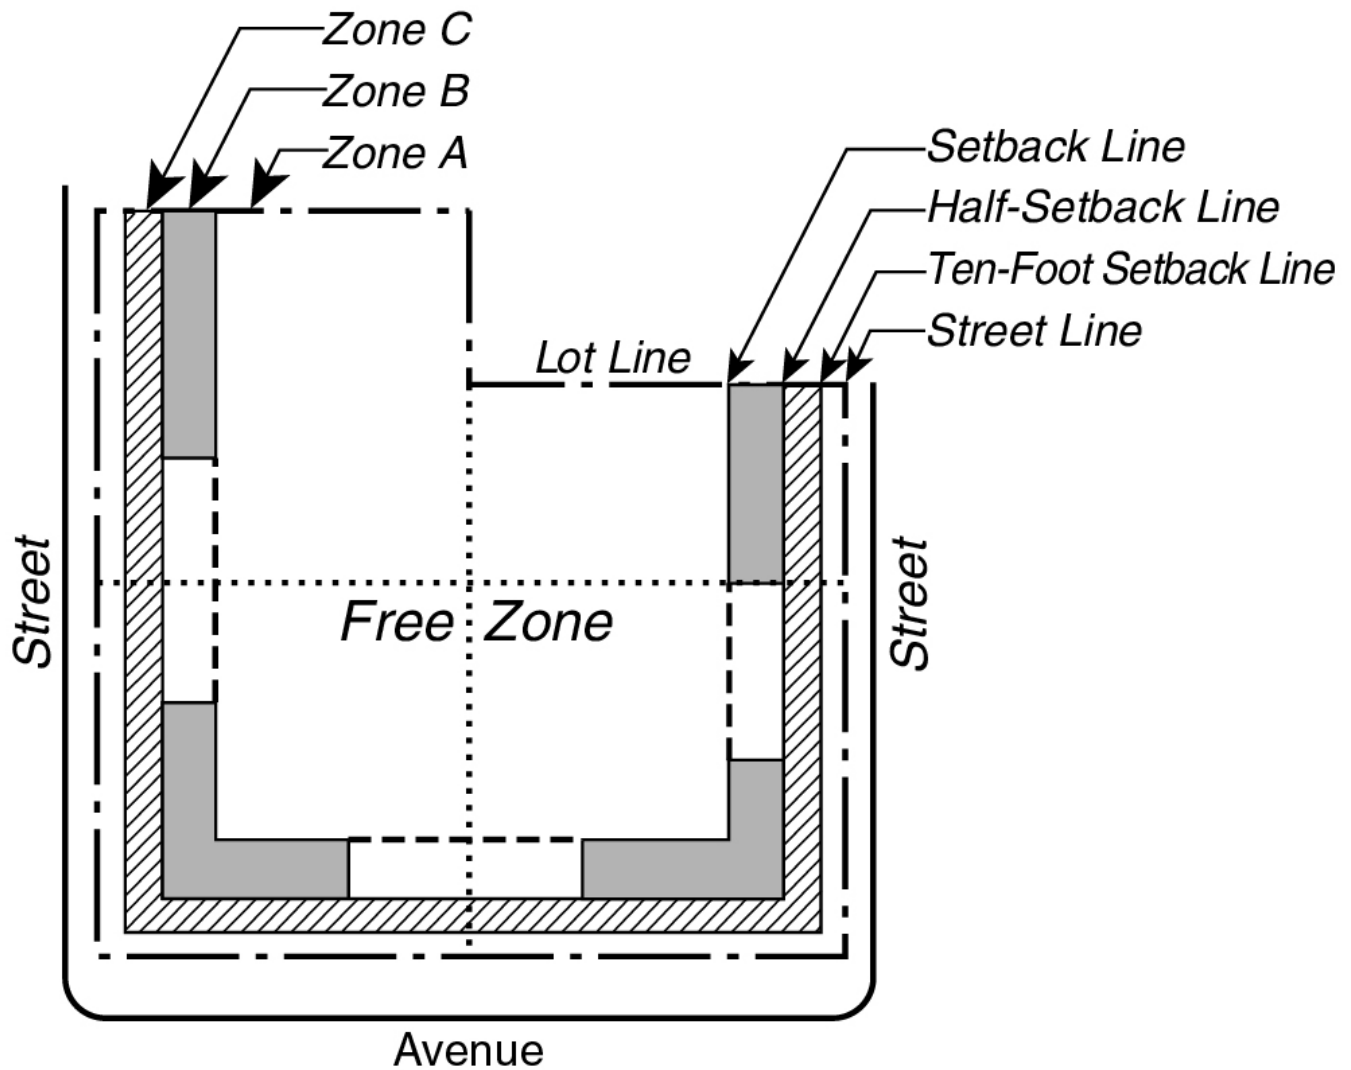

ENCROACHMENT GRID

(81-261.2)

Free zone

That portion of a **zoning lot**, at any given height, which may be covered by a **building** without coverage constituting an **encroachment** that requires daylight compensation.

In addition to the area that lies behind a **setback line** or **lines**, the **free zone** shall include areas between the **setback line** and either the **half-setback line** or the **ten-foot setback line**, whichever is further from the **street line**, and which qualify as **free zone** areas under the **middle one-third rule**. The **free zone** is referred to as **Zone A** on the **encroachment grid**.

FREE ZONE

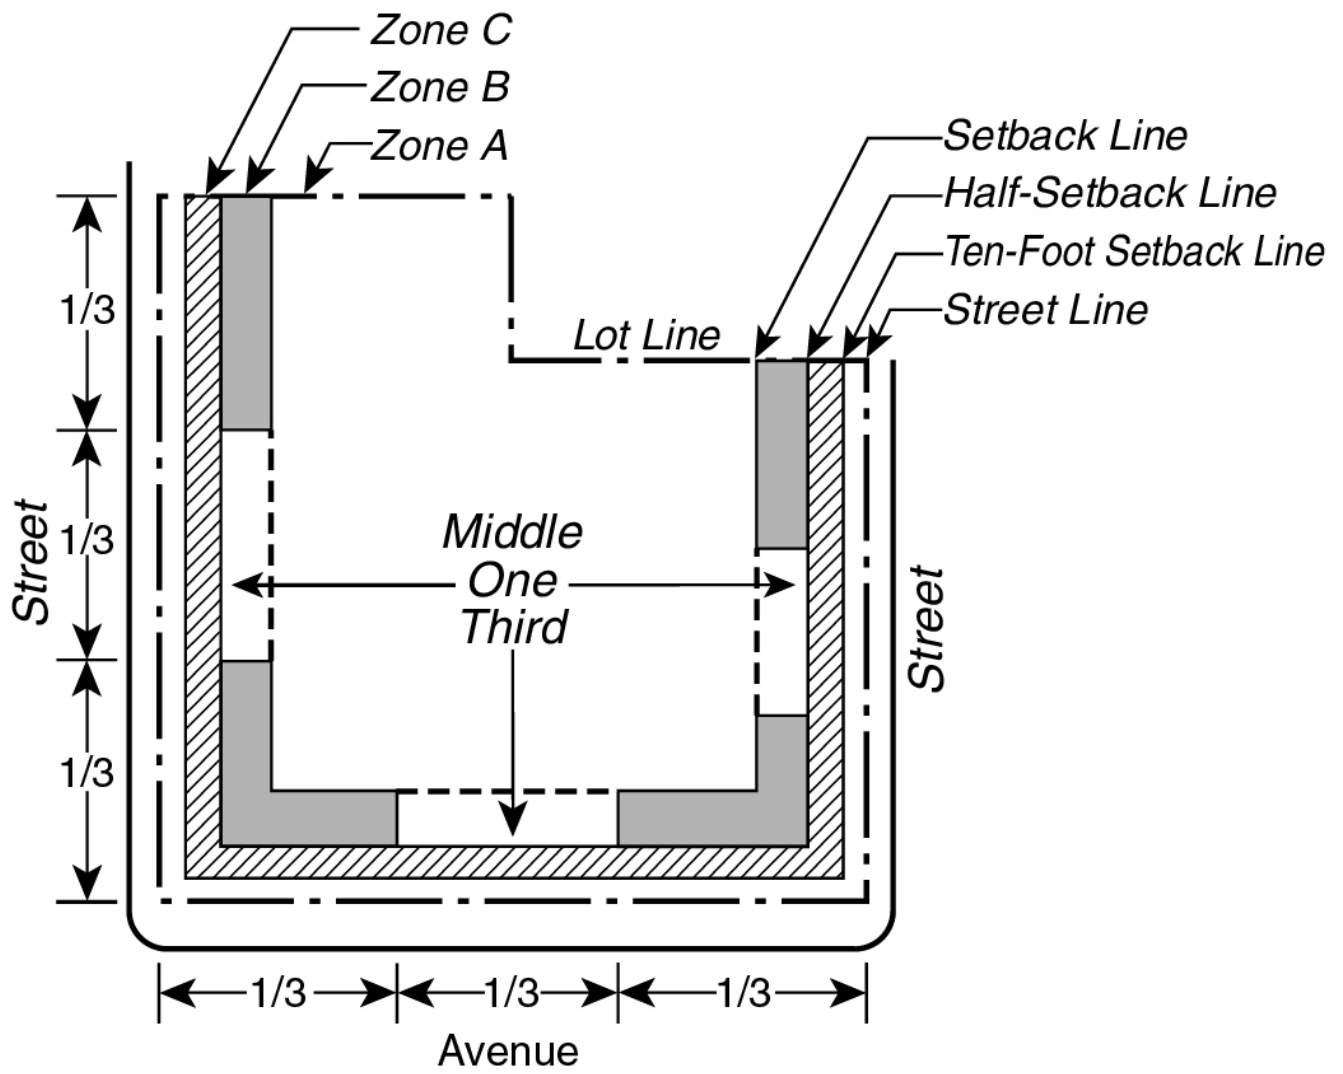

(81-261.3)

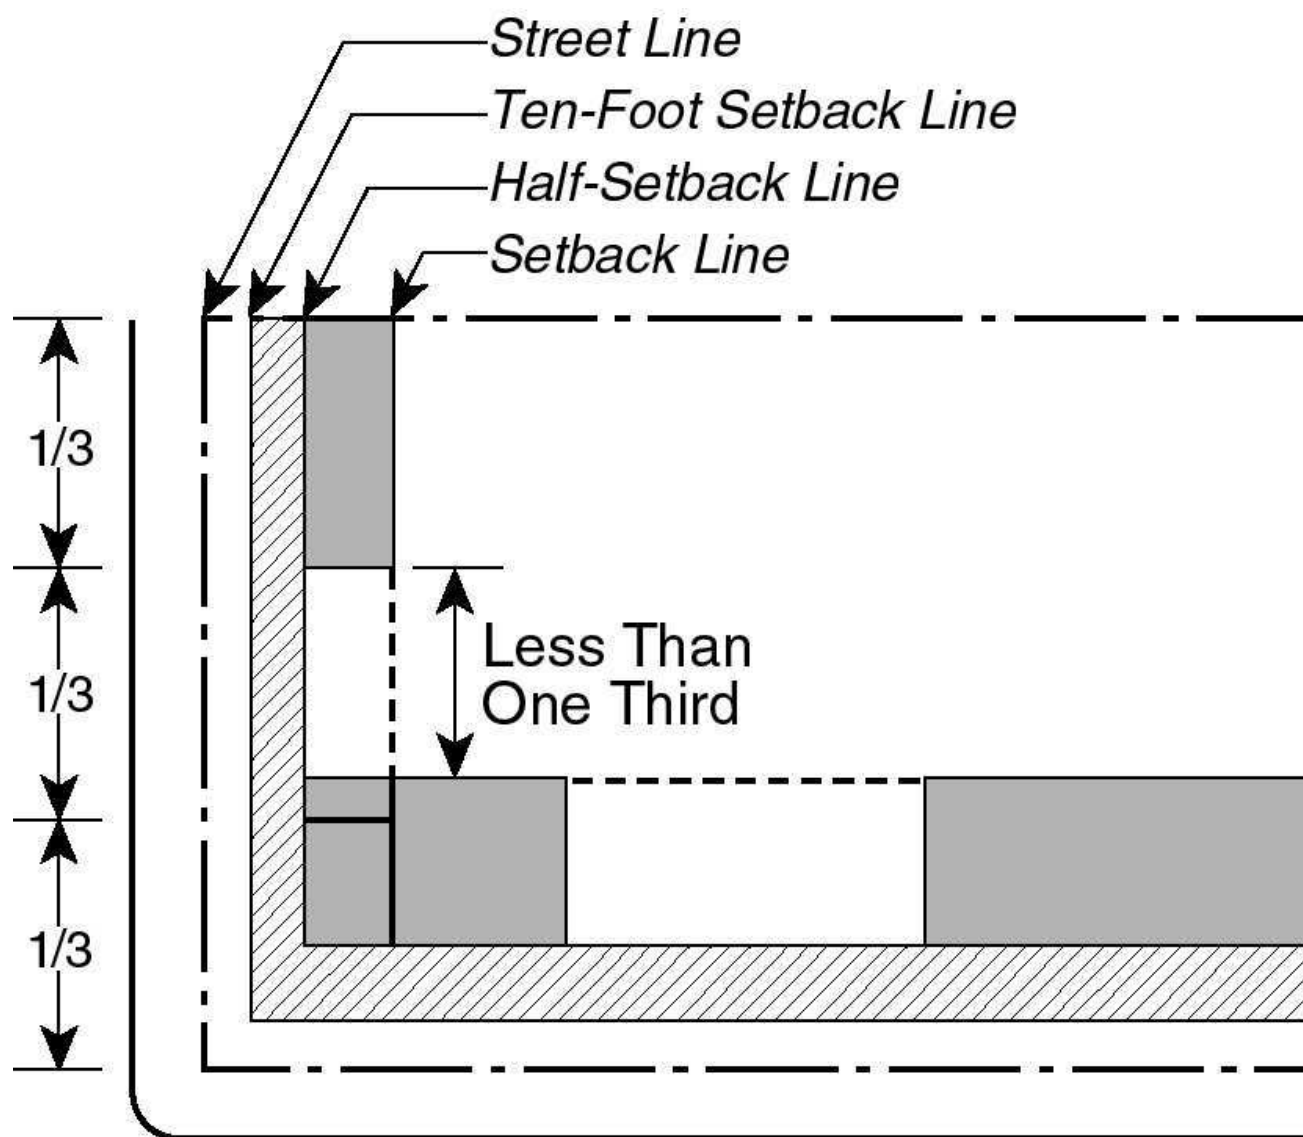

Half-setback line

A line drawn parallel to a **street line** and halfway between the **street line** and the **setback line**. (See illustration of **Setback** and **Half-Setback Lines**)

Middle one-third rule

The rule under which, for the middle one-third of the **front lot line** length, the **free zone** includes area between the **setback line** and either the **half-setback line** or the **ten-foot setback line**, whichever is further from the **street line**. However, on a **corner lot** the **free zone** does not extend beyond the **setback line** along an intersecting **street**. (See illustrations of **Middle One-Third Rule**)

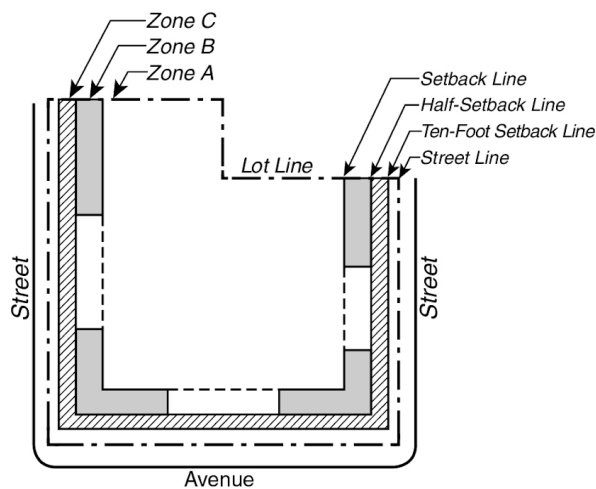

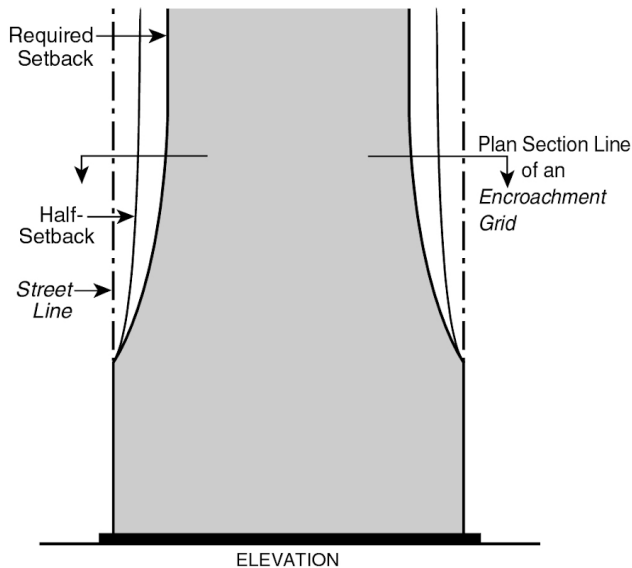

MIDDLE ONE-THIRD RULE

(81-261.4)

Setback line

A line drawn in plan parallel to a **street line** and showing for a given **building** height the minimum depth to which a **building** is required to be set back from the **street line** by the applicable depth to height chart in Section [81-263](#) (Standard setback requirements). Required setbacks, established by the chart, increase with the **building's** height. (See illustration of **Setback** and **Half-Setback Lines**)

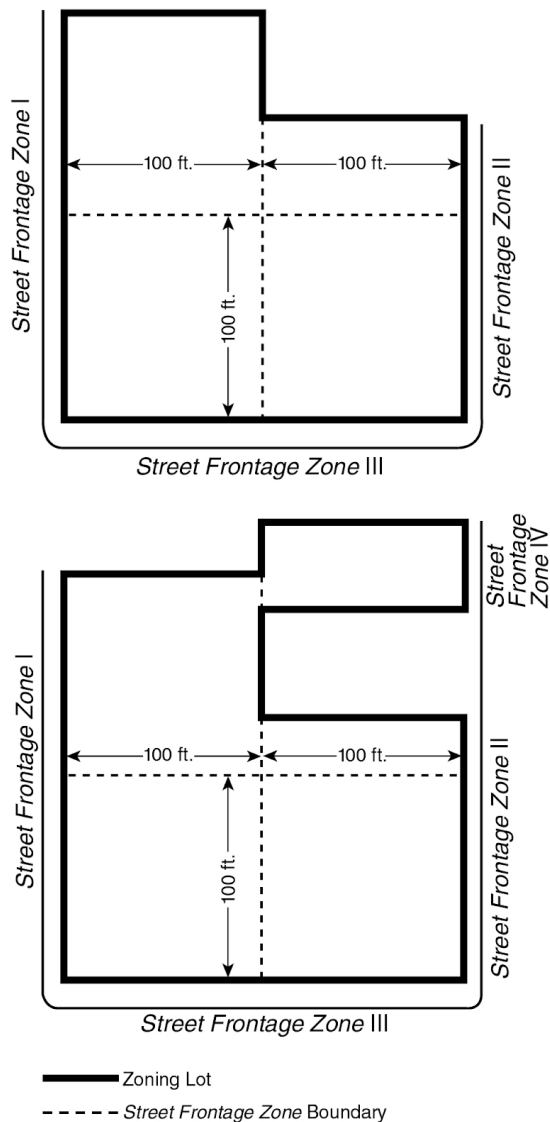

SETBACK AND HALF-SETBACK LINES

(81-261.5)

Street frontage zone

A portion of a **zoning lot** which lies within an area bounded by a continuous **front lot line** and either the center line of the **block** or a line 100 feet distant from and parallel to that **front lot line**, whichever is closer to that **front lot line**. There shall be a **street frontage zone** for each **zoning lot street** frontage. (See illustration of **Street Frontage Zones**)

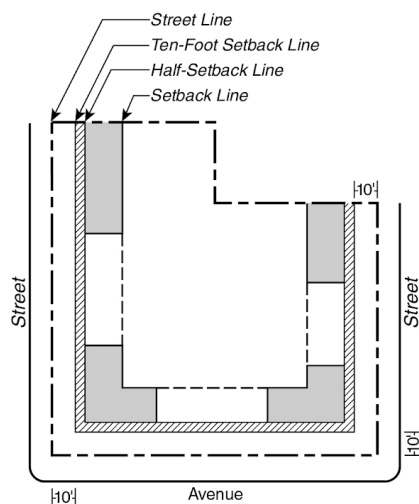

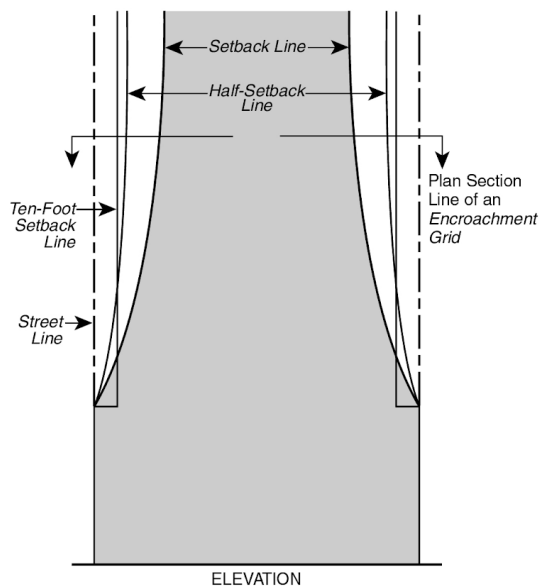

STREET FRONTAGE ZONES

(81-261.6)

Ten-foot setback line

A line which is parallel to the **street line** at a depth of 10 feet and represents the minimum distance any portion of a **building** exceeding the maximum height at the **street line** is required to be set back from the **street line**. A greater setback distance may be required by a **setback line** or a **half-setback line** depending upon the **building** height for which such **setback line** or **half-setback line** is established.

TEN-FOOT SETBACK LINE ON AN ENCROACHMENT GRID

(81-261.7)

Zone A, Zone B, Zone C

"Zone A," "Zone B" and "Zone C" are zones on an **encroachment grid** defined as follows:

- (a) **Zone A** is the **free zone**.
- (b) **Zone B**, an **encroachment** zone, is the zone, exclusive of any area in **Zone A** and any area closer to the **street line** than the **ten-foot setback line**, which lies between the **setback line** and either the **half-setback line** or the **ten-foot setback line**, whichever is further from the **street line**.
- (c) **Zone C**, an **encroachment** zone and penalty zone, is the zone, exclusive of any area closer to the **street line** than the **ten-foot setback line**, which lies between the **half-setback line** and the **ten-foot setback line**.

81-262 - Maximum height of front wall at the street line

LAST AMENDED
5/13/1982

(a) General provisions

The front wall of a **building** at the **street line** shall not exceed the height limit applying along the **street** on which it fronts. Maximum front wall heights at the **street line** vary with the width of the **street** on which the wall fronts, as follows:

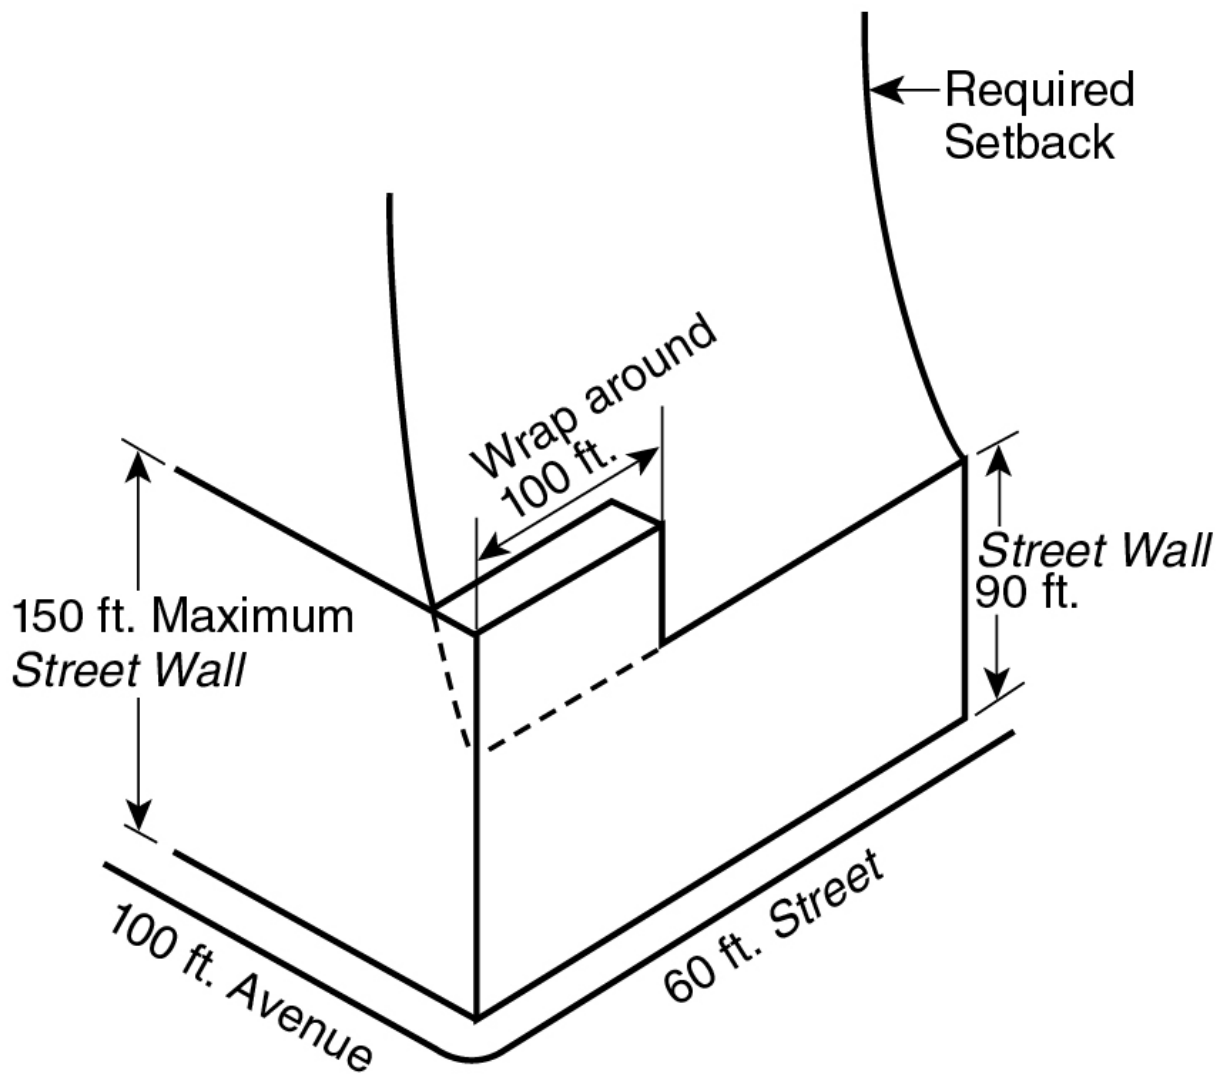

Street Width (in feet)	Maximum Front Wall Height at Street Line (in feet)
60 or less	90
75 or 80	120
100 or more	150

(b) Special provisions for **corner lots**

For a **corner lot** with frontage on **streets** of different widths, the maximum front wall height at the **street line** of the narrower **street** may be increased above that indicated in paragraph (a) in accordance with either one of the following rules:

Rule 1:

The maximum front wall height at the **street line** for the wider **street** may extend up to 100 feet from the corner along the **street line** of the narrower **street**, or

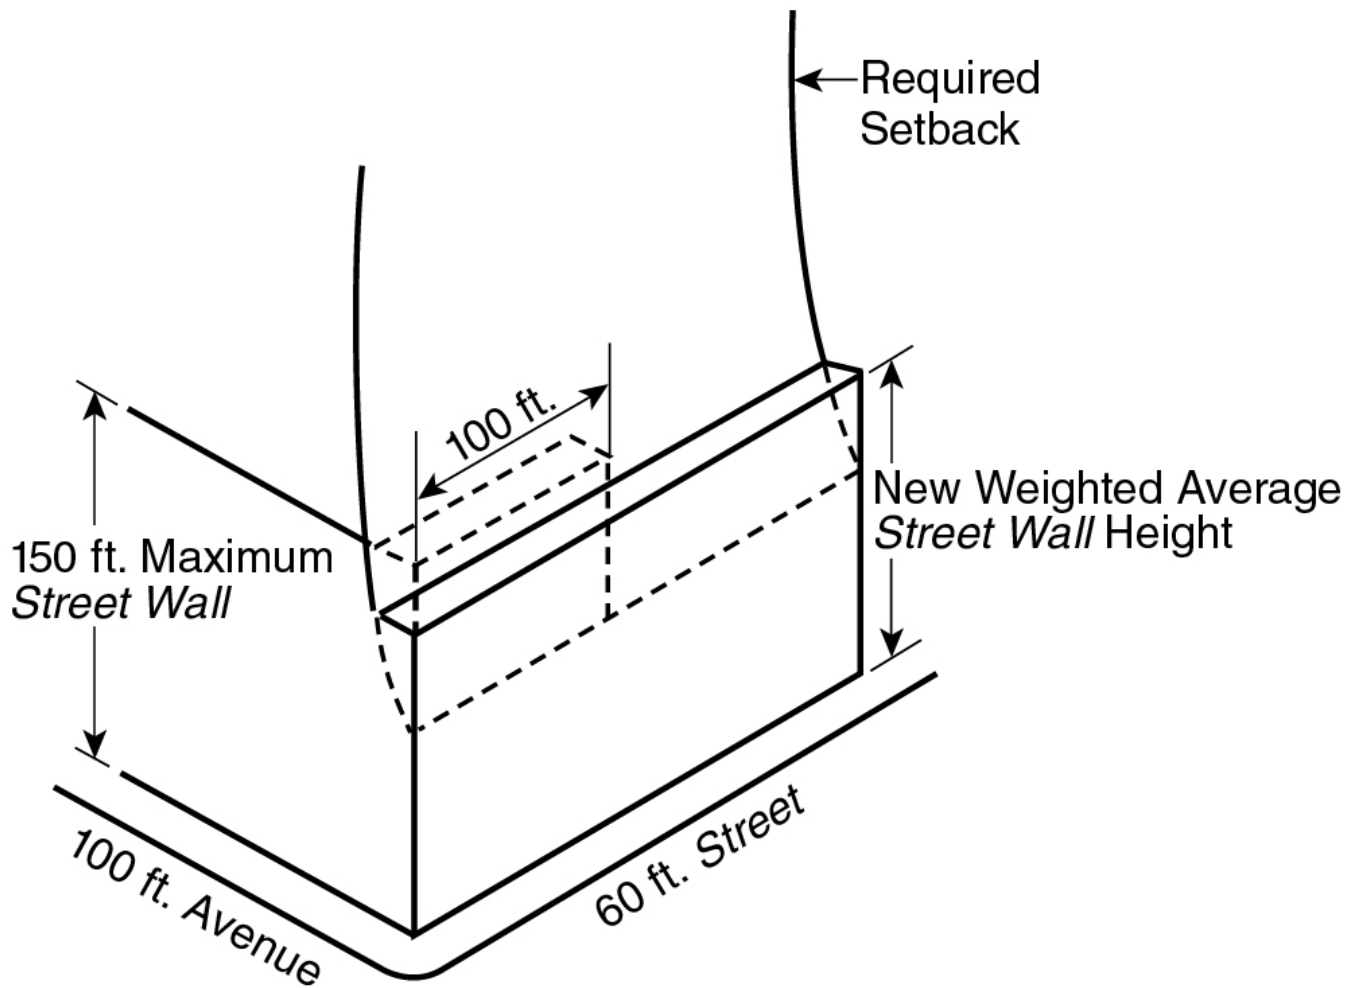

SPECIAL RULE 1 FOR CORNER LOTS

(81-262b.1)

Rule 2:

For any length of frontage from the corner along the narrower **street**, a maximum height for such length of frontage may apply, which shall be the weighted average of (1) the height permitted under Rule 1 for the first 100 feet from the corner, and (2) the standard height limit for front walls on the narrower **street** for the remainder of the frontage. (See illustration of Special Rules for **Corner Lots**)

SPECIAL RULE 2 FOR CORNER LOTS

(81-262b.2)

81-263 - Standard setback requirements

LAST AMENDED
2/2/2011

Buildings shall comply with the regulations of this Section.

(a) Ten-foot setback requirement

Above the maximum height permitted at the **street line** pursuant to the provisions of Section [81-262](#), every portion of a **building** shall be set back at least 10 feet from the **street line**.

(b) General setback provisions; depth to height charts

Above the maximum height permitted at the **street line**, **buildings**, in addition to meeting the requirements of paragraph (a) of this Section, are required to be set back behind the applicable **setback line**, the depth of the **setback line** at any point depending upon the height of the wall at that point in accordance with the requirements of applicable Tables A, B or C of this Section presenting required setbacks from **streets** 60 feet or less, 75 or 80 feet, or 100 or more feet in

width, respectively.

700	49.50
710	50.00
Above 710	For every 10 feet the depth shall increase by one foot

(c) Use of tables

To comply with the setback requirements of this Section, a **building** at any height shall be set back at least to the depth of the **setback line** indicated on the applicable table.

For heights between those shown on the table, the depth of the **setback line** shall be interpolated.

Required depths of **setback lines** shall be rounded off to the next highest half foot.

The setback requirements apply only to portions of **buildings** above the maximum height permitted at the **street line**, so that required setbacks on the narrower **street** frontage of a **corner lot** shall apply only to heights above the maximum front wall heights permitted by the **corner lot** provisions of paragraph (b) of Section [81-262](#) (Maximum height of front wall at the street line).

(d) **Middle one-third rule**

A **building** may penetrate beyond the **setback line** at any height if the penetration is confined to the middle third of the **front lot line** length and complies in all respects with the **middle one-third rule** as defined in Section [81-261](#) (Definitions).

81-264 - Encroachments and compensating recesses

LAST AMENDED
2/2/2011

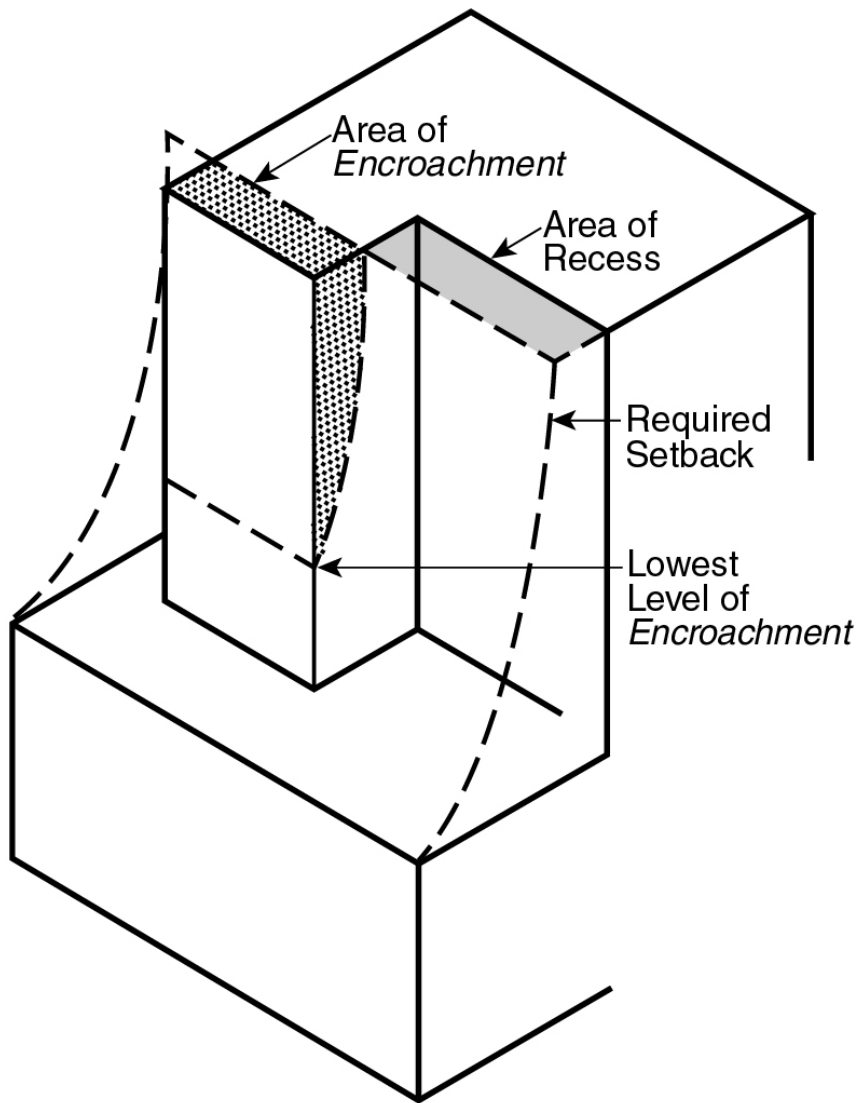

In addition to complying with the setback requirements of Section [81-263](#) (Standard setback requirements), a **building** shall not at any height encroach beyond a **half-setback line** or a **ten-foot setback line**, except as provided below. For each **street frontage zone** and for all **street frontage zones**, taken together on a single **encroachment grid**, a **building** shall not, at any level, have an aggregate area of **encroachment** beyond the **setback line**, other than in any **free zones**, greater than the aggregate area of **compensating recess** at such level.

Except as provided below, an area of **compensating recess** in one **street frontage zone** shall not be used to compensate for **encroachment** in another **street frontage zone**. However, a **building** with a **street frontage zone** which lies along a north-south **wide street** and does not meet the above requirements because of excessive **encroachment** will be in compliance with the **street frontage zone** requirements of this Section if compensation is provided for such excessive **encroachment** by an overlapping **street frontage zone**.

The requirement that the aggregate area of **compensating recess** at least equal the aggregate area of **encroachment**, as set forth in this Section, shall also apply to any **building** which encroaches beyond a **half-setback line** and which is therefore subject to the provisions of Section [81-265](#) (Encroachment limitations by length and height rules). (See illustration of Encroachments and Compensating Recesses)

(a) Rules for measuring **encroachments** and recesses

Areas of **encroachment** and **compensating recess** shall be measured in plan on one or more **encroachment grids** showing for the **zoning lot**, at a given height level, the **street lines**, the **setback lines**, the **half-setback lines**, the **ten-foot setback lines**, **Zones A, B and C** and the **street frontage zones**.

ENCROACHMENTS AND COMPENSATING RECESSES

(81-264a)

The scale of the **encroachment grid** shall be not more than 20 feet to the inch. All **buildings**, existing and proposed, shall be located accurately on the grid in plan at the height level selected to demonstrate compliance. For each **street frontage zone**, the areas of the **building's encroachment** in **Zones B** and **C** and the **compensating recess** areas not covered by any **building** in **Zone A** shall be measured on the **encroachment grid**.

(b) Limits of **encroachment**

Except as provided in paragraph (d) of this Section for existing **buildings** below specified heights, **encroachment** is limited as follows:

- (1) For each **street frontage zone**, at every height above the maximum front wall height at the **street line**, the area within **Zone A** that is not covered by a **building** and qualifies as **compensating recess** area shall, in the aggregate, equal or exceed the aggregate area in **Zones B** and **C** that is encroached upon by a **building** at such height.
- (2) No part of a **building** shall encroach into **Zone C** unless it complies with the provisions

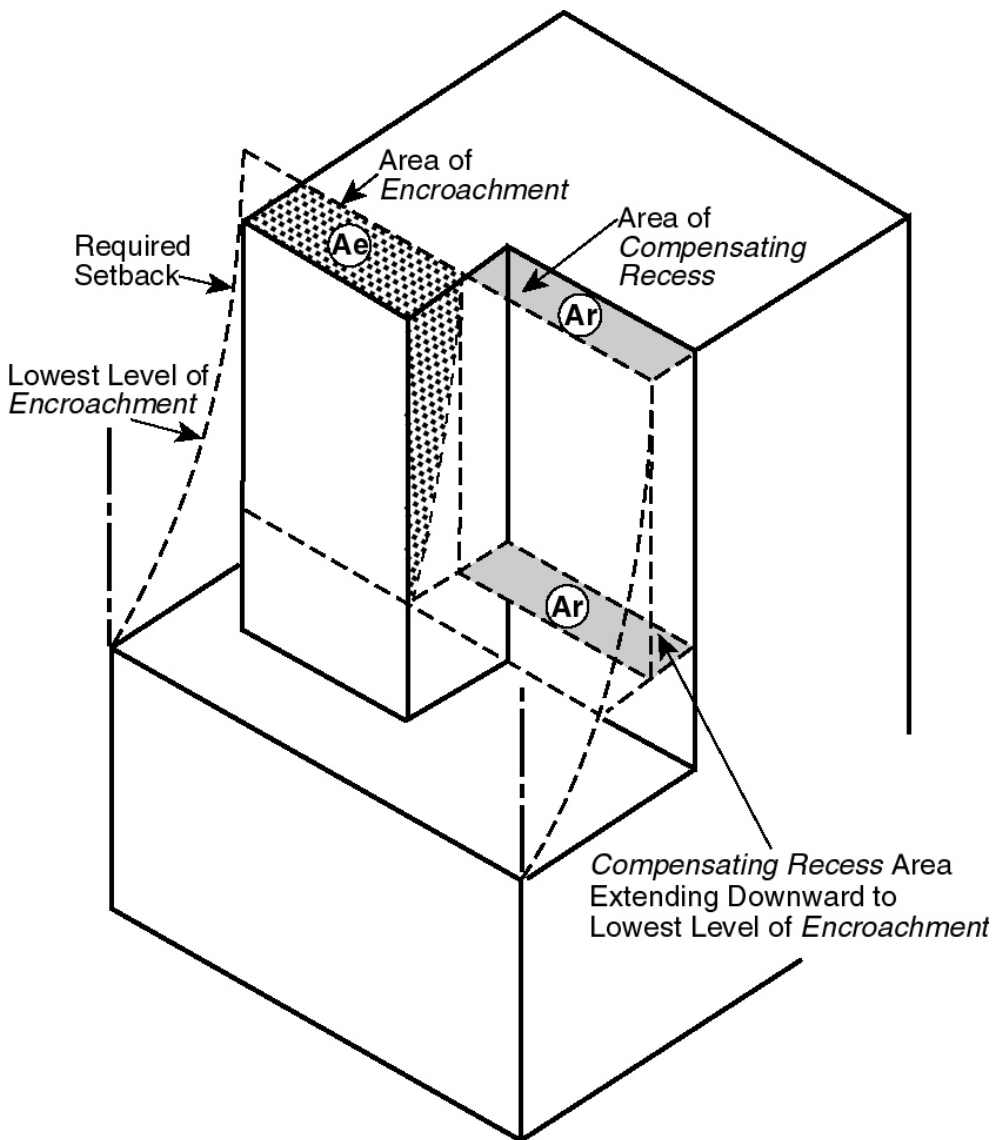

of Section [81-265](#).

- (3) On **corner lots**, the projection of a **building** beyond the **setback** or **half-setback line** on the narrower **street** shall not count as an **encroachment** except at heights above the maximum height permitted at the **street line** by the **corner lot** provisions in paragraph (b) of Section [81-262](#) (Maximum height of front wall at the street line).

(c) Limitations on **compensating recess**

Compensating recess areas are subject to the following limitations:

- (1) Any required **compensating recess** area shall extend without diminution of dimensions downward at least to the lowest level at which any **encroachment** into **Zone B** or **C** occurs and upward to the sky. (See illustration of Extension Downward of Compensating Recess Area)

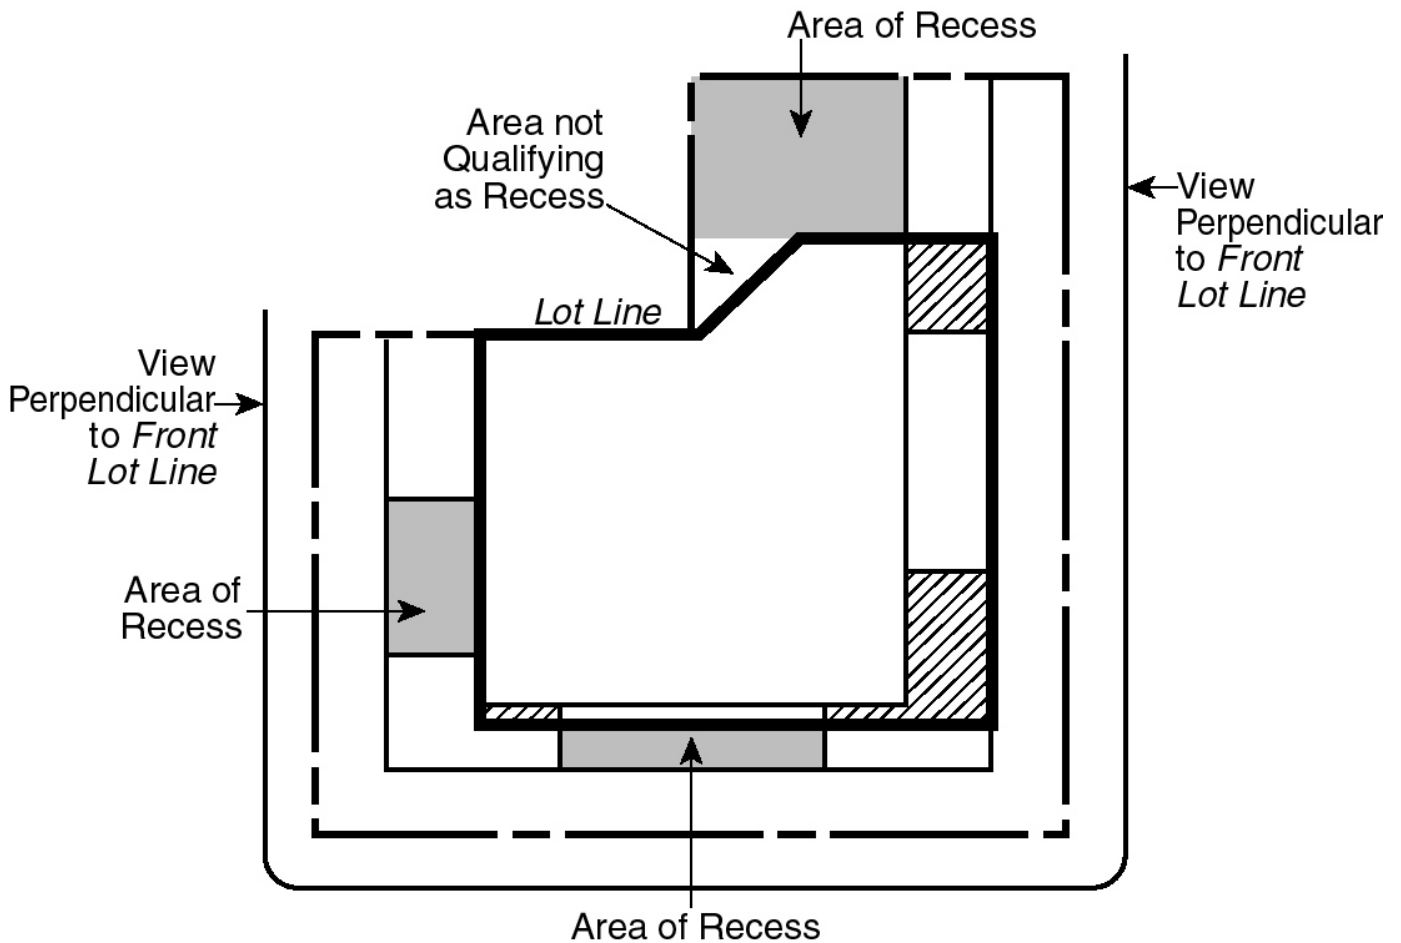

EXTENSION DOWNWARD OF COMPENSATING RECESS AREA

(81-264c1)

- (2) **Compensating recess** area shall be visible when viewed from at least one adjacent

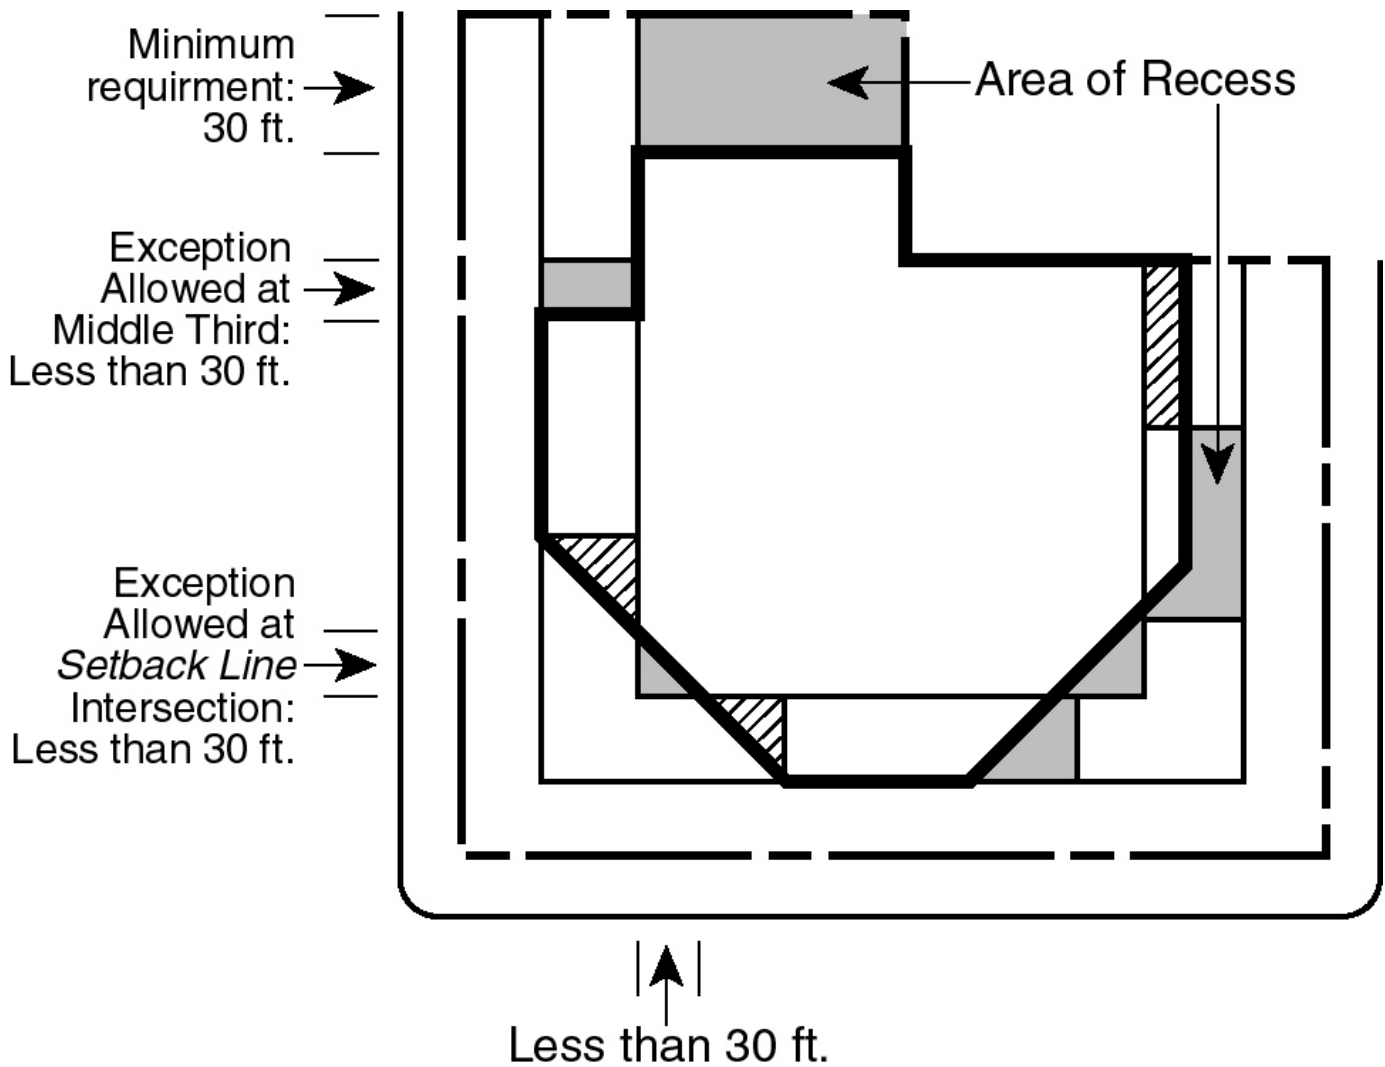

street along a line that intersects the **front lot line** of the **zoning lot** at right angles.
(See illustration of Visibility of Compensating Recess Area)

VISIBILITY OF COMPENSATING RECESS AREA

(81-264c2)

- (3) The minimum length of a **compensating recess**, measured parallel to the **street line**, and behind the **setback line**, is 30 feet, except for any uncovered portion of an area that qualifies as **Zone A** under the **middle one-third rule** or an uncovered area located behind two intersecting **setback lines**. An uncovered area between the **setback** and **half-setback lines** that qualifies as **Zone A** under the **middle one-third rule** is not subject to the minimum length requirement. (See illustration of Minimum Length of Compensating Recess)

MINIMUM LENGTH OF COMPENSATING RECESS

(81-264c3)

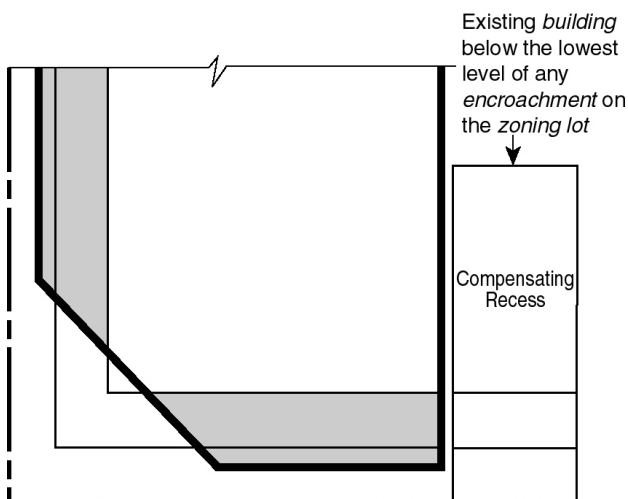

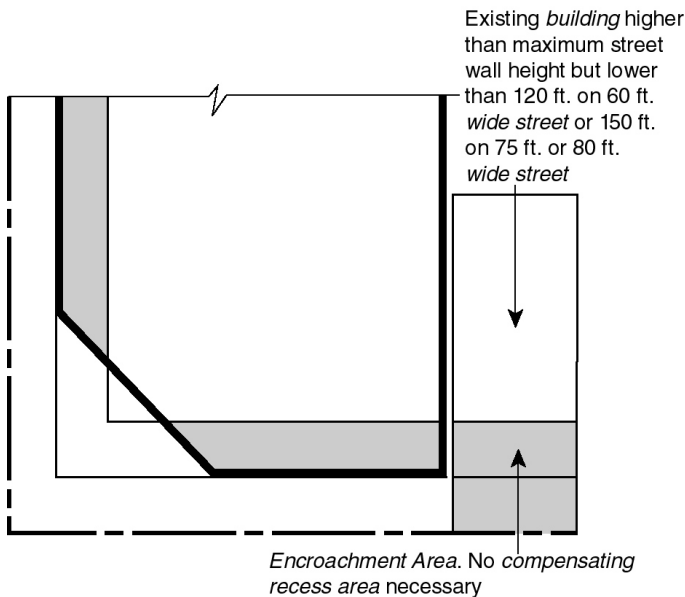

(4) **Compensating recess** area shall be within 100 feet of a **front lot line**.

(d) Existing **buildings** on the **zoning lot**

Where a **zoning lot** contains an existing **building** which exceeds a height limit, an **enlargement** or **development** on such **zoning lot** shall comply with the following provisions:

- (1) For each **street frontage zone**, if the existing **building** is not more than 120 feet in height at any point and encroaches into **Zone B** or **Zone C** or beyond the **ten-foot setback line** along the frontage of a **street** 60 feet wide, or if the existing **building** is not more than 150 feet in height at any point and encroaches into **Zone B** or **Zone C** or beyond the **ten-foot setback line** along the frontage of a **street** 75 or more feet in width, the new **building** or **enlargement** is not required to compensate for such **encroachment** by the provision of **compensating recess** areas. **Encroachment** by such an existing **building** into **Zone C** or beyond the **ten-foot setback line** will not subject the new **building** or **enlargement** to the provisions of Section [81-265](#) unless the new **building** or **enlargement** also encroaches into **Zone C**.

- (2) For each **street frontage zone**, space above such existing **building** and within **Zone A** on the **encroachment grid** may count as **compensating recess** area for the new **building** or **enlargement** provided that such space is at or below the lowest level of any compensable **encroachment** by the new **building** or **enlargement**, that it is located within the same **street frontage zone** as that compensable **encroachment**, and that it qualifies in all respects under the provisions of paragraph (c) of this Section (Limitations on **compensating recess**).
- (3) For each **street frontage zone**, if an existing **building** more than 120 feet in height at any point encroaches into **Zone B** or **Zone C** or beyond the **ten-foot setback line** along the frontage of a **street** 60 feet wide, or if an existing **building** more than 150 feet in height at any point encroaches into **Zone B** or **Zone C** or beyond the **ten-foot setback line** along the frontage of a **street** 75 or more feet in width, the **encroachment** of such **building** into **Zone B** or **Zone C** or beyond the **ten-foot setback line** at any height shall be subject to the requirements for **compensating recess** areas set forth in paragraph (b)(1) of this Section, as if it were a new **building**. Where such an existing **building** encroaches into **Zone C** or beyond the **ten-foot setback line**, the provisions of paragraph (f)(2) in Section [81-265](#) shall apply in addition to the provisions of this Section. (See illustration of Existing Buildings on the Zoning Lot)

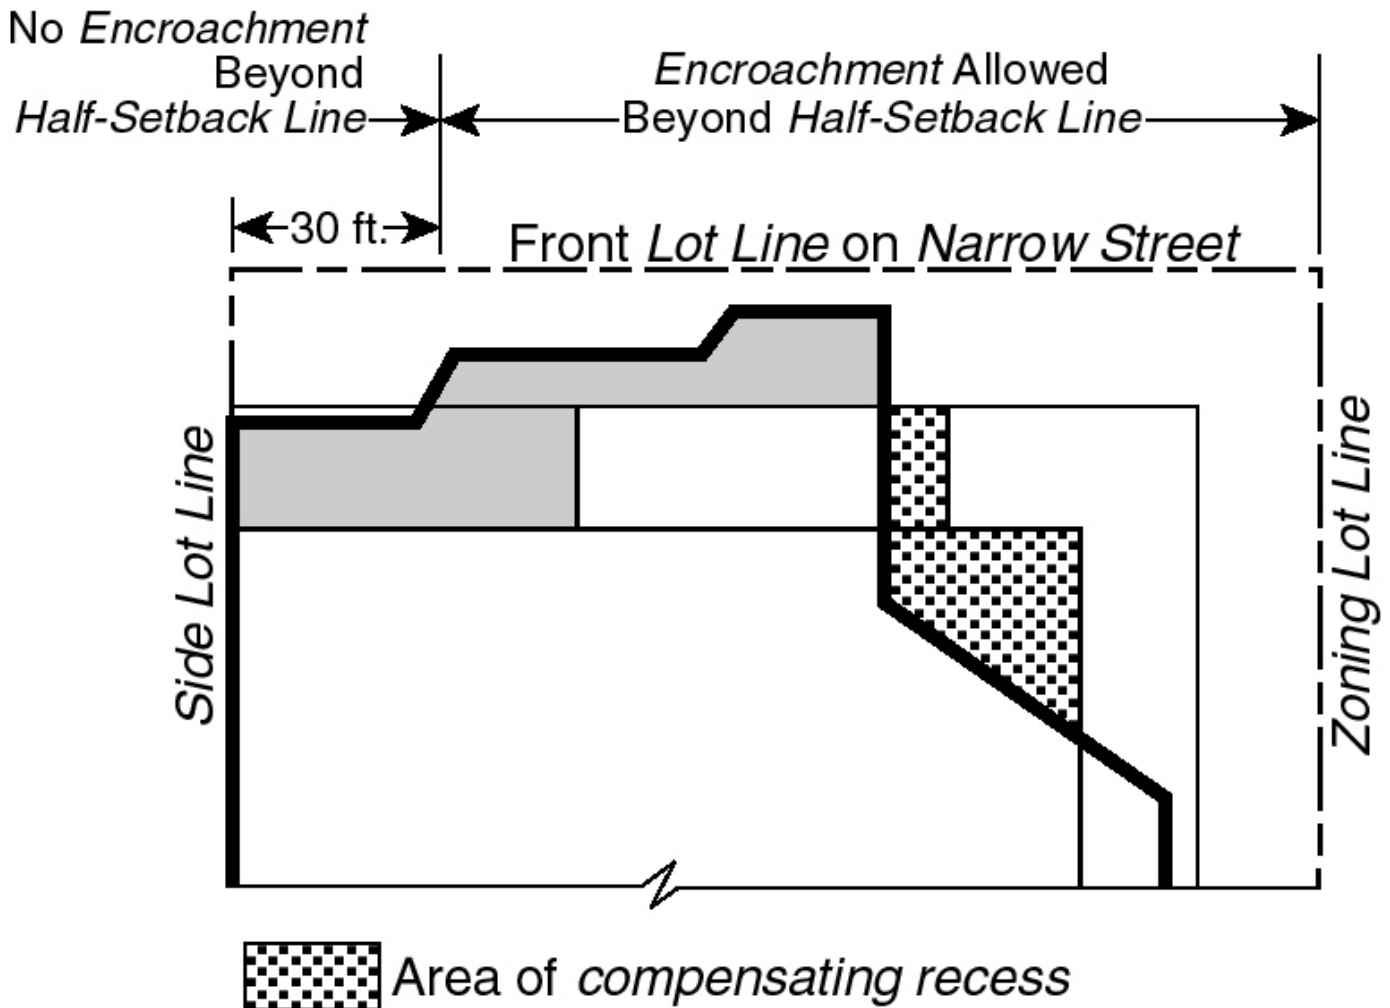

81-265 - Encroachment limitations by length and height rules

LAST AMENDED
4/28/1988

Above the maximum height of a front wall at the **street line** as set forth in Section [81-262](#), a **building** may only encroach beyond the **half-setback line** if it complies with the provisions of this Section and if the area of **compensating recess** equals or exceeds the area of **encroachment** in **Zones B** and **C** in accordance with the provisions of Section [81-264](#) (Encroachments and compensating recesses).

(a) Special limitations

No **encroachment** beyond the **half-setback line** shall be within 30 feet of a **side lot line**. (See illustration of Prohibited and Allowed Encroachment Beyond Half-Setback Line)

HALF-SETBACK LINE

(81-265a)

(b) General provisions

The length, depth, height and area of **encroachments** along any **street** frontage all contribute to a **building's** impact on daylight access. In order to determine whether the depth of a **building's encroachment** into **Zone C** is justified, the length of the **encroachment**, measured parallel to the **street line**, and its height above **curb level** must also be evaluated. The extent of **encroachment** also must be considered in relation to the extent of the area of **compensating recess** in the same **street frontage zone**. The purpose of the length and height rule is to ensure, in the case of **encroachments** beyond the **half-setback line**, that the closer a **building** comes to the **street line**, the less will be the length of its **encroachment**, its height or both. (See illustration of Elements Analyzed)

The elements comprising this analysis are represented by symbols and are as follows:

(1)

De	depth of encroachment
=	
D	depth of setback line

De (depth of **encroachment**) means depth of **encroachment** beyond the **setback line**. Depth of **encroachment** is measured perpendicularly to the **setback line**.

D (depth of **setback line**) means depth of **setback line** from the **street line** or depth of **ten-foot setback line** from the **street line**, whichever depth is greater.

(2)

Le	length of encroachment
=	
L	length of front lot line

Le (length of **encroachment**) means total length of **encroachment** outside the **half-setback line**. Length of **encroachment** is measured as the total length of the **encroachments'** projections on the **street line**.

L (length of **front lot line**) means the length of the **front lot line** along the particular **street**. However, the length of the **front lot line** for the purposes of this Section shall not exceed 300 feet, irrespective of the actual **lot line** length.

(3)

Le	length of encroachment
<hr/>	
Lr	length of recess

Le (length of **encroachment**) as defined in paragraph (b)(2) of this Section.

Lr (length of recess) means total length of **setback line** not encroached upon by a **building**.

(4)

H	height of encroachment
<hr/>	
L	length of front lot line

H (height of **encroachment**) means the height of the **encroachment** above **curb level**.

L (length of **front lot line**) as defined in paragraph (2) of this Section.

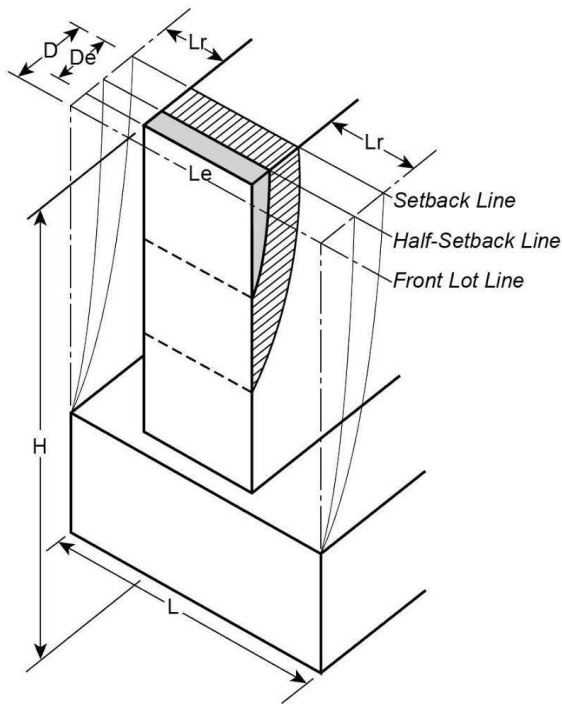

(5)

Ar	area of compensating recess
<hr/>	
Ae	area of encroachment

Ar (area of **compensating recess**) means area of **compensating recess** in the particular **street frontage zone**. Area of **compensating recess** is calculated to a depth of 100 feet from the **street line**.

Ae (area of **encroachment**) means area of **encroachment** beyond the **setback line**. Area of **encroachment** is calculated to a depth of 100 feet from the **street line**.

Values for the elements in paragraphs (b)(1) through (b)(5) shall be found for each **street frontage zone** on which there is any **encroachment** beyond the **half-setback line**.

- L – Length of *front lot line* along the particular *street*
 Le – Length of *encroachment* outside *half-setback line* or *ten-foot setback line*
 Lr – Total length of *setback line* not encroached by *building*
 De – Depth of *encroachment*
 D – Depth of *setback line*
 H – Height of *encroachment* above *curb level*

ELEMENTS ANALYZED

(81-265b)

The elements, weighted according to the effects on daylight access, are represented in the formulas and charts that control the depth, length and height of **encroachments**, as set forth in paragraph (c) of this Section.

Encroachments of proposed **buildings** or **enlargements** beyond the **half-setback line** are permitted only if in compliance at every point with the formulas in paragraph (c) of this Section. Aside from this general requirement, specified points at which the length, depth, height and area rules shall be applied are presented in paragraphs (d) and (e) of this Section.

(c) **Encroachment** limitations by Formulas 1 and 2

Where applicants elect to have their **buildings** regulated by the formulas, **buildings** shall comply with both Formula 1 and Formula 2 as set forth in this paragraph. Elements of the formulas and the symbols by which they are represented are as set forth in paragraph (b) of this Section.

$$\text{Formula 1: } \frac{\text{Maximum } H}{L} = \frac{5.5 - 4 \text{ De} - 2.5 \text{ (Le)}}{\text{D}} \quad \left(\frac{\text{Le}}{L} \right)$$

$$\text{Formula 2: } \text{Minimum Lr} = \frac{L}{3.5}$$

The maximum height of **encroachment** (H) allowed by Formula 1 may be modified for certain conditions, as follows:

- (1) For short frontages

For any frontage less than 200 feet in length, the maximum

$$\frac{H}{L}$$

found by applying Formula 1 may be increased by the following multiplier:

$$\frac{2 - \frac{L}{200}}{1}$$

- (2) For large areas of **compensating recess**

To the extent that the aggregate area of **compensating recess** (Ar) exceeds the aggregate area of **encroachment** (Ae), the maximum

$$\frac{\left(\frac{H}{L} \right)}{1}$$

found by applying Formula 1 may be increased by the following multiplier:

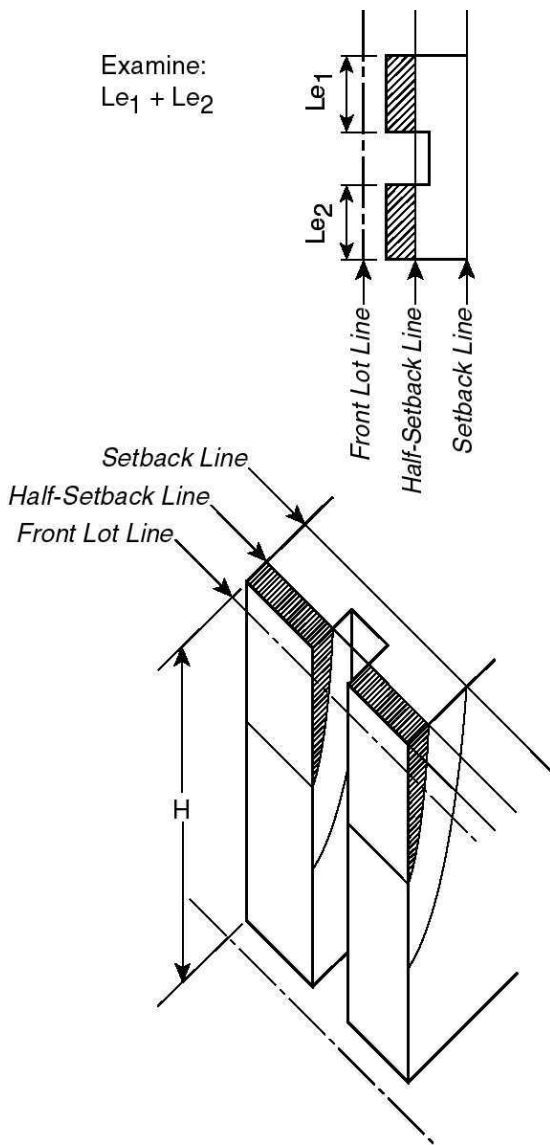

$$\frac{1 + \frac{.067 \text{ Ar}}{\text{Ae}}}{1}$$

For the purposes of this modification, the measurement of the area of **compensating recess** (Ar) and the area of **encroachment** (Ae) in each particular **street frontage zone** shall be made on the **encroachment grid** at the height level for which **encroachments** beyond the **half-setback line** are checked. The **encroachment grid** shall include all **street frontage zones**. (Ar) shall include all areas of **compensating recess** in the particular **street frontage zone**, whether or not connected, and (Ae) shall include all **encroachments** in both **Zone B** and **Zone C** in the same **street frontage zone**, whether or not such **encroachments** are connected.

(d) Measurement of **encroachments**

The points at which the formulas are applied will depend upon the shape and dimensions of the **encroachments** beyond the **half-setback line** and shall be in accordance with the provisions of this paragraph and paragraph (e) of this Section.

Where the **encroachments** along a single **street** frontage are not connected outside the **half-setback line**, each **encroachment** shall be measured separately in accordance with the provisions of paragraph (e). However, at any given height, where such non-contiguous **encroachments** occur, the **encroachments** shall be examined together, and the length of **encroachment** (Le) shall be the total of the (Le) for the individual **encroachments**. (See illustration of Non-contiguous **Encroachments**)

NON-CONTIGUOUS ENCROACHMENTS

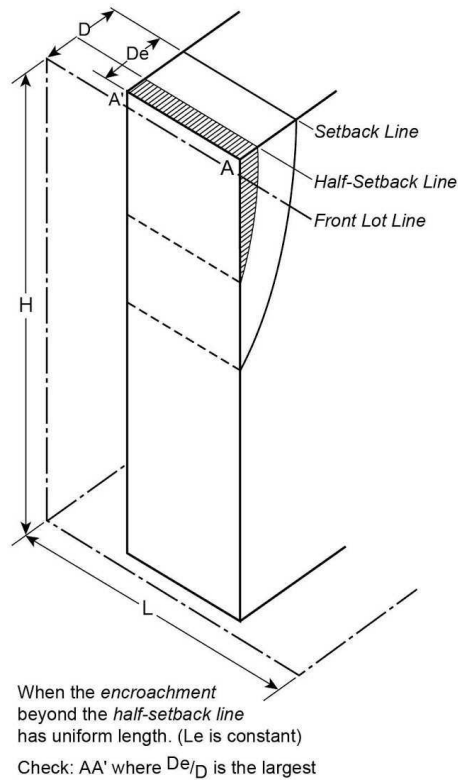

(81-265d)

(e) Heights and depths at which formulas are applied

Heights and depths at which the formulas shall be applied are set forth in this paragraph. In addition to meeting the requirements of paragraphs (e)(1) and (e)(2) of this Section, the applicant shall demonstrate that there is no height at which the proposed **building** or **enlargement** fails to comply with the formulas in paragraph (c) of this Section.

(1) Standard requirement where length of **encroachment** is uniform

Where the length of the **encroachment** (Le) is uniform for the entire height of the **encroachment** (H) and the entire depth (De) at every height, the length, depth and height rules expressed in the formulas shall be applied only at the height where (De/D) is greatest and at the outermost edge of the **encroachment**. (See illustration of Uniform Length of **Encroachment**)

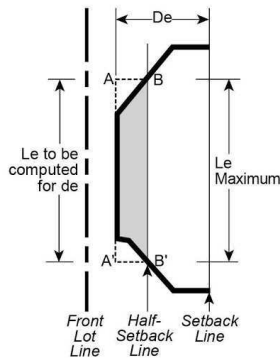

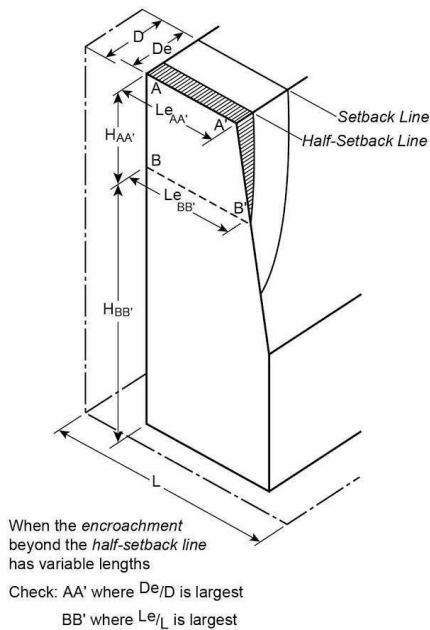

UNIFORM LENGTH OF ENCROACHMENT

(81-265e1)

- (2) Standard requirement where length of **encroachment** is not uniform

Where the length of the **encroachment** (L_e) is not uniform, the rules shall be applied at the height level where (D_e/D) is greatest and also at the height level where the length of **encroachment** (L_e) is greatest. If the greatest length of **encroachment** is uniform for part of the **building's** height, the rules shall be applied at the highest level at which such greatest length of **encroachment** occurs. (See illustrations Where Length of **Encroachment** Is Not Uniform).

If for a particular height level, the length of the **encroachment** (L_e) varies with the depth of the **encroachment** (D_e), the largest (L_e) of this **encroachment** shall be used together with the largest (D_e) in applying the rules as if the **encroachment** were of uniform length as provided in paragraph (e)(1) of this Section.

WHERE LENGTH OF ENCROACHMENT IS NOT UNIFORM

(81-265e2)

(f) **Encroachments** by existing **buildings**

When a **zoning lot** contains an existing **building** which encroaches beyond a **half-setback line** or a **ten-foot setback line**, an **enlargement** or **development** on such **zoning lot** shall comply with the following provisions:

(1) Existing **buildings** below specified heights

- (i) Except as provided in paragraph (f)(1)(ii) of this Section, an existing **building** not more than 120 feet in height shall not be considered in applying the length and height rules even though a portion of such **building** encroaches beyond the **half-setback line** or **ten-foot setback line** along a 60 foot wide **street** and an existing **building** not more than 150 feet in height shall not be considered in applying the length and height rules even though a portion of such **building** encroaches beyond the **half-setback line** or **ten-foot setback line** along a **street** 75 or more feet in width.

- (ii) However, the area occupied by the existing **building** shall be included in the calculation of (Ar/Ae) for the modification of Formula 1 allowed in the case of large areas of **compensating recess**, as set forth in paragraph (c)(2) of this Section.
- (2) Existing **buildings** above specified heights

Where an existing **building** more than 120 feet in height encroaches beyond the **half-setback line** or **ten-foot setback line** along a 60-foot wide **street** or where an existing **building** more than 150 feet in height encroaches beyond the **half-setback line** or **ten-foot setback line** along a **street** 75 or more feet in width, the following provisions, in addition to those of paragraph (d)(3) of Section [81-264](#) (Encroachments and compensating recesses), shall apply:

- (i) no new construction on the **zoning lot** shall encroach beyond the **half-setback line** along any **street**, and
- (ii) the length and height rules of this Section shall not apply.

81-266 - Special permit for height and setback modifications

LAST AMENDED
4/28/1988

In C5-3, C6-6 or C6-7 Districts, where a special permit application is made pursuant to Section [74-71](#) (Landmark Preservation) for modification of **bulk** regulations on a **zoning lot** containing a landmark, or where a special permit application is made pursuant to Section [74-79](#) for transfer of development rights from a landmark site and the **floor area** represented by such transferred development rights exceeds 20 percent of the basic maximum **floor area** permitted on the **zoning lot** receiving the development rights, such application may include a request for modification of the height and setback regulations set forth in Sections [81-261](#) to [81-265](#), inclusive, relating to Height and Setback Regulations - Daylight Compensation. The City Planning Commission may authorize such height and setback modifications subject to the following conditions:

- (a) the applicant shall demonstrate to the satisfaction of the Commission that a feasible design for the proposed **development** or **enlargement** which accommodates the permitted **floor area** is not possible under the provisions of Sections [81-261](#) to [81-265](#), inclusive, and shall further indicate for the proposed design where and to what extent deficiencies of **compensating recess** are necessary or compliance with the length and height rules is not possible. Scale drawings shall be used in presenting the analyses required herein; and
- (b) the Commission shall make the following findings in addition to any required under the applicable provisions of Section [74-71](#) or Section [74-79](#):
 - (1) that the requested departure from the height and setback regulations is the minimum amount necessary to achieve a feasible **building** design;
 - (2) that the disadvantages to the surrounding area resulting from reduced light and air access will be more than offset by the advantages of the landmark's preservation to the local community and the City as a whole; and

- (3) that where the landmark is located on the **zoning lot** proposed for **development** or **enlargement** or on a lot contiguous thereto or directly across a **street** therefrom, the modification of height and setback regulations will adequately protect the setting for the landmark.

81-27 - Alternate Height and Setback Regulations - Daylight Evaluation

LAST AMENDED
8/9/2017

81-271 - Definitions

LAST AMENDED
8/9/2017

Center line of the street (bounding a **zoning lot**)

A line equidistant from and parallel or nearly parallel to the **street lines** on both sides of the **street**. However, for the purposes of daylight evaluation:

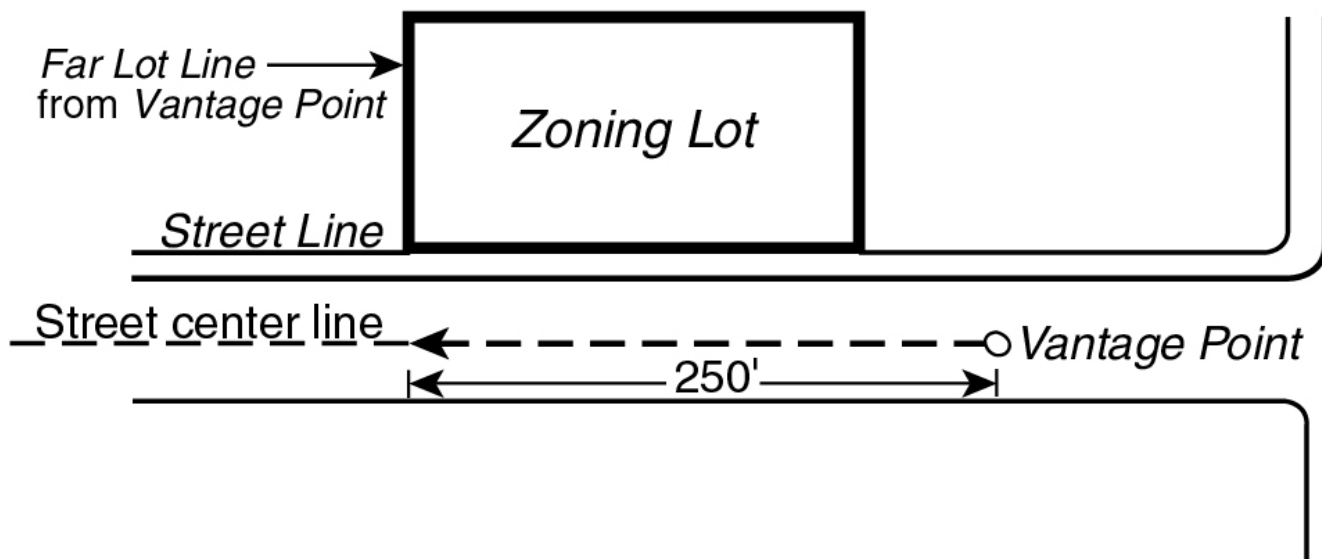

- (a) on a **street** 75 feet in width, the **center line of the street** shall be considered to be a line 40 feet from, and parallel to, the **front lot line** of the **zoning lot**; and
- (b) on a **street** more than 100 feet in width, the **center line of the street** shall be considered to be a line 50 feet from, and parallel to, the **front lot line** of the **zoning lot**.

Daylight Evaluation Chart (DEC)

A graphic tool which permits objective measurements of portions of sky blocked by a **building** when it is viewed from a **vantage point**. There are three **daylight evaluation charts** for use with **street** widths of 60 feet, 75 to 80 feet and 100 feet and over, respectively. All **buildings** are drawn on the appropriate **daylight evaluation chart** to evaluate their compliance with the regulations of Section [81-27](#) (Alternate Height and Setback Regulations—Daylight Evaluation). These three **daylight evaluation charts** are in Appendix B of this Chapter. A fourth chart in Appendix B is available for use with **qualifying sites** in the East Midtown Subdistrict, as defined in Section [81-613](#), with frontage along Park Avenue.

Far lot line

A **lot line** intersecting the **street line** of the **vantage street** such that, when viewed from the **vantage point**, the **zoning lot** does not contain any **lot area** that is on the far side of and immediately adjoining the **lot line** at its intersection with the **street line**. (See illustration of **Far Lot Line** and **Vantage Point**)

FAR LOT LINE AND VANTAGE POINT

(81-271.1)

Near lot line

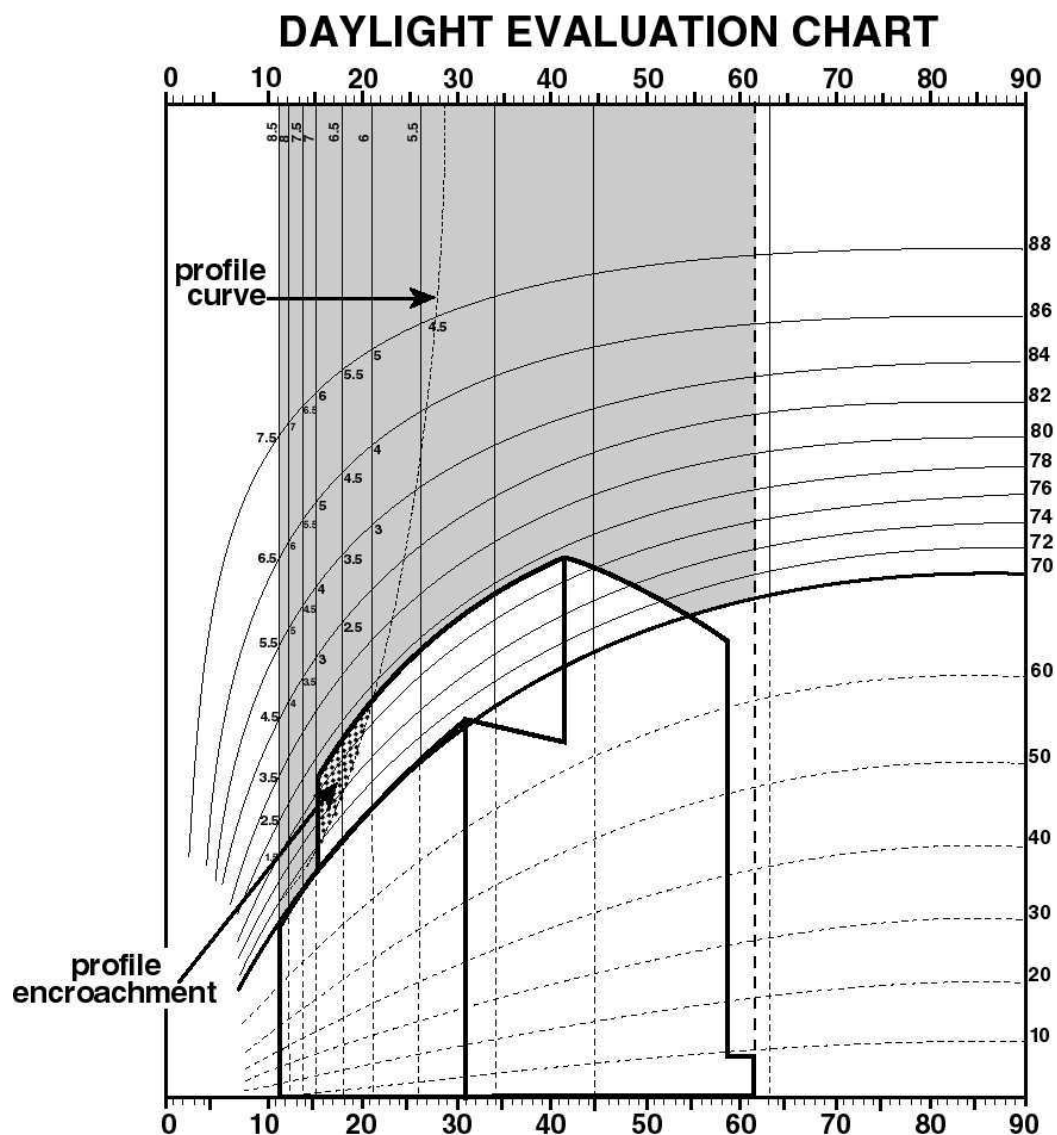

A **lot line**, other than the **far lot line**, which intersects the **street line** of the **vantage street** and which defines the extent of the **zoning lot's** continuous frontage along the **vantage street** from the **far lot line**.

Profile curve

A curved line on the **daylight evaluation chart** rising from the intersection of the curved line representing an elevation angle of 72 degrees with the vertical line at the **far lot line**. The **profile curve** is used to evaluate a **building's** obstruction of the sky as seen in profile from the **vantage point**.

Profile encroachment

The space on the **daylight evaluation chart** which, when viewed from the **vantage point**, is on the far side of the **profile curve** and which is blocked by the projection of the **building** on the **daylight evaluation chart**. (See illustration of **Profile Encroachment**)

PROFILE ENCROACHMENT

(81-271.2)

Vantage point

A point on the **center line of the street** bounding the **zoning lot** and located 250 feet from the intersection of the extension of the **zoning lot's far lot line** with the **center line of the street**. (See illustration of **Far Lot Line** and **Vantage Point**)

Vantage street

A **street** bounding the **zoning lot** and on the center line of which a **vantage point** is located.

81-272 - Features of the Daylight Evaluation Chart

The **daylight evaluation chart (DEC)** is a graphic representation of a pedestrian's field of view as he or she looks down a **street** and sweeps his or her view 90 degrees to the left or to the right.

Under special conditions, this view can be extended to 180 degrees horizontally as specified in Section [81-275](#) (Special conditions).

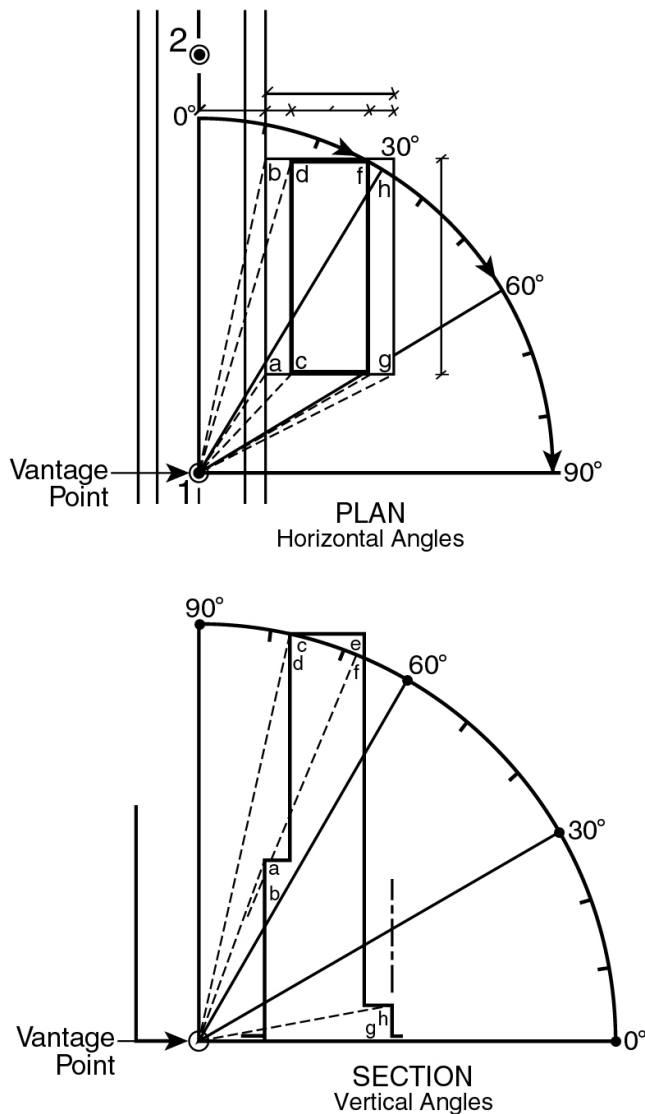

This pedestrian view is based on a **vantage point** located 250 feet from the intersection of the **zoning lot's far lot line** with the **center line of the street**.

There are three **daylight evaluation charts** for use with different Midtown **street** widths. They include a chart for 60-foot wide **streets** (for most east-west crosstown **streets**) as well as a chart for 75-foot or 80-foot wide **streets** and a chart for **streets** 100 feet or more in width (for avenues and major crosstown **streets**). All of these charts have the following features:

- (a) Horizontal and vertical axes

The **daylight evaluation chart** has both a horizontal and vertical component, encompassing views sweeping both 90 degrees horizontally and 90 degrees vertically. (See illustration of Horizontal and Vertical Angles of View)

Under special conditions, this view can be extended to 180 degrees horizontally as specified in Section [81-275](#).

HORIZONTAL AND VERTICAL ANGLES OF VIEW

(81-272a.1)

The horizontal axis of the **daylight evaluation chart** is measured in degrees of arc from zero degrees to 90 degrees starting from the **vantage point** along the **center line of the vantage street** and sweeping toward the **building**.

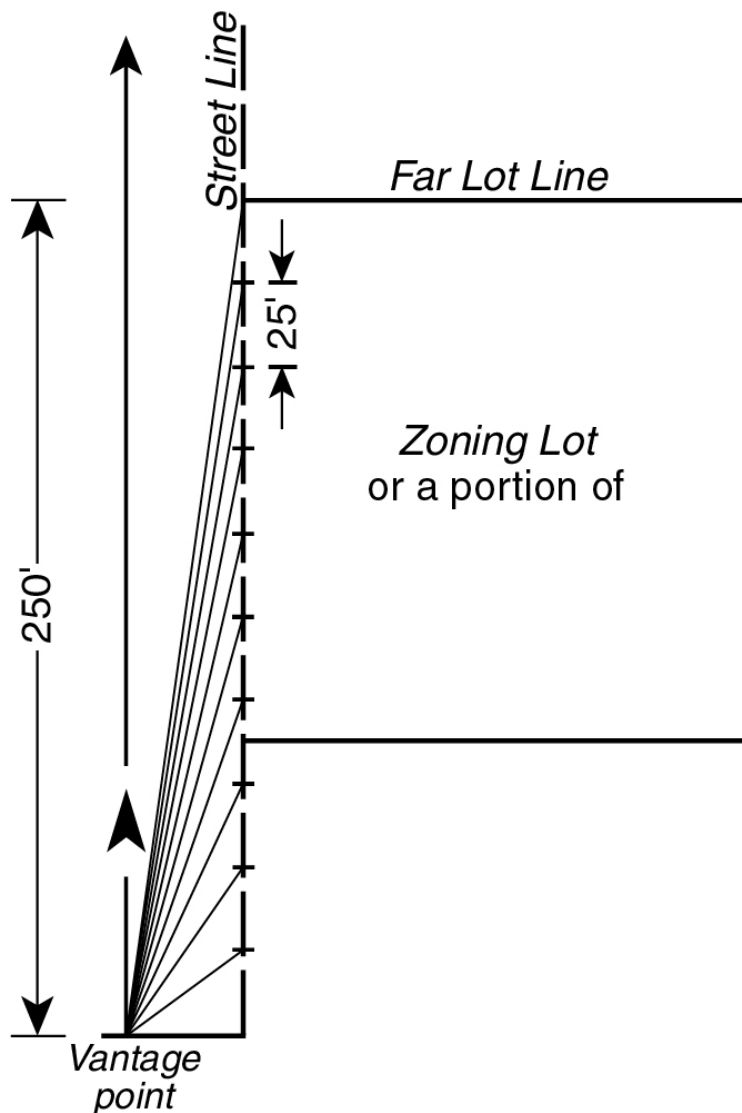

The horizontal axis is intersected by vertical lines corresponding to lines of sight from the **vantage point** to points 25 feet apart on the **front lot line** along the **vantage street** measured from the intersection of the **far lot line** with the **vantage street line**.

The vertical axis of the **daylight evaluation chart** is measured in degrees of arc from zero degrees to 90 degrees starting from the **center line of the vantage street** at **curb level** and sweeping upward.

The vertical axis is intersected by curved elevation lines representing elevation angles from the **center line of the street** at 10 degree intervals from zero degrees to 70 degrees and at two degree intervals from 70 degrees to 90 degrees. (See illustration of Horizontal and Vertical Axes)

[illegible]

Intersection of
Far Lot Line →
and *Vantage*
Street Line

HORIZONTAL AND VERTICAL AXES

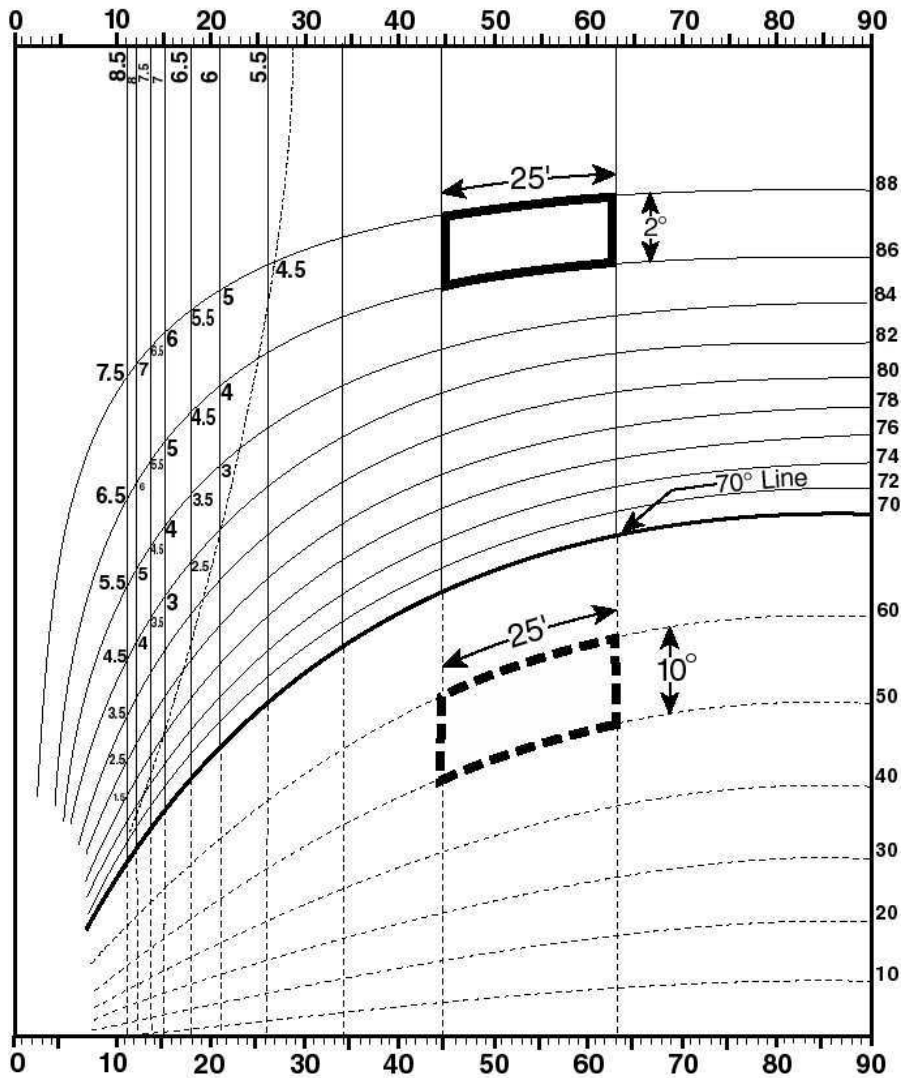

(81-272a.2)

(b) Daylight squares

The horizontal and vertical lines form a curvilinear grid dividing the **daylight evaluation chart** into areas called daylight squares. Above the 70 degree line, the grid is divided into 100 daylight squares starting from the vertical line rising from the intersection of the **far lot line** with the **street line** of the **vantage street** and ending at the vertical line representing 90 degrees along the horizontal axis. Each of these 100 squares represents 25 feet of lot frontage on the **vantage street** and two degrees of elevation angle from the **center line of the vantage street**.

Below 70 degrees, the grid is divided into 70 daylight squares starting from the vertical line rising from the intersection of the **far lot line** with the **street line** of the **vantage street** and ending at the vertical line rising at 90 degrees along the horizontal axis. Each of these 70 squares represents 25 feet of lot frontage on the **vantage street** and 10 degrees of elevation angle from the **center line of the street**. (See illustration of Daylight Squares)

DAYLIGHT EVALUATION CHART

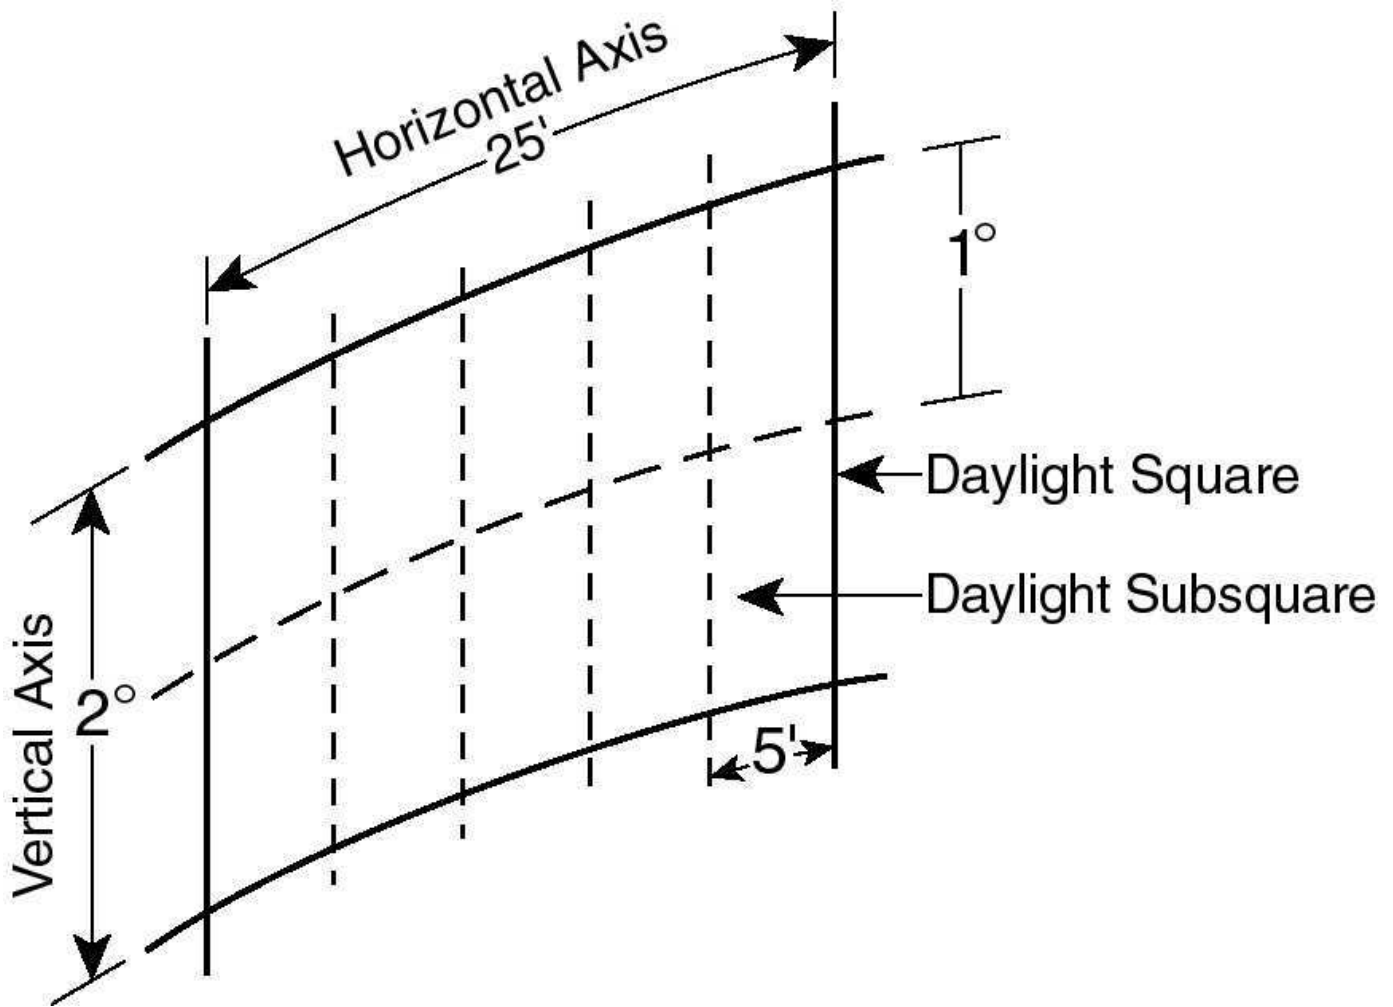

DAYLIGHT SQUARES

(81-272b)

(c) Daylight subsquares

For greater plotting and scoring precision, the horizontal axis of the grid is further subdivided by vertical lines at points five feet apart on the **front lot line** as seen from the **vantage point**. The vertical axis is further subdivided by curved lines representing lines of equal elevation at one degree intervals from 70 degrees to 90 degrees. Therefore, each daylight square is subdivided into 10 subsquares, each representing five feet of lot frontage on the **vantage street** and one degree of elevation angle from the **center line of the vantage street**. (See illustration of Daylight Squares and Subsquares Above 70 Degrees)

DAYLIGHT SQUARES AND SUBSQUARES ABOVE 70 DEGREES

(81-272c)

(d) The seventy degree line

Research shows that, as an average, 70 degrees is the elevation angle at which **buildings** in the **Special Midtown District** are set back from the **street line**. Most of the daylight below 70 degrees is blocked by such **buildings**. Slabs, towers or other setback portions of **buildings** rise to block an average of 25 percent of the available daylight squares above 70 degrees.

In **building** evaluation, the **DEC** measures the blocked sky above 70 degrees. Below 70 degrees, **buildings** are given credit for unblocked daylight.

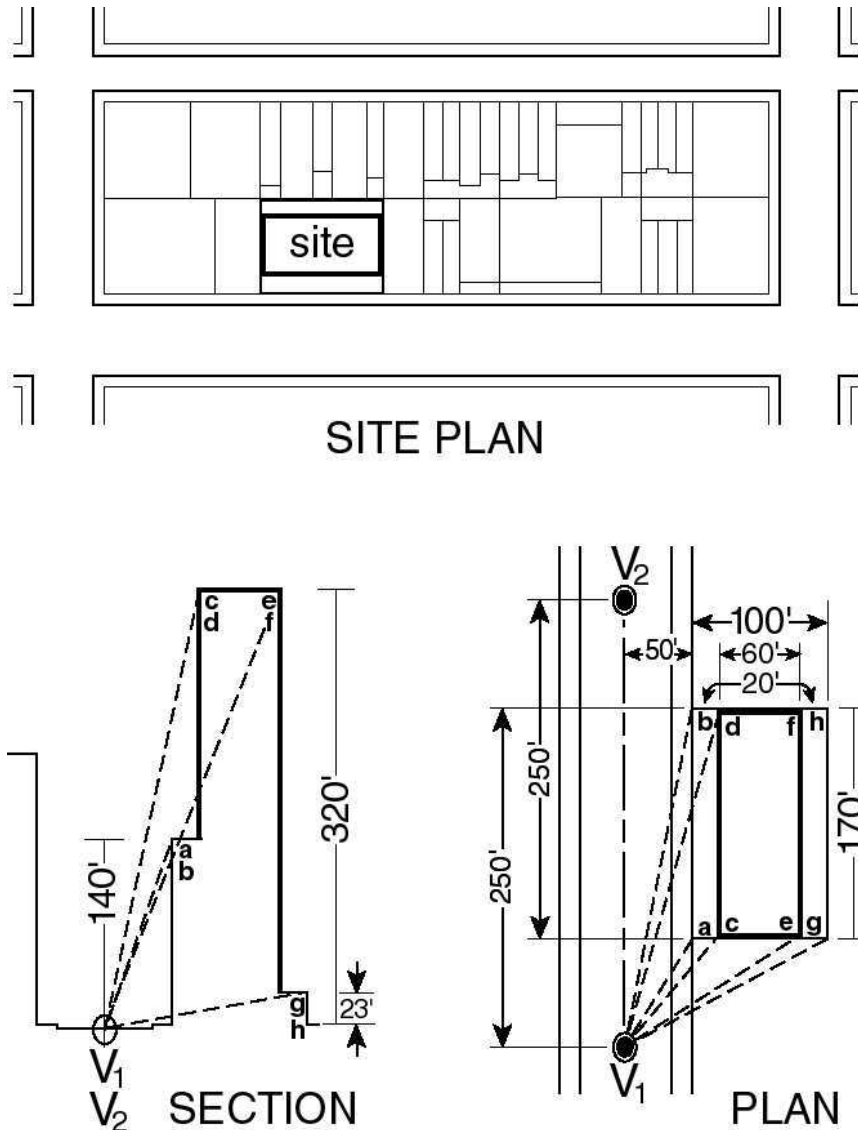

(e) The **profile curve**

The grid is traversed by the **profile curve**, which rises from the intersection of the curved line representing an elevation angle of 72 degrees with the vertical line at the **far lot line**. The **profile curve** is derived from the predominant built character of developed Midtown **streets** as seen in profile. **Encroachment** across the **profile curve** is penalized to discourage canyon-like Midtown **streets** and to protect neighboring **buildings**.

Evaluation of a **development** or **enlargement** requires drawing the new **buildings**, remaining **buildings** and open areas on the **zoning lot** on the appropriate **daylight evaluation chart (DEC)**, as viewed from each required **vantage point** and then scoring the **zoning lot**. The rules for plotting **buildings** on the **DEC** are set forth in the following paragraphs of this Section and illustrated by an example of a **building** which fronts on a 100-foot wide **street** and occupies a site 170 feet long by 100 feet deep.

(a) Draw the **building**

Draw the **building** in plan showing all **street** frontages of the **zoning lot**. Draw the **building** in section perpendicular to each **street** on which the **zoning lot** fronts. On both plan and section drawings label all corners of the **building**. In the example they are labeled corners (a) through (h). (See illustrations of Example: Building Drawings)

EXAMPLE: BUILDING DRAWINGS

(b) Establish **vantage points**

Establish on the plan all the **vantage points** from which views must be taken. **Vantage points** shall be established on the **center line of the vantage street** 250 feet from the intersection of the **zoning lot's far lot line** and the **center line of the street**. For each **vantage street** there are at least two **vantage points**. In the example, they are V1 and V2. For each **vantage point** there shall be a separate **daylight evaluation chart**. The example will use **vantage point** one.

(c) Record plan and section dimensions

Record on a coordinate chart for each corner of the **building** the following dimensions:

(1) Dimensions in plan:

The distance (S) between the corner and the **center line of the street** as measured along a line that intersects the **center line of the street** at right angles. In the example, distance (S) of corner (b) + 50 feet.

The distance (D) measured along the **center line of the street** from the **vantage point** to the point where the **street** center line is intersected by the perpendicular line from the corner. In the example, distance (D) of corner (b) + 250 feet.

(2) Dimension in section:

The height (H) of the corner above **curb level**. In the example, height (H) of corner (b) + 140 feet.

(d) Calculate plan and section angles

Determine the plan and section angles for each corner of the **building** as viewed from the **vantage point**.

(1) A plan angle is an angle on the plan formed at the **vantage point** by the line of sight to a corner of the **building** and the **center line of the vantage street**. The plan angle is found by calculating the tangent. The tangent is the quotient found by dividing distance (S) by distance (D). The plan angle for the resulting tangent is found in a tangent table and is then entered on the coordinate chart in the column marked "plan angles."

(2) The section angle is an angle formed by a line representing the distance in section from a corner of the **building** to the **center line of the vantage street** and a line representing the distance in plan (S) between the corner and the **center line of the street**. The section angle is found by calculating its tangent. The tangent is the quotient obtained by dividing the height of the corner (H) by its horizontal distance (S) from the **center line of the street**.

The section angle for the resulting tangent is found in a tangent table and is then entered on the coordinate chart in the column marked "section angles."

EXAMPLE OF COORDINATE CHARTS

Plan Angles

Point	Distance (S) from Street Center Line (in feet)	Distance (D) from Vantage Point 1 (in feet)	Tangent (S÷D) of Angle	Angle
a	50	80	$50/80 = 0.63$	32.0o
b	50	250	$50/250 = 0.20$	11.3o
c	70	80	$70/80 = 0.87$	41.2o
d	70	250	$70/250 = 0.28$	15.6o
e	130	80	$130/80 = 1.63$	58.4o
f	130	250	$130/250 = 0.52$	27.5o
g	150	80	$150/80 = 1.88$	61.9o
h	150	250	$150/250 = 0.60$	31.0o

Section Angles

Point	Height (H) Above Curb Level (in feet)	Distance (S) from Street Center Line (in feet)	Tangent (H÷S) of Angle	Angle
a & b	140	50	$140/50 = 2.80$	70.3o
c & d	320	70	$320/70 = 4.57$	77.7o
e & f	320	130	$320/130 = 2.46$	67.9o
g & h	23	150	$23/150 = 0.15$	8.7o

(e) Plot corner coordinates

Plot each corner of the **building** onto the **daylight evaluation chart** at the point where the coordinates for that corner intersect. The plan angle coordinates are found on the horizontal axis of the chart and the section angle coordinates are found on the vertical axis. The points

- (1) establishing points along the line in plan at 10-foot intervals;
- (2) finding the coordinates of the points and plotting them on the chart; and
- (3) connecting the resulting points.

DAYLIGHT EVALUATION CHART

(81-273e)

- (f) Determine daylight boundaries

Draw a vertical line on the chart rising from the intersection of the **near lot line** of the **zoning lot** with the center line of the **block** or with a line 100 feet distant from and parallel to the **front lot line** on the **vantage street**, whichever line is closer to the **vantage street**. This line and the **far lot line** represent the boundaries of the potential sky area that the **building** could block. (See illustration of Building as Drawn on the Daylight Evaluation Chart)

81-274 - Rules for determining the daylight evaluation score

LAST AMENDED
2/2/2011

A **zoning lot** is scored by determining the number and the value of the daylight squares the **building** blocks when viewed from the **vantage point**, compared to the total number of daylight squares available within the daylight boundaries as determined in paragraph (f) of Section [81-273](#) (Rules for plotting buildings on the daylight evaluation chart) and above an elevation angle of 70 degrees.

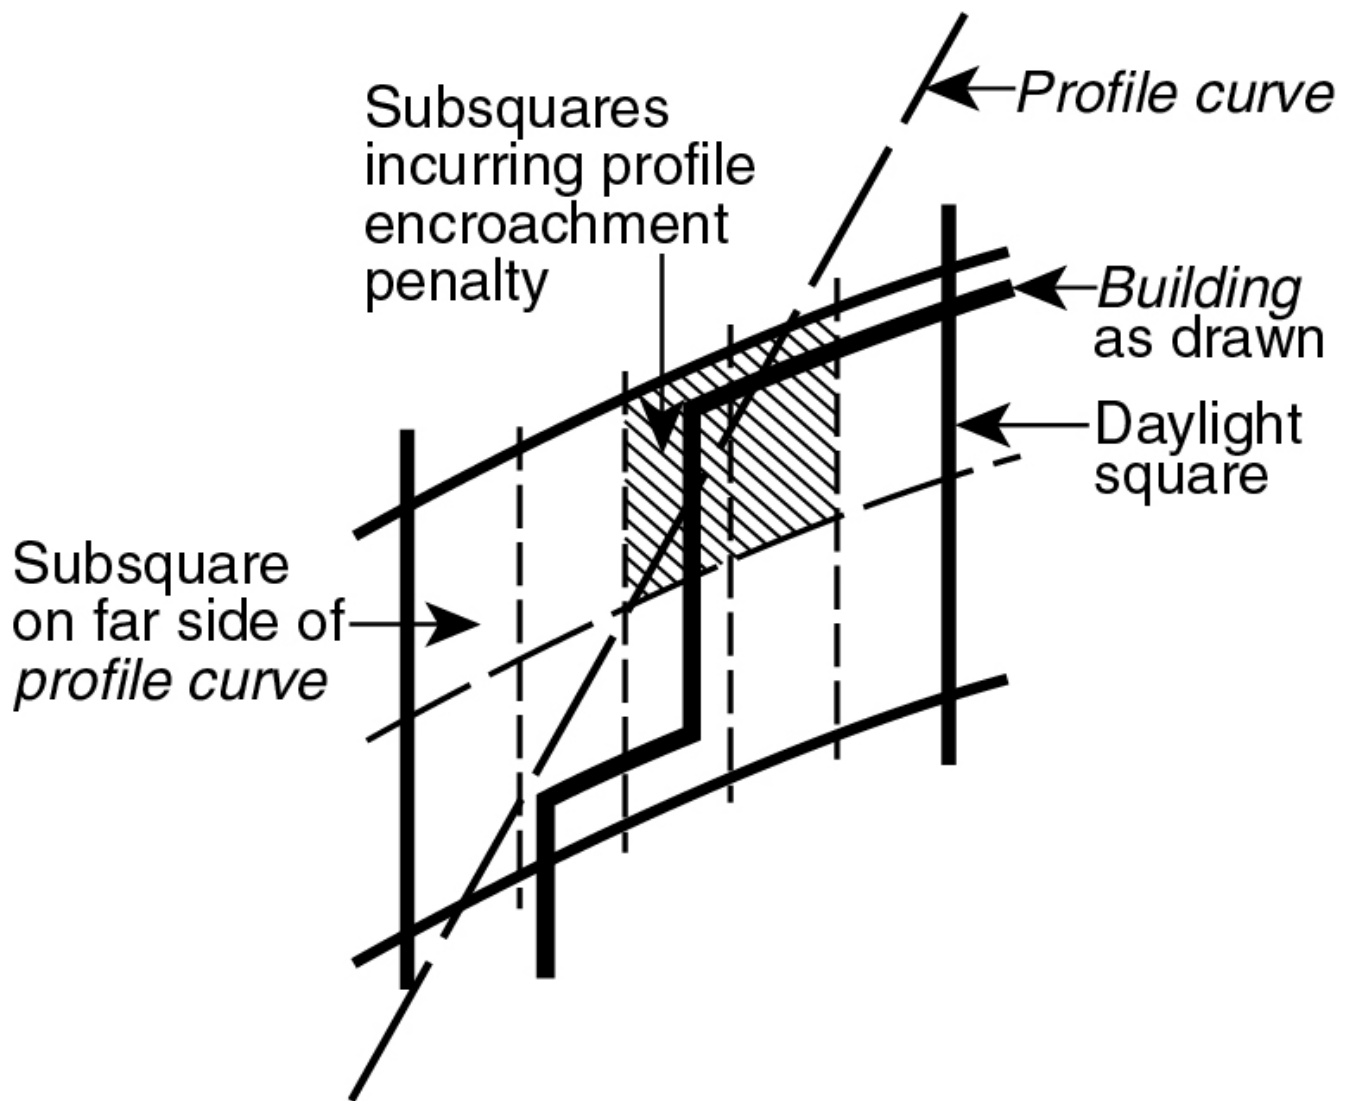

- (a) Assign daylight values

The daylight squares on the **daylight evaluation chart** are each assigned a value.

- (1) Except along **vantage streets** designated for **street wall** continuity (see Section [81-43](#)), each unblocked daylight square below the curved line representing an elevation of 70 degrees has a positive value of 0.3 and each unblocked subsquare below the same curved line has a positive value of 0.03.
- (2) Each blocked daylight square above the curved line representing an elevation of 70 degrees has a negative value of 1.0.
- (3) Where a **building** blocks any portion of a subsquare the **building** is charged with blocking the entire subsquare in computing the daylight evaluation score. Each blocked subsquare has a negative value of 1.0/10 or 0.1.
- (4) The daylight squares and subsquares which are on the far side of the **profile curve** are assigned additional weighted values set forth on the chart below. (See illustration of **Profile Encroachment** Incurring Profile Penalty)

Degrees of Elevation	Distance from Far Lot Line							
	1st 25ft	2nd 25ft	3rd 25ft	4th 25ft	5th 25ft	6th 25ft	7th 25ft	8th 25ft
88 to 90	8.5	8.0	7.5	7.0	6.5	6.0	5.5	5.0

86 to 88	7.5	7.0	6.5	6.0	5.5	5.0	4.5	4.0
84 to 86	6.5	6.0	5.5	5.0	4.5	4.0	3.5	-
82 to 84	5.5	5.0	4.5	4.0	3.5	3.0	2.5	-
80 to 82	4.5	4.0	3.5	3.0	2.5	2.0	1.5	-
78 to 80	3.5	3.0	2.5	2.0	1.5	1.0	-	-
76 to 78	2.5	2.0	1.5	1.0	.5	-	-	-
74 to 76	1.5	1.0	.5	.5	-	-	-	-
72 to 74	.5	.5	.5	-	-	-	-	-

PROFILE ENCROACHMENT INCURRING PROFILE PENALTY

(81-274a)

- (5) If the **building** encroaches beyond the **profile curve**, the entire subsquare in which the **encroachment** is located is given an additional weighted value. The total penalty is the additional weighted value of the daylight square multiplied by the negative value of the subsquare. The penalty is applied even if the subsquare does not lie entirely beyond the curve.

(b) Calculate daylight blockage

Count the number of blocked daylight squares and subsquares which are above the curved line representing an elevation of 70 degrees. A negative sign is to be given to this number. Total value of daylight blockage in the example is -20.5.

(c) Calculate unblocked daylight credit

Count the number of unblocked daylight squares which are below the curved line representing an elevation of 70 degrees and within the area defined by the intersection of the **far lot line** with the **vantage street line** and the intersection of the **near lot line** with the **vantage street**

line. The total is given a positive value and multiplied by 0.3, the value of these daylight squares. This provision is not applicable where the **vantage street** is a designated **street** on which **street wall** continuity is required by the provisions of Section [81-43](#) (Street Wall Continuity Along Designated Streets). In the example, the number and value of squares unblocked below 70 degrees = +0.0.

(d) Calculate profile daylight blockage

Count the number of blocked daylight squares which are entirely on the far side of the **profile curve** when viewed from the **vantage point** and the number of blocked or partially blocked subsquares which are on the far side of the **profile curve**. All of these daylight squares and subsquares are given a negative sign, multiplied by their respective weighted values in the table in paragraph (a)(4) of this Section and the products added. Subsquares are counted as one tenth of a daylight square. In the example, the total value of profile daylight blockage = - 0.45.

(e) Calculate available daylight

Count the number of daylight squares available to the site. This is the total number of daylight squares and subsquares, calculated to the nearest tenth, that are above the curved line representing the boundaries of the potential sky area available to the site, said boundaries being delineated in accordance with the provisions of paragraph (f) of Section [81-273](#) (Rules for plotting buildings on the daylight evaluation chart). Available daylight in the example is 89.9.

(f) Calculate daylight remaining

Calculate the remaining or unblocked daylight by adding the results of paragraphs (b) through (e) of this Section. Daylight remaining in the example is $(-20.5) + (0.0) + (-0.45) + (89.9) = 68.95$.

(g) Calculate daylight score

Compute the remaining daylight score from paragraph (f) of this Section, as a percentage of the available daylight from paragraph (e) of this Section. The percentage is the daylight score for the proposed **building** from that **vantage point**. In the example, the daylight score is $68.95/89.9 = 76.70$ percent for **vantage point** one (V1).

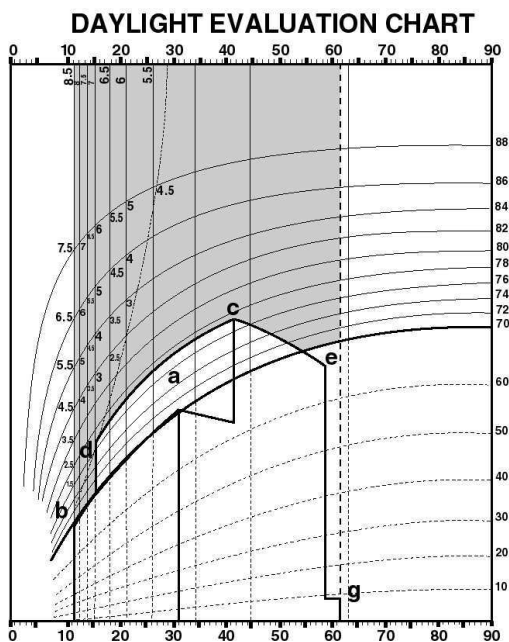

(h) Calculate overall daylight score

(1) The street score is the arithmetic mean of all the scores from all **vantage points** along a **vantage street**. When a **zoning lot** fronts on only one **street**, the street score is also the overall score. Where a **zoning lot** has more than one **street** frontage along any one **vantage street**, the street score is the average of all those individual **street** frontage scores computed pursuant to paragraph (b) of Section [81-275](#) (Special conditions), weighted by the lengths of all those **street** frontages.

(2) Where a **zoning lot** fronts on more than one **street**, the overall score is the average of the street scores, weighted by the length of their respective **vantage street** frontages.

(i) The passing score

To be in compliance with these regulations, a **zoning lot** must have an overall score of not less than 75 percent, with no single **street** frontage having a street score of less than 66 percent. If a **zoning lot** fronts only on one **street**, a daylight evaluation score of not less than 75 percent is required for that **street** frontage. If a street score is less than 66 percent, or if the overall daylight score is less than the passing score of 75 percent, a modest improvement in either the street score or the overall score may be obtained by scoring the relative reflectivity of the **building's** surface, as specified in Section [81-276](#) (Modification of score for reflectivity). The passing daylight score of 75 percent is equivalent to the average daylight levels of Midtown **buildings** built as-of-right under the 1916 and 1961 Zoning Resolutions. The minimum requirement of 66 percent on one frontage is equivalent to the daylight level of any **interior lot building** built in Midtown under the 1916 Zoning Resolution in a two-times height district. However, if any one frontage is less than 75 percent, other frontages must be greater than 75 percent to reach the passing overall daylight score. This allows flexibility in **building** design while maintaining daylight standards within the levels established by **buildings** built as-of-right under the 1916 and 1961 Zoning Resolutions. (See illustration of Daylight Evaluation Score Results)

SCORING SUMMARY
(Vantage point one)

SECTION		SCORE
81-274 (b)	Squares above 70° blocked	-20.5
81-274 (c)	Squares below 70° open	+ 0.0
81-274 (d)	Profile encroachment penalty	
	.1 x 1.5 = .15	
	.3 x 1 = .45	- 0.45
	Total Blockage	- 20.95
81-274 (e)	Available daylight squares	89.9
81-274 (f)	Remaining daylight	<u>68.95</u>
81-274 (g)	DAYLIGHT SCORE	
	$\frac{68.95}{89.9} = 76.70$	76.70%

DAYLIGHT EVALUATION SCORE RESULTS

(81-274i)

81-275 - Special conditions

LAST AMENDED
5/13/1982

Notwithstanding the provisions of Sections [81-271](#) to [81-274](#), inclusive, relating to Alternate Height and Setback Regulations-Daylight Evaluation, the provisions of this Section shall apply under special conditions, as follows:

- (a) For **zoning lots** with **street** frontages exceeding 250 feet
- (1) Where the length of the **street** frontage is more than 250 feet but not more than 500 feet, the **building** as viewed from each **vantage point** shall be plotted on a **daylight evaluation chart** that extends in both directions from the 90 degree line on the horizontal axis. In each case, the number of available daylight squares for daylight evaluation shall be the number of squares between the **far lot line** and the **near lot line**.
 - (2) Where the length of the **street** frontage is more than 500 feet, daylight evaluations shall be made from three **vantage points**, as follows: **vantage points** one and two, each 250 feet distant from a **far lot line** extended to the **center line of the street**, and **vantage point** three, on the **center line of the street**, half-way between the other two **vantage points**. The **daylight evaluation charts** for the first two **vantage points** shall in each case encompass a view extending from the **far lot line** to the 90 degree line on the horizontal axis and the number of available daylight squares shall be the number of squares between the **far lot line** and the 90 degree line and above the curved line representing an elevation angle of 70 degrees. The **daylight evaluation chart** for the third **vantage point** shall extend in both directions from the 90 degree line on the horizontal axis to the vertical lines representing the points on the **front lot line** directly opposite **vantage points** one and two. The number of available daylight squares for daylight evaluation shall be the number of daylight squares between such vertical lines and above the curved line representing an elevation angle of 70 degrees.
- (b) For **zoning lots** with interrupted **street** frontages
- Where a **zoning lot** has two or more **front lot lines** on the same **street** which are separated by frontage of an intervening **zoning lot**, there shall be two daylight evaluations for each such **front lot line**. Each **lot line** of the **zoning lot** that intersects the **street line** shall be treated as a **far lot line** for the purposes of daylight evaluation from a **vantage point**.
- (c) Where **front lot lines** are curved or broken
- If the **front lot line** of the **zoning lot** is curved or bent, the extremities of such **front lot line** shall be connected by a straight line, which shall be considered the **front lot line**.

81-276 - Modification of score for reflectivity

LAST AMENDED
2/2/2011

Where **zoning lots** have utilized the **daylight evaluation chart** but a street score along one frontage is less than 66 percent or the overall score is less than 75 percent, a modest improvement in either the street score or the overall score of a **zoning lot** within a **building** which reflects more light than a medium gray or glass **building** may be obtained by scoring the relative reflectivity of the **building's** surface.

The use of reflectivity is optional and not necessary if a passing score can be obtained under Section [81-274](#) (Rules for determining the daylight evaluation score). Reflectivity scoring permits greater design flexibility for a light-colored **building** than a dark one.

Because the greatest reflectivity comes from the upper portions of **buildings**, the value of reflected light is credited against the amount of daylight blocked by the portions of the **building** above an elevation angle of 70 degrees from the **center line of the street**.

Reflectivity has two components: the reflectance of the surface material and the orientation of the material to the sun.

(a) Reflectance

Reflectance values of materials will be determined by the Department of Buildings after the submission of samples of proposed surface materials by the applicant.

(1) Mixed reflectance

A **building** of several surface materials will have a reflectance value determined by multiplying each material's reflectance value by its percentage of the total wall surface and adding the products. For example, a **building** that is 60 percent limestone and 40 percent clear glass would have a reflectance of $.60 \times .45$ (the reflectance of limestone) plus $.40 \times .15$ (the reflectance of clear glass) or an overall reflectance of .33.

(2) Relative reflectance

In order to be included in the reflectivity score of a **zoning lot**, the material of the **building** must reflect more light than a medium gray or glass **building**. The reflectance value of a medium gray or glass **building** in Midtown is .15 so that the **building** with an overall reflectance of .33, given in the example in paragraph (a)(1) of this Section, would be increasing the expected reflectance by .33 minus .15 which equals .18.

Examples of potential reflectance values for different types of surface finishes are shown on the following chart.

REFLECTANCE VALUES - EXAMPLES OF BUILDING MATERIALS

White plaster or paint or glaze	.80 to .90
Aluminum paint	.55
Green paint	.50

Red paint	.26
Light gray paint	.25
Flat black paint	.06
Polished aluminum, stainless steel	.85
Polished light marble	.40 to .50
Light granite, limestone	.45
Copper, brass lead	.60 to .80
Smooth concrete	.45+
Rough concrete	.40
Asbestos cement	.31
Light buff brick	.48
Dark buff brick	.40
Light red brick	.45
Dark red glazed brick	.30
Dark red brick	.12
Slate	.11
Wood	.22+
Glass: double glazing with reflective coating*	
Solarcool(r) bronze or gray	.35 to .36

Solarban(r) clear	.36 to .44
Solarban(r) bronze	.18
Solarban(r) gray	.14
Glass: tinted double glazing	
Gray	.08
Bronze	.09
Solex(r) (green or blue)	.12
Glass: clear double glazing	.15
Glass: clear single glazing	.08

-
- * Reflectance varies according to which layer the reflective coating is placed on, but can be precisely determined for each position

Sources:

Anderson, Bruce. Solar Energy: Fundamentals in Building Design. (McGraw Hill, New York 1977).

Callendar, John Hancock. Time Saver Standards: A Handbook of Architectural Design. (McGraw Hill, New York, 4th Edition, 1964).

PPG Industries, Inc., **Architectural Glass Products** (G702). PPG, Pittsburgh, PA., 1977.

(b) Facade orientation

Orientation of the facade of the **building** is the second component required for measurement of reflectivity. Because reflectivity varies according to the orientation of the facade, the orientation value for a particular surface from the chart below is multiplied by the reflectance of the surface to ascertain the amount of daylight reflectivity.

The orientation values are shown on the following reflectivity chart. Orientation angles shall be

rounded to the nearest 22.5 degrees.

Orientation based on True North		Orientation Value
North:	0o	.09
	22.5o	.15
	45.0o	.22
	67.5o	.40
East:	90.0o	.57
	112.5o	.72
	135.0o	.87
	157.5o	.93
South:	180.0o	1.00
	157.5o	.93
	135.0o	.87
	112.5o	.72
West:	90.0o	.57
	67.5o	.40
	45.0o	.22
	22.5o	.15

(c) Reflectivity Score

In order to obtain the reflectivity score for each view of the **building**, first count the daylight

squares and subsquares which are blocked by the **building** on the **daylight evaluation chart** above an elevation angle of 70 degrees. This number shall be calculated separately for every orientation of each facade and multiplied by the relative reflectance of that portion of the **building** and the orientation value.

Reflectance = (% material A x reflectance material A) + (% material B x reflectance material B)

Relative reflectance (RR) = reflectance minus .15

Reflectivity score = RR x facade orientation value x daylight squares blocked above 70o.

The reflectivity scores for the several orientations are then added together to give the reflectivity score for that view of the **building** as a whole from the **vantage point** represented on the **daylight evaluation chart**.

The reflectivity score is added to the daylight remaining after accounting for daylight blockage as calculated in paragraph (f) of Section [81-274](#)

The sum is then calculated as a percentage of the available daylight squares calculated in paragraph (e) of Section [81-274](#) to give the adjusted daylight score for the **zoning lot** from the **vantage point** represented on the **daylight evaluation chart**.

The adjusted street score along a particular **vantage street** is obtained by calculating the mean average of the adjusted daylight scores from all **vantage points** along the **vantage street**.

The adjusted overall score for the **zoning lot** is obtained by calculating the average of the adjusted street scores weighted by the lengths of their respective **vantage street** frontages.

(d) Limits on adjusted scores

(1) Adjusted street score

The adjusted street score shall not be more than six percentage points higher than the street score not adjusted for reflectivity.

If reflectivity scoring is used to bring the adjusted overall score for the **zoning lot** above 75 percent (the passing overall score), the street score for each **street** frontage without adjustment for reflectivity shall be not less than 66 percent.

(2) Adjusted overall score

The adjusted overall score shall not be more than six percentage points higher than the overall score not adjusted for reflectivity.

If the reflectivity scores for any single **street** frontage are used to bring the adjusted street score for that frontage above 66 percent (the passing score for a single **street** frontage), the overall score of the **zoning lot** without adjustment for reflectivity shall be not less than 75 percent.

81-277 - Special permit for height and setback modifications

LAST AMENDED
11/25/1997

In C5-3, C6-6 or C6-7 Districts, where a special permit application is made pursuant to Section [74-71](#) (Landmark Preservation) for modification of **bulk** regulations on a **zoning lot** containing a landmark, or where a special permit application is made pursuant to Section [74-79](#) (Transfer of Development Rights From Landmark Sites) and the **floor area** represented by such transferred development rights exceeds 20 percent of the basic maximum **floor area** permitted on the **zoning lot** receiving the development rights, such application may include a request for modification of the height and setback regulations set forth in Sections [81-261](#) to [81-275](#), inclusive, relating to Alternate Height and Setback Regulations - Daylight Evaluation. The City Planning Commission may authorize such height and setback modifications subject to the following conditions:

- (a) The applicant shall demonstrate to the satisfaction of the Commission that a feasible design for the proposed **development** or **enlargement** which accommodates the permitted **floor area** is not possible under the provisions of Sections [81-271](#) to [81-276](#), inclusive, and shall further present for the proposed design a complete daylight evaluation with an explanation of street score or overall daylight score deficiencies.
- (b) The Commission shall make the following findings in addition to any required under the applicable provisions of Sections [74-71](#) or [74-79](#):
 - (1) that the requested departure from the alternate height and setback regulations is the minimum amount necessary to achieve a feasible **building** design;
 - (2) that the disadvantages to the surrounding area resulting from reduced light and air access will be more than offset by the advantages of the landmark's preservation to the local community and the City as a whole; and
 - (3) that where the landmark is located on the **zoning lot** proposed for **development** or **enlargement** or on a lot contiguous thereto or directly across a **street** therefrom, the modification of the alternate height and setback regulations will adequately protect the setting for the landmark.

81-28 - Minimum Distance Between Buildings

LAST AMENDED
2/2/2011

On any single **zoning lot** within the **Special Midtown District**, if two or more **buildings** or portions of **buildings** are detached from one another at any level, such **buildings** or portions of **buildings** shall at no point be less than eight feet apart.

81-29 - Incentives by Special Permit for Provisions of Public Amenities

LAST AMENDED
10/31/2001

81-291 - General provisions and procedures

LAST AMENDED
10/31/2001

The City Planning Commission may grant special permits authorizing, for ***non-residential*** or ***mixed buildings***, ***floor area*** bonuses in accordance with the provisions of this Section.

81-292 - Subway station improvements

LAST AMENDED
2/2/2011

Except in the Preservation Subdistrict and except for ***zoning lots*** wholly within the Theater Subdistrict Core, as defined in Section [81-71](#) (General Provisions), the City Planning Commission may grant special permits for ***floor area*** bonuses for ***non-residential*** or ***mixed buildings***, in accordance with the provisions of Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

The subway stations where such improvements are permitted are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A of this Chapter.

MIDTOWN SUBWAY STATIONS

Station	Line
34th Street-Penn Station	Broadway-7th Avenue
34th Street-Penn Station	8th Avenue
34th Street-Herald Square	6th Avenue/Broadway-60th Street
42nd Street-Times Square/42nd Street-Port Authority Bus Terminal	Broadway-7th Ave/Broadway/8th Ave/42nd Street Shuttle
42nd Street-Bryant Park/Fifth Avenue	6th Avenue/Flushing
42nd Street-Grand Central	Lexington Avenue/Flushing/42nd Street Shuttle
47th-50th Street-Rockefeller Center	6th Avenue
49th Street	Broadway-60th Street

50th Street	8th Avenue
50th Street	Broadway-7th Avenue
7th Avenue	53rd Street
Fifth Avenue-53rd Street	53rd Street
51st Street/Lexington Avenue-53rd Street	53rd Street/Lexington Avenue
57th Street	Broadway-60th Street
57th Street	6th Avenue
59th Street-Columbus Circle	Broadway-7th Avenue/8th Avenue

81-30 - OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

LAST AMENDED
5/13/1982

81-31 - General Provisions

LAST AMENDED
5/8/2013

The regulations of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), and the applicable underlying district regulations of Article III, Chapter 6, or Article IV, Chapter 4, relating to Off-street Loading Regulations, shall apply throughout the ***Special Midtown District***, except as otherwise provided in this Section.

81-311 - Prohibitions of off-street parking or off-street loading facilities

LAST AMENDED
5/8/2013

Notwithstanding the provisions of Article I, Chapter 3, prohibitions of off-street parking facilities or ***accessory*** off-street loading berths or restrictions as to their location or access, as provided in Sections [81-44](#) (Curb Cut Restrictions) or [81-84](#) (Mandatory Regulations and Prohibitions), may be waived only in accordance with the applicable provisions of Sections [81-44](#) or [81-84](#).

81-40 - MANDATORY DISTRICT PLAN ELEMENTS

LAST AMENDED
8/9/2017

81-41 - General Provisions

LAST AMENDED
8/9/2017

The provisions of Section [81-40](#) (MANDATORY DISTRICT PLAN ELEMENTS) specify mandatory planning and urban design features. Requirements which apply generally or with minor specified exceptions throughout the **Special Midtown District** are fully set forth in the provisions of Section [81-40](#). For requirements which are not generally applicable but tied to specific locations within the District, the locations where these requirements apply are shown on Map 3 (Retail and Street Wall Continuity) or Map 4 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A of this Chapter.

The provisions of Section [81-40](#) are all primarily oriented toward the accommodation and well-being of pedestrians. The requirements pertain to a number of elements which are interrelated and complement one another but are set forth in different sections because they can be treated separately. Sections [81-42](#) (Retail Continuity Along Designated Streets), [81-43](#) (Street Wall Continuity Along Designated Streets) and [81-44](#) (Curb Cut Restrictions) are a group of sections with closely related purposes concerned with amenity and the well-being and safety of pedestrians. Sections [81-45](#) to [81-48](#), inclusive, are all concerned primarily with pedestrian traffic circulation. Major **building** entrances are focal points of heavy pedestrian traffic, so that controls on the locations of these entrances, as set forth in Section [81-48](#), are closely related to the pedestrian circulation space requirements.

Special district plan requirements for the Penn Center Subdistrict are set forth in Section [81-50](#), for the East Midtown Subdistrict are set forth in Section [81-60](#), for the Theater Subdistrict are set forth in Section [81-70](#), for the Fifth Avenue Subdistrict are set forth in Section [81-80](#) and for the Preservation Subdistrict are set forth in Section [81-90](#).

81-411 - Maintenance of pedestrian circulation spaces

LAST AMENDED
2/2/2011

Owners of property on which pedestrian circulation spaces are provided shall be responsible for their maintenance unless, in the case of relocated subway stairs, the Metropolitan Transit Authority has agreed in writing to such maintenance responsibility.

81-412 - Directional signs

LAST AMENDED
5/13/1982

Directional **signs** are required to call attention to relocated subway stairs and through **block** connections and announce their accessibility to the public.

81-413 - Provisions for persons with disabilities

LAST AMENDED
10/17/2007

All mandatory district plan elements required by the provisions of Section [81-45](#) (Pedestrian Circulation Space) shall conform with applicable laws pertaining to access for persons with disabilities.

81-42 - Retail Continuity Along Designated Streets

LAST AMENDED
8/9/2017

For **buildings developed** or **enlarged** after May 13, 1982, where the ground floor level of such **development** or **enlarged** portion of the **building** fronts upon a designated retail **street** (see Appendix A, Map 3), **uses** within **stories** on the ground floor or with a floor level within five feet of **curb level** shall be limited to retail, personal service or amusement **uses** permitted by the underlying zoning district regulations but not including **uses** in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Museums and libraries shall be permitted. A **building's street** frontage shall be allocated exclusively to such **uses**, except for:

- (a) lobby space or entrance space;
- (b) entrance areas to subway station improvements for which bonus **floor area** is granted and **street wall** continuity restrictions waived pursuant to Sections [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan) and [81-292](#) (Subway station improvements);
- (c) one or more of the following pedestrian circulation spaces subject to the **street wall** continuity requirements of Section [81-43](#) (Street Wall Continuity Along Designated Streets):
 - (1) relocated subway stairs provided in accordance with Sections [37-40](#) and [81-46](#) (Off-street Relocation or Renovation of a Subway Stair);
 - (2) through **block** connections provided in accordance with paragraph (h) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces); and
 - (3) off-street improvements of access to rail mass transit facilities provided in accordance with Section [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility).

Except as provided in the following sentence, in no event shall the length of **street** frontage occupied by lobby space, entrance space and/or a **building** entrance recess exceed the lesser of 40 feet or 25 percent of the **building's** total **street** frontage exclusive of any frontage occupied by a relocated subway stair, a through **block** connection, an off-street improvement of access to rail mass transit facility or the entrance area to a bonused subway station improvement. However, the total length of **street** frontage occupied by lobby space and/or entrance space need not be less than 20 feet.

Storefronts for the permitted ground floor **uses** shall be not more than 10 feet from the **street line** or, where an arcade is provided with supporting columns at the **street line**, not more than 10 feet from the

supporting columns.

Access to each retail, personal service or amusement establishment required under this Section shall be provided directly from the designated retail **street**. Where more than one entrance is provided to the establishment, direct access from the designated retail **street** shall be provided via the entrance with the greatest aggregate clear opening width. At least 50 percent of the **street wall** surface of each required establishment shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with **signs**. For the purpose of this glazing requirement, the establishment's **street wall** surface shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

Special **use** regulations apply along designated retail **streets** located within the boundaries of the Penn Center Subdistrict, the East Midtown Subdistrict, the Theater Subdistrict or the Fifth Avenue Subdistrict and **uses** along such designated **streets** shall be subject to the respective subdistrict retail requirements in Sections [81-531](#), [81-674](#), [81-72](#) and [81-82](#).

Special ground level and entertainment-related **use** regulations apply to **zoning lots** located within the Theater Subdistrict Core, as defined in Section [81-71](#) (General Provisions), and such **zoning lots** shall meet the ground level and entertainment-related **use** requirements of Section [81-72](#) (Use Regulations Modified).

81-43 - Street Wall Continuity Along Designated Streets

LAST AMENDED
2/2/2011

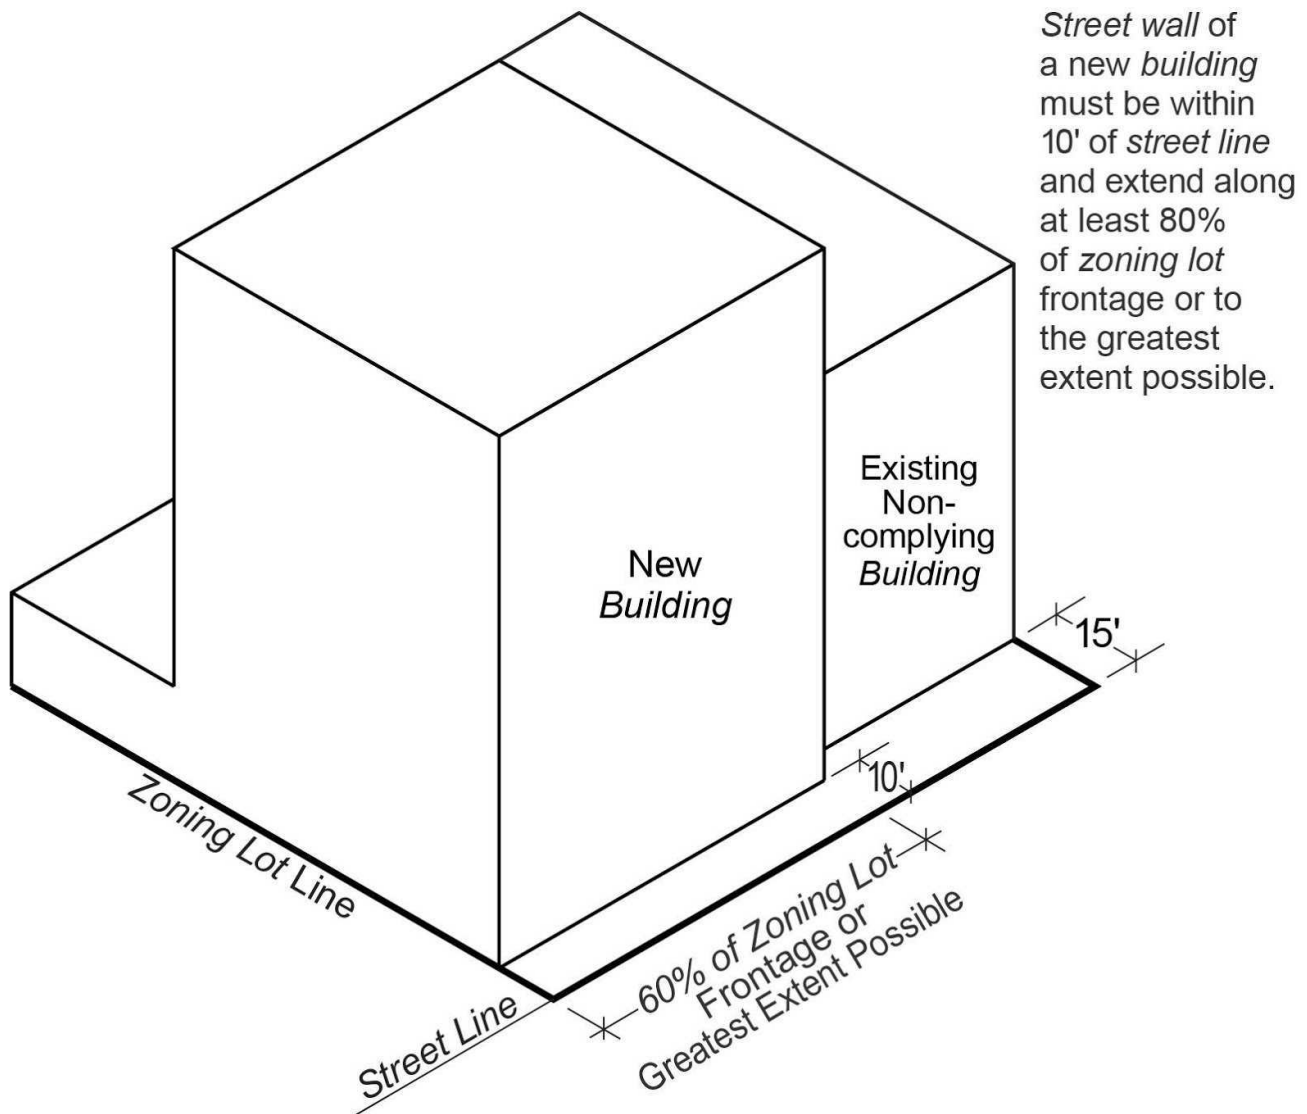

On designated **streets** where **street wall** continuity is required (see Map 2 in Appendix A) and, between 43rd and 50th Streets, on the **narrow street** frontages of **zoning lots** with **street** frontage on Seventh Avenue and/or Broadway, the **street wall** of a **building**, for the minimum width and height set forth in this Section, shall be within 10 feet of the **street line** or within 10 feet of a permitted arcade's supporting columns at the **street line**, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, no **street wall** setback below a height of 85 feet is permitted. The width of the **street wall** subject to setback restrictions shall be at least 80 percent of the length of the **front lot line** of the **zoning lot** along the specified **street**, measured at the specific heights or anywhere above the specific heights indicated in the table in this Section. At those specific heights or anywhere above those specific heights, the **street wall** must extend continuously within 10 feet of the **street line** for all of its required width, except that on 57th Street, 42nd Street, 34th Street and Fifth Avenue, at a height of 85 feet or above, the **street wall** must extend continuously without setback for at least 75 percent of its required width and no portion of its required width shall be set back more than 10 feet from the **street line**; and, for **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway, any portion of the required width of a **street wall** which lies behind a **sign** required under the provisions of Section [81-732](#) (Special Times Square signage requirements) may be set back up to 15 feet from the **street line**.

The minimum height of a **street wall** subject to the setback restrictions shall be as follows:

Length of Zoning Lot Frontage	Minimum Height of a Street Wall Subject to the Setback Restrictions
For zoning lots with frontages of 50 feet or less on the designated street	Four stories or 50 feet above curb level , whichever is less
For zoning lots with frontages of more than 50 feet on the designated street	Six stories or 85 feet above curb level , whichever is less

Developments, which are in their entirety no more than two **stories** in height, shall be exempt from the minimum **street wall** height requirements set forth in the table in this Section, except that, subsequent to the issuance of a building permit for such **development**, if there are additional **developments** on the **zoning lot** or if any **building** on the **zoning lot** is **enlarged**, the **development** exempt from the requirements set forth in the table in this Section, shall no longer be exempt from such requirements and its **street walls** shall be raised to a height complying with the table.

Existing **buildings** need not comply with the minimum **street wall** height and location provisions of this Section. Such **buildings** shall be included in the calculation of the required percentage of **street wall** width and height along a **street** frontage. No existing **building** shall be altered such that a **non-compliance** with the provisions of this Section is created, nor shall an existing degree of **non-compliance** with these provisions be increased.

STREET WALL REQUIREMENT WITH EXISTING BUILDING

([81-43](#))

Pedestrian circulation spaces may be provided to meet the requirements of Sections [81-45](#) (Pedestrian Circulation Space), [81-46](#) (Off-street Relocation or Renovation of a Subway Stair) or [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility), subject to the setback restrictions of this Section and to the minimum width of the **street wall** subject to such setback restrictions. However, the City Planning Commission may waive such restrictions for a subway entrance area which is part of a subway station or a rail mass transit facility improvement for which bonus **floor area** is granted, in accordance with the provisions of Sections [74-634](#) (Subway station improvements in Downtown Brooklyn and Commercial Districts of 10 FAR and above in Manhattan), [81-292](#) (Subway station improvements) and [81-542](#) (Retention of floor area bonus for plazas or other public spaces), or an off-street improvement of access to a rail mass transit facility that has been certified in accordance with Section [81-48](#).

Except on 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a **street wall** subject to the setback restriction, recesses (whose depth shall be measured in all cases from the **street line**) shall be permitted only as follows: no recesses greater than 15 feet deep shall be permitted, recesses up to 15 feet deep shall be limited in their aggregate area to no more than 30 percent of the

area of the new **street wall** below the minimum required **street wall** height; in addition, recesses up to 12 feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the **street wall** below the minimum required **street wall** height, and recesses up to 10 feet deep shall not be limited in their aggregate area.

On 57th Street, 42nd Street, 34th Street and Fifth Avenue, below the minimum height of a **street wall** subject to the setback restriction, recesses (whose depth shall be measured in all cases from the **street line**) shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted; recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the **street wall** below the minimum required **street wall** height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the **street wall** below the minimum required **street wall** height and recesses up to one foot deep shall not be limited in their aggregate area.

The restrictions on recesses shall not apply to arcades, corner arcades, subway stairs relocated within the **building**, through **block** connections within the **building** or **building** entrance recess areas within the **building**, where such spaces are provided in accordance with the requirements and design standards of Sections [81-45](#) or [81-46](#) and provided that such spaces shall be subject to a maximum height limit of 30 feet. Any recesses in the **residential** portion of a **building** shall comply with the **outer court** regulations of Section [23-84](#).

No arcades, sidewalk widenings or **public plazas** shall be permitted on Fifth Avenue, 34th Street, 42nd Street or 57th Street frontages. Between 42nd and 56th Streets, no arcades or **public plazas** shall be permitted on Eighth Avenue. Between 43rd and 50th Streets, no arcades or **public plazas** shall be permitted on Seventh Avenue or Broadway and, with the exception of marquees and **signs**, any area between the Seventh Avenue or Broadway **street line** and any required **street wall** below the height of the first required setback, including permitted recesses, shall be open from **curb level** to the sky in its entirety. Any such area shall be at the same elevation as the adjoining sidewalk, directly accessible to the public at all times and free of all obstructions at ground level, including **street** trees. On the remaining **streets** designated for **street wall** continuity, arcades, if provided, shall be not less than 10 feet in depth and not more than 30 feet high. Arcades shall not be counted toward the recess allowances.

For **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway, the minimum and maximum heights of **street walls** subject to the setback restrictions on all **street** frontages shall be in accordance with Section [81-75](#) (Special Street Wall and Setback Requirements).

For **zoning lots** located wholly or partially within the Eighth Avenue Corridor, the minimum and maximum heights of **street walls** subject to the setback restrictions on all **street** frontages shall be in accordance with Section [81-75](#).

On Fifth Avenue, the minimum required **street wall** height without setback shall be 85 feet and the maximum allowable **street wall** height without setback shall be 125 feet. Above the maximum **street wall** height, a setback of at least 10 feet shall be required, pursuant to the provisions of Section [81-83](#).

81-44 - Curb Cut Restrictions

Along all avenues in Midtown and along 57th, 53rd, 42nd and 34th Streets, no driveway curb cuts for parking facilities or loading berths shall be permitted except for the following:

- (a) the Commissioner of Buildings may approve a curb cut where there are no alternative means of access to off-street loading berths from other **streets** bounding the **zoning lot**; or
- (b) the City Planning Commission may authorize curb cuts where such curb cuts are needed for required loading berths. Such loading berths must be adjacent to a fully enclosed maneuvering area on the **zoning lot** at least equal in area to the area of the required loading berth and arranged so as to permit head-in and head-out truck movements to and from the **zoning lot**. The City Planning Commission will refer such applications to the Department of Transportation for their comment.

In addition, for **zoning lots** with frontage along such avenues and **streets** in Midtown where curb cuts are prohibited, the Commissioner of Buildings may waive required off-street loading berths pursuant to the provisions set forth in Section [13-35](#) (Modification of Loading Berth Requirements).

Where a curb cut is permitted as indicated in this Section, the maximum width of such curb cut shall be 15 feet for one-way traffic and 25 feet for two-way traffic. These curb cut requirements shall be in addition to any other applicable City rules or regulations concerning driveway curb cuts.

The above exceptions do not apply to Fifth Avenue, or between 43rd and 50th Streets, to Seventh Avenue or Broadway and no curb cuts shall be permitted in these cases. Between 43rd and 50th Streets, access to **accessory** off-street loading berths or off-street parking facilities shall not be permitted on Seventh Avenue or Broadway or, except where the length of a **narrow street block** frontage between the **street lines** of Seventh Avenue and Broadway exceeds 75 feet but is less than 125 feet, within 50 feet of the Seventh Avenue or Broadway **street line**. **Interior lots** between 43rd and 50th Streets with a **street** frontage only on Seventh Avenue or Broadway shall not contain loading berths.

81-45 - Pedestrian Circulation Space

LAST AMENDED
2/2/2011

Within the **Special Midtown District**, all **developments** or **enlargements** constructed after May 13, 1982, on **zoning lots** of 5,000 square feet or larger with more than 70,000 square feet of new **floor area**, shall provide pedestrian circulation space on such **zoning lot** in accordance with the provisions of Section [37-50](#), as modified by the provisions of this Section.

The requirements for pedestrian circulation space may be met by providing one or more of the following types of spaces: arcade, **building** entrance recess area, corner arcade, corner circulation space, relocation or renovation of a subway stair, sidewalk widening, subway station improvement, through **block** connection or **public plaza**.

In addition to the types of pedestrian circulation spaces listed in Section [37-50](#), the following may be counted toward meeting the minimum pedestrian circulation space requirement:

- (a) up to a maximum of 3,000 square feet of an access improvement to rail mass transit provided pursuant to Section [81-48](#) (Off-Street Improvement of Access to Rail Mass Transit Facility);

- (b) within the Theater Subdistrict, theater waiting space provided pursuant to Section [81-451](#) (Theater waiting space).

However, pedestrian circulation space shall not be required if any of the following conditions exist:

- (1) the **zoning lot** is entirely occupied by a **building** of no more than one **story** in height;
- (2) the **zoning lot** is an **interior lot** fronting on a **wide street** with less than 80 feet of **street** frontage;
- (3) the **zoning lot** is an **interior** or **through lot** fronting only on a **street** or **streets** where arcades, sidewalk widenings or **public plazas** are prohibited;
- (4) the **zoning lot** is an **interior lot** fronting on either 34th Street, 42nd Street, 57th Street or Fifth Avenue, with another interior frontage of lesser length on any other **street**; or
- (5) the **zoning lot** is a **through lot** with both **street** frontages less than 25 feet in length.

Developments or enlargements on a **zoning lot** having a full **block** frontage on a **wide street** other than Fifth Avenue, 34th Street, 42nd Street or 57th Street shall provide a minimum of 50 percent of their required pedestrian circulation space on that **street**. In the case of a **zoning lot** having two full **block** frontages on **wide streets**, this minimum amount may be allocated on either one or both **wide streets**; where each **street** bounding a **zoning lot** with at least one full **block** frontage is a **wide street**, the minimum amount may be allowed on one or more of those **wide streets**.

Where pedestrian circulation space is provided along Seventh Avenue or Broadway between 43rd and 50th Streets, **signs** and marquees shall be permitted as exceptions to the requirements relating to permitted obstructions in Section [37-50](#).

Special dimensional requirements for arcades and sidewalk widenings along designated **streets** are set forth in Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces). Where a new **building** or **enlarged** portion of an existing **building** provides an arcade, no obstructions, including columns, shall be permitted within such arcade, and the maximum height of such arcade shall be 20 feet and the maximum width shall be 10 feet. Arcades or sidewalk widenings shall not be permitted on 34th Street, 42nd Street, 57th Street or Fifth Avenue frontages or on any **street** frontage within the Preservation Subdistrict. Between 43rd and 50th Streets, no arcades shall be permitted parallel to and along Seventh Avenue or Broadway.

81-451 - Theater waiting space

LAST AMENDED
8/6/1998

Theater waiting space shall be an unobstructed area providing outdoor waiting space for a theater audience, located immediately adjacent to the sidewalk and to a theater listed in Section [81-742](#) (Listed theaters) or a new theater designed and intended to show live theatrical performances. Theater waiting space may be located on the same **zoning lot** occupied by a theater or a **zoning lot** immediately adjacent to a theater, and shall meet the following requirements:

- (a) such space shall adjoin and open onto a sidewalk or sidewalk widening for its entire length and shall have a minimum length of 30 feet measured parallel to the **street line** and a minimum

clear depth of 10 feet measured perpendicular to the **street line** exclusive of any columns. Its level shall be entirely the same as that of the adjoining sidewalk. When located under an overhanging portion of a **building or other structure**, it shall have a minimum clear height of 15 feet and be free of any obstructions except for **building** columns;

- (b) such space shall provide direct access to a **building's** entrance or the theater's lobby. Where the theater and the theater waiting space are on separate **zoning lots**, a plaque shall be provided within the theater waiting space adjacent to the theater stating that the space is available as a waiting area for the theater audience. Such plaque shall be placed between four feet and six feet above **curb level**, and shall be visible from the sidewalk;
- (c) such space shall not adjoin a driveway or an off-street loading berth; and
- (d) the entire theater waiting space shall be illuminated with a minimum level of not less than eight horizontal foot-candles (lumens per foot).

The theater waiting space may overlap with an arcade, a **building** entrance recess area, a corner arcade, a corner circulation space or a sidewalk widening. However, the area of overlap may only be counted once toward the fulfillment of the required minimum area of pedestrian circulation space.

81-46 - Off-street Relocation or Renovation of a Subway Stair

LAST AMENDED
2/2/2011

Where a **development** or **enlargement** is constructed on a **zoning lot** that contains at least 5,000 square feet of **lot area** and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the **street** onto the **zoning lot**. The new entrance or entrances shall be provided in accordance with the provisions of Section [37-40](#) (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section [37-50](#).

The subway stations where such improvements are required are listed in the following table and shown on Map 3 (Subway Station and Rail Mass Transit Facility Improvement Areas) in Appendix A.

Station	Line
34th Street-Penn Station	Broadway-7th Avenue
34th Street-Penn Station	8th Avenue
34th Street-Herald Square	6th Avenue/Broadway-60th Street

42nd Street-Times Square/42nd Street-Port Authority Bus Terminal	Broadway-7th Ave/Broadway/8th Ave/42nd St. Shuttle
42nd Street-Bryant Park/Fifth Avenue	6th Avenue/Flushing
42nd Street-Grand Central	Lexington Avenue/Flushing/42nd St. Shuttle
47th-50th Street-Rockefeller Center	6th Avenue
49th Street	Broadway-60th Street
50th Street	8th Avenue
50th Street	Broadway-7th Avenue
7th Avenue	53rd Street
Fifth Avenue-53rd Street	53rd Street
51st Street/Lexington Ave.- 53rd Street	53rd Street/Lexington Avenue
57th Street	Broadway-60th Street
57th Street	6th Avenue
59th Street-Columbus Circle	Broadway-7th Avenue/8th Avenue

81-47 - Major Building Entrances

LAST AMENDED
2/2/2011

In order to limit pedestrian traffic congestion on **zoning lots** with at least 20,000 square feet of **lot area**, the following restrictions apply to **buildings developed** after May 13, 1982, as described in paragraphs (a) and (b) of this Section, except as provided in paragraph (c) in this Section. For the purposes of this Section, the major entrance to a **building** shall be that entrance to the main lobby of the **building** which has the greatest aggregate width of clear openings for access.

- (a) When the **zoning lot** contains a **public plaza** or an open though **block** connection located entirely outside of the **building**, the major entrance to the **building** shall open on the **public plaza** or the open through **block** connection.
- (b) Where there is no **public plaza** or open through **block** connection on the **zoning lot**, the following restrictions on major entrances shall apply to **corner lots** or **block** front lots:
- (1) **Corner lots**
- On a **corner lot** with frontage on no more than one **narrow street**, the major entrance shall be located on the **narrow street**.
- On a **corner lot** with frontages on two **wide streets**, the major entrance shall be located on either **wide street**.
- (2) **Block** front lots
- On a full **block** front lot with one or more **narrow street** frontages, a major entrance shall be located on at least one **narrow street**, except that this requirement shall not apply if the **zoning lot** contains a permitted sidewalk widening with a width of 10 feet along a **wide street**.
- (c) Exceptions to requirements
- Under the following conditions, **developments** shall not be subject to the locational requirements of this Section:
- (1) where the location of an existing **building** on the **zoning lot** precludes compliance with the regulations of this Section; or
- (2) where the **zoning lot** is located on a **block** where the distance between two intersections of **street lines** is less than 150 feet.

81-48 - Off-street Improvement of Access to Rail Mass Transit Facility

LAST AMENDED
2/2/2011

An off-street rail mass transit access improvement shall provide a new point of unobstructed off-street public access to a rail mass transit station or facility. It shall immediately adjoin, and be accessible without any obstruction from, an arcade, a **building** entrance recess area, a corner arcade, a corner circulation space, a public sidewalk, a sidewalk widening or a **public plaza**, each of which shall have a minimum horizontal dimension equal to the width of the rail mass transit access improvement. The rail mass transit access improvement may be provided within a **building** but shall not be enclosed by any doors. The area it occupies within a **building** shall not be counted toward the **floor area** of the **zoning lot**.

The Chairperson of the City Planning Commission may certify that an off-street rail mass transit access improvement satisfies the requirements of Section [81-45](#) (Pedestrian Circulation Space), provided that such improvement is approved by the entity which operates the mass transit station or facility and

meets the following standards:

(a) Dimensions

An off-street mass transit access improvement shall have a minimum clear, unobstructed width of not less than 15 feet and a minimum clear, unobstructed height from finished floor to finished ceiling of not less than eight feet.

(b) Obstructions

An off-street mass transit access improvement shall be free of obstructions except for **building** columns and shall provide a continuous, unobstructed path at least 15 feet wide connecting the public sidewalk, pedestrian circulation space or **public plaza** with the rail mass transit station or facility.

(c) Hours of public accessibility

An off-street rail mass transit access improvement shall be accessible to the public during the hours when the circulation areas to which it connects are open to the public or during such hours as are otherwise approved by both the Chairperson and the operating entity of the mass transit station or facility.

(d) Enclosures

The rail mass transit access improvement may be provided within a **building** but shall not be enclosed by any doors unless the Chairperson certifies that such improvement is an integral part of the **building** lobby and public circulation space, and such doors are secured only during the hours that the circulation areas of the rail mass transit facility to which it connects are closed.

(e) Maintenance

An off-street rail mass transit access improvement shall be maintained by the owner of the **development** or **enlargement**.

One and a half times the area of the new off-street rail mass transit access improvement measured at **street** level shall, upon the Chairperson's certification, count toward the minimum area of pedestrian circulation space required under the provisions of Section [81-45](#), up to a maximum of 3,000 square feet.

8150

SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

81-50 - SPECIAL REGULATIONS FOR THE PENN CENTER SUBDISTRICT

LAST AMENDED
10/31/2001

81-51 - General Provisions

LAST AMENDED
8/26/2010

In order to establish the Penn Center Subdistrict as a destination and enhance its retail, entertainment and commercial character and expand accessibility to its transportation network, special regulations are set forth governing the location and type of **signs**, urban design and streetscape relationships, and the improvement of pedestrian circulation to and from public transit facilities.

The regulations of Section [81-50](#) are applicable only in the Penn Center Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, except as set forth for rail mass transit facility improvements, pursuant to Section 81-541. These regulations supplement or modify the provisions of this Chapter applying generally to the **Special Midtown District**, of which this Subdistrict is a part.

81-52 - Sign Regulations

LAST AMENDED
10/31/2001

The provisions of this Section shall apply to all **zoning lots** with frontage along Seventh Avenue. The height of all **signs** shall be measured from the **curb level**.

- (a) **Signs**, including **advertising signs**, **flashing signs** and **illuminated signs**, unlimited in area, shall be permitted to a height of 40 feet. Below a height of 14 feet, such **signs** shall not occupy more than 50 percent of the glazed **street wall** surface required, pursuant to Section [81-42](#), nor shall such **signs** be located within 10 feet of an entrance to a rail mass transit facility or subway station.
- (b) **Signs**, including **advertising signs**, **flashing signs** and **illuminated signs**, except as otherwise provided in Section 8152, paragraph (c), may be permitted above a height of 40 feet by the City Planning Commission, upon certification that:
 - (1) such **signs** and **sign** structures to which **signs** are attached shall not exceed a height of 60 feet; except that **signs** and **sign** structures onto which **signs** are attached, within 40 feet of the intersection of two **streets** or within 30 feet of the centerline of the westerly prolongation of West 32nd Street along the west **block** front of Seventh Avenue between West 31st and West 33rd Streets, shall not exceed a height of 100 feet;
 - (2) such **signs** above a height of 60 feet are located on **zoning lots** that contain an entrance to, or are adjacent to, an entrance to a rail mass transit facility and/or subway station;
 - (3) such **signs** shall not project across a **street line** more than 18 inches for double or multifaceted **signs** or 12 inches for other signs, except that **signs** within 40 feet of the intersection of two **streets** may project up to three feet across a **street line** above a height of 25 feet;
 - (4) such **signs** that exceed a height of 60 feet, shall be no wider than 40 feet each;

- (5) such **signs** or **sign** structures that exceed a height of 60 feet, may include lighting effects at the top of such **sign** structure and such lighting effects shall not exceed a height of 10 feet above such **sign** or **sign** structure.
- (6) such **signs** and **sign** structures onto which **signs** are attached within 30 feet of the centerline of the westerly prolongation of West 32nd Street shall have a minimum clearance of 10 feet from the adjacent **building**, and such **sign** structure shall have a minimum clearance of 20 feet from the **street line** in order not to obstruct visibility of the transit entrance from the **street**;
- (7) on **zoning lots** that contain an entrance to, or are adjacent to, an entrance to a rail mass transit facility and/or subway station, the requirements for rail mass transit or subway entrance informational **signs** of Section 81521 are met; and
- (8) monies will be deposited into an escrow account or similar fund established by the City, to be used at the direction of the Chairperson of the City Planning Commission and the Commissioner of the Department of Transportation, acting in consultation with the Metropolitan Transit Authority, as necessary, for streetscape and for abovegrade and belowgrade pedestrian circulation improvements within the Penn Center Subdistrict. For the period through January 1, 2003, and thereafter, until adjusted by rule of the City Planning Commission pursuant to the City Administrative Procedure Act, such **sign** contribution shall be equal to \$30 per square foot of **sign** permitted above a height of 40 feet. Any net increase in the surface area of a previously approved **sign** shall require a new certification and the deposit of a supplemental **sign** contribution in an amount reflective of such increase.

Alternatively, an applicant may, at the time of the first certification for a **sign** at a location under its control, deposit a **sign** contribution in an amount equal to \$20 per square foot of **sign** above a height of 40 feet for the total amount of square footage of all **signs** eligible for certification at locations under the applicant's control. The deposit of monies under this alternative procedure shall not relieve the applicant of the requirement to seek and obtain a certification for each such **sign**, pursuant to this paragraph (b), prior to installation.

For purposes of this paragraph (b), the square footage of the **sign** shall mean the **surface area** of a **sign**, except that it shall also include the area of any structural frame or similar enclosure in which the **sign** is located or to which it is attached. No **sign** for which a certification has been received shall be installed prior to deposit of the **sign** contribution in accordance with this paragraph (b).

- (c) **Signs** above a height of 40 feet on any **building** listed on the State and/or National Register of Historic Places, or any **building** formally determined eligible for inclusion on the Register, may be permitted upon authorization by the City Planning Commission, that:
 - (1) the proposed method of attachment of such **signs** shall be reversible;
 - (2) such **signs** shall not be disruptive to the historic fabric of the **building**;
 - (3) such **signs** shall comply with all other requirements of paragraph (b) of this Section;
 - (4) the requirements for rail mass transit or subway entrance informational **signs** of Section 81521 are met; and

- (5) monies shall be deposited into an escrow account or similar fund established by the City, to be used at the direction of the Chairperson of the City Planning Commission and the Commissioner of the Department of Transportation, acting in consultation with the Metropolitan Transit Authority, as necessary, for streetscape and for above-grade and belowgrade pedestrian circulation improvements within the Penn Center Subdistrict. For the period through January 1, 2003, and thereafter, until adjusted by rule of the City Planning Commission pursuant to the City Administrative Procedure Act, such **sign** contribution shall be equal to \$30 per square foot of **sign** permitted above a height of 40 feet. For purposes of this paragraph (c), the square footage of the **sign** shall mean the **surface area** of a **sign**, except that it shall also include the area of any structural frame or similar enclosure in which the **sign** is located or to which it is attached. No **sign** for which an authorization has been approved shall be installed prior to deposit of the **sign** contribution in accordance with this paragraph (c), or the alternative **sign** contribution provided in paragraph (b)(8) of this Section.

Any net increase in the **surface area** of a previously approved **sign** shall require a new authorization and the deposit of a supplemental **sign** contribution in an amount reflective of such increase.

81-521 - Rail mass transit and subway entrance informational signs

LAST AMENDED
10/31/2001

For a **zoning lot** that contains or is adjacent to an entrance or entrances to a rail mass transit facility or subway station, no permit shall be issued for any **signs** that extend or are located above a height of 40 feet, unless the City Planning Commission certifies that each such entrance is clearly identified with rail mass transit or subway entrance informational **signs** and marquees in accordance with paragraphs (a) and (b) of this Section. Such rail mass transit or subway entrance informational **sign** or marquee shall remain, or be upgraded or replaced by a similar **sign** or marquee, for the life of the related development.

- (a) Rail mass transit or subway entrance informational **signs** shall prominently identify the entrance on both **streets** of a **corner lot**. Where rail mass transit or subway entrance informational **signs** are provided at the western **block** front of Seventh Avenue between West 31st and West 33rd Streets, such **signs** shall prominently identify the entrance to Pennsylvania Station to pedestrians on both Seventh Avenue and West 32nd Street. All such informational **signs** shall comply with the following requirements:
- (1) such **signs** shall contain only transit information;
 - (2) such **signs** shall be illuminated and located no less than 12 feet above and no more than 25 feet above **curb level**;
 - (3) such **signs** shall contain the word "Subway" and/or appropriate other rail mass transit identification and transit line symbols. The graphic standards shall adhere to New York City Transit or other pertinent transit agency standards with all letters no less than three feet and transit symbols no less than two feet in dimension;
 - (4) such **signs** shall be no less than 30 feet in length on each **street** and shall extend

farther than 30 feet in order to include the actual entrance; and

- (5) such **signs** may project up to five feet beyond the **street line**.
- (b) At the rail mass transit or subway entrance, a marquee shall be provided to further identify the entrance and shall:
- (1) contain only transit sign information;
 - (2) be illuminated and located no less than 12 feet above and no more than 25 feet above **curb level**;
 - (3) have a minimum length of 20 feet or the full width of the entrance, whichever is less;
 - (4) project no less than five feet beyond the transit or subway informational **sign**; and
 - (5) include illuminated mass transit identification and transit line symbols that meet the New York City Transit or other pertinent transit agency standards.

81-53 - Special Bulk and Urban Design Requirements

LAST AMENDED
2/2/2011

In addition to the requirements set forth in Sections 8125 (General Provisions Relating to Height and Setback of Buildings) and 8140 (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of this Section shall apply to a **zoning lot** having 50 percent or more of its **lot area** within the Penn Center Subdistrict. For the purposes of this Section, all such **zoning lots** shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections 8125, 8140 and 8153 are in conflict, the regulations of this Section shall govern.

81-531 - Special retail frontage requirements

LAST AMENDED
10/31/2001

The provisions of Section 8142 (Retail Continuity Along Designated Streets) shall apply within the Penn Center Subdistrict. However, the requirement that at least 50 percent of the **street wall** surface of each ground floor establishment be glazed with clear, untinted, transparent material, and not more than 50 percent of such transparent surface be painted or obstructed with **signs** shall not apply to any informational **signs** or marquees provided to identify rail mass transit or subway entrances in accordance with Section 8152 (Sign Regulations).

81-532 - Special street wall requirements

LAST AMENDED
2/2/2011

The provisions of Section [81-43](#) (Street Wall Continuity Along Designated Streets) shall apply, except that the **street wall** of all **buildings** along the Seventh Avenue frontage of **zoning lots** shall be a

minimum of 85 feet above **curb level** or the full height of the **building**, whichever is less. All other provisions of Section [81-43](#) shall apply without modification.

In addition, the restrictions on permitted recesses contained in Section [81-43](#) shall not apply to pedestrian circulation spaces provided in accordance with Sections [81-46](#) (Off-street Relocation or Renovation of a Subway Stair) or [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility) nor to interstitial spaces between **signs** or between **building** walls and **signs**.

81-54 - Floor Area Bonus in the Penn Center Subdistrict

LAST AMENDED
10/31/2001

81-541 - Rail mass transit facility improvement

LAST AMENDED
2/2/2011

In addition to the provisions of Section [81-29](#) (Incentives by Special Permit for Provisions of Public Amenities), the City Planning Commission may grant **floor area** bonuses for subway station and/or rail mass transit facility improvements for **non-residential** or **mixed buildings**, in accordance with Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan), and may modify or waive the provisions of Section [81-43](#) (Street Wall Continuity Along Designated Streets) in accordance with the provisions of Section [74-634](#), provided that such improvement is approved by the entities which own and/or operate the rail mass transit facility.

Prior to granting a special permit, the City Planning Commission shall be provided with:

- (a) a letter from each entity that operates the rail mass transit facility confirming that the drawings of the subway and/or rail mass transit improvement are of sufficient scope and detail to describe the layout and character of the improvements and that the proposed implementation of the improvements is physically and operationally feasible, and
- (b) a legally enforceable instrument containing:
 - (1) drawings of the improvements, as approved by the transit operator;
 - (2) provisions that all easements required for the on-site improvements will be conveyed and recorded against the property;
 - (3) the obligations of the applicant to construct, maintain and provide capital maintenance for the improvements; and
 - (4) a schedule for completion of the improvements and a requirement that a performance bond or other appropriate security be provided to ensure the completion of the improvements.

For the purposes of this Section, improvements to any rail mass transit facility on a **zoning lot** located wholly or partially within the Subdistrict qualifies for bonus **floor area** in accordance with the provisions of Section [74-634](#), as modified herein. For **zoning lots** located partially within the Subdistrict, such

bonus **floor area** may be located anywhere on such **zoning lot**. In addition, if a subway and/or rail mass transit improvement has been constructed in accordance with an approved special permit and has received a Notice of Substantial Completion in accordance with the provisions of Section [74-634](#), the bonus **floor area** may be retained at the full amount granted by the special permit and may be utilized elsewhere on the **zoning lot** subject to any applicable review and approval process for such **development** or **enlargement**.

81542

Retention of floor area bonus for plazas or other public spaces

For the **zoning lot** bounded by West 34th Street, Seventh Avenue, West 33rd Street and Eighth Avenue, which contains at least 7,000 square feet of existing **publicly accessible open areas** or other bonused public amenity in the Penn Center Subdistrict, the maximum allowed **floor area** bonus for all existing **publicly accessible open areas** or other public amenities on the **zoning lot** may be retained at the amount allowed prior to October 31, 2001, subject to all other provisions of this Resolution, notwithstanding inclusion of such **zoning lot** within the **Special Midtown District**.

81-60 - SPECIAL REGULATIONS FOR THE EAST MIDTOWN SUBDISTRICT

LAST AMENDED
8/9/2017

81-61 - General Provisions

LAST AMENDED
8/9/2017

Special regulations are set forth in this Section to protect and strengthen the economic vitality and competitiveness of East Midtown by facilitating the development of exceptional modern and sustainable office towers; creating successful pedestrian-friendly public spaces; enabling improvements to the above- and below-grade pedestrian circulation network; protecting and strengthening the role of landmark buildings as important features of East Midtown; protecting and enhancing the role of Grand Central Terminal as a major transportation hub within East Midtown and the city; expanding and enhancing the pedestrian circulation network connecting Grand Central Terminal to surrounding development and minimizing pedestrian congestion; and protecting the iconic character of the surrounding area. Such regulations establish special provisions governing maximum floor area, sustainability, urban design and streetscape enhancements, the transfer of development rights from landmarks, and the improvement of the surface and subsurface pedestrian circulation network in the East Midtown Subdistrict.

The regulations of Section [81-60](#) (SPECIAL REGULATIONS FOR THE EAST MIDTOWN SUBDISTRICT), inclusive, are applicable only in the East Midtown Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) and Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter. These regulations supplement or modify the provisions of this Chapter applying generally to the **Special Midtown District**, of which this Subdistrict is a part.

Where the **lot line** of a **zoning lot** coincides with the boundary of the public place located at the southerly prolongation of Vanderbilt Avenue between East 42nd Street and East 43rd Street, such **lot line** shall be considered to be a **street line** for the purposes of applying the **use, bulk** and urban design

regulations of this Chapter.

81-611 - Applicability of regulations

LAST AMENDED
8/9/2017

The provisions of Section [81-60](#), inclusive, shall apply in the East Midtown Subdistrict as follows:

- (a) Section [81-61](#), inclusive, sets forth general provisions, applicability and definitions for the East Midtown Subdistrict;
- (b) Section [81-62](#), inclusive, sets forth special use provisions;
- (c) Section [81-63](#), inclusive, sets forth special **floor area** provisions for the Vanderbilt Corridor Subarea;
- (d) Section [81-64](#), inclusive, sets forth special **floor area** provisions for **qualifying sites**;
- (e) Section [81-65](#), inclusive, sets forth special **floor area** provisions for all other **zoning lots**;
- (f) Section [81-66](#), inclusive, sets forth certain height and setback modifications to the provisions of Sections [81-26](#) and [81-27](#);
- (g) Section [81-67](#), inclusive, sets forth certain modifications to the mandatory district plan elements of Section [81-40](#), inclusive; and
- (h) Section [81-68](#), inclusive, sets forth additional provisions pertaining to **qualifying sites**.

81-612 - Applicability along district boundaries

LAST AMENDED
8/9/2017

For **zoning lots** divided by district boundaries, the underlying provisions shall apply, except as follows:

- (a) For **qualifying sites** divided by district boundaries where both districts have the same maximum **floor area ratio** set forth in Rows E and H of the table in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), the provisions of Section [33-16](#) (Special Provisions for Zoning Lots Divided by District Boundaries) shall not apply to a **building developed** or, where permitted, **enlarged**, to exceed the basic maximum **floor area** in Row A of the table in Section [81-64](#). In lieu thereof, the **floor area** of such **building** on a **qualifying site** may be located anywhere on the **zoning lot**, regardless of the district boundary.
- (b) In addition to the requirements set forth in Sections [81-25](#) (General Provisions Relating to Height and Setback of Buildings) and [81-40](#) (MANDATORY DISTRICT PLAN ELEMENTS), the provisions of Section [81-60](#), inclusive, shall apply to a **zoning lot** having 50 percent or more of its **lot area** within the East Midtown Subdistrict. For the purposes of Section [81-60](#), inclusive, all such **zoning lots** shall be deemed to be entirely within the Subdistrict. If any of the provisions of Sections [81-25](#), [81-40](#) and [81-60](#), inclusive, are in conflict, the regulations of Section [81-60](#), inclusive, shall govern. However, for **zoning lots** located partly within the East

Midtown Subdistrict and partly within the Fifth Avenue Subdistrict, the provisions of Article VII, Chapter 7 shall apply.

- (c) For **zoning lots** divided by subarea boundaries, the provisions of Article VII, Chapter 7 shall apply.
- (d) For **zoning lots** with **landmark buildings or other structures** where more than 50 percent of the **lot area** is located within the **Special Midtown District**, and which **abut** the East Midtown Subdistrict boundary, such **zoning lot** may be considered as part of the Subdistrict for the purposes of transferring development rights pursuant to the applicable provisions of Sections [81-642](#) (Transfer of development rights from landmarks to qualifying sites) or [81-653](#) (Special permit for transfer of development rights from landmarks to non-qualifying sites). However, the maximum amount of **floor area** that may be transferred from a **granting lot**, or portion thereof, located outside the Special Midtown District shall be the maximum **floor area ratio** permitted under the applicable underlying zoning district.

81-613 - Definitions

LAST AMENDED
8/9/2017

Adjacent lot

For the purposes of Section [81-60](#), inclusive, an "adjacent lot" is:

- (a) a **zoning lot** that is contiguous to the lot occupied by the designated **landmark building or other structure** or one that is across a **street** and opposite the lot occupied by such designated **landmark building or other structure**, or, in the case of a **corner lot**, one that fronts on the same **street** intersection as the lot occupied by such **landmark building or other structure**; and
- (b) in C5-3 or C6-6 Districts, a **zoning lot** that is contiguous to, or across a **street** and opposite another lot or series of lots that, except for the intervention of **streets** or **street** intersections, extend to the lot occupied by such designated **landmark building or other structure**. All such lots shall be in the same ownership (fee ownership or ownership as defined under **zoning lot** in Section [12-10](#) (DEFINITIONS)).

Granting lot

For the purposes of Section [81-60](#), inclusive, a "granting lot" shall mean a **zoning lot** that contains a **landmark building or other structure**. Such **granting lot** may transfer development rights pursuant to Sections [81-632](#) (Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea), [81-642](#) (Transfer of development rights from landmarks to qualifying sites), or [81-653](#) (Special permit for transfer of development rights from landmarks to non-qualifying sites).

Landmark building or other structure

For the purposes of Section [81-60](#), inclusive, a “landmark building or other structure” shall include any structure designated as a landmark by the Landmarks Preservation Commission pursuant to the New York City Charter and Administrative Code, but shall not include those portions of **zoning lots** used for cemetery purposes, statues, monuments or bridges. No transfer of development rights is permitted pursuant to Section [81-60](#), inclusive, from those portions of **zoning lots** used for cemetery purposes, or any structures within historic districts, statues, monuments or bridges.

Non-qualifying site

For the purposes of Section [81-60](#), inclusive, a “non-qualifying site” shall refer to a **zoning lot** that does not meet the criteria for a **qualifying site** and is located in a subarea other than the Vanderbilt Corridor Subarea.

Public Realm Improvement Fund

For the purposes of Section [81-60](#), inclusive, the “Public Realm Improvement Fund” (the “Fund”) shall be a separate interest-bearing account established for the deposit of contributions made when **developments** or, where permitted, **enlargements** on **qualifying sites** in the East Midtown Subdistrict will exceed the basic maximum **floor area ratio** set forth in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites) through their utilization of the provisions of Sections [81-642](#) (Transfer of development rights from landmarks to qualifying sites) or [81-643](#) (Special provisions for retaining non-complying floor area in commercial buildings). The Fund shall be utilized, at the discretion of the **Public Realm Improvement Fund Governing Group**, to provide funding to implement improvements to the East Midtown Subdistrict, and its immediate vicinity, in the Borough of Manhattan. Upon receipt of any contribution, the **Public Realm Improvement Fund Governing Group** or the Department of City Planning shall notify the Comptroller of the City of New York and the Speaker of the New York City Council and promptly deposit it into the Fund.

Public Realm Improvement Fund Development Rights Valuation

For the purposes of Section [81-60](#), inclusive, the “Public Realm Improvement Fund Development Rights Valuation” (“Development Rights Valuation”) shall be a value per square foot of transferable development rights in the East Midtown Subdistrict, which shall provide a basis for establishing a minimum contribution to the **Public Realm Improvement Fund**. As of August 9, 2017, the Development Rights Valuation shall be set at \$307.45 per square foot.

When proposing an adjustment to the Development Rights Valuation, the Department of City Planning shall undertake a transferrable development rights valuation study conducted by qualified professionals utilizing industry best practices. The City Planning Commission shall, by rule, review and adjust the Development Rights Valuation, pursuant to the City Administrative Procedures Act not more than once every three years and not less than once every five years.

An applicant, upon written request to the Commission, may request a transferable development rights valuation study to evaluate whether the Development Rights Valuation should be modified for a

particular **qualifying site** based upon any recent changes in market conditions within the Subdistrict. The study must be paid for by the applicant and completed within a one-year timeframe. The Department of City Planning shall initiate the study, to be conducted by qualified professionals utilizing industry best practices. Where the study demonstrates that the value of the development rights for the **qualifying site** is less than the Development Rights Valuation, the Commission shall, by certification, and in connection with a certification pursuant to Section [81-642](#) (Transfer of development rights from landmarks to qualifying sites), modify the required contribution to 20 percent of the adjusted valuation.

Public Realm Improvement Fund Governing Group

For the purposes of Section [81-60](#), inclusive, the “Public Realm Improvement Fund Governing Group” (the “Governing Group”) shall be established to administer the **Public Realm Improvement Fund** (the “Fund”), and shall consist of 13 members: seven members shall be representatives of City agencies, appointed by and serving at the pleasure of the Mayor; one member shall be a representative of a citywide civic organization, appointed by the Office of the Manhattan Borough President; one member shall be a representative of the Office of the Manhattan Borough President; one member shall be a representative of the New York City Council member representing the City Council district encompassing the largest portion of the East Midtown Subdistrict; one member shall be a representative of the Speaker of the City Council; one member shall be a representative of Manhattan Community Board 5; and one member shall be a representative of Manhattan Community Board 6. The Governing Group shall be a local development corporation, organized pursuant to the New York State Not-for-Profit Corporation Law, and affiliated with City government for purposes of the New York State Public Authorities Law, whose organizational purpose shall be limited solely to the purposes set forth in this Chapter. Each member shall have one vote, and all Governing Group decisions, as set forth below, shall be upon a majority vote at a public meeting at which a quorum is present. A quorum shall consist of a majority of the members.

The purpose of the Governing Group shall be to bolster and enhance East Midtown’s status as a premier central business district with a high-quality public realm, by allocating funds from the Fund to implement public realm improvement projects. The Governing Group shall establish and maintain a Public Realm Improvement Concept Plan (“Concept Plan”) for the purpose of creating a list of priority improvements, and shall have the authority to amend such Concept Plan, and associated list of improvements, as necessary. All priority improvements in the Concept Plan shall meet the criteria set forth in Section [81-683](#) (Criteria for improvements in the Public Realm Improvement Concept Plan).

Establishment of the Concept Plan, amendment of the Concept Plan, calendaring of items for a vote to fund, and designation of funding for a specific public realm improvement on the Concept Plan shall be decisions requiring a majority vote of the Governing Group at a meeting at which a quorum is present. If only members of the Governing Group appointed by the Mayor vote to calendar a particular public realm improvement for a vote to fund it, the Governing Group shall conduct a public hearing on the matter prior to such improvement being placed on the calendar for vote. In addition, if any member of the Governing Group puts forth a proposed public realm improvement, discussion of such improvement shall be added to the agenda of the next public meeting. Establishment of the initial Concept Plan shall be completed no later than November 1, 2017.

In the event that more than 20 million dollars remains in the Fund for more than three years, the Governing Group shall be required to hold a vote either to fund a public realm improvement project or to retain the funds.

The Governing Group shall adopt procedures for the conduct of its activities. Such procedures shall be consistent with the requirements of the New York State Open Meetings Law (Article 7, NYS Public Officers Law), which procedures shall also be consistent with the goals of the Subdistrict. Those procedures shall be publicly available by posting on the Department of City Planning's website, and shall include rules requiring reporting and transparency including, but not limited to, the following: procedures on the adoption and amendment of the concept plan and opportunity for public comment thereon; requirements to provide a transcript or recording of all public meetings and hearings; and transparency and annual reporting requirements concerning deposits into and expenditures from the Fund. The Governing Group shall annually update the Concept Plan by providing a list of all projects on the Concept Plan to date, those added or removed in the past year, the dollar amount of funds designated to each project on the Concept Plan, to the extent available, the estimated cost of each project on the Concept Plan, and the schedule for all projects for which a decision to designate funding has been made by the Governing Group. Such annual update shall be posted on the Department of City Planning's website no later than January 15 of each calendar year following the establishment of the initial Concept Plan. All meetings of the Governing Group shall be open to the public with advance public notice provided of all meetings and public hearings.

Qualifying site

For the purposes of Section [81-60](#), inclusive, a "qualifying site" shall refer to a **zoning lot**:

- (a) that is not located in the Vanderbilt Corridor Subarea;
- (b) that has frontage along a **wide street**;
- (c) where, at the time of **development** or, where permitted, **enlargement**, either:
 - (1) at least 75 feet of such **zoning lot's wide street** frontage is clear of **buildings or other structures**; or
 - (2) the entire **block** frontage along such **wide street** is occupied by one or more **landmark buildings or other structures**; or
 - (3) such **zoning lot's wide street** frontage is occupied by an existing easement volume that is being preserved, or reconfigured in accordance with Section [81-673](#) (Mass transit access);
- (d) where a **building** is **developed** or, where permitted, **enlarged**, in accordance with the **floor area** provisions of Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), and such **development** or, where permitted, **enlargement** exceeds the basic maximum **floor area** set forth in Row A of the table in Section [81-64](#) and such **building** or publicly accessible space occupies the cleared area in paragraph (c)(1) of this definition, unless the provisions of paragraphs (c)(2) or (c)(3) apply;
- (e) where a maximum of 20 percent of the **floor area** permitted on such **zoning lot** is allocated to **residential uses**; and
- (f) where such **building** being **developed** or, where permitted, **enlarged**, complies with the performance requirements of paragraph (a) and the publicly accessible space requirements of paragraph (b) of Section [81-681](#) (Mandatory requirements for qualifying sites).

Receiving lot

For the purposes of Section [81-60](#), inclusive, a “receiving lot” shall mean a **zoning lot** to which development rights of a **granting lot** are transferred. Such **receiving lot** may receive a transfer of development rights pursuant to Sections [81-632](#) (Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea), [81-642](#) (Transfer of development rights from landmarks to qualifying sites), or [81-653](#) (Special permit for transfer of development rights from landmarks to non-qualifying sites).

Sale price

For the purposes of Section [81-60](#), inclusive, “sale price” shall mean the total consideration exchanged for transferred **floor area** pursuant to certification to transfer development rights from **zoning lots** occupied by **landmark buildings or other structures** within the East Midtown Subdistrict to a **qualifying site**. The total consideration shall include all consideration as defined in Chapter 21 of the Administrative Code of the City of New York and Title 19 of the Rules of the City of New York, as they may be amended, or their successor provisions, whether or not subject to tax under that Chapter. The total consideration shall also include any other compensation in whatever form received in exchange for the **floor area**, including contingent consideration. A valuation prepared pursuant to procedures established by rule of the City Planning Commission or the New York City Department of Finance shall be required for all consideration in a form other than cash. The application for certification shall include affidavits from the buyer and seller, attesting under penalty of perjury, that all of the terms of the transaction and all the consideration have been disclosed, and may be subject to audit.

81-62 - Special Use Provisions

LAST AMENDED
8/9/2017

81-621 - Special provisions for transient hotels

LAST AMENDED
8/9/2017

Within the East Midtown Subdistrict, as shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the **development** of a **building** containing a **transient hotel**, as listed in Use Group 5, or the **conversion** or change of **use** within an existing **building** to a **transient hotel**, shall only be allowed by special permit of the City Planning Commission pursuant to the provisions of this Section. In addition, in Subareas other than the Vanderbilt Corridor, as shown on Map 2 (Special East Midtown District and Subareas), the **enlargement** of a **building** containing a **transient hotel** shall only be allowed by special permit of the City Planning Commission pursuant to the provisions of this Section.

However, in the event a casualty damages or destroys a **building** within the East Midtown Subdistrict that was used as a **transient hotel** as of May 27, 2015, in the Vanderbilt Corridor Subarea or on August 9, 2017, in other Subareas, such **building** may be reconstructed and used as a **transient hotel**

without obtaining a special permit, provided the **floor area** of such reconstructed **building**, less the **floor area** of any other **buildings** on the **zoning lot** does not exceed the applicable basic maximum **floor area ratio** for the **zoning lot** set forth in Section [81-60](#), inclusive. **Transient hotels** existing on May 27, 2015 within the Vanderbilt Corridor Subarea or on August 9, 2017, in other Subareas, shall be considered conforming **uses**.

To permit such a **transient hotel**, the Commission shall find that such **transient hotel** will:

- (a) be appropriate to the needs of businesses in the vicinity of the East Midtown area; and
- (b) provide on-site amenities and services that will support the area's role as an office district. Such business-oriented amenities and services shall be proportionate to the scale of the **transient hotel** being proposed, and shall include, but shall not be limited to, conference and meeting facilities, and telecommunication services.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

However, after August 9, 2017, **development** of a **building** containing a **transient hotel** shall be permitted under the regulations which were in effect prior to August 9, 2017, if a new building application for such **development** was filed at the Department of Buildings after June 9, 2016, and a partial permit for such application was issued by the Department of Buildings on or prior to July 20, 2017, and a temporary certificate of occupancy for the entire **building** has been granted prior to January 31, 2020. In the event that such temporary certificate of occupancy has not been granted prior to such date, and an application is filed prior to such date, pursuant to this Section, with the Board of Standards and Appeals, the Board may permit the new building permit to be renewed for a term of one year upon the following findings:

- (1) that the applicant has been prevented from completing such construction by hardship or circumstances beyond the applicant's control;
- (2) that the applicant has not recovered all or substantially all of the financial expenditures incurred in construction, nor is the applicant able to recover substantially all of the financial expenditures incurred through development that conforms and complies with any applicable amendment to this Resolution; and
- (3) that there are no considerations of public safety, health and welfare that have become apparent since the issuance of the permit that indicate an overriding benefit to the public in enforcement of the special permit provisions of this Section. In the event that the Board permits the renewal, the temporary certificate of occupancy shall be obtained by no later than January 31, 2021.

81-622 - Location of uses in mixed buildings

LAST AMENDED
8/9/2017

For **mixed buildings developed** on **qualifying sites**, the provisions of Section [32-422](#) (Location of floors occupied by commercial uses) are modified to permit the following **uses**, subject to the underlying zoning district regulations, on the same **story** as, or at any **story** above, **residential uses**, provided that no access exists between such **uses** at any level above the ground floor:

open or enclosed observation decks;

open or enclosed publicly accessible spaces;

eating or drinking establishments, as listed in Use Groups 6A, 6C, 10A and 12A;

bowling alleys, as listed in Use Group 8A and 12A;

theaters, as listed in Use Group 8A;

commercial art galleries, as listed in Use Group 6C;

gymnasiums, used exclusively for basketball, handball, paddleball, racquetball, squash and tennis, as listed in Use Group 9A;

wedding chapels and banquet halls, as listed in Use Group 9A;

enclosed skating rinks, as listed in Use Group 12A;

swimming pools and gymnasium **uses** which are **accessory** to any other **use** located within the **building**; and

physical culture or health establishments permitted pursuant to Section [73-36](#).

For such **uses**, the provisions of Section [32-41](#) (Enclosure Within Buildings) shall not apply.

81-63 - Special Floor Area Provisions for the Vanderbilt Corridor Subarea

LAST AMENDED
8/9/2017

For non-**residential buildings** or **mixed buildings** in the Vanderbilt Corridor Subarea of the East Midtown Subdistrict, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the basic maximum **floor area ratios** of the underlying districts shall apply as set forth in this Section. Such basic maximum **floor area ratio** on any **zoning lot** may be increased by bonuses or other **floor area** allowances only in accordance with the provisions of this Chapter, and the maximum **floor area ratio** with such additional **floor area** allowances shall in no event exceed the amount set forth for each underlying district in the following table:

Means for Achieving Permitted FAR Levels on a Zoning Lot in the Vanderbilt Corridor Subarea	Maximum Floor Area Ratio (FAR)
A. Basic Maximum FAR	15
B. Maximum Special Permit Floor Area Allowances: (District-wide Incentives), Subway station improvements (Section 74-634)	3.0

C. Maximum FAR of Lots Involving Landmarks:	
Maximum FAR of a lot containing non bonusable landmark (Section 74-711 or as-of-right)	15.0
Development rights (FAR) of a landmark lot for transfer purposes (Section 74-79)	15.0
Maximum amount of transferable development rights (FAR) from a landmark zoning lot that may be utilized on:	
(a) an adjacent lot (Section 74-79)	No Limit
(b) a receiving lot (Section 81-632)	15.0
D. Maximum Floor Area Allowances by Special Permit for Grand Central public realm improvements (Section 81-633)	15.0
E. Maximum Total FAR of a Lot with Transferred Development Rights on receiving lots (Section 81-632) or District-wide Incentives (including Section 81-633)	30.0
F. Maximum Total FAR of a Lot with Transferred Development Rights on an adjacent lot (Section 74-79) or District-wide Incentives (other than Section 81-633)	No Limit

Any transfer of development rights from a landmark site may be made pursuant to either Section [74-79](#) or Section [81-632](#) (Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea), but not both.

81-631 - Special provisions for transfers of development rights in the Vanderbilt Corridor Subarea

LAST AMENDED
8/9/2017

All applications for transfers of development rights pursuant to the special permit by the City Planning Commission in Section [81-632](#) (Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea) shall also comply with the regulations of this Section.

(a) Requirements for applications

In addition to the land use review application requirements, an application filed with the City

Planning Commission for a special permit pursuant to Section [81-632](#) shall be made jointly by the owners of the **granting lot** and **receiving lot** and shall include:

- (1) site plan and zoning calculations for the **granting lot** and **receiving lot**;
- (2) a program for the continuing maintenance of the landmark;
- (3) a report from the Landmarks Preservation Commission concerning the continuing maintenance program of the landmark and, for those “receiving” sites in the immediate vicinity of the landmark, a report concerning the harmonious relationship of the **development** or **enlargement** to the landmark;
- (4) a plan of any required pedestrian network improvement; and
- (5) any such other information as may be required by the City Planning Commission.

A separate application shall be filed for each transfer of development rights to an independent **receiving lot** pursuant to Section [81-632](#).

(b) Conditions and limitations

The transfer of development rights from a **granting lot** to a **receiving lot**, pursuant to Section [81-632](#), shall be subject to the following conditions and limitations:

- (1) the maximum amount of **floor area** that may be transferred from a **granting lot** shall be the maximum **floor area** allowed by Section [33-12](#) for **commercial buildings** on such landmark **zoning lot**, as if it were undeveloped, less the total **floor area** of all existing **buildings** on the landmark **zoning lot**;
- (2) for each **receiving lot**, the **floor area** allowed by the transfer of development rights under Section [81-632](#) shall be in addition to the maximum **floor area** allowed by the district regulations applicable to the **receiving lot**, as shown in the table in Section [81-63](#) (Special Floor Area Provisions for the Vanderbilt Corridor Subarea); and
- (3) each transfer, once completed, shall irrevocably reduce the amount of **floor area** that may be **developed** or **enlarged** on the **granting lot** by the amount of **floor area** transferred. If the landmark designation is removed, the **landmark building or other structure** is destroyed or **enlarged**, or the **zoning lot** with the **landmark building or other structure** is redeveloped, the **granting lot** may only be **developed** or **enlarged** up to the amount of permitted **floor area** as reduced by each transfer.

(c) Transfer instruments and notice of restrictions

The owners of the **granting lot** and the **receiving lot** shall submit to the Commission a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer. Notice of the restrictions upon further **development** or **enlargement** of the **granting lot** and the **receiving lot** shall be filed by the owners of the respective lots in the Office of the Register of the City of New York (County of New York), a certified copy of which shall be submitted to the Commission.

Both the instrument of transfer and the notice of restrictions shall specify the total amount of **floor area** transferred and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

81-632 - Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea

LAST AMENDED
8/9/2017

Within the Vanderbilt Corridor Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the City Planning Commission may permit the transfer of development rights from a **granting lot** in the Grand Central Core Area, as shown on Map 2, to a **receiving lot**, and, in conjunction with such transfer, the Commission may permit modifications to **bulk** regulations, mandatory plan elements, and provisions regarding **zoning lots** divided by district boundaries, as set forth in paragraph (a) of this Section, provided that the Commission determines that the **development** or **enlargement** complies with the conditions of paragraph (b), the findings of paragraph (c) and the additional requirements of paragraph (d) of this Section.

(a) The Commission may permit:

- (1) a transfer of development rights from a **granting lot** to a **receiving lot** provided that the resultant **floor area ratio** on the “receiving lot” does not exceed 30.0;
- (2) modifications of the provisions of Sections [77-02](#) (Zoning Lots not Existing Prior to Effective Date or Amendment of Resolution), [77-21](#) (General Provisions), [77-22](#) (Floor Area Ratio) and [77-25](#) (Density Requirements) for any **zoning lot**, whether or not it existed on December 15, 1961, or any applicable subsequent amendment thereto, **floor area** or **dwelling units** permitted by the district regulations which allow a greater **floor area ratio** may be located within a district that allows a lesser **floor area ratio**;
- (3) in the case of an **enlargement** to an existing **building** utilizing the transfer of development rights from a designated landmark, modifications of the provisions of Sections [81-66](#) (Special Height and Setback Requirements), [81-671](#) (Special street wall requirements), [81-674](#) (Ground floor use provisions), [81-675](#) (Curb cut restrictions and loading berth requirements), [81-676](#) (Pedestrian circulation space requirements), and Sections [81-25](#) (General Provisions Relating to Height and Setback of Buildings), [81-26](#) (Height and Setback Regulations-Daylight Compensation) and [81-27](#) (Alternate Height and Setback Regulations-Daylight Evaluation) in order to accommodate existing structures and conditions;
- (4) for **zoning lots** of more than 40,000 square feet of **lot area** that occupy an entire **block**, modifications of **bulk** regulations, except **floor area ratio** regulations; and
- (5) modifications, whether singly or in any combination, to:
 - (i) the **street wall** regulations of Sections [81-43](#) (Street Wall Continuity Along Designated Streets), inclusive, or [81-671](#), inclusive;
 - (ii) the height and setback regulations of Sections [81-26](#), inclusive, [81-27](#),

inclusive, or [81-622](#); or

- (iii) the mandatory district plan elements of Sections [81-42](#) (Retail Continuity Along Designated Streets), [81-44](#) (Curb Cut Restrictions), [81-45](#) (Pedestrian Circulation Space), [81-46](#) (Off-street Relocation or Renovation of a Subway Stair), [81-47](#) (Major Building Entrances), [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility), [81-674](#) (Ground floor use provisions), [81-675](#) (Curb cut restrictions and loading berth requirements), [81-676](#) (Pedestrian circulation space requirements) or [37-50](#) (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, except that no modifications to the required amount of pedestrian circulation space set forth in Section [37-51](#) shall be permitted.

(b) Conditions

As a condition for granting a special permit pursuant to this Section, the design of the **development** or **enlargement** shall include a major improvement of the above- or below-grade, pedestrian or mass transit circulation network in the Grand Central Core Area. However, this condition may be waived by the Commission, where appropriate, or may be deemed to have been met by utilization of the provisions of Section [81-633](#) (Special permit for Grand Central public realm improvements). The improvement shall increase the general accessibility and security of the network, reduce points of pedestrian congestion and improve the general network environment through connections into planned expansions of the network. The improvement may include, but is not limited to, widening, straightening or expansion of the existing pedestrian network, reconfiguration of circulation routes to provide more direct pedestrian connections between the **development** or **enlargement** and Grand Central Terminal, and provision for direct daylight access, retail in new and existing passages, and improvements to air quality, lighting, finishes and signage.

The special permit application to the Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the general public from the proposed improvement. As part of the special permit application, the applicant shall submit schematic or concept plans of the proposed improvement to the Department of City Planning, as well as evidence of such submission to the Metropolitan Transportation Authority (MTA) and any other entities that retain control and responsibility for the area of the proposed improvement. Prior to ULURP certification of the special permit application, the MTA and any other entities that retain control and responsibility for the area of the proposed improvement shall each provide a letter to the Commission containing a conceptual approval of the improvement including a statement of any considerations regarding the construction and operation of the improvement.

(c) Findings

In order to grant a special permit for the transfer of development rights to a **receiving lot**, the Commission shall find that:

- (1) a program for the continuing maintenance of the landmark has been established;
- (2) for any proposed improvement required pursuant to this Section:

- (i) the improvement to the above- or below-grade pedestrian or mass transit circulation network provided by the **development** or **enlargement** increases public accessibility to and from Grand Central Terminal;
 - (ii) the streetscape, the site design and the location of **building** entrances contribute to the overall improvement of pedestrian circulation within the surrounding area and minimize congestion on surrounding **streets**; and
 - (iii) a program is established to identify solutions to problems relating to vehicular and pedestrian circulation problems and the pedestrian environment within the surrounding area;
- (3) where appropriate, the design of the **development** or **enlargement** includes provisions for public amenities including, but not limited to, publicly accessible open spaces, and subsurface pedestrian passageways leading to subway or rail mass transit facilities;
- (4) for **developments** or **enlargements** with a proposed **floor area ratio** in excess of 21.6, the **building** has met the ground floor level, building design, sustainable design measures and, for **zoning lots** not located on two **wide streets**, the site characteristic considerations set forth in the applicable conditions and findings of Section [81-633](#) (Special permit for Grand Central public realm improvements);
- (5) where the modification of **bulk** regulations is proposed:
 - (i) any proposed modification of regulations governing **zoning lots** divided by district boundaries or the permitted transfer of **floor area** will not unduly increase the **bulk** of any **development** or **enlargement** on the **receiving lot**, density of population or intensity of **use** on any **block** to the detriment of the occupants of **buildings** on the **block** or the surrounding area;
 - (ii) for **enlargements** to existing **buildings**, any proposed modifications of height and setback requirements and the requirements of Section [81-66](#) are necessary because of the inherent constraints or conditions of the existing **building**, that the modifications are limited to the minimum needed, and that the proposal for modifications of height and setback requirements demonstrates to the satisfaction of the Commission that an integrated design is not feasible for the proposed **enlargement** which accommodates the transfer of development rights due to the conditions imposed by the existing **building** or configuration of the site; and
 - (iii) for **developments** or **enlargements** on **zoning lots** of more than 40,000 square feet of **lot area** that occupy an entire **block**, any proposed modifications of **bulk** regulations are necessary because of inherent site constraints and that the modifications are limited to the minimum needed; or
- (6) any proposed modifications to **street walls**, height and setback regulations and mandatory plan elements meet the applicable application requirements and findings set forth in Section [81-634](#) (Permitted modifications in conjunction with additional floor area).

(d) Additional requirements

Prior to the grant of a special permit, the applicant shall obtain approvals of plans from the MTA and any other entities that retain control and responsibility for the area of the proposed improvement, and, if appropriate, the applicant shall sign a legally enforceable instrument running with the land, setting forth the obligations of the owner and developer, their successors and assigns, to construct and maintain the improvement and shall establish a construction schedule, a program for maintenance and a schedule of hours of public operation and shall provide a performance bond for completion of the improvement.

The written declaration of restrictions and any instrument creating an easement on privately owned property shall be recorded against such private property in the Office of the Register of the City of New York (County of New York) and a certified copy of the instrument shall be submitted to the Commission.

No temporary certificate of occupancy for any **floor area** of the **development** or **enlargement** on a **receiving lot** shall be granted by the Department of Buildings until all required improvements have been substantially completed as determined by the Chairperson of the City Planning Commission and the area is usable by the public. Prior to the issuance of a permanent certificate of occupancy for the **development** or **enlargement**, all improvements shall be 100 percent complete in accordance with the approved plans and such completion shall have been certified by letter from the MTA.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-633 - Special permit for Grand Central public realm improvements

LAST AMENDED
8/9/2017

For **developments** and **enlargements** on **zoning lots** located within the Vanderbilt Corridor Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the City Planning Commission may allow, by special permit, **floor area** in excess of the basic maximum **floor area ratio** established in the table in Section [81-63](#) (Special Floor Area Provisions for the Vanderbilt Corridor Subarea), up to the maximum **floor area** set forth in the table, in accordance with the provisions of this Section.

All applications for a special permit for additional **floor area** pursuant to this Section shall include on-site or off-site, above- or below-grade improvements to the pedestrian or mass transit circulation network, or a combination thereof, in the Grand Central Core Area, as shown on Map 2. In addition, requirements pertaining to the ground floor level, building design and sustainable design measures are set forth in this Section in order to ensure that any **development** or **enlargement** receiving additional **floor area** constitutes an exceptional addition to the **Special Midtown District**.

To approve a special permit application for additional **floor area**, the Commission shall determine that such **development** or **enlargement** complies with the conditions and application requirements of paragraph (a), the findings of paragraph (b) and the additional requirements of paragraph (c) of this Section.

- (a) Conditions and application requirements

All applications for a special permit for additional **floor area** pursuant to this Section shall include the following:

- (1) Above- or below-grade improvements to the pedestrian or mass transit circulation network.

In order to ensure that the proposed **development** or **enlargement** contributes to the improvement of pedestrian and mass transit circulation in the Grand Central Core Area, especially in the vicinity of Grand Central Terminal, any **development** or **enlargement** proposed under the provisions of this Section shall include above- or below-grade public realm improvements.

- (i) Where a **development** or **enlargement** proposes the inclusion of above-grade public realm improvements, such improvements may consist of on-site or off-site improvements to the pedestrian circulation network, or a combination thereof.

On-site, above-grade public realm improvements shall consist of open or enclosed publicly accessible spaces, of ample size, provided for public use and enjoyment. Such publicly accessible spaces shall include amenities characteristic of **public plazas** or public atriums, as applicable, and include amenities for the comfort and convenience of the public.

Off-site, above-grade public realm improvements shall consist of major improvements to the public right-of-way that support pedestrian circulation in the areas surrounding Grand Central Terminal. Where the area of such improvements is to be established as a pedestrian plaza, such improvements shall be characteristic of best practices in plaza design, as set forth by the Department of Transportation. Where the area of such improvements is along a **street** accommodating both vehicular and pedestrian access, such improvements shall be characteristic of current best practices in **street** design, as set forth by the Department of Transportation, and include improvements to the right-of-way such as pedestrian amenities, or streetscape, sidewalk, crosswalk and median enhancements.

- (ii) Where a **development** or **enlargement** proposes the inclusion of below-grade public realm improvements, such improvements shall consist of on-site or off-site enhancements to the below-grade pedestrian and mass transit circulation network. Such improvements shall be characteristic of current best practice in mass-transit network design, and shall include improvements such as on-site or off-site widening, straightening, expanding or otherwise enhancing the existing below-grade pedestrian circulation network, additional vertical circulation, reconfiguring circulation routes to provide more direct pedestrian connections to subway or rail mass transit facilities, or providing daylight access, retail **uses**, or enhancements to noise abatement, air quality, lighting, finishes or rider orientation in new or existing passageways.

Applications shall include information and justification sufficient to provide the Commission with the basis for evaluating the benefits to the general public;

determining the appropriate amount of bonus **floor area** to grant; and determining whether the applicable findings set forth in paragraph (b) of this Section have been met. Such application materials shall also include initial plans for the maintenance of the proposed improvements.

Where the Metropolitan Transportation Authority or any other City or State agency has control and responsibility for the area of a proposed improvement, the applicant shall submit concept plans for the proposed improvement to such agency and the Commission. At the time of certification of the application, any such agency with control and responsibility for the area of the proposed improvement shall each provide a letter to the Commission containing a conceptual approval of the improvement, including a statement of any considerations regarding the construction and operation of the improvement.

(2) Ground floor level

In order to ensure that the proposed **development** or **enlargement** contributes to the improvement of the pedestrian circulation network in the surrounding area, any **development** or **enlargement** proposed under the provisions of this Section shall provide enhancements to the ground floor level of the **building**, including, but not limited to, sidewalk widenings, streetscape amenities or enhancements to required pedestrian circulation spaces.

Where a **development** or **enlargement** includes **street** frontage along Madison Avenue or a **narrow street** between East 43rd Street and East 47th Street, sidewalk widenings shall be provided as follows:

- (i) where a **development** or **enlargement** is on a **zoning lot** which occupies the entire **block** frontage along Madison Avenue, a sidewalk widening shall be provided along Madison Avenue, to the extent necessary, so that a minimum sidewalk width of 20 feet is achieved, including portions within and beyond the **zoning lot**. However, no sidewalk widening need exceed 10 feet, as measured perpendicular to the **street line**;
- (ii) where a **development** or **enlargement** is on a **zoning lot** that does not occupy the entire **block** frontage along Madison Avenue, a sidewalk widening shall be provided along Madison Avenue where all existing **buildings** on the **block** frontage have provided such a widening. Such required widening shall match the amount of widened sidewalk provided on adjacent **zoning lots**, provided that no sidewalk widening need exceed 10 feet, as measured perpendicular to the **street line**; or
- (iii) where a **development** or **enlargement** with frontage on a **narrow street** between East 43rd Street and East 47th Street is on a **zoning lot** with a **lot width** of 100 feet or more, as measured along the **narrow street line**, a sidewalk widening shall be provided along such **narrow street**, to the extent necessary, so that a minimum sidewalk width of 15 feet is achieved, including portions within and beyond the **zoning lot**. However, no sidewalk widening need exceed 10 feet, as measured perpendicular to the **street line**.

Applications shall contain a ground floor level site plan, and other supporting documents of sufficient scope and detail to enable the Commission to determine the type of proposed **uses** on the ground floor level, the location of proposed **building** entrances, the size and location of proposed circulation spaces, the manner in which such spaces will connect to the overall pedestrian circulation network and the above- or below-grade public realm improvements required pursuant to this Section and any other details necessary for the Commission to determine whether the applicable findings set forth in paragraph (b) of this Section have been met.

(3) Building design

In order to ensure that the proposed **development** or **enlargement** contributes to its immediate surroundings, with particular emphasis on Grand Central Terminal, any **development** or **enlargement** proposed under the provisions of this Section shall demonstrate particular attention to the building design, including, but not limited to, the proposed **uses**, massing, articulation and relationship to **buildings** in close proximity and within the Midtown Manhattan skyline.

Applications shall contain materials of sufficient scope and detail to enable the Commission to determine the proposed **uses** within the **building**, as well as the proposed **building bulk** and architectural design of the **building**, and to evaluate the proposed **building** in the context of adjacent **buildings** and the Midtown Manhattan skyline. Such materials shall include a description of the proposed **uses** within the **building**; measured elevation drawings, axonometric views, and perspective views showing such proposed **building** within the Midtown Manhattan skyline; and any other materials necessary for the Commission to determine whether the applicable findings set forth in paragraph (b) of this Section have been met.

For those **receiving lots** that are contiguous to a lot occupied by Grand Central Terminal or a lot that is across a **street** and opposite the lot occupied by Grand Central Terminal, or, in the case of a **corner lot**, one that fronts on the same **street** intersection as the lot occupied by Grand Central Terminal, applications shall contain a report from the Landmarks Preservation Commission concerning the harmonious relationship of the **development** or **enlargement** to Grand Central Terminal.

(4) Sustainable design measures

In order to foster the development of sustainable **buildings** in the Vanderbilt Corridor Subarea, any **development** or **enlargement** proposed under the provisions of this Section shall include sustainable design measures, including, but not limited to, enhancements to the energy performance, enhanced water efficiency, utilization of sustainable or locally sourced materials and attention to indoor environmental air quality of the **building**.

Applications shall contain materials of sufficient scope and detail to enable the Commission to determine whether the applicable findings in paragraph (b) of this Section have been met. In addition, any application shall include materials demonstrating the sustainable design measures of the **building**, including its anticipated energy performance, and the degree to which such performance exceeds

either the New York City Energy Conservation Code (NYCECC) or the Building Performance Rating method of the applicable version and edition of American Society of Heating, Refrigerating and Air Conditioning Engineers, Inc., Standard 90.1 (ASHRAE 90.1), as referenced within the NYCECC.

(b) Findings

The Commission shall find that:

- (1) for a **development** or **enlargement** not located on two **wide streets**, the amount of additional **floor area** being granted is appropriate based on the extent to which any or all of the following physical factors are present in the **development** or **enlargement**:
 - (i) direct access to subway stations and other rail mass transit facilities;
 - (ii) the size of the **zoning lot**;
 - (iii) the amount of wide **street** frontage; and
 - (iv) adjacency to the open area above Grand Central Terminal;
- (2) for above-grade improvements to the pedestrian circulation network that are located:
 - (i) on-site, the proposed improvements will, to the extent practicable, consist of a prominent space of generous proportions and quality design that is inviting to the public; improve pedestrian circulation and provide suitable amenities for the occupants; front upon a **street** or a pedestrian circulation space in close proximity to and within view of and accessible from an adjoining sidewalk; provide or be surrounded by active **uses**; be surrounded by transparent materials; provide connections to pedestrian circulation spaces in the immediate vicinity; and be designed in a manner that combines the separate elements within such space into a cohesive and harmonious site plan, resulting in a high-quality public space; or
 - (ii) off-site, the proposed improvements to the public right-of-way, to the extent practicable, will consist of significant street and sidewalk designs that improve pedestrian circulation in the surrounding area; provide comfortable places for walking and resting, opportunities for planting and improvements to pedestrian safety; and create a better overall user experience of the above-grade pedestrian circulation network that supports the surrounding area as a high-density business district. Where the area of such improvement is to be established into a pedestrian plaza that will undergo a public design and review process through the Department of Transportation subsequent to the approval of this special permit, the Commission may waive this finding;
- (3) for below-grade improvements to the pedestrian or mass transit circulation network, the proposed improvements will provide:
 - (i) significant and generous connections from the above-grade pedestrian circulation network and surrounding **streets** to the below-grade pedestrian circulation network;

- (ii) major improvements to public accessibility in the below-grade pedestrian circulation network between and within subway stations and other rail mass transit facilities in and around Grand Central Terminal through the provision of new connections, or the addition to or reconfiguration of existing connections; or
 - (iii) significant enhancements to the environment of subway stations and other rail mass transit facilities including daylight access, noise abatement, air quality improvement, lighting, finishes, way-finding or rider orientation, where practicable;
- (4) the public benefit derived from the proposed above- or below-grade improvements to the pedestrian or mass transit circulation network merits the amount of additional **floor area** being granted to the proposed **development** or **enlargement** pursuant to this special permit;
- (5) the design of the ground floor level of the **building**:
 - (i) contributes to a lively streetscape through a combination of retail **uses** that enliven the pedestrian experience, ample amounts of transparency and pedestrian connections that facilitate fluid movement between the **building** and adjoining public spaces; and demonstrates consideration for the location of pedestrian circulation space, **building** entrances, and the types of **uses** fronting upon the **street** or adjoining public spaces;
 - (ii) will substantially improve the accessibility of the overall pedestrian circulation network, reduce points of pedestrian congestion and, where applicable, establish more direct and generous pedestrian connections to Grand Central Terminal; and
 - (iii) will be well-integrated with on-site, above- or below-grade improvements required by this Section, where applicable and practicable;
- (6) the design of the proposed **building**:
 - (i) ensures light and air to the surrounding **streets** and public spaces through the use of setbacks, recesses and other forms of articulation, and the tower top produces a distinctive addition to the Midtown Manhattan skyline which is well-integrated with the remainder of the **building**;
 - (ii) demonstrates an integrated and well-designed facade, taking into account factors such as **street wall** articulation and fenestration, that creates a prominent and distinctive **building** which complements the character of the surrounding area, especially Grand Central Terminal; and
 - (iii) involves a program that includes an intensity and mix of **uses** that are harmonious with the type of **uses** in the surrounding area;
- (7) the proposed **development** or **enlargement** comprehensively integrates sustainable measures into the **building** and site design that:
 - (i) meet or exceed best practices in sustainable design; and

- (ii) will substantially reduce energy usage for the **building**, as compared to comparable **buildings**; and
- (8) in addition:
 - (i) the increase in **floor area** being proposed in the **development** or **enlargement** will not unduly increase the **bulk**, density of population or intensity of **uses** to the detriment of the surrounding area; and
 - (ii) all of the separate elements within the proposed **development** or **enlargement**, including above- or below-grade improvements, the ground floor level, **building** design, and sustainable design measures, are well-integrated and will advance the applicable goals of the **Special Midtown District** described in Section [81-00](#) (GENERAL PURPOSES).

(c) Additional requirements

Prior to the grant of a special permit pursuant to this Section, and to the extent required by the Metropolitan Transportation Authority (MTA) or any other City or State agencies with control and responsibility for the area in which a proposed improvement is to be located, the applicant shall execute an agreement, setting forth the obligations of the owner, its successors and assigns, to establish a process for design development and a preliminary construction schedule for the proposed improvement; construct the proposed improvement; where applicable, establish a program for maintenance; and, where applicable, establish a schedule of hours of public access for the proposed improvement. Where the MTA, or any other City or State agencies with control and responsibility for the area of a proposed improvement, deems necessary, such executed agreement shall set forth obligations of the applicant to provide a performance bond or other security for completion of the improvement in a form acceptable to the MTA or any other such agencies.

Where the proposed **development** or **enlargement** proposes an off-site improvement located in an area to be acquired by a City or State agency, the applicant may propose a phasing plan to sequence the construction of such off-site improvement. To determine if such phasing plan is reasonable, the Commission may consult with the City or State agency that intends to acquire the area of the proposed improvement.

Prior to obtaining a foundation permit or building permit from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, setting forth the obligations of the owner to construct, and, where applicable, maintain and provide public access to public improvements provided pursuant to this Section, shall be recorded against such property in the Office of the Register of the City of New York (County of New York). Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.

Except where a phasing plan is approved by the Commission, no temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing bonus **floor area** granted pursuant to the provisions of this Section until the required improvements have been substantially completed, as determined by the Chairperson, acting in consultation with the MTA, or any other City or State agencies with control and responsibility for the area where a proposed improvement is to be located, where applicable, and such

improvements are usable by the public. Such portion of the **building** utilizing bonus **floor area** shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing bonus **floor area** until all improvements have been completed in accordance with the approved plans, as determined by the Chairperson, acting in consultation with the MTA, or any other City or State agencies with control and responsibility for the area where a proposed improvement is to be located, where applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-634 - Permitted modifications in conjunction with additional floor area

LAST AMENDED
8/9/2017

In conjunction with the grant of a special permit pursuant to Section [81-633](#) (Special permit for Grand Central public realm improvements), the City Planning Commission may permit modifications to **street walls**, height and setback regulations and mandatory plan elements, as set forth in paragraph (a) of this Section, provided that the Commission determines that the application requirements set forth in paragraph (b) and the findings set forth in paragraph (c) of this Section are met.

(a) The Commission may modify the following, whether singly or in any combination:

- (1) the **street wall** regulations of Sections [81-43](#) (Street Wall Continuity Along Designated Streets) or [81-671](#) (Special street wall requirements), inclusive;
- (2) the height and setback regulations of Sections [81-26](#) (Height and Setback Regulations - Daylight Compensation), inclusive, [81-27](#) (Alternate Height and Setback Regulations - Daylight Evaluation), inclusive, or [81-66](#) (Special Height and Setback Requirements); or
- (3) the mandatory district plan elements of Sections [81-42](#) (Retail Continuity Along Designated Streets), [81-44](#) (Curb Cut Restrictions), [81-45](#) (Pedestrian Circulation Space), [81-46](#) (Off-street Relocation or Renovation of a Subway Stair), [81-47](#) (Major Building Entrances), [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility), [81-674](#) (Ground floor use provisions), [81-675](#) (Curb cut restrictions and loading berth requirements), [81-676](#) (Pedestrian circulation space requirements) or [37-50](#) (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, except that no modifications to the required amount of pedestrian circulation space set forth in Section [37-51](#) shall be permitted.

(b) Application requirements

Applications for a special permit for modifications pursuant to this Section shall contain materials, of sufficient scope and detail, to enable the Commission to determine the extent of the proposed modifications. In addition, where modifications to **street wall** or height and

setback regulations are proposed, any application shall contain the following materials, at a minimum:

- (1) drawings, including but not limited to, plan views and axonometric views, that illustrate how the proposed **building** will not comply with the **street wall** regulations of Section [81-43](#) or as such provisions are modified pursuant to Section [81-671](#), as applicable, and that illustrate how the proposed **building** will not comply with the height and setback regulations of Sections [81-26](#), [81-27](#) or as such provisions are modified pursuant to Section [81-66](#), as applicable;
- (2) where applicable, formulas showing the degree to which such proposed **building** will not comply with the length and height rules of Section [81-26](#) or as such provisions are modified pursuant to Section [81-66](#); and
- (3) where applicable, **daylight evaluation charts** and the resulting daylight evaluation score showing the degree to which such proposed **building** will not comply with the provisions of Section [81-27](#) or as such provisions are modified pursuant to Section [81-66](#).

(c) Findings

The Commission shall find that such proposed modifications:

- (1) to the mandatory district plan elements will result in a better site plan for the proposed **development** or **enlargement** that is harmonious with the mandatory district plan element strategy of the **Special Midtown District**, as set forth in Section [81-41](#) (General Provisions); and
- (2) to the **street wall** or height and setback regulations will result in an improved distribution of **bulk** on the **zoning lot** that is harmonious with the height and setback goals of the **Special Midtown District** set forth in Section [81-251](#) (Purpose of height and setback regulations).

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-64 - Special Floor Area Provisions for Qualifying Sites

LAST AMENDED
8/9/2017

For **non-residential buildings** or **mixed buildings** on **qualifying sites** in the East Midtown Subdistrict, the basic maximum **floor area ratios** of the underlying districts shall apply as set forth in this Section. Such basic maximum **floor area ratio** on any **zoning lot** may be increased by bonuses or other **floor area** allowances only in accordance with the provisions of this Chapter, and the maximum **floor area ratio** with such additional **floor area** allowances shall in no event exceed the amount set forth for each underlying district in the following table:

MAXIMUM FLOOR AREA RATIOS AND ALLOWANCES FOR QUALIFYING SITES

Means for Achieving Permitted FAR Levels on a Zoning Lot for Qualifying Sites	Grand Central Transit Improvement Zone Subarea		Park Avenue Subarea		Other Transit Improvement Zone Subarea		Southern Subarea		Northern Subarea1	
	C5-2.5	C5-3	C5-2.5	C5-3	C5-2.5 C6-4.5	C5-3 C6-6	C5-2.5 C6-4.5	C5-3 C6-6	C5-2.5 C6-4.5	C5-3 C6-6
A. Basic Maximum FAR										
	12	15	12	15	12	15	12	15	12	15
B. Minimum Floor Area Allowances through identified transit improvements (Section 81-641) if exceeding base maximum FAR										
	2.7	2.7	-	-	2.3	2.3	-	-	-	-
C. Maximum Floor Area Allowances through identified transit improvements (Section 81-641)										
	5.4	5.4	-	-	4.6	4.6	-	-	-	-
D. Maximum amount of transferable development rights (FAR) from landmark zoning lots that may be utilized on a qualifying site (Section 81-642)

- 1 For **zoning lots** located east of Third Avenue between the centerline of East 46th Street to the centerline of East 51st Street, the maximum **floor area ratio** shall be the basic maximum **floor area ratio** set forth in Row A.

81-641 - Additional floor area for Transit Improvements on Qualifying Sites

LAST AMENDED
8/9/2017

All **developments** or, where permitted, **enlargements** on **qualifying sites** located within the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, that exceed the basic maximum **floor area ratio** set forth in Row A of the table in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites) shall comply with the provisions of this Section.

The Chairperson of the City Planning Commission shall allow, by certification, **floor area** on a **qualifying site** to be increased above the applicable basic maximum **floor area ratio** provided that such resulting increase in **floor area ratio** is not less than the minimum specified in Row B of the table in Section [81-64](#), nor more than the maximum specified in Row C, as applicable, and further provided that a transit improvement, or a combination of transit improvements, will be constructed in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, in accordance with the provisions of this Section.

- (a) The following requirements shall be completed prior to application for certification by the Chairperson:
- (1) the applicant shall select a transit improvement that has been identified on the Priority Improvement List in Section [81-682](#) (Priority Improvement List for qualifying sites) and is commensurate with the minimum **floor area** required, and results in a **floor area ratio** increase not exceeding the maximum **floor area ratio** permitted to be achieved through the provisions of this Section. The process for such selection shall also comply with paragraph (a) of Section [81-682](#);
 - (2) the applicant shall submit preliminary plans for the proposed transit improvement to the Chairperson and any applicable City or State agencies with jurisdiction over and control of the proposed transit improvement;
 - (3) the applicant shall obtain and provide to the Chairperson a conceptual approval of the proposed transit improvement from any applicable City or State agencies with jurisdiction over and control of the proposed improvement in letter form, wherein such

agencies state that such improvements meet the requirements set forth in Section [81-682](#); and

- (4) prior to the issuance of a building permit, as set forth in this Section, the applicant shall execute agreements and legally enforceable instruments running with the land, setting forth the obligations of the owner and developer, their successors and assigns, to design and construct the improvement in accordance with the requirements of the applicable City or State agencies with jurisdiction over and control of the proposed improvement. Such agreements and instruments shall be filed and recorded in the Office of the Register of the City of New York (County of New York). Proof of recordation shall be sent to the Chairperson.
- (b) The following items shall be submitted to the Chairperson as part of an application for certification:
- (1) all of the materials required pursuant to paragraph (a) of this Section;
 - (2) site plans and zoning calculations for the proposed **development** or, where permitted, **enlargement** on the **qualifying site** showing the additional **floor area** associated with the completion of such transit improvement; and
 - (3) drawings including, but not limited to, plans, sections, elevations, three-dimensional projections or other drawings deemed necessary or relevant by the Chairperson for the transit improvement, and any such other information as may be required by the Chairperson.

When an applicant has submitted materials to the Chairperson that satisfy the requirements of paragraphs (a) and (b) of this Section, the Chairperson shall certify to the Department of Buildings that the **development** or, where permitted, **enlargement** on a **qualifying site** is in compliance with the provisions of this Section. Such certification shall be a precondition to the issuance of any foundation permit or new building permit by the Department of Buildings allowing a **development** or, where permitted, an **enlargement** on a **qualifying site** in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea. All applications pursuant to this Section shall be referred to the affected Community Board, the local Council Member and the Manhattan Borough President. No certification shall be granted prior to 60 days after such referral.

No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** identified as utilizing the additional **floor area** granted pursuant to the provisions of this Section until the Chairperson, acting in consultation with the applicable City or State agencies having jurisdiction over and control of the proposed improvement, has certified that the improvements are substantially complete and usable by the public. Such portion of the **building** shall be designated by the applicant in drawings included in the instruments filed pursuant to paragraph (b) of this Section and shall be noted on the temporary certificate of occupancy.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing such additional **floor area** until the improvements have been finally completed in accordance with the approved plans and such final completion has been certified by the Chairperson, acting in consultation with the applicable City or State agencies having jurisdiction over and control of the proposed improvement.

In addition, the Chairperson shall allow, by certification, a reduction in, or waiver of, the minimum **floor**

area ratio required pursuant to Row B of the table in Section [81-64](#), where there are an insufficient number of available projects on the Priority Improvement List in Section [81-682](#). The Chairperson shall also allow, by certification, the maximum **floor area ratio** for a **qualifying site** to be increased beyond the limit set forth in Row C of the table in Section [81-64](#), where the Metropolitan Transportation Authority requires improvements to the Fifth Avenue and East 53rd Street Station to be combined in order to adequately phase improvements and avoid practical difficulties in operating the station.

81-642 - Transfer of development rights from landmarks to qualifying sites

LAST AMENDED
8/9/2017

The Chairperson of the City Planning Commission shall allow, by certification, a transfer of development rights from **zoning lots** occupied by **landmark buildings or other structures** within the East Midtown Subdistrict to a **qualifying site**, provided that the provisions of this Section are met.

- (a) The transfer of development rights shall be subject to the following conditions:
- (1) For **qualifying sites** in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas), the applicant shall obtain a certification pursuant to Section [81-641](#) (Additional floor area for transit improvements on qualifying sites) prior to, or in conjunction with, meeting the requirements of this Section.
 - (2) The maximum amount of **floor area** that may be transferred from a **granting lot** shall be the applicable basic maximum **floor area** set forth in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), less the total **floor area** of all existing **buildings** on the landmark **zoning lot**, and any previously transferred **floor area**. In no event shall a **granting lot** transfer any previously granted bonus **floor area** received for subway station improvements, **publicly accessible open areas** or the provision of district improvements pursuant to the provisions of this Chapter, or any preceding regulations.
 - (3) For each **receiving lot**, the increased **floor area** allowed by the transfer of development rights pursuant to this Section shall not exceed the amount resulting in the maximum **floor area ratio** set forth in Row D of the table in Section [81-64](#).
 - (4) Each transfer, once completed, shall irrevocably reduce the amount of **floor area** that may be **developed** or **enlarged** on the **granting lot** by the amount of **floor area** transferred. If the landmark designation is removed from the **landmark building or other structure**, the **landmark building or other structure** is destroyed or **enlarged**, or the **zoning lot** with the **landmark building or structure** is redeveloped, the **granting lot** may only be **developed** or **enlarged** up to the amount of permitted **floor area** as reduced by each transfer.
 - (5) Prior to the issuance of a building permit, as set forth in paragraph (c) of this Section, the owners of the **granting lot** and the **receiving lot** shall submit to the Chairperson a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer. Notice of the restrictions upon further **development** or **enlargement** of the **granting lot** and the **receiving lot** shall be filed by the owners of the respective lots in

the Office of the Register of the City of New York (County of New York). Proof of recordation shall be submitted to the Chairperson.

Both the transfer instrument and the notices of restrictions shall specify the total amount of **floor area** transferred and shall specify, by lot and block numbers, the **granting lot** and the **receiving lot** that are a party to such transfer.

- (6) Prior to the issuance of a building permit, as set forth in this Section, a non-refundable contribution shall have been deposited by the applicant into the **Public Realm Improvement Fund**. Such contribution shall be equal to the greater of:
 - (i) 20 percent of the **sales price** of the transferred **floor area**; or
 - (ii) an amount equal to 20 percent of the **Public Realm Improvement Fund Development Rights Valuation** multiplied by the amount of transferred **floor area**.
- (b) An application filed with the Chairperson for certification pursuant to this Section shall be made jointly by the owners of the **granting lot** and the **receiving lot**. The following items shall be submitted to the Chairperson as part of an application for certification:
 - (1) for **qualifying sites** in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, materials that are sufficient to demonstrate compliance with the provisions of Section [81-641](#);
 - (2) site plans and zoning calculations for the **granting lot** and **receiving lot** showing the additional **floor area** associated with the transfer, and any such other information as may be required by the Chairperson;
 - (3) materials to demonstrate the establishment of a program for the continuing maintenance of the **landmark building or other structure**;
 - (4) a report from the Landmarks Preservation Commission concerning the continuing maintenance program of the **landmark building or other structure**; and
 - (5) for those **receiving lots** that are contiguous to a lot occupied by Grand Central Terminal or a lot that is across a **street** and opposite the lot occupied by Grand Central Terminal, or, in the case of a **corner lot**, one that fronts on the same **street** intersection as the lot occupied by Grand Central Terminal, a report from the Landmarks Preservation Commission concerning the harmonious relationship of the **development** or, where permitted, **enlargement** to Grand Central Terminal.

All applications pursuant to this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. No certification shall be granted prior to 60 days after such referral.

The Chairperson shall certify to the Department of Buildings that a **development** or, where permitted, an **enlargement** on a **qualifying site** is in compliance with the provisions of this Section only after the following have been received:

- (a) the instrument of transfer and notice of restrictions required by paragraph (a) of this Section have been executed and recorded with proof of recordation provided to the

Chairperson;

- (b) documents confirming the **sale price** have been provided to the Chairperson, including, but not limited to, the real property transfer tax return form recorded with the New York City Department of Finance and the details of consideration schedule; and
- (c) payment of a non-refundable contribution to the **Public Realm Improvement Fund** in the amount required by paragraph (a) of this Section has been made.

Such certification shall be a precondition to the filing for or issuing of any building permit allowing more than the basic maximum **floor area ratio** for such **development** or, where permitted, **enlargement** on a **qualifying site**. Additional provisions are set forth in Section [81-686](#) for applicants undertaking a sidewalk improvement immediately adjacent to their **qualifying site**.

A separate application shall be filed for each transfer of development rights to an independent **receiving lot** pursuant to this Section.

81-643 - Special provisions for retaining non-complying floor area in commercial buildings

LAST AMENDED
8/9/2017

For **non-complying commercial buildings** existing on December 15, 1961 with **non-complying floor area**, the provisions of Section [54-41](#) (Permitted Reconstruction) may be modified to allow such **non-complying building** to be demolished or altered, to the extent of 75 percent or more of its total **floor area**, and reconstructed on a **qualifying site** to retain the amount of pre-existing **non-complying floor area** in accordance with the applicable district **bulk** regulations of this Chapter, upon certification by the Chairperson of the City Planning Commission to the Department of Buildings first, that prior to demolition or alteration, the applicant meets the provisions of paragraph (a) of this Section, as applicable, and, subsequently, prior to reconstruction, the proposed **development** will comply with the applicable provisions of paragraph (b) of this Section. For purposes of this Chapter, the reconstruction of such **non-complying floor area** shall be considered a **development**. Any **enlargement** of a **non-complying commercial building** on a **qualifying site** shall be permitted only pursuant to paragraph (a) of Section [81-684](#) (Authorizations for qualifying sites), or Section [81-685](#) (Special permit to modify qualifying site provisions).

- (a) Certification to demolish or alter a **non-complying building**

The Chairperson shall certify the amount of **non-complying floor area** existing within a **non-complying building** that may be reconstructed pursuant to the provisions of paragraph (b) of this Section, based on calculations submitted to the Chairperson. Such calculations shall be based on either the **building's** construction documents previously approved by the Department of Buildings at the time of such **building's** construction, **enlargement**, or subsequent alterations, as applicable; or on an as-built drawing set completed by a registered architect.

For the purpose of calculating the amount of **non-complying floor area** to be retained on **zoning lots** with multiple existing **buildings** at the time of application, the maximum amount of **non-complying floor area** that may be reconstructed shall be equivalent to the **floor area** of the **zoning lot** at the time of application, less the total **floor area** of all existing **buildings** to

remain.

Certification pursuant to the provisions of paragraph (a) of this Section shall be a precondition to the issuance of any demolition or alteration permit by the Department of Buildings for a **zoning lot** reconstructing **non-complying floor area**.

(b) Certification to reconstruct **non-complying floor area**

The amount of **non-complying floor area** established pursuant to paragraph (a) of this Section may be reconstructed, provided that the Chairperson certifies that:

- (1) all requirements for **qualifying sites** set forth in the definition in Section [81-613](#), inclusive, have been met, except that no publicly accessible space shall be required notwithstanding the provisions of paragraph (f) of the definition of **qualifying site**; and
- (2) a non-refundable contribution has been deposited by the applicant into the **Public Realm Improvement Fund**. Such contribution shall be an amount equal to 20 percent of the **Public Realm Improvement Fund Development Rights Valuation** multiplied by the amount of such pre-existing **non-complying floor area**.

The payment of the non-refundable contribution to the **Public Realm Improvement Fund** pursuant to the provisions of paragraph (b) of this Section, shall be a precondition to the issuance of any foundation permit or new building or alteration permit by the Department of Buildings allowing a **development** on a **qualifying site**.

All applications pursuant to this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. No certification shall be granted prior to 60 days after such referral.

Except for **zoning lots** located east of Third Avenue between the centerline of East 46th Street to the centerline of East 51st Street, any proposed **floor area** in the **development** beyond the amount contained in the pre-existing **non-complying building** may be obtained by utilizing the applicable provisions of Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites). For the purposes of applying the provisions of such Section, the reconstructed **floor area ratio** shall be considered the basic maximum **floor area ratio**. However, the maximum **floor area ratios** of Row E and Row H of the table in Section [81-64](#) shall continue to apply.

81-644 - Special permit for transit improvements

LAST AMENDED
8/9/2017

For **qualifying sites** located in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the City Planning Commission may permit an increase in the amount of **floor area ratio** permitted on such **zoning lots**, up to the amount specified in Row F of the table in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), as applicable, where subway station improvements are made in accordance with the provisions of Sections [81-292](#) (Subway station improvements) and [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

As a pre-condition to applying for such special permit, an applicant shall demonstrate that the maximum as-of-right **floor area ratio** for **qualifying sites** set forth in Row E of the table in Section [81-64](#) has been achieved prior to, or in conjunction with, the special permit application.

81-645 - Special permit for a public concourse

LAST AMENDED
8/9/2017

For **qualifying sites**, the City Planning Commission may permit an increase in the amount of **floor area ratio** permitted on such **zoning lots**, up to the amount specified in Row G of the table in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), as applicable, where an above-grade public concourse, in the form of an open or enclosed, publicly accessible space for public use and enjoyment, is provided on the **qualifying site**. Such publicly accessible spaces shall include amenities that are characteristic of **public plazas** or public atriums, as applicable, for the comfort and convenience of the public.

As a pre-condition to applying for such special permit, an applicant shall demonstrate that the maximum as-of-right **floor area ratio** for **qualifying sites** set forth in Row E of the table in Section [81-64](#) has been achieved prior to, or in conjunction with, the special permit application.

In order for the City Planning Commission to approve a special permit application for additional **floor area**, the Commission shall determine that such **development** or, where permitted, **enlargement**, complies with the conditions and application requirements of paragraph (a), the findings of paragraph (b) and the additional requirements of paragraph (c) of this Section.

- (a) Applications shall include information and justification sufficient to provide the Commission with the basis for:
 - (1) evaluating the benefits to the general public;
 - (2) determining the appropriate amount of increased **floor area** to grant; and
 - (3) determining whether the applicable findings set forth in paragraph (b) of this Section have been met. Such application materials shall also include initial plans for the maintenance of the proposed improvements.
- (b) The Commission shall find that:
 - (1) to the extent practicable, the open or enclosed public concourse will:
 - (i) consist of a prominent space of generous proportions and quality design that is inviting to the public;
 - (ii) improve pedestrian circulation and provide suitable amenities for the occupants;
 - (iii) front upon a **street** or a pedestrian circulation space in close proximity to and within view of, and accessible from, an adjoining sidewalk;
 - (iv) provide or be surrounded by active **uses**;

- (v) be surrounded by transparent materials;
 - (vi) provide connections to pedestrian circulation spaces in the immediate vicinity; and
 - (vii) be designed in a manner that combines the separate elements within such space into a cohesive and harmonious site plan, resulting in a high-quality public space; and
- (2) the public benefit derived from the proposed public concourse merits the amount of additional **floor area** being granted to the proposed **development** or, where permitted, **enlargement**, pursuant to this special permit;
- (c) Prior to obtaining a foundation permit or building permit for a **development** or, where permitted, an **enlargement** on a **qualifying site**, from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, setting forth the obligations of the owner to construct, maintain and provide public access to public improvements provided pursuant to this Section, shall be recorded against such property in the Office of the Register of the City of New York (County of New York). Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.

No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing increased **floor area** granted pursuant to the provisions of this Section until the required improvements have been substantially completed, as determined by the Chairperson, and such improvements are usable by the public. Such portion of the **building** utilizing increased **floor area** shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing increased **floor area** until all improvements have been finally completed in accordance with the approved plans, as determined by the Chairperson.

81-65 - Special Floor Area Provisions for All Non-qualifying Sites

LAST AMENDED
8/9/2017

For **non-residential buildings** or **mixed buildings** on **non-qualifying sites** in the East Midtown Subdistrict, the basic maximum **floor area ratios** of the underlying districts shall apply as set forth in this Section. Such basic maximum **floor area ratio** on any **zoning lot** may be increased by bonuses or other **floor area** allowances only in accordance with the provisions of this Chapter, and the maximum **floor area ratio** with such additional **floor area** allowances shall in no event exceed the amount set forth for each underlying district in the following table:

	Grand Central Core Area	Any Other Area
--	-----------------------------------	-------------------

Means for achieving permitted FAR on a zoning lot for all other sites	C5-3 C6-6	C5-2.5 C6-4.5	C5-3 C6-6	C5-2.5 C6-4.5
A. Basic Maximum FAR	15	12	15	12
B. Additional FAR for provision of a public plaza (Section 81-651)	--	--	1	1
C. Total as-of-right FAR	15	12	16	13
D. Additional FAR for subway station improvements through special permit (Section 81-652)	3	2.4	3	2.4
E. Maximum FAR of a landmark or other structure for transfer purposes (Sections 74-79 and 81-653)	15	12	16	13
F. Maximum amount of transferable development rights from a landmark zoning lot that may be utilized on an adjacent lot (Sections 74-79 and 81-653)	No limit	2.4	No limit	2.4
G. Maximum FAR permitted on an adjacent lot	No limit	14.4	No limit	14.4

81-651 - Floor area bonus for public plazas

LAST AMENDED
8/9/2017

For **non-qualifying sites** in subareas outside the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the basic maximum **floor area ratio** permitted on such **zoning lots** shall be increased, up to the amount specified in Row B of the table in Section [81-65](#) (Special Floor Area Provisions for All Non-qualifying Sites), where a **public plaza** is provided in accordance with the provisions of Section [81-23](#) (Floor Area Bonus for Public Plazas).

81-652 - Floor area bonus for subway station improvements

LAST AMENDED
8/9/2017

For **non-qualifying sites**, the City Planning Commission may permit an increase in the amount of **floor area ratio** permitted on such **zoning lots**, up to the amount specified in Row D of the table in Section [81-65](#) (Special Floor Area Provisions for All Non-qualifying Sites), as applicable, where subway station improvements are made in accordance with the provisions of Sections [81-292](#) (Subway station

improvements) and Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

81-653 - Special permit for transfer of development rights from landmarks to non-qualifying sites

LAST AMENDED
8/9/2017

For **non-qualifying sites**, the City Planning Commission may permit the transfer of development rights from a **granting lot** to a **receiving lot**, pursuant to the provisions of Section [74-79](#) (Transfer of Development Rights From Landmark Sites), provided that:

- (a) the maximum amount of **floor area** that may be transferred from a **granting lot** shall be the applicable basic maximum **floor area** set forth in Section [81-65](#) (Special Floor Area Provisions for All Non-qualifying Sites), less the total **floor area** of all existing **buildings** on the landmark **zoning lot**, and any previously transferred **floor area**. In no event shall a **granting lot** transfer any previously granted bonus **floor area** received for subway station improvements, **publicly accessible open areas** or the provision of district improvements pursuant to the provisions of this Chapter, or any preceding regulations;
- (b) for each **receiving lot**, the increased **floor area** allowed by the transfer of development rights pursuant to this Section shall not exceed the amount resulting in the maximum **floor area ratio** set forth in Row F of the table in Section [81-65](#); and
- (c) each transfer, once completed, shall irrevocably reduce the amount of **floor area** that may be **developed** or **enlarged** on the **granting lot** by the amount of **floor area** transferred.

81-66 - Special Height and Setback Requirements

LAST AMENDED
8/9/2017

For **buildings** which are **developed** or **enlarged** within the East Midtown Subdistrict, the applicable height and setback regulations of Sections [81-26](#) (Height and Setback Regulations – Daylight Compensation), inclusive, and [81-27](#) (Alternate Height and Setback Regulations – Daylight Evaluation), inclusive, are modified by the provisions of this Section, inclusive.

81-661 - Height and setback modifications for buildings in the Grand Central Core Area

LAST AMENDED
8/9/2017

For **buildings** on **non-qualifying sites** within the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, the provisions of Sections [81-26](#) (Height and Setback Regulations – Daylight Compensation), inclusive, or [81-27](#) (Alternate Height and Setback Regulations – Daylight Evaluation), inclusive, are modified as follows:

- (a) where such **buildings** are governed by Section [81-26](#), no **compensating recess** shall be required for the **encroachment** of that portion of the **building** below a height of 150 feet, as measured from **curb level**; or
- (b) where such **buildings** are governed by Section [81-27](#), the computation of daylight evaluation shall not include any daylight blockage, daylight credit, profile daylight blockage or available daylight for that portion of the **building** below 150 feet above **curb level**. However, the passing score required pursuant to paragraph (i) of Section [81-274](#) shall apply.

81-662 - Daylight compensation modifications for qualifying sites

LAST AMENDED
8/9/2017

For **buildings** on **qualifying sites** in the East Midtown Subdistrict using the daylight compensation method of height and setback regulations, the provisions of Section [81-26](#) (Height and Setback Regulations – Daylight Compensation) are modified as follows:

- (a) for the purposes of determining permitted **encroachments** and **compensating recesses** pursuant to Section [81-264](#) (Encroachments and compensating recesses):
 - (1) no **compensating recess** shall be required for the **encroachment** of that portion of the **building** below a height of 150 feet, as measured from **curb level**;
 - (2) **compensating recesses** provided for **encroachments**, or portions thereof, above a height of 400 feet, as measured from **curb level**, need not comply with the provisions of paragraph (c)(1) of Section [81-264](#). In lieu thereof, for any portion of the **building** located above a height of 400 feet, the amount of **compensating recess** required for any particular level of the **building** shall be equal to the amount of **encroachment** provided at such level. The remaining provisions of paragraph (c) of Section [81-264](#) shall continue to apply to such **compensating recess**; and
 - (3) for **buildings** on **qualifying sites** with frontage along the easterly side of Vanderbilt Avenue, the full width of Vanderbilt Avenue may be considered part of the **zoning lot** for the purposes of determining permitted **encroachments** and **compensating recesses**. Such modified **zoning lot** shall be constructed by shifting the westerly boundary of the **zoning lot** to the westerly **street line** of Vanderbilt Avenue, and by prolonging the **narrow street lines** to such new westerly boundary. The Vanderbilt Avenue portion of such modified **zoning lot** may be considered a **compensating recess** for encroachments along such **building's narrow street frontage zone**, provided that any portion of the **building** fronting along Vanderbilt Avenue above a height of 100 feet, as measured from **curb level**, is set back a minimum 15 feet from the Vanderbilt Avenue **street line**, and further provided that the **street frontage zone** calculation along Park Avenue shall not include Vanderbilt Avenue;
- (b) for the purposes of determining the permitted length of **encroachments** pursuant to Section [81-265](#) (Encroachment limitations by length and height rules) the minimum length of recess required by Formula 2 in paragraph (c) of Section [81-265](#) shall be modified to 20 percent of the length of the **front lot line**; and

- (c) for **buildings** on **qualifying sites** with frontage along Park Avenue, as an alternative to the setback requirements of Table A, B or C in paragraph (b) of Section [81-263](#) (Standard setback requirements), the Park Avenue wall of such **building** shall be set back behind the applicable **setback line** to the depth of the **setback line** required at that particular height, in accordance with the applicable requirements of the table in this Section.

SETBACK REQUIREMENTS ON STREETS AT LEAST 140 FEET WIDE

81-663 - Daylight evaluation modifications for qualifying sites

LAST AMENDED
8/9/2017

For **buildings** on **qualifying sites** in the East Midtown Subdistrict using the daylight evaluation method of height and setback regulations, the provisions of Section [81-27](#) (Alternate Height and Setback Regulations – Daylight Evaluation) are modified as follows:

- (a) for the purposes of calculating the daylight evaluation score pursuant to Section [81-274](#) (Rules for determining the daylight evaluation score):
 - (1) the computation of daylight evaluation shall not include any daylight blockage for that portion of the **building** above the curved line representing 70 degrees in the applicable Daylight Evaluation Charts, and below a height of 150 feet, as measured from **curb level**. However, such computation shall include the daylight blockage created by extending the lines representing the outermost edges of the portion of the **building** immediately above a height of 150 feet downwards to such 70 degree line;
 - (2) the computation of unblocked daylight squares which are below the curved line representing an elevation of 70 degrees, pursuant to paragraph (c) of Section [81-274](#), may apply along designated **streets** where **street wall** continuity is required;
 - (3) the profile penalty for **profile encroachment**, set forth in paragraph (a) of Section [81-274](#), shall not apply; and
 - (4) the provisions of paragraph (i) of Section [81-274](#) shall be modified to require an overall passing score of 66 percent. Notwithstanding such modifications, no single **street** frontage shall have a street score of less than 66 percent;
- (b) the reflectivity provisions of Section [81-276](#) may be utilized to raise both an individual score and the overall score by up to six percentage points;
- (c) for **buildings** on **qualifying sites** with frontage along the easterly **street line** of Vanderbilt Avenue, the full width of Vanderbilt Avenue may be considered part of the **zoning lot** for the purposes of constructing the **daylight evaluation chart** pursuant to Section [81-272](#) (Features of the Daylight Evaluation Chart). Such modified **zoning lot** shall be constructed by shifting the westerly boundary of the **zoning lot** to the westerly **street line** of Vanderbilt Avenue, and by prolonging the **narrow street lines** to such new westerly boundary. Such modified **zoning lot** may be utilized to create a modified pedestrian view along Vanderbilt Avenue and intersecting **narrow streets** provided that:
 - (1) any portion of the **building** fronting along Vanderbilt Avenue above a height of 100 feet, as measured from **curb level**, is set back a minimum of 15 feet from the Vanderbilt Avenue **street line**;

- (2) **vantage points** along Vanderbilt Avenue are taken 30 feet west of the westerly **street line** instead of the **center line of the street**; and
- (3) **vantage points** along **narrow streets** are taken from the corner of the modified **zoning lot**; and
- (d) for **buildings** with frontage along Park Avenue:
 - (1) for the purposes of establishing **vantage points** along Park Avenue to construct a **daylight evaluation chart** pursuant to the provisions of Section [81-272](#), the definition of **centerline of the street**, as set forth in Section [81-271](#) (Definitions), shall be modified along Park Avenue to be a line 70 feet from, and parallel to, the Park Avenue **street line** of the **zoning lot**; and
 - (2) for the purpose of plotting **buildings** on the **daylight evaluation chart** pursuant to Section [81-273](#) (Rules for plotting buildings on the daylight evaluation chart), Chart 4 (Daylight Evaluation Diagram – Park Avenue) in Appendix B of this Chapter shall be utilized in lieu of the chart for **streets** 100 feet or more in width.

81-67 - Special Mandatory District Plan Element Requirements

LAST AMENDED
8/9/2017

For **buildings** which are **developed** or **enlarged** within the East Midtown Subdistrict, the applicable provisions of Section [81-40](#) (MANDATORY DISTRICT PLAN ELEMENTS) shall be modified in accordance with the provisions of this Section, inclusive.

81-671 - Special street wall requirements

LAST AMENDED
8/9/2017

The requirements of Section [81-43](#) (Street Wall Continuity Along Designated Streets) shall be applicable within the Subdistrict, except as modified in this Section.

Buildings with frontage on Park, Lexington, Madison and Vanderbilt Avenues, or Depew Place in the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, shall have a **street wall** within 10 feet of the **street line** of such **streets**.

On 42nd Street, the **street wall** shall be at the **street line**. The width of the required **street wall** shall be at least 80 percent of the length of the **front lot line**. The minimum height of such **street walls** without any setback shall be 120 feet above **curb level** or the height of the **building**, whichever is less, and the maximum height shall not exceed 150 feet above **curb level**. Where a **zoning lot** is bounded by the intersection of Park Avenue, Lexington Avenue, Madison Avenue, Vanderbilt Avenue, 42nd Street or Depew Place and any other **street**, these **street wall** height regulations shall apply along the full length of the **zoning lot** along the other **street** or to a distance of 125 feet from the intersection, whichever is less.

However, for **developments** or, where permitted, **enlargements** on **qualifying sites** within an area

bounded by East 43rd Street, Second Avenue, East 42nd Street and a line 200 feet east of Third Avenue, such **street wall** location requirements shall not apply to the portion of the frontage where an open publicly accessible space is provided in accordance with paragraph (b) of Section [81-681](#) (Mandatory requirements for qualifying sites).

Beyond 125 feet of the intersection, the maximum height of the **street wall** above **curb level** shall not exceed 120 feet. For such **buildings**, the provisions of Section [81-262](#) (Maximum height of front wall at the street line) shall not be applicable.

However, the ten-foot setback requirement of paragraph (a) of Section [81-263](#) (Standard setback requirements) shall apply only to those portions of the **building** above 120 feet.

81-672 - Sidewalk widenings

LAST AMENDED
8/9/2017

All sidewalk widenings provided pursuant to the provisions of this Section shall be improved as sidewalks to Department of Transportation standards, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times. The design provisions set forth in paragraph (f) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) shall apply, except as modified in this Section. All sidewalk widenings provided in accordance with the provisions of this Section shall constitute pedestrian circulation space, as required pursuant to Section [81-45](#) (Pedestrian Circulation Space).

(a) Mandatory sidewalk widenings along Madison and Lexington Avenues

Developments or, where permitted, **enlargements** on **qualifying sites** with frontage along Madison and Lexington Avenues, shall provide mandatory sidewalk widenings as follows:

- (1) where such **zoning lot** occupies the entire **block** frontage, a sidewalk widening shall be provided to the extent necessary so that a minimum sidewalk width of 20 feet is achieved, including portions within and beyond the **zoning lot**. However, no sidewalk widening need exceed 10 feet, as measured perpendicular to the **street line**;
- (2) where such **zoning lot** does not occupy the entire **block** frontage, a sidewalk widening shall be provided where all existing **buildings** on the **block** frontage have provided such a widening. Such required widening shall match the amount of widened sidewalk provided on adjacent **zoning lots**, provided that no sidewalk widening need exceed 10 feet, as measured perpendicular to the **street line**.

(b) Permitted sidewalk widenings

Sidewalk widenings may be provided, in accordance with the applicable size and design standards established in Section [37-50](#) (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive:

- (1) along **narrow streets** in the Grand Central Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, for **developments** or **enlargements** on **zoning lots** with a **lot width** of 100 feet or more, as measured along

such **narrow street line**; and

- (2) where a **street wall**, or portions thereof, is permitted to be located beyond the **street line** pursuant to the applicable provisions of Section [81-671](#) (Special street wall requirements).

- (c) Permitted obstructions

In the Grand Central Subarea, as shown on Map 2, awnings and canopies shall be permitted obstructions within a sidewalk widening provided that no structural posts or supports are located within any portion of the sidewalk or such widening.

81-673 - Mass transit access

LAST AMENDED
8/9/2017

- (a) On **qualifying sites**

Where a **zoning lot** contains an easement volume for pedestrian access to a subway station or rail mass transit facility and such **zoning lot** is proposed to be **developed** or, where permitted, **enlarged** in accordance with the provisions for **qualifying sites**, such existing easement volume shall be preserved, or reconfigured in accordance with standards and terms approved by the Metropolitan Transportation Authority (MTA), as part of such **development** or **enlargement**. Any reconfiguration shall be constructed by the owner of the **development** or **enlargement**.

For such **developments** or, where permitted, **enlargements**, the owner shall submit a site plan showing a proposed location and size of the transit easement volume that would provide access between the **street** and the below-grade subway station or rail mass transit facility and be compatible with the proposed **development** or **enlargement** on the **zoning lot** for joint approval and final certification by the MTA and the Chairperson of the City Planning Commission. The MTA and the Chairperson shall comment on such site plan within 45 days of its receipt and may, within such 45-day period or following its expiration, permit the granting of an excavation permit while the location and size of the transit easement volume is being finalized. Upon joint approval of a site plan by the MTA and the Chairperson, copies of such certification shall be forwarded by the Chairperson to the Department of Buildings.

Legal instruments creating a transit easement volume shall be executed and recorded in a form acceptable to the City. The execution and recording of such instruments shall be a precondition to the issuance of any foundation permit, new building permit, or alteration permit by the Department of Buildings allowing such **development** or **enlargement**.

- (b) On **qualifying sites** in the Grand Central Transit Improvement Zone Subarea or in the Other Transit Improvement Zone Subarea

For **developments** or, where permitted, **enlargements** involving ground floor level construction on **qualifying sites** in the Grand Central Transit Improvement Zone Subarea, or in the Other Transit Improvement Zone Subarea, as shown on Map 2 (East Midtown Subdistrict

and Subareas) in Appendix A of this Chapter, in addition to the provisions of paragraph (a) of this Section, as applicable, a transit easement volume may be required on such **zoning lot** for public access between the **street** and a below-grade subway station or rail mass transit facility.

Prior to filing any applications with the Department of Buildings for an excavation permit, foundation permit, new building permit or alteration permit for a **development** or **enlargement**, the owner of the **zoning lot** shall file an application with the MTA and the Chairperson requesting a certification as to whether or not a transit easement volume is required on the **zoning lot**.

Within 60 days of receipt of such application, the MTA and the Chairperson shall jointly certify whether or not a transit easement volume is required on the **zoning lot**. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such **zoning lot**.

When the MTA and the Chairperson indicate that a transit easement volume is required, the owner shall submit a site plan showing a proposed location and size of the transit easement volume that would provide access between the **street** and the below-grade subway station or rail mass transit facility and be compatible with the proposed **development** or **enlargement** on the **zoning lot** for joint approval and final certification by the MTA and the Chairperson. The MTA and the Chairperson shall comment on such site plan within 45 days of its receipt and may, within such 45-day period or following its expiration, permit the granting of an excavation permit while the location and size of the transit easement volume is being finalized. Upon joint approval of a site plan by the MTA and the Chairperson, copies of such certification shall be forwarded by the Chairperson to the Department of Buildings.

Legal instruments creating a transit easement volume shall be executed and recorded in a form acceptable to the City. The execution and recording of such instruments shall be a precondition to the issuance of any foundation permit, new building permit, or alteration permit by the Department of Buildings allowing such **development** or **enlargement**.

If a transit easement volume is required on the **zoning lot**, pursuant to the provisions of this Section, an off-street subway or rail mass transit access improvement may be constructed and maintained by either the owner of the **development** or **enlargement**, or the MTA, as follows:

- (1) where such mass transit access improvement is constructed and maintained by the owner of the **development** or **enlargement**:
 - (i) such mass transit access shall be improved to the standards set forth in Section [81-48](#) and shall be approved by the MTA, and shall comply with the following:
 - (a) where the lobby of the **building** adjoins such mass transit access, in addition to mass transit access to the **street**, such mass transit access shall provide a direct connection to the lobby of the **building** that is open during normal business hours; and
 - (b) such mass transit access shall provide directional **signs** in accordance with the provisions of Section [81-412](#) (Directional signs). Such **signs** shall be exempt from the maximum **surface area** of non-**illuminated signs** permitted by Section [32-642](#) (Non-illuminated signs); and

- (ii) no temporary certificate of occupancy shall be granted by the Department of Buildings for the **building** until the Chairperson of the City Planning Commission, acting in consultation with the MTA, has certified that the improvements are substantially complete and usable by the public.
- (2) where such mass transit access improvement is constructed and maintained by the MTA:
 - (i) where construction of the transit easement volume by the MTA is not contemporaneous with the construction of the **development**:
 - (a) any underground walls constructed along the **front lot line** of a **zoning lot** shall contain a knockout panel, not less than 12 feet wide, below **curb level** down to the bottom of the easement. The actual location and size of such knockout panel shall be determined through consultation with the MTA; and
 - (b) temporary construction access shall be granted to the MTA on portions of the **zoning lot** outside of the transit easement volume, as necessary, to enable construction within and connection to the transit easement volume; and
 - (ii) in the event that the MTA has approved of obstructions associated with the **development** or **enlargement** within the transit easement volume, such as building columns or footings, such construction and maintenance shall exclude any such obstructions within the transit easement volume.
- (c) In other locations

For portions of the **Special Midtown District** within the **Special Transit Land Use District**, where, as part of a **development** or **enlargement** involving ground floor level construction, a transit easement volume is required by the MTA to accommodate, whether singly or in any combination, light wells, stairs, ramps, escalators, elevators, passageways, or ancillary facilities required to support the functioning of subway station or rail mass transit facilities, including, but not limited to, emergency egress or ventilation structures, the MTA shall, in consultation with the owner of the **zoning lot** and the City Planning Commission, determine the appropriate type of transit easement and reasonable dimensions for such transit easement volume.

The floor space occupied by any transit easement volume required pursuant to this Section shall not count as **floor area**. Where access improvements are constructed by the owner of the **zoning lot**, each square foot of mass transit access may constitute three square feet of pedestrian circulation space required pursuant to Section [81-45](#) (Pedestrian Circulation Space), not to exceed 3,000 square feet.

81-674 - Ground floor use provisions

LAST AMENDED
8/9/2017

- (a) Within the Vanderbilt Corridor Subarea

For **buildings developed** or **enlarged** on the ground floor on **zoning lots** located within the Vanderbilt Corridor Subarea, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, where a **building** fronts upon a designated retail **street**, as shown on Map 3 (Retail and Street Wall Continuity), any portion of such **building's** ground floor level frontage along such designated retail **street** allocated to above- or below-grade public realm improvements provided in accordance with a special permit pursuant to Section [81-632](#) (Special permit for transfer of development rights from landmarks to the Vanderbilt Corridor Subarea) or Section [81-633](#) (Special permit for Grand Central public realm improvements) shall be excluded from the retail continuity requirements of Section [81-42](#) (Retail Continuity Along Designated Streets).

(b) Within the Grand Central Core Area

For **buildings developed** or **enlarged** on the ground floor after August 26, 1992, in the Grand Central Core Area, as shown on Map 2, **building** lobby entrances shall be required on each **street** frontage of the **zoning lot** where such **street** frontage is greater than 75 feet in length, except that if a **zoning lot** has frontage on more than two **streets**, **building** entrances shall be required only on two **street** frontages. Each required **building** entrance shall lead directly to the **building** lobby. **Buildings developed** from May 13, 1982, to August 25, 1992, shall be subject to the provisions of Section [81-47](#) (Major Building Entrances).

Required **building** entrances on opposite **street** frontages shall be connected directly to the **building** lobby by providing a through **block** connection in accordance with paragraph (h) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces), except that such through **block** connection shall be located at least 50 feet from the nearest north/south **wide street**.

Each required **building** entrance shall include a **building** entrance recess area, as defined in paragraph (b) of Section [37-53](#), except that for **developments** or **enlargements** with frontage on Madison Avenue, Lexington Avenue or 42nd Street, the width of a **building** entrance recess area shall not be greater than 40 feet parallel to the **street line** and there may be only one **building** entrance recess area on each such **street** frontage.

(c) Along **narrow streets** of **qualifying sites** in the Grand Central Core Area

For **buildings developed** or, where permitted, **enlarged** on the ground floor on **qualifying sites** in the Grand Central Core Area, as shown on Map 2, a minimum of 50 percent of a **building's** ground floor level **street wall** frontage along a **narrow street** shall be limited to retail, personal service or amusement **uses** permitted by the underlying zoning district regulations, but not including **uses** in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or automobile showrooms or plumbing, heating or ventilating equipment showrooms. Such ground floor level retail, personal services or amusement **uses** shall comply with the transparency provisions of Section [81-42](#).

81-675 - Curb cut restrictions and loading berth requirements

For **developments** or **enlargements** within the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, in addition to the provisions of Sections [81-30](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, and [81-44](#) (Curb Cut Restrictions), the following shall apply:

(a) Loading berth provisions

For **through lots**, the required loading berth shall be arranged so as to permit head-in and head-out truck movements to and from the **zoning lot**.

However, the Commissioner of Buildings may waive such head-in and head-out requirements, provided that:

- (1) the **zoning lot** has frontage along a **street** where curb cuts accessing a loading berth are permitted, but there is no access to such **zoning lot** from the **street** due to the presence of:
 - (i) a **building** existing on August 9, 2017, containing **residences**;
 - (ii) a **non-residential building** existing on August 9, 2017, that is three or more **stories** in height; or
 - (iii) a **building** designated as a landmark or considered a contributing **building** in an Historic District designated by the Landmarks Preservation Commission; or
- (2) there are subsurface conditions, ventilation requirements from below-grade infrastructure or other site planning constraints that would make accommodating such loading berths infeasible.

(b) Curb cut provisions

The maximum width of any curb cut (including splays) shall be 15 feet for one-way traffic and 25 feet for two-way traffic. Curb cuts shall not be permitted on 47th Street between Park and Madison Avenues or on 45th Street between Depew Place and Madison Avenue.

81-676 - Pedestrian circulation space requirements

LAST AMENDED
8/9/2017

Any **development** or **enlargement** within the Grand Central Core Area, as shown on Map 2 (East Midtown Subdistrict and Subareas) in Appendix A of this Chapter, shall be subject to the provisions of Sections [81-45](#) (Pedestrian Circulation Space), [81-46](#) (Off-street Relocation or Renovation of a Subway Stair) and [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility), except that:

- (a) no arcade shall be allowed;
- (b) a sidewalk widening may be provided only for a **building** occupying an Avenue frontage, provided that such sidewalk widening extends for the length of the full **block** front; and
- (c) for **developments** or **enlargements** on **zoning lots** located within the Vanderbilt Corridor

Subarea, as shown on Map 2, up to a maximum of 3,000 square feet of on-site improvements to the public realm provided in accordance with a special permit pursuant to Section [81-632](#) (Special permit for transfer of developments rights from landmarks to the Vanderbilt Corridor Subarea) or Section [81-633](#) (Special permit for Grand Central public realm improvements) may be applied toward the pedestrian circulation space requirement.

81-68 - Additional Provisions for Qualifying Sites

LAST AMENDED
8/9/2017

81-681 - Mandatory requirements for qualifying sites

LAST AMENDED
5/8/2019

(a) Building energy design requirements for **buildings** on **qualifying sites**

To ensure advancement of goals for the reduction of greenhouse gas emissions, **buildings** on **qualifying sites** shall either:

- (1) utilize a district steam system for the **building's** heating and hot water systems; or
- (2) the core and shell of such **building** shall exceed the standards of the chosen commercial building energy-efficiency compliance path within the 2016 New York City Energy Conservation Code (NYCECC), by three percent.

Compliance with the provisions of this Section shall be demonstrated to the Department of Buildings at the time of issuance of a new building permit for a **development** or, where permitted, an **enlargement** on a **qualifying site**.

The City Planning Commission may, by rule, modify the standards of this Section, as necessary, to ensure that the environmental standards established herein, meet or exceed the current best practices in reducing greenhouse gas emissions.

(b) Mandatory publicly accessible space requirements for qualifying sites

A **qualifying site** shall provide a publicly accessible space, open or enclosed, as defined herein, in accordance with the size provisions of paragraph (b)(1) of this Section and the design requirements of paragraph (b)(2). Each publicly accessible space shall require a certification by the Chairperson of the City Planning Commission, pursuant to Section [37-78](#) (Compliance), as modified herein.

For the purposes of this Chapter on a **qualifying site**, a “publicly accessible space” shall be defined as an open or enclosed area provided for public use and enjoyment on the **zoning lot**. An “open publicly accessible space” shall be defined as a publicly accessible space, that is open to the sky on a **qualifying site**, and an “enclosed publicly accessible space” shall be defined as a fully enclosed, climate-controlled publicly accessible space on a **qualifying site**. The design standards contained in paragraph (b)(2)(ii) of this Section for an enclosed publicly accessible space are intended to serve the same purposes outlined for **public plazas** in

Section [37-70](#).

(1) Type and minimum size

- (i) A **qualifying site** with a **lot area** of at least 30,000 square feet but less than 45,000 square feet shall provide a publicly accessible space, open or enclosed, with an area of not less than 10 percent of the **lot area** of the **zoning lot**.
- (ii) A **qualifying site** with a **lot area** of 45,000 square feet but less than 65,000 square feet shall provide an open publicly accessible space with an area of not less than 10 percent of the **lot area** of the **zoning lot**, except that where the provisions of Sections [81-40](#) (MANDATORY DISTRICT PLAN ELEMENTS), inclusive, and [81-67](#) (Special Mandatory District Plan Element Requirements), inclusive, are applicable to the **qualifying site** and preclude an open publicly accessible space from being provided on the **qualifying site**, an enclosed publicly accessible space shall be provided in the proposed **building**.

In addition to complying with paragraphs (a) through (d) of Section [37-78](#), each application for an enclosed publicly accessible space shall demonstrate which of the applicable provisions of Sections [81-40](#) and [81-67](#), inclusive, conflict with the design requirements set forth in [37-70](#), inclusive, and that they necessitate the provision of the enclosed publicly accessible space in lieu of an open publicly accessible space.

- (iii) A **qualifying site** with a **lot area** of 65,000 square feet or greater shall provide an open publicly accessible space with an area of not less than 10,000 square feet. Where such **qualifying site** has a **through lot** portion, such **qualifying site** shall provide an open publicly accessible space across the **through lot** portion.

However, for a **qualifying site** with a **lot area** of 80,000 square feet or greater that includes an existing entrance to a rail mass-transit facility located outside the **through lot** portion of the **zoning lot** existing on May 8, 2019, such open publicly accessible space may be located so as to include the entrance to a rail mass-transit facility, provided that such open publicly accessible space adjoins a **street** or a required sidewalk widening, as applicable.

(2) Design requirements for publicly accessible spaces

- (i) Open publicly accessible space

For open publicly accessible space, the provisions of Section [37-70](#), inclusive, shall apply, except that the provisions of Section [37-713](#) (Locational restrictions) shall not apply. In addition, the following modifications or waivers may be applied under certain circumstances:

- (a) For **qualifying sites** where an open publicly accessible space is permitted to adjoin a **street** or a required sidewalk widening to accommodate an entrance to a rail mass-transit facility in accordance with paragraph (b)(1)(iii) of this Section, and the majority of the

subsurface area of such **qualifying site** is occupied by a railroad right-of-way, thus imposing practical difficulty in configuring the **building** or required publicly accessible space:

- (1) the provisions of Sections [81-42](#) (Retail Continuity Along Designated Streets), [81-43](#) (Street Wall Continuity Along Designated Streets) and [81-671](#) (Special street wall requirements), paragraph (d) of Section [37-715](#) (Requirements for major portions of public plazas) need not apply;
 - (2) where **street wall** requirements are not applied, the provisions of paragraphs (a) and (b) of Section [37-726](#) (Permitted obstructions) may be modified to allow a portion of an open publicly accessible space to be covered by a **building or other structure**, provided that there is an average separation of at least 50 feet between the level of such open publicly accessible space and any portion of **building** above, and further provided that any such portion shall be located no lower than 40 feet above the level of such open publicly accessible space. In addition, such **building or other structure** shall not obstruct more than 60 percent of the area of such open publicly accessible space;
 - (3) the provisions of paragraphs (a) and (c) of Section [37-76](#) (Mandatory Allocation of Frontages for Permitted Uses) need not apply, where at least one food service kiosk shall abut or be included within such open publicly accessible space. The size limitations of paragraph (a), and the certification requirements of paragraph (c) of Section [37-73](#) shall not apply to such kiosk; and
 - (4) where the provisions of paragraph (d) of Section [37-715](#) are not applied, the provisions of paragraph (a) of Section [37-721](#) (Sidewalk frontage) may be modified to require no more than 40 percent of the area within 15 feet of any such **street line** to be free of obstructions and the provisions of Section [37-741](#) (Seating), may be modified to exclude the length of any such **street line** from the calculation of the amount of seating required within 15 feet of such **street line**.
- (b) For **qualifying sites** where an open publicly accessible space is permitted to adjoin a **street** or a required sidewalk widening to accommodate an entrance to a rail mass-transit facility in accordance with paragraph (b)(1)(iii) of this Section, the Chairperson of the City Planning Commission shall permit modifications to the remaining design provisions of Section [37-70](#), inclusive, upon certification to the Department of Buildings that such modifications are limited to those that directly address practical difficulties resulting from the presence of the entrance to a rail mass-transit facility within the open publicly accessible space. Any application shall include materials

demonstrating the extent of modifications necessary. The Chairperson, in consultation with the Metropolitan Transportation Authority, shall determine the appropriate amount of above-grade pedestrian circulation space into and around the entrance to such rail mass-transit facility.

(ii) Enclosed publicly accessible space

For enclosed publicly accessible spaces, the following shall apply:

- (a) An enclosed publicly accessible space shall have a minimum height of 30 feet or the height of the ground floor level, whichever is greater, and a minimum width and depth, at any point, of 30 feet. Such enclosed publicly accessible space shall be located on the ground floor level of the **building** and shall be directly accessible from an adjoining **street** or **publicly accessible open area** that the area fronts. A minimum of one entrance to the enclosed publicly accessible space shall be provided from the adjoining **street** on which it fronts; however, if it fronts on more than one **street**, such entrance shall be from the **street** with the longer frontage. The aggregate width of doorways accessing such enclosed publicly accessible space shall not be less than 10 feet in width.
- (b) All ground floor level **street walls** enclosing the enclosed publicly accessible space shall be treated with clear, untinted, transparent materials. Such transparent materials shall occupy at least 70 percent of the surface area of such ground floor level **street wall** between a height of two feet and 30 feet, or the height of the ground floor ceiling, whichever is higher, as measured from the adjoining sidewalk. Such enclosed publicly accessible space shall be heated or air-conditioned, and the standards for heating, ventilating and air-conditioning shall be at least equal to those of the lobby for the principal **use** of the **building**.
- (c) Public access to the enclosed publicly accessible space shall be provided, at a minimum, from 7:00 a.m. to 10:00 p.m. However, if a cafe or kiosk, pursuant to Section [37-73](#) (Kiosks and Open Air Cafes), is provided within, such enclosed publicly accessible space shall remain open to the public during the hours of operation of the cafe or kiosk, if such hours are longer than otherwise required by this Section.

The hours of access shall be included on all required entry plaques and information plaques in accordance with the provisions of Section [37-751](#) (Public space signage systems) and for through **block** enclosed publicly accessible spaces, an information plaque shall be provided in accordance with paragraph (h)(2)(viii) of Section [37-53](#) (Design standards for Pedestrian Circulation Spaces).

- (d) The provisions of Sections [37-718](#) (Paving), [37-722](#) (Level of plaza), [37-728](#) (Standards of accessibility for persons with disabilities), [37-](#)

[744](#) (Litter receptacles), [37-745](#) (Bicycle parking), [37-746](#) (Drinking fountains), [37-748](#) (Additional amenities), [37-752](#) (Prohibition signs), [37-753](#) (Accessory signs) and [37-77](#) (Maintenance) shall apply to enclosed publicly accessible spaces.

- (e) The provisions of Section [37-723](#) (Circulation paths) shall apply to enclosed publicly accessible spaces. In addition, for enclosed publicly accessible spaces provided in conjunction with subway entrances and/or designed to provide connection to above- and/or below-grade improvements, an unobstructed pedestrian circulation path shall be provided from at least one entrance of the enclosed publicly accessible space to such subway entrance and to such above- and/or below-grade improvements.
- (f) The provisions of paragraphs (a) and (b) of Section [37-726](#) (Permitted obstructions) shall apply to enclosed publicly accessible spaces and are modified as follows:
 - (1) structural columns shall be considered permitted obstructions. The area occupied by such structural columns shall be excluded from the area calculations for the enclosed publicly accessible space. In addition, interior structural columns shall have an aggregate area of no more than two percent of the total enclosed publicly accessible space. Such columns shall not be considered permitted obstructions in any circulation path; and
 - (2) a cafe or kiosk permitted by certification pursuant to Section [37-73](#) (Kiosks and Open Air Cafes) shall be considered a permitted obstruction within an enclosed publicly accessible space and may not occupy more than 20 percent of the enclosed publicly accessible space.
- (g) The provisions of Section [37-741](#) for seating shall apply to enclosed publicly accessible spaces, except that such provisions are modified as follows:
 - (1) the requirements of seating within 15 feet of a **street line** shall not apply;
 - (2) all of the linear seating capacity may be in moveable seats. All such moveable seats must remain in the enclosed publicly accessible space during the hours of operation; and
 - (3) the requirement that seats facing walls be located a minimum of six feet from such wall shall only apply to fixed seating.
- (h) The requirements of Section [37-742](#) for planting and trees shall apply to enclosed publicly accessible spaces, except that the surface area of any vertical planting may be included in the calculation of the total area of planting beds that are provided, and trees shall not be

required.

- (i) All enclosed publicly accessible spaces shall be illuminated with a minimum level of illumination of not less than five horizontal foot candles (lumens per foot) throughout the space. The requirements of Section [37-743](#) for a lighting schedule, a diagram of light level distribution and electrical power shall apply.
- (j) At least 50 percent of the total frontage of all **building** walls fronting on an enclosed publicly accessible space, excluding such frontage occupied by **street walls**, **building** lobbies or **building** walls **abutting lot lines**, shall be limited to retail, personal service or amusement **uses** permitted by the underlying zoning district regulations, but not including **uses** in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 and 12D or banks, automobile showrooms or plumbing, heating or ventilating equipment showrooms. For such **building** walls, the transparency provisions of paragraph (c) of Section [37-76](#) shall apply.
- (k) The area of the enclosed publicly accessible space shall be exempt from calculations for **floor area** as defined in Section [12-10](#) (DEFINITIONS).

In addition, a maximum of 30 percent of the area of the publicly accessible space, whether open or enclosed, may be counted towards meeting the pedestrian circulation space requirement, up to a maximum of 3,000 square feet.

81-682 - Priority Improvement List for qualifying sites

LAST AMENDED
8/9/2017

In accordance with the provisions of Section [81-641](#) (Additional floor area for transit improvements on qualifying sites), any applicant for a **development** or **enlargement** on a **qualifying site** in the Grand Central Transit Improvement Zone Subarea, or the Other Transit Improvement Zone Subarea, shall select a transit improvement, or combination thereof, to be completed in accordance with the provisions of this Section.

(a) Selecting an Improvement

An applicant shall select a transit improvement from the Priority Improvement List in paragraph (b) of this Section based on the **floor area** such improvement generates relative to the minimum **floor area** required and maximum **floor area** permitted for completion of such improvement pursuant to Section [81-641](#), and based on the following geographical and technical considerations:

- (1) First, the applicant shall select a transit improvement in the same Subarea of the East Midtown Subdistrict as the proposed **development** or **enlargement** on a **qualifying site**;
- (2) If none of the transit improvements on the Priority Improvement List meet the criteria of

paragraph (a)(1) of this Section, the applicant shall select a transit improvement on a transit route that passes through, and has stations or other facilities in the same Subarea of the East Midtown Subdistrict as the proposed **development** or **enlargement** on a **qualifying site**;

- (3) If none of the transit improvements on the Priority Improvement List meet the criteria of paragraphs (a)(1) or (a)(2) of this Section, the applicant shall select from any remaining improvement on the list.

In addition, applicants shall consult with the applicable City or State agencies with jurisdiction over and control of the proposed improvement to ensure that the selected improvement will meet the operational and long-term planning needs of the station or transit route, including any phasing requirements, and compliance with the Americans with Disabilities Act (ADA).

(b) The Priority Improvement List

The Priority Improvement List (the “Improvement List”), set forth in the tables below, details physical improvements to subway stations and other rail mass transit facilities in, or adjacent to, the East Midtown Subdistrict, that an applicant for a **development** or, where permitted, an **enlargement** on a **qualifying site** may complete to obtain additional **floor area**.

Three levels of improvements are available for completion, which, accordingly, generate three different amounts of additional **floor area**:

- (1) Type 1 Improvements generate 40,000 square feet of **floor area**, and include new or expanded on-street station entrances, new or expanded off-street station entrances, new or expanded accessible routes for persons with physical disabilities between two levels of a station, and four or fewer new or reconfigured station stairs.
- (2) Type 2 Improvements generate 80,000 square feet of **floor area**, and include new or expanded station escalators, new or expanded accessible routes for persons with physical disabilities between three or more station levels, new or expanded paid areas of a station, including widened platforms or mezzanine levels, and more than four new or reconfigured station stairs.
- (3) Type 3 Improvements generate 120,000 square feet of **floor area**, and include large-scale renovations that significantly improve the environment of stations, and new connections between two or more stations.

In consultation with the Metropolitan Transportation Authority, the City Planning Commission may, by rule, modify the Improvement List to reflect new improvements needed in the transit network.

PRIORITY IMPROVEMENT LIST

TYPE 1 IMPROVEMENTS		
Location	Type of Improvement	Transit Line

Lexington Avenue/ 53rd – 51st Street station	Replace escalator and stair connecting downtown Lexington platform to underpass with widened stair	Lexington Avenue Line/53rd Street Line
Lexington Avenue/ 53rd – 51st Street station	Provide new street entrance to uptown Lexington platform from 50th Street	Lexington Avenue Line/53rd Street Line
42 St - Bryant Park /5th Ave station	Provide ADA elevator between Flushing platform and mezzanine level	Flushing Line/6th Avenue Line
42 St - Bryant Park /5th Ave station	Provide new street entrance from north side of West 42nd street	Flushing Line/6th Avenue Line
42 St - Bryant Park /5th Ave station	Provide ADA elevator between Sixth Avenue northbound platform and mezzanine level	Flushing Line/6th Avenue Line
42 St - Bryant Park /5th Ave station	Provide ADA elevator between Sixth Avenue southbound platform and mezzanine level	Flushing Line/6th Avenue Line
Lexington Av - 59th Street station	Provide new street stair capacity at northeast and northwest corners of East 60th Street and Lexington Avenue	Lexington Avenue Line/Broadway-60th Street Line
Lexington Av - 59th Street station	Provide ADA elevator between local IRT platform and street level	Lexington Avenue Line/Broadway-60th Street Line
Lexington Av - 59th Street station	Provide ADA elevator between 60th Street (BMT) line platform and mezzanine level	Lexington Avenue Line/Broadway-60th Street Line
Lexington Av - 59th Street station	Provide new platform stair and widen existing stairs between 60th Street (BMT) line platform and mezzanine level	Lexington Avenue Line/Broadway-60th Street Line

Fifth Avenue/53rd Street station	Provide new street entrance on East 53rd Street west of Madison Avenue	53rd Street Line
Grand Central/42nd Street station	Widen platform stair at east end of Flushing platform	Flushing Line
Grand Central/42nd Street station	Widen two stairs between uptown Lexington platform and Flushing and Lexington platforms	Flushing Line
TYPE 2 IMPROVEMENTS		
Location	Type of Improvement	Transit Line
Lexington Avenue/ 53rd–51st Street station	Provide widened escalator between 53rd Street platform and mezzanine	Lexington Avenue Line/53rd Street Line
Lexington Av-59th Street station	Provide ADA elevator between northbound local Lexington Avenue Line platform, northbound express Lexington Ave Line platform, and the 60th Street (BMT) line mezzanine	Lexington Avenue Line/Broadway-60th Street Line
Lexington Av-59th Street station	Provide ADA elevator between southbound local Lexington Avenue Line platform, southbound express Lexington Avenue Line platform, and the 60th Street (BMT) line mezzanine	Lexington Avenue Line/Broadway-60th Street Line
47th/50th Streets Rockefeller Ctr station	Provide two new platform stairs and widen seven platform stairs	6th Avenue Line
Fifth Av/53rd Street station	Provide a new stair from mezzanine level to upper platform, and a new stair from upper platform to lower platform	53rd Street Line

Fifth Av/53rd Street station	Provide ADA elevator from mezzanine to upper platform, and to lower platform	53rd Street Line
Fifth Av/53rd Street station	Provide two escalators from mezzanine to upper platform	53rd Street Line
Fifth Av/53rd Street station	Provide new mezzanine area under East 53rd Street with fare control to accommodate street entrance and new access core	53rd Street Line
Fifth Av/53rd Street station	Provide new access core between platforms and street level to accommodate escalators, elevator, and stairs	53rd Street Line
Grand Central/42nd Street station	Provide new Flushing platform stair and expand transfer passageway to accommodate the addition of the stair	Flushing Line
TYPE 3 IMPROVEMENTS		
Location	Type of Improvement	Transit Line
Grand Central/42nd Street station	Renovate to contemporary standards the south end of the Grand Central Lexington Subway mezzanine from the Shuttle Passageway and 125 Park Avenue entrances to join the renovated areas on the north end of the mezzanine	Flushing Line/Lexington Avenue Line

81-683 - Criteria for improvements in the Public Realm Improvement Concept Plan

LAST AMENDED
8/9/2017

The **Public Realm Improvement Fund Governing Group** shall select priority improvements for the Public Realm Improvement Concept Plan (the "Concept Plan") in accordance with the provisions of this

Section.

All improvements in the Concept Plan, which may be funded through contributions to the ***Public Realm Improvement Fund***, shall:

- (a) be within the East Midtown Subdistrict, a location immediately adjacent thereto, or in a subway or rail mass transit facility in the Borough of Manhattan which has significant ridership into and out of the Subdistrict;
- (b) have a City or State agency as a project sponsor;
- (c) meet the definition of a capital project under Section 210 of the New York City Charter; and
- (d) consist of either:
 - (1) above-grade public realm improvements, including, but not limited to, pedestrian plazas that provide opportunities for passive recreation, or improvements along a street accommodating both vehicular and pedestrian access that may include pedestrian amenities, or streetscape, sidewalk, crosswalk and median enhancements; or
 - (2) below-grade public realm improvements, including, but not limited to widening, straightening, expanding or otherwise enhancing the existing below-grade pedestrian circulation network, additional vertical circulation, reconfiguring circulation routes to provide more direct pedestrian connections to subway or rail mass transit facilities, improved or new disabled access, or providing daylight access, or enhancements to noise abatement, air quality, lighting, finishes or rider orientation in new or existing passageways, within the East Midtown Subdistrict, a location immediately adjacent thereto, or in a subway or rail mass transit facility identified on the Priority Improvement List in Section [81-682](#) (Priority Improvement List for qualifying sites).

The Governing Group shall first consider the funding of the public realm improvements set forth in the table in this Section prior to consideration and selection of other above- or below-grade public realm improvements.

PUBLIC REALM IMPROVEMENTS

PEDESTRIAN PLAZAS
Pershing Square East
East side of Park Avenue between East 40th Street and East 41st Street
West side of Park Avenue between East 40th Street and East 41st Street
SHARED STREETS
East 41st Street between 5th Avenue and Lexington Avenue

Vanderbilt Avenue between East 43rd Street and East 47th Street
East 43rd Street between Lexington Avenue and 3rd Avenue
East 44th Street between Lexington Avenue and 3rd Avenue
MEDIAN WIDENINGS
Expansion of Park Avenue medians between East 46th Street and East 57th Street
THOROUGHFARE IMPROVEMENTS
Five blocks of East 53rd Street between 2nd Avenue and 5th Avenue

81-684 - Authorization for qualifying sites

LAST AMENDED
8/9/2017

(a) Authorization to allow enlargements on qualifying sites

In conjunction with any application that would allow additional **floor area** permitted beyond the basic maximum **floor area** for a **qualifying site** set forth in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), the City Planning Commission may authorize modifications to the requirement in the definition of **qualifying site** in Section [81-613](#) to allow **enlargements** on **qualifying sites** to an existing **building** with frontage along a **wide street**. The Commission may also waive the requirement that such **qualifying site** provide publicly accessible space in accordance with the provisions of paragraph (b) of Section [81-681](#) (Mandatory requirements for qualifying sites). In order to permit such modifications, the Commission shall find that such **enlargement** includes significant renovations to the existing **building** that will bring it up to contemporary space standards.

Where the existing **building** includes **non-complying floor area**, a contribution shall be deposited by the applicant into the **Public Realm Improvement Fund**. Such contribution shall be an amount equal to 20 percent of the **Public Realm Improvement Fund Development Rights Valuation** multiplied by the amount of such pre-existing **non-complying floor area**. For the purposes of such calculation, the amount of existing **non-complying floor area** shall not include any bonus **floor area** associated with a **publicly accessible open area** to remain on the **zoning lot**. The payment of the non-refundable contribution to the **Public Realm Improvement Fund**, shall be a precondition to the issuance of any foundation permit or new building permit by the Department of Buildings allowing the **enlargement** on a **qualifying site**.

For such **enlargements** to **buildings** with **non-complying floor area**, the proposed **floor area** beyond the amount contained in the pre-existing **non-complying building** shall be obtained by utilizing the applicable provisions of Section [81-64](#). For the purposes of applying the provisions of such Section, the reconstructed **floor area ratio** shall be considered the basic maximum **floor area ratio**. However, the maximum **floor area ratios** of Row E and Row H shall continue to apply.

However, an alteration of an existing **building** resulting in both the removal of more than 75 percent of the **floor area** and more than 25 percent of the perimeter walls of such existing **building**, and the replacement of any amount of **floor area**, shall be considered a **development**.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant, in whole or in part, or deny the application within 60 days of the completion of the Community Board review period.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(b) Authorization for a **qualifying site** providing publicly accessible space

In conjunction with any application that would allow additional **floor area** permitted beyond the basic maximum **floor area** on a **qualifying site** set forth in Section [81-64](#) and providing publicly accessible space, open or enclosed, pursuant to paragraph (b) of Section [81-681](#), the Commission may authorize the waiver of the **street wall** regulations of Sections [81-43](#) (Street Wall Continuity Along Designated Retail Streets) and [81-671](#) (Special street wall requirements), requirements of Sections [81-42](#) (Retail Continuity Along Designated Streets) and [81-674](#) (Ground floor use provisions), the curb cut location restriction of paragraph (b) of Section [81-675](#) (Curb cut restrictions and loading berth requirements), and the design requirements for publicly accessible space, open or enclosed, set forth in paragraph (b)(2) of Section [81-681](#).

In order to grant such authorization, the Commission shall find that such proposed waivers will result in a superior urban design relationship with surrounding **streets**, **buildings**, and other open areas, and;

- (1) for waiver of **street wall** regulations:
 - (i) such waiver is necessary due to constraints or conditions of the configuration of the site; and
 - (ii) such waiver will not unduly obstruct the access to light and air of surrounding **buildings** and open spaces;
- (2) for waivers of retail continuity and ground floor **use** provisions, such waivers are minimized by a site plan that requires pedestrian-oriented **uses** along the boundaries of any publicly accessible space, open or enclosed;
- (3) for waiver of the curb cut location restriction of paragraph (b) of Section [81-675](#), for a **qualifying site** on 47th Street between Park Avenue and Vanderbilt Avenue, that the

proposed curb cut location will not unduly interrupt the flow of pedestrian traffic or result in any undue conflict between pedestrian and vehicular movement; and

- (4) for modifications of the design requirements for a publicly accessible space, open or enclosed:
 - (i) the publicly accessible space and proposed **building** on the **qualifying site** are designed in a manner that results in a cohesive and harmonious site plan,
 - (ii) the publicly accessible space is superior in design and quality of amenities;
 - (iii) the publicly accessible space provides connections to pedestrian circulation spaces in the immediate vicinity;
 - (iv) the pedestrian network of the surrounding area is enhanced by the publicly accessible space; and
 - (v) such waiver is the minimum waiver necessary to afford relief. No modifications to the required amount of publicly accessible space set forth in paragraph (b) of Section [81-681](#) shall be permitted.

All applications pursuant to this Section shall be referred to the affected Community Board, the local Council Member, and the Manhattan Borough President. No authorization shall be granted prior to 60 days after such referral.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-685 - Special permit to modify qualifying site provisions

LAST AMENDED
8/9/2017

In conjunction with any application that would allow additional **floor area** permitted beyond the basic maximum **floor area** for a **qualifying site** set forth in Section [81-64](#) (Special Floor Area Provisions for Qualifying Sites), the City Planning Commission may permit modifications to certain **qualifying site** criteria, as well as height and setback regulations and mandatory plan elements, as set forth in paragraph (a) of this Section, provided that the Commission determines that the application requirements set forth in paragraph (b) and the findings set forth in paragraph (c) of this Section are met.

- (a) The Commission may modify the following, whether singly or in any combination:
 - (1) the following **qualifying site** criteria:
 - (i) the requirement for minimum **wide street** frontage, including the requirement that no existing **buildings** will remain on such **wide street** frontage, set forth in paragraphs (b) and (c) of the definition of a **qualifying site** in Section [81-613](#) (Definitions);
 - (ii) the **building** performance and publicly accessible space requirements in paragraph (f) of the definition of a **qualifying site** and Section [81-681](#)

(Mandatory requirements for qualifying sites); or

- (iii) the requirement that the additional **floor area** permitted through the provisions of Section [81-64](#) be achieved exclusively through a **development**;
- (2) the provisions for **zoning lots** divided by district boundaries set forth in Sections [77-02](#) (Zoning Lots Not Existing Prior to Effective Date or Amendment of Resolution), [77-21](#) (General Provisions) or [77-22](#) (Floor Area Ratio), and the provisions of Section [81-612](#) (Applicability along district boundaries) requiring that **zoning lots** divided by Subarea boundaries utilize the provisions of Article VII, Chapter 7;
- (3) the **street wall** regulations of Sections [81-43](#) (Street Wall Continuity Along Designated Streets) or [81-671](#) (Special street wall requirements), inclusive;
- (4) the height and setback regulations of Sections [81-26](#) (Height and Setback Regulations – Daylight Compensation), inclusive, [81-27](#) (Alternate Height and Setback Regulations –Daylight Evaluation), inclusive, or [81-66](#) (Special Height and Setback Requirements); or
- (5) the mandatory district plan elements of Sections [81-42](#) (Retail Continuity Along Designated Streets), [81-44](#) (Curb Cut Restrictions), [81-45](#) (Pedestrian Circulation Space), [81-46](#) (Off-street Relocation or Renovation of a Subway Stair), [81-47](#) (Major Building Entrances), [81-48](#) (Off-street Improvement of Access to Rail Mass Transit Facility), [81-674](#) (Ground floor use provisions), [81-675](#) (Curb cut restrictions and loading berth requirements), [81-676](#) (Pedestrian circulation space requirements) or [37-50](#) (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, except that no modifications to the required amount of pedestrian circulation space set forth in Section [37-51](#) shall be permitted.

(b) Application requirements

Applications for a special permit for modifications pursuant to this Section shall contain materials, of sufficient scope and detail, to enable the Commission to determine the extent of the proposed modifications. In addition, where modifications to **street wall** or height and setback regulations are proposed, any application shall contain the following materials, at a minimum:

- (1) drawings, including but not limited to, plan views and axonometric views, that illustrate how the proposed **building** will not comply with the **street wall** regulations of Section [81-43](#), or as such provisions are modified pursuant to Section [81-671](#), as applicable, and that illustrate how the proposed **building** will not comply with the height and setback regulations of Sections [81-26](#) or [81-27](#), or as such provisions are modified pursuant to Section [81-66](#), as applicable;
- (2) where applicable, formulas showing the degree to which such proposed **building** will not comply with the length and height rules of Section [81-26](#), or as such provisions are modified pursuant to Section [81-66](#); and
- (3) where applicable, **daylight evaluation charts** and the resulting daylight evaluation score showing the degree to which such proposed **building** will not comply with the provisions of Section [81-27](#) or as such provisions are modified pursuant to Section [81-](#)

(c) Findings

The Commission shall find that such proposed modifications:

- (1) to the definition of **qualifying site** are the minimum extent necessary, and are harmonious with the Subdistrict objective to protect and strengthen the economic vitality and competitiveness of East Midtown by facilitating the development of exceptional modern and sustainable office towers;
- (2) to the requirement for **wide street** frontage in the definition of **qualifying sites** will not unduly concentrate **bulk** towards the middle of the **block** to the detriment of the surrounding area;
- (3) to the **building** performance requirements in the definition of **qualifying sites** and paragraph (a) of Section [81-681](#):
 - (i) are necessary due to the presence of existing **buildings** on the site; and
 - (ii) will not detract from the incorporation of innovative sustainable design measures;
- (4) to the publicly accessible space requirements in the definition of **qualifying sites** and paragraph (b) of Section [81-681](#):
 - (i) are the minimum necessary to accommodate the proposed **building**; and
 - (ii) that any reduction or waiver will result in a better site plan and will not detract from a lively streetscape and pedestrian experience;
- (5) to regulations pertaining to **zoning lots** divided by district boundaries will result in better site planning;
- (6) to the mandatory district plan elements:
 - (i) will result in a better site plan for the proposed **development** or **enlargement** that is harmonious with the mandatory district plan element strategy of the **Special Midtown District**, as set forth in Section [81-41](#) (General Provisions);
 - (ii) any adverse impact on retail continuity is minimized by a site plan that requires pedestrian-oriented **uses** along the boundaries of any open or enclosed public areas within the **zoning lot**; and
- (7) to the **street wall** or height and setback regulations:
 - (i) are necessary due to constraints or conditions of the **development** or **enlargement** and conditions imposed by the configuration of the site;
 - (ii) will not unduly obstruct the access of light and air to surrounding properties;
 - (iii) will result in an improved distribution of **bulk** on the **zoning lot** that is harmonious with the height and setback goals of the **Special Midtown District**

set forth in Section [81-251](#) (Purpose of height and setback regulations); and

- (iv) the overall design of the **building** demonstrates an integrated and well-considered facade, taking into account factors such as **street wall** articulation, and fenestration, that creates a prominent and distinctive **building** which complements the character of the surrounding area and constitutes a distinctive addition to the Midtown Manhattan skyline.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-686 - Contribution in-kind for certain public realm improvements

LAST AMENDED
8/9/2017

The Chairperson of the City Planning Commission shall allow, by certification, in conjunction with a certification pursuant to Sections [81-642](#) (Transfer of development rights from landmarks to qualifying sites) or, where applicable, [81-643](#) (Special provisions for retaining non-complying floor area in commercial buildings), the applicant for a **development** or, where permitted, **enlargement** on a **qualifying site** that is immediately adjacent to a sidewalk improvement identified in the Public Realm Improvement Concept Plan to undertake such improvement, and to deduct the cost of such improvement from their contribution to the **Public Realm Improvement Fund**, provided that the provisions of this Section are met.

- (a) The following requirements shall be completed prior to application for certification by the Chairperson:
 - (1) the applicant shall submit preliminary plans for the proposed improvement to the Chairperson, the Department of Transportation (DOT), and the **Public Realm Improvement Fund Governing Group** (the “Governing Group”);
 - (2) DOT shall provide a letter to the Chairperson and the Governing Group containing a conceptual approval of the proposed improvement including a statement of any considerations regarding the construction and operation of the improvement;
 - (3) construction documents and cost estimates shall be prepared for such proposed improvements by a professional engineer, and submitted to the Chairperson, the DOT and the Governing Group;
 - (4) upon review, the DOT and the Governing Group shall either approve such construction documents and costs estimates or detail discrepancies to be resolved by the applicant; and
 - (5) upon approval of the construction documents and cost estimates by the DOT and Governing Group, and prior to the issuance of a building permit as set forth in Section [81-642](#) and in this Section, the applicant shall execute agreements and legally enforceable instruments running with the land, setting forth the obligations of the owner and developer, their successors and assigns, to design and construct the improvement in accordance with the requirements of the DOT. A certified copy of such legal instruments shall be sent to the Chairperson.

- (b) Upon submittal of all the items in paragraph (a) of this Section, along with drawings indicating the portion of the **building** utilizing transferred **floor area** pursuant to the provisions of Section [81-642](#) or, where applicable, [81-643](#), the Chairperson shall certify that a **development** or, where permitted, **enlargement** on a **qualifying site** may undertake an improvement to an adjoining sidewalk.

The execution and recording of legal instruments in accordance with paragraph (a) of this Section shall be a precondition to the issuance of any foundation permit or new building permit or alteration permit by the Department of Buildings allowing a **development** or, where permitted, **enlargement** on a **qualifying site** undertaking a contribution-in-kind pursuant to this Section.

- (c) Upon certification by the Chairperson, monies equal to such agreed upon cost estimate between the applicant, DOT and the Governing Group shall be deposited by the applicant into an escrow account or other similar account established by the Governing Group, which shall not be commingled with the **Public Realm Improvement Fund** ("the Improvement Fund").
- (d) No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the **building** utilizing transferred **floor area** pursuant to Section [81-642](#) until the Chairperson of the City Planning Commission, acting in consultation with the DOT and the Governing Group, has certified that the improvements are substantially complete and usable by the public. No permanent certificate of occupancy shall be granted by the Department of Buildings until the improvements have finally been completed in accordance with the approved plans and such final completion has been approved by the Chairperson, the DOT and the Governing Group.
- (e) Upon completion of the sidewalk improvement, the monies secured in the escrow account or other similar account established by the Governing Group shall be released to the applicant.
- (f) In the event that an applicant utilizing the provisions of this Section has not completed the sidewalk improvements within five years of obtaining a new building permit or alteration permit from the Department of Buildings, the Governing Group shall release the monies in the escrow account or other similar account to the Improvement Fund.

81-70 - SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

LAST AMENDED
5/13/1982

81-71 - General Provisions

LAST AMENDED
9/13/2006

The regulations of Sections [81-72](#) to [81-75](#), inclusive, relating to Special Regulations for the Theater Subdistrict, are applicable only in the Theater Subdistrict, of which the Theater Subdistrict Core and the Eighth Avenue Corridor are parts, except that any listed theater designated in Section [81-742](#), or portion thereof, located outside of the Theater Subdistrict shall be deemed to be a "granting site" pursuant to Section [81-744](#) (Transfer of development rights from listed theaters).

The Theater Subdistrict is bounded by West 57th Street, Avenue of the Americas, West 40th Street, Eighth Avenue, West 42nd Street, a line 150 feet west of Eighth Avenue, West 45th Street and Eighth Avenue.

The Theater Subdistrict Core is bounded by West 50th Street, a line 200 feet west of Avenue of the Americas, West 43rd Street and a line 100 feet east of Eighth Avenue.

The Eighth Avenue Corridor is bounded by West 56th Street, a line 100 feet east of Eighth Avenue, West 43rd Street, Eighth Avenue, West 42nd Street, a line 150 feet west of Eighth Avenue, West 45th Street and Eighth Avenue.

The west side of Eighth Avenue between 42nd and 45th Streets is also subject to the provisions of the Special Clinton District to the extent set forth in Article IX, Chapter 6, subject to Section [81-023](#) (Applicability of Special Clinton District regulations).

These boundaries are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter. The regulations of Sections [81-72](#) to [81-75](#), inclusive, supplement or modify the regulations of this Chapter applying generally to the **Special Midtown District** of which the Subdistrict is a part.

In order to preserve and protect the character of the Theater Subdistrict as a cultural, theatrical and entertainment showcase as well as to help ensure a secure basis for the useful cluster of shops, restaurants and related amusement activities, special incentives and controls are provided for the preservation and rehabilitation of existing theaters and special restrictions are placed on ground floor **uses** within the Subdistrict. In order to preserve and protect the special scale and character of the Theater Subdistrict Core, which includes Times Square, special **building street wall** height and setback controls and requirements for the inclusion of **illuminated signs** and entertainment and entertainment-related **uses** apply within the Subdistrict Core. In order to ensure the orderly growth and development of the Eighth Avenue Corridor and its transition to the scale and character of adjoining midblocks, special **building street wall**, height and setback controls apply within the Corridor. In order to preserve and maintain the character of the western edge of the Theater Subdistrict as both an integral part of the Theater Subdistrict and as a transition to the Clinton neighborhood, the west side of Eighth Avenue between 42nd and 45th Streets is also subject to the provisions of the Special Clinton District.

A Theater Subdistrict Council shall be created comprised of the Mayor, three (3) representatives appointed by the Mayor from the performing arts, theatrical and related industries, the Director of the Department of City Planning, the Speaker of the City Council and his or her designee, and the Manhattan Borough President. The members shall choose a Chair from among themselves. The Theater Subdistrict Council shall be a not-for-profit corporation whose organizational purpose shall be limited solely to promoting theater and theater-related use and preservation within the Theater Subdistrict and promoting the welfare of the Theater Subdistrict generally. The goals of the Theater Subdistrict Council shall include enhancing the long-term viability of Broadway by facilitating the production of plays and small musicals within the Theater Subdistrict, developing new audiences for all types of theatrical productions, and monitoring preservation and use covenants in Broadway's "listed theaters."

The Theater Subdistrict Council shall adopt a plan every three years for the sale, distribution and marketing of reduced price tickets to new and undeveloped audience groups. Such plan shall include locations outside of the Theater Subdistrict where such reduced price tickets will be available. The plan shall also include a way to evaluate yearly its effectiveness by:

- (a) the number of tickets sold; and
- (b) the penetration of the new identified markets which shall be reported to the Chairperson of the City Planning Commission and filed with the Council of the City of New York.

The Theater Subdistrict Council shall advise the Chairperson of the City Planning Commission concerning applications for any special permit, authorization or certification pursuant to the special regulations for the Theater Subdistrict and shall be the holder and administrator of the funds received in connection with transfers of development rights from "listed theaters" pursuant to Section [81-744](#) in accordance with the provisions for the Theater Subdistrict Fund set forth in paragraph (h) of Section [81-741](#) (General provisions).

81-72 - Use Regulations Modified

LAST AMENDED
2/2/2011

The **use** regulations of this Section, inclusive, shall apply within that portion of the Theater Subdistrict bounded by West 40th Street, a line 100 feet east of Eighth Avenue, West 51st Street and a line 200 feet west of Avenue of the Americas, to **buildings developed** after May 13, 1982, to portions of **buildings enlarged** on the ground floor level after May 13, 1982, and to **extensions**.

81-721 - Required use allocations on street frontages

LAST AMENDED
8/6/1998

Uses located on the ground floor or entered by stairs from a sidewalk entry, except for **uses** with no **street** frontage and accessible only through a lobby, shall be limited as follows:

- (a) On any **wide street**, at least 80 percent of any **wide street front lot line** ground level frontage shall be allocated to **uses** indicated in Section [81-722](#) (Use Group T).
- (b) On any **narrow street**, at least 50 percent of any **narrow street front lot line** ground level frontage shall be allocated to **uses** indicated in Section [81-722](#).
- (c) For **zoning lots** between 43rd and 50th Streets with **street** frontage on Broadway and/or Seventh Avenue, at least 50 percent of any length of **narrow street front lot line** ground level frontage within 100 feet of Broadway or Seventh Avenue shall be allocated to **uses** permitted only on **wide street** frontages in Section [81-722](#).

Where a stairway entrance into a subway is relocated onto a **zoning lot** pursuant to Section [81-46](#) (Off-street Relocation or Renovation of a Subway Stair), up to, but not more than, 40 feet of the **narrow street front lot line** ground level frontage occupied by that stairway may be excluded from the length of **narrow street** frontage to which the requirements of this Section apply.

81-722 - Use Group T

LAST AMENDED
9/9/2004

The following **uses** are subject to the limitations on location and **floor area** of the underlying zoning district:

Uses marked with an asterisk (*) are allowed only on **narrow street** frontages.

Uses marked with double asterisks (**) are allowed only on floors other than the ground floor.

Uses marked thus (***) qualify as **uses** satisfying the requirements of Section [81-724](#) (Requirements for entertainment-related uses).

Use

Ambulatory diagnostic or treatment health care facilities listed in Use Group 4

Antique stores

Apartment hotels - lobby space is limited to 20 percent of total **zoning lot** frontage on **wide streets**

Appliance, repair shops - not permitted in C5 Districts

Appliances, sales

Art galleries, commercial

* Art galleries, non-commercial

Art metalcraft shops

Art needlework

Artists' supply stores

Athletic goods stores

*** Auditoriums

* Automobile rental establishments - not permitted in C5 Districts

Bakeries

Banks - limited to 15 percent of total **zoning lot** frontage on **wide streets**

* Banquet halls

** Barber shops

** Beauty parlors

Bicycle stores, rental or repair - not permitted in C5 Districts

Bicycle stores, sales

* Blueprinting establishments

- * Boarding houses

Book stores or card stores

- * Bowling alleys - not permitted in C5 Districts

- ** Business machines, small shops, rental, repairs, sales

- ** Business schools or colleges

Candy stores

Carpet, rug, linoleum or other floor covering stores

- * Catering establishments

Cigar stores

Clock or watch stores or repair shops

Clothing rental establishments

Clothing stores

- * Clubs, non-commercial

Coin stores

- * Colleges or universities

- * Community centers

- * Convents

- *** Costume rental establishment

- ** Dance halls, public - not permitted in C5 Districts

Delicatessen stores

Dressmaking shops, custom

Drug stores

- * Dry cleaning establishments

Dry goods or fabric stores

Eating or drinking establishments with entertainment but not dancing, with a capacity of 200 persons or less in C5 Districts, without restrictions in C6 or M1 Districts

- *** Eating or drinking places - where there is entertainment or dancing in C6 Districts.

- * Fire stations

Fishing tackle or equipment, stores or rental establishments

Florist shops

Food stores, including supermarkets, grocery stores, markets or delicatessen stores

Furniture stores

Furrier shops, custom

Gift shops

* Gymnasiums

Hair products for headwear

Hardware stores

Historical exhibits - not permitted in C5 Districts

Hotels - lobby space limited to 20 percent of total ***zoning lot*** frontage on ***wide streets***

* Household appliance repair shops - not permitted in C5 Districts

* Houses of worship

Ice cream stores

* Institutions, philanthropic or non-profit

Interior decorating establishments

Jewelry shops

Leather goods or luggage stores

* Libraries

Locksmith shops

Luggage stores

* Meeting halls

Millinery shops

*** Motion picture production studios

* Museums

*** Music stores

*** Musical instruments, repair

Newsstands, enclosed

Office or business machine stores, sales or rental

Offices - only lobby space is permitted at grade on **wide street** frontages; lobby is limited to 20 percent of total **zoning lot** frontage on **wide streets**

Optician or optometrist establishments

Orthopedic stores

Paint stores

- * Parish houses

- * Parks, public or private

Parking lots, public and **parking garages, public**, subject to the provisions of Section [81-30](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS)

Pet shops

- * Phonographic repair shops - not permitted in C5 Districts

Photographic developing or printing establishments

Photographic equipment stores

Photographic studios

Photographic supply stores

- * Photostatting establishments

Picture framing stores

- * Police stations

- * Post offices

- * Printing establishments

- * Radio appliance repair - not permitted in C5 Districts

- *** Record stores

- * Recreation centers, non-commercial

- * Rectories

Residences - only lobby space is permitted at grade on **wide streets**; lobby space is limited to 20 percent of total **zoning lot** frontage on **wide streets**

- * Rooming houses

- * **Schools**

- * Settlement houses

Sewing machine stores, selling household machines

- * Shoe repair shops

Shoe stores

- * Sign painting shops - not permitted in C5 Districts

- * Skating rinks, indoor - not permitted in C5 Districts

- * Skating rinks, outdoor ice

Sporting goods stores

Stamp stores

Stationery stores

- * ***Studios, music, dancing or theatrical

- * ***Studios, radio or television

- * Table tennis halls - not permitted in C5 Districts

Tailor shops, custom

Telegraph offices

- * Television repair shops - not permitted in C5 Districts

*** Theater - a new motion picture theater in a new or existing **building** shall provide a minimum of four square feet of waiting area within the **zoning lot** for each seat in such theater. The required waiting space shall be either in an enclosed lobby or open area that is covered or protected during inclement weather and shall not include space occupied by stairs or space within 10 feet of a refreshment stand or entrance to a public toilet - not permitted in C5 Districts

- *** Ticket sales

Tobacco stores

Tour operators

Toy stores

- * Trade or other schools for adults

Travel expositions - not permitted in C5 Districts

Travel bureau - limited to 15 percent of total **zoning lot** frontage on **wide streets**

Typewriter stores

- * Typewriter or other small business machine

repair stores

Variety stores

Wallpaper stores

* Wholesale establishments

* Wholesale offices or showrooms

81-723 - Special ground floor street frontage restrictions

LAST AMENDED
8/6/1998

No single establishment shall have a **wide street front lot line** ground level frontage of less than 10 feet.

The following requirements apply to **wide street front lot line** ground level frontages and, for **zoning lots** between 43rd and 50th Streets with **street** frontage on Broadway and/or Seventh Avenue, **narrow street front lot line** ground level frontages within 100 feet of Broadway or Seventh Avenue:

- (a) Any length of **front lot line** ground level **street** frontage of a **zoning lot** devoted to banks and travel bureaus shall not constitute in total more than 15 percent of any such **front lot line** ground level **street** frontage.
- (b) Each establishment shall be located within 10 feet of the **lot line** on which it is required to front for the full length of the frontage of that establishment, except that, where a **street wall** recess at **curb level** permitted under Section [81-43](#) (Street Wall Continuity Along Designated Streets) extends a greater distance from the **lot line**, the length of frontage of any establishment adjoining that recess may be located at an equal, but not greater, distance from the **lot line**.
- (c) Lobby space shall not comprise more than 20 percent of any such **front lot line** ground level **street** frontage. In addition, a lobby frontage on any such **front lot line** ground level **street** frontage need not be less than 15 feet.
- (d) **Uses** with no **street** frontage and which are accessible only through a lobby shall not be restricted to Use Group T **uses**.

81-724 - Requirements for entertainment-related uses

LAST AMENDED
2/2/2011

With the exception of a **development** or **enlargement** in which more than 50 percent of the new **floor area** is allocated to **transient hotel use**, or all of the **floor area** of the **development** or **enlargement** is allocated to **public parking garage use**, a **development** or **enlargement** on a **zoning lot** with more than 50 percent of its **zoning lot** area located within the Theater Subdistrict Core shall meet the following requirements:

- (a) If the new **floor area** of the **development** or **enlargement** generated by that portion of the

zoning lot located within the Theater Subdistrict Core exceeds 60,000 square feet, then an amount of floor space on the **zoning lot** equal to five percent of the amount by which such new **floor area** exceeds 50,000 square feet shall be allocated to **uses** listed in Section [81-725](#) (Entertainment-related uses) or to **front lot line** ground level **uses** designated thus (***) in Section [81-722](#) (Use Group T), as satisfying the requirements of this Section.

Except as provided in paragraphs (b), (f) and (g) of this Section, the amount of floor space specified shall be located on the same **zoning lot** as the **development** or **enlargement** for which that floor space is provided to meet the requirements of this Section.

- (b) A maximum of 75 percent of the amount of floor space specified in paragraph (a) of this Section may be located on a separate **zoning lot**, with the remainder located on the same **zoning lot** as the **development** or **enlargement**, by authorization of the City Planning Commission provided, upon examination of proposed plans, the Commission finds that:
- (1) one of the following conditions exists:
 - (i) more than 50 percent of the area of the separate **zoning lot** is located within the Theater Subdistrict Core;
 - (ii) the separate **zoning lot** is located within the Theater Subdistrict and the floor space located on such separate **zoning lot** is allocated in its entirety to studios (music, dancing or theatrical), a theater designed and arranged for live performances of drama, music or dance, and **uses** accessory thereto, or a combination thereof, as listed in Section [81-725](#), and that the separate **zoning lot** is located within the Theater Subdistrict; or
 - (iii) the separate **zoning lot** is located within an area bounded by West 42nd Street, Sixth Avenue, West 57th Street, a line 175 feet west of Ninth Avenue, West 52nd Street and a line 150 feet west of Eighth Avenue, and the floor space located on such separate **zoning lot** is allocated in its entirety to studios (music, dancing or theatrical), a theater designed and arranged for live performances of drama, music or dance, or a combination thereof, and any support spaces related thereto, not including administrative office space, where such floor space occupies no less than 25,000 square feet;
 - (2) the floor space located on the separate **zoning lot** is in addition to any floor space provided to meet the requirements of this Section for any other **development** or **enlargement**;
 - (3) the floor space located on the separate **zoning lot** is constructed or renovated specifically for the purpose of meeting the requirements of this Section and has not been utilized for any of the **uses** listed in Section [81-725](#) at any time during the two-year period immediately prior to the date on which this authorization, as described in paragraph (b) of this Section, is granted; and
 - (4) the **use** located on the separate **zoning lot** achieves a reasonable distribution of entertainment-related **uses** and locations of such **uses**.
- (c) Except as provided in this paragraph (c), floor space allocated to entertainment-related **uses** listed in Section [81-725](#), accommodating any number of occupants, shall be classified under

Sections [27-254](#) to [27-258](#) (Title 27, Chapter 1, Subchapter 3, Article 8 - Occupancy Group F-Assembly) of the 1968 Building Code or Section BC 303 of the 2008 Building Code, as applicable, and shall meet all relevant requirements of Sections [27-522](#) to [27-549](#) (Title 27, Chapter 1, Subchapter 8-Places of Assembly) of the 1968 Building Code or Section BC 1024 of the 2008 Building Code, as applicable.

Alternatively, where floor space in an existing **building** is allocated to **uses** listed in Section [81-725](#) in order to meet the requirements of this Section, the Commission may, by authorization, modify or waive the Code requirements of this paragraph (c) if, upon examination of proposed plans, it finds that:

- (1) the existing **building** does not otherwise require structural alteration to accommodate the entertainment-related **uses**; and
- (2) two plaques will be provided prior to the issuance of any certificate of occupancy for the floor space so allocated to be affixed, as follows:
 - (i) the first in a prominently visible location either to the exterior wall of the **building** at ground level adjacent to the main entry or in the main lobby stating that floor space in the **building** is provided to meet the requirements of this Section; and
 - (ii) the second either on or immediately adjacent to the corridor or lobby side of the main door to the space itself stating that such floor space is located within that part of the **building**.

Each plaque shall indicate in letters, not less than one inch high, the amount of entertainment-related floor space in square feet, the floor or floors on which it is located, the category of **use** under Section [81-725](#) to which it is dedicated, and the name and street address of the **development** or **enlargement** for which it partially fulfills the requirements of this Section.

- (d) The certificate of occupancy for the **development** or **enlargement** shall record and specifically describe all floor space allocated to meet the requirements of this Section and shall require the permanent reservation of this space for such purposes as a condition of the certificate of occupancy.

If a portion of the amount of the specified floor space is located on a separate **zoning lot**, no certificate of occupancy for the **development** or **enlargement** shall be issued until a certificate of occupancy has been issued for that floor space provided on the separate **zoning lot** and all other floor space allocated to fulfill the requirements of this Section.

The certificate of occupancy for the **development** or **enlargement** shall identify the amount and location of such specified floor space provided on the separate **zoning lot**. The certificate of occupancy of the separate **zoning lot** shall identify the **development** or **enlargement** for which the specified floor space is provided and the amount and location of that floor space on the separate **zoning lot**. Both certificates of occupancy shall require the permanent reservation of the floor space provided on the separate **zoning lot** for **uses** which meet the requirements of this Section.

An amount of floor space allocated in an existing **building** to meet the requirements of this Section may be reallocated to another location, except that no floor space allocated in an

existing **building** located within the Theater Subdistrict may be reallocated to another location outside the Theater Subdistrict. Such reallocation shall be made provided that the Commission finds, by authorization, that all of the requirements of this Section are still met and that the Commission has received sufficient assurances that the certificates of occupancy of the **development** or **enlargement** and the **building** to which the floor space has been reallocated, will be amended within a period of time after the date of such authorization specified therein to accord with the provisions of this Section.

- (e) A written declaration shall be recorded against the **zoning lot** of the **development** or **enlargement** and against the separate **zoning lot**, which contains an agreement that the floor space provided on the separate **zoning lot** shall be used solely for entertainment-related **uses** for the life of the **development** or **enlargement**.

If floor space allocated to entertainment-related **uses** on the separate **zoning lot** is reallocated in accordance with the provisions of paragraph (d) of this Section, the agreement contained in the written declaration shall be amended so that the **zoning lot** on which the newly allocated floor space is located complies with paragraph (d).

- (f) If a certificate of occupancy for floor space to be located on a separate **zoning lot**, pursuant to the provisions of paragraph (b) of this Section, is not reasonably anticipated to be issued prior to the date upon which the **development** or **enlargement** would otherwise be eligible for issuance of a certificate of occupancy, the Commission may also authorize the waiver of any or all of the provisions of paragraphs (b)(3), (d) and (e) of this Section, provided that:
- (1) the owner or lessee of the **development** or **enlargement**, or an affiliate thereof, will make or cause to be made a financial contribution, through payment or repayment of the costs thereof, which will facilitate on such separate **zoning lot**, the **development** of a **building** that will consist predominantly of either entertainment-related **uses** and **uses** accessory thereto or **community facility uses** where at least 25,000 square feet of such floor space allocated to meet the requirements of this Section shall be allocated in its entirety to studios (music, dancing or theatrical), a theater designed and arranged for live performances of drama, music or dance, or a combination thereof, and any support spaces related thereto not including administrative office space;
 - (2) the Department of City Planning has received a fully executed copy of a written declaration against such separate **zoning lot**, requiring that the floor space allocated to meet the requirements of this Section and located on the separate **zoning lot** shall be used solely for entertainment-related **uses** and **uses accessory** thereto for the life of the **development** or **enlargement**. Prior to the release of the financial contribution, pursuant to paragraph (f)(3) of this Section, such declaration shall be filed and duly recorded in the borough office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the authorization pursuant to this Section;
 - (3) such financial contribution will be deposited in a trust and agency account, to be released upon a determination made in writing by the Chairperson of the City Planning Commission, made in consultation with the Commissioner of Buildings, that all work on foundations has been completed for such **building**; and
 - (4) the prospective operator of the entertainment-related **uses** in the **building** on such

separate **zoning lot**.

- (i) has made substantial financial and construction-related commitments towards the development of the **building**, including, at a minimum, commitments for site acquisition, such as a purchase agreement, deed or ground lease, and architectural agreements for the design of the floor space; and
- (ii) has secured, or has implemented a fundraising plan to secure, the funding necessary for the development of the **building**, other than the financial contribution by the owner or lessee of the **development** or **enlargement**.

Where the Commission makes the findings set forth in paragraphs (f)(1) through (f)(4) of this Section, inclusive, a certificate of occupancy may be issued for the **development** or **enlargement** requiring the provision of such floor space, notwithstanding that no certificate of occupancy has been issued with respect to the floor space located on the separate **zoning lot**.

- (g) In the event that all work on foundations of the **building** on the separate **zoning lot** has not been completed within three years of the grant of an authorization provided under the provisions of paragraph (f) of this Section, the owner or lessee of the **development** or **enlargement** shall, in accordance with the terms of the written declaration recorded against the **development** or **enlargement** at the time of the grant of such authorization, apply to the Commission for:
 - (1) an extension of the authorization for up to one additional year for good cause shown; or
 - (2) a new authorization, under paragraph (b) of this Section, for alternative floor space consisting of entertainment-related **uses** to be located on a separate **zoning lot** as necessary to meet the requirements of this Section.

In granting such authorization for alternative floor space, the Commission may waive the provisions of paragraph (b)(3) of this Section, provided the floor space was not utilized for any of the **uses** listed in Section [81-725](#) at any time during the two-year period immediately prior to the date on which the authorization was originally granted under paragraph (b) of this Section.

- (h) Floor space allocated in an existing **building** on a separate **zoning lot**, pursuant to an authorization granted under paragraph (f) of this Section, may be reallocated to another location, provided that the Commission finds, by authorization, that all applicable requirements of this Section are met, except that no floor space allocated in an existing **building** located within the Theater Subdistrict may be reallocated to another location outside the Theater Subdistrict.
- (i) All **uses** satisfying the requirements of this Section shall be subject to the locational requirements of Section [81-72](#) (Use Regulations Modified).

81-725 - Entertainment-related uses

LAST AMENDED
4/28/1988

Auditoriums, with capacity limited to 2,500 seats

Dance halls, public

Eating or drinking places, where there is entertainment or dancing

Museums, upon authorization by the City Planning Commission that the contents are predominantly theater and/or entertainment-related and are publicly exhibited on a continuing basis

Studios, motion picture production

Studios, music, dancing or theatrical

Studios, radio or television

Theaters

81-73 - Special Sign and Frontage Regulations

LAST AMENDED
5/13/1982

81-731 - Special regulations for signs, transparency, banners and canopies

LAST AMENDED
5/8/2013

Within that area of the Theater Subdistrict whose boundaries are described in Section [81-72](#) (Use Regulations Modified), the following provisions apply along **wide street** frontages. Within the Theater Subdistrict Core, the following provisions also apply along **narrow street** frontages.

- (a) At least 50 percent of the **street wall** of a **development** or ground floor **enlargement** shall be glazed at the ground floor level with clear, untinted, transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with **signs**.

For the purpose of the glazing requirements, the **street wall** surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less, and shall exclude any area of **street wall** occupied by **accessory** off-street loading berths or entrances and exits to **accessory** off-street parking provided pursuant to the provisions of Section [81-30](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS). For the purposes of this Section, clear, unobstructed openings in the surface of a **street wall** provided for a stairway entrance into a subway relocated onto a **zoning lot** in accordance with the requirements of Section [81-46](#) (Off-street Relocation or Renovation of a Subway Stair) or a through **block** connection provided in accordance with the requirements of paragraph (h) of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) shall be treated as transparent glazed surfaces.

- (b) Canopies (as defined in the Building Code) and awnings shall not be permitted on the exterior of any **building**.

For the purposes of this Section, any **signs** which do not comply with the regulations of this Section

may be continued for one year after May 13, 1982, provided that after the expiration of that period such **non-conforming sign** shall terminate; a **sign** which the Chairperson of the City Planning Commission certifies as an integral part of the **building** shall not be required to terminate.

81-732 - Special Times Square signage requirements

LAST AMENDED
2/2/2011

The provisions of this Section shall apply to all **developments** and **enlargements** on **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway in the Theater Subdistrict.

No building permit shall be issued by the Department of Buildings for any portion or all of a **development** or **enlargement** on a **zoning lot** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway without prior submission of drawings showing that the **sign** requirements related to **surface area**, location and number of **signs** set forth in paragraphs (a), (b) and (c) of this Section have been met and that electrical power is provided in amounts and locations sufficient to illuminate all such required **signs** to the illumination levels specified herein. Such drawings shall include, at a scale of 1/16 inch equals one foot, a plan, elevations of **narrow streets** and Seventh Avenue and/or Broadway and cross-sections showing setbacks on Seventh Avenue, Broadway and **narrow streets**. These drawings shall show, for all the **signs** required under this Section, their number and for each, its **surface area** and location and shall list each requirement and the actual dimensions or areas achieved in the design.

Temporary certificates of occupancy for **floor area** of the **development** or **enlargement** comprising in aggregate more than 50 percent of the total **floor area** of the **development** or **enlargement** shall not be issued by the Department of Buildings until 50 percent of the aggregate **surface area** of **signs** required under paragraph (a)(3) of this Section has been installed and put in operation in accordance with all of the requirements and standards as set forth in paragraphs (a)(3) and (a)(7) of this Section.

Temporary certificates of occupancy for **floor area** of the **development** or **enlargement** comprising in aggregate more than 90 percent of the total **floor area** of the **development** or **enlargement** shall not be issued by the Department of Buildings until 90 percent of the aggregate **surface area** of **signs** required under paragraphs (a)(3) of this Section has been installed and put in operation in accordance with all of the requirements and standards as set forth in paragraphs (a)(3) and (a)(7) of this Section.

Neither temporary certificates of occupancy for **floor area** of the **development** or **enlargement** comprising in aggregate 100 percent of the total **floor area** of the **development** or **enlargement** nor a first permanent certificate of occupancy for the **development** or **enlargement** shall be issued by the Department of Buildings until all of the **signs** required under this Section have been installed and put in operation in accordance with all of the requirements and standards as set forth in paragraphs (a)(3) and (a)(7) of this Section.

Notwithstanding the foregoing requirements relating to the granting of certificates of occupancy, the City Planning Commission may, prior to January 1, 2003, certify to the Commissioner of Buildings that compelling circumstances warrant the waiver of any or all such provisions. In granting any such waiver, the Commission shall establish a completion schedule, not to exceed one year from the date of such certification, for the installation and operation of all requisite **signs** in accordance with all of the requirements and standards as set forth in paragraphs (a)(3) and (a)(7) of this Section. The

Commission, as it deems appropriate, shall also require security for performance under the schedule and may prescribe other conditions to address the delay in installation and operation of requisite **signs**.

(a) All **developments** located on **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway shall provide **signs** meeting all of the following requirements:

- (1) At least one **illuminated sign** shall be provided for each ground floor establishment with a **street** frontage on Seventh Avenue, Broadway or a **narrow street** for the full length of the **zoning lot** frontage or the first 100 feet from Seventh Avenue or Broadway, whichever is less. With the exception of theater **signs**, each required **illuminated sign** shall be located directly behind the clear, untinted, transparent material with which the **street wall** is required to be glazed under Section [81-731](#) (Special regulations for signs, transparency, banners and canopies). There shall be no obstructions between the **sign** and the glazing material.
- (2) In addition, **illuminated signs** shall be provided with a minimum aggregate **surface area** of 12 square feet for each linear foot of **street** frontage of the **zoning lot** on Seventh Avenue, Broadway and intersecting **narrow streets** up to the first 40 linear feet of **street** frontage from either Seventh Avenue or Broadway.

No portion of any **illuminated sign** required under this paragraph, (a)(2), shall be located:

- (i) further than 40 feet from the Broadway or Seventh Avenue **street line**;
- (ii) below a height of 10 feet above **curb level** or above the top of the **street wall** of the **building** before setback as defined in Section [81-75](#) (Special Street Wall and Setback Requirements).

There shall be a minimum of one **sign** with a **surface area** of not less than 100 square feet for each 25 linear feet, or part thereof, of **zoning lot street** frontage on Seventh Avenue or Broadway.

- (3) In addition, **illuminated signs** shall be provided with a minimum aggregate **surface area** of 50 square feet for each linear foot of **street** frontage of the **zoning lot** on Seventh Avenue, Broadway and intersecting **narrow streets** up to the first 40 linear feet of **street** frontage from either Broadway or Seventh Avenue, except that for any one **zoning lot**, the required minimum aggregate **surface area** shall not exceed 12,000 square feet.

No portion of any **illuminated sign** required under this paragraph (a)(3) shall be located:

- (i) further than 40 feet from the Seventh Avenue or Broadway **street line** except that, for a **zoning lot** with **street** frontage on Seventh Avenue, Broadway and at least one **narrow street**, the areas of required **signs** specified in paragraph (a)(3)(ii) of this Section may be located without distance limit from the Seventh Avenue or Broadway **street line**;
- (ii) below a height of 10 feet or above a height of 120 feet above **curb level**, except

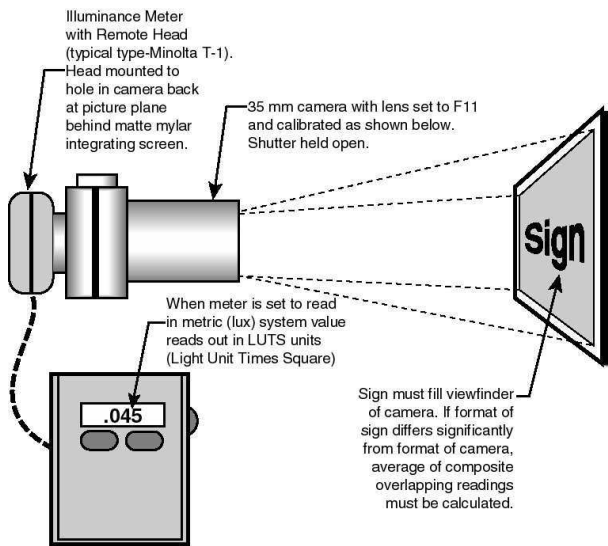

that for a **zoning lot** with **street** frontage on Seventh Avenue, Broadway and 47th Street, a minimum of 25 percent of the minimum aggregate **surface area** required under this Section or 7,500 square feet, whichever is greater, shall comprise **signs** no portion of which shall exceed 250 feet in height above **curb level**, and each of which shall face the intersection of the center lines of 45th Street and Broadway and shall have its **surface area** measured by projecting its edges onto a plane perpendicular to a line drawn between the center of the **sign** and the above intersection at ground level and measuring the resultant **surface area** on that plane; and, for other **zoning lots** with **street** frontage on Seventh Avenue, Broadway and a **narrow street** a maximum of 25 percent of the minimum aggregate **surface area** required under this Section may comprise **signs** located without height limit provided that each such **sign** faces the intersection of the center lines of 45th Street and Broadway and its **surface area** is measured by projecting its edges onto a plane perpendicular to a line drawn between the center of the **sign** and the above intersection at ground level and measuring the resultant **surface area** on that plane.

Where a **zoning lot** is located at the intersection of Seventh Avenue or Broadway and one or more **narrow streets**, at least 60 percent of the minimum aggregate **surface area** of signage required under this paragraph, (a)(3), shall be located within 50 feet of the **narrow streets**. Where a **zoning lot** is located at two such intersections, at least 15 percent of the minimum aggregate **surface area** required under this subsection shall be within 50 feet of each **narrow street**. Where a **zoning lot** is located at three or more such intersections, at least seven percent of the minimum aggregate **surface area** required under this Section shall be within 50 feet of a **narrow street** at each intersection of that **narrow street** and Seventh Avenue or Broadway.

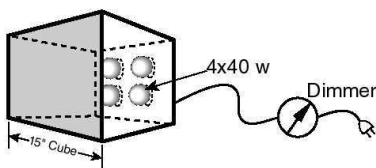

There shall be a minimum of one **illuminated sign** with a **surface area** of not less than 1,000 square feet for each 50 linear feet, or part thereof, of **street** frontage on Seventh Avenue or Broadway, except that for any one **zoning lot** no more than five **signs** shall be required.

With the exception of **signs** defined in paragraph (a)(3)(ii) of this Section as facing the intersection of the centerlines of 45th Street and Broadway, at least 75 percent of the **surface area** of **signs** required under this paragraph, (a)(3), shall be placed at an angle in plan view of not more than 45 degrees to the Seventh Avenue or Broadway **street line**.

Signs required under this paragraph, (a)(3), shall, when installed on the **building** and set in operation, meet at a minimum the requirements set out in paragraphs (a)(3)(iii), (iv) and (v) of this Section. The illumination standards contained therein for each **sign** shall be measured with an apparatus (to be known as a Light Unit Times Square or "LUTS" meter) comprising an illuminance meter attached to a 35 millimeter single lens reflex camera body and fitted with a lens of appropriate focal length in accordance with the diagrams herein (see Illustrations of Sign Brightness Measurement System - LUTS Meter). The lens shall be set at F-stop 11.

The LUTS meter must be calibrated prior to use. Although the lens is nominally set to F11, the actual light transmission value may differ especially with long focal length zoom lenses.

To calibrate, build a lightbox as shown above. The front of the box shall be 1/4" #2447 opal plexiglass; the other five interior sides shall be painted matte white.

Four standard 40 watt 120 volt incandescent lamps shall be mounted on the back of the box and wired through a dimmer.

In a dark room adjust the dimmer so that the plexiglass is illuminated to a brightness (exitance) of 125 Footlamberts as measured with an accurate luminance meter (e.g. Minolta LS100, Photo Research 1500).

Using the measuring lens of the LUTS meter set to the appropriate focal length, fill the viewfinder with the lightbox, and adjust the aperture until the meter reads 1.5 LUTS. If different lenses or degrees of zoom are to be used, calibrate the meter for each condition and record the appropriate aperture settings.

SIGN BRIGHTNESS MEASUREMENT SYSTEM

(LUTS Meter)

(81-732a3ii)

The LUTS Meter shall be calibrated against a reference standard (See illustrations of Sign Brightness Measurement System - LUTS Meter). Alternative measuring equipment may be employed provided such equipment provides identical measurement against the reference standard described herein.

In measuring the brightness of the whole of a **sign** under the provisions of paragraphs (a)(3)(iii) and (iv) of this Section, the illumination level of the **sign** shall be determined by pointing the LUTS Meter at the **sign** so that the entire **sign** completely fills the viewing frame of the meter. If, because of the shape of the **sign**, the entire **sign** cannot be viewed within the viewing frame, readings may be taken of discrete portions of the **sign** separately, provided, however, that no more of the **sign** than is absolutely necessary to measure the entire

sign, may be included in more than one such reading. Readings of portions of a **sign** shall be averaged to obtain the average illumination level of the entire **sign**.

In measuring the brightness of a portion of a **sign** required to meet the incident illumination standards specified in paragraphs (a)(3)(iii) and (iv) of this Section, the illumination level of that portion of the **sign** shall be determined by pointing the LUTS Meter at that portion so that the entire portion completely fills the viewing frame of the meter. If, because of the shape or configuration of that portion of the **sign**, the entire portion cannot be viewed within the viewing frame, readings may be taken of discrete sections of that portion separately, provided, however, that no more of the portion than is absolutely necessary to measure the entire portion, may be included in more than one such reading. Readings of sections of that portion of the **sign** shall be averaged to obtain the average illumination level of the entire portion.

If the illumination of a required **sign** or portion thereof is measured prior to its installation on the **building**, all measurements shall be taken in an interior environment with an ambient air temperature of between 65 and 75 degrees Fahrenheit and no ambient light. For all readings, the LUTS meter shall be located so that its relationship to the **sign** or portion thereof is identical to that described below for taking measurements when the same **sign** or portion thereof is installed on the **building**.

If the illumination of a required **sign** or portion thereof is measured after its installation on the **building**, all measurements shall be taken at night when the ambient air temperature, at a height above **street** level equal to that of the center of the **sign**, is between 65 and 75 degrees Fahrenheit. To measure the illumination level of a **sign** or portion thereof, an imaginary line shall be established which is perpendicular in plan view to the surface of the **sign** or portion thereof and connects its center to a point from which the **sign** or portion thereof is actually visible and which is five feet above **street** level and 60 or more feet away from the **sign**. The LUTS meter shall be located along this line at the furthest distance from the **sign** or portion thereof at which a reading may be obtained by the method specified above.

The duration of one complete operating cycle of any **sign** required under this paragraph (a)(3) which is animated, in whole or in part, shall not exceed five minutes.

During any one complete operating cycle of any such **sign**, the aggregate time for which such **sign** is unlit shall not exceed 10 percent of the operating cycle and in no case shall exceed 15 seconds. In addition, no single continuous time period during which such a **sign** is unlit shall exceed three seconds. During any one complete operating cycle of any such **sign**, the brightness levels specified below in paragraphs (a)(3)(iii) and (iv) shall be attained for an aggregate time of not less than 20 percent of the operating cycle and in no case shall be less than 10 seconds. In addition, the **surface area** of any **sign** required to be continuously animated, either in whole or in part and either

electrically or mechanically, shall exhibit visual changes clearly discernable by an observer at **street** level at intervals not exceeding 30 seconds.

- (iii) A minimum of 25 percent of the required minimum aggregate **surface area** of **signs** required under this paragraph, (a)(3), shall comprise **signs** each of which shall attain for a minimum of 25 percent of its **surface area** at least 1.5 LUTS incident illumination measured as specified in this paragraph, (a)(c), by means of electric lamps, such as neon tubes, incandescent lamps or cathode ray tubes, which are exposed directly to view. All of the remainder of each such **sign** shall attain at least 0.2 LUTS incident illumination measured as specified by means of electric lamps exposed directly to view and/or luminous surfaces comprising translucent material lit from behind by electric lamps.

In addition, each of the **signs** required to meet the standards of this paragraph (a)(3)(iii) shall have either: a minimum of 20 percent of its **surface area** continuously electrically animated either by means of flashing borders, writing, pictorial representations, emblems or other figures of similar character or by means of **flashing sign surface area** serving as a field or background thereto; or, a minimum of 50 percent of its **surface area** continuously mechanically animated.

- (iv) In addition, a minimum of 25 percent of the required minimum aggregate **surface area** of **signs** required under this paragraph (a)(3) shall comprise **signs** each of which shall attain for all of its **surface area** at least 0.4 LUTS incident illumination measured as specified by means of luminous surfaces comprising translucent material lit from behind by electric lamps. Alternatively, but also in addition to paragraph (a)(3)(iii) of this Section, a minimum of 25 percent of the required minimum aggregate **surface area** of **signs** required under this paragraph (a)(3) shall achieve the same incident illumination levels for the same amounts of **surface area** as specified in paragraph (a)(3)(iii).

In addition, each of the **signs** required to meet the standards of this paragraph (a)(3)(iv) shall have either: a minimum of 20 percent of its **surface area** continuously electrically animated either by means of flashing borders, writing, pictorial representations, emblems or other figures of similar character or by means of **flashing sign surface area** serving as a field or background thereto; or, a minimum of 50 percent of its **surface area** continuously mechanically animated.

- (v) The provisions of paragraphs (a)(3)(iii) and (iv) of this Section may be modified or waived upon certification by the Chairperson of the City Planning Commission that the dynamic character and attractiveness of the **sign** or **signs** for which the modification or waiver is granted are assured by the proposed design and operation and that the signage on the **zoning lot** will produce an effect at least equal to that achieved through the application of paragraphs (a)(3)(iii) and (iv).

Except for an individual **sign** meeting the illumination requirements of paragraphs (a)(3)(iii) and (iv) for at least 50 percent of its **surface area**, for all of the **signs** required under this paragraph (a)(3), all **surface area** not

complying with paragraphs (a)(3)(iii) and (iv) shall be lighted with an average level of illuminance across the entirety of that **surface area** of 75 foot candles and with an average to minimum illuminance ratio of not greater than 3.0 to 1.0.

- (vi) For **zoning lots** that contain 15,000 square feet or more of **lot area**, the provisions of paragraphs (a)(2) and (a)(3)(ii) of this Section may be modified or waived, upon certification by the Chairperson that:
 - (a) the **sign** or **signs** for which the modification or waiver is granted are affixed to a **building** that contains a “listed theater” as designated in Section [81-742](#) (Listed theaters), and a portion of such theater is located within 100 feet of the **street line** of Seventh Avenue or Broadway; and
 - (b) such **sign** or **signs** provide visual interest that furthers the purposes of the **illuminated sign** requirements set forth in Section [81-73](#) (Special Sign and Frontage Regulations), inclusive, in a manner that is at least equal to that achieved through the application of paragraphs (a)(2) and (a)(3)(ii).
 - (4) One illuminated marquee and one additional **illuminated** projecting identification **sign** are required for each theater on a **zoning lot**. A group of motion picture theaters under single ownership and operation shall be treated as one theater for the purposes of this requirement.
- Each required marquee shall have a minimum area in plan of 500 square feet and each projecting identification **sign** shall have a minimum **surface area** of 200 square feet. Marquees and identification **signs** may count towards meeting the minimum aggregate **surface area** requirements of paragraph (a)(2) or (a)(3) of this Section, provided that they comply with the locational requirements therein.
- (5) **Signs** which do not meet the locational requirements of paragraph (a)(2) or (a)(3) are permitted, but shall not count towards meeting minimum aggregate **surface area** requirements.
 - (6) Required minimum aggregate **surface areas** of **signs** for **zoning lots** with **street** frontage on both Seventh Avenue and Broadway shall be calculated by including both those **street** frontages and any **narrow street** frontages up to the first 40 linear feet of **street** frontage from either Seventh Avenue or Broadway.
 - (7) All required **illuminated signs** shall at a minimum remain lit from dusk until 1:00 a.m. daily.

All of the **surface area** of **signs** required under paragraphs (a)(2) and (a)(3) shall be visible from a height of five feet above **street** level at any point 60 feet from the Seventh Avenue or Broadway **street line** of the **zoning lot** on which they are required to be provided.

At least 50 percent of the minimum aggregate **surface area** of **signs** required under paragraph (a)(3) shall comprise **signs** each of which shall be legible during daylight

hours from a minimum distance of 60 feet when viewed from ground level at a point perpendicular in plan to the center of the **sign**.

- (b) For **enlargements** which add **floor area** amounting to a **floor area ratio** of at least 1.0, the **sign** requirements of this Section shall apply as follows:
- (1) If the **enlargement** involves an increase in **floor area**, minimum aggregate **surface areas** of required **signs** shall be determined in the same manner as for **developments** on the basis of the length of the **zoning lot's** frontage as set forth in paragraphs (a)(2), (a)(3) and (a)(6) of this Section.
 - (2) All other requirements for **signs** required for **enlargements** shall be as provided for **developments** in paragraphs (a)(1), (a)(2), (a)(3), (a)(4), (a)(5) and (a)(7) of this Section.
 - (3) The provisions of paragraphs (a)(1) or (a)(2) may be modified or waived upon certification by the Chairperson of the City Planning Commission that such modification or waiver results from compelling necessity.
- (c) **Zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway comprising **developments** or **enlargements** and existing **buildings** to remain shall meet the requirements of paragraph (a) of this Section for **developments** or paragraph (b) for **enlargements** on the basis of the configuration and **street** frontages of the entire **zoning lot**.

There shall be no reduction in the aggregate **surface area** of **signs** on any existing **buildings** to remain. A **non-conforming sign** may be structurally altered, reconstructed or replaced in the same location and position, provided that such structural alteration, reconstruction or replacement does not result in the creation of a new **non-conformity** or an increase in the degree of **non-conformity** of such **sign**.

81-733 - Special provisions for central refuse storage area

LAST AMENDED
2/2/2011

For all **buildings** or portions of **buildings developed** or **enlarged** after May 13, 1982, located within the Theater Subdistrict, facilities shall be provided for central refuse storage within the **building**, and no refuse shall be stored outside the **building**.

In all cases there shall be an area for central refuse storage provided at the rate of 75 square feet for non-compressed refuse or 50 square feet for compressed refuse for each 10,000 square feet of **lot area**. Such area shall be ventilated.

For carting purposes, such central storage area shall be directly accessible on a 24-hour basis to loading berths, where provided, or to the exterior of the **building**. Furthermore, the central storage area shall be accessible at all times to all **uses** occupying space within the **building**.

Such area shall be exempt from calculations for **floor area** as defined in Section [12-10](#) (DEFINITIONS).

81-734 - Special signage regulations for portions of the west side of Eighth Avenue

LAST AMENDED
10/31/2017

For a **corner lot**, or portions thereof, bounded by two **wide streets** on the west side of Eighth Avenue within the Eighth Avenue Corridor of the Theater Subdistrict, the **sign** provisions for C6-7 Districts pursuant to Section [32-60](#) (SIGN REGULATIONS) shall apply only to such **corner lot** portion, with the following modifications:

- (a) no **sign** shall function with sound; and
- (b) **illuminated signs** may face both **wide streets**, or be parallel to the **street line** of one **wide street**.

81-74 - Special Incentives and Controls in the Theater Subdistrict

LAST AMENDED
5/13/1982

81-741 - General provisions

LAST AMENDED
2/2/2011

- (a) Certifications
 - (1) The transfer of development rights from any “granting site” in accordance with the provisions of Section [81-744](#) (Transfer of development rights from listed theaters) shall be permitted upon certification by the City Planning Commission.
 - (2) In the Theater Subdistrict, modifications of the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), in accordance with the provisions of Section [81-746](#) (Additional provisions for zoning lots divided by district or subdistrict core boundaries), shall be permitted upon certification of the Chairperson of the Commission.
- (b) Authorizations by the City Planning Commission

The transfer of development rights from any “granting site” in accordance with the provisions of paragraph (b) of Section [81-744](#) shall be permitted by authorization by the Commission.
- (c) Special permit by the City Planning Commission

In the Theater Subdistrict, the Commission may allow, by special permit:

 - (1) demolition of a theater where permissible under the provisions of Section [81-742](#) (Listed theaters);

- (2) a **floor area** bonus for rehabilitation of an existing theater in accordance with the provisions of Section [81-745](#) (Floor area bonus for rehabilitation of existing listed theaters); and
- (3) transfer of development rights from a **zoning lot** occupied by a theater that is a designated landmark in accordance with the provisions of Section [81-747](#) (Transfer of development rights from landmark theaters).

(d) Additional **floor area** bonuses

All **developments** or **enlargements** located on the west side of Eighth Avenue between 42nd and 45th Streets within the Theater Subdistrict may receive an increase in **floor area** pursuant to Section [96-22](#) (Special Regulations for Eighth Avenue Perimeter Area) for those **developments** or **enlargements** complying with the provisions of Section [23-90](#) (INCLUSIONARY HOUSING).

(e) Required assurances

All special permits, authorizations or certifications involving preservation of existing theaters shall be subject to the provisions of Section [81-743](#) (Required assurances for continuance of legitimate theater use).

(f) Limits on total additional **floor area**

Except as otherwise provided in Section [81-212](#) (Special provisions for transfer of development rights from landmark sites), the total additional **floor area** permitted on the **zoning lot** by such special permit, authorization or certification, together with all bonus **floor area** or **floor area** derived from transferred development rights under other provisions of this Chapter, shall in no event exceed the maximum amount permitted by certification, authorization or special permit as set forth in Section [81-211](#) (Maximum floor area ratio for non-residential or mixed buildings).

(g) Limitations on non-theater-related bonuses in C6-4, C6-5 or M1-6 Districts

For **zoning lots** or portions thereof in C6-4, C6-5 or M1-6 Districts, the total amount of **floor area** derived from non-theater-related bonuses or other special **floor area** allowances, pursuant to provisions of this Chapter other than those in Sections [81-744](#), [81-745](#), [81-746](#) or [81-747](#), shall not exceed a **floor area ratio** of 2.0.

(h) Theater-related bonus **floor area** for **residences** in C6-4 and C6-5 Districts

For **zoning lots** or portions thereof in C6-4 or C6-5 Districts, some or all of the bonus **floor area** or other special **floor area** allowances permitted pursuant to the provisions of Sections [81-744](#), [81-745](#), [81-746](#) or [81-747](#), relating to the preservation or rehabilitation of existing theaters, may be allocated to a **residential building** or the **residential** portion of a **mixed building**, provided that the total **residential floor area ratio** with such **floor area** allowances shall not exceed 12.0.

(i) Theater Subdistrict Fund

In furtherance of the purposes of this Section, the Theater Subdistrict Council shall establish a separate interest-bearing account (the "Theater Subdistrict Fund" or "Fund") for the deposit and

administration of the revenues received by the Theater Subdistrict Council generated by the transfer of development rights pursuant to Section [81-744](#). Upon receipt of any revenue generated pursuant to such Section, the Theater Subdistrict Council shall notify the Comptroller, the Speaker and the Department of City Planning, and promptly deposit such revenues into the Theater Subdistrict Fund and shall expend such revenues and any interest accumulated thereon in the following manner:

- (1) a portion of any such revenues shall be reserved, sufficient in the judgment of the Theater Subdistrict Council but in no event less than 20 percent of such revenues, to undertake the ongoing periodic inspection and maintenance report requirements pursuant to paragraph (c) of Section [81-743](#). The Theater Subdistrict Council may petition the City Planning Commission for a reduction in the percentage of such reserve and the Commission may grant such reduction if, in its judgement, a lesser percentage will be sufficient to carry out the purposes of this paragraph; and
- (2) the remainder of such revenue shall be used for activities chosen by the Theater Subdistrict Council furthering the objectives and purposes of this Section, which activities may include judicial or administrative proceedings instituted by the Theater Subdistrict Council against any property owner or lessee to enforce the obligations of such owner or lessee pursuant to any restrictive declaration entered into in connection with a transfer of development rights pursuant to Section [81-744](#). Notwithstanding the foregoing, funds shall not be used for the physical repair and preservation of theaters.

The Theater Subdistrict Council shall provide an annual report to the Department of City Planning, the Comptroller, the Speaker and the City Planning Commission indicating the amounts and dates of any deposits to the Theater Subdistrict Fund in the immediately preceding calendar year, the balance of the Theater Subdistrict Fund at the close of the calendar year, the amounts expended on activities within the Theater Subdistrict and the nature of those activities. The Theater Subdistrict Council shall maintain complete, accurate and detailed records, with supporting documentation, in respect to all deposits to and withdrawals from the Theater Subdistrict Fund, and shall make such records available to the City of New York, the Department of City Planning, the Comptroller, the Speaker and the City Planning Commission upon reasonable notice and during business hours for inspection and copying.

81-742 - Listed theaters

LAST AMENDED
2/2/2011

- (a) Designation of listed theaters

“Listed theaters” are theaters to which special provisions of this and other Sections as set forth in [81-741](#) (General provisions) apply, and are predominantly free-standing theaters with full stage and wings. The theaters as identified on August 6, 1998, in the table in this Section, are designated as “listed theaters.”

LISTED THEATERS

Theater Name	Address	Block Number	Lot Number
Ambassador	215 West 49th St.	1021	15
Barrymore	243 West 47th St.	1019	12
Belasco	111 West 44th St.	997	23
Biltmore	261 West 47th St.	1019	5
Booth	222 West 45th St.	1016	15
Broadhurst	235 West 44th St.	1016	11
Broadway	1681 Broadway	1024	46
Brooks Atkinson	256 West 47th St.	1018	57
City Center	131 West 55th St.	1008	15
Cort	138 West 48th St.	1000	49
Ed Sullivan	1697 Broadway	1025	43
*Empire	236 West 42nd St.	1013	50
Eugene O'Neill	230 West 49th St.	1020	53
Forty-Sixth St.	226 West 46th St.	1017	48
Golden	252 West 45th St.	1016	58
*Harris	226 West 42nd St.	1013	45
Helen Hayes	240 West 44th St.	1015	51

Henry W. Miller	124 West 43rd St.	995	45
Hudson	139 West 44th St.	997	15
Imperial	249 West 45th St.	1017	10
*Liberty	234 West 42nd St.	1013	49
Longacre	220 West 48th St.	1019	50
Lunt-Fontanne	205 West 46th St.	1018	20
Lyceum	149 West 45th St.	998	8
*Lyric	213 West 42nd St.	1014	39
Majestic	245 West 44th St.	1016	5
Mark Hellinger	237 West 51st St.	1023	11
Martin Beck	302 West 45th St.	1035	37
Music Box	239 West 45th St.	1017	11
Nederlander	208 West 41st St.	1012	30
Neil Simon	250 West 52nd St.	1023	54
*New Amsterdam	214 West 42nd St.	1013	39
*New Amsterdam-Roof Garden	214 West 42nd St.	1013	39
*New Apollo	234 West 43rd St.	1014	20
Palace	1564 Broadway	999	63
Plymouth	236 West 45th St.	1016	51

Ritz	225 West 48th St.	1020	14
Royale	242 West 45th St.	1016	55
St. James	246 West 44th St.	1015	54
*Selwyn	229 West 42nd St.	1014	17
Shubert	225 West 44th St.	1016	15
Studio 54	254 West 54th St.	1025	58
*Times Square	219 West 42nd St.	1014	20
*Victory	209 West 42nd St.	1014	25
Virginia	245 West 52nd St.	1024	7
Winter Garden	1634 Broadway	1022	2

* Indicates theaters which do not qualify as a "granting site" pursuant to Section [81-744](#)

In the case of an existing legitimate theater that received a **floor area** bonus pursuant to regulations in effect prior to May 13, 1982, no provisions of this amendment shall be construed as changing any previously existing responsibility of the owner or lessee of such theater for continuance of its **use** as a legitimate theater.

(b) Restrictions on demolition of listed theaters

No demolition permit shall be issued by the Department of Buildings for any theater listed in this Section as a "listed theater," unless:

- (1) it is an unsafe **building** and demolition is required pursuant to the provisions of Title 28, Article 216 of the New York City Administrative Code;
- (2) it has been designated a landmark by the Landmarks Preservation Commission and a notice to proceed has been issued to the owner pursuant to Section [25-309](#) of Title 25, Chapter 3, of the New York City Administrative Code permitting demolition that contemplates removal of the theater from theater **use**; or
- (3) the City Planning Commission, by special permit, allows its demolition in accordance with the provisions of paragraph (c) of this Section.

(c) Special permit for demolition of listed theaters

The City Planning Commission may allow, by special permit, the demolition of a theater designated as a "listed theater" pursuant to this Section, provided the Commission finds that the demolition of the theater structure will not unduly diminish the character of the Theater Subdistrict as a cultural, entertainment and theatrical showcase. In making this determination, the Commission may consider any or all of the following:

- (1) the current physical characteristics of the theater that affect its suitability as a legitimate theater, including but not limited to seating capacity, configuration and location;
- (2) the history of the theater's **use** as a legitimate theater, presenting legitimate attractions to the general public;
- (3) the likelihood of its future **use** for legitimate theater production under reasonable terms and conditions prevailing in the theater industry; and/or
- (4) that the applicant's plans, if any, for replacement of the theater structure with a **development** or **enlargement** contain replacement **uses** supportive of the character of the Theater Subdistrict.

As a condition of the special permit, there shall exist a legal commitment binding upon all parties in interest of the **zoning lot** containing the theater that any **development** or **enlargement** on a **zoning lot** containing a portion or all of the former site of the "listed theater", that floor space at least equivalent in amount to the total **floor area** of the theater shall be reserved or devoted exclusively to **uses** described in Section [81-725](#) (Entertainment-related uses) and meeting the requirements of paragraphs (b) and (c) of Section [81-724](#) (Requirements for entertainment-related uses) for the life of such **development** or **enlargement**.

Notwithstanding the foregoing, if the area of the **zoning lot** containing the theater is less than 20,000 square feet and the Commission finds that the allocation of floor space at least equivalent in amount to the total **floor area** of the theater to **uses** described in Section [81-725](#) is impractical or unreasonable, the Commission may permit a reduction in the amount of area allocated to such **uses**.

Any **development** or **enlargement** on a **zoning lot** containing a portion or all of the former site of a "listed theater" must, however, meet the requirements of paragraphs (b) and (c) of Section [81-724](#) whether or not the **zoning lot** is located within the area described in that Section.

81-743 - Required assurances for continuance of legitimate theater use

LAST AMENDED
2/2/2011

Prior to the issuance of any special permit under the provisions of Sections [81-745](#) (Floor area bonus for rehabilitation of existing listed theaters) or [81-747](#) (Transfer of development rights from landmark theaters), or the issuance of a certification or authorization under the provisions of Sections [81-744](#) (Transfer of development rights from listed theaters) or [81-746](#) (Additional provisions for zoning lots divided by district or subdistrict core boundaries), the following conditions shall exist:

- (a) a signed lease from a prospective theater operator, or a written commitment from the owner of

the theater if such owner is also the operator, for occupancy of the theater and its operation as a legitimate theater for a period of not less than five years;

- (b) a licensed engineer's and/or architect's report certifying either that the theater is physically and operationally sound so as to permit its use as a legitimate theater or, if it is determined that the theater is not physically or operationally sound, a plan and program for the upgrade of the theater to put it in condition of physical and operational soundness. For the purposes of this Section, physical and operational soundness shall include the structural integrity of the exterior and interior elements of the **building** to the extent that they relate to the theater, compliance with applicable electrical and fire safety codes, and compliance with applicable building code standards.

In the event that the theater has been designated as a landmark or an interior landmark by the Landmarks Preservation Commission, physical and operational soundness shall include preserving the integrity of existing significant architectural features identified in the Landmarks Preservation Commission designation report. In such case, a licensed engineer and/or architect with knowledge of historic preservation and credentials acceptable to the Landmarks Preservation Commission shall prepare a report documenting the condition of such significant architectural features and, if determined to be necessary, a plan and program to preserve such significant features in a state of good physical repair and sound proper condition. Any certification report regarding a landmark or interior landmark theater shall be submitted concurrently to the Landmarks Preservation Commission and the Chairperson of the City Planning Commission;

- (c) A plan and program shall be accompanied by written commitment from such owner of the financial resources available to ensure timely completion of the identified scope of work;
- (d) a legal commitment providing for inspection and ongoing maintenance of the theater to ensure its continued availability for theater use. Such inspection shall be conducted every five years by a licensed engineer and/or architect or by the Theater Subdistrict Council, and a report issued to the Chairperson of the City Planning Commission and notice of such report shall be published in the City Record. Such report shall also be issued to the Theater Subdistrict Council unless the Theater Subdistrict Council has performed such inspection, and, in the event the theater has been designated a landmark or an interior landmark, such report shall also be issued to the Landmarks Preservation Commission and notice of such report shall be published in the City Record. Such reports shall describe the condition of the theater and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the theater and to maintain the condition of any landmark architectural features and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work; and
- (e) a legal commitment for continuance of its **use** as a legitimate theater for the life of the related **development** or **enlargement**.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner, lessee of the theater and their successors and assigns, a certified copy of which shall be submitted to the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the declaration and receipt of such certified copy shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any **development** or **enlargement** on

the receiving site.

81-744 - Transfer of development rights from listed theaters

LAST AMENDED
2/2/2011

For the purposes of the Theater Subdistrict:

A “listed theater” shall mean a theater designated as listed pursuant to Section [81-742](#) (Listed theaters).

A “granting site” shall mean either a **zoning lot** or that portion of a **zoning lot** occupied by a “listed theater” and comprised of those block and lot numbers specified for such theater pursuant to the table in Section [81-742](#), as such block and lots existed on January 12, 1998. However, a “granting site” shall not include any **zoning lot** occupied by a “listed theater” located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A “receiving site” shall mean a **zoning lot** or the portion of a **zoning lot** located within the Theater Subdistrict to which development rights of the “granting site” are transferred. However, no portion of a “receiving site” shall be located within the 42nd Street Development Project Area. In addition, for **zoning lots** containing “listed theaters,” that portion of the **zoning lot** occupied by the “listed theater” and comprised of the block and lot numbers specified for such theater, pursuant to the table in Section [81-742](#), shall not be included in the “receiving site.”

Any “receiving site” divided by a district boundary or Theater Subdistrict Core boundary may locate **bulk** in accordance with the provisions of Section [81-746](#) (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a) Transfer of development rights by certification

The City Planning Commission shall allow, by certification, a transfer of development rights from a “granting site” to a “receiving site,” except that any “granting site,” or portion thereof, located outside the Theater Subdistrict, may not transfer development rights to any portion of a “receiving site” within the Special Clinton District, provided that:

- (1) the maximum amount of **floor area** transferred from a “granting site” is the basic maximum **floor area ratio** established pursuant to Sections [81-211](#) (Maximum floor area ratio for non-residential or mixed buildings) or [81-213](#) (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such “granting site” as if it were undeveloped, less the total **floor area** of all existing **buildings** or portions of **buildings** on the “granting site” and **floor area** attributed to the “granting site” that has been previously used or transferred;
- (2) each transfer, once completed, irrevocably reduces the amount of **floor area** that may be **developed** or **enlarged** on the **zoning lot** containing the “granting site” by the amount of **floor area** transferred;
- (3) the maximum amount of **floor area** transferred to a “receiving site” shall not exceed the

basic maximum **floor area ratio** established pursuant to Section [81-211](#) for such “receiving site” by more than 20 percent;

- (4) the provisions of Section [81-743](#) (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed ensuring that a contribution in an amount equal to 10 dollars* per square foot of transferred **floor area** be deposited in the Theater Subdistrict Fund established pursuant to paragraph (i) of Section [81-741](#) (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any **development** or **enlargement** that anticipates using such development rights.

The Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on **zoning lots** wholly within the Theater Subdistrict.

(b) Transfer of development rights by authorization

The City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of **floor area** transfer permitted by certification in paragraph (a) of this Section from a “granting site” to any portion of a “receiving site” located within the Eighth Avenue Corridor, except that any “granting site,” or portion thereof, located outside the Theater Subdistrict may not transfer development rights to any portion of a “receiving site” within the Special Clinton District, subject to the following conditions:

- (1) the maximum amount of such additional **floor area** transfer to that portion of a “receiving site” located within such Corridor shall not exceed the maximum total **floor area ratio** with as-of-right **floor area** allowances in the Theater Subdistrict set forth in Section [81-211](#) by more than 20 percent; and
- (2) such transfer complies with the conditions and limitations set forth for the transfer of development rights in paragraph (a) of this Section.

In order to grant such authorization, the Commission shall find that such **development** or **enlargement**:

- (i) relates harmoniously to all structures and **open space** in its vicinity in terms of scale, location and access to light and air in the area; and
- (ii) serves to enhance or reinforce the general purposes of the Theater Subdistrict.

Any application pursuant to paragraphs (a) and/or (b) of this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The Commission shall not grant any such certification or authorization prior to sixty days after such referral and sixty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section [81-743](#), paragraph (b), or the Theater Subdistrict Council pursuant to Section [81-71](#) (General Provisions) have been so submitted.

(c) Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to paragraph (a) of this Section, or with the City Planning Commission for the transfer of development rights by authorization pursuant to paragraph (b) of this Section, shall be made jointly by the owners of the "granting site" and the "receiving site" and shall include:

- (1) a site plan and **floor area** zoning calculations for the "granting site" and the "receiving site" and, for authorizations and/or special permit applications, any such other information as may be required by the Commission;
- (2) a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further **development or enlargement** of the "granting site" and the "receiving site." The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site," a certified copy of which shall be submitted to the Chairperson. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any **development or enlargement** on the "receiving site."

Both the instrument of transfer and the notice of restrictions shall specify the total amount of **floor area** transferred and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

- (3) demonstrations of compliance with the requirements of Section [81-743](#) and paragraph (a)(5) of this Section, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the Commission of certified copies of same as required pursuant to Section [81-743](#).

A separate application shall be filed for each transfer of development rights to an independent "receiving site."

- * The contribution of 10 dollars per square foot of transferred **floor area** was adjusted by rule on November 15, 2006, to \$14.91 per square foot and on December 10, 2011, to \$17.60 per square foot

81-745 - Floor area bonus for rehabilitation of existing listed theaters

LAST AMENDED
2/2/2011

The City Planning Commission by special permit may authorize bonus **floor area** for substantial rehabilitation or restoration of any theater listed as a "listed theater" in Section [81-742](#) (Listed theaters), in accordance with the provisions of this Section.

- (a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of **development**

The **development** or **enlargement** for which a theater rehabilitation bonus is granted is located on the same **zoning lot** as the “listed theater.”

(2) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a **floor area** bonus shall consist of major interior structural changes for the purpose of improving a theater’s design and its commercial viability for legitimate theater **use**, or historic restoration of the interior of a theater designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater **use** of an original legitimate theater currently in other **use**. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3) Timing and commitment

- (i) there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;
- (ii) the requirements of Section [81-743](#) (Required assurances for continuance of legitimate theater use) shall be satisfied; and
- (iii) a rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b) Amount of rehabilitation bonus

The amount of bonus **floor area** granted for a qualifying theater rehabilitation shall be at the discretion of the Commission after consideration of the following findings:

- (1) how and to what extent the proposed rehabilitation will improve the theater's suitability for **use** as a legitimate theater;
- (2) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict;
- (3) whether the bonus **floor area** will unduly increase the **bulk** of any **development** or **enlargement**, density of population or intensity of **use** on any **block** to the detriment of occupants of **buildings** on the **block** or the surrounding area; and
- (4) whether the distribution and location of such **floor area** bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future development of the surrounding area.

Such bonus **floor area** shall not exceed 20 percent of the basic maximum **floor area** permitted on the **zoning lot** containing the **development** or **enlargement** by the regulations of the underlying district, except that in the case of an underlying C6-4, C6-5 or M1-6 District, the bonus **floor area** shall not exceed 44 percent of the basic maximum **floor area** permitted in such underlying district.

For purposes of applying the provisions of Section [11-42](#) (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, “substantial construction” shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a **floor area** bonus has been granted to a related **development** or **enlargement**.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

81-746 - Additional provisions for zoning lots divided by district or subdistrict core boundaries

LAST AMENDED
2/2/2011

- (a) For any **zoning lot** which includes a “listed theater” as set forth in Section [81-742](#) (Listed theaters) or is, or contains, a “receiving site” pursuant to Section [81-744](#) (Transfer of development rights from listed theaters), and which is divided by a boundary between districts with different basic maximum **floor area ratios** as set forth in Section [81-211](#) (Maximum floor area ratio for non-residential or mixed buildings), the Chairperson of the City Planning Commission, by certification, shall allow modifications of the provisions of Sections [77-02](#) (Zoning Lots Not Existing Prior to Effective Date or Amendment of Resolution), [77-21](#) (General Provisions), [77-22](#) (Floor Area Ratio) and [77-25](#) (Density Requirements), as follows.

For any **zoning lot**, **floor area**, **dwelling units** or **rooming units** permitted by the applicable district regulations on either side of the district boundary may be located on the other side of the district boundary, provided:

- (1) the amount of such **floor area** to be located on either side of the district boundary shall not exceed 20 percent of the basic maximum **floor area ratio** of the district in which it is to be located;
- (2) the number of such **dwelling units** or **rooming units**, if any, to be located on either side of the district boundary shall not exceed the number permitted by the applicable district regulations; and
- (3) the provisions of Section [81-743](#) (Required assurances for continuance of legitimate theater use) are met for any “listed theater” on such **zoning lot**.

The Chairperson's certification approving modification of the provisions for such **zoning lots** divided by district boundaries shall state the total amount of **floor area**, including **floor area** of any existing theater, to be provided on the **zoning lot** as a whole and the portion thereof to be located in each district, and the amount authorized herein to be located across the district boundary from the district in which the theater is located.

Notice of the restrictions upon further development of each portion of the **zoning lot** shall be recorded by the owner against the **zoning lot** in the Office of the Register of the City of New York (County of New York) and a certified copy shall be submitted to the Commission.

- (b) Notwithstanding any other provisions of this Resolution, for any **zoning lot** which is divided by a boundary of the Theater Subdistrict Core as defined in Section [81-71](#) (General Provisions) and for which the basic maximum **floor area ratio** as set forth in Section [81-211](#) is the same for both the portion within and the portion outside of the Theater Subdistrict Core, the applicable underlying **bulk** regulations shall be modified, as follows:
 - (1) **floor area**, including bonus **floor area**, or **dwelling units** permitted by the applicable district regulations on that portion of the **zoning lot** within the Theater Subdistrict Core may be located on the portion of the **zoning lot** outside the Core, provided that the number of such **rooms**, if any, to be located outside of the Core shall not exceed the number permitted by the applicable district regulations; and
 - (2) **floor area**, including bonus **floor area**, or **dwelling units** permitted by the applicable district regulations on that portion of the **zoning lot** outside of the Theater Subdistrict Core shall not be located on the portion of the **zoning lot** within the Core.
- (c) Notwithstanding any other provisions of this Resolution, for any **zoning lot** located wholly within the Theater Subdistrict and outside of the Theater Subdistrict Core that is divided by a boundary of the Eighth Avenue Corridor as defined in Section [81-71](#) and for which the basic maximum **floor area ratio** as set forth in Section [81-211](#) is the same for both the portion within and the portion outside of the Eighth Avenue Corridor, **floor area**, including bonus **floor area**, or **dwelling units** permitted by the applicable district regulations may be located on either side of the Eighth Avenue Corridor boundary.

81-747 - Transfer of development rights from landmark theaters

LAST AMENDED
2/2/2011

The City Planning Commission by special permit may authorize development rights to be transferred from **zoning lots** occupied by landmark **buildings** to other **zoning lots** proposed for **developments** or **enlargements** in accordance with the provisions of Section [74-79](#) (Transfer of Development Rights From Landmark Sites), as modified by this Section and by Section [81-212](#) (Special provisions for transfer of development rights from landmark sites).

The limitations on development rights transferred to **development** sites from landmark sites, including sites of landmark theaters, are set forth in Section [81-212](#).

In the case of landmarks which are theaters and which are located in the Theater Subdistrict, in addition to the modifications set forth in Section [81-212](#), the provisions of Section [74-79](#) are modified as follows:

- (a) "Landmark buildings" shall include **buildings** which contain interior landmarks as well as **buildings** which are themselves landmarks.
- (b) In all underlying districts throughout the Theater Subdistrict, "adjacent lots" to which landmark

theaters' development rights may be transferred shall be construed to include a contiguous lot or one which is across a **street** and opposite to another lot or lots which, except for the intervention of **streets** or **street** intersections, form a series extending to the lot occupied by the landmark **building**, all such lots being in the same ownership, fee ownership or ownership as defined under **zoning lot** in Section [12-10](#) (DEFINITIONS).

- (c) The provisions of paragraph (c) of Section [74-792](#) (Conditions and limitations) are further modified to provide that in any underlying district within the Theater Subdistrict, the "adjacent lot" may be **developed** or **enlarged** with either a **commercial** or a **mixed building**.

Where development rights are proposed to be transferred and exercised in accordance with the provisions of Section [74-79](#), as modified by this Section, the Commission, in addition to the findings required in paragraph (e) of Section [74-792](#), shall find that:

- (1) the series of intervening lots in common ownership leading to the "adjacent lot" include lots, identified by the Commission, which are occupied by "listed theaters" or by **uses** which directly support neighborhood theater business, such as, but not limited to, rehearsal space, recording facilities or theater costume rental facilities and that such **uses** will be continued or replaced by other legitimate theaters or theater supportive **uses** as evidenced by covenants binding the owners of such lots, their successors and assigns to provide for such continuation or replacement; or
- (2) useful circulation improvements or other public facilities will be provided and maintained on one or more of the lots comprising the series of intervening lots to accommodate pedestrian or vehicular traffic generated by legitimate theaters.

The Commission shall require the owner of any intervening lot on which special **use** restrictions are applicable or on which circulation improvements or other public facilities are to be provided and maintained to sign a written declaration of restrictions setting forth the obligations of the owner, his successors and assigns and providing a performance bond for the completion of any required improvements. The declaration of restrictions shall be recorded in the Office of the Register of the City of New York (County of New York) and the Commission shall be provided with a certified copy.

The provision of Section [74-79](#) empowering the Commission to grant variations in the front height and setback regulations is modified by the provisions of Sections [81-266](#) or [81-277](#) (Special permit for height and setback modifications).

Compliance with the provisions of Section [81-743](#) (Required assurances for continuance of legitimate theater use) shall be a condition for issuance of a special permit under the provisions of this Section.

81-75 - Special Street Wall and Setback Requirements

LAST AMENDED
8/6/1998

Buildings located on **zoning lots**, or portions of **zoning lots** within the Theater Subdistrict Core or the Eighth Avenue Corridor, shall comply with the regulations of this Section. The height of all **buildings or other structures** shall be measured from **curb level**.

81-751 - Special street wall and setback regulations within the Theater

Subdistrict Core

LAST AMENDED
2/2/2011

Buildings located on **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway, or located partially within the Theater Subdistrict Core and partially within the Eighth Avenue Corridor shall comply with the requirements of this Section and, in all other respects related to height and setback, with the provisions of Sections [81-25](#) (General Provisions Relating to Height and Setback of Buildings), and either Section [81-26](#) (Height and Setback Regulations - Daylight Compensation) or [81-27](#) (Alternate Height and Setback Regulations - Daylight Evaluation). The **street wall** location rules of Section [81-43](#) shall also apply, except as modified in this Section.

With the exception of **signs** and parapets not exceeding four feet in height, no obstructions are permitted to penetrate the mandatory **street wall** height limits or setback requirements for **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue and/or Broadway set forth in this Section.

For the purposes of this Section, **signs** are permitted as exceptions to the special **street wall** and setback requirements contained herein, except that above the top of a **street wall** before setback required under this Section, no **sign** may be located closer than six feet to the Seventh Avenue or Broadway **street wall** before setback. **Signs** located below the top of a required **street wall** before setback, as defined in this Section, may project across a **street line** up to 10 feet. Marquees are not subject to the requirements of this Section.

- (a) With the exception of **buildings** located on **zoning lots** between Seventh Avenue and Broadway, **buildings** located on **zoning lots** between 43rd and 50th Streets with **street** frontage on Seventh Avenue or Broadway shall meet the following requirements:
 - (1) The **street walls** of any **building** shall have a minimum **street wall** height before setback of 50 feet above **curb level** and a maximum **street wall** height before setback of 60 feet above **curb level** on all **street** frontages, except that:
 - (i) if the **zoning lot** contains a complete **wide street block** frontage, **wide street street walls** within 25 feet of the **street line** of a **narrow street** and **narrow street street walls** shall have a minimum **street wall** height before setback of 30 feet above **curb level**; and/or
 - (ii) if the **zoning lot** contains a theater listed in the table in Section [81-742](#) (Listed theaters) and the theater is retained as part of a **development** or **enlargement**, the maximum **street wall** height above **curb level** before setback of a **narrow street street wall** which is a reconstruction or replacement of an existing **narrow street street wall** of the theater shall be equal to the height above **curb level** of that existing theater **street wall** and the same maximum **street wall** height above **curb level** shall apply only for the width of that existing theater **street wall**.
 - (2) Above the required **street wall** height before setback, the **street wall** of any **building** shall be set back at least 15 feet along all **narrow street** frontages of the **zoning lot**.
 - (3) For **zoning lots** greater than 15,000 square feet in area:

- (i) Above the required **street wall** height before setback, the **street wall** of any **building** shall be set back at least 50 feet along the Seventh Avenue or Broadway **street** frontage of the **zoning lot**.
- (ii) Alternatively, above the required **street wall** height before setback, the **street wall** shall be set back at least 60 feet along the Seventh Avenue or Broadway **street** frontage of the **zoning lot**, except that a portion of the **building** at least 50 feet from the **street line** of any **narrow street** and with aggregate area per floor not exceeding 10 square feet for each linear foot of **zoning lot street** frontage on Seventh Avenue or Broadway may extend forward of the 60 foot **setback line**, provided that no portion is closer than 35 feet to the Seventh Avenue or Broadway **street line**.
- (iii) Alternatively, if the **building** contains a “listed theater” designated pursuant to Section [81-742](#) and if any portion of the theater is within 100 feet of the **street line** of Seventh Avenue or Broadway, above the required **street wall** height before setback the **street wall** shall be set back at least 60 feet along the Seventh Avenue or Broadway **street** frontage of the **zoning lot**, except that a portion of the **building** with aggregate area per floor not exceeding the lesser of 4,500 square feet or 30 square feet for each linear foot of **zoning lot street** frontage on Seventh Avenue or Broadway, may extend forward of the 60 foot **setback line**, provided that no portion is closer than 20 feet to the Seventh Avenue or Broadway **street line**, 15 feet to the **street line** of the **narrow street** on which the theater has frontage and 50 feet to any other **narrow street street line**.

In addition, one or more **signs** affixed to any such **building** may project up to 10 feet across the **street line** and rise to a height of 120 feet above **curb level**. Balconies and terraces, including railings or parapets, may be located within the required setback area behind such **signs**. For the purposes of applying the definition of **floor area** in Section [12-10](#), **signs** projecting across the **street line** shall not constitute an enclosure, and the requirements of Section [32-41](#) (Enclosure Within Buildings) shall not apply to such balconies or terraces, provided that a portion of any such balcony or terrace is used for an entertainment-related **use** listed in Section [81-725](#) (Entertainment-related uses) or an accessory **use**.

- (4) For **zoning lots** 15,000 square feet in area or less, above the required **street wall** height before setback, the **street wall** of any **building** shall be set back at least 35 feet along the Seventh Avenue or Broadway **street** frontage of the **zoning lot**.
- (5) Above the required **street wall** height before setback, a portion of any such **building** up to a height of 120 feet above **curb level** may occupy area forward of the setbacks required in paragraphs (a)(3) or (a)(4) of this Section but not closer than 20 feet to the Seventh Avenue or Broadway **street line**, provided that:
 - (i) 90 percent of any **narrow street street wall**, higher than 60 feet above **curb level** and forward of the setbacks required in paragraphs (a)(3) or (a)(4) of this Section is covered with **illuminated signs**.

- (ii) In addition, 90 percent or 6,000 square feet, whichever is less, of any Seventh Avenue or Broadway **street wall** higher than 60 feet above **curb level** and forward of the setbacks required in paragraphs (a)(3) or (a)(4) of this Section is covered with **illuminated signs**.

For the purposes of this Section, a portion of a **street wall** shall be deemed to be covered with an **illuminated sign** if such **sign** obscures that portion of the **street wall** from view at **street** level at a point perpendicular in plan to the **sign** and 60 feet from the **street line** of the **narrow street** for paragraph (a)(5)(i) of this Section, and of Seventh Avenue or Broadway for paragraph (a)(5)(ii)

Neither temporary certificates of occupancy for **floor area** of the **development** or **enlargement** comprising, in aggregate, more than 50 percent of the total **floor area** of the **development** or **enlargement**, nor a first permanent certificate of occupancy for the **development** or **enlargement**, shall be issued by the Department of Buildings until all of the requirements as set forth in this Section at the time of issuance of such certificates of occupancy have been met and all **illuminated signs** required under this Section have been installed and put in operation.

- (b) The **street wall** of any **building** on a **zoning lot** between 43rd and 50th Streets and between Seventh Avenue and Broadway shall have a minimum **street wall** height of 50 feet on all **street** frontages.
- (c) For **zoning lots** located partially within the Theater Subdistrict Core and partially within the Eighth Avenue Corridor, the **street wall** of any **building** or portion of a **building** within the Theater Subdistrict Core shall have a minimum **street wall** height of 50 feet or the height of the **building**, whichever is less, and a maximum **street wall** height of 60 feet within 15 feet of the **narrow street line**.

81-752 - Special street wall and setback regulations within the Eighth Avenue Corridor

LAST AMENDED
2/2/2011

Buildings on **zoning lots** located in whole or in part within the Eighth Avenue Corridor, as defined in Section [81-71](#), and east of Eighth Avenue, shall comply with the requirements of this Section, and except as superseded by this Section, with the provisions of Section [81-25](#) (General Provisions Relating to Height and Setback of Buildings), and either Section [81-26](#) (Height and Setback Regulations - Daylight Compensation) or [81-27](#) (Alternate Height and Setback Regulations - Daylight Evaluation).

Buildings on **zoning lots** located in whole or in part within the Eighth Avenue Corridor, as defined in Section [81-71](#), and west of Eighth Avenue shall comply with the requirements of this Section. The provisions of Sections [81-25](#), [81-26](#) and [81-27](#) shall not apply.

The provisions of paragraphs (a) and (b) of this Section shall apply to **developments**, **enlargements** and alterations, where such alterations change the height, width or location of a **street wall**.

- (a) **Street wall** location and minimum and maximum heights before setbacks

(1) On Eighth Avenue and 42nd Street, **street walls** shall extend along the entire **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, and shall rise to a minimum height of 50 feet or the height of the **building**, whichever is less. At least 70 percent of the width of such **street walls** shall be located on the **street line**, and the remaining 30 percent may be located beyond the **street line** in compliance with **residential outer court** regulations for **residential** portions of **buildings** and **community facility outer court** regulations for all other portions of **buildings**. However, within 30 feet of the intersection of two **street lines**, **street walls** shall comply with the location requirements of paragraph (a)(3) of this Section. The maximum height of **street walls** within 10 feet of the **wide street line** shall be 150 feet beyond 15 feet of a **narrow street line** and 85 feet within 15 feet of a **narrow street line**.

(2) On a **narrow street** east of Eighth Avenue, and on a **narrow street** west of and within 100 feet of Eighth Avenue, **street walls** shall extend along the entire width of such **narrow street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, and shall rise to a minimum height of 50 feet or the height of the **building**, whichever is less. At least 70 percent of the width of such **street walls** along such **narrow street** frontage shall be located on the **street line**, and the remaining 30 percent may be located beyond the **street line** in compliance with **residential outer court** regulations for **residential** portions of **buildings** and **community facility outer court** regulations for all other portions of **buildings**. However, within 30 feet of the intersection of two **street lines**, **street walls** shall comply with the location requirements of paragraph (a)(3) of this Section. The maximum height of **street walls** within 15 feet of the **narrow street line** shall be 85 feet.

On a **narrow street** west of and beyond 100 feet of Eighth Avenue, the maximum height of **street walls** within 15 feet of the **narrow street line** shall be 66 feet, except in accordance with paragraphs (b) or (c)(3) of this Section. However, no **street wall** need be provided where at least 70 percent of the entire frontage of the **zoning lot** along such **narrow street** is occupied by **street walls** located on the **street line**.

(3) Within 30 feet of the intersection of two **street lines**, the **street wall** shall be located on the **street line** or anywhere within an area bounded by the two **street lines** and lines parallel to and 15 feet from such **street lines**.

(4) Where a continuous sidewalk widening is provided along the entire **block** frontage of a **wide street**, the boundary of the sidewalk widening shall be considered to be the **street line** for the purposes of this Section.

(b) Special **street wall** regulations for **buildings** adjacent to listed theaters

For **buildings** that are adjacent to a theater listed pursuant to Section [81-742](#) (Listed theaters), the maximum height of the **street wall** of the **building** facing the same **street** as the “listed theater” shall be 60 feet within 15 feet of the **street line**.

(c) Additional regulations applying west of Eighth Avenue

(1) West of Eighth Avenue, at any level above a height of 85 feet, any **building** or **buildings** or portions thereof shall, in the aggregate, occupy not more than 40 percent

of the **lot area** of the **zoning lot**, except that for **zoning lots** of less than 20,000 square feet of **lot area**, this percentage may be increased as set forth in Section [23-65](#) (Tower Regulations). At any level above a height of 85 feet, any **building** or **buildings** or portions thereof shall, in the aggregate, occupy not less than 33 percent of the **lot area** of the **zoning lot**, except that such minimum **lot coverage** requirement shall not apply to the highest four **stories** of the **building**.

- (2) Beyond 125 feet of the western **street line** of Eighth Avenue, and beyond 100 feet of the northern **street line** of 42nd Street, no **building or other structure** shall exceed a height of 66 feet, except in accordance with paragraph (c)(3) of this Section.
- (3) Where the new or **enlarged building abuts** an existing **building** located entirely beyond 125 feet of the western **street line** of Eighth Avenue and the northern **street line** of 42nd Street, and such existing **building** exceeds a height of 66 feet, the new or **enlarged building** may exceed any height limits specified in this Section up to the height of the existing **building**, provided that, within 15 feet of the **narrow street line**, such portion of the new or **enlarged building** does not exceed either the height of the existing **building** or 85 feet, whichever is less. For the purposes of this paragraph, the height of the existing **building** shall be the height of its **street wall**, before setback, if applicable, of that portion of the existing **building abutting** the new or **enlarged building**, fronting on the same **street line**, and located on the same or adjoining **zoning lot**.

81-80 - SPECIAL REGULATIONS FOR FIFTH AVENUE SUBDISTRICT

LAST AMENDED
5/13/1982

81-81 - General Provisions

LAST AMENDED
10/17/2007

The regulations of Sections [81-82](#) to [81-85](#), inclusive, relating to Special Regulations for the Fifth Avenue Subdistrict are applicable only in the Fifth Avenue Subdistrict, whose boundaries are shown on Map 1 in Appendix A of this Chapter. They supplement or modify the regulations of this Chapter applying generally to the **Special Midtown District**, of which this Subdistrict is a part.

81-82 - Special Regulations on Permitted and Required Uses

LAST AMENDED
2/2/2011

In order to preserve, protect and enhance the character of the Fifth Avenue Subdistrict as the showcase of New York and national retail shopping, and to allow for **uses** that are consistent with the character of the Fifth Avenue Subdistrict as a major shopping and tourist destination, the following special limitations are imposed on the location and kinds of **uses** and **signs** permitted within the Fifth Avenue Subdistrict. These requirements and limitations shall apply to **developments, enlargements, extensions** or changes of **use**.

(a) Restriction on ground floor **uses**

Uses within **stories** located on the ground floor level or on a floor within five feet of **curb level**, except for lobby space, shall be limited to **uses** listed in Use Group F.

(b) Minimum retail space requirement

Any **zoning lot**, or portion thereof, located within the Fifth Avenue Subdistrict shall contain **uses** listed in Use Group F with a **floor area ratio** of not less than 1.0. When existing **uses** listed in Use Group F are retained, their **floor area** may be counted toward such requirement. In order to count toward the requirement, retail or service establishments shall be located on levels up to but not exceeding a height of six **stories** or 85 feet, whichever is less, or not more than five feet below **curb level**.

(c) Use Group F

Use Group F comprises a group of establishments selected to promote and strengthen retail business in the Fifth Avenue Subdistrict.

Antique stores

Art galleries, commercial

Artists' supply stores

*Banks

Beauty parlors

Book or card stores

Candy stores

Clothing or clothing accessory stores, with no limitation on **floor area** per establishment

Department stores

Eating or drinking establishments including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments with musical entertainment but not dancing, with a capacity of 200 persons or less

Florist shops

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

Furrier shops, custom

Gift shops

Jewelry shops

Leather goods or luggage stores

Millinery shops

Music shops

Newsstands, open or enclosed

Optician or optometrist establishments

Package liquor stores

Photographic equipment or supply stores

Record shops

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Stationery stores

**Studios, television or radio

Tailor or dressmaking shops, custom

Television, radio, phonograph or household appliance stores

Toy stores

*Travel bureaus

Variety stores

Watch or clock stores or repair shops

Any **use** or **uses** marked with an asterisk (*) shall occupy, in the aggregate at the ground floor level, no more than 15 percent of the linear **street** frontage of the **zoning lot** on or within 50 feet of Fifth Avenue and no more than 10 percent of the total **lot area** of the **zoning lot** within 50 feet of Fifth Avenue.

Any **use** or **uses** marked with two asterisks (**) shall be permitted on the ground floor level only if:

- (1) the **building** has frontage on Fifth Avenue; and
- (2) all portions of the **street wall** of the **building** are set back from the **street line** of Fifth Avenue by a minimum of 40 feet.

(d) Modification of **use** regulations on a **zoning lot** with no frontage on Fifth Avenue

For a **zoning lot** which has no frontage on Fifth Avenue, the mandatory retail **use** regulations of this Section may be modified for that portion of the **zoning lot** located more than 100 feet from the **street line** of Fifth Avenue, provided that the City Planning Commission certifies that the ground floor space is occupied by a **community facility use** which maintains front wall transparency up to a height of one **story** above the abutting sidewalk level generating pedestrian interest and activity, and is compatible with the character and objectives of the Fifth Avenue Subdistrict. In no event shall the **street line** frontage occupied by such **use** exceed 30 feet.

(e) The following special **sign** regulations apply to existing as well as new establishments or **uses**:

- (1) The aggregate area of all **signs** in ground floor store windows are restricted to not more than one-third of the window area. Below a level of 10 feet above **curb level**, **signs** shall not be permitted on the exterior of any **building**.
- (2) The display of banners or pennants from the exteriors of **buildings** is prohibited.

For the purposes of this Section, any **signs**, including banners and pennants, which do not comply with the above regulations may be continued for one year after April 28, 1983, provided that after the expiration of that period, such **non-conforming sign** shall terminate. A **sign** which the Chairperson of the City Planning Commission certified as an integral part of the **building** shall not be required to terminate.

81-83 - Special Street Wall Requirements

LAST AMENDED
2/2/2011

The **street wall** of any **building** with frontage on Fifth Avenue shall extend without setback from the Fifth Avenue **street line** for at least 90 percent of the entire length of the **front lot line**. The **street wall** shall reach a minimum required height of 85 feet and shall not exceed a height of 125 feet at or within 10 feet of the **street line**.

Where a **building** occupies less than an entire **block** front of Fifth Avenue frontage, the height of the **street wall** at the **street line** shall be not more than 10 feet above or below the height of an adjacent existing **building** at the **street line**. If the **building** is on an **interior lot** between two adjacent existing **buildings** of different heights, the height of such **building's street wall** at the **street line** shall be not more than 10 feet above or below the **street wall** height of one of the adjacent existing **buildings** at the **street line**. However, this shall not be construed to permit a **street wall** height of less than 85 feet or more than 125 feet at the **street line**. At the required height of the **building's street wall** at the **street line**, the **street wall** must extend continuously without setback for at least 75 percent of its required width and no portion of its required width shall be set back more than 10 feet from the **street line**.

For the purpose of calculating the maximum **street wall** height on the **narrow street** frontage of a **corner lot** by the weighted average method, as set forth in paragraph (b) of Section [81-262](#) (Maximum height of front wall at the street line), the maximum **street wall** height generally applicable along the **narrow street** shall be averaged with a height of 150 feet for the first 100 feet from the **street line** intersection, provided that no actual **street wall** either on the Fifth Avenue or on the **narrow street** frontage shall exceed a height of 125 feet at the **street line**.

Below the minimum required **street wall** height, recesses whose depth shall be measured in all cases from the **street line**, shall be permitted only as follows: no recesses greater than 10 feet deep shall be permitted; recesses up to 10 feet deep shall be limited in their aggregate area to no more than 30 percent of the area of the **street wall** below the minimum required **street wall** height; in addition, recesses up to two feet deep shall be limited in their aggregate area to no more than 20 percent of the area of the **street wall** below the minimum required **street wall** height; and recesses up to one foot deep shall not be limited in their aggregate area. For the area above the minimum required **street wall** height, recesses are not restricted.

Above a height of 125 feet, a **street wall** shall be set back not less than 10 feet from the **street line**.

81-84 - Mandatory Regulations and Prohibitions

LAST AMENDED
2/2/2011

The following requirements listed in this Section shall apply to all **developments, enlargements, extensions** or changes of **use** within the Subdistrict:

(a) Pedestrian access to **uses**

No access from the Fifth Avenue **street line** or within 50 feet of the Fifth Avenue **street line** shall be permitted to lobbies for office, **residential** or hotel **uses** or to any new **use** not listed in Use Group F, except when the **zoning lot** is inaccessible from any other **street**, in which case the total amount of frontage occupied by lobby space or entrance space for such **uses** shall not exceed 40 feet or 25 percent of the **building's** total **street** frontage, whichever is less.

No **public plaza**, or any part thereof, shall be permitted on or within 50 feet of the Fifth Avenue **street line**.

(b) Off-street parking regulations

No off-street parking facilities are permitted within the Fifth Avenue Subdistrict.

(c) Off-street loading regulations

In no event shall access to **accessory** off-street loading berths be permitted on or within 50 feet of the Fifth Avenue **street line**. Beyond 50 feet from the Fifth Avenue **street line**, where three or more **accessory** loading berths are required, such berths shall be located below **street** grade. Access to such berths, however, shall be permitted at **street** grade.

Interior lots with a frontage only on Fifth Avenue or only on a **wide street** shall not contain loading berths.

81-85 - Transfer of Development Rights From Landmark Sites

LAST AMENDED
2/2/2011

For **developments** or **enlargements**, in addition to the provisions of Sections [74-79](#) (Transfer of

Development Rights from Landmark Sites) and [81-212](#) (Special provisions for transfer of development rights from landmark sites), the City Planning Commission may modify or waive the requirements of Section [81-40](#) (MANDATORY DISTRICT PLAN ELEMENTS), inclusive, and the requirements of Section [81-84](#) (Mandatory Regulations and Prohibitions).

In granting such special permit, the Commission shall find that the permitted transfer of **floor area** and modification or waiver of mandatory plan elements will result in a distribution of **bulk** and arrangement of **uses** on the **zoning lot** that relate more harmoniously with surrounding landmark **buildings or other structures**.

81-90 - SPECIAL REGULATIONS FOR PRESERVATION SUBDISTRICT

LAST AMENDED
2/2/2011

In order to conform with the existing scale and character of the Preservation Subdistrict, any **zoning lot** located in the underlying C5-P District shall be limited to a maximum **floor area ratio** of 8.0.

For all purposes other than as set forth in this Section, the R10 District regulations shall apply to any portion of a **building** containing **residential uses**.

Mandatory **street walls** are required as follows:

The **street wall** of any **building** shall be located on the **street line** and shall extend along the full length of the **front lot line** to a minimum height of 72 feet above the **curb level**, or the full height of 72 feet above the **curb level**, or the full height of the **building**, whichever is less. Above a height of 85 feet, the **street wall** shall be set back at least 15 feet from the **street line** and shall be subject to the **sky exposure plane** regulations of Section [33-432](#) (In other Commercial Districts) applicable in C5 Districts. The provisions of Sections [33-44](#) (Alternate Front Setbacks) and [33-45](#) (Tower Regulations) are not applicable in the Preservation Subdistrict.

On application, the City Planning Commission may grant special authorization for minor modifications of the mandatory **street wall** provisions of this Section as applied to an **enlargement**, upon the applicant's showing of compelling necessity. Such authorization, however, may in no event include modification of permitted **floor area** regulations.

Zoning Resolution

THE CITY OF NEW YORK

Bill de Blasio, Mayor

CITY PLANNING COMMISSION

Marisa Lago, Chair

Chapter 2 - Special Lincoln Square District (L)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 2 - Special Lincoln Square District (L)

82-00 - GENERAL PURPOSES

LAST AMENDED
4/24/1969

The "Special Lincoln Square District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and promote the character of the Special Lincoln Square District area as the location of a unique cultural and architectural complex - an attraction which helps the City of New York to achieve preeminent status as a center for the performing arts, and thus conserve its status as an office headquarters center and a cosmopolitan residential community;
- (b) to improve circulation patterns in the area in order to avoid congestion arising from the movements of large numbers of people; improvement of subway stations and public access thereto; including convenient transportation to, from and within the district; and provision of arcades, open spaces, and subsurface concourses;
- (c) to help attract a useful cluster of shops, restaurants and related amusement activities which will complement and enhance the area as presently existing;
- (d) to provide an incentive for possible development of the area in a manner consistent with the foregoing objectives which are an integral element of the Comprehensive Plan of the City of New York;
- (e) to encourage a desirable urban design relationship of each building to its neighbors and to Broadway as the principal street; and
- (f) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues.

82-01 - Definitions

LAST AMENDED
2/2/2011

Development

For purposes of this Chapter, a "development" includes both ***development*** and ***enlargement***, as defined in Section [12-10](#) (DEFINITIONS).

82-02 - General Provisions

LAST AMENDED
2/9/1994

In harmony with the general purpose and intent of this Resolution and the general purposes of the ***Special Lincoln Square District*** and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the ***Special Lincoln Square District*** is superimposed are made inapplicable, and special regulations are substituted in this Chapter. Each ***development*** within the Special District shall conform to and comply with all of the applicable district regulations of this Resolution, except as otherwise specifically provided in this Chapter.

82-03 - Requirements for Applications

LAST AMENDED
2/9/1994

An application to the City Planning Commission for the grant of a special permit or an authorization respecting any ***development*** under the provisions of this Chapter shall include a site plan showing the location and the proposed ***use*** of all ***buildings or other structures*** on the site; the location of all vehicular entrances and exits and proposed off-street parking spaces, and such other information as may be required by the Commission for its determination as to whether or not a special permit or an authorization is warranted. Such information shall include, but not be limited to, justification of the proposed ***development*** in relation to the general purposes of the ***Special Lincoln Square District***.

82-04 - District Plan

LAST AMENDED
2/9/1994

The District Plan for the ***Special Lincoln Square District***, included as Appendix A, identifies specific subdistricts in which special zoning regulations carry out the general purposes of the ***Special Lincoln Square District***. These areas are: Subdistrict A, Subdistrict B and Subdistrict C.

The District Plan also identifies ***blocks*** with mandatory ***front lot line street walls***. The District Plan is hereby incorporated as an integral part of the ***Special Lincoln Square District***.

82-10 - MANDATORY DISTRICT IMPROVEMENTS

LAST AMENDED
2/9/1994

The provisions of this Section specify mandatory or optional physical improvements to be

provided in connection with **developments** on certain **zoning lots** located within the Special District.

82-11 - Special Provisions for Optional Arcades

LAST AMENDED
2/9/1994

Any **development** located on a **zoning lot** with a **lot line** which coincides with either of the following **street lines** - the east side of Broadway between West 61st and West 65th Streets or the east side of Columbus Avenue between West 65th and West 66th Streets - may contain an **arcade** as defined in Section [12-10](#), except that:

- (a) the **arcade** shall extend the full length of the **zoning lot** along the **street lines** described above; however, the required **arcade** along the east side of Columbus Avenue may be terminated at a point 40 feet south of West 66th Street;
- (b) the exterior face of **building** columns shall lie along the **street lines** described above;
- (c) the minimum depth of the **arcade** shall be 15 feet (measured perpendicular to the exterior face of the **building** columns located on the **street line**) and the minimum height of the **arcade** along the center line of its longitudinal axis shall not be less than 20 feet;
- (d) the **arcade** shall contain no permanent obstruction within the area delineated by the minimum width and height requirements of this Section except for the following:
 - (1) unenclosed cafes, provided that there is at least a six foot wide unobstructed pedestrian way adjacent to the **street wall**. In no event may such cafes be enclosed at any time; and
 - (2) structural columns not exceeding two feet by three feet provided that the longer dimension of such columns is parallel to the **street line**, that such columns are spaced at a minimum of 17 feet on center, and that the space between such columns and the face of the **street wall** is at least 13 feet wide. No other columns shall project beyond the face of the **street wall** ;
- (e) no **signs** may be affixed to any part of the **arcade** or **building** columns except on a parallel to the **street wall** projecting no more than 18 inches therefrom parallel to the **street line** along which the **arcade** lies; and
- (f) the **arcade** shall be illuminated only by incandescent lighting to a standard of average eight foot-candle intensity with a minimum five foot-candle intensity at any point within the **arcade**.

82-12 - Mandatory Off-street Relocation of a Subway Stair

LAST AMENDED
10/17/2007

Where a **development** is constructed on a **zoning lot** that fronts on a sidewalk containing a stairway entrance into the West 59th Street (Columbus Circle) or the West 66th Street subway station and such **zoning lot** contains 5,000 square feet or more of **lot area**, the existing entrance shall be relocated from the **street** onto the **zoning lot** in accordance with the provisions of Sections [37-41](#) (Standards for Location, Design and Hours of Public Accessibility) and [37-42](#) (Administrative Procedure for a Subway Stair Relocation or Renovation).

82-13 - Special Provisions for a Transit Easement

LAST AMENDED
2/9/1994

Any **development** located on the east side of Broadway between West 66th Street and West 67th Street shall provide an easement on the **zoning lot** for public access to the subway mezzanine or station when required by the New York City Transit Authority (TA) in accordance with the procedure set forth in Section [95-04](#) (Certification of Transit Easement Volume) and hereby made applicable.

82-20 - SPECIAL USE AND SIGN REGULATIONS

LAST AMENDED
2/9/1994

In order to provide for the special cultural needs, convenience, enjoyment, education and recreation of the residents of the area and of the many visitors who are attracted to the Lincoln Center for the Performing Arts, a limitation is imposed on the ground floor **uses** within the Special District.

The provisions of this Section shall apply to a **development** or change of **use** within the Special District.

82-21 - Restrictions on Street Level Uses

LAST AMENDED
2/2/2011

Within 30 feet of Broadway, Columbus Avenue or Amsterdam Avenue **street lines, uses** within **stories** on the ground floor or with a floor level within five feet of **curb level**, shall be limited to those listed in Use Groups 3A, 3B, 6A, 6C, 8A, 10A and eating or drinking establishments listed in 12A or 12B. Within Use Groups 3A or 3B, **uses** shall be limited to colleges, universities including professional schools, museums, libraries or non-commercial art galleries. Within such area, lobby space, required accessory loading berths, or access to

subway stations are permitted.

82-22 - Location of Floors Occupied by Commercial Uses

LAST AMENDED
2/2/2011

The provisions of Section [32-422](#) (Location of floors occupied by commercial uses) shall not apply to any **commercial use** located in a portion of a **mixed building** that has separate direct access to the **street** and has no access within the **building** to the **residential** portion of the **building** at any **story**. In no event shall such **commercial use** be located directly over any **dwelling units**.

82-23 - Street Wall Transparency

LAST AMENDED
2/2/2011

When the front **building** wall or **street wall** of any **building developed** after February 9, 1994, is located on Broadway, Columbus Avenue or Amsterdam Avenue, glazing shall be provided in accordance with the transparency requirements set forth in Section [37-34](#) (Minimum Transparency Requirements).

82-24 - Supplementary Sign Regulations

LAST AMENDED
6/23/2005

No permitted **sign** shall extend above **curb level** at a height greater than 20 feet or obstruct an **arcade**.

Within Subdistrict B, permitted **signs** facing upon West 65th Street shall not exceed a height of 40 feet above **curb level**, and permitted **signs** facing upon Broadway between West 65th Street and West 66th Street shall not exceed a height of 60 feet above **curb level**. However, **signs** facing in an easterly or southerly direction upon that portion of the public place designated on the City Map that is located within an area bounded by West 65th Street and the prolongation of the south side of West 64th Street shall not exceed a height of 40 feet above the level of such public place.

82-30 - SPECIAL BULK REGULATIONS

LAST AMENDED
2/9/1994

82-31 - Floor Area Ratio Regulations for Commercial Uses

LAST AMENDED
2/2/2011

Within Subdistrict A, for any **building** in a C4-7 District, the maximum permitted **commercial floor area** shall be 100,000 square feet.

82-311 - Floor area increase by special permit

LAST AMENDED
2/2/2011

The City Planning Commission may by special permit allow the **commercial floor area ratio** permitted on a **zoning lot** pursuant to Section [82-31](#) (Floor Area Ratio Regulations for Commercial Uses) within Subdistrict A to be increased to 10.0 for **commercial uses**. As a condition for such special permit, the Commission shall find that:

- (a) the **uses** are appropriate for the location and shall not unduly affect the **residential uses** in the nearby area or impair the future land use and development of the adjacent areas;
- (b) the **uses** shall not require any significant addition to the supporting services of the neighborhood or that provision for adequate supporting services has been made;
- (c) the additional **bulk** devoted to **commercial uses** shall not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian flow; and
- (d) the **streets** providing access to such **use** are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of any such **uses** on the character of the surrounding area.

82-32 - Special Provisions for Increases in Floor Area

LAST AMENDED
2/2/2011

No **floor area** bonuses shall be permitted within the **Special Lincoln Square District** except as provided in this Section. The following **floor area** increases may be used separately or in combination, provided that the total **floor area ratio** permitted on a **zoning lot** does not exceed 12.0.

- (a) **Floor area** increase for Inclusionary Housing

For any **development** to which the provisions of Section [23-90](#) (INCLUSIONARY HOUSING) are applicable, the maximum permitted **residential floor area ratio** may be increased by a maximum of 20 percent under the terms and conditions set forth in Section [23-90](#).

(b) **Floor area** bonus for public amenities

On a **zoning lot** that is adjacent to the West 59th Street (Columbus Circle) or the West 66th Street subway station mezzanine, platform, concourse or connecting passageway, where no tracks intervene to separate the **zoning lot** from these elements, and such **zoning lot** contains 5,000 square feet or more of **lot area**, the City Planning Commission may, by special permit pursuant to Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan), grant a maximum of 20 percent **floor area** bonus.

For a subway station improvement or for a subsurface concourse connection to a subway, the amount of **floor area** bonus that may be granted shall be at the discretion of the Commission. In determining the precise amount of **floor area** bonus, the Commission shall consider:

- (1) the direct construction cost of the public amenity;
- (2) the cost of maintaining the public amenity; and
- (3) the degree to which the station's general accessibility and security will be improved by the provision of new connections, additions to, or reconfigurations of, circulation space, including the provision of escalators or elevators.

82-33 - Modification of Bulk Regulations

LAST AMENDED
2/2/2011

The City Planning Commission may, by special permit, modify the height and setback regulations, **yard** regulations, regulations governing minimum distance between **buildings** on a single **zoning lot**, and regulations governing **courts** and minimum distance between **legally required windows** and walls or **lot lines**, provided the Commission finds that such modifications are necessary to:

- (a) facilitate good design;
- (b) allow design flexibility for any **development** to which the mandatory provisions of Section [82-10](#) (MANDATORY DISTRICT IMPROVEMENTS) are applicable; or
- (c) incorporate a **floor area** allowance pursuant to Section [82-32](#) (Special Provisions for Increases in Floor Area) where inclusion of the proposed public amenity will

significantly further the specific purposes for which the **Special Lincoln Square District** is established.

82-34 - Bulk Distribution

LAST AMENDED
2/9/1994

Within the Special District, at least 60 percent of the total **floor area** permitted on a **zoning lot** shall be within **stories** located partially or entirely below a height of 150 feet from **curb level**.

For the purposes of determining allowable **floor area**, where a **zoning lot** has a mandatory 85 foot high **street wall** requirement along Broadway, the portion of the **zoning lot** located within 50 feet of Broadway shall not be included in **lot area** unless such portion contains or will contain a **building** with a wall at least 85 feet high coincident with the entire **street line** of Broadway.

82-35 - Height and Setback Regulations

LAST AMENDED
2/2/2011

Within the Special District, all **buildings** shall be subject to the height and setback regulations of the underlying districts, except as set forth in:

- (a) paragraph (a) of Section [82-37](#) (Street Walls Along Certain Street Lines) where the **street wall** of a **building** is required to be located at the **street line**; and
 - (b) paragraphs (b), (c) and (d) of Section [82-37](#) where the **street wall** of a **building** is required to be located at the **street line** and to penetrate the **sky exposure plane** above a height of 85 feet from **curb level**.
-

82-36 - Special Tower Coverage and Setback Regulations

LAST AMENDED
2/2/2011

The requirements set forth in Sections [33-45](#) (Tower Regulations) or [35-64](#) (Special Tower Regulations for Mixed Buildings) for any **building**, or portion thereof, that qualifies as a "tower" shall be modified as follows:

- (a) At any level at or above a height of 85 feet above **curb level**, a tower shall occupy in the aggregate:
 - (1) not more than 40 percent of the **lot area** of a **zoning lot** or, for a **zoning lot** of less than 20,000 square feet, the percent set forth in Section [23-65](#) (Tower

Regulations); and

- (2) not less than 30 percent of the **lot area** of a **zoning lot**.

However, the highest four **stories** of the tower or 40 feet, whichever is less, may cover less than 30 percent of the **lot area** of a **zoning lot** if the gross area of each **story** does not exceed 80 percent of the gross area of the **story** directly below it.

- (b) At all levels at or above a height of 85 feet from **curb level**, the minimum required setback of the **street wall** of a tower shall be at least 15 feet from the **street line** of Broadway or Columbus Avenue, and at least 20 feet on a **narrow street**.
- (c) In Subdistrict A, the provisions of paragraph (a) of Section [35-64](#), as modified by paragraphs (a) and (b) of this Section, shall apply to any **mixed building**.

For the purposes of determining the permitted tower coverage in Block 3, as indicated on the District Plan in Appendix A of this Chapter, that portion of a **zoning lot** located within 100 feet of the west **street line** of Central Park West shall be treated as if it were a separate **zoning lot** and the tower regulations shall not apply to such portion.

82-37 - Street Walls Along Certain Street Lines

LAST AMENDED
2/2/2011

- (a) On a **zoning lot** with a **front lot line** coincident with any of the following **street lines**, a **street wall** shall be located on such **street line** for the entire frontage of the **zoning lot** on that **street** and shall rise without setback to a height of 85 feet above **curb level**:
- (1) the east side of Broadway between West 61st Street and West 65th Street;
 - (2) the east side of Columbus Avenue between West 65th Street and West 66th Street;
 - (3) the east side of Broadway between West 67th Street and West 68th Street;
 - (4) the west side of Broadway between West 66th Street and West 68th Street;
and
 - (5) the west side of Broadway between West 60th Street and West 62nd Street.

Such **street wall** shall extend on a **narrow street** to a distance of not less than 50 feet from its intersection with the **street line** of Broadway or Columbus Avenue and shall include a 20 foot setback at a height of 85 feet above **curb level** as required in Section [33-432](#) (In other Commercial Districts).

- (b) On a **zoning lot** in Block 1, as indicated on the District Plan in Appendix A of this Chapter, with a **front lot line** coincident with any of the following **street lines**, a **street**

wall shall be located on such **street lines** for the entire frontage of the **zoning lot** on that **street**:

- (1) the west side of Broadway between West 62nd Street and West 63rd Street;
- (2) the south side of West 63rd Street between Broadway and Columbus Avenue;
and
- (3) the east side of Columbus Avenue between West 62nd Street and West 63rd Street.

The **street wall** located on the south side of West 63rd Street shall rise vertically without setback to the full height of the **building** except for the top four floors or 40 feet, whichever is less, and shall extend along Columbus Avenue and/or Broadway for no more than one-half of the length of the total **block** front. The **street wall** located on the remaining **block** front on Broadway shall rise to a height of 85 feet above **curb level** and then set back 20 feet as required in Section [33-432](#).

- (c) On a **zoning lot** in Block 2, as indicated on the District Plan, with a **front lot line** coincident with any of the following **street lines**, a **street wall** shall be located on such **street line** for the entire frontage of the **zoning lot** on that **street**:

- (1) the east side of Broadway between West 67th Street and West 66th Street;
- (2) the north side of West 66th Street between Broadway and Columbus Avenue;
and
- (3) the west side of Columbus Avenue between West 66th Street and West 67th Street.

The **street wall** located on the north side of West 66th Street shall rise vertically without setback to the full height of the **building** except for the top four floors or 40 feet, whichever is less, and shall extend on Broadway and/or Columbus Avenue for no more than one-half of the length of the total **block** front. The **street wall** located on the remaining **block** front on Broadway shall rise to a height of 85 feet above **curb level** and then set back 20 feet as required in Section [33-432](#).

- (d) On a **zoning lot** in Block 3, as indicated on the District Plan, with a **front lot line** coincident with the **street line** of Central Park West, the **street wall** shall be located on such **street line** for the entire frontage of the **zoning lot** on that **street**.

The **street wall** fronting on Central Park West shall rise vertically without setback to a height of at least 125 feet but not greater than 150 feet and shall extend along the **street line** of West 61st Street and along the **street line** of West 62nd Street to a distance of not less than 50 feet but not more than 100 feet from their intersection with the west **street line** of Central Park West. Above that height, no **building or other structure** shall penetrate a **sky exposure plane** that starts at the **street line** and rises

over the **zoning lot** at a ratio of 2.5 : 1.

82-38 - Recesses in the Street Wall

LAST AMENDED
2/2/2011

Recessed fenestration and special architectural expression lines in the **street wall** are required as follows:

- (a) Except as set forth in paragraph (b) of this Section, the aggregate width of all recesses in the **street wall** fronting upon Broadway shall be between 15 percent and 30 percent of the entire width of such **street wall** at any **story** between the ground floor and 85 feet above **curb level**.
- (b) In Block 1, as indicated on the District Plan in Appendix A of this Chapter, for any **street wall** fronting upon the south side of West 63rd Street and extending along Broadway and/or Columbus Avenue to a distance of not less than 50 percent of the **block** front, the aggregate width of all recesses in the **street walls** along each such **street** shall be between 15 percent and 30 percent of the entire width of each **street wall** at any **story** between the ground floor and 85 feet above **curb level** and shall be between 30 percent and 50 percent of the entire width of each **street wall** at any **story** above 85 feet above **curb level**.
- (c) In Block 2, as indicated on the District Plan, the requirement of **street wall** recesses in paragraph (b) of this Section shall also apply to a **street wall** fronting upon the north side of West 66th Street and extending along Broadway and/or Columbus Avenue to a distance of not less than 50 percent of the **block** front.

Such recesses shall be a minimum of one foot in depth and shall not exceed a depth of 10 feet. Below a height of 85 feet above **curb level**, no recesses deeper than one foot shall be permitted in a **street wall** within a distance of 10 feet from the intersection of any two **street lines**.

In addition, along the **street lines** of Broadway, West 63rd Street and West 66th Street within Blocks 1 and 2, the **street wall** shall provide, at a height of 20 feet above **curb level**, an architectural expression line consisting of a minimum six inch recess or projection, for a minimum height of one foot and maximum height of two feet.

82-39 - Permitted Obstructions Within Required Setback Areas

LAST AMENDED
2/9/1994

The **street wall** of a **building** may be vertically extended above a height of 85 feet above **curb level** without setback in accordance with either of the following provisions:

- (a) A dormer may be allowed as a permitted obstruction within the required **initial setback distance** above a height of 85 feet above **curb level**. The **street wall** of a dormer shall rise vertically as an extension of the **street wall** of the **building**. A dormer may be located anywhere on a **wide** or **narrow street** frontage.

On any **street** frontage the aggregate width of all dormers at the required initial setback level shall not exceed 60 percent of the width of the **street wall** of the **story** immediately below the initial setback level. For each foot of height above the required initial setback level, the aggregate width of all dormers at that height shall be decreased by one percent of the width of the **street wall** of the **story** immediately below the initial setback level. Such dormers shall count as **floor area** but not as tower **lot coverage**.

- (b) On a **wide street** and on a **narrow street** within 50 feet of its intersection with a **wide street**, the **street wall** of a **building** may be vertically extended without setback within the required **initial setback distance** above a height of 85 feet above **curb level**, up to a maximum height of 125 feet, provided that the aggregate width of such **street walls** shall not exceed 50 percent of the width of the **street wall** of the **story** immediately below the initial setback level and provided the **street wall** of the **building** contains special architectural expression lines at a height of 85 feet above **curb level**.

82-40 - SPECIAL HEIGHT LIMITATION

LAST AMENDED
2/2/2011

On Block 1 or 2, as indicated on the District Plan in Appendix A of this Chapter, the maximum height of a **building or other structure** shall not exceed 275 feet above **curb level**, except that a penthouse may be located above such height, provided that such penthouse:

- (1) contains not more than four **stories** or 40 feet, whichever is less; and
- (2) the gross area of each **story** does not exceed 80 percent of the gross area of that **story** directly below it.

82-50 - OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

LAST AMENDED
5/8/2013

The regulations of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core) and the applicable underlying district regulations of Article III, Chapter 6, relating to Off-street Loading Regulations, shall apply in the **Special Lincoln Square District** except as otherwise provided in this Section. In addition, the entrances and exits to all off-street loading berths shall not be located on a **wide street** except by

authorization as set forth in this Section.

(a) **Accessory** off-street parking spaces

Accessory off-street parking spaces are permitted only by the applicable special permit of the City Planning Commission pursuant to Section [13-45](#) (Special Permits for Additional Parking Spaces), inclusive.

(b) Curb cuts

The City Planning Commission may authorize curb cuts within 50 feet of the intersection of any two **street lines**, or on **wide streets** where such curb cuts are needed for off-street loading berths, provided the location of such curb cuts meets the findings in Section 13-441.

(c) Waiver of loading berth requirements

The City Planning Commission may authorize a waiver of the required off-street loading berths where the location of the required curb cuts would:

- (1) be hazardous to traffic safety;
- (2) create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; or
- (3) interfere with the efficient functioning of bus lanes, specially designated streets or public transit facilities.

The Commission shall refer these applications to the Department of Transportation for its comments.

82-60 - EXISTING PUBLICLY ACCESSIBLE OPEN AREAS

LAST AMENDED
5/8/2013

No existing **publicly accessible open area** or other public amenity, open or enclosed, for which a **floor area** bonus has been utilized shall be eliminated or reduced in size, except by special permit of the City Planning Commission, pursuant to Section [74-761](#) (Elimination or reduction in size of public amenities).

Any existing open area for which a **floor area** bonus has not been utilized that occupies the same **zoning lot** as an existing **publicly accessible open area** or other public amenity, open or enclosed, for which a **floor area** bonus has been utilized, may be reduced in size or eliminated only upon certification of the Chairperson of the City Planning Commission that all bonused amenities comply with the standards under which such **floor area** bonus was granted.

Chapter 3 - Special Limited Commercial District (LC)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 3 - Special Limited Commercial District (LC)

83-00 - GENERAL PURPOSES

LAST AMENDED
10/9/1969

The "Special Limited Commercial District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect, and enhance the character of Historic Districts as the location of many of the city's most valued cultural assets;
- (b) to improve circulation patterns in the areas in order to avoid congestion arising from the movements of large numbers of people;
- (c) to help attract a useful cluster of shops, restaurants, cultural attractions and related activities which will complement and enhance the areas as presently existing; and
- (d) to promote the most desirable use of land in these areas and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues.

83-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS).

83-02 - General Provisions

LAST AMENDED
2/2/2011

Special Limited Commercial Districts may only be mapped in ***Commercial Districts*** within areas, or portions of areas, designated by the Landmarks Preservation Commission as "Historic Districts" pursuant to Chapters 8A or 63 of the New York City Charter and Chapter 8A of the New York City Administrative Code.

In harmony with the general purpose and intent of this Resolution and the general purpose of the ***Special Limited Commercial District*** and in accordance with the provisions of this Chapter, certain specified ***use***, ***sign*** and enclosure regulations of the districts on which ***Special Limited Commercial Districts*** are superimposed are made inapplicable, and are

superseded by the **use, sign** and enclosure regulations of the ***Special Limited Commercial District*** as set forth in this Chapter.

In addition to meeting the **use, sign** and enclosure regulations as set forth in this Chapter, each **building** shall conform to and comply with all of the applicable district regulations of this Resolution, except as otherwise specifically provided in this Chapter.

83-03 - Use Group "LC"

LAST AMENDED
9/9/2004

Use Group "LC" comprises **residential uses** listed in Use Groups 1 and 2, and a group of specially related **uses** selected from Use Groups 3, 4, 5, 6, 8 and 9 to provide for the special needs, comfort, convenience, enjoyment, education and recreation of the residents of the surrounding communities and of the many visitors who are attracted to its activities.

A. Amusements

Theaters, limited to a capacity of not more than 300 seats

B. Community Facilities

Ambulatory diagnostic or treatment health care facilities listed in Use Group 4

Clubs, except:

- (a) clubs, the chief activity of which is a service predominantly carried on as a business;
- (b) non-commercial outdoor swimming pool clubs; or
- (c) any other non-commercial clubs with outdoor swimming pools located less than 500 feet from any **lot line**

Colleges or universities, including professional schools

College or school student dormitories or fraternity or sorority student houses

Community centers or settlement houses

Houses of worship, rectories or parish houses

Libraries, museums, or non-commercial art galleries

Long-term care facilities

Monasteries, convents, or novitiates used only for living purposes, provided that such **use** is to be part of a group of **buildings** accommodating house of worship activities,

schools or other house of worship facilities that existed on December 15, 1961, or any applicable subsequent amendment thereto, and that such ***use*** is to be located on the same ***zoning lot*** with one or more ***buildings*** in such group of ***buildings*** or on a ***zoning lot*** which is contiguous thereto or directly across the ***street*** on which such ***buildings*** face

Non-commercial recreation centers

Non-profit hospital staff dwellings located on the same ***zoning lot*** as a non-profit or voluntary hospital and related facilities or on a separate ***zoning lot*** which is immediately contiguous thereto or would be contiguous but for its separation by a ***street*** or a ***street*** intersection

Non-profit or voluntary hospitals and related facilities, except animal hospitals

Philanthropic or non-profit institutions with or without sleeping accommodations, including ***long-term care facilities***, provided that the number of persons employed in central office functions shall not exceed 50, and the amount of ***floor area*** used for central office purposes shall not exceed 25 percent of the total ***floor area*** or 25,000 square feet, whichever is greater

Proprietary hospitals and related facilities, except animal hospitals

Schools

Seminaries

Welfare centers

C. Open ***Uses***

Public parks or playgrounds or private parks

Outdoor ice skating rinks

D. Convenience Retail or Service Establishments

Bakeries, provided that ***floor area*** used for production shall be limited to 750 square feet per establishment

Barber shops

Beauty parlors

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of ***floor area*** per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees

Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Eating and drinking establishments, including those which provide music for which there is no cover charge and no specified showtime

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or less

Food stores, including supermarkets, grocery stores, meat markets, or delicatessen stores, limited to 10,000 square feet per establishment

Hardware stores

Laundry establishments, hand or automatic self-service

Package liquor stores

Post offices

Shoe or hat repair shops

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 10,000 square feet of **floor area** per establishment

E. Offices

Offices, business, professional or governmental

F. Public Service Establishments

Court houses

Electric or gas utility substations, limited in each case to a site of not more than 10,000 square feet

G. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artists' supply stores

Automobile supply stores, with no installation or repair services

Banks, including drive-in banks

Bicycle sales

*Blueprinting or photostatting establishments

Book stores

*Business schools or colleges

Candy or ice cream stores

Carpet, rug, linoleum, or other floor covering stores, limited to 10,000 square feet of ***floor area*** per establishment

*Catering establishments

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 10,000 square feet of ***floor area*** per establishment

*Clothing or costume rental establishments

Dry goods or fabrics stores, limited to 10,000 square feet of ***floor area*** per establishment

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Frozen food lockers

Furniture stores, limited to 10,000 square feet of ***floor area*** per establishment

Furrier shops, custom

Gift shops

*Gymnasiums, used exclusively for basketball, handball, squash and tennis

Interior decorating establishments, provided that ***floor area*** used for processing, servicing, or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Leather goods or luggage stores

Loan offices

Locksmith shops

*Medical or dental laboratories for research or testing, or the custom manufacture or artificial teeth, dentures, or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable effects

Medical or orthopedic appliance stores

Meeting halls

Millinery shops

Music stores

*Musical instrument repair shops

Newsstands, open or enclosed

Optician or optometrist establishments

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

****Physical culture or health establishments**, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steambaths, but other than **adult physical culture establishments**

Picture framing shops

*Plumbing, heating, or ventilating equipment showrooms, without repair facilities

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe stores

Sporting or athletic stores

Stamp or coin stores

*Studios: art, music, dancing or theatrical

Telegraph offices

Television, radio, phonograph, or household appliance repair shops

Television, radio, phonograph, or household appliance stores, limited to 10,000 square feet of **floor area** per establishment

Toy stores

*Trade, or other schools for adults, not involving any danger of fire or explosion nor of offensive noise, vibration, smoke or particulate matter, dust, odorous matter, heat, humidity, glare, or other objectionable effects

Travel bureaus

*Typewriter or other small business machine repair shops

Typewriter stores

*Umbrella repair shops

Wallpaper stores

Watch or clock stores or repair shops

H. Transient Accommodations

Hotels, transient

I. Wholesale Establishments

Hair products for headwear, wholesaling including styling

Photographic developing or printing establishments, limited to 2,500 square feet of **floor area** per establishment

J. ***Accessory Uses***

* In ***Special Limited Commercial Districts***, a ***use*** marked with an asterisk (*) shall not be located on the ground floor of a ***building*** unless such ***use*** is at least 50 feet from the ***street*** wall of the ***building*** in which it is located

** In ***Special Limited Commercial Districts***, a ***use*** marked with a double asterisk (**) shall be permitted only by special permit of the Board of Standard and Appeals pursuant to Section [73-36](#) (Physical Culture or Health Establishments)

83-04 - Signs

Non-**illuminated signs** with total **surface area** not exceeding three times the **street** frontage of the **zoning lot** (in feet), but in no event more than 150 feet for **interior** or **through lots** or 150 feet on each frontage for **corner lots**, are permitted. **Illuminated** non-**flashing signs** with total **surface area** not exceeding three times the **street** frontage of the **zoning lot** (in feet), but in no event more than 50 feet for **interior** or **through lots** or 50 feet on each frontage for **corner lots**, are permitted. No permitted **sign** shall extend above **curb level** at a height greater than 25 feet.

83-05 - Enclosure of Uses

LAST AMENDED
10/9/1969

All permitted **uses** shall be located within **completely enclosed buildings**.

83-06 - Special Permits by the Board of Standards and Appeals in Special Limited Commercial Districts

LAST AMENDED
10/9/1969

For the purpose of determining the powers of the Board of Standards and Appeals in **Special Limited Commercial Districts**, such districts shall be considered equivalent to C1 Districts, and the powers of the Board, as set forth in Article VII, Chapter 3, shall be limited to those powers which the Board would have in C1 Districts.

83-07 - Special Permits by the City Planning Commission in Special Limited Commercial Districts

LAST AMENDED
10/9/1969

For the purpose of determining the powers of the City Planning Commission in **Special Limited Commercial Districts**, such districts shall be considered equivalent to C1 Districts, and the powers of the Commission, as set forth in Article VII, Chapter 4, shall be limited to those powers which the Commission would have in C1 Districts.

Chapter 4 - Special Battery Park City District (BPC)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 4 - Special Battery Park City District (BPC)

84-00 - GENERAL PURPOSES

LAST AMENDED

1/8/1997

The "Special Battery Park City District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Lower Manhattan by improving the working environment;
- (b) to provide major additional space for expansion of office uses and their ancillary facilities;
- (c) to broaden the regional choice of residence by introducing new housing in the vicinity of the major employment center of Lower Manhattan;
- (d) to achieve a harmonious visual and functional relationship with adjacent areas;
- (e) to create an environment which will be lively and attractive and provide daily amenities and services for the use and enjoyment of the working population and the new residents;
- (f) to take maximum advantage of the beauty of the Hudson River waterfront, thereby best serving the downtown business community, the new residential population and providing regional recreation as well; and
- (g) to promote the most desirable use of land and direction of building development in the Lower Manhattan area.

84-01 - Definitions

LAST AMENDED

2/2/2011

For purposes of this Chapter, matter in *italics* is defined in Section [12-10](#) (DEFINITIONS), in this Section or Section [84-021](#) (District Plan). Where matter in *italics* is defined both in Section [12-10](#) and in this Chapter, the definitions in this Chapter shall govern.

The "Esplanade" is a **public park** extending along all waterfront edges of the **Special Battery Park City District**. The **Esplanade** is shown in the District Plan in Appendix 1.

Mandatory front building wall lines

"Mandatory front building wall lines" are imaginary lines extending through Zone A and Zone C of the **Special Battery Park City District** which, except as shown in Appendices 2.1 and 3.1 of this Chapter, coincide with **street lines** and with which **building** walls must generally coincide, as provided in Sections [84-132](#) and [84-332](#) (Mandatory front building walls).

Special height locations

"Special height locations" are designated areas in Zone A and Zone C of the **Special Battery Park City District** subject to the regulations in Appendices 2.2 and 3.2 of this Chapter, in accordance with Sections [84-135](#) and [84-333](#) (Limited height of buildings).

84-02 - General Provisions

LAST AMENDED
1/8/1997

In harmony with the general purpose and intent of this Resolution and in order to achieve the purpose of the **Special Battery Park City District**, a special set of regulations is established for the **Special Battery Park City District** controlling **use, bulk, accessory** off-street parking facilities and **accessory** off-street loading facilities. Such regulations are contained in this Chapter and in other provisions of this Resolution incorporated in this Chapter by cross-reference.

84-021 - District Plan

LAST AMENDED
1/8/1997

The District Plan is set forth in Appendix 1. Each **block** shall be considered a single **zoning lot** for the purposes of the **Special Battery Park City District**.

84-022 - Incorporation of Appendix 1, Appendix 2 and Appendix 3

LAST AMENDED
1/8/1997

Appendix 1 (District Plan) Appendix 2 (Zone A South Residential Neighborhood) and

Appendix 1 (District Plan), Appendix 2 (Zone A South Residential Neighborhood) and Appendix 3 (Zone A North Residential Neighborhood and Zone C) are hereby incorporated as integral parts of the provisions of this Chapter. In the event of an inconsistency or need for clarification between Appendix 1 or Appendix 2 or Appendix 3 and the written specifications in this Chapter, in each such case the written specifications in this Chapter shall govern.

84-023 - Subdistricts

LAST AMENDED
1/8/1997

In order to carry out the purposes and provisions of this Chapter, the ***Special Battery Park City District*** is divided into three subdistricts: Zone A, Zone B and Zone C. The location and boundaries of the subdistricts are shown on the District Plan in Appendix 1.

84-03 - Use Regulations (For Zone A and Zone C)

LAST AMENDED
8/17/2005

The ***uses*** permitted shall be constructed and located so that no exhaust vents or chimneys open onto any ***street*** or park or onto the ***Esplanade***.

84-031 - Special permit uses

LAST AMENDED
5/8/2013

The following ***uses*** are permitted only by special permit of the City Planning Commission:

Electrical or gas utility substations, open or enclosed, pursuant to Section [74-61](#)

As a condition precedent to the granting of such special permit, the Commission shall make a finding that such ***use*** is located so as to minimize adverse effects on existing or future development in nearby areas or on the use or enjoyment of the ***Esplanade*** or other public facilities.

The following ***uses*** are permitted only by special permit of the Board of Standards and Appeals:

Electrical or gas utility substations, open or enclosed, pursuant to Section [73-14](#)

Public utility stations for oil or gas metering or regulating, pursuant to Section [73-15](#)

Telephone exchanges or other communications equipment structures, pursuant to Section [73-14](#)

In Zone A, ***physical culture or health establishments*** in subzone A-4 only, pursuant to Section [73-36](#). However, ***physical culture or health establishments*** located below the level of the first ***story*** ceiling shall not be permitted to front on the ***Esplanade***.

84-032 - Uses not permitted

LAST AMENDED
1/8/1997

The following ***uses*** shall not be permitted:

A. Transient Accommodations

Hotels, transient, except as provided in Sections [84-12](#) and [84-32](#)

Motels, tourist cabins, or boatels

B. Retail or Service Establishments

Electrical glazing, heating, painting, paper hanging, plumbing, roofing, or ventilating contractors' establishments

Exterminators

Funeral establishments

Lumber stores

Monument sales establishments

Moving or storage offices

Pawn shops

Printing establishments

Refreshment stands, drive-in

Sign painting shops

Taxidermist shops

Trade embalmers

Upholstering shops

Window cleaning contractors' establishments, including floor waxing and other similar building maintenance services

C. Wholesale Establishments

Wholesale establishments

D. Automobile Service Establishments

Automotive glass and mirror shops

Automotive seat cover or convertible top establishments

Automotive service stations

Tire sales establishments

E. Public Service Establishments

Prisons.

84-033 - Interim uses

LAST AMENDED 1/8/1997

On application to and with the permission of the Battery Park City Authority, any open ***use*** listed in Use Groups 1 through 16, as set forth in Sections [32-11](#) through [32-25](#), is permitted if such ***use*** is an interim ***use*** which will not obstruct, interfere with, or be incompatible with the general purposes and overall development of the ***Special Battery Park City District***, and if such ***use*** is not prohibited by the Settlement Agreement, dated June 6, 1980, between the City of New York, the State of New York, and various agencies and instrumentalities thereof. The Authority may prescribe appropriate conditions and safeguards in order to minimize adverse effects on surrounding land ***uses***.

84-10 - ZONE A GENERAL DISTRICT REGULATIONS

LAST AMENDED
2/2/2011

Zone A is designed generally to provide for residential development with ancillary retail and service ***uses***, and ***transient hotels*** as permitted pursuant to Section [84-12](#). Zone A is divided into six subzones: A-1, A-2, A-3, A-4, A-5 and A-6. The location and boundaries of the subzones are shown in Appendices 2 and 3 of this Chapter.

84-11 - General Provisions

LAST AMENDED
2/2/2011

Except as expressly modified by the provisions of this Chapter, the regulations applying to an

R10 District shall apply in subzones A-1, A-2, A-3, A-5 and A-6 of the **Special Battery Park City District**.

Notwithstanding any other provision of this Resolution, **developments** and **enlargements** may only be constructed in subzone A-4 in accordance with certifications given by the City Planning Commission. **Residential open space** in subzone A-4 shall be subject to the provisions of Sections [12-10](#) (DEFINITIONS) and [23-12](#) (Permitted Obstructions in Open Space). For every **dwelling unit** there shall be a minimum of 55.0 square feet of **open space**. All other provisions of this Chapter with respect to Zone A shall not apply to **developments** or **enlargements** in subzone A-4 unless otherwise indicated.

84-12 - Use Regulations

LAST AMENDED
2/2/2011

In the areas indicated as permitted **commercial** locations in Appendices 2.3 and 3.3, the **use** regulations applying in a C2 District shall apply, except as provided in Sections [84-031](#) (Special permit uses), [84-032](#) (Uses not permitted), [84-121](#) (Uses along Esplanade) and this Section.

In the case of a **mixed building** containing **residential** and **commercial uses**, **residential uses** are permitted on the same **story** as a **commercial use**, provided no access exists between such **uses** at any level containing **residences** and provided any **commercial uses** are not located over any **residences**. However, such **commercial use** may be located over **residences** by authorization of the City Planning Commission upon finding that sufficient separation of **residences** from **commercial uses** exists within the **building**.

Notwithstanding any other provisions of this Resolution, the permitted **uses** listed in Use Groups 6, 7, 8, 9 or 14 and the additional **uses** permitted hereunder shall be limited, per establishment, to 10,000 square feet of **floor area** of any **story** and shall not be located above the first **story** ceiling, except that:

- (a) in any **building** containing an **arcade** required in Section [84-134](#) (Mandatory arcades), any permitted **use** may be located above the first **story** ceiling and below the second **story** ceiling; and
- (b) supermarkets are permitted with no limitation on **floor area**.

Notwithstanding any other provisions of this Resolution, the **zoning lot** south of First Place and east of Battery Place may contain **residential uses**, **transient hotel uses**, or both **residential** and hotel **uses**.

In the case of hotel **uses** on this **zoning lot**:

- (1) a **physical culture or health establishment** may be permitted; and

- (2) an eating and drinking establishment, as permitted in Section [32-15](#) (Use Group 6), and a ***physical culture and health establishment*** or a non-***residential accessory use***, may be located above a ***story*** containing ***residential uses***.
-

84-121 - Uses along Esplanade

LAST AMENDED
2/2/2011

Except as set forth in this Section and in Section [84-12](#) (Use Regulations), ***uses*** fronting on the ***Esplanade*** shall be limited to the ***uses*** listed in Use Groups 2, 3 and 4 as set forth in Section [22-10](#) (USES PERMITTED AS-OF-RIGHT), except that in the areas indicated as permitted ***commercial*** locations in Appendix 2.3, in the lowest ***story*** other than a ***basement*** in any ***building***, the following additional ***uses*** shall be permitted:

Eating or drinking places, as listed in Use Group 6A in Section [32-15](#)

84-122 - Uses permitted within public open space areas

LAST AMENDED
2/27/2001

Public open space areas located between Murray Street and Warren Street, as indicated in Appendix 3.6, shall be improved at or above grade for use by the public as open areas for passive and/or active recreational ***uses***.

84-13 - Bulk Regulations

LAST AMENDED
2/2/2011

Residential and ***community facility bulk*** regulations otherwise applicable in R10 Districts are modified to the extent set forth in this Section and Sections [84-131](#) through [84-135](#), inclusive.

The regulations otherwise applicable in R10 Districts are superseded by the regulations set forth in Sections [84-131](#) (Floor area regulations), [84-132](#) (Mandatory front building walls), [84-134](#) (Mandatory arcades) and [84-135](#) (Limited height of buildings).

The provisions of Sections [23-532](#) (Required rear yard equivalents) and [24-11](#) (Maximum Floor Area Ratio and Percentage of Lot Coverage), and Article VII, Chapter 8 (Special Regulations Applying to Large-scale Residential Developments) and Chapter 9 (Special Regulations Applying to Large-scale Community Facility Developments), are not applicable.

The provisions of Section [23-70](#) (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) may be modified by the Battery Park City

Authority. Prior to the granting of any such modification, the Authority shall make the following findings:

- (a) that such modification will aid in achieving the general purpose and intent of the **Special Battery Park City District**, as set forth in Section [84-01](#);
- (b) that such modification will not unduly increase the **bulk** of **buildings**, the density of population or the intensity of **use** on any **zoning lot** to the detriment of the occupants of **buildings** on such **zoning lot** or nearby **zoning lots** ;
- (c) that such modification will not adversely affect the **buildings** on the **zoning lot** or nearby **zoning lots** by restricting access to light and air; and
- (d) that if an open area is provided, at any level, between two **buildings**, it shall have a width of not less than eight feet.

84-131 - Floor area regulations

LAST AMENDED
2/2/2011

Notwithstanding any other provisions of this Resolution, the permitted **floor area ratio** for any **zoning lot** in subzones A-1 and A-5 shall not exceed 12.0, and in subzones A-2, A-3 and A-6 shall not exceed 8.0. However, within subzone A-6, the **floor area ratio** for the **zoning lot** on the southeast corner of Chambers Street and North End Avenue may be increased from 8.0 to a maximum of 12.0, provided that such additional **floor area** is occupied by a **school**.

The **floor area** bonus provisions with respect to R10 Districts shall not apply.

84-132 - Mandatory front building walls

LAST AMENDED
2/2/2011

Except as set forth in paragraphs (g) and (i) of this Section, where Appendices 2.1 or 3.1 show a requirement for a **building** in Zone A to be built to a **mandatory front building wall line**, any such **building** shall have a mandatory front **building** wall coincident with and constructed along such **mandatory front building wall line**, which shall rise without setback for a height above **curb level**, as specified in this Section, except that, at **building** entrances, openings below the second **story** ceiling in the mandatory front **building** walls will be permitted to provide access to courtyards:

- (a) except as set forth in paragraph (d) of this Section, with respect to any [60-85](#) foot **mandatory front building wall line** shown in Appendix 2.1, a height of not less than 60 feet nor more than 85 feet;

- (b) with respect to any [110-135](#) foot **mandatory front building wall line** shown in Appendix 2.1, a height of not less than 110 feet nor more than 135 feet. However, a setback of not more than 10 feet may be provided at a height of 85 feet or more above **curb level**;
- (c) on the portion of any **zoning lot** designated as a **special height location** in Appendix 2.2, a height of not less than the applicable amount set forth in paragraphs (a) or (b) of this Section and not more than the maximum height indicated in Appendix 2.2 or in paragraph (d)(1) of Section [84-135](#) (Limited height of buildings);
- (d) with respect to any **zoning lot** south of West Thames Street, east of South End Avenue, north of Third Place and west of Battery Place, a height of not less than 18 feet nor more than 85 feet above **curb level**;
- (e) with respect to any [110-135](#) foot **mandatory front building wall line** shown in Appendix 3.1, a height of not less than 110 feet nor more than 135 feet;
- (f) with respect to any [110-230](#) foot **mandatory front building wall line** shown in Appendix 3.1, a height of not less than 110 feet nor more than 230 feet, except that:
 - (1) the width of the mandatory front **building** wall in excess of a height of 135 feet shall not exceed 120 feet along any frontage;
 - (2) where the width of the **mandatory front building wall line** along **street lines** intersecting North End Avenue exceeds 100 feet, the mandatory front **building** wall in excess of a height of 135 feet shall not exceed a width of 75 feet along North End Avenue. However, the width of the mandatory front **building** wall along **street lines** intersecting North End Avenue may be reduced to not less than 100 feet in order to accommodate landscaping and other improvements within or adjacent to the public open space areas shown in Appendix 3.6;
 - (3) a setback of 10 feet at a height of 135 feet is required along all street frontages, except Park Place West; and
 - (4) a setback of not less than five feet and not more than 10 feet is required in other locations at a height of 135 feet, as shown in Appendix 3.1;
- (g) with respect to any 150—250 foot **mandatory front building wall line** shown in Appendix 3.1, a height of not less than 150 feet nor more than 250 feet, except that the height may not exceed either 150 feet for more than 120 feet or 75 percent of the length of the site's western property line, whichever is less, and a setback of not less than five feet and not more than 10 feet is required at a height of 150 feet. Where Appendix 3.1 shows a requirement for a **building** to be built to a **mandatory front building wall line** along frontage on River Terrace, any such **building** may have a mandatory front **building** wall coincident with and constructed along a line set back one and one-half feet from the **street line** along River Terrace to accommodate landscaping treatment as required by the Battery Park City Authority;

- (h) on the portion of any **zoning lot** designated as a **special height location** in Appendix 3.2, a height of not less than the applicable amount set forth in paragraphs (e), (f) or (g) of this Section and not more than the height shown in Appendix 3.2; and
- (i) on the **zoning lot** south of First Place and west of Battery Place, the eastern mandatory front **building** wall may be located within 30 feet from the eastern **mandatory front building wall line**, and the southern mandatory front **building** wall may be reduced in width up to 30 feet along the southern **mandatory front building wall line** within 30 feet from the intersection with the eastern **mandatory building wall line**.

Subject to the provisions of Section [84-133](#) (Front wall recesses), the mandatory front **building** wall requirements set forth in this Section shall also apply to all **buildings** along all **street lines** within 50 feet of their intersection with any **mandatory front building wall line**. For the next 20 feet along the **street line**, the mandatory front **building** wall requirements are optional except that, for any **building** north of Vesey Street and Vesey Place, the mandatory front **building** wall requirements are optional for the next 25 feet. The height limit of 85 feet shall apply along **street lines** or to **buildings** not subject to the mandatory front **building** wall requirements.

84-133 - Front wall recesses

LAST AMENDED
1/8/1997

Front wall recesses for architectural or decorative purposes are permitted, except in an **arcade** required in Section [84-134](#) (Mandatory arcades), provided that below the level of the second **story** ceiling the depth of such recess does not exceed 20 feet. At any **story** above the level of the second **story** ceiling, recesses to the amount of 25 percent of the aggregate area of the wall at each **story** are permitted, provided the depth of any such recess does not exceed 10 feet. All recesses shall be subject to the applicable provisions of Section [23-84](#) (Outer Court Regulations).

84-134 - Mandatory arcades

LAST AMENDED
2/2/2011

Appendix 2.4 (Mandatory Arcades) specifies those **zoning lots** where an **arcade**, as defined in Section [12-10](#) (DEFINITIONS), shall be provided; and:

- (a) the **arcade** shall extend the full width of the **zoning lot** along the indicated **street lines** or other lines, except where otherwise indicated in Appendix 2.4; and
 - (b) the minimum unobstructed depth of the **arcade** shall be 12 feet, and the minimum height of the **arcade** shall be 20 feet above **curb level**.
-

84-135 - Limited height of buildings

LAST AMENDED
4/30/2012

For the purposes of this Section, the term “**buildings**” shall include **buildings or other structures**. No portion of any **building** may be built to a height greater than 85 feet above **curb level**, except that:

- (a) any portion of a **building** required to have an exterior wall coincident with a [110-135](#) foot **mandatory front building wall line**, as provided in Section [84-132](#) (Mandatory front building walls), may be built to a height of up to 135 feet above **curb level**;
- (b) any portion of a **building** required to have an exterior wall coincident with a [110-230](#) foot **mandatory front building wall line**, as provided in Section [84-132](#) and subject to the requirements contained in paragraph (f) therein, may be built to a height of up to 230 feet above **curb level**;
- (c) portions of a **building** required to have an exterior wall coincident with a [150-250](#) foot **mandatory front building wall line**, as provided in Section [84-132](#), may be built to a height of up to 250 feet above **curb level**;
- (d) on the portion of any **zoning lot** designated as a **special height location** in Appendices 2.2 or 3.2, a **building** may be built to the height above **curb level** indicated in Appendices 2.2 or 3.2, subject to the following:
 - (1) on any **building** south of First Place and east of Battery Place, with a mandatory front **building** wall, the area of which, below the level of the second story ceiling, occupies 100 percent of the frontage along its **mandatory front building wall line**, a height of not more than 450 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above **curb level**;
 - (2) on **zoning lots** located north of First Place, south of Third Place, and east of Battery Place, **special height locations** not to exceed heights of 135 feet or 360 feet above **curb level** are permitted as indicated in Appendix 2.2, provided that a setback of 10 feet is provided at a height of 85 feet above **curb level** along any **narrow street** frontage;
 - (3) on the **zoning lot** at the southeast corner of Chambers Street and North End Avenue, the **special height location** indicated in Appendix 3.2 shall apply only if such **zoning lot** is occupied by **school** and **residential uses** and the portion of the **building** above a height of 135 feet above **curb level** does not exceed a **lot coverage** of 40 percent; and
 - (4) on the **zoning lot** at the northeast corner of Murray Street and North End Avenue, a **special height location** of 320 feet above **curb level** is permitted

as indicated in Appendix 3.2, subject to the requirements contained in Section [84-132](#), paragraph (f);

- (e) Sections [23-62](#) and [33-42](#) (Permitted Obstructions) are hereby made inapplicable. Any portion of a **building** that exceeds an established height limit shall be subject to the following provisions:
- (1) The following shall not be considered obstructions and may thus penetrate a maximum height limit:
 - (i) Chimneys or flues, with a total width not exceeding 10 percent of the **aggregate width of street walls** of a **building** at any level;
 - (ii) Elevator or stair bulkheads, roof water tanks, cooling towers and **accessory** mechanical equipment (including enclosure walls), pursuant to Section [33-42](#);
 - (iii) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
 - (iv) External wall thickness, pursuant to Section [33-42](#);
 - (v) Flagpoles and aerials;
 - (vi) Heliostats and wind energy systems;
 - (vii) Parapet walls, not more than four feet high in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
 - (viii) Roof thickness, up to eight inches, to accommodate the addition of insulation, for **buildings** or portions of **buildings** constructed prior to April 30, 2012. For a **building** that has added roof thickness pursuant to this paragraph, (e)(1)(viii), an **enlargement** may align with the finished roof surface of such **building**, provided the **enlarged** portion does not exceed the maximum height limit by more than eight inches;
 - (ix) Rooftop greenhouses, permitted pursuant to Section [75-01](#) (Certification for Rooftop Greenhouses);

- (x) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a **lot coverage** not greater than 10 percent of the **lot coverage** of the roof and be located at least eight feet from the **street wall** edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (xi) Solar energy systems:
 - (1) on the roof of a **building**, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a **building**, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a **street wall**, limited to a **lot coverage** not greater than 25 percent of the **lot coverage** of the roof and do not exceed a height of 15 feet, or when located on a bulkhead or other obstruction pursuant to paragraph (f) of Section [33-42](#), do not exceed a height of six feet;
 - (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the **building** wall (as viewed in elevation) from which it projects.

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;

- (xii) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (xiii) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (xiv) Wire, chain link or other transparent fences.

- (2) The maximum permitted size of enclosure walls surrounding elevator or stair bulkheads, roof water tanks, cooling towers and **accessory** mechanical equipment may be increased by authorization of the City Planning Commission, provided the Commission finds that:
- (i) the width of such additional enclosure wall at each **building** face does not exceed 80 percent of the width of the enclosure wall as allowed in paragraph (e)(1) of this Section;
 - (ii) the additional area of the enclosure wall at each **building** face is not more than 50 percent of the area permitted as-of-right; and
 - (iii) the enclosure wall is compatible with the **building** and the urban design goals of the Special District and complements the design by providing a decorative top; and
- (f) in **special height locations** in Appendices 2.2 and 3.2 of this Chapter, no portion of a **building**, including permitted obstructions, shall exceed a height of 450 feet above **curb level**.

84-14 - Parking Regulations and Curb Cuts

LAST AMENDED
1/8/1997

84-141 - Accessory off-street parking spaces

LAST AMENDED
5/8/2013

Except as provided in Section [84-142](#) (Accessory off-street parking spaces for buildings containing hotel uses), **accessory** off-street parking spaces may be provided only for **residential uses** subject to the provisions of this Section. The ownership requirement for **accessory** off-street parking is satisfied by an interest commensurate with the interest of the principal **use**. Such **accessory** parking spaces shall be **completely enclosed**. No portion of any **accessory** parking facility may be constructed at a height of more than 23 feet above **curb level**. Except as otherwise provided in this Section, no **accessory** off-site parking shall be permitted.

Accessory parking facilities shall be constructed so that no exhaust vents open onto any **street** or park or onto the **Esplanade** and so that no portion of the facility, other than entrances and exits, is visible from adjoining **zoning lots**, **streets** or parks or the **Esplanade**.

The City Planning Commission may, upon application, authorize permitted **accessory** off-street parking spaces to be located anywhere within Zone A without regard for **zoning lot lines**, provided that the Commission shall find that:

- (a) the **accessory** off-street parking spaces and required curb cuts are located within subzones A-1, A-2 or A-3 for **zoning lots** within subzones A-1, A-2 or A-3, or within subzones A-5 or A-6 for **zoning lots** in subzones A-5 or A-6, as indicated in Appendices 2 and 3; parking setbacks in Appendices 2.5 and 3.4; and curb cut locations in Appendices 2.6 and 3.5;
- (b) such **accessory** off-street parking spaces will be conveniently located in relation to the **buildings** containing **residences** to which such off-street spaces are **accessory**, and provided that all such spaces shall not be further than 600 feet from the nearest boundary of the **zoning lot** occupied by the **residences** to which they are **accessory** ;
- (c) such location of **accessory** off-street parking spaces will permit better site planning;
- (d) such **accessory** off-street parking facility shall contain parking spaces **accessory** to **residential uses** only; and
- (e) such parking facility complies with the findings in paragraphs (c)(1), (c)(2), (c)(3) and (c) (5) of Section [13-45](#) (Special Permits for Additional Parking Spaces).

Whenever off-street parking spaces are authorized to be located without regard to **zoning lot lines** in accordance with the provisions of this Section, the number of spaces generated by each **building** shall be recorded in that building's certificate of occupancy (temporary and permanent). In addition, any certificate of occupancy for the **accessory** off-street parking facility shall state the number of parking spaces authorized to be relocated from each **zoning lot**.

84-142 - Accessory off-street parking spaces for buildings containing hotel uses

LAST AMENDED
5/8/2013

For the **zoning lot** south of First Place and east of Battery Place, **accessory** off-street parking spaces for hotel **uses** may be provided at the rate established for **transient hotels** in Section [13-12](#) (Permitted Parking for Non-residential Uses) or [13-13](#) (Permitted Parking for Zoning Lots With Multiple Uses), as applicable.

84-143 - Off-street loading

LAST AMENDED
5/8/2013

Enclosed **accessory** off-street loading berths shall be provided in conformity with the requirements set forth in the following table and under rules and regulations promulgated by the Commissioner of Buildings for the **uses** listed in the table.

REQUIRED OFF-STREET LOADING BERTHS

Type of <i>Use</i>	For <i>Floor Area</i> (in square feet)	Required Berths
Supermarkets	First 8,000	None
	Next 17,000	1
	Next 15,000	1
	Each additional 15,000 or fraction thereof	1
Hotels	First 100,000	None
	Next 200,000	1
	Each additional 300,000 or fraction thereof	1

84-144 - Location of curb cuts

LAST AMENDED
2/2/2011

Curb cuts are permitted only in the areas or locations indicated in Appendices 2.6 and 3.5. The aggregate width of all curb cuts provided for any **zoning lot** shall not exceed 20 feet, except that:

- (a) for the **zoning lot** bounded to the north by a mapped public place, to the west by North Park, to the south by Chambers Street, and to the east by Marginal Street, the aggregate width of all curb cuts shall not exceed 40 feet;
- (b) for the **zoning lot** bounded by Warren Street to the north, River Terrace to the west, North End Avenue to the east and Park Place West to the south, the aggregate width of all curb cuts shall not exceed 30 feet, comprised of two 15 foot curb cuts;
- (c) for the **zoning lot** bounded by Murray Street to the north, River Terrace to the west, North End Avenue to the east and Vesey Place to the south, the aggregate width of all

curb cuts shall not exceed 40 feet, including a 25 foot wide curb cut to the **accessory** off-street parking facility;

- (d) for the **zoning lot** south of First Place and east of Battery Place, the aggregate width of all curb cuts shall not exceed 50 feet;
- (e) for each **zoning lot** located on the east side of Battery Place:
 - (1) between First Place and Second Place, the aggregate width of all curb cuts shall not exceed 40 feet;
 - (2) between Second Place and Third Place, the aggregate width of all curb cuts shall not exceed 50 feet; and
- (f) for the **zoning lot** south of First Place and west of Battery Place, the aggregate width of all curb cuts shall not exceed 24 feet.

84-20 - ZONE B

LAST AMENDED
2/2/2011

Zone B is designed to provide for commercial and mixed development with ancillary retail and service uses, in accordance with the Large Scale Commercial Development Plan which is attached as an exhibit to the Master Lease for Battery Park City dated June 6, 1980, as amended. Alignment of the pedestrian bridge at Liberty Street shall connect or allow for connection at the easterly line of West Street with a pedestrian connection to be provided on the southerly side of Liberty Street, as provided in this Section. In addition, the pedestrian bridge at the World Trade Center crossing shall connect or allow for connection with the World Trade Center at the easterly line of West Street. The pedestrian bridges are shown on the District Plan in Appendix 1.

84-30 - ZONE C

LAST AMENDED
1/8/1997

84-31 - General Provisions

LAST AMENDED
2/2/2011

Zone C is designed to provide for commercial and mixed use development, parking and ancillary retail and service uses, as permitted pursuant to this Chapter. Zone C is divided into two subzones: C-1 and C-2. The location and boundaries of the subzones are shown in Appendix 3 of this Chapter. Except as expressly modified by the provisions of this Chapter, the

regulations applying to a C6-6 District shall apply in Zone C of the ***Special Battery Park City District***.

84-32 - Use Regulations

LAST AMENDED
1/8/1997

Use regulations applicable in C6-6 Districts shall apply subject to the provisions of Sections [84-031](#) (Special permit uses) and [84-032](#) (Uses not permitted). In addition, the following ***uses*** shall be permitted:

Indoor interactive entertainment facilities, with eating and drinking, consisting of mechanical, electronic or computer supported games provided that a minimum of four square feet of waiting area within the ***zoning lot*** shall be provided for each person permitted under the occupant capacity as determined by the New York City Building Code. The required waiting area shall be in an enclosed lobby and shall not include space occupied by stairs, corridors or restrooms.

Parking facilities, public, subject to Section [84-341](#)

Physical culture or health establishments

Sporting goods or equipment, sale or rental, including instruction in skiing, sailing or skin diving, as permitted in Use Group 14

84-33 - Bulk Regulations

LAST AMENDED
1/8/1997

Bulk regulations otherwise applicable in C6-6 Districts and equivalent ***Residential Districts*** are hereby modified to the extent set forth in this Section and Sections [84-331](#) through [84-333](#), inclusive.

The height and setback regulations otherwise applicable in C6-6 Districts, and equivalent ***Residential Districts***, are superseded by the regulations set forth in Section [84-332](#) (Mandatory front building walls) and [84-333](#) (Limited height of buildings) and Appendices 3.1 and 3.2.

84-331 - Floor area regulations

LAST AMENDED
2/2/2011

Notwithstanding any other provisions of this Resolution, the permitted ***floor area ratio*** for any

zoning lot shall not exceed 15.0. The **floor area ratio** for **residential uses** shall not exceed 10.0. The **floor area** bonus provisions shall not apply.

84-332 - Mandatory front building walls

LAST AMENDED
2/2/2011

Appendix 3.1 specifies locations where a **mandatory front building wall line** is required. **Buildings** shall have a mandatory front **building** wall coincident with and constructed along such **mandatory front building wall line** for a minimum of 80 percent of the length of the frontage required to have the mandatory front **building** wall, which shall rise without setback for a height above **curb level** not less than 110 feet nor more than 140 feet in subzone C-1, and not less than 60 feet nor more than 140 feet in subzone C-2, except that the mandatory front **building** wall on Murray Street within subzone C-2 may rise without setback to the maximum height established pursuant to Section [84-333](#) (Limited height of buildings) and, provided further, that the mandatory front **building** wall requirement shall not apply to the **building** frontage along a pedestrian right-of-way in subzone C-2.

However, where Appendix 3.1 shows a mandatory front wall along Murray Street, such front **building** wall may be located either along the **street line** on Murray Street or at a right angle to North End Avenue within 30 feet from the intersection of Murray Street and North End Avenue.

At 140 feet above **curb level**, the **building** must set back at least 15 feet from the **street line** of Vesey Street, North End Avenue and Murray Street, except that there shall be no required setback along Murray Street in subzone C-2. Front wall recesses for architectural and decorative purposes are permitted in mandatory front walls, provided that:

- (a) the aggregate area of front wall recesses below the maximum height of the required front wall is less than 50 percent of the required mandatory front **building** wall;
- (b) the maximum depth of any recess shall be 20 feet;
- (c) recesses with a depth of less than two feet shall not be considered recesses for the purposes of this Section; and
- (d) recesses shall not be open to the sky.

84-333 - Limited height of buildings

LAST AMENDED
4/30/2012

The maximum height of any **building or other structure**, or portion thereof, shall not exceed 400 feet on any portion of subzone C-1 shown as a **special height location** in Appendix 3.2 of this Chapter, except that permitted obstructions, pursuant to Section [33-42](#), shall be allowed to

penetrate a maximum height limit.

The maximum height of any **building or other structure**, or any portion thereof, located within subzone C-2 shall not exceed 180 feet above **curb level**, except that:

- (a) the maximum height of any **building or other structure**, or portion thereof, shown as a **special height location**, shall not exceed the height set forth in Appendix 3.2; and
- (b) Sections [23-62](#) and [33-42](#) (Permitted Obstructions) are hereby made inapplicable. Any portion of a **building or other structure** that exceeds an established height limit shall be subject to the following provisions:
 - (1) The following shall not be considered obstructions and may thus penetrate a maximum height limit:
 - (i) Chimneys or flues, with a total width not exceeding 10 percent of the **aggregate width of street walls** or a **building** at any level;
 - (ii) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
 - (iii) Elevator or stair bulkheads, roof water tanks, cooling towers or other **accessory** mechanical equipment (including enclosure walls), pursuant to Section [33-42](#);
 - (iv) Fences, wire, chain link or other transparent type;
 - (v) Flagpoles and aerials;
 - (vi) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
 - (vii) Roof thickness, up to eight inches, to accommodate the addition of insulation, for **buildings** or portions of **buildings** constructed prior to April 30, 2012. For a **building** that has added roof thickness pursuant to this paragraph, (b)(1)(vii), an **enlargement** may align with the finished roof surface of such **building**, provided the **enlarged** portion does not exceed the maximum height limit by more than eight inches;

- (viii) Rooftop greenhouses, permitted pursuant to Section [75-01](#) (Certification for Rooftop Greenhouses);
- (ix) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a **lot coverage** not greater than 10 percent of the **lot coverage** of the roof and be located at least eight feet from the **street wall** edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (x) Solar energy systems:
 - (a) on the roof of a **building**, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (b) on the roof of a **building**, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a **street wall**, limited to a **lot coverage** not greater than 25 percent of the **lot coverage** of the roof and do not exceed a height of 15 feet, or when located on a bulkhead or other obstruction pursuant to paragraph (f) of Section [33-42](#), do not exceed a height of six feet;
 - (c) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the **building** wall (as viewed in elevation) from which it projects.

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;
- (xi) Vegetated roofs, not more than 3 feet, 6 inches in height, excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (xii) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on

April 30, 2012, whichever is higher.

- (2) The maximum permitted size of enclosure walls surrounding elevator or stair bulkheads, roof water tanks, cooling towers and **accessory** mechanical equipment may be increased by authorization of the City Planning Commission, provided the Commission finds that:
 - (i) the width of such additional enclosure wall at each **building** face does not exceed 80 percent of the width of the enclosure wall as allowed in paragraph (b)(1) of this Section;
 - (ii) the additional area of the enclosure wall at each **building** face is not more than 50 percent of the area permitted as-of-right; and
 - (iii) the enclosure wall is compatible with the **building** and the urban design goals of the Special District and complements the design by providing a decorative top.
- (c) In no event shall the height of any **building**, including permitted obstructions, exceed 800 feet above **curb level**.

84-34 - Parking Regulations and Curb Cuts

LAST AMENDED
8/12/2004

Notwithstanding any other regulations of this Resolution, off-street parking spaces shall be permitted pursuant to this Section.

84-341 - Off-street parking

LAST AMENDED
8/12/2004

Accessory off-street parking spaces are not required in Zone C. However, a maximum of 300 public parking spaces are permitted in subzones C-1 and C-2 combined, provided that:

- (a) such spaces shall be completely enclosed;
- (b) no portion of the parking facility, other than entrances and exits, shall be visible from adjoining **zoning lots**, **streets**, parks or the **Esplanade** ;
- (c) no exhaust vents shall open onto any **street** or park; and
- (d) the parking facility shall not be more than 23 feet above **curb level**.

84-342 - Off-street loading

LAST AMENDED
8/12/2004

The number of required **accessory** loading berths in subzone C-2 may be reduced by up to 50 percent of the number required pursuant to Section [36-62](#) (Required Accessory Off-street Loading Berths).

84-343 - Curb cuts

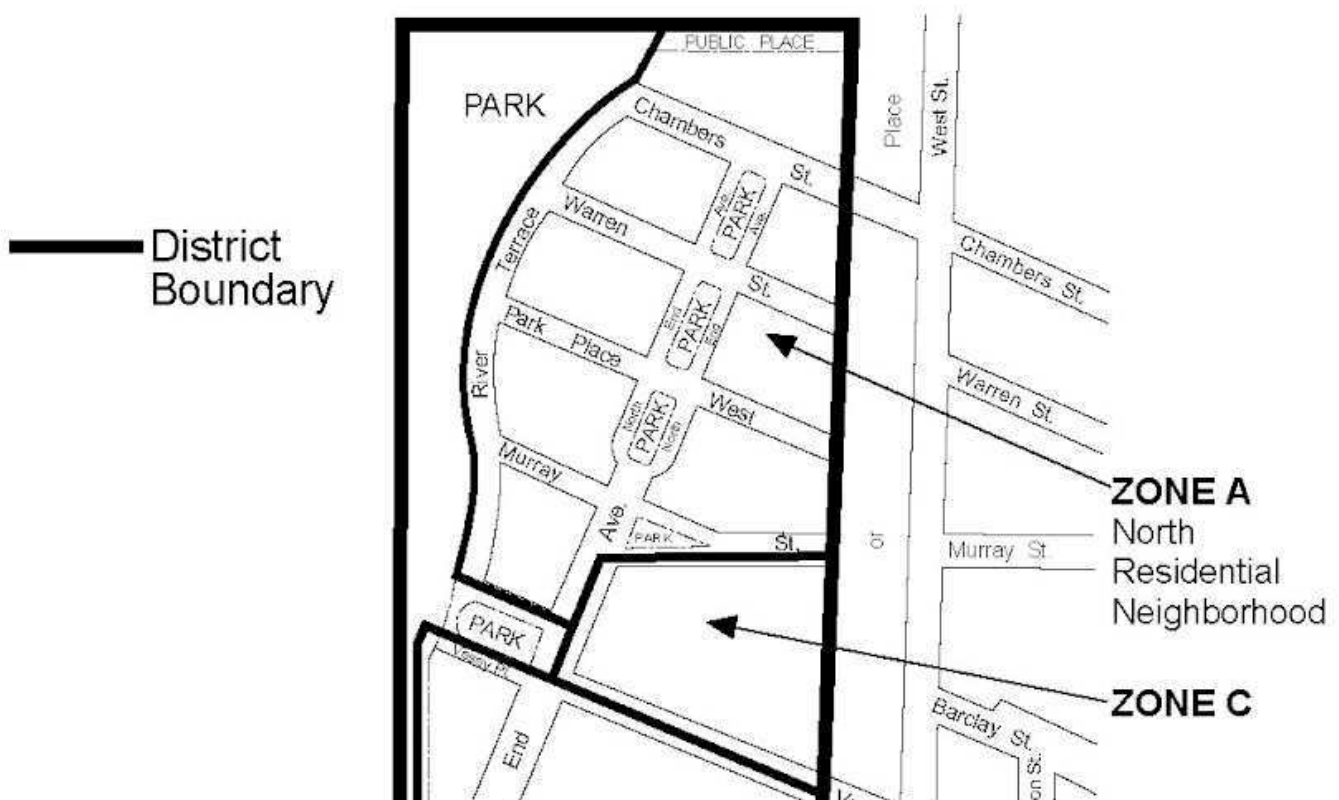

LAST AMENDED
8/12/2004

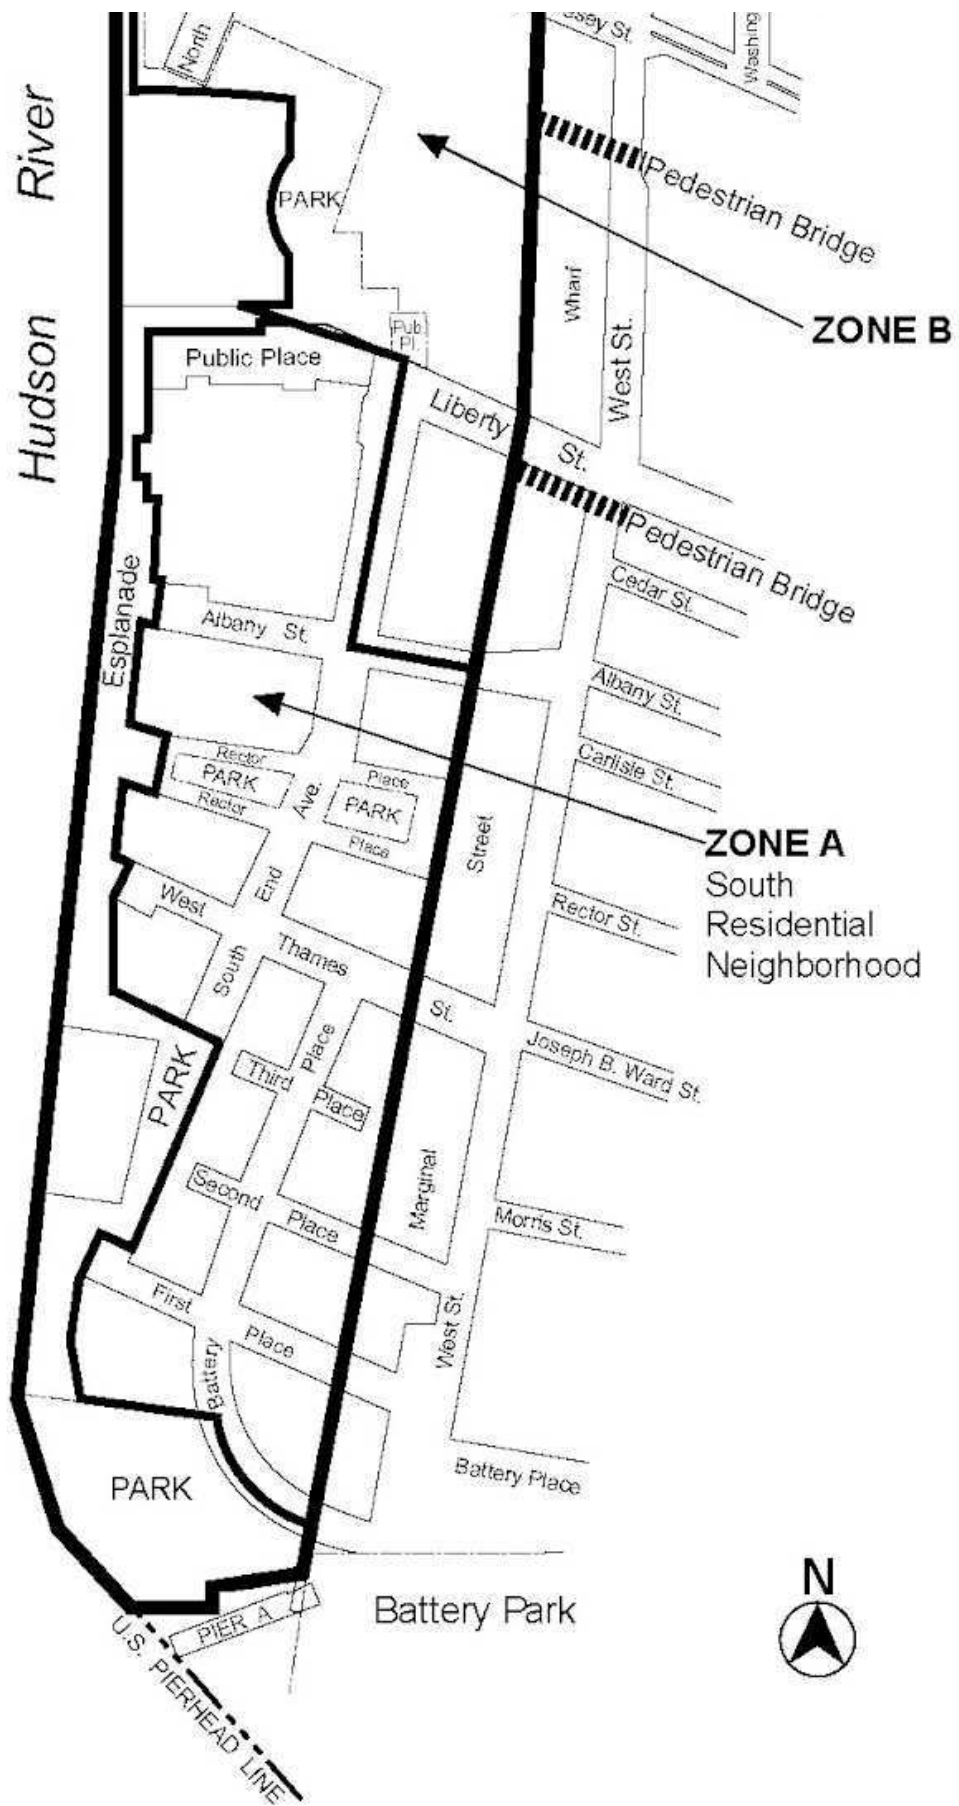

Curb cuts are permitted only in locations indicated in Appendix 3.5 and along any **street** or right-of-way not shown on Appendix 3.5. The aggregate width of all curb cuts for subzone C-1 shall not exceed 50 feet. The aggregate width of all curb cuts for subzone C-2 shall not exceed 60 feet.

Chapter 5 - Special United Nations Development District (U)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 5 - Special United Nations Development District (U)

85-00 - GENERAL PURPOSES

LAST AMENDED

8/21/1980

The "Special United Nations Development District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and promote the character of the Special United Nations Development District adjacent to the headquarters of the United Nations, an attraction which helps the City of New York to maintain its preeminent status as a center for international organizations, as an office headquarters center and a cosmopolitan residential community;
- (b) to facilitate the continued growth of the programs and activities of the United Nations and to help assure the retention of the United Nations headquarters in the City of New York;
- (c) to encourage the provision of suitable office facilities for the United Nations, missions of member nations of the United Nations, and for non-governmental organizations related to the United Nations, in an attractive environment within a reasonable distance of the United Nations;
- (d) to encourage the provision of housing suitable for personnel of delegations and members of the United Nations staff within a reasonable distance of the United Nations;
- (e) to encourage the provision of hotel accommodations in the immediate vicinity of the United Nations suitable for visiting heads of state and other dignitaries attending the United Nations;
- (f) to encourage the provision of community facilities, meeting rooms, and other facilities suitable for United Nations-related uses and purposes;
- (g) to alleviate vehicular and pedestrian traffic congestion in the vicinity of the United Nations;
- (h) to promote coordinated redevelopment of the area contiguous to the United Nations in a manner consistent with the foregoing objectives which are an integral element of the comprehensive plan of the City of New York;
- (i) to provide freedom of architectural design in accommodating facilities for the United

Nations and supporting activities within multi-use structures which produce more attractive and economic development; and

- (j) to promote the most desirable use of land in this area in accordance with a well-considered plan to promote the special character of the district and its peculiar suitability for uses related to the United Nations and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues.

85-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS).

85-02 - General Provisions

LAST AMENDED
8/21/1980

In harmony with the general purpose and intent of this Resolution and the general purposes of the ***Special United Nations Development District*** and in accordance with the provisions of this Chapter, the existing district regulations are superseded and replaced by the regulations applying to a C5-3 District, except as modified by the provisions of this Chapter, for construction of any ***development*** in the ***Special United Nations Development District***, provided that the ***development*** is undertaken in accordance with a development plan approved by the City Planning Commission and the Board of Estimate, which plan comprises ***zoning lots*** having a total area of at least 1.5 acres to be ***developed*** at one time or in stages, and that such ***development*** is undertaken by or with the consent of the party proposing such plan, and further provided that the Chairperson of the City Planning Commission certifies:

- (a) for ***development*** commencing before January 1, 1980, that the final plans generally comply with the design concept dated January 6, 1970, on file with the Commission; or
- (b) for ***development*** commencing after January 1, 1980, that the final plans generally comply with the amended design concept dated April 30, 1980, on file with the Commission.

85-03 - Modifications of Use Regulations

LAST AMENDED
2/8/1990

In addition to the ***uses*** permitted in a C5-3 District, the ***uses*** and ***accessory uses*** set forth in this Section are hereby permitted in any ***development*** to be constructed in accordance with

the general purposes and provisions of this Chapter, notwithstanding any other provision of this Resolution. All such **commercial uses** may be located in any **mixed building** and anywhere within such **building** without regard to Section [32-42](#) (Location Within Buildings).

- (a) Auditoriums, with unlimited capacity;
- (b) Automobile rental establishments;
- (c) Eating or drinking establishments, with entertainment and a capacity of more than 200 persons or establishments of any capacity with dancing; or
Eating or drinking establishments, with musical entertainment but not dancing, with a capacity of 200 persons or less;
- (d) **Parking facilities, accessory, group**, with a capacity of 380 parking spaces for automobiles solely for **residences**, hotels, foreign missions and United Nations related **uses** ;
- (e) Photographic developing or printing, without limitation on **floor area** per establishment;
- (f) Printing or publishing, without limitation on **floor area** per establishment;
- (g) **Public parking lots**, temporary, of no more than five years' duration or until such time as the **development** is completed, whichever is sooner;
- (h) Recreational **uses**, other;
- (i) Skating rinks, indoor;
- (j) Swimming pools, commercial;
- (k) Tennis courts, indoor;
- (l) Theaters, with unlimited capacity.

85-04 - Modifications of Bulk Regulations

LAST AMENDED
2/2/2011

Notwithstanding any other provisions of this Resolution the following modifications of **bulk** regulations are hereby granted for any **development** which the Chairperson of the City Planning Commission certifies will generally comply with the concept on file with the City Planning Commission dated January 6, 1970, for **development** commencing before January 1, 1980, or the amended design concept on file with the Commission dated April 30, 1980, for **development** commencing after January 1, 1980.

In no event shall the maximum **floor area ratio** for the **Special United Nations Development**

District, taken as a whole, exceed 15.0. The **floor area ratio** of a **residential building** or the **residential** portion of a **mixed building** shall not exceed the maximum **floor area ratio** set forth in Sections [34-112](#), [23-152](#) and [35-31](#).

The **development** may include land in more than one **block** and the total permitted **floor area** of all **zoning lots** within such **development** may be distributed without regard for **zoning lot lines** or any **streets** separating the **zoning lots** and the **buildings** comprising such **development** may be located without regard for the applicable height and setback regulations.

In no event shall any **development** on the south side of 44th Street within the **Special United Nations Development District** contain more than 200,000 square feet of **floor area**, and no more than 61,000 square feet of **floor area** may be transferred for any such **development**.

At the time of any transfer of **floor area** in the **Special United Nations Development District**, there shall be recorded in the land records, and indexed against each tax lot from which **floor area** is removed, an instrument removing such **floor area** and stating the maximum permissible **floor area** remaining on the tax lot after deducting the **floor area** transferred; and there shall be recorded in the land records, and indexed against each tax lot to which **floor area** is added, an instrument evidencing the transfer of the **floor area** to the tax lot benefitted and identifying by tax block and lot number and description the tax lot from which the **floor area** has been transferred. A certified copy of such instruments shall be filed with the Commission upon recordation thereof.

For the purpose of any transfer of **floor area** in the **Special United Nations Development District**, the total permitted **floor area** of any tax lot from which **floor area** is transferred shall be the maximum **floor area** permitted under this Chapter for a **commercial building**, less the total **floor area** of any **building** on the tax lot.

The minimum front setback of a **building** on any portion of 45th Street within the **Special United Nations Development District**, more than 100 feet from First Avenue, shall be not less than 10 feet from the **street line**, and required **yards** within the **Special United Nations Development District** shall not be less than 20 feet in depth.

For a **residential building** or the **residential** portions of any mixed-use **building** located on the north side of 44th Street within the **Special United Nations Development District**, the provisions of Sections [23-532](#) (Required rear yard equivalents) and [23-711](#) (Standard minimum distance between buildings) shall not apply. Notwithstanding anything in this Resolution to the contrary, the minimum distance between a **residential** portion of a **building** and any other **building** on the same **zoning lot** within the **Special United Nations Development District** shall be not less than 28 feet.

For any **building** containing **residences** within the **Special United Nations Development District**, the applicable density requirements may be modified, but in no event shall there be less than 395 square feet of **residential floor area** per **dwelling unit**.

As a condition for granting such authorizations, in each case the Commission shall make the

following findings:

- (a) that the land use intensity and distribution of ***bulk*** of the total ***development*** permit better site planning and significantly achieve the specific purposes for which the ***Special United Nations Development District*** is established; and
- (b) that all new ***buildings or other structures*** erected within the ***Special United Nations Development District*** are in compliance with the special height requirements set forth in Section [85-05](#) of this Chapter.

85-05 - Limited Height of Buildings

LAST AMENDED
8/21/1980

The maximum height of a ***building or other structure***, including elevator or stair bulkheads, ***accessory*** water tanks or cooling towers, chimneys, parapets, arbors or trellises and flagpoles, located within the ***Special United Nations Development District***, shall not exceed 550 feet above the established grade of the easterly side of Second Avenue midway between East 43rd and East 45th Streets. No portion of any ***building*** within the ***Special United Nations Development District*** may be built to a height greater than the present height of the United Nations Secretariat Building within 200 feet west of the westerly boundary of First Avenue. No portion of any ***development*** on the south side of 44th Street within the ***Special United Nations Development District*** may be built to a height greater than 183 feet above ***curb level*** or 15 ***stories***, whichever is less.

Zoning Resolution

THE CITY OF NEW YORK

Bill de Blasio, Mayor

CITY PLANNING COMMISSION

Marisa Lago, Chair

Chapter 6 - Special Forest Hills District (FH)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 6 - Special Forest Hills District (FH)

86-00 - GENERAL PURPOSES

LAST AMENDED
3/24/2009

The “Special Forest Hills District” established in this Resolution is designed to promote and protect the public health, safety, general welfare and amenity of Forest Hills. The general goals include, among others, the following specific purposes:

- (a) to ensure that the form of new buildings is compatible with and relates to the built character of the Forest Hills neighborhood;
- (b) to preserve, protect and promote the special character of Austin Street as a regional shopping destination;
- (c) to create a graduated transition from the lower-scale character of Austin Street to the higher-scale character of Queens Boulevard;
- (d) to support a broad and vibrant mix of commercial and residential uses throughout the Special District;
- (e) to enhance the pedestrian setting of Austin Street through appropriate ground floor uses and structural requirements; and
- (f) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City’s revenue.

86-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS).

86-02 - General Provisions

LAST AMENDED
2/2/2011

In harmony with the general purposes of this Resolution and in accordance with the provisions of the ***Special Forest Hills District***, the regulations of this Chapter shall apply within the Special District. Unless modified by the particular provisions of the Special District, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions

of this Chapter shall control.

Any special permit granted by the Board of Standards and Appeals before March 24, 2009, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections [11-42](#) (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and [11-43](#) (Renewal of Authorization or Special Permit).

86-03 - District Plan and Maps

LAST AMENDED
3/24/2009

The regulations of this Chapter are designed to implement the District Plan for the ***Special Forest Hills District***. The District Plan includes the map of the ***Special Forest Hills District***, which is set forth in the Appendix to this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

86-10 - SPECIAL USE REGULATIONS

LAST AMENDED
3/24/2009

86-11 - Ground Floor Uses Along Designated Streets

LAST AMENDED
2/2/2011

Along the portions of Austin Street and 71st Avenue specified on the map in the Appendix to this Chapter as Retail Continuity Streets, ***uses*** within ***stories*** that have a floor level within five feet of ***curb level*** shall be limited to ***commercial*** or ***community facility uses*** permitted by the underlying district and the provisions of Section [86-12](#) (Modification of Uses Along Austin Street) and shall extend to a minimum depth in accordance with the provisions set forth in Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses).

Such ground floor ***street*** frontage of a ***development*** or ***enlargement*** constructed after March 24, 2009, shall be allocated exclusively to such ***uses***, except for Type 2 lobby space, entryways or entrances to subway stations and ***accessory*** parking spaces provided in accordance with applicable provisions of Section [37-33](#) (Maximum Width of Certain Uses).

86-12 - Modification of Uses Along Austin Street

LAST AMENDED
3/24/2009

The **use** regulations in the ***Special Forest Hills District*** shall be modified to permit Use Groups 10A, 10C, 12A, 12B, 12D and 12E within C2 Districts fronting on Austin Street.

The provisions of Section [32-423](#) (Limitation on ground floor location) shall not apply to **uses** located along Austin Street.

86-13 - Location of Uses in Mixed Buildings

LAST AMENDED
2/2/2011

The provisions of Section [32-422](#) (Location of floors occupied by commercial uses) are modified to permit ***dwelling units*** on the same ***story*** as ***commercial use*** provided no access exists between such **uses** at any level containing ***dwelling units*** and provided any ***commercial uses*** are not located directly over any ***dwelling units***.

Such ***commercial uses***, however, may be located over ***dwelling units*** by authorization of the City Planning Commission upon a finding that there is sufficient separation of ***residential uses*** from ***commercial uses*** within the ***building***.

86-14 - Transparency Requirement

LAST AMENDED
2/2/2011

For ***developments*** or ***enlargements*** constructed after March 24, 2009, the ground floor ***street wall*** bounding any ***commercial*** or ***community facility use***, other than a ***school***, shall be glazed in accordance with the transparency requirements set forth in Section [37-34](#) (Minimum Transparency Requirements).

86-20 - SPECIAL BULK REGULATIONS

LAST AMENDED
3/24/2009

The applicable ***bulk*** regulations of the underlying districts shall apply within the ***Special Forest Hills District***, except as modified by this Section, inclusive.

86-21 - Special Floor Area Regulations in C4-5X Districts

LAST AMENDED
3/24/2009

In C4-5X Districts within the **Special District**, the underlying **floor area ratio** for **commercial uses** shall not apply. In lieu thereof, the provisions of Section [33-122](#) (Commercial buildings in all other Commercial Districts) shall be modified to permit a maximum **floor area ratio** of 5.0.

86-22 - Waiver for Rear Yards

LAST AMENDED
3/24/2009

No **rear yards** shall be required for any **commercial** or **community facility use** permitted within a C2-3 District in the **Special Forest Hills District**.

86-23 - Height and Setback Regulations

LAST AMENDED
2/2/2011

Buildings or other structures within the Special District shall comply with the height and setback regulations of Section [35-65](#) (Height and Setback Requirements for Quality Housing Buildings), except as modified by this Section.

(a) In C4-4A Districts

Within the C4-4A District, the maximum base height of the **street wall** shall be 60 feet.

The maximum height of a **building or other structure** within the C4-4A District shall be 70 feet.

(b) In C4-5X Districts

Within the C4-5X District west of 70th Road, the minimum base height of the **street wall** shall be 40 feet and the maximum base height of the **street wall** shall be 60 feet.

The maximum height of a **building or other structure** within the C4-5X District shall be 120 feet, except that within 60 feet of the northerly side of Austin Street between Yellowstone Boulevard and 70th Avenue, the maximum height for **buildings or other structures** shall be 80 feet.

All heights shall be measured from the **base plane**.

86-30 - SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

LAST AMENDED
2/2/2011

For any **zoning lot** within the **Special Forest Hills District**, the City Planning Commission may permit modification of the **use** or **bulk** regulations, other than **floor area ratio** provisions, provided the Commission shall find that such:

- (a) **use** or **bulk** modification will aid in achieving the general purposes and intent of the Special District;
- (b) **use** modification will encourage a lively pedestrian environment along Austin Street;
- (c) modification is the only practicable way to achieve the programmatic requirements of the development;
- (d) modification will enhance the distribution of **bulk** on the **zoning lot**;
- (e) modification of **bulk** will permit adequate access of light and air to surrounding **streets** and properties; and
- (f) **use** or **bulk** modification will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

86-40 - SPECIAL OFF-STREET PARKING AND LOADING REGULATIONS

LAST AMENDED
3/24/2009

The applicable parking and loading regulations of the underlying districts shall apply within the **Special Forest Hills District**, except as modified by this Section, inclusive.

86-41 - Parking Regulations for Commercial Uses

LAST AMENDED
3/24/2009

For all **commercial uses** located within the **Special Forest Hills District** in parking requirement category (PRC) A, B, B1 or C, the requirements of Section [36-21](#) (General Provisions) pertaining to the number of **accessory** off-street parking spaces required for each type of **use** shall be modified to provide one parking space per 400 square feet of **floor area** for all such **uses**.

In the Special District, hotels (PRC-H) shall be required to provide one parking space per 12 guest rooms or suites, or one parking space per 12 persons rated capacity, whichever is greater. Places of assembly (PRC-D) shall be required to provide one parking space per 12 persons rated capacity.

86-42 - Location of Off-site Accessory Parking Spaces for Residential Uses

LAST AMENDED
2/2/2011

The applicable regulations for the location of permitted or required off-site **accessory** parking spaces for **residential uses** in Sections [36-42](#) (Off-site Spaces for Residences) and [36-421](#) (Maximum distance from zoning lot) shall not apply in the **Special Forest Hills District**. In lieu thereof, such off-site parking spaces, which are **accessory** to a **residential use**, may also be located on any **zoning lot** within the Special District other than the **zoning lot** to which they are **accessory**.

86-43 - Modification of Parking Requirement Waivers

LAST AMENDED
2/2/2011

The waiver provisions of Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), inclusive, shall be modified within the **Special Forest Hills District**, as follows:

- (a) For any **development** or **enlargement** containing **residences**, the waiver modification provisions set forth in Section [36-362](#) (In other C1 or C2 Districts or in C4, C5 or C6 Districts), inclusive, shall not apply. In lieu thereof, the total number of **accessory** off-street parking spaces required in Section [36-30](#) (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES WHEN PERMITTED IN COMMERCIAL DISTRICTS), inclusive, shall be waived if the number of spaces for all **uses** on the **zoning lot**, required by the applicable regulations of Section [36-30](#), inclusive, is five spaces or fewer.

For any **commercial** or **community facility use** permitted in the Special District, the modification waiver provisions for a C4-4 or C4-5 District set forth in Section [36-232](#) (In districts with very low parking requirements) shall not apply. In lieu thereof, the total number of **accessory** off-street parking spaces required in Section [36-21](#) (General Provisions) shall be waived if the number of spaces for all **uses** on the **zoning lot**, required by the regulations of Section [36-21](#), is fewer than 40 spaces.

- (b) The provisions of Sections [36-342](#) (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and [36-344](#) (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the **Special Forest Hills District**.
- (c) Within the **Special Forest Hills District**, the provisions of paragraph (a) of this Section and Sections [36-23](#) (Waiver of Requirements for Spaces Below Minimum Number) and [36-36](#) (Waiver of Requirements for Small Number of Spaces) shall apply only to

zoning lots existing both on March 24, 2009, and on the date of application for a building permit.

86-44 - Location of Access to the Street

LAST AMENDED
3/24/2009

The waiver provisions of Article III, Chapter 6 (Accessory Off-street Parking and Loading Regulations), pertaining to location of access shall be modified within the ***Special Forest Hills District***, as follows:

- (a) curb cuts for permitted or required **accessory** off-street parking and loading spaces along Austin Street from 70th Avenue to Ascan Avenue and along 71st Avenue from Austin Street to Queens Boulevard, as shown on the map in the Appendix to this Chapter, shall not be allowed. The Chairperson of the City Planning Commission, however, may certify to the Commissioner of Buildings that such **zoning lot** has access only to such prohibited location and that a curb cut in that location would not be hazardous to traffic safety and would, if granted, be no wider than 20 feet; and
- (b) an application for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

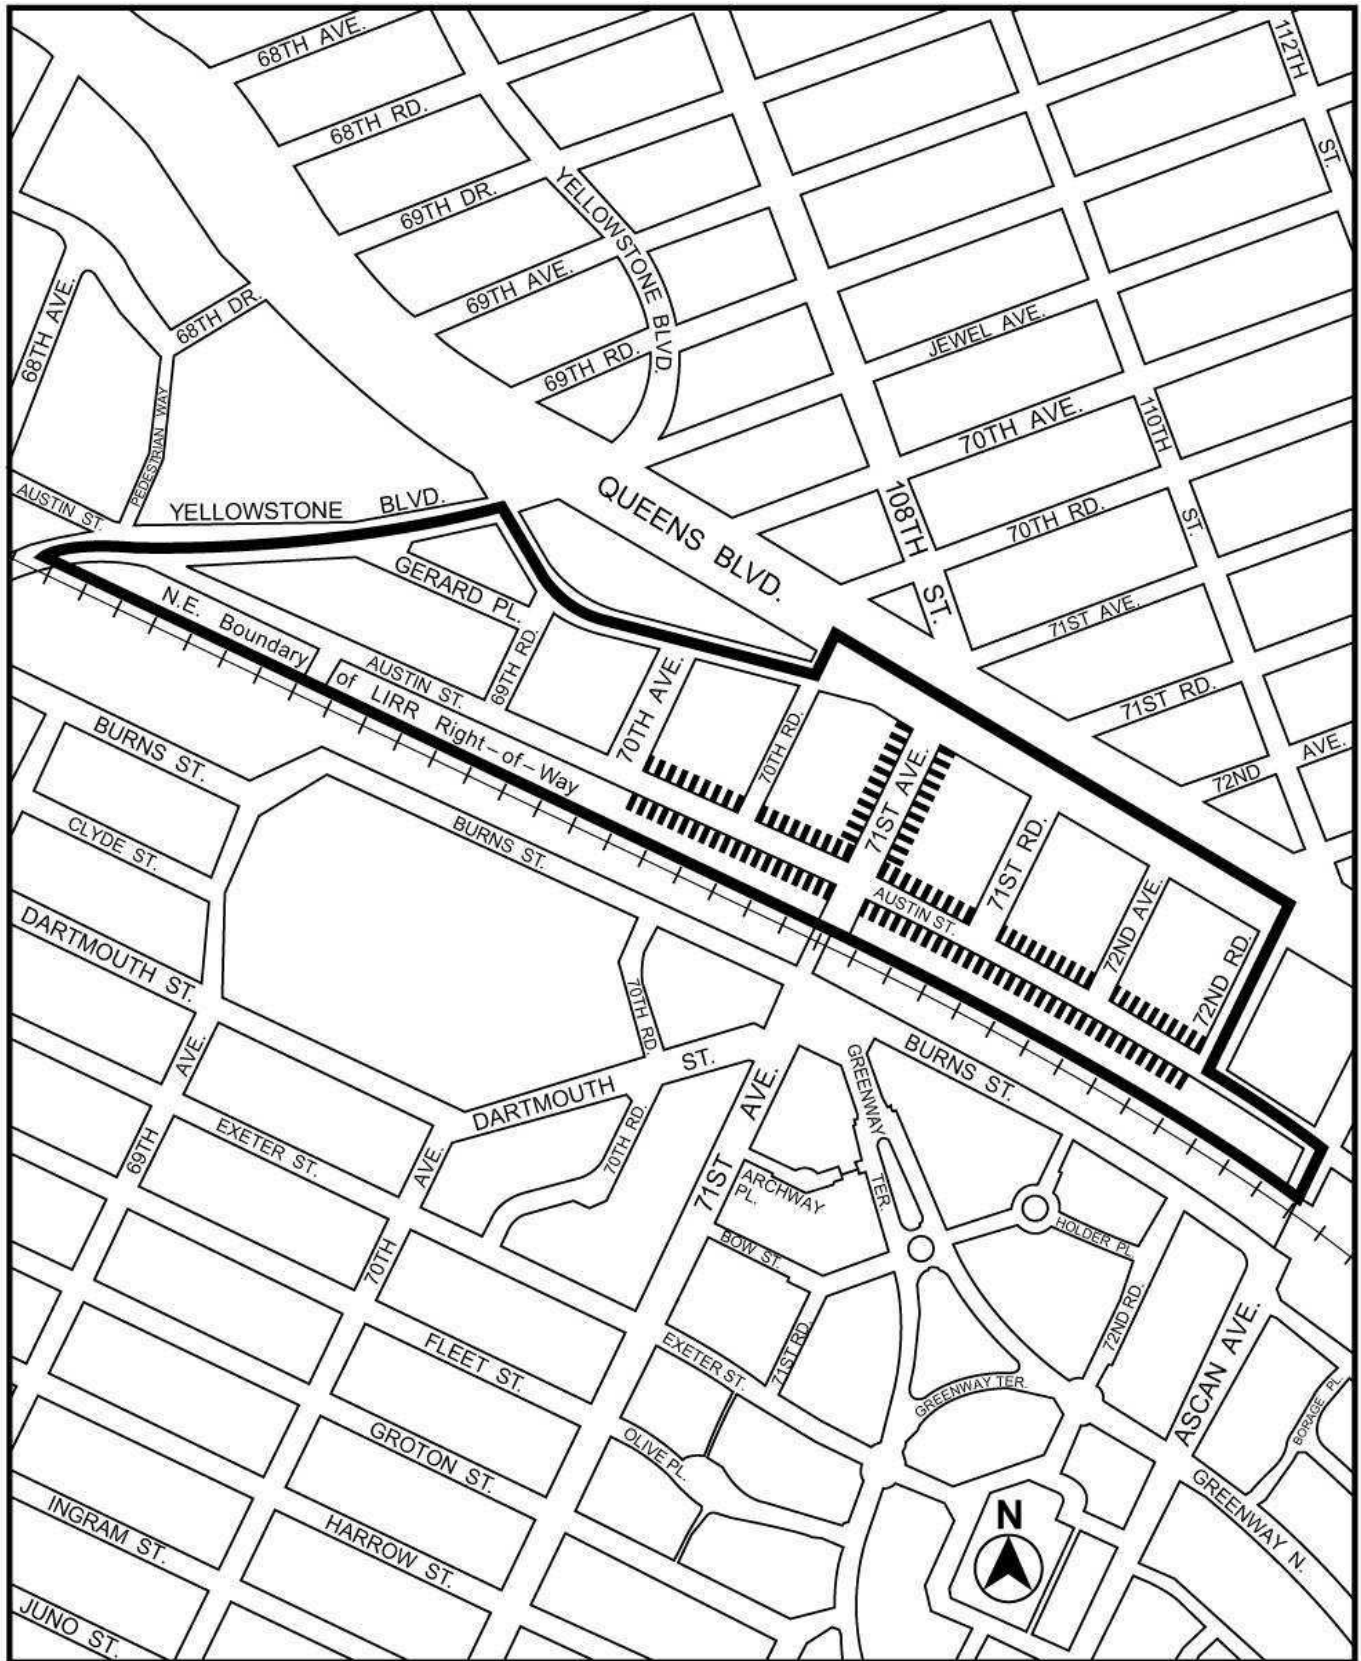

The Commissioner may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

Chapter 7 - Special Harlem River Waterfront District (HRW)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 7 - Special Harlem River Waterfront District (HRW)

87-00 - GENERAL PURPOSES

LAST AMENDED

12/11/2017

The "Special Harlem River Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to maintain and reestablish physical and visual public access to and along the waterfront;
- (b) to create a lively and attractive built environment that will provide amenities and services for the use and enjoyment of area residents, workers and visitors;
- (c) to promote the pedestrian orientation of ground floor uses in appropriate locations, and thus safeguard a traditional quality of higher density areas of the City;
- (d) to encourage well-designed development that complements the built character of the neighborhood;
- (e) to take advantage of the Harlem River waterfront and provide an open space network comprised of parks, public open space and public access areas;
- (f) to provide flexibility of architectural design within limits established to assure adequate access of light and air to streets and public access areas, and thus encourage more attractive and economic building forms;
- (g) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (h) to encourage investment in mixed residential and industrial neighborhoods by permitting expansion and new development of a wide variety of uses in a manner that will safeguard the health and safety of people using the area; and
- (i) to promote the most desirable use of land and building development in accordance with the District Plan for the Harlem River waterfront and thus conserve the value of land and buildings and thereby protect City tax revenues.

87-01 - Definitions

LAST AMENDED

12/11/2017

For purposes of this Chapter, matter in italics is defined in Sections [12-10](#), [62-11](#) or [64-11](#), or within this Section.

Ground floor level

The “ground floor level” shall mean the finished floor level of the first **story** that is within five feet of an adjacent public sidewalk or any other **publicly accessible open area**, or the finished floor level of the **lowest occupiable floor** pursuant to the provisions of Section [64-21](#) (Ground Floor Use), whichever is lower.

Major Deegan Expressway street line

The “Major Deegan Expressway street line” shall be:

- (a) in the event that the portion of the Major Deegan Expressway traversing Parcels 1, 2, 3 or 4, as shown on Map 1 in the Appendix to this Chapter, has been widened after December 11, 2017, a line 22 feet west of and parallel to the as-built western edge of such Expressway structure for Parcel 1, and a line 14 feet west of and parallel to the as-built western edge of such Expressway for Parcels 2, 3, or 4; or
- (b) in the event that the portion of the Major Deegan Expressway traversing Parcels 1, 2, 3 or 4, as shown on Map 1 in the Appendix to this Chapter, has not been widened after December 11, 2017, a line connecting on:
 - (1) Parcel 1:
 - (i) a point located on the northern boundary of Parcel 1 that is 120 feet west of its intersection with the eastern parcel boundary; and
 - (ii) a point on the southern boundary of Parcel 1 that is 110 feet west of its intersection with the eastern parcel boundary.
 - (2) Parcel 2:
 - (i) a point located on the northern boundary of Parcel 2 that is 74 feet west of its intersection with the eastern parcel boundary; and
 - (ii) a point located on the southern boundary of Parcel 2 that is 74 feet west of its intersection with the eastern parcel boundary.
 - (3) Parcel 3:
 - (i) a point located on the northern boundary of Parcel 3 that is 74 feet west of its intersection with the eastern parcel boundary; and
 - (ii) a point located on the southern boundary of Parcel 3 that is 30 feet west of its intersection with the eastern parcel boundary.

(4) Parcel 4:

- (i) a point located on the northern ***lot line*** of Parcel 4 that is 30 feet west of its eastern ***lot line***; and
- (ii) a point located on the eastern ***lot line*** of Parcel 4 that intersects with a line parallel to and 60 feet from the northern ***lot line***.

87-02 - General Provisions

LAST AMENDED
12/11/2017

In harmony with the general purpose and intent of this Resolution and the general purposes of the ***Special Harlem River Waterfront District***, the regulations of the ***Special Harlem River Waterfront District*** shall apply. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control, except as specifically modified in this Chapter.

87-03 - District Plan

LAST AMENDED
12/11/2017

The regulations of this Chapter are designed to implement the ***Special Harlem River Waterfront District*** Plan as set forth in the Appendix to this Chapter. The plan area has been divided into three Subdistricts comprised of parcels that consist of tax blocks and lots as follows:

Core Subdistrict - tax blocks and lots existing on June 30, 2009

Parcel 1: Block 2349, Lot 112

Parcel 2: Block 2349, Lot 100 (that portion not mapped as parkland in accordance with Alteration Map No. 13124, dated January 29, 2009, in the Office of the Bronx Borough President)

Parcel 3: Block 2349, Lots 46, 47, 146

Parcel 4: Block 2349, Lot 38

Parcel 5: Block 2349, Lots 15, 20

Parcel 6: Block 2349, Lots 3, 4

Parcel 7: Block 2323, Lot 43

Parcel 8: Block 2323, Lot 28

Parcel 9: Block 2323, Lots 5, 13, 18

North Subdistrict - tax blocks and lots existing on December 11, 2017

Parcel 10: Block 2539, Lot 1, portion of
Lots 2, 3

Block 2356, Lots 2, 72 and tentative
Lot 102 (existing on December 11, 2017)

South Subdistrict - tax blocks and lots existing on December 11, 2017

Parcel 11: Block 2319, Lot 55

Parcel 12: Block 2319, Lot 60

Parcel 13: Block 2319, Lots 37 and 155

Parcel 14: Block 2319, Lot 98

Parcel 15: Block 2319, Lot 99

Parcel 16: Block 2319, Lots 100 and 108

Parcel 17: Block 2319, Lot 109

Parcel 18: Block 2319, Lot 112

Parcel 19: Block 2319, Lot 2

Parcel 20: Block 2316, Lots 1 and 35

Parcel 21: Block 2319, Lot 200

The District Plan includes the following maps:

Map 1. (Special Harlem River Waterfront District, Subdistricts and Parcels)

Map 2. (Designated Non-residential Use Locations)

Map 3. (Waterfront Access Plan: Public Access Elements)

87-04 - Applicability of District Regulations

LAST AMENDED
12/11/2017

Parcels 1, 2, 3 and 4, as shown on Map 1 (Special Harlem River Waterfront District and Parcels) in the Appendix to this Chapter, shall be considered **waterfront zoning lots**, notwithstanding the mapping of any **streets** on such parcels after June 30, 2009.

87-041 - Applicability of the Quality Housing Program

LAST AMENDED
12/11/2017

In the **Special Harlem River Waterfront District**, **buildings** containing **residences** shall be **developed** or **enlarged** in accordance with the Quality Housing Program. The **bulk** regulations of this Chapter shall be considered the applicable **bulk** regulations for **Quality Housing buildings**.

87-042 - Applicability of Article VI, Chapter 2

LAST AMENDED
12/11/2017

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply in all **waterfront areas**, except as modified by the provisions of this Chapter.

For the purpose of applying the provisions of Article VI, Chapter 2, Parcels 1, 2, 3 and 4 within the Core Subdistrict, and any parcels having a boundary within 40 feet of a **shoreline** within the South Subdistrict, as shown on Map 1 (Special Harlem River Waterfront District, Subdistricts and Parcels) in the Appendix to this Chapter, shall be considered **waterfront zoning lots**, notwithstanding the mapping of any **streets** on such parcels after June 30, 2009 for the Core Subdistrict, and after December 11, 2017, for the South Subdistrict.

87-043 - Applicability of Article VI, Chapter 4

LAST AMENDED
12/11/2017

In **flood zones**, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control, except as expressly modified by this Chapter.

87-044 - Applicability of Article XII, Chapter 3

LAST AMENDED
10/17/2017

Within the South Subdistrict, for M1 Districts mapped with a ***Residence District***, the provisions of Article XII, Chapter 3 (Special Mixed Use District) for ***waterfront blocks*** shall apply, except as modified in this Chapter. In the event of a conflict between the provisions of Article XII, Chapter 3 and this Chapter, the provisions of this Chapter shall control.

87-045 - Applicability of the Inclusionary Housing Program

LAST AMENDED
12/11/2017

For the purposes of applying the Inclusionary Housing Program set forth in Section [23-90](#) (INCLUSIONARY HOUSING), the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter, shall be an ***Inclusionary Housing designated area***, and the North Subdistrict, as shown on Map 1, shall be a ***Mandatory Inclusionary Housing area***.

87-05 - Modification of Use and Bulk Regulations for Parcels Containing Newly Mapped Streets

LAST AMENDED
12/11/2017

In the event that ***streets*** are mapped on Parcels 1, 2, 3 and 4 in the Core Subdistrict after June 30, 2009, and on any Parcel in the South Subdistrict after December 11, 2017, as shown on Map 1 in the Appendix to this Chapter, the area within such ***streets*** may continue to be considered part of the ***zoning lot*** for the purposes of applying ***floor area*** regulations of this Zoning Resolution.

87-10 - SPECIAL USE REGULATIONS

LAST AMENDED
12/11/2017

The ***use*** regulations of the underlying districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) are modified by the provisions of this Section, inclusive.

87-11 -

LAST AMENDED

12/11/2017

Use Regulations Within the Core Subdistrict

The special **use** provisions of this Section, inclusive, shall apply to **zoning lots** within the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter.

87-111 - Vehicle storage establishments

LAST AMENDED
12/11/2017

Commercial or public utility vehicle storage, open or enclosed, including **accessory** motor fuel pumps as listed in Use Group 16C shall be a permitted **use** on Parcel 5, as shown on Map 1 in the Appendix to this Chapter, provided that:

- (a) such **use** is the primary **use** on Parcel 5;
- (b) no more than 10,000 square feet of **floor area** shall be provided on Parcel 5; and
- (c) a **shore public walkway** is provided as set forth in paragraph (a) of Section [87-71](#) (Special Public Access Provisions).

The streetscape provisions of Section [87-41](#), inclusive and the special height and setback regulations of Section [87-32](#), inclusive, shall not apply to such **use**. In lieu thereof, the applicable height and setback provisions of Article VI, Chapter 2 shall apply.

87-112 - Location of commercial space

LAST AMENDED
12/11/2017

The provisions of Section [32-422](#) (Location of floors occupied by commercial uses) are modified to permit **residential uses** on the same **story** as a **commercial use**, provided no access exists between such **uses** at any level containing **residences** and provided any **commercial uses** are not located directly over any **residential use**. However, such **commercial uses** may be located over a **residential use** by authorization of the City Planning Commission upon a finding that sufficient separation of **residential uses** from **commercial uses** exists within the **building**.

87-113 - Location of underground uses

LAST AMENDED
10/17/2017

Notwithstanding the provisions of Section [62-332](#) (Rear yards and waterfront yards)

notwithstanding the provisions of Section [32-302](#) (rear yards and waterfront yards), underground **uses**, such as parking garages, shall not be allowed in **waterfront yards**.

87-12 - Use Regulations in the North Subdistrict

LAST AMENDED
12/11/2017

The special **use** provisions of this Section, inclusive, shall apply to **zoning lots** within the North Subdistrict, as shown on Map 1 in the Appendix to this Chapter.

87-121 - Modification of supplementary commercial use regulations

LAST AMENDED
10/17/2017

In the North Subdistrict, the supplementary **commercial use** regulations of Section [32-421](#) (Limitation on floors occupied by commercial uses) shall be modified to permit **commercial uses** on any **story**, provided no access exists between such **commercial** and **residential uses** at any level containing **residences**, and provided that such **commercial uses** are not located directly over any **residential use**.

87-20 - SPECIAL FLOOR AREA REGULATIONS

LAST AMENDED
12/11/2017

The applicable **floor area** regulations of the underlying districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), or of Article XII, Chapter 3 (Special Mixed Use District), are modified by the provisions of this Section, inclusive.

87-21 - Floor Area Regulations in the Core Subdistrict

LAST AMENDED
12/11/2017

The provisions of this Section, inclusive, shall apply to **developments** and **enlargements** within the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter.

87-211 - Special floor area regulations

LAST AMENDED
12/11/2017

The maximum **floor area ratio** for zoning lots containing only **residential uses** or **residential**

The maximum **floor area ratio** for **zoning lots** containing only **residential uses**, or **residential uses** and **community facility** or **commercial uses** shall be 3.0. Such maximum **floor area ratio** may be increased to 4.0 through the provision of **affordable housing** pursuant to paragraph (b) of Section [23-154](#) (Inclusionary Housing). The maximum **floor area ratio** for **affordable independent residences for seniors** shall be 4.0.

87-212 - Special floor area requirement for certain commercial uses

LAST AMENDED
12/11/2017

- (a) For each square foot of **commercial floor area** in a building occupied by the **uses** listed in paragraph (a)(1) of this Section, an equal or greater amount of **residential, community facility** or **commercial floor area** shall be provided from **uses** listed in paragraph (a)(2) of this Section.
- (1) Use Groups 6A and 6C, except for:
- Docks for ferries, other than **gambling vessels**, limited to an aggregate operational passenger load, per **zoning lot**, of 150 passengers per half hour
 - Docks for water taxis with vessel capacity limited to 99 passengers
 - Docks or mooring facilities for non-commercial pleasure boats;
 - Use Group 10:
 - Carpet, rug, linoleum or other floor covering stores, with no limitation on **floor area** per establishment
 - Clothing or clothing accessory stores, with no limitation on **floor area** per establishment
 - Department stores
 - Dry goods or fabric stores, with no limitation on **floor area** per establishment;
 - Use Group 12:
 - Antique stores
 - Art gallery, commercial
 - Billiard parlor or pool halls
 - Book stores

Bowling alleys or table tennis halls, with no limitation on number of bowling lanes per establishment

Candy or ice cream stores

Cigar and tobacco stores

Delicatessen stores

Drug stores

Eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing

Gift shops

Jewelry or art metal craft shops

Music stores

Photographic equipment stores

Record stores

Stationery stores

Toy stores

(2) Use Groups 1 and 2

Use Groups 3, 4A, and 4B, except cemeteries

Use Groups 5A, 6B and 8A

(b) However, the City Planning Commission may authorize a modification or waiver of this provision upon finding that such **building** includes:

- (1) a superior site plan that enables safe and efficient pedestrian connectivity to and between establishments and publicly accessible areas;
- (2) a superior parking and circulation plan that reduces conflicts between pedestrian and vehicular traffic, minimizes open parking lots and limits conflicts between curb cuts;
- (3) a design that enhances and is integrated with publicly accessible areas including provision of a public entrance fronting on a **waterfront public access area**;
- (4) a variety of retail establishments; and

- (5) **uses** that do not unduly affect the **residential uses** in the nearby area or conflict with future land use and development of adjacent areas.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects of any such **uses** on publicly accessible areas.

87-213 - Maximum width of establishments

LAST AMENDED
12/11/2017

On Parcels 5 and 6, as shown on Map 1 in the Appendix to this Chapter, the width of any ground floor level **commercial** or **community facility** establishments facing a **shore public walkway** or **upland connection**, shall be limited to 60 feet for each **street wall** facing such **shore public walkway** or **upland connection**.

87-214 - Location of building entrances

LAST AMENDED
10/17/2017

On Parcels 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, a main front entrance for at least one **building**, as the term “main front entrance” is used in the New York City Fire Code, Section 502.1 (FRONTAGE SPACE), or its successor, shall be located facing the **shore public walkway**. Such main front entrance of a **building** shall be:

- (a) on Parcel 2, located no less than 95 feet from a mapped parkland; and
- (b) on Parcels 3 and 4, located no less than 45 feet from an **upland connection**.

87-22 - Floor Area Regulations in the North Subdistrict

LAST AMENDED
12/11/2017

Within the North Subdistrict, as shown on Map 1 in the Appendix to this Chapter, for all permitted **uses**, the **floor area** provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply. However, in no event shall the maximum **floor area ratio** for any **zoning lot** exceed 4.6.

87-30 - SPECIAL HEIGHT AND SETBACK, LEGAL WINDOW AND COURT REGULATIONS

LAST AMENDED
12/11/2017

In the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the underlying height and setback regulations shall apply, except as modified by the provisions of this Section, inclusive. The special height and setback regulations of Section [62-34](#) (Height and Setback Regulations on Waterfront Blocks), inclusive, shall not apply.

In the North Subdistrict, as shown on Map 1, the underlying height and setback regulations shall apply, except as modified by the provisions of this Section, inclusive, as applicable. The height and setback regulations of Section [62-34](#) (Height and Setback Regulations on Waterfront Blocks) shall not apply, except as specifically made applicable in this Section, inclusive.

In the South Subdistrict, as shown on Map 1, the height and setback and other bulk regulations of Article XII, Chapter 3 (Special Mixed Use District) applicable to M1 Districts mapped with an R8 District in **waterfront blocks** shall apply, except as modified in this Section, inclusive.

In all Subdistricts, the height of all **buildings or other structures** shall be measured from the **base plane**.

87-31 - Permitted Obstructions

LAST AMENDED
12/11/2017

In the Core and North Subdistricts, the provisions of Section [33-42](#) (Permitted Obstructions) shall apply to all **buildings**. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts).

87-32 - Special Height and Setback Regulations in the Core Subdistrict

LAST AMENDED
12/11/2017

In the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter, for **developments** and **enlargements**, the provisions of this Section, inclusive, shall apply.

For the purposes of applying the special height and setback regulations of this Section, inclusive, and the provisions of the underlying height and setback, distance between **legally required windows** and **lot lines**, and **court** regulations, as applicable, a **shore public walkway**, mapped parkland, **supplemental public access area**, **upland connection**, or fire apparatus access road provided in accordance with the provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), shall be considered a **street** and its boundary shall be considered a **street line**. In addition, the **street line** of Exterior Street shall be modified as follows:

- (a) for Parcels 1, 2, 3 and 4, the westerly **street line** along Exterior Street shall be the **Major Deegan Expressway street line** or the **street line** of Exterior Street, whichever is closest to the **shore line**; and
- (b) for Parcel 1, the **street line** of East 149th Street shall be the southernmost boundary of any easement area existing on December 11, 2017, any fire apparatus access road or any private road.

For Parcels 2, 3 and 4, where a fire apparatus access road in accordance with the provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads) is immediately adjacent to and contiguous with the **shore public walkway**, the fire apparatus access road shall be considered as part of the **shore public walkway**, and the **street line** shall be considered the boundary of the fire apparatus access road furthest from the **shoreline**. In addition, for Parcels 1 and 2, where a fire apparatus access road in accordance with the provisions of Section [87-61](#) is provided immediately adjacent to and contiguous with the northern or southern boundaries, as applicable, of the mapped parkland, the **street line** shall be considered the boundary of the fire apparatus access road furthest from the mapped parkland.

87-321 - Street wall location

LAST AMENDED
12/11/2017

In the Core Subdistrict, the following **street wall** location rules shall apply.

- (a) Parcels 1, 2, 3 and 4

On Parcels 1, 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, for frontages along the **shore public walkway**, **supplemental public access areas**, **upland connections**, mapped parkland or **visual corridors**, as shown on Map 2, at least 70 percent of the **aggregate width of street walls** of a **building** shall be located within eight feet of the **street line**. For frontages beyond 50 feet of the **shore public walkway**, such **street wall** shall rise to at least the minimum base height specified in Section [87-322](#) (Base heights and transition heights), or the height of the **building**, whichever is less. Along all frontages, up to 30 percent of the **aggregate width of street walls** may be recessed beyond eight feet of the **street line**, provided that any such recesses deeper than 10 feet along any **street**, or deeper than 15 feet along the **shore public walkway**, are located within an **outer court**.

Along other frontages, no **street wall** location provisions shall apply.

- (b) Parcels 5, 6, 7, 8 and 9

On Parcels 5, 6, 7, 8 and 9, as shown on Map 1, for frontages along **visual corridors**, or **upland connections**, as shown on Map 2, at least 70 percent of the **aggregate**

width of street walls shall be located within eight feet of the **street line** and shall rise to at least the minimum base height specified in Section [87-322](#), or the height of the **building**, whichever is less. Up to 30 percent of the **aggregate width of street walls** may be recessed beyond eight feet of the **street line**, provided that any such recesses deeper than 10 feet along any **street**, or deeper than 15 feet along **shore public walkway**, are located within an **outer court**.

Along other frontages, no **street wall** location provisions shall apply.

87-322 - Base heights and transition heights

LAST AMENDED
12/11/2017

In the Core Subdistrict, the following base heights, required setbacks and maximum transition heights shall apply. Towers are permitted above the maximum heights set forth in this Section only in accordance with Section [87-323](#) (Tower provisions).

(a) Base heights

- (1) Within 50 feet of the **shore public walkway** For **street walls** fronting on, or within 50 feet of, the **shore public walkway**, the maximum base height shall be 85 feet, except that:
 - (i) on Parcels 1, 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, for **street walls** fronting on a **shore public walkway**, at least 30 percent of the **aggregate width of street walls** fronting on the **shore public walkway**, or a contiguous **street wall** width of 60 feet, whichever is greater, shall not exceed a maximum height of 45 feet. In addition to being applied along the **shore public walkway**, such lowered **street wall** may be applied along intersecting **streets** within 100 feet of the **shore public walkway**; and
 - (ii) on Parcels 5 and 6, as shown on Map 1, such maximum base height shall be 45 feet.
- (2) Beyond 50 feet of the **shore public walkway** and beyond 50 feet of the **Major Deegan Expressway street line**

Along all other frontages beyond 50 feet of the **shore public walkway** and beyond 50 feet of the **Major Deegan Expressway street line**, the **street wall** shall rise without setback to a minimum base height of 60 feet, or the height of the **building**, whichever is less, and may rise to a maximum base height of 105 feet.

- (3) Along, and within 50 feet of, the **Major Deegan Expressway street line**

Along, and within 50 feet of, the **Major Deegan Expressway street line**, the **street wall** shall rise without setback to a minimum base height of 15 feet, or the height of the **building**, whichever is less, and may rise to a maximum base height of 105 feet.

(b) Required setbacks

Above such maximum base height, **street walls** shall be set back a minimum of 30 feet from the **street line** along the **shore public walkway** on Parcel 1, 15 feet from such **street line** along the **shore public walkway** on any other parcels, and a minimum of 10 feet from the **street line** along all other **streets**. Along all **streets**, such set back shall have a minimum depth of seven feet from any portion of the **street wall** below such maximum base height. However, the depth of such setback may include the depth of recesses or **outer courts** provided that the aggregate width of such portion of a **street wall** with a reduced setback shall not exceed 30 percent of the **street wall**.

In addition, on Parcels 1, 2, 3 and 4, in locations where the maximum base height is limited to 45 feet, **street walls** above such maximum base height shall be set back a minimum of 30 feet from the **street line**, and a minimum of seven feet from any portion of the **street wall** below such height.

Dormers provided in accordance with paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts) shall be permitted obstructions in all setback areas, except along the **shore public walkway**. Such dormers shall not exceed the maximum transition height set forth in paragraph (c) of this Section.

(c) Maximum transition heights

For **street walls** fronting on, or within 50 feet of, the **shore public walkway**, **street walls** above a required setback may rise to a maximum transition height of 125 feet and, along all other frontages, **street walls** above a required setback may rise to a maximum transition height of 155 feet. Such transition heights may only be exceeded where towers are provided in accordance with the provisions of Section [87-323](#) (Tower provisions).

87-323 - Tower provisions

LAST AMENDED
12/11/2017

All **stories** that partially or wholly exceed the applicable maximum heights set forth in Section [87-322](#) (Base heights and transition heights) shall be considered a “tower” and may exceed such transition height only in accordance with the tower provisions of this Section.

(a) Maximum number of towers

For **zoning lots** with less than 130,000 square feet of **lot area**, only one tower shall be permitted. For **zoning lots** with 130,000 square feet of **lot area** or more, not more than two towers shall be permitted. The minimum separation between any two towers on the same **zoning lot** shall be 60 feet.

(b) Setbacks

All towers shall comply with the applicable setback provisions set forth in paragraph (b) of Section [87-322](#).

The former provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts) shall not apply to the tower portion of a **building**. In lieu thereof, up to 50 percent of the width of the **street wall** of a tower shall be permitted to encroach into a required setback area, except in setback areas along the **shore public walkway**.

(c) Maximum tower size

Each **story** of a tower shall not exceed a gross area of 10,000 square feet, except that any encroachment into a setback area provided in accordance with paragraph (b) of this Section need not be included in such gross area.

(d) Maximum tower width

On Parcels 1, 3, 4 and 7, as shown on Map 1 in the Appendix to this Chapter, the maximum width of any **story** of a tower facing the **shoreline** shall not exceed 130 feet, and on Parcel 2 the maximum width of any **story** of a tower facing mapped parkland shall not exceed 100 feet.

(e) Maximum height of towers

For **zoning lots** with 100,000 square feet or less of **lot area**, the maximum height of a tower shall be 300 feet, and for **zoning lots** with more than 100,000 square feet of **lot area** the maximum height of a tower shall be 400 feet.

However, for **zoning lots** with two towers, such maximum tower height of 400 feet shall apply to only one tower and a maximum tower height of 260 feet shall apply to the second tower. There shall be a height differential of at least 40 feet between any two **towers** on a **zoning lot**.

(f) Tower top articulation

The uppermost three **stories** of a tower, or as many **stories** as are located entirely above a height of 300 feet, whichever is less, shall have a **lot coverage** not exceeding 90 percent of the **lot coverage** of the **story** immediately below such **stories**.

87-324 - Authorization to modify the special street line provision for Parcels 2, 3 or 4

LAST AMENDED
12/11/2017

For Parcels 2, 3 or 4, as shown on Map 1 in the Appendix to this Chapter, the City Planning Commission may authorize the modification of the definitions of **Major Deegan Expressway street line** as set forth in paragraph (b) of Section [87-01](#) and the associated special **street line** provision of paragraph (a) of Section [87-32](#) (Special Height and Setback Regulations in the Core Subdistrict), on condition that there shall be no less than 14 feet between the **street wall** of **developments** or **enlargements** and the as-built western edge of the Major Deegan Expressway. In conjunction with the modification of such **street line** provision, the special open area provisions of paragraph (a) of Section [87-416](#) may also be modified. In order to grant such authorization, the Commission shall find that:

- (a) the **development** or **enlargement** is not feasible without such modification, or that the requested modification will permit a **development** or **enlargement** that satisfies the purpose of this Chapter;
- (b) such modification is the least modification required to achieve the purpose for which it is granted;
- (c) the benefits to the surrounding area from the modification outweigh any disadvantages that may be incurred thereby in the area; and
- (d) such modification will enhance the quality of the design of the **development** or **enlargement**.

Prior to granting such authorization, the Commission shall request the Department of Transportation of the State of New York to indicate within 30 days whether said agency has any plan to widen or expand the Major Deegan Expressway or its ramps.

The Commission may prescribe appropriate conditions and safeguards to promote the benefits to the surrounding area or to minimize adverse effects on the character of the surrounding area.

87-33 - Special Height and Setback, Legal Windows and Courts in the North Subdistrict

LAST AMENDED
12/11/2017

In the North Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the provisions of this Section, inclusive, shall apply.

For the purposes of applying the underlying height and setback, distance between **legally required windows** and **lot lines**, and **court** regulations, as modified by the provisions of this Section, inclusive, the following provisions shall apply: a **shore public walkway**, **visual corridor**, **upland connection** or **supplemental public access area** shall be considered a **street** and its boundary shall be treated as a **street line**. Any **visual corridor** or **upland connection** that measures at least 75 feet in width, or any **shore public walkway** or **supplemental public access area**, shall be considered a **wide street**. Any other **visual corridor** or **upland connection** shall be considered a **narrow street**.

In the North Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the provisions of this Section, inclusive, shall apply.

For the purposes of applying the underlying height and setback, distance between **legally required windows** and **lot lines**, and **court** regulations, as modified by the provisions of this Section, inclusive, the following provisions shall apply: a **shore public walkway**, **visual corridor**, **upland connection** or **supplemental public access area** shall be considered a **street** and its boundary shall be treated as a **street line**. Any **visual corridor** or **upland connection** that measures at least 75 feet in width, or any **shore public walkway** or **supplemental public access area**, shall be considered a **wide street**. Any other **visual corridor** or **upland connection** shall be considered a **narrow street**.

87-331 - Maximum height of buildings and setback regulations

LAST AMENDED
10/17/2017

In the North Subdistrict, **buildings or other structures**, or portions thereof, within 30 feet of a **shore public walkway**, shall not exceed the maximum base height provisions set forth in paragraph (a) of this Section. **Buildings or other structures**, or portions thereof, within 10 feet of all other **wide streets**, or within 15 feet of **narrow streets**, shall not exceed the maximum base height provisions set forth in paragraph (b) of this Section. Except as otherwise set forth in paragraphs (a) or (b) of this Section, as applicable, such maximum heights may be exceeded only in accordance with Section [87-31](#) (Permitted Obstructions).

(a) Height allowances along the **shore public walkway**:

The maximum height of **buildings or other structures**, or portions thereof, located within 30 feet of a **shore public walkway** shall be as follows:

- (1) such **buildings or other structures**, or portions thereof, shall not exceed 65 feet, except that 80 percent of the **street wall** of such **building or other structure**, or portion thereof, may rise to a maximum height of 85 feet; and
- (2) no dormers, pursuant to the provisions of Section [87-31](#), shall be permitted.

(b) Height allowances along all other frontages

The maximum height of **buildings or other structures**, or portions thereof, located within 10 feet of all other **wide streets**, or within 15 feet of **narrow streets**, shall not exceed a maximum height of 85 feet.

Beyond 30 feet of a **shore public walkway**, or beyond 10 feet of all other **wide streets** or 15 feet of **narrow streets**, the maximum height of **buildings or other structures** shall be as set forth in Section [87-332](#) (Towers).

87-332 - Towers

LAST AMENDED
10/17/2017

In the North Subdistrict, the maximum height of **buildings or other structures**, or portions thereof, beyond 30 feet of a **shore public walkway**, or beyond 10 feet of all other **wide streets**, or 15 feet of **narrow streets**, shall be 85 feet.

Such maximum **building** height may be exceeded by “towers” permitted in Location A or Location B. Such **towers** shall be provided in accordance with paragraphs (a) or (b) of this Section, as applicable.

For the purposes of applying the provisions of this Section, Location A shall be the portion of the North Subdistrict located within 100 feet of the northerly boundary of East 149th Street; Location B shall be the remaining portion of the North Subdistrict; and all **stories** of a **building** located partially or wholly above 85 feet shall be considered a “tower” and shall comply with the provisions of this Section. Two or more **abutting towers** shall be considered one **tower**.

(a) Tower in Location A

One **tower** shall be permitted, subject to the following provisions:

- (1) the maximum width of any **story** of a **tower** facing a **shoreline** shall not exceed 100 feet, except that any permitted dormers need not be included in such maximum width;
- (2) each **residential story** of such **tower**, partially or fully above the height of the base height, shall not exceed 10,000 square feet, except that any permitted dormers need not be included in such gross area;
- (3) such **tower** shall not exceed a maximum **building** height of 375 feet;
- (4) a **tower** that exceeds a height of 260 feet shall provide articulation in accordance with the following provisions:
 - (i) For a **tower** less than 300 feet in height, the uppermost three **stories**, or as many **stories** as are located entirely above a height of 260 feet,

whichever is less, shall have a **lot coverage** not exceeding 90 percent of the **lot coverage** of the **story** immediately below such **stories**; and

- (ii) For a **tower** 300 feet or more in height, the uppermost four **stories** shall have a **lot coverage** not exceeding 90 percent of the **lot coverage** of the **story** immediately below such **stories**.

(b) Towers in Location B

Towers shall be permitted, subject to the following provisions:

- (1) no **tower** shall be located within 60 feet of a **tower** within Location A;
- (2) the aggregate width of **towers** that face a **shoreline**, and are located within 100 feet of a **shore public walkway**, shall not exceed 185 feet, where such aggregate width is measured in accordance with paragraph (c)(5) of Section [62-341](#) (Development on land and platforms);
- (3) the **aggregate width of street walls** of **towers** located along the southerly boundary of the required **visual corridor** as specified in paragraph (d) of Section [87-71](#), shall not exceed 150 feet.
- (4) such **towers** shall not exceed a maximum **building** height of 260 feet; and
- (5) any **tower** that exceeds a height of 200 feet shall provide articulation in accordance with the following provisions: the uppermost three **stories**, or as many **stories** as are located entirely above a height of 200 feet, whichever is less, shall have a **lot coverage** not exceeding 80 percent of the **lot coverage** of the **story** immediately below such **stories**.

87-34 - Special Height and Setback Provision in the South Subdistrict

LAST AMENDED
12/11/2017

For **zoning lots** that coincide with, or are completely within, the boundaries of Parcel 19 in the South Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the provisions of paragraph (a)(2) of Section [62-341](#) shall be modified to require an **initial setback distance** with a depth of 15 feet from the boundary of a **shore public walkway**.

87-40 - SPECIAL REGULATIONS FOR GROUND FLOOR LEVEL

LAST AMENDED
12/11/2017

The provisions set forth in this Section, inclusive, shall apply to **ground floor levels of developments** or **ground floor level enlargements** within the **Special Harlem River Waterfront District**, as applicable.

87-41 - Streetscape Requirements in the Core and South Subdistricts

LAST AMENDED
12/11/2017

In the Core and South Subdistricts, as shown on Map 1 in the Appendix to this Chapter, for **developments** or **ground floor level enlargements**, the provisions of this Section, inclusive, shall apply.

For the purposes of applying the special streetscape regulations of this Section, inclusive, a **shore public walkway**, mapped parkland, **supplemental public access area**, **upland connection** or a fire apparatus access road provided pursuant to the provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), shall be considered a **street** and its boundary shall be considered a **street line**.

87-411 - Ground floor uses

LAST AMENDED
12/11/2017

Within the Core and South Subdistricts, as shown on Map 1 in the Appendix to this Chapter, the following shall apply:

- (a) Minimum amount of required **ground floor level floor area**

At least 50 percent of the width of the **ground floor level street wall** of a **building** shall be occupied by **floor area**, and on Parcels 1 and 2, as shown on Map 1, the entire width of the **ground floor level street wall** facing a **shore public walkway** or a mapped parkland, shall be occupied by **floor area**. Such **floor area** shall be allocated to any permitted **use**, except **group parking facilities**.

- (b) Required non-**residential uses** in certain locations

The **ground floor level street wall** within 50 feet of the intersection of two **streets**, designated on Map 2, shall be occupied exclusively by non-**residential floor area**. In addition, on Parcels 3 and 4, at least 50 feet of additional **ground floor level street wall** facing the **shore public walkway** shall be occupied exclusively by non-**residential floor area**, at the locations designated on Map 2. Offices (Use Group 6B) and clubs (Use Group 6E) as listed in Section [32-15](#), automotive service

establishments (Use Groups 8C, 7D and 12D) as listed in Sections [32-16](#), [32-17](#) and [32-21](#), and **group parking facilities**, including entrances and exits thereto, shall not be permitted within such locations.

Non-**residential floor area** required pursuant to this paragraph may satisfy **ground floor level floor area** required pursuant to paragraph (a) of this Section.

All **ground floor level floor area** required pursuant to this Section shall extend to the minimum depth set forth in Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses). For the purposes of applying such provisions, all **streets** shall be considered designated retail streets.

87-412 - Transparency requirements in the Core and South Subdistricts

LAST AMENDED
12/11/2017

In the Core and South Subdistricts, for non-**residential uses** located at the **ground floor level**, any portion of a **ground floor level street wall** that is subject to the **floor area** requirements of paragraph (b) of Section [87-411](#) (Ground floor uses) shall be glazed in accordance with the transparency requirements for designated retail streets set forth in Section [37-34](#) (Minimum Transparency Requirements), except that:

- (a) in the South Subdistrict, where the **ground floor level street wall** is occupied by **uses** in Use Groups 16, 17 or 18, up to 50 percent of the length of such **ground floor level street wall** may be exempt from such transparency requirements, provided that any **street wall** width exceeding 50 feet with no transparent elements on the **ground floor level** shall provide planting or screening in accordance with the provisions of paragraphs (a) or (e) of Section [87-415](#) (Special streetscape provisions for certain blank walls) for at least 75 percent of such blank wall; and
- (b) in **flood zones**, for **buildings** utilizing the provisions of paragraph (a) of Section [64-21](#) (Ground Floor Use), where no transparent materials or **building** entrances or exits are provided on the **ground floor level street wall** below a height of four feet above the level of the adjoining sidewalk for a continuous width of at least 25 feet, visual mitigation elements shall be provided in accordance with Section [87-415](#) for such blank wall.

For the purposes of applying the provisions of Section [37-34](#), locations subject to the provisions of paragraph (b) of Section [87-411](#) shall be considered designated retail streets.

87-413 - Parking wrap and screening requirements in the Core and South Subdistrict

The following provisions shall apply to any **group parking facility** in the Core and South Subdistricts:

(a) Design requirements for enclosed **group parking facilities**

All enclosed **group parking facilities** shall be located either entirely below the level of an adjacent sidewalk or any other adjacent pedestrian area required to be accessible to the public or, when located above grade, shall comply with the following:

- (1) **Group parking facilities** on the **ground floor level** within 30 feet of **street walls** subject to the provisions of Section [87-411](#) (Ground floor uses) shall be wrapped by **floor area** in accordance with the provisions of paragraph (a) of Section [37-35](#) (Parking Wrap and Screening Requirements). For the purpose of applying such provisions, **street walls** subject to the provisions of Section [87-411](#) shall be considered designated retail streets.
- (2) **Group parking facilities** along all other frontages shall either be wrapped by **floor area**, or screened in accordance with the provisions of paragraph (e) of Section [87-415](#). In addition, any continuous stretch of screening that exceeds 25 feet in width shall provide planting in accordance with the provisions of paragraph (a) of Section [87-415](#) (Special streetscape provisions for certain blank walls) along 50 percent of such screened frontage.

(b) Open parking areas

Open parking areas shall be permitted only in the following locations:

- (1) on Parcel 1, as shown on Map 1 in the Appendix to this Chapter, a parking lot shall be permitted east of the **Major Deegan Expressway street line**;
- (2) on Parcel 5, as shown on Map 1, a parking lot shall be permitted anywhere within the parcel only if a commercial or public utility vehicle storage **use**, as listed in Use Group 16C, is **developed** or **enlarged** as the primary **use** on the parcel;
- (3) on Parcel 6, a parking lot shall be permitted within 130 feet of the southern boundary of the parcel with East 138th Street; and
- (4) on all parcels, open, unscreened, in tandem (one behind the other), **accessory** off-street parking spaces shall be permitted on private roads, including fire apparatus access roads provided pursuant to the provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), provided that all parking spaces comply with the Department of Transportation standards for on-street parking.

For such open parking lots, the provisions of Section [28-43](#) (Location of Accessory Parking) shall not apply. In addition, on Parcel 1, for parking lots located east of the **Major Deegan Expressway street line**, or, on Parcel 5, for parking lots used solely as a commercial or public utility vehicle storage **use** as listed in Use Group 16C, the provisions of Sections [37-90](#) (PARKING LOTS) and [62-655](#) (Planting and trees) shall be modified to permit fencing, excluding chain link fencing, in lieu of all planting requirements, provided that the surface area of such fencing is not more than 50 percent opaque and provided that the height does not exceed six feet. The provisions of Sections [37-90](#) and [62-555](#) shall not apply to any parking lots provided within private roads, including fire apparatus access roads provided pursuant to the provisions of Section [87-61](#).

87-414 - Special provisions applicable within the flood zone

LAST AMENDED
12/11/2017

In the Core and South Subdistricts, the provisions of Section [64-336](#) (Alternative height measurement in Commercial and Manufacturing Districts) shall be modified so that where the **flood-resistant construction elevation** is between four feet and 12 feet above **curb level**, **building** height may be measured from a reference plane 12 feet above **curb level**, and any minimum base height requirements may be measured from **curb level**. The requirements of Section [64-642](#) (Transparency requirements for buildings utilizing alternative height measurement) shall apply to **buildings** utilizing these alternative height measurement provisions.

87-415 - Special streetscape provisions for certain blank walls

LAST AMENDED
12/11/2017

The provisions of this Section shall apply to a **ground floor level building** frontage, or any portion thereof, facing a **street**, **shore public walkway**, **upland connection**, or fire apparatus access road provided pursuant to the provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), where no transparent materials or entrances or exits are provided on the **ground floor level** below a height of four feet above the level of the adjoining sidewalk, or grade, as applicable, for a continuous width of at least 25 feet. For the purpose of this Section, such a **building** wall, or portion thereof, shall be referred to as a “blank wall” and visual mitigation elements shall be provided in accordance with this Section.

At least 50 percent of the linear footage of any blank wall on a **ground floor level building** frontage shall be treated by one or more of the visual mitigation elements specified in this Section. Where a **building** wall fronts upon a **street**, such visual mitigation elements shall be provided on the **zoning lot**, except that the depth of an area containing such elements within

the **zoning lot** need not be greater than three feet, when measured perpendicular to the **street line**. Where a blank wall exceeds a **street wall** width of 50 feet, at least 25 percent of such **street wall** width shall be planted in accordance with the provisions of paragraph (a) of this Section, and where a blank wall exceeds a height of 10 feet, as measured from the level of the adjoining grade, for a width of more than 25 feet, at least 50 percent of such **street wall** width shall provide wall treatments in accordance with the provisions of paragraph (e) of this Section.

The maximum width of a portion of the **ground floor level** blank wall without visual mitigation elements shall not exceed 10 feet. However, such blank wall limitation shall not include portions of **street walls** occupied by entrances or exits to **accessory** off-street parking facilities and **public parking garages**, where permitted, entryways to required loading berths, where permitted, or doors accessing emergency egress stairwells and passageways.

Visual mitigation elements:

(a) Planting

Any combination of perennials, annuals, decorative grasses or shrubs shall be provided in planting beds, raised planting beds or planter boxes in front of the **street wall**. Each foot in width of a planting bed, raised planting bed or planter box, as measured parallel to the **street wall**, shall satisfy one linear foot of frontage mitigation requirement. Such planting bed shall extend to a depth of at least three feet, inclusive of any structure containing the planted material. Any individual planted area shall have a width of at least five feet, and the height of such planting, inclusive of any structure containing the planted materials, shall be at least three feet.

(b) Benches

Fixed benches with or without seatbacks shall be provided in front of the **street wall**. Unobstructed access shall be provided between such benches and an adjoining sidewalk or required circulation paths. Each linear foot of bench, as measured parallel to the **street wall**, shall satisfy one linear foot of frontage mitigation requirement. Any individual bench shall have a width of at least five feet, and no more than 20 feet of benches may be used to fulfill such requirement per 50 feet of frontage.

(c) Bicycle racks

Bicycle racks, sufficient to accommodate at least two bicycles, shall be provided in front of the **street wall**, and oriented so that the bicycles are placed parallel to the **street wall**. Each bicycle rack so provided shall satisfy five linear feet of frontage mitigation requirement. No more than three bicycle racks may be used to fulfill such requirement per 50 feet of frontage.

(d) Tables and chairs

Fixed tables and chairs shall be provided in front of the **street wall**. Each table shall

have a minimum diameter of two feet, and have a minimum of two chairs associated with it. Each table and chair set so provided shall satisfy five linear feet of frontage mitigation requirement.

(e) Wall treatment

Wall treatment, in the form of permitted **signs**, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material, shall be provided along the **street wall**. Each linear foot of wall treatment shall constitute one linear foot of frontage mitigation requirement. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and have a minimum width of 10 feet, as measured parallel to the **street wall**.

87-416 - Special open area provisions

LAST AMENDED
12/11/2017

- (a) For Parcels 1, 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, the open area between the **street wall** of a **building** fronting on the **Major Deegan Expressway street line** and the western edge of such Expressway, shall be subject to the provisions of Section [28-23](#) (Planting Areas), whether the ground floor is occupied by **residential uses** or non- **residential uses**. Such provisions shall be modified by the provisions of this Section.

(1) Primary circulation path

A circulation path, with a width of at least 13 feet or the width of such open area, whichever is less, and the western edge of such path shall be provided within five feet of a **street wall** facing the **Major Deegan Expressway street line**. Such circulation path shall extend along the entire frontage of the **zoning lot**, and shall be constructed in accordance with Department of Transportation standards for sidewalks.

(2) Planting

At least 20 percent, but not more than 50 percent of the required open area shall be planted with any combination of perennials, annuals, decorative grasses, shrubs or trees in planting beds, raised planting beds or planter boxes. Such planting bed shall extend to a depth of at least three feet, inclusive of any structure containing the planted material, and any individual planted area shall have a width of at least five feet. For planting located east of the circulation path required pursuant to this paragraph (a), the maximum linear length of any individual planting bed shall not exceed 50 feet.

(3) Other amenities

The remainder of the open area may contain any combination of:

- (i) streetscape amenities including, but not limited to, benches or tables and chairs
- (ii) entertainment amenities including, but not limited to, water features, playgrounds, dog runs, game tables, courts or skateboard parks; and
- (iii) streetscape-enhancing amenities including, but not limited to, trees in tree pits, and lighting, or sculptural artwork.

All streetscape and entertainment amenities provided in accordance with paragraphs (a)(3)(i) and (a)(3)(ii) of this Section shall be connected to the primary circulation path required by paragraph (a) of this Section through secondary circulation paths, paved with permeable materials, each with a minimum width of six feet. Any planting associated with an amenity including, but not limited to, playgrounds and dog runs, as applicable, may exceed the amount set forth in paragraph (b) of this Section.

Any open area not otherwise allocated to amenities or secondary circulation paths shall also be paved with permeable materials. The minimum clear space between any planted areas required by paragraph (b) of this Section, any amenity provided under this paragraph, or any combination thereof, shall be six feet.

(4) Fencing

In no event shall chain link fencing or barbed or razor wire be permitted in any open area provided pursuant to this Section. No fences may exceed a height of four feet.

- (b) In the event that Parcel 1 is **developed** with **mixed buildings**, sidewalks shall be provided on such parcel as follows:

- (1) Sidewalks with a width of at least 15 feet shall be provided along the entire Exterior Street and East 149th Street frontage of a **zoning lot**.
- (2) In locations where the width of the sidewalk within the **street** is less than 15 feet, a sidewalk widening shall be provided on the **zoning lot** such that the combined width of the sidewalk within the **street** and the sidewalk widening equals at least 15 feet. However, existing **buildings** remaining on the **zoning lot** need not be removed in order to comply with this requirement.

All sidewalks and sidewalk widenings shall be constructed or improved to Department of Transportation standards and shall connect at grade to the

adjoining public sidewalks.

87-42 - Streetscape Requirements in the North Subdistrict

LAST AMENDED
12/11/2017

In the North Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the provisions of this Section, inclusive, shall apply.

For the purposes of applying the provisions of Section [37-30](#) (SPECIAL GROUND FLOOR LEVEL STREETSCAPE PROVISIONS FOR CERTAIN AREAS), inclusive, to this Section, inclusive, in locations where non-**residential floor area** is provided along public access areas in accordance with the provisions of Section [87-421](#) (Ground floor uses in the North Subdistrict), such portions of **shore public walkways**, mapped parkland, **upland connections** or **streets** shall constitute a designated retail street.

87-421 - Ground floor uses in the North Subdistrict

LAST AMENDED
10/17/2017

For **building** walls more than 50 feet in width that face a **street**, **shore public walkway**, **public park** or **upland connection**, at least 30 percent of the width of such **building** walls shall be occupied by non-**residential floor area** on the **ground floor level**. Such non-**residential floor area** shall comply with the minimum depth provisions of Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses).

87-422 - Transparency requirements in the North Subdistrict

LAST AMENDED
10/17/2017

Along designated retail streets, any **building** wall shall be glazed in accordance with the transparency requirements set forth in Section [37-34](#) (Minimum Transparency Requirements).

87-423 - Parking wrap and screening requirements in the North Subdistrict

LAST AMENDED
10/17/2017

Along designated retail streets, any off-street parking spaces shall be wrapped by **floor area** in accordance with the provisions of paragraph (a) of Section [37-35](#) (Parking Wrap and Screening Requirements).

In other locations, any **accessory** off-street parking space provided on the **ground floor level** of a **building** shall be wrapped by **floor area** or screened in accordance with the provisions of paragraph (b) of Section [37-35](#).

87-50 - SPECIAL PARKING REGULATIONS

LAST AMENDED
12/11/2017

The applicable parking and loading regulations of underlying districts or of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply, except as modified by the provisions of this Section, inclusive.

87-51 - Special Parking Regulations in the Core Subdistrict

LAST AMENDED
12/11/2017

(a) Off-site parking

The off-site parking location provisions of Sections [36-42](#) and [36-43](#) shall not apply. In lieu thereof, all permitted or required **accessory** off-street parking spaces may be provided on any **zoning lot** within the Core Subdistrict.

(b) Roof parking

Any roof, or portion thereof, that covers off-street parking spaces and is larger than 400 square feet in surface area, shall be landscaped. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent **dwelling unit** and the remaining roof area shall be accessible for the recreational use of the occupants of the **building** in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

87-52 - Curb Cut Restrictions

LAST AMENDED
12/11/2017

On Parcels 1, 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, no curb cuts shall be provided facing a **shore public walkway**, and further, on Parcels 1 and 2, no curb cuts shall be provided facing a mapped parkland.

87-53 - Sidewalks

LAST AMENDED 10/17/2017

In the event that Parcel 1, as shown on Map 1 in the Appendix to this Chapter, is **developed** with **mixed use buildings**, as defined in Section [123-11](#), sidewalks shall be provided on Parcel 1, as follows:

- (a) Sidewalks with a depth of at least 15 feet, measured perpendicular to the curb of a **street**, shall be provided along the entire Exterior Street and East 149th Street frontage of a **zoning lot**. In locations where the width of the sidewalk within the **street** is less than 15 feet, a sidewalk widening shall be provided on the **zoning lot** so that the combined width of the sidewalk within the **street** and the sidewalk widening equals 15 feet. However, existing **buildings** to remain on the **zoning lot** need not be removed in order to comply with this requirement.
- (b) A 22 foot wide walkway shall extend east of and along the **Parcel 1 building line**, linking East 149th Street and mapped parkland, or a fire apparatus access road if such road is provided adjacent to mapped parkland. In the event that a parking lot is provided east of such walkway, the easternmost seven feet of such walkway shall be densely planted with evergreen shrubs maintained at a maximum height of three feet above the adjoining walkway. Such walkway and planting strip may be interrupted to allow vehicular or pedestrian access.
- (c) Any driveway located east of the **Parcel 1 building line** that extends along a sewer easement and intersects Exterior Street shall have curbs and sidewalks with a minimum width of 13 feet along each curb, which may be interrupted to allow for vehicular access to a parking lot.

All sidewalks and sidewalk widenings shall be constructed or improved to Department of Transportation standards, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.

87-60 - FIRE APPARATUS ACCESS ROADS

LAST AMENDED
12/11/2017

The provisions of this Section, inclusive, shall apply in the Core Subdistrict, as shown on Map 1 in the Appendix to this Chapter. The **lot area** allocated to fire apparatus access road pursuant to the provisions of this Section [87-60](#), inclusive, may count towards any required **supplemental access area** required pursuant to the provisions of Section [62-57](#) (Required Supplemental Public Access Areas) and, where applied, such area may be discounted from the planting requirement set forth in paragraph (c) of Section [62-62](#) (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas).

87-61 - Special Provisions for Certain Fire Apparatus Access Roads

LAST AMENDED
12/11/2017

Within the Core and South Subdistricts, for Parcels 1, 2, 3, 4 and 11, as shown on Map 1 in the Appendix to this Chapter, where a fire apparatus access road is provided as required by New York City Fire Code Section 503.2 (Fire apparatus access roads), or its successor, the Chairperson of the City Planning Commission shall certify, in conjunction with a certification application filed pursuant to paragraph (c) of Section [62-811](#), the following:

- (a) the road shall be constructed to minimum Department of Transportation standards for public **streets**, including two sidewalks, curbs and curb drops, lighting, signage, materials and crosswalk, and shall meet the requirements set forth in the New York City Fire Code. For Parcels 2, 3 and 4, where a fire apparatus access road is immediately adjacent to and contiguous with the **shore public walkway**, any pedestrian path within such **shore public walkway** shall substitute for one such sidewalk, provided that at least 30 percent of such path is provided adjacent to and contiguous with the fire apparatus access road;
- (b) for Parcels 2, 3 and 4, the contiguity provisions of paragraph (a) of Section [87-62](#) shall apply, except that where no connection for vehicular travel lanes terminating at the opposite side of a shared **lot line** exist at the time of construction, the provisions of paragraph (b) of such Section may be utilized as an interim alternative;
- (c) a restrictive declaration shall be executed in accordance with the provisions of Section [87-63](#); and
- (d) street trees shall be planted pursuant to the requirements of Section [26-41](#) along such fire apparatus access road as if it were a **street**.

However, the requirements of this Section shall not apply to: fire apparatus access roads on Parcels 1 and 3 that are provided pursuant to the provisions of paragraph (b)(3) of Section [87-71](#) (Special Public Access Provisions); and to a fire apparatus access road on Parcel 11 located in the required **upland connection** within the prolongation of East 134th Street.

87-62 - Contiguity of Fire Apparatus Access Road with Adjacent Zoning Lots on Parcels 2, 3 and 4

LAST AMENDED
12/11/2017

On Parcels 2, 3 and 4, as shown on Map 1 in the Appendix to this Chapter, in addition to the certification provisions of Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), a fire apparatus access road shall be provided in accordance with the provisions of

this Section.

(a) Bi-Directional Road

On each of Parcels 2, 3 and 4, and only between such parcels, a connection for bi-directional vehicular travel lanes to an adjacent **zoning lot line** shall be provided. When complete, such fire apparatus access road shall provide bi-directional contiguous vehicular access from the intersection of Exterior Street and the northern boundary of Parcel 2, immediately adjacent to and contiguous with the entire southern boundary of the mapped parkland immediately adjacent to Parcel 2, immediately adjacent to and contiguous with the **shore public walkway** of Parcels 2, 3 and 4, to within the southerly **upland connection** of Parcel 4.

Any connection of fire apparatus access roads across a shared **zoning lot line** must meet the grade of, and maintain the street width of, the existing adjacent fire apparatus access road. Such fire apparatus access road shall extend immediately adjacent to and contiguous with the entire **shore public walkway** of the **zoning lot**, from **lot line to lot line**. A connection need not be opened unless and until such declaration of restrictions, in accordance with Section [87-63](#), has been recorded against the adjacent **zoning lot**.

(b) Interim fire apparatus access road turnaround

When bi-directional vehicular travel lanes are constructed that terminate at a **lot line** and do not continue on the adjacent **zoning lot** at the time of their construction, an interim dead-end fire apparatus access road turnaround may be constructed as an alternative to the provisions of paragraph (a) of this Section, in accordance with the following provisions.

An applicant utilizing the provisions of this paragraph shall construct a fire apparatus access road that extends along the entire southern boundary of mapped parkland immediately adjacent to Parcel 2, the entire **upland connection** and the entire **shore public walkway** of the **zoning lot**, as applicable, from **lot line to lot line**, and shall provide an “approved turnaround area,” constructed as part of a “dead-end fire apparatus access road,” as those terms are defined in the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or its successor.

Such turnaround area shall be constructed to dimensions no greater than required under the New York City Fire Code, Section 503.2.9, or its successor, and shall be located at the end of the fire apparatus access road, abutting the adjacent **lot line**. Such turnaround area may extend into the designated **shore public walkway**, but at no point may such turnaround area extend into the associated circulation path. Where an interim dead-end fire apparatus access road turnaround area extends into the **shore public walkway**, the area of such turnaround may be discounted from the planting requirement set forth in paragraph (c) of Section [62-62](#). Sidewalks shall not be required adjacent to the turnaround area. The portion of the turnaround area that lies within a **shore public walkway** shall remain clear of obstacles, shall be

composed of permeable materials to the extent permissible by the Fire Commissioner and shall meet all applicable requirements set forth in the New York City Fire Code, Section 503.2 (Fire apparatus access roads), or its successor. In addition, the roadbed material of a fire apparatus access road leading to a turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage.

At the time of certification pursuant to Section [87-61](#), the site plan shall demonstrate a suitable design for the dead-end fire apparatus access road that demonstrates both the approved turnaround area and the repurposed turnaround area outside of the roadbed upon the issuance of a notice of substantial compliance for the adjacent ***zoning lot***. In addition, a conceptual site plan shall demonstrate that the proposed site plan and grading plan for required contiguous access pursuant to the provisions of paragraph (a) of this Section is compatible with future ***development*** on the adjoining ***zoning lot***. Such site plans shall be included as an exhibit to the declaration of restrictions recorded pursuant to Section [87-63](#).

Repurposing a turnaround area and providing contiguous access in accordance with an approved conceptual site plan shall not necessitate a certification pursuant to Section [62-811](#), provided that there are no further modifications to an approved ***waterfront public access area***.

87-63 - Declaration of Restrictions

LAST AMENDED
12/11/2017

For any fire apparatus access road proposed for certification pursuant to Section [87-61](#) (Special Provisions for Certain Fire Apparatus Access Roads), a declaration of restrictions shall be provided to guarantee the construction, improvement, operation, maintenance and repair of such road, and any sidewalk adjacent to such road, to guarantee that such road, and any sidewalk adjacent to such road, remains open, unobstructed and accessible to all members of the public, except as necessary to avoid public dedication, and to ensure compliance with all applicable provisions. Such declaration of restrictions shall be prepared in a form acceptable to the Department of City Planning, shall be filed and duly recorded in the Borough Office of the Register of the City of New York and indexed against the property. Filing and recording of the declaration of restrictions shall be a precondition for the Chairperson's certification under Section [87-61](#), where applicable.

For certifications proposed pursuant to Section [87-61](#) on Parcels 2, 3 or 4, where ***developments*** or ***enlargements*** on such parcels utilize the allowance for interim fire access turnaround, in accordance with paragraph (b) of Section [87-62](#) (Contiguity of Fire Apparatus Access Road with Adjacent Zoning Lots on Parcels 2, 3 and 4), any declaration of restrictions

shall include that, at the time of the issuance of the notice of substantial compliance for the adjacent **development**, or **enlargement** pursuant to this Section, thereby permitting vehicular connection between **zoning lots**, the **zoning lot** containing a previously constructed fire apparatus access road turnaround area shall be responsible for the following actions on the portion of the connection on such **zoning lot**:

- (a) repurposing the fire apparatus access road turnaround area pursuant to the requirements set forth in paragraph (b) of Section [87-62](#);
- (b) extending all required sidewalks that had remained short of the **lot line** to the shared **lot line** to connect to the required adjacent sidewalks and enable unobstructed pedestrian movement across parcels;
- (c) complying with all applicable waterfront rules, the Department of Transportation standards for public **streets** and the New York City Fire Code; and
- (d) providing a connection with the adjacent **zoning lot** pursuant to Section [87-62](#).

87-70 - HARLEM RIVER WATERFRONT ACCESS PLAN

LAST AMENDED
12/11/2017

Map 3 (Waterfront Access Plan: Public Access Elements) in the Appendix to this Chapter shows the boundaries of the area comprising the Harlem River Waterfront Access Plan and the location where certain features are mandated or permitted by the Plan.

The underlying regulations for **waterfront public access areas** shall apply, except as modified in this Section, inclusive. For the purposes of applying the provisions of Section [61-822](#), the City Planning Commission may authorize modifications to the requirements for **waterfront public access areas** set forth in Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), and as those provisions are modified by the provisions of this Section, inclusive.

87-71 - Special Public Access Provisions

LAST AMENDED
12/11/2017

The provisions of Section [62-50](#) (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) shall apply to **developments**, as modified in this Section. For the purpose of this Section, “development” shall be as defined in Section [62-11](#). To “develop” shall mean to create such **development**. In addition, the **lot area** allocated to fire apparatus access road pursuant to the provisions of Section [87-60](#), inclusive, may count towards any required **supplemental access area** required pursuant to the provisions of Section [62-57](#) (Required Supplemental Public Access Areas).

(a) ***Shore public walkways***

- (1) The ***shore public walkway*** shall be provided in the location designated on Map 3 (Waterfront Access Plan: Public Access Elements) and constructed at an elevation not lower than the highest level of the train track bed of the Oak Point Rail Link, except that on Parcel 5, if commercial or public utility vehicle storage, as listed in Use Group 16C, is ***developed*** as the primary ***use*** on the ***zoning lots***, the elevation requirement shall not apply. However, for any other ***use***, the elevation requirement shall only apply along the westernmost section of the ***shore public walkway*** to a depth of 40 feet.
- (2) An approved turnaround area in a dead-end fire apparatus access road, as defined in the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or its successor, may, by certification extend into a designated ***shore public walkway*** pursuant to paragraph (b) of Section [87-62](#) (Contiguity of Fire Apparatus Access Road with Adjacent Zoning Lots on Parcels 2, 3 and 4).
- (3) In the event that a portion of a ***waterfront zoning lot*** is within 40 feet of the ***shoreline*** yet does not abut the ***shoreline*** because of an intervening ***zoning lot***, a ***shore public walkway*** shall be provided on such upland portion. The width of the ***shore public walkway*** on such portion shall be 40 feet measured from the ***shoreline*** of the intervening ***zoning lot*** and shall include the width of the intervening ***zoning lot***. The portion of such ***shore public walkway*** located upland of the intervening ***zoning lot*** shall be improved with a circulation path at least 10 feet wide, and any required planted screening buffer shall have a width of at least four feet.
- (4) On Parcel 5, if a commercial or public utility vehicle storage ***use*** is ***developed*** as the primary ***use*** on the parcel, the ***shore public walkway*** requirements set forth in Section [62-62](#) shall apply, except that:
 - (i) the required width of the ***shore public walkway*** may be reduced to a minimum of 20 feet along the northern edge of the inlet and may be reduced to a minimum of 30 feet along the eastern edge of the inlet;
 - (ii) the circulation path required in paragraph (a)(1) of Section [62-62](#) shall be modified to a minimum width of 10 feet along the northern and eastern edge of the inlet;
 - (iii) the screening provisions of paragraph (c)(2) of Section [62-62](#) shall not apply. In lieu thereof, a planted screening buffer with a width of four feet shall be provided. Such planted buffer shall consist of densely planted shrubs or multi-stemmed screening plants, with at least 50 percent being evergreen species. Shrubs shall have a height of at least four feet at the time of planting; and

- (iv) a 10-foot-wide pedestrian walkway between the **shore public walkway** and Exterior Street shall be provided on Parcel 5 adjacent to such **upland connection** location.

(b) **Upland connections**

Upland connections shall be located on Parcels 1, 3, 4, 5, 6, 10 and 11, as designated on Map 3 in the Appendix to this Chapter.

The applicable provisions of Section [62-50](#), inclusive, are modified, as follows:

- (1) On Parcel 1, for an **upland connection** required along the northern boundary of a mapped park, the additional open area requirement of paragraph (a)(2) of Section [62-561](#) (Types of upland connections) shall not apply;
- (2) Parcel 3 shall provide an **upland connection** at the designated location shown on Map 3. In addition, such **upland connection** shall be provided as specified below:
 - (i) The additional area requirements of paragraph (a)(2) of Section [62-561](#) shall not apply.
 - (ii) In the event that Parcel 3 is developed with Parcels 2 or 4, an **upland connection** shall be provided within the flexible location zone shown on Map 3. The additional area requirements of paragraph (a)(2) of Section [62-561](#) shall apply.
- (3) On Parcels 1 and 3, if a Type 1 **upland connection** is provided, and a fire apparatus access road is required pursuant to the New York City Fire Code, Section 503.2 (Fire apparatus access roads), or its successor, the design requirements of Section [62-64](#) shall be modified as follows:
 - (i) the required circulation path may be used to allow such fire apparatus access road, and its minimum width shall be in accordance with all applicable requirements of the Fire Code;
 - (ii) such circulation path shall be paved with distinct materials, not including asphalt, to facilitate pedestrian usage; and
 - (iii) the minimum planting area requirements shall be reduced to 15 percent;
- (4) The required width for an **upland connection** on Parcel 6 is reduced to 12 feet. Such **upland connection** shall be subject only to the applicable pedestrian path provisions.

(c) **Supplemental public access areas**

Supplemental public access areas, pursuant to this Plan, shall be provided on

Parcels 1, 2, 10 and 11, as indicated on Map 3 in the Appendix to this Chapter, except that:

- (1) such requirement may be waived for Parcels 1 and 2 by the Chairperson of the City Planning Commission, in conjunction with a certification pursuant to paragraph (c) of Section [62-811](#) (Waterfront public access and visual corridors), where the site plan includes a vehicular connection through the **zoning lot**, provided that:
 - (i) such vehicular connection complies with the requirements of Section 87- 62 (Fire Apparatus Access Roads) and, for Parcel 2, the requirements of Section [87-62](#) (Contiguity of Fire Apparatus Access Road With Adjacent Zoning Lots on Parcels 2, 3 and 4); and
 - (ii) such vehicular connection, either:
 - (a) on Parcel 1, provides access between East 149th Street and Exterior Street, serving all **buildings** along the **shore public walkway** and mapped parkland; or
 - (b) on Parcel 2, provides a bi-directional connection from the intersection of Exterior Street and the northern boundary of Parcel 2, immediately adjacent to and contiguous with the entire southern boundary of the mapped parkland, immediately adjacent to and contiguous with the **shore public walkway** to the southernmost **lot line** of Parcel 2.
- (2) for Parcel 11, at the location designated as “Supplemental Public Access Area (Shore Public Walkway Location)” on Map 3, a **supplemental public access area** shall be provided at a minimum width of 40 feet as indicated on Map 3, and the design and dimensional requirements for **shore public walkway** as set forth in Sections [62-50](#), inclusive, and [62-60](#), inclusive, shall apply.

(d) **Visual Corridors**

Visual corridors shall be located within Parcels 4, 9, 10, 11, 12 and 13, and mapped parkland, as indicated on Map 4 (Waterfront Access Plan: Visual Corridors) in the Appendix to this Chapter. For all required **visual corridors**, the provisions of Section [62-512](#) (Dimension of visual corridors) shall be modified to allow the lowest level of a **visual corridor**, at its seaward points, to be measured to a height two feet above **base flood elevation** or a height equal to the Oak Point Rail Link train track bed elevation, whichever is higher.

The Oak Point Rail Link shall be a permitted obstruction for **visual corridors**.

87-72 - Applicability of Waterfront Regulations

LAST AMENDED
12/11/2017

In the event that **streets** are mapped within a **zoning lot** on Parcels 1, 2, 3 or 4 after June 30, 2009, or on Parcel 11 after December 11, 2017, the area within such **streets** may continue to be considered part of the **zoning lot** for the purposes of applying all waterfront regulations of the Zoning Resolution.

87-73 - Special Vesting Provisions for the South Subdistrict

LAST AMENDED
12/11/2017

In the South Subdistrict, as shown on Map 1 in the Appendix to this Chapter, the provisions of Section [11-30](#) (BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT), inclusive, shall apply, except as modified by the provisions of this Section. For the purpose of this Section, **development** shall be as defined in Section [62-11](#).

- (a) For Parcel 20, a building permit may be issued in accordance with the **bulk** and **waterfront public access area** regulations that were effective immediately prior to December 11, 2017, where, as part of an application filed with the Department of City Planning for certification pursuant to the provisions of Section [62-811](#) prior to December 11, 2017, a declaration of restrictions has been recorded with the Office of the Register of the City of New York (County of the Bronx), setting forth the obligations of the owner to construct, and maintain a **waterfront public access area** pursuant to the provisions of Section [62-811](#). Such building permit shall allow the **development** of a **building** only in accordance with such certified **waterfront public access area** plan.
- (b) For Parcel 19, a building permit may be issued in accordance with the bulk and waterfront public access area regulations that were effective immediately prior to December 11, 2017, where the Chairperson has certified that no **waterfront public access area** is required on the **zoning lot** pursuant to the provisions of Section [62-811](#) prior to December 11, 2017, provided that no new **buildings or other structures**, except those permitted as obstructions pursuant to Section [62-611](#), are located within 40 feet of the **shoreline**, and further provided that all work on the foundations for such **development** has been completed prior to December 11, 2021.

In addition, for such **development**, no temporary certificate of occupancy shall be granted by the Department of Buildings unless and until the Chairperson of the City Planning Commission certifies that the **zoning lot** provides open space between the **building** and the **shoreline** that is in compliance with the size and design provisions for **shore public walkways** set forth in Section [62-53](#) and the provisions of Section [62-60](#), inclusive. However, such provisions may be modified as follows:

- (1) in addition to the permitted obstructions listed in Section [62-611](#), a dead-end

fire apparatus access road turnaround shall be permitted obstruction within a **shore public walkway**, and an emergency egress path from **buildings** shall be a permitted obstruction within a screening buffer;

- (2) for portions of the **shore public walkway** where a fire apparatus access road turnaround is provided, the minimum width of a circulation path required pursuant to paragraph (a)(1) of Section [62-62](#) (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) may be reduced to a width of 10 feet, and the required width of a screening buffer required pursuant to paragraph (c)(2) of Section [62-62](#), may be reduced to six feet; and
- (3) where a fire apparatus access road is provided within the **shore public walkway**, the percentage of the **shore public walkway** required to be planted pursuant to paragraph (c) of Section [62-62](#) may be reduced to 35 percent.

As part of an application for certification pursuant to this paragraph, a site plan shall be submitted, along with any other materials necessary to demonstrate compliance with the provisions of this paragraph (b).

All open space certified pursuant to the provisions of this paragraph shall comply with the maintenance and operation requirements of Sections [62-71](#) and [62-72](#).

In addition, a written declaration of restrictions shall be recorded against such property in the Office of the Register of the City of New York (County of the Bronx) pursuant to the provisions of Section [62-74](#) (Requirements for Recordation), setting forth obligations of the owner to construct, maintain and provide public access to improvements certified by the Chairperson pursuant to this paragraph. Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.

In the event that foundations required to be completed prior to December 11, 2021, have been commenced but not completed before such date, the building permit shall automatically lapse and the right to continue construction under the provisions of this Section shall terminate. No application to renew the building permit may be made to the Board of Standards and Appeals.

Where foundations have been completed prior to December 11, 2021, the provisions of Section [11-332](#) (Extension of period to complete construction) may be utilized and such date shall be the effective date for applying such provisions.

Chapter 8 - Special Hudson Square District (HSQ)

88-00 - GENERAL PURPOSES

LAST AMENDED
3/20/2013

The “Special Hudson Square District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to support the growth of a mixed residential, commercial and industrial neighborhood by permitting expansion and new development of residential, commercial and community facility uses while promoting the retention of commercial uses and light manufacturing uses;
- (b) to recognize and enhance the vitality and character of the neighborhood for workers and residents;
- (c) to encourage the development of buildings compatible with existing development;
- (d) to regulate conversion of buildings while preserving continued manufacturing or commercial use;
- (e) to encourage the development of affordable housing;
- (f) to promote the opportunity for workers to live in the vicinity of their work;
- (g) to retain jobs within New York City; and
- (h) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect City tax revenues.

88-01 - Definitions

LAST AMENDED
3/20/2013

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section [12-10](#) (DEFINITIONS).

Qualifying building

For the purposes of this Chapter, a “qualifying building” shall be any **building** that contained at least 70,000 square feet of **floor area** on March 20, 2013.

88-02 - General Provisions

LAST AMENDED
3/20/2013

In harmony with the general purposes and intent of this Resolution and the general purposes of the ***Special Hudson Square District***, the provisions of this Chapter shall apply within the ***Special Hudson Square District***. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in ***flood zones***, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

88-03 - District Plan and Maps

LAST AMENDED
3/20/2013

The regulations of this Chapter are designed to implement the ***Special Hudson Square District*** Plan. The District Plan includes the map, "Special Hudson Square District and Subdistrict," in the Appendix to this Chapter which is hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

88-04 - Subdistricts

LAST AMENDED
3/20/2013

In order to carry out the purposes and provisions of this Chapter, Subdistrict A is established. The Subdistrict is specified on the map in the Appendix to this Chapter.

88-05 - Applicability of District Regulations

LAST AMENDED
3/20/2013

88-051 - Applicability of Article I, Chapter 5

LAST AMENDED
3/20/2013

The conversion to ***dwelling units*** of non-***residential buildings*** erected prior to January 1,

1977, or portions thereof, shall be permitted subject to Sections [15-11](#) (Bulk Regulations), [15-12](#) (Open Space Equivalent) and [15-30](#) (MINOR MODIFICATIONS), paragraph (b), except as superseded or modified by the provisions of this Chapter.

88-052 - Applicability of district bulk regulations to certain enlargements

LAST AMENDED
3/20/2013

Notwithstanding any of the provisions of Section [11-33](#) (Building Permits for Minor or Major Development or Other Construction Issued Before Effective Date of Amendment), for the **enlargement** of a **building** which is the subject of Department of Buildings application number 121326742 filed on December 3, 2012, to create a single commercial development, such **enlarged building** shall not be subject to the height and setback regulations of Section [88-33](#), paragraph (b), and may continue, provided that a building permit has been issued for such commercial development within two years of March 20, 2013. In addition, should the **zoning lot** which is the subject of the above-referenced Department of Buildings application merge with an adjacent **zoning lot** containing **wide street** frontage on Sixth Avenue, such a **zoning lot** merger and the subsequent combining of adjacent **buildings** shall not be deemed to create a new **non-compliance**, nor an increase in the degree of **non-compliance** in regards to Section [88-33](#), paragraph (b)(4), (Maximum length of **street wall**).

88-10 - SUPPLEMENTAL USE REGULATIONS

LAST AMENDED
3/20/2013

All permitted **uses** in the underlying districts, as set forth in Section [42-10](#) (USES PERMITTED AS-OF-RIGHT), shall comply with the provisions set forth in this Section, inclusive.

88-11 - Residential Use

LAST AMENDED
3/20/2013

Residential use shall be permitted in accordance with the provisions of this Section.

(a) **Residential use** as-of-right

Residential use shall be permitted as-of-right on any **zoning lot** that, on March 20, 2013, was not occupied by a **qualifying building**. As a condition to receiving a building permit, such absence of a **qualifying building** on the **zoning lot** must be demonstrated to the satisfaction of the Department of Buildings.

(b) **Residential use** by certification

Residential use shall be permitted on a **zoning lot** that, on March 20, 2013, was occupied by one or more **qualifying buildings**, only upon certification by the Chairperson of the City Planning Commission that the **zoning lot**, as it existed on March 20, 2013, will contain at least the amount of **commercial** or **manufacturing floor area** that existed within such **qualifying buildings** on the **zoning lot** on March 20, 2013, subject to the following:

- (1) **commercial** or **manufacturing floor area** that is preserved within existing non-**qualifying buildings** on the **zoning lot** through restrictive declaration may count towards meeting the requirements of this certification; and
- (2) **floor area** from **community facility uses** with sleeping accommodations shall not count towards meeting the requirements of this certification.

However, **commercial** or **manufacturing floor area** converted to **residential** vertical circulation space and lobby space need not be replaced as **commercial** or **manufacturing floor area**.

A restrictive declaration acceptable to the Department of City Planning shall be executed and recorded, binding the owners, successors and assigns to maintain the amount of **commercial** or **manufacturing floor area** that existed within such **qualifying buildings** on March 20, 2013, on the **zoning lot**. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a change of **use** from **commercial** or **manufacturing** to **residential**, or for any **development** containing **residences**.

88-12 - Community Facility Use

LAST AMENDED
3/20/2013

The **community facility use** regulations applicable in M1 Districts shall not apply in the **Special Hudson Square District**. In lieu thereof, all **community facility uses** listed in Use Groups 3 and 4 shall be permitted, except that **community facilities** with sleeping accommodations shall only be permitted in accordance with paragraphs (a) or (b) of this Section, as applicable.

- (a) **Community facilities** with sleeping accommodations shall be permitted as-of-right on any **zoning lot** that, on March 20, 2013, was not occupied by a **qualifying building**. As a condition to receiving a building permit, such absence of a **qualifying building** on the **zoning lot** shall be demonstrated to the satisfaction of the Department of Buildings.

- (b) **Community facilities** with sleeping accommodations shall be permitted on a **zoning lot** that, on March 20, 2013, was occupied by one or more **qualifying buildings**, only upon certification by the Chairperson of the City Planning Commission that the **zoning lot** will contain at least the amount of **commercial** or **manufacturing floor area** that existed within **qualifying buildings** on the **zoning lot** on March 20, 2013, subject to the following:
- (1) **commercial** or **manufacturing floor area** that is preserved within existing non-**qualifying buildings** on the **zoning lot** through restrictive declaration may count towards meeting the requirements of this certification; and
 - (2) **floor area** from **community facility uses** with sleeping accommodations shall not count towards meeting the requirements of this certification.

However, **commercial** or **manufacturing floor area** converted to vertical circulation and lobby space associated with a **community facility** with sleeping accommodations need not be replaced as **commercial** or **manufacturing floor area**.

A restrictive declaration acceptable to the Department of City Planning shall be executed and recorded, binding the owners, successors and assigns to maintain the amount of **commercial** or **manufacturing floor area** that existed within such **qualifying buildings** on March 20, 2013, on the **zoning lot**. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a change of **use** from **commercial** or **manufacturing** to **community facility uses** with sleeping accommodations, or for any **development** containing **community facility uses** with sleeping accommodations.

- (c) Ground floor **community facility uses** shall be subject to the streetscape provisions set forth in Section 88-131.

88-13 - Commercial Use

LAST AMENDED
3/20/2013

The **commercial use** regulations applicable in M1 Districts shall apply in the **Special Hudson Square District**, except that:

- (a) food stores, including supermarkets, grocery stores or delicatessen stores, shall not be limited as to the size of the establishment;
- (b) **uses** listed in Use Group 6A, other than food stores, and Use Groups 6C, pursuant to Section [42-13](#), 6E, 10 and 12B, shall be limited to 10,000 square feet of **floor area** at the ground floor level, per establishment. Portions of such establishments located above or below ground floor level shall not be limited in size;

- (c) ground floor **commercial uses** shall be subject to special streetscape provisions set forth in Section [88-131](#);
- (d) **commercial uses** permitted in M1 Districts shall be subject to the modifications set forth in Section [123-22](#) (Modification of Use Groups 16, 17 and 18), inclusive;
- (e) **transient hotels** shall be allowed, except that:
 - (1) **development** or **enlargement** of **transient hotels** with greater than 100 sleeping units on **zoning lots** where **residential use** is permitted as-of-right, in accordance with paragraph (a) of Section [88-11](#), shall only be allowed upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal has been met for the **Special Hudson Square District** as set forth in this paragraph (e) (1), or, where such residential development goal has not been met, by special permit pursuant to Section [88-132](#) (Special permit for large transient hotels).

The residential development goal shall be met when at least 2,255 **dwelling units**, permitted pursuant to the provisions of Section [88-11](#), within the **Special Hudson Square District**, have received temporary or final certificates of occupancy subsequent to March 20, 2013; and
 - (2) a change of **use** within a **qualifying building** to a **transient hotel** with greater than 100 sleeping units shall only be allowed by special permit, pursuant to Section [88-132](#); and
- (f) eating or drinking establishments with entertainment and a capacity of more than 200 persons, or establishments of any capacity with dancing, are permitted only by special permit of the Board of Standards and Appeals, pursuant to Section 73-244.

88-131 - Streetscape provisions

LAST AMENDED
3/20/2013

For **zoning lots** with **street** frontage of 50 feet or more, the location of certain **uses** shall be subject to the following **use** requirements.

For the purposes of applying the special ground floor level streetscape provisions set forth in Section [37-30](#) to this Section, all **zoning lots** with a **street** frontage of 50 feet or more shall be considered **primary street frontages**, as defined in Section 37-311.

- (a) For **uses** located on the ground floor or within five feet of **curb level**, **uses** limited to Use Groups 6A, 6C, 7B, 8A, 8B, 9A, 10A, 12A and 12B, shall extend along a minimum of 50 percent of the width of the **street** frontage of the **zoning lot**, and shall comply with the minimum depth provisions of Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses).

- (b) The remainder of the **street** frontage of the **zoning lot** may be occupied by any permitted **uses**, lobbies or entrances to parking spaces, except that lobbies shall comply with the standards for Type 2 lobbies set forth in Section [37-33](#) (Maximum Width of Certain Uses).
- (c) In Subdistrict A of this Chapter, for portions of a **building** bounding a **public park**, the ground floor **use** requirements of paragraph (a) of this Section shall apply to 100 percent of the width of the **street** frontage of the **zoning lot**, and **residential** lobbies and **schools** shall be permitted **uses** on the ground floor for purposes of compliance with paragraph (a).

For **zoning lots** with **street** frontage of less than 50 feet, no special ground floor **use** requirements shall apply.

Enclosed parking spaces, or parking spaces covered by a **building**, including such spaces **accessory** to **residences**, shall be permitted to occupy the ground floor, provided they are wrapped by **floor area** or screened in accordance with the provisions set forth in Section [37-35](#) (Parking Wrap and Screening Requirements).

Any ground floor **street wall** of a **development** or **enlargement** that contains **uses** listed in Use Groups 1 through 15, not including **dwelling units**, shall be glazed in accordance with the provisions set forth in Section [37-34](#) (Minimum Transparency Requirements).

88-132 - Special permit for large transient hotels

LAST AMENDED
3/20/2013

(a) **Developments** or **enlargements**

In the **Special Hudson Square District**, prior to the residential development goal set forth in paragraph (e) of Section [88-13](#) (Commercial Use) having been achieved, the City Planning Commission may permit **developments** or **enlargements** of **transient hotels** with greater than 100 sleeping units on **zoning lots** where **residential use** is permitted as-of-right, in accordance with paragraph (a) of Section [88-11](#), provided the Commission finds that:

- (1) sufficient development sites are available in the area to meet the residential development goal; or
- (2) a harmonious mix of **residential** and non-**residential uses** has been established in the surrounding area, and such **transient hotel** resulting from a **development** or **enlargement** is consistent with the character of such surrounding area.

(b) Changes of **use**

In the ***Special Hudson Square District***, the City Planning Commission may permit the change of ***use*** of ***floor area*** within ***qualifying buildings*** to a Use Group 5 ***transient hotel*** with greater than 100 sleeping units provided that, at minimum, the amount of ***floor area*** changed to such ***transient hotel*** is:

- (1) preserved for Use Group 6B office ***use*** within a ***qualifying building*** located within the ***Special Hudson Square District***; or
- (2) created for Use Group 6B office ***use*** within a ***building developed*** after March 20, 2013, or within the ***enlarged*** portion of a ***building***, where such ***enlargement*** was constructed within one year of the date an application pursuant to this Section is filed with the Department of City Planning (DCP). Such ***developed*** or ***enlarged buildings*** may be located anywhere within the ***Special Hudson Square District***, and shall have either temporary or final certificates of occupancy for Use Group 6B office ***use***.

In order to permit such change of ***use***, the Commission shall find that the proposed ***transient hotel*** is so located as not to impair the essential character, or the future use or development, of the surrounding area.

A restrictive declaration acceptable to the DCP shall be executed and recorded, binding the owners, successors and assigns to preserve an amount of Use Group 6B office ***use*** within a ***qualifying building***, or created within a ***development*** or ***enlargement***, as applicable. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a change in ***use*** from Use Group 6B office ***use*** to any other ***use***.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

88-14 - Manufacturing Use

LAST AMENDED
3/20/2013

In the ***Special Hudson Square District***, ***manufacturing uses*** permitted in M1 Districts shall be subject to the modifications set forth in Section [123-22](#) (Modification of Use Groups 16, 17 and 18), inclusive.

88-20 - SIGN REGULATIONS

LAST AMENDED
3/20/2013

In the ***Special Hudson Square District***, ***signs*** are subject to the regulations applicable in C6-

4 Districts, as set forth in Section [32-60](#), inclusive.

88-30 - SPECIAL BULK REGULATIONS

LAST AMENDED
3/20/2013

Except as modified in this Chapter, the following bulk regulations shall apply:

- (a) For **developments, enlargements**, or changes of **use** containing **residences**, the **bulk** regulations of an R10 District, as set forth in Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts), shall apply;
- (b) For **developments, enlargements**, or changes of **use** containing **manufacturing, commercial** or **community facility uses**, the **bulk** regulations set forth in Article IV, Chapter 3 (Bulk Regulations), shall apply.

For the purposes of applying the regulations of this Section, Greenwich Street shall be a **wide street**.

88-31 - Floor Area Regulations

LAST AMENDED
3/20/2013

Except in Subdistrict A of this Chapter, the maximum **floor area** ratio for **zoning lots** that do not contain **residences** shall be 10.0; no **floor area** bonuses shall apply.

The maximum base **floor area ratio** for **zoning lots** that contain **residences** shall be 9.0 plus an amount equal to 0.25 times the non-**residential floor area ratio** provided on the **zoning lot**, provided that such base **floor area ratio** does not exceed 10.0. Such **floor area ratio** may be increased to a maximum of 12.0 only as set forth in Section [88-32](#) (Inclusionary Housing).

88-311 - Special floor area regulations in Subdistrict A

LAST AMENDED
3/20/2013

For **zoning lots** in Subdistrict A of this Chapter that do not contain **residences**, the maximum **floor area ratio** shall be 10.0; no **floor area** bonuses shall apply.

For **zoning lots** in Subdistrict A containing **residences**, the maximum **floor area ratio** shall be 9.0 plus an amount equal to 0.25 times the non-**residential floor area ratio** provided on the **zoning lot**, provided that such base **floor area ratio** does not exceed 10.0.

Any floor space designated for **use** as a **school** shall be exempted from the definition of **floor**

area for the purposes of calculating the permitted **floor area ratio** for **community facility uses** and the total maximum **floor area ratio** of the **zoning lot**, provided that such school is either:

- (a) a public school, subject to the jurisdiction of the New York City Department of Education, pursuant to an agreement accepted by the School Construction Authority; or
- (b) a charter school, subject to the New York State Education Law, pursuant to an agreement with a charter school organization.

88-32 - Inclusionary Housing

LAST AMENDED
3/20/2013

The **Special Hudson Square District**, except Subdistrict A, shall be an **Inclusionary Housing designated area**, and the provisions of Section [23-90](#) (INCLUSIONARY HOUSING) applicable to R10 Districts shall apply.

88-33 - Height and Setback

LAST AMENDED
3/20/2013

In the **Special Hudson Square District**, the height and setback regulations of the underlying districts shall not apply. In lieu thereof, the provisions of this Section shall apply to all **buildings**.

- (a) Rooftop regulations
 - (1) Permitted obstructions

The provisions of Section [33-42](#) shall apply to all **buildings**, except that elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures), may penetrate a maximum height limit, provided that either the product, in square feet, of the **aggregate width of street walls** of such obstructions facing each **street** frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the **street wall** of the **building** facing such frontage, or that the **lot coverage** of all such obstructions does not exceed 20 percent of the **lot coverage** of the **building**, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height provided that such dormers comply with the provisions of paragraph (c) of Section [23-621](#) (Permitted obstructions in certain districts).

(2) Screening requirements for mechanical equipment

For all **developments, enlargements** and **conversions** of **commercial** or **manufacturing floor area** to **residences**, all mechanical equipment located on any roof of a **building or other structure** shall be fully screened on all sides. However, no such screening requirements shall apply to water tanks.

(b) Height and setback

(1) **Street wall** location

On **wide streets**, and on **narrow streets** within 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line** and extend along the entire **street** frontage of the **zoning lot** up to the minimum base height or the height of the **building**, whichever is less. On **narrow streets** beyond 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line**. For the purposes of this paragraph (b), portions of **street walls** located up to 18 inches from a **street line** shall be considered to be located on the **street line** where a vertical element of such **street wall** is located on the **street line** and rises without setback from ground level to the top of the second **story** at intervals of at least once every 15 feet in plan and, above the level of the second **story**, where a vertical element rises without setback to the applicable minimum base height at an interval of at least once every 30 feet in plan.

On the ground floor, recesses shall be permitted where required to provide access to the **building**, provided such recesses do not exceed three feet in depth as measured from the **street line**.

Above the level of the ground floor, recesses shall be permitted beyond 20 feet of an adjacent **building** and beyond 30 feet of the intersection of two **street lines**, as follows:

(i) Along **wide streets**

Recesses shall be provided at the level of each **story** entirely above a height of 60 feet, up to the maximum base height of the **building**. Such recesses shall have a minimum depth of five feet and a width between 10 and 40 percent of the **aggregate width of street wall** of the **building** at the level of any **story**.

(ii) Along **narrow streets**

Above the level of the second **story**, recesses in **street walls** deeper than 18 inches shall be permitted. Such recesses may not exceed 30 percent of the **aggregate width of street wall** of the **building** at the

level of any **story**.

(2) Base height

(i) Along **wide streets**

On **wide streets**, and on **narrow streets** within 50 feet of their intersection with a **wide street**, the **street wall** of a **building** shall rise without setback to a minimum base height of 125 feet and a maximum base height of 155 feet.

(ii) Along **narrow streets**

On **narrow streets**, beyond 50 feet of their intersection with a **wide street**, the **street wall** of a **building** shall rise without setback to a minimum base height of 60 feet, or the height of the **building**, whichever is less, up to a maximum base height of 135 feet.

However, for **buildings** on **zoning lots** meeting the criteria set forth in paragraph (a) of Section [23-664](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), the maximum base height may be increased to 155 feet.

As an alternative, the minimum and maximum base heights applicable to a **wide street** may apply along a **narrow street** to a distance of 100 feet from its intersection with a **wide street**.

(3) Required setbacks and maximum **building** heights

(i) Along **wide streets**

For **buildings**, or portions thereof, located on **wide streets**, and on **narrow streets** within 100 feet from their intersection with a **wide street**, the portion of such **building** above the maximum base height set forth in paragraph (b)(2)(i) of this Section shall be set back from the **street wall** of the **building** at least 10 feet along a **wide street** and at least 15 feet along a **narrow street**, except such dimensions may include the depth of any permitted recesses in the **street wall**. The maximum height of such **buildings** shall be 290 feet. In addition, the gross area of each of either the highest two or three **stories** of such **building** located entirely above a height of 230 feet, shall not exceed 80 percent of the gross area of the **story** directly below such highest two or three **stories**.

(ii) Along **narrow streets**

For **buildings**, or portions thereof, located on **narrow streets** beyond

100 feet from their intersection with a **wide street**, the portion of such **building** above the maximum base height set forth in paragraph (b)(2) (i) of this Section shall be set back from the **street wall** of the **building** at least 15 feet, except such dimensions may include the depth of any permitted recesses in the **street wall**.

The maximum height of a **building** and the maximum number of **stories** shall be as set forth in Section [23-662](#) (Maximum height of buildings and setback regulations) for an R10A District on a **narrow street**. However, for **buildings** meeting the criteria set forth in paragraph (a) of Section [23-664](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of **stories** may be increased, provided that the maximum number of **stories** does not exceed 23, the maximum height of a **building** with a **non-qualifying ground floor** does not exceed a height of 230 feet and the maximum height of a **building** with a **qualifying ground floor** does not exceed a height of 235 feet.

(4) Maximum length of **street wall**

The maximum length of any **street wall** located entirely above a height of 150 feet shall not exceed 150 feet. Such length shall be measured in plan view by inscribing within a rectangle the outermost walls at the level of each **story** entirely above a level of 150 feet. As an alternative, for **street walls** facing **wide streets** that provide vertical articulation, such maximum length may be increased to 175 feet, provided that between 30 and 40 percent of the width of the **street wall** is recessed at least five feet from all adjacent **street walls** above a height of 150 feet.

(5) Vertical **enlargements**

- (i) Existing **buildings** may be vertically **enlarged** by up to one **story** or 15 feet without regard to the **street wall** location requirements of paragraphs (b)(1) and (b)(2) of this Section.
- (ii) Existing **buildings** with **street walls** that rise without setback to a height of at least 80 feet may be vertically **enlarged** in excess of one **story** or 15 feet without regard to the **street wall** location requirements of paragraphs (b)(1) and (b)(2) of this Section, provided such **enlarged** portion is located at least 10 feet from a **wide street** and at least 15 feet from a **narrow street**.

LAST AMENDED
3/20/2013

For **zoning lots** in Subdistrict A of this Chapter, the regulations in paragraph (b) of Section [88-33](#) applicable to **wide streets** shall apply, except where modified or superseded by the regulations of this Section.

(a) Maximum **building** height

The maximum height of **buildings** shall be 430 feet.

(b) **Lot coverage**

Below a height of 290 feet, **buildings** shall have a minimum **floor area** coverage of at least 30 percent of the **lot area** of the **zoning lot**. Above a height of 290 feet, **buildings** shall have a minimum **floor area** coverage of at least 20 percent of the **lot area** of the **zoning lot**.

(c) Modification of **bulk** regulations for **zoning lots** bounding a **public park**

In the case of a **zoning lot line abutting** the boundary of a **public park**, such **zoning lot line** shall be considered to be a **wide street line** for the purposes of applying all **bulk** regulations of this Resolution, except for **street wall** regulations. For the purposes of applying **street wall** regulations in the case of a **zoning lot line abutting** the boundary of a **public park**, a line no more than 45 feet west of and parallel to the nearest boundary line of the **public park** shall be considered a **wide street line**.

(d) **Street wall** location

The **street wall** provisions of this Chapter shall apply, except that, for the portion of a **building** bounding a **public park**, the **street wall** shall be located at the **street line** for at least 50 percent of the frontage bounding the **public park** and shall rise to the minimum base height, but not higher than the maximum base height.

88-332 - Courts

LAST AMENDED
3/20/2013

Those portions of **buildings** that contain **residences** shall be subject to the court provisions applicable in R10 Districts as set forth in Section [23-80](#) (COURT REGULATIONS, MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS), inclusive.

88-40 - YARD REGULATIONS

LAST AMENDED
3/20/2013

In the ***Special Hudson Square District***, except as provided in Section [88-41](#) (Rear Yard Regulations for Shallow Through Lots), the ***yard*** provisions applicable in R10 Districts shall apply to the ***residential*** portion of a ***building***, and the ***yard*** provisions applicable in C6 Districts shall apply to non-***residential buildings***, or the non-***residential*** portion of a ***building***.

88-41 - Rear Yard Regulations for Shallow Through Lots

LAST AMENDED
3/20/2013

For ***through lots*** or ***through lot*** portions of ***zoning lots*** located beyond 100 feet of a ***wide street***, where the maximum depth of such ***through lot*** between ***narrow streets*** is 180 feet or less, any required ***rear yard equivalent*** shall be provided in accordance with the provisions set forth in Section [23-533](#) (Required rear yard equivalents for Quality Housing buildings).

88-50 - PARKING AND LOADING REGULATIONS AND CURB CUT LOCATIONS

LAST AMENDED
3/20/2013

In the ***Special Hudson Square District***, the parking regulations applicable in C6-4 Districts, as set forth in Article III, Chapter 6, and as modified, pursuant to Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core) shall apply.

Chapter 9 - Special Hudson River Park District (HRP)

89-00 - GENERAL PURPOSES

LAST AMENDED

12/15/2016

The “Special Hudson River Park District” established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to facilitate the repair and rehabilitation of piers, bulkheads and infrastructure within Hudson River Park, and to facilitate their maintenance and development, through the transfer of development rights within the Special Hudson River Park District, given that commercial development is limited by the Hudson River Park Act;
- (b) to promote an appropriate range of uses that complements Hudson River Park and, to the extent housing is included, to serve residents of varied income levels;
- (c) to establish criteria for any and all transfers of air rights from the Hudson River Park to inland areas; and
- (d) to promote the most desirable use of land and development in this area and thus to conserve the value of land and buildings and thereby protect the City’s tax revenues.

89-01 - General Provisions

LAST AMENDED

12/15/2016

The provisions of this Chapter shall apply within the ***Special Hudson River Park District***. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in ***flood zones***, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

89-02 - Definitions

LAST AMENDED

12/15/2016

For the purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS)

and in this Section.

Granting site

Within the ***Special Hudson River Park District***, a “granting site” is a ***zoning lot***, or a portion of a ***zoning lot***, within the areas identified as “A1” or “B1” on the map in the Appendix to this Chapter, upon which development is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Special District and from which ***floor area*** may be transferred. A ***granting site*** may only transfer ***floor area*** to a ***receiving site*** within an area that shares the same letter designation. For example, a ***granting site*** within area A1 may transfer ***floor area*** to a ***receiving site*** within area A2, but not to a ***receiving site*** within area B2.

Receiving site

Within the ***Special Hudson River Park District***, a “receiving site” is a ***zoning lot***, within the area identified as “A2”, “B2” or “B3” on the maps in the Appendix to this Chapter, to which ***floor area*** of a ***granting site*** may be transferred.

Required funds

Within the ***Special Hudson River Park District***, the “required funds” are the specified amount of funds required to effectuate the transfer of ***floor area***, pursuant to paragraph (a) of Section [89-21](#), set forth in a statement from the Hudson River Park Trust.

89-03 - District Plan and Maps

LAST AMENDED
12/15/2016

The regulations of this Chapter are designed to implement the ***Special Hudson River Park District*** Plan. The District Plan includes the map in the Appendix to this Chapter which is hereby incorporated and made part of this Resolution for the purpose of specifying locations where special regulations and requirements set forth in this Chapter apply.

89-10 - USE AND BULK REGULATIONS

LAST AMENDED
12/15/2016

89-11 - Use and Bulk Regulations on Receiving Sites

LAST AMENDED
10/9/1986

The **use** and **bulk** regulations applicable to a **receiving site** shall be modified as follows:

(a) C6-4 Districts

Within Area A2 on the maps in the Appendix to this Chapter, the **use** and **bulk** regulations of the underlying C6-4 District shall not apply. In lieu thereof, the **use** and **bulk** regulations of an M1-5 District shall apply.

Within Areas B2 and B3, the **use** and **bulk** regulations of the underlying C6-4X District shall not apply. In lieu thereof, the **use** and **bulk** regulations of an M2-3 District shall apply.

(b) C6-3 and M1-5 Districts

The **use** and **bulk** regulations of the underlying C6-3 and M1-5 Districts shall not apply. In lieu thereof, the **use** and **bulk** regulations of an M2-4 District shall apply.

However, on a **receiving site**, for any **development**, **enlargement** or **conversion** that is the subject of a special permit granted by the City Planning Commission pursuant to Section [89-21](#) (Transfer of Floor Area From Hudson River Park), the **use** and **bulk** regulations of the underlying C6-3, C6-4 or M1-5 District shall only apply to such approved **development**, **enlargement** or **conversion**.

89-12 - Special Floor Area Regulations Within Areas B2 and B3

LAST AMENDED
10/9/1986

Within Areas B2 and B3 on the maps in the Appendix to this Chapter, where the **bulk** regulations of the underlying C6-4X District apply pursuant to the provisions of Section [89-11](#) (Use and Bulk Regulations on Receiving Sites), the **floor area ratio** of the underlying district shall not apply. In lieu thereof, the maximum base **floor area ratio** shall be 10.0 within a **Mandatory Inclusionary Housing area**, and such maximum **floor area ratio** may be increased to a maximum of 12.0 only as set forth in Section [89-21](#) (Transfer of Floor Area From Hudson River Park).

89-20 - SPECIAL PERMITS

89-21 - Transfer of Floor Area From Hudson River Park

LAST AMENDED
12/15/2016

The City Planning Commission may permit a transfer of **floor area** from a **granting site** to a **receiving site**, may permit distribution of total allowable **floor area** of a **receiving site** without regard for zoning district boundaries, may permit that such **receiving site** be treated as a single **zoning lot** for all purposes of this Resolution, and may modify **bulk** regulations, except **floor area** regulations, for a **development, enlargement or conversion** located on such **receiving site**. In addition, for **receiving sites** within Area B2 on the maps in the Appendix to this Chapter, the Commission may exempt floor space from the definition of **floor area** in a **building** that contains an ambulance station and may increase the maximum number of **accessory** off-street parking spaces permitted for such station.

(a) Application requirements

All applications for a special permit pursuant to this Section shall include the following:

- (1) a survey of the **granting site** illustrating existing **buildings** to remain on the **granting site** and zoning calculations indicating the **floor area** on the **granting site** and within such **buildings**;
- (2) a survey of the **receiving site** and a site plan illustrating the proposed **development, enlargement or conversion** on such lot, and associated zoning calculations demonstrating compliance with the conditions and limitations set forth in this special permit;
- (3) drawings that illustrate any proposed **bulk** modifications for the proposed **development, enlargement or conversion** on the **receiving site**; and
- (4) a statement from the Hudson River Park Trust identifying improvements to be made to Hudson River Park, and indicating that payment of the **required funds** necessary to effectuate the transfer of **floor area** pursuant to this Section, in combination with any other available funding, would be sufficient, according to the Trust's estimate, to complete such identified improvements.

(b) Conditions and limitations

All applications for a special permit pursuant to this Section shall comply with the following conditions:

- (1) the maximum **floor area** that may be transferred from the **granting site** shall be the maximum **floor area** permitted for the **granting site** under the applicable

district regulations if it were undeveloped, less the **floor area** of all **buildings** on such **granting site**;

- (2) the increase in **floor area** on the **receiving site** allowed by the transfer of **floor area** to such **receiving site** shall in no event exceed 20 percent of the maximum **floor area** permitted on such **receiving site** by the underlying district;
- (3) the transfer, once completed, shall irrevocably reduce the amount of **floor area** that can be utilized by the **granting site** by the amount of **floor area** transferred;
- (4) the **granting site** and location of identified improvements to be made to the Hudson River Park in connection with the proposed transfer of **floor area** are located in the same Community District as the **receiving site**;
- (5) if the proposed **development, enlargement or conversion** on the **receiving site** includes **residential floor area**, it shall provide **affordable housing** in accordance with Section [23-90](#) (INCLUSIONARY HOUSING);
- (6) for the **receiving site** within Area A2 on the map in the Appendix to this Chapter:
 - (i) the portion of the **receiving site** located over West Houston Street shall not generate **floor area** for the proposed special permit **development**, and no **floor area** shall be located directly above West Houston Street;
 - (ii) the height and setback requirements of the applicable district shall apply to the portions of the **receiving site** located on each side of the mapped **street lines** of West Houston Street; and
- (7) no more than 200,000 square feet of **floor area**, in the aggregate, shall be transferred to **receiving sites** located within the boundaries of Manhattan Community District 2.

(c) Findings

The Commission may grant the transfer of **floor area** and any associated **bulk** modifications, provided that:

- (1) such transfer of **floor area** will facilitate the repair, rehabilitation, maintenance and development of Hudson River Park, including its piers, bulkheads and infrastructure;
- (2) the transfer of **floor area** will support the completion of improvements to Hudson River Park as identified in the statement submitted to the Commission by the Trust as part of this application; and

(3) for the **receiving site**:

- (i) the proposed configuration and design of **buildings**, including any associated structures and open areas, will result in a superior site plan, and such **buildings** and open areas will relate harmoniously with one another and with adjacent **buildings** and open areas;
- (ii) the location and quantity of the proposed mix of **uses** will complement the site plan;
- (iii) the proposed transfer of **floor area** and any modification to **bulk** regulations will not unduly increase the **bulk** of any **building** on the **receiving site** or unduly obstruct access of adequate light and air to the detriment of the occupants or users of **buildings** on the **block** or nearby **blocks**, or of people using the public **streets** and other public spaces;
- (iv) such transferred **floor area** and any proposed modifications to **bulk** are appropriate in relation to the identified improvements to Hudson River Park;
- (v) any **affordable housing**, as defined in Section [23-90](#) (INCLUSIONARY HOUSING), that is provided as part of the project will support the objectives of the Inclusionary Housing Program; and
- (vi) the Commission, in consultation with the Fire Department, determines that the amount of proposed floor space and the number of proposed parking spaces in such ambulance station is reasonable in order to provide a necessary service to the surrounding area.

(d) Additional requirements

The City Planning Commission shall receive a copy of a transfer instrument legally sufficient in both form and content to effect such a transfer of **floor area**. Notices of the restriction upon further **development, enlargement** or **conversion** of the **granting site** and the **receiving site** shall be filed by the owners of the respective **zoning lots** in the Office of the Register of the City of New York (County of New York). Proof of recordation of the notices shall be submitted to the Chairperson of the City Planning Commission, in a form acceptable to the Chairperson.

Both the transfer instrument and the notices of restriction shall specify the total amount of **floor area** transferred and shall specify, by lot and block numbers, the **granting site** and the **receiving site** that are a party to such transfer.

On a **receiving site**, for any **development, enlargement** or **conversion** that is the subject of a special permit granted by the Commission pursuant to this Section, the Department of Buildings shall not:

- (1) issue a building permit until the Chairperson has certified that the owner of the **receiving site** and the Hudson River Park Trust have jointly executed a Purchase and Sale Agreement for the amount of the **required funds**, specified in paragraph (a)(4) of this Section, associated with the transfer of **floor area**, and that all of such **required funds** have either been irrevocably paid to Hudson River Park Trust or will be paid in accordance with a payment schedule and secured by a cash equivalent, such as a letter of credit, in accordance with such Purchase and Sale Agreement; or
- (2) issue a temporary or final certificate of occupancy until the Chairperson has certified that the Hudson River Park Trust has submitted a letter to the Chairperson confirming that payment of all of the **required funds** specified in paragraph (a)(4) of this Section, associated with the transfer of **floor area**, has been irrevocably made by the owner of such **receiving site** to the Hudson River Park Trust, or that the Hudson River Park Trust has drawn down on the security such that no portion of the **required funds** is outstanding.

Any modification of a special permit previously issued pursuant to this Section which proposes a change to the amount of **required funds** shall be referred to the affected Community Board for a period of at least 45 days. The Commission shall not act upon the modification application until the completion of the Community Board review period.

The Commission may prescribe additional appropriate conditions and safeguards to improve the quality of the **development, enlargement or conversion** and to minimize adverse effects on the character of the surrounding area.

Chapter 1 - Special Lower Manhattan District (LM)

91-00 - GENERAL PURPOSES

LAST AMENDED
6/21/2016

The "Special Lower Manhattan District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) encourage development of a 24-hour community through the conversion of older commercial buildings to residential use;
- (b) facilitate maximum design flexibility of buildings and enhance the distinctive skyline and streetscape of Lower Manhattan;
- (c) improve public use and enjoyment of the East River waterfront by creating a better physical and visual relationship between development along the East River and the waterfront area, public access areas and the adjoining upland community;
- (d) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities;
- (e) restore, preserve and assure the use of the South Street Seaport Subdistrict as an area of small historic and restored buildings, open to the waterfront and having a high proportion of public spaces and amenities, including a South Street Seaport Environmental Museum, with associated cultural, recreational and retail activities;
- (f) establish the Historic and Commercial Core to protect the existing character of this landmarked area by promoting development that is harmonious with the existing scale and street configuration;
- (g) establish the Water Street Subdistrict to improve the urban design relationship between existing buildings and open areas by promoting retail activities and the enhancement of existing public spaces with new amenities in this area; and
- (h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

91-01 - General Provisions

LAST AMENDED
10/10/2013

Except as modified by the express provisions of the ***Special Lower Manhattan District***, the regulations of the underlying zoning districts shall remain in effect.

Requirements that apply generally throughout the District are set forth in the provisions for this Chapter. The provisions of Section [91-40](#) (MANDATORY DISTRICT PLAN ELEMENTS) specify planning and urban design features that are primarily oriented toward the accommodation and well-being of

pedestrians.

For requirements that are not generally applicable but are tied to specific locations within the Special District, the locations where these requirements apply are shown on District Map 2 (Street Wall Continuity Types 1, 2A, 2B & 3), Map 3 (Street Wall Continuity Types 4 & 5), Map 4 (Designated Retail Streets) and Map 5 (Curb Cut Prohibitions) in Appendix A. Certain **sign** regulations that apply to landmark **buildings** with **street walls** fronting Broadway are set forth in Section 91134.

The provisions of Article VI, Chapter 2 (Special Regulations in the Waterfront Area), shall apply to all areas of the **waterfront area** within the **Special Lower Manhattan District**, except as otherwise provided in Section [91-60](#) (REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT) for Piers 9, 11, 13 and 14. Piers 9, 11, 13 and 14 are shown on Maps 1 and 6 in Appendix A.

In **flood zones**, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

An existing public amenity, open or enclosed, that was a mandatory requirement or received a **floor area** bonus pursuant to the provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, shall not be removed, reduced in size or in any way altered, other than pursuant to the provisions of Section [91-71](#) (Authorization for the Modification of Required Public Amenities).

Special regulations governing the development of three specific sites in the **Special Lower Manhattan District** are set forth in the following Sections:

- | | |
|-------------------------------|--|
| Section 91-72 | (Special Permit for Development Over or Adjacent to the Approaches to the Brooklyn Battery Tunnel) |
| Section 91-73 | (Special Provisions for Battery Park Underpass/South Street). |

91-02 - Definitions

LAST AMENDED
2/2/2011

For the purposes of this Chapter, matter in italics is defined in Sections [12-10](#) or [91-62](#) (Definitions).

91-03 - District Maps

LAST AMENDED
6/21/2016

District maps are located in Appendix A of this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

- | | |

Map 9	Water Street Subdistrict Arcades

91-04 - Subdistricts and Core Area

LAST AMENDED
2/2/2011

In order to carry out the purposes and provisions of this Chapter, the South Street Seaport Subdistrict, the Historic and Commercial Core and the Water Street Subdistrict are established within the ***Special Lower Manhattan District*** and include specific regulations designed to advance the purpose of these areas:

(a) South Street Seaport Subdistrict

The South Street Seaport Subdistrict contains certain provisions that do not apply to other areas of the Special District. Except as otherwise provided in the Subdistrict regulations, the Subdistrict is subject to all other regulations of the ***Special Lower Manhattan District*** and the underlying districts. The requirements for the South Street Seaport Subdistrict are set forth in Section [91-60](#) (SPECIAL REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT).

The Subdistrict is shown on Map 1 (Special Lower Manhattan District) and Map 6 (South Street Seaport Subdistrict) in Appendix A of this Chapter.

(b) The Historic and Commercial Core

The Historic and Commercial Core has been established to promote development compatible with existing ***buildings*** that border the area whose street plan has been accorded landmark status by the New York City Landmarks Commission as the Streetplan of New Amsterdam and Colonial New York. Height and setback provisions for the Historic and Commercial Core are set forth in Sections [91-31](#) through [91-33](#).

The Core is bounded by Broadway and Wall, Whitehall and Water Streets, as shown on Map 1 (Special Lower Manhattan District) in Appendix A of this Chapter.

(c) Water Street Subdistrict

The Water Street Subdistrict has been established to improve the urban design relationship between existing ***buildings*** and open areas by promoting retail activities and the enhancement

of existing public spaces with new amenities in this area.

The Subdistrict is shown on Map 8 (Water Street Subdistrict) and Map 9 (Water Street Subdistrict Arcades) in Appendix A of this Chapter.

91-05 - Applicability of the Quality Housing Program

LAST AMENDED
2/2/2011

Within the ***Special Lower Manhattan District***, ***buildings*** containing ***residences*** may be ***developed*** or ***enlarged*** in accordance with the provisions of Article II, Chapter 8 (The Quality Housing Program), except that the ***bulk*** regulations for ***Quality Housing buildings*** set forth in Article II, Chapter 3 (Residential Bulk Regulations in Residence Districts) and modified by Article III, Chapter 5 (Bulk Regulations for Mixed Buildings in Commercial Districts), shall be superseded by the ***bulk*** regulations of this Chapter. Recreation space required pursuant to Section [28-20](#) (RECREATION SPACE AND PLANTING AREAS) shall be in addition to any recreation space required pursuant to this Chapter.

91-06 - Applicability of Article VII Provisions

LAST AMENDED
8/27/1998

91-061 - Applicability of special permits by the Board of Standards and Appeals

LAST AMENDED
8/12/2004

Within the ***Special Lower Manhattan District***, the following Board of Standards and Appeals special permits shall not be applicable or shall be applicable only as modified.

The following special permit by the Board of Standards and Appeals shall not be applicable:

Section [73-68](#) (Modifications of Height, Setback and Rear Yard Regulations)

The following special permits by the Board of Standards and Appeals shall be applicable as modified:

Section [73-21](#) (Automotive Service Stations) shall not apply on ***zoning lots*** with frontage on any ***street*** listed on Map 2 or Map 4 in Appendix A

Section [73-244](#) (In C2, C3, C4*, C6-4**, M1-5A, M1-5B, M1-5M and M1-6M Districts, the Special Hudson Square District and the Special Tribeca Mixed Use District) shall also apply in C5 Districts to eating or drinking establishments with entertainment, including musical entertainment or dancing, and a capacity of more than 200 persons.

91-062 - Applicability of special permits by the City Planning Commission

LAST AMENDED
8/27/1998

Within the ***Special Lower Manhattan District***, the following special permits by the City Planning Commission shall not be applicable or shall be applicable within C5 Districts.

The following special permits by the City Planning Commission shall not be applicable:

Section [74-721](#) (Modification of Height, Setback and Yard Regulations)

Section [74-82](#) (Through Block Arcades)

The following special permits by the City Planning Commission shall be applicable also within C5 Districts:

Section [74-41](#) (Arenas, Auditoriums, Stadiums or Trade Expositions)

Section [74-46](#) (Indoor Interactive Entertainment Facilities).

91-07 - Modification of Use and Bulk Regulations for Zoning Lots Fronting Upon DeLury Square Park

LAST AMENDED
12/21/2009

Where the ***lot line*** of a ***zoning lot*** coincides with, or is within 20 feet of, the boundary of DeLury Square Park, such ***lot line*** shall be considered to be a ***street line*** for the purposes of applying all ***use*** and ***bulk*** regulations of this Resolution.

91-10 - SPECIAL USE REGULATIONS

LAST AMENDED
8/27/1998

91-11 - Modification of Use Regulations in C5 Districts

LAST AMENDED
8/27/1998

91-111 - Additional uses in C5 Districts

LAST AMENDED
8/27/1998

In addition to the special permit ***uses*** cited in Section [91-06](#), the ***use*** regulations for C5 Districts within the ***Special Lower Manhattan District*** are modified to permit the following ***uses***:

From Use Group 7:

Use Groups 7B and 7E

From Use Group 8:

Use Groups 8A*, 8B and 8E

From Use Group 12:

Use Groups 12A**, 12B, 12C and 12E

* inclusive of the waiting area requirements for theaters as listed in Use Group 8A

** except for eating or drinking establishments as listed in Use Group 12A

91-112 - Eating and drinking establishments with dancing in C5 Districts

LAST AMENDED
8/12/2004

In all C5 Districts within the ***Special Lower Manhattan District***, in addition to eating and drinking establishments permitted pursuant to Section [32-15](#) (Use Group 6), the following types of eating and drinking establishments shall be permitted:

eating or drinking establishments with entertainment, including musical entertainment or dancing, with a total capacity of 200 persons or fewer, provided that the dance floor or area, if any, does not exceed 400 square feet. The locational and waiting area requirements for eating or drinking establishments of Section [73-244](#) (In C2, C3, C4*, C6-4**, M1-5A, M1-5B, M1-5M and M1-6M Districts, the Special Hudson Square District and the Special Tribeca Mixed Use District) shall apply;

eating or drinking establishments with entertainment, including musical entertainment or dancing, with a capacity of more than 200 persons, pursuant to the provisions of Section [73-244](#), as modified in Section [91-061](#) (Applicability of special permits by the Board of Standards and Appeals).

91-113 - Location of certain commercial uses

LAST AMENDED
8/27/1998

In C5 Districts within the ***Special Lower Manhattan District***, the provisions of Section [32-423](#) (Limitation on ground floor location) shall not apply.

91-12 - Uses on Designated Retail Streets

LAST AMENDED
2/2/2011

On designated retail ***streets***, as shown on Map 4 in Appendix A, for ***buildings developed*** or ***enlarged*** after August 27, 1998, where the ground floor level of such ***development*** or ***enlarged*** portion of the

building fronts upon such **streets**, **uses** within **stories** on the ground floor or with a floor level within five feet of **curb level**, shall be limited to only those **uses** permitted by the underlying regulations and Section [91-111](#) (Additional uses in C5 Districts), other than automobile showrooms or plumbing, heating or ventilating equipment showrooms, or any of the **uses** listed in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 or 12D.

91-13 - Sign Regulations

LAST AMENDED
8/27/1998

In the **Special Lower Manhattan District**, except as modified by the provisions of this Section, inclusive, the regulations of Section [32-60](#), et seq., pertaining to **signs**, shall apply.

91-131 - Illuminated signs in C5 Districts

LAST AMENDED
8/27/1998

In all C5 Districts within the **Special Lower Manhattan District**, not more than one **illuminated**, non-**flashing sign**, other than an **advertising sign**, with a total **surface area** not exceeding eight square feet shall be permitted for each **street** frontage of the **zoning lot**. Such **sign** may be located only within a window of a **building**.

91-132 - Banner regulations

LAST AMENDED
8/27/1998

In all C5 and C6 Districts within the **Special Lower Manhattan District**, in lieu of the provisions of Section [32-652](#) (Permitted projection in all other Commercial Districts), banners may project across a **street line** for a maximum distance of eight feet.

In C5-3 or C5-5 Districts within the Special District, in lieu of the provisions of Section [32-655](#) (Height of signs in all other Commercial Districts), banners may extend above **curb level** to a maximum height of 40 feet.

91-133 - Height of signs in C69 Districts

LAST AMENDED
5/9/2001

In C69 Districts within the **Special Lower Manhattan District**, the regulations of Section 32655 (Height of signs in all other Commercial Districts) may be modified to allow a maximum height of 50 feet above **curb level**, provided the City Planning Commission certifies that the design features of the existing **building**, as they appear on May 9, 2001, would unduly obstruct the visibility of the **sign** without such modification. An application for such certification shall be filed with detailed plans showing compliance with this Section.

91-134 - Signs on landmark buildings fronting Broadway in C55 Districts

LAST AMENDED
5/14/2003

In addition to **signs** and banners otherwise permitted pursuant to Section 9113, et seq., within 100 feet of Broadway in C55 Districts, on any **building** with a **street wall** fronting Broadway that is a landmark designated by the Landmarks Preservation Commission, the applicable **sign** regulations of Section 3260 shall be modified according to the following provisions, provided such **signs** and any alterations to the **building** connected with such **signs** have received a certificate of appropriateness or other permit from the Landmarks Preservation Commission.

- (a) **Illuminated nonflashing signs** other than **advertising signs** are permitted with a total **surface area** (in square feet) not to exceed 50 square feet along any **street** frontage.
- (b) No permitted **sign** shall extend above **curb level** at a height greater than 30 feet.
- (c) No permitted **sign** shall project across a **street line** more than 60 inches.
- (d) Permitted **signs** displayed on awnings may also include commercial copy related to the type of business, profession, commodity, service or entertainment conducted, sold or offered within such **building**.

91-20 - FLOOR AREA AND DENSITY REGULATIONS

LAST AMENDED
8/27/1998

91-21 - Maximum Floor Area Ratio

LAST AMENDED
2/2/2011

The basic maximum **floor area ratio** on a **zoning lot** is specified in the table in Section [91-22](#) (Floor Area Increase Regulations) and may be increased only pursuant to the **floor area** increase and bonus provisions of this Chapter.

Notwithstanding the **floor area** increase and bonus provisions of this Chapter, the maximum permitted **floor area ratio** on a **zoning lot** for **residential use** shall be 12.0.

91-22 - Floor Area Increase Regulations

LAST AMENDED
2/2/2011

The basic maximum **floor area ratio** (FAR) of the underlying district may be increased by the inclusion of specific additional bonus **floor area** for a maximum **floor area ratio** as specified in the table in this

Section.

The provisions of paragraph (c) of Section [74-792](#) (Conditions and limitations), pertaining to the transfer of development rights from landmark sites, shall be subject to the restrictions on the transfer of development rights (FAR) of a landmark "granting lot" as set forth in this table. Wherever there may be an inconsistency between any provision in Section [74-79](#) and the table, the provisions of the table shall apply.

- 2 for a **commercial** or, where permitted, **manufacturing use**
- 3 for a **community facility use**
- 4 for a **residential use**
- 5 if receiving lot is located in a zoning district with a basic maximum FAR of less than 15
- 6 if receiving lot is located in a zoning district with a basic maximum FAR of 15
- 7 maximum FAR for receiving lots less than 30,000 square feet

91-23 - Floor Area Increase for Provision of Recreation Space

LAST AMENDED
2/2/2011

In C5-3, C5-5 and C6-9 Districts, the **residential floor area ratio** of a **zoning lot** may be increased to 12.0, provided that recreation space, for the **residential** occupants of the **building** on such **zoning lot**, is provided in an amount not less than 16.25 square feet for each **dwelling unit** or a total area of at least 5,000 square feet, whichever is greater.

Such recreation space may be located at any level, including a roof, and shall:

- (a) be restricted to **residential** occupants of the **building** and their guests for whom no admission or membership fees may be charged;
- (b) be directly accessible from a lobby or other public area served by the **residential** elevators;
- (c) be landscaped, including trees or shrubbery, except where covered or developed with recreational facilities and seating areas;
- (d) contain not less than 500 square feet of continuous area on a single level with no dimension of less than 15 feet; and

- (e) have not less than 50 percent of the area open from its lowest level to the sky. The remaining portion may be roofed and up to 50 percent of its perimeter may be enclosed. In no event may more than 25 percent of the required recreation space be fully enclosed. All enclosures shall be transparent except when located within the **building**. Covered areas shall contain recreation facilities or seating areas.

A copy of requirements (a) through (e) shall be permanently posted in a conspicuous place within each recreation space.

91-24 - Floor Area Bonus for Public Plazas

LAST AMENDED
7/20/2017

The maximum permitted **floor area** on a **zoning lot** may be increased, in accordance with the following regulations, where a **public plaza** is provided that meets the requirements of Section [37-70](#) (PUBLIC PLAZAS):

- (a) A **floor area** bonus for a **public plaza** shall only be permitted for a **development** or **enlargement** that is located:
 - (1) outside the Historic and Commercial Core;
 - (2) outside the South Street Seaport Subdistrict; or
 - (3) beyond 50 feet of a **street line** of a designated **street**, except in C6-4 Districts, on which:
 - (i) retail continuity is required, pursuant to Section [91-41](#) (Regulations for Designated Retail Streets); or
 - (ii) **street wall** continuity is required, pursuant to the regulations for Type 1 or Type 2A **street walls** pursuant to Section [91-31](#) (Street Wall Regulations).
- (c) Within a C6-4 District, paragraph (a)(3) of this Section shall not apply to the location of a **development** or **enlargement**. However, a **floor area** bonus for a **public plaza** shall be permitted, provided that such **public plaza** is located beyond 50 feet of the designated **streets** referenced in paragraph (a)(3).
- (b) For each square foot of a **public plaza**, the basic maximum **floor area** permitted by Section [91-22](#) (Floor Area Increase Regulations) may be increased, in C6-4 Districts, by six square feet, to a maximum **floor area** ratio of 12.0 and, in C5-3, C5-5 and C6-9 Districts, by 10 square feet, to a maximum **floor area** ratio of 18.0.
- (c) When a **public plaza** that meets the requirements for a **floor area** bonus is located on a **zoning lot** divided by a district boundary, the bonusable **floor area** may be credited to either portion of the **zoning lot**, notwithstanding the location of the **public plaza** or the date of the creation of the **zoning lot**. The amount of bonusable **floor area** permitted on either portion of the **zoning lot** shall not exceed the maximum amount of **floor area** permitted on such portion if it were a separate **zoning lot** subject to all other provisions of Article VII, Chapter 7.

91-25 - Special Permit Bonuses for Increased Floor Area

LAST AMENDED
2/2/2011

Within the ***Special Lower Manhattan District***, the City Planning Commission may grant the following special permits for increased ***floor area*** in accordance with the provisions of this Section.

91-251 - Special permit for subway station improvements

LAST AMENDED
2/2/2011

Within the ***Special Lower Manhattan District***, the City Planning Commission may grant, by special permit, a ***floor area*** bonus for ***zoning lots*** that provide subway station improvements, pursuant to the provisions of Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

The total additional ***floor area*** permitted on the ***zoning lot*** shall not exceed the maximum amount permitted in the underlying district by the provisions of Sections [91-21](#) (Maximum Floor Area Ratio) or [91-22](#) (Floor Area Increase Regulations).

For the purposes of the Special District, the ***zoning lot*** that will receive the ***floor area*** bonus shall be located within a ***Commercial District*** with a ***floor area ratio*** of 10.0 or above and shall be adjacent to a subway station where major improvements have been provided. Upon completion of the improvement, the ***zoning lot*** will physically adjoin a subway station mezzanine, platform, concourse or connecting passageway.

The subway stations where such improvements are permitted are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix A.

STATION	LINE
Bowling Green	Lexington Avenue
Broad St	Nassau Street
Broadway-Nassau Street	8th Avenue
Fulton Street	Nassau Street/Broadway-7th Ave/ Lexington Ave
Brooklyn Bridge-City Hall	Lexington Avenue
Chambers Street	Nassau Street

Chambers Street	Broadway-7th Avenue
Chambers Street	8th Avenue
Park Place	Broadway-7th Avenue
World Trade Center	8th Avenue
City Hall	Broadway-60th Street
Cortlandt Street-WTC	Broadway-7th Avenue
Cortlandt Street	Broadway-60th Street
Rector Street	Broadway-7th Avenue
Rector Street	Broadway-60th Street
Wall Street	Broadway-7th Avenue
Wall Street	Lexington Avenue
Whitehall Street-South Ferry	Broadway-7th Avenue/ Broadway-60th Street

91-252 - Special permit for covered pedestrian space

LAST AMENDED
2/2/2011

In C5-3, C5-5, C6-4 and C6-9 Districts within the ***Special Lower Manhattan District***, except within the South Street Seaport Subdistrict, the City Planning Commission may grant, by special permit, a ***floor area*** bonus for a ***commercial, community facility*** or ***mixed building*** that provides ***covered pedestrian space*** on a ***zoning lot***, in accordance with the provisions of Section [74-87](#) (Covered Pedestrian Space).

The total additional ***floor area*** permitted on the ***zoning lot*** shall not exceed the maximum amount permitted in the underlying district by the provisions of Sections [91-21](#) (Maximum Floor Area Ratio) and [91-22](#) (Floor Area Increase Regulations).

91-30 - HEIGHT AND SETBACK AND LOT COVERAGE REGULATIONS

LAST AMENDED
4/30/2003

For all **buildings or other structures** in the **Special Lower Manhattan District**, the height and setback regulations of the underlying districts are superseded by the regulations of this Section.

The height of all **buildings or other structures** shall be measured from **curb level**.

91-31 - Street Wall Regulations

LAST AMENDED
2/2/2011

For the purposes of applying the **street wall** regulations of this Section, **developments** shall include alterations and **enlargements** that change the height, width or location of a **street wall**.

All portions of **buildings or other structures** located above the maximum base heights specified in paragraph (a) of this Section shall provide a setback in accordance with the regulations of Section [91-32](#) (Setback Regulations).

- (a) Within the Special District, the maximum base height shall be 85 feet or 1.5 times the width of the **street** upon which the **building** fronts, whichever is greater, except as provided for the following types of **street wall** regulations:

- (1) **Street wall** regulations: Type 1

For **developments** that front upon a **street** indicated as "Type 1" on Map 2 (Street Wall Continuity Types 1, 2A, 2B and 3) in Appendix A, **street walls** shall extend along the entire **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, to a minimum base height of 150 feet or the height of the **building**, whichever is less. The maximum base height shall be 250 feet.

- (2) **Street wall** regulations: Type 2A

For **developments** that front upon a **street** indicated as "Type 2A" on Map 2 in Appendix A, **street walls** shall extend along such entire **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, to a minimum base height of 85 feet or the height of the **building**, whichever is less. The maximum base height shall be 150 feet.

- (3) **Street wall** regulations: Type 2B

For **developments** that front upon a **street** indicated as "Type 2B" on Map 2 in Appendix A, **street walls** shall extend along at least 60 percent of such **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, to a minimum base height of 85 feet or the height of the **building**, whichever is less. The maximum base height shall be 150 feet.

- (4) **Street wall** regulations: Type 3

For **developments** that front upon a **street** indicated as "Type 3" on Map 2 in Appendix A, **street walls** shall extend along the entire **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain, to a minimum base height of 60 feet, five stories, or the height of the **building**, whichever is less. The maximum base height shall be 85 feet or 1.5 times the width of the **street** upon which the **building** fronts, whichever is greater.

(5) **Street wall** regulations: Type 4

For **developments** that front upon a **street** within the Historic and Commercial Core, indicated as "Type 4" on Map 3 (Street Wall Continuity Types 4 and 5) in Appendix A, the maximum base height shall be 100 feet.

(6) **Street wall** regulations: Type 5

For **developments** that front upon a **street** indicated as "Type 5" on Map 3 in Appendix A, no setbacks are required for any portion of a **building**.

- (b) For **developments** that front upon a **street** indicated as "Type 1" or "Type 2A," at least 70 percent of the **aggregate width of street walls** shall be located on such **street line**. For **developments** that front upon a **street** indicated as "Type 2B," at least 60 percent of the **aggregate width of street walls** shall be located within 10 feet of such **street line**. For **developments** that front upon a **street** indicated as "Type 3," at least 70 percent of the **aggregate width of street walls** shall be located within 10 feet of such **street line**. The remaining 30 percent of the **aggregate width of street walls** may be located beyond such **street lines** in compliance with:
- (1) the **outer court** regulations of Article II, Chapter 3, for **residential** portions of **buildings**;
 - (2) the **outer court** regulations of Article II, Chapter 4, for all other portions of **buildings**; or
 - (3) the requirements of Section [37-50](#) where such areas are pedestrian circulation spaces.
- (c) When a **building** fronts on two intersecting **streets** for which different maximum base heights are specified, the higher maximum base height may wrap around to the **street** with the lower maximum base height for a distance along the **street line** of 100 feet. However, "Type 5" **street walls** shall not be permitted to wrap around to the intersecting **street**.
- (d) Arcades and sidewalk widenings that meet the design standards of Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) shall be permitted along any **street** indicated as "Type 1," "Type 2A" or "Type 3," pursuant to paragraphs (a), (b) or (c) of this Section, provided such arcade or sidewalk widening extends along the entire **block** frontage or abuts another arcade, existing on August 27, 1998, of equal width and height or another sidewalk widening of equal width. In such case, the **street wall** requirements for paragraph (b) of this Section shall be measured from the permitted arcade or sidewalk widening.

91-32 - Setback Regulations

In accordance with the provisions of Section [91-31](#) (Street Wall Regulations), setbacks are required for any portion of a **building or other structure** that exceeds the maximum base heights specified for the applicable **street** in Section [91-31](#).

Required setbacks shall be provided at a height not lower than any minimum base height or 60 feet where none is specified and not higher than any maximum base height specified for the applicable **street** in Section [91-31](#). The depth of the setback shall be determined by the **lot area** of the **zoning lot**, as shown in the following table:

REQUIRED DEPTH OF SETBACKS

Lot area of zoning lot	Minimum setback depth
Less than 15,000 square feet	10 feet
15,001 to 30,000 square feet	15 feet
Greater than 30,000 square feet	20 feet

For "Type 1" and "Type 2A and 2B" **street walls**, the required setbacks shall be measured from the **street line**.

For "Type 3" **street walls**, the required setbacks shall be measured from a line drawn at or parallel to the **street line** so that at least 70 percent of the **aggregate width of street walls** of the **building** at the minimum base height are within such line and the **street line**.

For all other **street walls**, the required setbacks shall be measured from a line drawn at, or parallel to, the **street line** so that at least 50 percent of the **aggregate width of street walls** of the **building** at the minimum base height are within such drawn line and the **street line**. However, setbacks are not required for **street walls** fronting upon the major portion of a bonused **public plaza**.

For **buildings** within the Historic and Commercial Core as shown on Map 1 in Appendix A, any **building** or portion of a **building** may be located within the required setback area beneath a **sky exposure plane** that rises from a height of 100 feet above the **street line** over the **zoning lot** at a vertical distance of six to a horizontal distance of one.

91-33 - Lot Coverage Regulations

LAST AMENDED
2/2/2011

Above the maximum base height specified in Section [91-31](#) (Street Wall Regulations), up to a height of 300 feet, the maximum **lot coverage** of any **zoning lot** shall be 65 percent. Above a height of 300 feet, the maximum **lot coverage** of any **zoning lot** shall be 50 percent.

However, within the Historic and Commercial Core, above the maximum base height specified in Section [91-31](#), up to a height of 300 feet, the maximum **lot coverage** of any **zoning lot** shall be 75 percent. Above a height of 300 feet, the maximum **lot coverage** of any **zoning lot** shall be 60 percent.

For **buildings** fronting on more than one **street** where different maximum base heights are specified, the maximum **lot coverage** regulations specified in this Section shall apply at horizontal planes at heights corresponding to the different maximum base heights. The **lot coverage** at the level of the lowest plane shall apply to the portion of a **zoning lot** located beyond 100 feet from any **street** with a higher maximum base height. The **lot coverage** at the level of each subsequent higher plane shall apply to the portion of the **zoning lot** located beyond 100 feet from any **street** with a higher maximum base height, and shall also include those portions of the **zoning lot** where lower base heights apply. The highest horizontal plane shall be established over the entire **zoning lot**.

91-34 - Maximum Horizontal Dimension for Tall Buildings

LAST AMENDED
2/2/2011

For any portion of a **building** above a height of 300 feet, the maximum horizontal dimension, measured in any direction, shall not exceed 175 feet

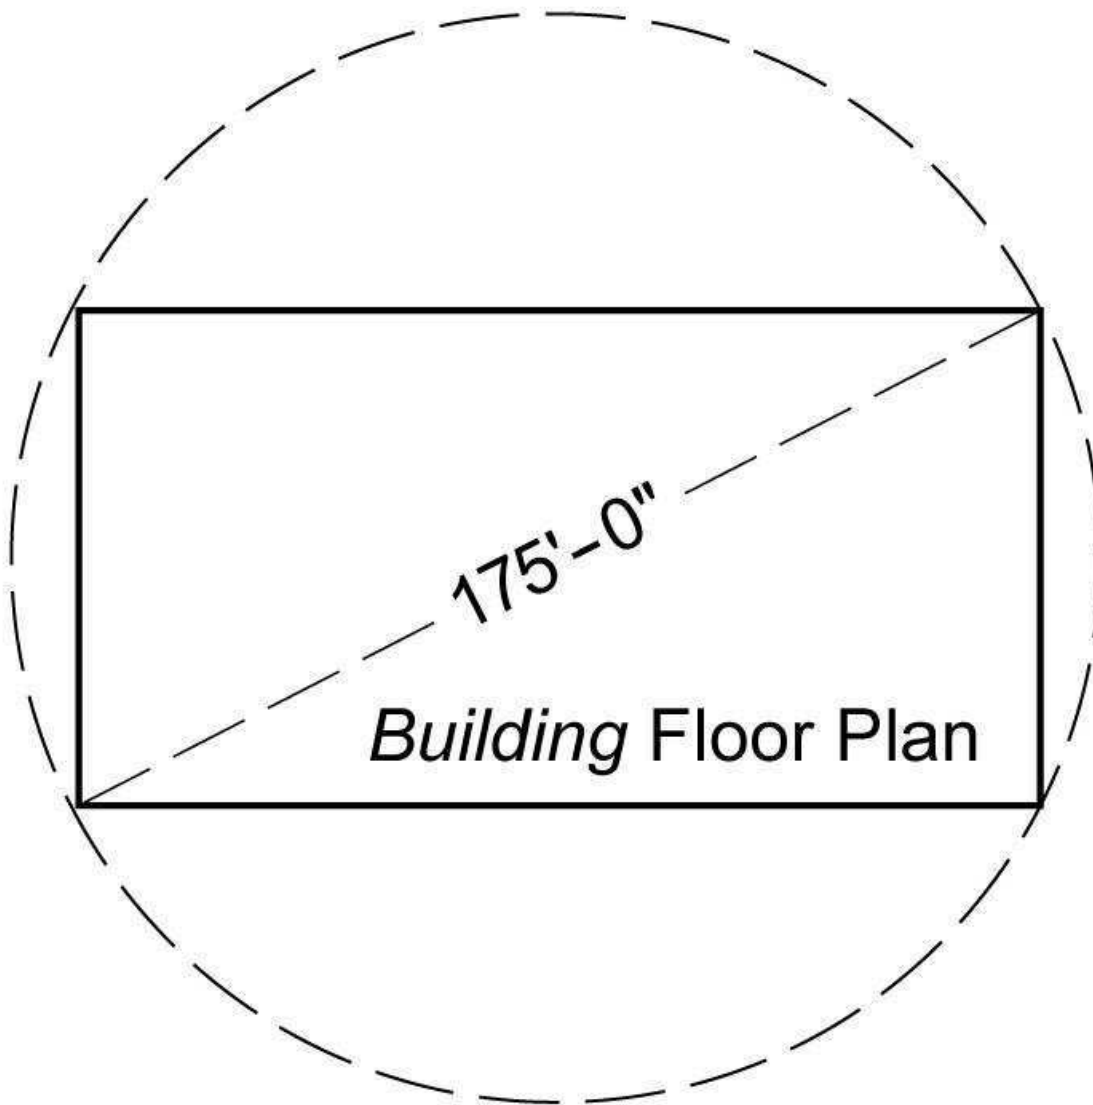

Diagram of Maximum Horizontal Dimension

91-35 - Modification of Street Wall, Setback, Lot Coverage and Maximum Horizontal Dimension Regulations

LAST AMENDED
2/2/2011

The City Planning Commission, by special permit, may modify:

- (a) the **street wall** requirements and minimum base heights of Section [91-31](#) (Street Wall Regulations);
- (b) the setback requirements of Section [91-32](#); and
- (c) where such **zoning lots** contain **buildings** existing on December 15, 1961, that exceed a height of 300 feet, the **lot coverage** regulations of Section [91-33](#) and the maximum horizontal dimension set forth in Section [91-34](#) (Maximum Horizontal Dimension for Tall Buildings), provided such modifications are limited to that portion of the **development** or **enlargement** between 300 and 325 feet in height, and provided the **lot coverage** of such portion does not exceed 55 percent.

In order to grant such special permit, the Commission shall find that:

- (1) such modifications will result in a site plan consistent with existing scale and streetscape patterns;
- (2) such modifications will ensure a harmonious relationship between the **development** or **enlargement** and the surrounding area;
- (3) such **street wall** modifications will enhance pedestrian circulation by providing pedestrian amenities that relieve sidewalk congestion;
- (4) such setback, **lot coverage** or horizontal dimension modifications will not unduly obstruct access to light and air to surrounding **streets** and properties; and
- (5) such setback, **lot coverage** or horizontal dimension modifications will result in a built form that maintains an appropriate relationship between tower and base portions of the **development** or **enlargement**.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-40 - MANDATORY DISTRICT PLAN ELEMENTS

LAST AMENDED
8/27/1998

91-41 - Regulations for Designated Retail Streets

LAST AMENDED
2/2/2011

The **use** regulations of this Section, inclusive, shall apply to **buildings developed** after August 27, 1998, and to **buildings enlarged** on the ground floor level after August 27, 1998.

91-411 - Location of required retail space

LAST AMENDED
2/2/2011

For any **development** or **enlargement** fronting on the ground floor level of designated retail **streets**, as shown on Map 4 in Appendix A, the **street** frontage of the **building** shall be allocated exclusively to the **uses** set forth in Section [91-12](#) (Uses on Designated Retail Streets). However, **uses** located within lobby or entrance spaces, subway station improvements or pedestrian circulation spaces that do not front on the ground floor level of the **street** shall be in accordance with the provisions for permitted **uses** of the underlying district.

Where the **street** frontage occupied by all **building** entrances is 20 feet or more in width, the amount of **street** frontage occupied by lobby space, entrance space and **building** entrance recesses shall not exceed, in total, 40 linear feet or 25 percent of the **building's** total **street** frontage, whichever is less, exclusive of any frontage occupied by a relocated subway stair or the entrance area to a bonused subway station improvement.

Storefronts for permitted ground floor **uses** shall be no more than 10 feet from the **street line** or, where an **arcade** is provided with supporting columns at the **street line**, no more than 10 feet from the supporting columns.

91-412 - Access and glazing of required retail space

LAST AMENDED
8/27/1998

Access to each permitted establishment or **use** shall be provided directly from the designated retail **street**, as shown on Map 4 in Appendix A. Where there is more than one entrance to the establishment or **use** from the designated retail **street**, direct access shall be provided via the entrance with the greatest aggregate clear opening width.

At least 50 percent of the **street wall** surface of each permitted establishment or **use** shall be glazed with clear untinted transparent material and not more than 50 percent of such transparent surface shall be painted or obstructed with **signs**.

For the purposes of this glazing requirement, the **street wall** surface of each permitted establishment shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less.

91-42 - Pedestrian Circulation Space

LAST AMENDED
2/2/2011

Within the boundaries of the **Special Lower Manhattan District**, all **developments** or **enlargements** constructed after August 27, 1998, on **zoning lots** of at least 5,000 square feet that contain more than 70,000 square feet of new **floor area** shall provide pedestrian circulation space on such **zoning lot** in

accordance with the provisions of Section [37-50](#).

Pedestrian circulation space shall not be required if any of the following conditions exist:

- (a) the **zoning lot** is entirely occupied by a **building** of no more than one **story** in height;
- (b) the **zoning lot** is an **interior lot** fronting on a **wide street** with less than 80 feet of **street frontage**;
- (c) the **zoning lot** is an **interior** or **through lot** fronting on a **street** or **streets** with Type 1, Type 2A, Type 2B, Type 3, Type 4 or Type 5 **street wall** regulations, as set forth in paragraph (a) of Section [91-31](#) (Street Wall Regulations);
- (d) the **zoning lot** is a **through lot** and both **street frontages** are less than 25 feet in length; or
- (e) the **zoning lot** is located in a C6-2A or C6-9 District within the South Street Seaport Subdistrict.

91-43 - Off-street Relocation or Renovation of a Subway Stair

LAST AMENDED
2/2/2011

Where a **development** or **enlargement** is constructed on a **zoning lot** that contains at least 5,000 square feet of **lot area** and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the **street** onto the **zoning lot**. The new entrance or entrances shall be provided in accordance with the provisions of Section [37-40](#) (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). A relocated or renovated subway stair may be counted as pedestrian circulation space in accordance with the provisions of Section [37-50](#).

The subway stations where such improvements are required are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix A.

STATION	LINE
Bowling Green	Lexington Avenue
Broad St	Nassau Street
Broadway-Nassau Street	8th Avenue
Fulton Street	Nassau Street/Broadway-7th Ave/ Lexington Ave
Brooklyn Bridge-City Hall	Lexington Avenue

Chambers Street	Nassau Street
Chambers Street	Broadway-7th Avenue

Cortlandt Street	Broadway-60th Street
Rector Street	Broadway-7th Avenue
Rector Street	Broadway-60th Street
Wall Street	Broadway-7th Avenue
Wall Street	Lexington Avenue
Whitehall Street-South Ferry	Broadway-7th Avenue/ Broadway-60th Street

91-50 - OFF-STREET PARKING, LOADING AND CURB CUT REGULATIONS

LAST AMENDED
5/8/2013

The off-street parking regulations of Article 1, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core) and the loading regulations of the underlying districts apply to the ***Special Lower Manhattan District***, except as supplemented or modified by the provisions of this Section.

91-51 - Accessory Off-street Parking for Residential Uses in Converted Buildings

LAST AMENDED
2/2/2011

Accessory off-street parking spaces shall be permitted for **dwelling units** in **non-residential buildings** erected prior to January 1, 1977, or portions thereof, that are **converted** to **residential use**, provided:

- (a) no more than 200 spaces or a number of spaces equal to 20 percent of the number of **dwelling units** in the **converted building**, whichever is less, shall be permitted;
- (b) no curb cut shall be permitted on any **street** where the **converted building** has a **street** frontage of 40 feet or less;
- (c) no portion of any such parking facility shall be more than 23 feet above **curb level**;
- (d) no exhaust vents shall open onto any **street** or **public park** or publicly accessible **open space**, and no portion of the parking facility, other than entrances and exits, shall be visible from adjoining **zoning lots**, **streets** or parks; and
- (e) all such parking facilities shall be provided on the same **zoning lot** as the **residential uses** to which they are **accessory**, except as otherwise provided in Section [91-511](#) (Authorization for off-site parking facilities for converted buildings).

91-511 - Authorization for off-site parking facilities for converted buildings

LAST AMENDED
5/8/2013

The City Planning Commission may authorize **accessory** residential off-site parking spaces for **non-residential buildings** erected prior to January 1, 1977, or portions thereof, that are **converted** to **residential use**, to be provided in a fully enclosed **building** on a **zoning lot** within the **Special Lower Manhattan District** other than the **zoning lot** that contains the **residential use**, provided the Commission finds that:

- (a) such **accessory** off-site parking spaces are conveniently located in relation to the **residential use**, and in no case further than 600 feet from the **zoning lot** containing the **residential use**;
- (b) such location of the **accessory** off-site parking facility will permit better site planning for the **building converted to residential use**;
- (c) that such **accessory** off-site parking facility shall contain parking spaces **accessory** only to **residential uses**; and
- (d) such parking facility complies with findings in paragraphs (c)(1), (c)(2), (c)(3) and (c)(5) of Section [13-45](#) (Special Permits for Additional Parking Spaces).

The number of **accessory** off-site parking spaces authorized in accordance with the provisions of this Section shall be recorded on the certificates of occupancy, temporary and permanent, for both the **residential use** and the **accessory** off-site parking facility.

91-52 - Curb Cut Regulations

All curb cuts shall be prohibited on **streets** indicated on Map 5 in Appendix A, except that:

- (a) The Commissioner of Buildings may approve a curb cut where there are no alternative means of access to required off-street loading berths from other **streets** bounding the **zoning lot**.
- (b) The City Planning Commission may authorize curb cuts for loading berths, provided:
 - (1) such loading berths are adjacent to a fully enclosed maneuvering area on the **zoning lot**;
 - (2) such maneuvering area is at least equal in size to the area of the loading berth; and
 - (3) there is adequate space to permit head-in and head-out truck movements to and from the **zoning lot**.

The City Planning Commission may refer such applications to the Department of Transportation for comment.

- (c) The City Planning Commission may authorize curb cuts for **accessory** parking for **residences**, provided such curb cuts:
 - (1) will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; and
 - (2) will not interfere with the efficient functioning of required pedestrian circulation spaces, or public transit facilities.

The City Planning Commission may refer such applications to the Department of Transportation for comment.

No curb cuts may be approved or authorized on Battery Place, Broad Street, Broadway, Liberty Street west of Broadway, Park Row South or Wall Street.

In addition, for **zoning lots** with frontage on **streets** where curb cuts are prohibited, the Commissioner of Buildings may waive required off-street loading berths pursuant to the provisions set forth in Section [13-35](#) (Modification of Loading Berth Requirements).

Where a curb cut is approved or authorized pursuant to this Section, the maximum width of a curb cut, including splays, shall be 15 feet for a **street** with one-way traffic and 25 feet for a **street** with two-way traffic.

91-53 - Waiver of Requirements for Accessory Off-street Loading Berths

- (a) For **zoning lots** containing Use Group 10A department stores and Use Group 6B offices, where not more than 78,000 square feet of such office **use** is changed to department store **use**, the following modifications may be made provided that the Chairperson of the City Planning Commission certifies to the Department of Buildings that the conditions in paragraphs (b), (c),

(d) and (e) of this Section have been met:

- (1) waiver of **accessory** off-street loading berths required for such department store **use**;
 - (2) waiver of existing required **accessory** off-street loading berths when such waiver is necessary to provide an improved goods receiving and in-store transport system; and
 - (3) exemption of existing loading berth floor space from the definition of **floor area** as set forth in Section [12-10](#) when such floor space will be used for such improved goods receiving and in-store transport system.
- (b) A plan for curb side deliveries shall have been approved by the Department of Transportation, as part of the improved goods receiving and in-store transport system for the department store **use**. Such plan shall be based upon a traffic study prepared by a qualified professional and a scope of work, both of which have been approved by the Department of Transportation, establishing that the plan for curbside deliveries shall not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and shall not interfere with the efficient functioning of nearby public transit facilities;
- (c) At least one additional freight elevator and an aggregate of at least 6,000 square feet of staging area for loading and deliveries, exclusive of the area occupied by elevators, shall be provided on the **zoning lot** to be used for the improved goods receiving and in-store transport system for such department store **use**, as depicted on a site plan;
- (d) In the event that any existing loading berth floor space is to be exempted from the definition of **floor area** as set forth in Section [12-10](#), such floor space shall be used for the improved goods receiving and in-store transport system; and
- (e) A Declaration of Restrictions shall have been executed, in a form acceptable to the Department of City Planning, binding upon the owners and its successors and assigns, and providing for maintenance and use of the staging areas and additional elevators for the improved goods receiving and in-store transport system, as well as continued compliance with the plan for curbside deliveries and the site plan. Such declaration shall be filed and recorded in the Office of the City Register of the City of New York against the lots comprising the **zoning lot**. Receipt of proof of recordation in a form acceptable to the Department shall be a precondition to the issuance of this certification, and the recording information shall be included on any temporary or final certificate of occupancy for any **building** or portion thereof, issued after the recording date.

91-60 - REGULATIONS FOR THE SOUTH STREET SEAPORT SUBDISTRICT

LAST AMENDED
8/27/1998

91-61 - General Provisions

LAST AMENDED
8/27/1998

The regulations of Section [91-60](#), et seq., relating to special regulations for the South Street Seaport

Subdistrict are applicable only in the South Street Seaport Subdistrict. The boundaries of the South Street Seaport Subdistrict are shown on Map 1 (Special Lower Manhattan District) and Map 6 (South Street Seaport Subdistrict) in Appendix A. The regulations of Section [91-60](#), et seq., supplement or modify the regulations of this Chapter applying in general to the South Street Seaport Subdistrict area of the ***Special Lower Manhattan District***.

In order to preserve and protect the character of the South Street Seaport Subdistrict and to implement the provisions of the Brooklyn Bridge Southeast Urban Renewal Plan, as amended, special controls and incentives are provided.

The provisions of Article VI, Chapter 2 (Special Regulations in the Waterfront Area), shall apply to ***waterfront zoning lots*** within the South Street Seaport Subdistrict. The provisions of paragraph (c) of Section [74-792](#) (Conditions and limitations) concerning the transfer of development rights from landmark sites in C5-3, C5-5, C6-6, C6-7 or C6-9 Districts shall not apply in the South Street Seaport Subdistrict.

91-62 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Section, matter in italics is defined in Section [12-10](#) (DEFINITIONS) or within this Section.

Development rights

Within the South Street Seaport Subdistrict, the basic maximum permitted ***floor area*** for a ***granting lot*** shall be that which is allowed by the applicable district regulations as if such granting lot were undeveloped, and shall not include any additional ***floor area*** bonuses for ***public plazas***, ***arcades*** or any other form of ***floor area*** increase, whether as-of-right or by special permit. ***Streets*** located within the Subdistrict that have been closed or discontinued in whole, part or whose air space has been closed or discontinued pursuant to Section E15-3.0 of the Administrative Code, or its successor, shall have attributed to such closed area or closed air space the basic maximum permitted ***floor area*** allowed within the underlying zoning district within which such ***streets*** are situated. The ***lot area*** of a closed or discontinued volume of air space shall be measured by the area of the bed of the ***street*** lying below and within such closed or discontinued volume.

Granting lot

Within the South Street Seaport Subdistrict, a "granting lot" is a ***zoning lot*** or a closed or discontinued portion of a ***street*** or air space over a ***street*** which is identified as a ***granting lot***, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, upon which development is regulated by contract, lease, covenant, declaration or otherwise to assure compliance with the purposes of this Subdistrict and from which ***development rights*** may be transferred. Such ***zoning lots*** and closed portions of ***streets*** or air space over ***streets*** are identified on the map of the transfer areas (Map 6) as Parcels 6, 7 and 9 and the adjacent hatched ***street*** areas.

Person

Within the South Street Seaport Subdistrict, a "person" is an individual, corporation (whether incorporated for business, public benefit or not-for-profit purposes or otherwise), partnership, trust firm, organization, other association or any combination thereof.

Receiving lot

Within the South Street Seaport Subdistrict, a "receiving lot" is a **zoning lot** identified on the map of transfer areas (Map 6 in Appendix A) to which **development rights** may be added. Such "receiving lots" are identified on the map as Parcels 1, 8, 15, 16, 20, 21 and 22.

Street

- (a) A **street**, as defined in Section [12-10](#); or
- (b) a way, designed or intended for general public circulation and **use**, that:
 - (1) performs the pedestrian circulation functions usually associated with a way shown on the City Map;
 - (2) remains open and unobstructed from the at-grade circulation level to the sky, except for public facilities customarily located on a **street** shown on the City Map, or those facilities permitted to be located on a **street** shown on the City Map, including without limitation, transitory fixtures or objects unattached to the real property encompassed by such way; and
 - (3) is a designated pedestrian way, pursuant to Section [91-68](#).

A **street**, as defined in paragraph (b) of this Section, shall satisfy and apply to all references to **streets** provided elsewhere in the Zoning Resolution.

91-63 - Transfer Areas Map

LAST AMENDED
8/27/1998

The South Street Seaport Subdistrict transfer areas map, shown hereto as Map 6 in Appendix A, sets forth each **granting lot** and **receiving lot** within the Subdistrict.

91-64 - Transfer of Development Rights From Granting Lots

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, **development rights** from each of the **granting lots** may be conveyed or otherwise disposed of:

- (a) directly to a **receiving lot**; or

- (b) to a **person** for subsequent disposition to a **receiving lot**, all in accordance with the provisions of this Subdistrict, except that with respect to **zoning lots** located on Parcels 6, 7 and 9, as identified on Map 6 (South Street Seaport Subdistrict) in Appendix A, only those **development rights** in excess of the larger of the following conditions may be so conveyed or otherwise disposed of:
- (1) an amount equal to the product of the **lot area** of each of such **zoning lots** multiplied by 5.0; or
 - (2) the total **floor area** of all existing **buildings** on any such **zoning lots**.

The City Planning Commission shall certify such initial transfer from the **granting lots**. Any **person** may convey its interest in all or a portion of such **development rights** to another **person** but such **development rights** may only be used on a **receiving lot**.

91-65 - Addition of Development Rights to Receiving Lots

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, all or any portion of the **development rights** transferred from a **granting lot** may be added to the **floor area** of all or any one of the **receiving lots** in an amount not to exceed the ratio of 10 square feet of **development rights** to each square foot of **lot area** of such **receiving lot**, except that with respect to a **receiving lot** having a **lot area** of less than 30,000 square feet, the total **floor area ratio** shall not exceed 21.6. However, if a **receiving lot** is located in a C4-6 District, the total **floor area ratio** shall not exceed 3.4 and if a **receiving lot** is located in a C6-2A District, the total **floor area ratio** shall not exceed 8.02. **Development rights** transferred to a **receiving lot** may be applied to a **mixed building** to increase the **floor area** of the **residential**, **commercial** and/or **community facility** portions of such **building** so that the maximum **floor area** for such **building** may be increased by the aggregate of **development rights** so transferred. In no event shall the **residential floor area ratio** exceed 12.0.

The City Planning Commission shall certify that any **zoning lot** that utilizes such transferred **development rights** conforms to this Section and, for those **receiving lots** within the Urban Renewal Area, to the regulations and controls of the Urban Renewal Plan.

91-66 - Modification of Use and Bulk Regulations

LAST AMENDED
3/20/2013

91-661 - Bulk modifications in C6-2A Districts

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, for any **zoning lot** located in a C6-2A District, the underlying height and setback regulations shall apply, except the maximum **building** height shall be 120 feet. No minimum base height shall apply, and the depth of a required setback along a **narrow street** shall be at least 10 feet. No **lot coverage** regulations shall apply to **corner lots**. Furthermore, the

provisions of Article II, Chapter 8 (The Quality Housing Program), shall not apply.

91-662 - Authorization for modification of bulk provisions and public space in C6-9 Districts

LAST AMENDED 2/2/2011

In the South Street Seaport Subdistrict, the City Planning Commission may authorize:

- (a) the alteration of any public amenity, open or enclosed, for which a **floor area** bonus has been granted, provided that the Commission finds that such modifications improve the intended public purpose of the amenity; or
- (b) the elimination or reduction of an existing public amenity, open or enclosed, for which a **floor area** bonus has been granted, provided that a new or improved public amenity, open or enclosed, is supplied elsewhere on, or within proximity to, the **zoning lot**, and the Commission finds that:
 - (1) the public amenity to be eliminated no longer serves its original purpose; and
 - (2) the proposed new or improved public amenity will provide a greater public benefit than the amenity to be eliminated or reduced and will better serve the purposes of the **Special Lower Manhattan District**; and
- (c) the modification of the applicable height, setback, lot coverage and distance between **buildings** requirements for any **development** or **enlargement** on a designated **receiving lot** that will incorporate transferred **development rights**, provided the Commission finds that the modifications:
 - (1) provide an appropriate distribution of **bulk** on the **zoning lot**;
 - (2) permit adequate light and air to the **development** or **enlargement** and adjoining properties as well as the surrounding **streets**; and
 - (3) will not impair the use and desirability of any public amenity that may be created or improved under the provisions of paragraph (b) of this Section.

If a **receiving lot** contains an existing **building**, such authorization shall incorporate any previous height and setback or other bulk modifications, granted prior to December 11, 2001, by the Board of Standards and Appeals, for such existing **building**.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-663 - Special permit for bulk modifications

LAST AMENDED
2/2/2011

Within the South Street Seaport Subdistrict, the City Planning Commission may modify, by special permit, the height and setback and **lot coverage** regulations of Section [91-30](#), provided that:

- (a) either of the following conditions have been met:
- (1) that the developer has obtained negative easements limiting the height of future **development** or **enlargement** to 85 feet or less on any adjoining **zoning lots** which are contiguous or would be contiguous to said **zoning lot** but for their separation by a **street** or **street** intersection, and such easements are recorded against such adjoining **zoning lots** by deed or written instrument. The Commission shall consider the aggregated areas of said **zoning lot** and the adjoining lots subject to such negative easements and the extent to which they achieve future assurance of light and air in determining the maximum permitted coverage. In no event shall such coverage exceed 80 percent of the **zoning lot** on which the **development** or **enlargement** will be located; or
 - (2) that the **lot coverage** for that portion of a **development** or **enlargement** below 300 feet may be increased to a maximum of 80 percent when additional **development rights** have been purchased and converted to increased **lot coverage**. The maximum percentage of **lot coverage** on such **receiving lot** shall be the sum of 65 percent plus one-half of one percent for every .10 by which the total **floor area ratio** on such **receiving lot** would exceed a **floor area ratio** of 21.6, provided that the **development** or **enlargement** on such **receiving lot** has achieved a minimum **floor area ratio** of 18.0;
- (b) In order to grant such special permit, the Commission shall make the following findings:
- (1) the location of the **development** or **enlargement** and the distribution of **bulk** will permit adequate light and air to surrounding **streets** and properties;
 - (2) any modification of height and setback will provide for better distribution of **bulk** on the **zoning lot**; and
 - (3) such special permit will aid in achieving the general purposes and intent of the Subdistrict.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

91-664 - Modification of hours of operation for waterfront public access areas

LAST AMENDED
3/20/2013

For any **zoning lot** which was the subject of application N130058 ZCM, the hours of operation set forth in paragraph (a) of Section [62-71](#) (Operational Requirements) may be extended to allow public access up to 24 hours per day, and the provisions of paragraph (a)(3) of Section [62-654](#) (Signage) shall be modified to require any such extended hours of public access, as may change over time, to be included on the required signage. The provisions of paragraph (a)(4) of Section [62-654](#) shall not apply where 24 hour access is allowed. The provisions of paragraph (b) of Section [62-71](#) requiring rules of conduct for the **waterfront public access area** to be established with the Department of Parks and Recreation, and other provisions of this Chapter requiring a maintenance and operation agreement pursuant to Section [62-74](#) (Requirements for Recordation), shall not apply so long as a legal instrument acceptable to the

Chairperson, in all other respects consistent with the provisions of Section [62-74](#), has been executed and recorded, setting forth rules of conduct and maintenance and operations requirements.

91-67 - Recordation

LAST AMENDED
8/27/1998

Within the South Street Seaport Subdistrict, at the time of transfer of **development rights** from a **granting lot**, there shall be recorded in the Office of the Register of the City of New York, and indexed against such **granting lot** from which **floor area** is removed, an instrument removing such **floor area** and prohibiting construction on such **zoning lot** of any **building or other structure** which would contain **floor area** in excess of that still available to the **zoning lot** after deducting the **floor area** removed, such prohibition to be non-cancelable for 99 years; and at the time of the addition of **development rights** to a **receiving lot** as provided in Section [91-65](#), there shall be recorded in the Office of the Register of the City of New York, and indexed against such **receiving lot** to which **floor area** is added, an instrument transferring the **floor area** to the **receiving lot** benefited and identifying the **granting lot** (by tax block and lot number and description) from which the **floor area** has been removed. A certified copy of such instruments shall be submitted to the City Planning Commission upon recordation.

91-68 - Designated Pedestrian Ways

LAST AMENDED
8/27/1998

Within the South Street Seaport Subdistrict, the volume situated above the subsurface **streets** shown on the City Map, and listed in this Section are designated pedestrian ways and are governed by paragraph (b) of the definition of **street** as set forth in Section [91-62](#) (Definitions):

- (a) Fulton Street, between Water and South Streets
 - (b) Water Street, between Fulton and Beekman Streets
 - (c) Front Street, between Fulton and Beekman Streets, and between John and Fulton Streets
 - (d) South Street (the 18-foot-wide strip located on the northwesterly side), between Beekman and John Streets.
-

91-69 - Special Permit for Development of Piers 9, 11, 13 and 14

LAST AMENDED
2/2/2011

Within the area bounded by South Street, the southerly edge of Pier 9, the U. S. Pierhead Line and the northerly edge of Pier 14, which, for the requirements of this Section, shall be deemed to be a single **zoning lot**, the City Planning Commission may, by special permit, permit modification of the bulk regulations, other than **floor area ratio** applicable to the **zoning lot**, and may modify or waive the requirements of Section [62-50](#) (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS), in accordance with the provisions of this Section.

The special permit shall be subject to the condition that the property owner, principal lessee or licensee of property owner has entered into an agreement with the Department of Parks and Recreation to operate and maintain the publicly accessible areas in accordance with Section [62-70](#) (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS). For purposes of this Section, such publicly accessible areas shall be deemed "waterfront public access areas."

In granting any such modifications, the Commission shall find that:

- (a) any modification of height and setback regulations results in an appropriate distribution of permitted bulk on the piers;
- (b) no **buildings or other structures** shall unduly obstruct the visual corridor bounded by the prolongation of the northern and southern **street lines** of Wall Street seaward to the U. S. Pierhead Line;
- (c) any modification will not unduly impede surface traffic and will minimize possible vehicular/pedestrian conflicts in the surrounding area;
- (d) that the seaward end of all such piers is unobstructed to the greatest extent feasible so as to maximize views northward and southward;
- (e) the development plan for such area includes an appropriate amount of publicly-accessible open space which shall incorporate appropriate design features that serve the needs of the local area, including but not limited to landscaping, lighting and seating; and
- (f) the development plan is integrated with existing and proposed nearby development.

The Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the waterfront and surrounding area.

91-70 - SPECIAL REGULATIONS FOR CERTAIN AREAS

LAST AMENDED
2/2/2011

Developments or **enlargements** in the former Special Greenwich Street Development District built prior to August 27, 1998, will continue to be governed by the regulations in effect at the time of issuance of the building permit and can only be modified or altered by Sections [91-71](#) through [91-73](#), inclusive.

91-71 - Authorization for the Modification of Required Public Amenities

LAST AMENDED
2/2/2011

The City Planning Commission may authorize modifications of certain provisions of the former Special Greenwich Street Development District, eliminated on August 27, 1998, that mandated public amenities, as follows:

- (a) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that resulted in an increase in the basic maximum **floor area ratio** or an increase in the adjusted basic maximum **floor area ratio**, the Commission may authorize:

- (1) the alteration of the amenity or improvement, provided that the Commission finds that such modifications improve the intended public purpose of the amenity;
 - (2) the elimination of the amenity or improvement, provided that the Commission finds that the intended public purpose is no longer useful or desirable and a new public amenity or improvement is supplied, as permitted pursuant to this Chapter, that generates the same or higher amount of bonusable **floor area**; or
 - (3) in the case of an amenity or improvement built in excess of the requirements necessary to generate the bonus **floor area** at the time of **development** or **enlargement**, the elimination of such portion of the amenity not tied to the bonus **floor area**, provided that the Commission finds that such portion is no longer useful or desirable.
- (b) For any mandatory or elective public amenities or improvements built pursuant to the regulations of the former Special District that did not result in an increase in the basic maximum **floor area ratio**, the Commission may authorize the elimination or alteration of the amenity or improvement if it finds that the intended public purpose is no longer useful or desirable.
- (c) No mandatory or elective public amenity or improvement built pursuant to the regulations of the former Special District shall be eliminated or reduced in size, without a corresponding reduction in the **floor area** of the **building** or the substitution of equivalent complying area for such amenity elsewhere on the **zoning lot**, in accordance with the provisions of paragraph (a)(2) of this Section, except by special permit of the Commission, subject to a finding that the proposed change will provide a greater public benefit in light of the public amenity's purpose and the purposes of the **Special Lower Manhattan District**.

However, the open pedestrian bridge spanning Greenwich Street between Liberty and Cedar Streets may be eliminated, without recourse to the Commission, where the pedestrian access provided between the required elevated public pedestrian circulation systems is no longer useful or desired.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-72 - Special Permit for Development Over or Adjacent to the Approaches to the Brooklyn Battery Tunnel

LAST AMENDED
2/2/2011

The City Planning Commission, by special permit, may allow:

- (a) the unmapped air space above the approaches to the Brooklyn Battery Tunnel to be considered a single **zoning lot** and may allow the **development** or **enlargement** of a **building** on such unmapped air space, where the **zoning lot** for such **development** or **enlargement** shall include only that portion of the area above the approaches to the Brooklyn Battery Tunnel and contiguous areas of land or property that are covered by a permanent platform and not designated as approaches to the Brooklyn Battery Tunnel.
- (b) the unmapped air space above the approaches to the Brooklyn Battery Tunnel, the unmapped air space above Joseph P. Ward Street and the at-grade parcels bounding the northern **street line** of Joseph P. Ward Street to be deemed a single **zoning lot**, and in connection therewith:

- (1) such **zoning lot** shall generate **floor area** only from such at-grade parcels and only those portions of the unmapped air space above the approaches to the Brooklyn Battery Tunnel covered by a permanent platform or **building** existing on November 15, 2007;
- (2) no **floor area** shall be generated from the unmapped air space above Joseph P. Ward Street; and
- (3) unused **floor area** generated from those portions of the unmapped air space above the approaches to the Brooklyn Battery Tunnel covered by a permanent platform or **building** existing on November 15, 2007, shall only be located on the at-grade parcels bounding the northern **street line** of Joseph P. Ward Street and shall only be used for **residential floor area**.

Notwithstanding any of the foregoing, the use and occupancy of the unmapped air space above the approaches to the Brooklyn Battery Tunnel and of the at-grade parcel bounding the northern **street line** of Joseph P. Ward Street and shown on the City Map, as amended October 3, 1946, as an approach to the Brooklyn Battery Tunnel by the New York State Triborough Bridge and Tunnel Authority, may be continued and in effect as set forth in Resolutions of the former New York City Board of Estimate and as otherwise permitted by law.

The at-grade parcels of the **zoning lot** bounding the northern **street line** of Joseph P. Ward Street shall be considered a **through lot** bounded by Washington Street and West Street from its lowest level to the sky, and only such at-grade parcels shall be used to determine compliance with applicable **bulk** regulations other than **floor area** and **lot area** regulations.

For purposes of this paragraph, (b), the at-grade parcels bounding the northern **street line** of Joseph P. Ward Street shall mean:

the at-grade parcel bounding the northern **street line** of Joseph P. Ward Street and shown on the City Map, as amended October 3, 1946, as an approach to the Brooklyn Battery Tunnel; and

the at-grade parcel bounding the northern line of said parcel.

In order to grant such special permit, the Commission shall find that adequate access and **street** frontage to one or more **streets** is provided; and the streetscape, site design and location of **building** entrances of the proposed **development** or **enlargement** will contribute to the overall improvement of pedestrian circulation within the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

91-73 - Special Provisions for Battery Park Underpass/South Street

LAST AMENDED
2/2/2011

A **zoning lot** containing a **development**, or portion thereof, on a **waterfront zoning lot**, may be located within the volume above the upper limiting plane of the Battery Park Underpass/South Street, when such volume is eliminated, discontinued and closed. That portion of the **zoning lot** that lies above the Battery Park Underpass/South Street shall not be considered **lot area** for the purpose of computing

maximum **floor area**; however, such portion shall be considered **lot area** for all other purposes of this Resolution.

91-80 - PUBLIC ACCESS AREAS

LAST AMENDED
6/21/2016

The following regulations shall apply to **arcades** and **publicly accessible open areas** existing on June 21, 2016, located within the Water Street Subdistrict as shown on Map 8 in Appendix A of this Chapter except for the **plaza** that was the subject of special permit application CP-20518, approved by the City Planning Commission on November 27, 1968.

For the purposes of this Section, inclusive, “arcade” shall refer to an **arcade** or **through block arcade** provided in accordance with the provisions of Sections [12-10](#) (DEFINITIONS) and [37-80](#) (ARCADES), or any other **arcade** that generated a **floor area** bonus as evidenced by plans approved by the Department of Buildings.

A horizontal **enlargement** permitted by Sections [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or [91-841](#) (Authorization for retail uses within existing arcades) shall not be included as **floor area**, and such additional area shall not result in a reduction of the permitted **floor area**.

No **arcade** may be eliminated or reduced in size pursuant to paragraphs (a) or (d) of Section [33-124](#) (Existing public amenities for which floor area bonuses have been received). In lieu thereof the following provisions shall apply: Sections [91-83](#), [91-841](#) and, as applicable, Section [91-85](#) (Special Permit for Enlargements of 7,500 Square Feet or Greater).

For any **zoning lot** that was the subject of application C810325ZSM, C810506ZSM or C841070ZSM, a certification pursuant to Section [91-83](#) or an authorization pursuant to Section [91-841](#) shall not result in a departure from the findings and conditions specified in the applicable special permit, and such certification or authorization shall not require modification of the applicable special permit unless such a modification is required pursuant to a related restrictive declaration. For the **zoning lot** that was the subject of application C810325ZSM, the existing **through block arcade** shall not be eliminated, but may be modified in size and configuration provided that the standards for **through block arcades** set forth in Section [12-10](#) are met.

Public events may take place within a **publicly accessible open area** or **arcade** pursuant to the provisions of Section [91-81](#) (Events Within Public Access Areas). Publicly accessible tables, chairs, shade umbrellas and heating lamps may be located within a **publicly accessible open area** or **arcade** pursuant to the provisions of Section [91-82](#) (Amenities Within Public Access Areas). An outdoor cafe may be located within an **arcade** pursuant to Section [91-821](#) (Certification for outdoor cafes within arcades).

A horizontal **enlargement** of the ground floor and second floor levels may be permitted within **arcades**, or portions thereof, located within Area A in Map 9 of Appendix A of this Chapter pursuant to the provisions of Section [91-83](#), and within Area B pursuant to the provisions of Section [91-841](#). In addition, a horizontal **enlargement** of 7,500 square feet or greater shall also require a special permit pursuant to Section [91-85](#). For the purposes of calculating the total area of the horizontal **enlargement** that is subject to the special permit, the aggregate area of the horizontal **enlargement** permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an

indoor public space shall be excluded from such calculation. In no event shall an **enlargement** be permitted within **arcades**, or portions thereof, located within Area C on Map 9 in Appendix A of this Chapter.

91-81 - Events Within Public Access Areas

LAST AMENDED
6/21/2016

The provisions of Article III, Chapter 7 restricting the temporary placement or storage of event-related amenities or equipment within a **publicly accessible open area** or **arcade** shall be modified by the provisions of this Section. The temporary placement or storage of event-related equipment or amenities in accordance with the provisions of this Section shall not constitute a design change pursuant to the provisions of Sections [37-625](#) or 91-837.

Events including, but not limited to, farmers' markets, holiday markets, concerts and performances, art and cultural exhibitions and festivals are permitted within all **publicly accessible open areas** and **arcades**. The utilization of a **publicly accessible open area** or **arcade** for the promotion of products or services shall not itself qualify as an event permitted under this Section.

Events shall be open to the public, provide free and unticketed admission and only be permitted to use amplified sound between the hours of 9:00 a.m. and 10:00 p.m. All **publicly accessible open areas** and **arcades** shall continue to be publicly accessible at all times. Event-related amenities and equipment shall be considered temporary permitted obstructions provided that sufficient circulation space connecting all **streets** and **building** entrances exists. All **publicly accessible open areas** and **arcades** shall be restored to their approved condition within 24 hours of the conclusion of an event.

The storage of equipment or materials outside of an event's scheduled hours, excluding time required for set up and clean up, shall not be permitted within a **publicly accessible open area** or **arcade**. However, for events taking place over multiple days or weeks, large temporary equipment that requires assembly and will be actively used during the event, such as stages, kiosks and sound and video entertainment systems, may remain in the **publicly accessible open area** or **arcade** outside of the event's scheduled hours.

At least 30 days prior to the scheduled date of an event, notification shall be given to the local Community Board, local Council Member and Borough President of the nature, size and duration of the event.

91-82 - Amenities Within Public Access Areas

LAST AMENDED
6/21/2016

The provisions of Article III, Chapter 7 restricting the placement of tables, chairs, shade umbrellas and heating lamps within a **publicly accessible open area** or **arcade** shall be modified by the provisions of this Section. The placement of tables, chairs, shade umbrellas or heating lamps in accordance with the provisions of this Section, inclusive, shall not constitute a design change pursuant to the provisions of Sections [37-625](#) or 91-837.

Publicly accessible tables and chairs, as well as shade umbrellas and heating lamps, shall be permitted

obstructions within a **publicly accessible open area** or **arcade**, provided that such obstructions comply with the provisions of Section [91-822](#) (Requirements for furnishings), as applicable. Tables, chairs, shade umbrellas and heating lamps provided pursuant to this Section may be used by the public without restriction. Outdoor cafes may be placed within an **arcade** by certification pursuant to Section [91-821](#) (Certification for outdoor cafes within arcades).

91-821 - Certification for outdoor cafes within arcades

LAST AMENDED
6/21/2016

An outdoor cafe may be permitted within an **arcade** upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that, in addition to the provisions of this Section, the provisions of Section [91-822](#) (Requirements for furnishings) are met. An outdoor cafe that is permitted by this Section shall be a permanently unenclosed restaurant or eating or drinking place, which may have waiter or table service.

No portion of an outdoor cafe that is permitted by this Section may extend into a **publicly accessible open area** except where an open air cafe has been permitted by a certification pursuant to Section [37-73](#) (Kiosks and Open Air Cafes).

In order to certify that the proposed modification to an existing **arcade** is consistent with the provisions of this Section, the applicant shall submit to the Chairperson a site plan and other detailed plans demonstrating that the proposed obstructions within the existing **arcade** and, where applicable, pursuant to paragraph (a)(2) of Section [91-822](#), the adjacent **publicly accessible open area**, will comply with the provisions of this Section. The placement of publicly accessible tables and chairs within a **publicly accessible open area** pursuant to paragraph (a)(2) of Section [91-822](#) shall not constitute a design change pursuant to the provisions of Section 37-625.

All plans for **arcades** or other **publicly accessible open areas** that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the **arcade**, pursuant to this Section. The filing and recording of such instrument shall be a precondition to certification. The filing and recording information shall be included on any temporary or final certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

91-822 - Requirements for furnishings

LAST AMENDED
6/21/2016

The following provisions shall apply to all furnishings, including tables, chairs, shade umbrellas and heating lamps, permitted by Section [91-82](#) (Amenities Within Public Access Areas) and Section [91-821](#) (Certification for outdoor cafes within arcades).

- (a) Size, location and other requirements
 - (1) Requirements for all furnishings

All furnishings shall be moveable. Permanent fixtures may be installed in the ground of a **publicly accessible open area** or **arcade** for the purposes of supporting shade umbrellas or heating lamps provided that such fixtures are flush-to-grade.

No furnishings shall be permitted within five feet of any **building** entrance, nor shall they be permitted within any required circulation paths.

(2) Additional requirements for outdoor cafes located within **arcades**

Where an outdoor cafe is provided pursuant to Section [91-821](#), a minimum of four tables and 16 chairs shall be provided and made available to the public without restriction, which may be located within an **arcade** or within a **publicly accessible open area** and shall be outside of the permitted cafe boundary.

Outdoor cafes shall be located at the same elevation as the adjoining sidewalk area or **publicly accessible open area**, except that they may be located no more than six inches below or on a platform no more than six inches above such adjoining sidewalk area or **publicly accessible open area**. The border of the outdoor cafe shall be permanently marked in accordance with the applicable standards for open air cafes set forth in paragraph (b) of Section [37-73](#).

Fences, planters, walls, fabric dividers or other barriers that separate outdoor cafe areas from other portions of the **arcade**, adjacent sidewalks or **publicly accessible open areas** shall be prohibited. No kitchen equipment shall be installed within an outdoor cafe.

Litter receptacles shall be provided in accordance with the standards for **public plazas** set forth in Section 37-744.

(3) Circulation requirements for outdoor cafes located within **arcades**

For **arcades** with a depth of 10 feet or less, as measured from the column face furthest from the **street line** or **publicly accessible open area** to the **building** wall fronting on such **street line** or **publicly accessible open area**, an unobstructed path not less than three feet wide shall be provided. For **arcades** with a depth greater than 10 feet, as measured from the column face furthest from the **street line** or **publicly accessible open area** to the **building** wall fronting on such **street line** or **publicly accessible open area**, such unobstructed pedestrian way shall be increased to at least six feet. For **through block arcades**, an unobstructed pedestrian way, except for approved doorways, of at least eight feet shall be provided connecting each **street** on which the **through block arcade** fronts.

(b) Operation

(1) Requirements for all tables and chairs

Except as otherwise provided in paragraph (b)(2) of this Section, tables, chairs, shade umbrellas and heating lamps may be stored or secured within an **arcade** between the hours of 9:00 p.m. and 7:00 a.m., but may not be stored or secured within a **publicly accessible open area**.

(2) Additional requirements for outdoor cafes located within **arcades**

Publicly accessible tables and chairs that are required by paragraph (a)(2) of this Section may not be removed or secured while the cafe is in active use.

All furnishings within the boundary of an outdoor cafe, including tables, chairs, shade umbrellas, bussing stations and heating lamps, shall be completely removed from the **arcade** when the outdoor cafe is not in active use, except that tables and chairs may remain in such **arcade** if they are unsecured and may be used by the public without restriction.

91-83 - Retail Uses Within Existing Arcades

LAST AMENDED
6/21/2016

A horizontal **enlargement** of the ground floor and second floor levels within an **arcade** located within Area A on Map 9 in Appendix A of this Chapter may be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that such **enlargement** complies with the provisions of this Section, and the following conditions are met:

- (a) the horizontal **enlargement** meets the requirements of Section [91-831](#) (Ground floor requirements);
- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plaza improvements, Section [91-834](#) for indoor public spaces, or Section [91-835](#) for alternative improvements; and
- (c) the additional requirements of Section [91-836](#), as applicable.

For **zoning lots** with one or more **publicly accessible open area**, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all **publicly accessible open areas** pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by condition (b) of this Section, and a certification for design changes pursuant to Section [37-625](#) shall not be required. Where a **publicly accessible open area** was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such **publicly accessible open area** shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to this Section or a prior authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades) may satisfy the requirements of condition (b) of this Section for a compensating amenity.

As part of the certification, a horizontal **enlargement** of the ground floor level may be permitted within the area between a **street wall** and an **arcade** that did not generate a **floor area** bonus prior to June 21, 2016. The provisions of Section [91-831](#) (Ground floor requirements) shall not apply to such portion of the horizontal **enlargement**.

As part of the certification, a horizontal **enlargement** of the ground floor level may be permitted along existing **building** walls that do not face an **arcade**, and such **enlargement** shall not occupy any **publicly accessible open area**. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such **enlargement**.

Where an **enlargement** is located adjacent to a **publicly accessible open area**, the **use** and transparency requirements of Section [91-831](#) for new **building** walls facing a **publicly accessible open area** shall apply.

For a horizontal **enlargement** of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal **enlargement** that is subject to the special permit, the aggregate area of the horizontal **enlargement** permitted by prior certifications pursuant to this Section and Section [91-837](#) (Subsequent design changes) and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the **arcade** remains open and accessible, such remaining **arcade** area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a **building** wall between columns that fronts on such **arcade** area shall be treated with artwork, planting or decorative material. Additional requirements for transparency in paragraph (c)(3) of Section [91-831](#) may apply.

91-831 - Ground floor requirements

LAST AMENDED
6/21/2016

The provisions of this Section shall apply to the **street wall** of the ground floor and second floor level **enlargement**. For the purposes of this Section, a **building** wall that faces a **publicly accessible open area** or **through block arcade** shall also be considered a **street wall**, and the provisions of this Section for new **building** walls fronting on a **publicly accessible open area** shall also apply to new **building** walls fronting on a **through block arcade**, except as otherwise specified. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

(a) Location of **enlargement**

(1) Location of new **building** walls

All new **building** walls shall extend to the full height of the **arcade**. New **building** walls may only be located between the column face closest to an existing **street wall** and the column face furthest from an existing **street wall** or the **street wall** location of the floor above, except that new **building** walls within an existing **through block arcade** that do not face a **street** may extend past the column face furthest from the existing **street wall** provided that the standards for **through block arcades** set forth in Section [12-10](#) (DEFINITIONS) and all other provisions of this Section are met. New **building** walls within an existing **through block arcade** that do not face a **street** shall not be required to extend for the full height of the **through block arcade**.

(2) Length of new **building** walls

An **enlargement** shall extend for the full length of the **street wall**, except for the locations specified on Map 9 in Appendix A of this Chapter and except if a corner **arcade** that adjoins the Water Street **street line** and another **street line** or **publicly accessible open area** is provided in accordance with the provisions of paragraph (c) of

Section [37-53](#) (Design Standards for Pedestrian Circulation Spaces) which may provide a clear path 10 feet wide. However, an **enlargement** shall not be required along the length of the **street wall** occupied by an existing parking or loading entrance. Where an **enlargement** within an **arcade** extends along two or more **street walls**, the **enlargement** shall also include the area where the **arcade** areas intersect, except as otherwise provided in this Section, and the location of new **building** walls in such area shall be subject to the provisions of paragraph (a)(1) of this Section.

(b) Permitted **uses** within an **enlargement**

(1) Requirements for all frontages

(i) Retail **uses**

The **street** frontage or frontage along a **publicly accessible open area** of the **enlarged** portion of the ground floor level shall be allocated exclusively to indoor public spaces that are provided in accordance with the provisions of Section [91-834](#) or the **uses** permitted by Sections [91-111](#) (Additional uses in C5 Districts) and [91-12](#) (Uses on Designated Retail Streets), except that Use Groups 5A, 7A, 7B, 8B, 9A, 10A, 12A, 12B, or 12C shall not be permitted. However, bicycle rental or repair shops and studios for art, music, dancing or theater shall be permitted. **Residential uses** shall be limited to lobbies permitted by paragraph (c)(2) of this Section.

All **uses** permitted by this paragraph shall occupy a height no less than that of the ground floor level, and shall occupy a depth no less than that of the **enlargement**.

(ii) Parking, loading and mechanical equipment

No garage entrances, driveways, parking spaces or loading berths shall be permitted within an **enlargement**. No exhaust vents or mechanical equipment shall be permitted on any new **building** wall unless such exhaust vents are more than 15 feet above the level of the curb.

(iii) Maximum **street wall** width

On the ground floor portion of an **enlargement** for the following Use Group 6 **uses**: the maximum **street wall** width of a bank or loan office shall not exceed 30 feet; and the maximum **street wall** width of a drug store shall not exceed 50 feet.

(2) Additional **use** requirement for a **publicly accessible open area** or **through block arcade**

At least 50 percent of the total frontage of all new **building** walls fronting on a **publicly accessible open area** or **through block arcade**, excluding such frontage occupied by **building** lobbies, shall be occupied by retail or service establishments permitted by paragraph (b)(1) of this Section. As an alternative, the amount of frontage required by this paragraph for occupancy by retail or service establishments may be partially or fully located along existing **building** walls fronting on the **publicly accessible open area** or

through block arcade and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage.

Libraries, museums and art galleries are permitted **uses** that may front on a **publicly accessible open area**. Banks shall not be a permitted **use** on any **publicly accessible open area** or **through block arcade**. **Uses** required by this paragraph shall be directly accessible from the **publicly accessible open area** or **through block arcade**.

(c) Frontage

(1) Number of establishments

Along the longest **street wall** of the ground floor level **enlargement**, at least two establishments permitted by paragraph (b) of this Section shall be provided on the ground floor level. Frontage that is solely dedicated to access a **use** on a level other than the ground floor level shall not constitute an establishment for the purposes of this paragraph.

(2) Access, entrances and lobbies

The **street wall** frontage of an **enlarged** portion of the ground floor level may be occupied by the **primary entrance** for the principal **use** of the **building**, provided that such **primary entrance** shall not exceed a **street wall** width of 50 feet along Water Street, or, along other **streets**, a **street wall** width of 40 feet, or 25 percent of the **aggregate width of street wall** along such **street** frontage, whichever is less.

For a **primary entrance** that fronts on a **publicly accessible open area**, such entrance shall occupy a minimum frontage length of 20 feet or a length equal to the distance between the two closest columns adjacent to the **publicly accessible open area**, whichever is less. A **primary entrance** for the principal **use** of the **building** may be located along a **through block arcade** or indoor public space provided in accordance with Section [91-834](#) (Indoor public spaces), but may only occupy a maximum frontage length of 25 feet.

Where more than 50 percent of the length of the **enlargement** is occupied by a **primary entrance** permitted by this paragraph, retail or service establishments with an aggregate frontage length equal to at least 50 percent of the length of the **enlargement** shall be required along new or existing **building** walls along the same **street** frontage as the **enlargement**, and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage along existing **building** walls.

(3) Transparency and flood resilience

The ground floor level **street wall** between existing columns shall be glazed with transparent materials, which may include **show windows**, transom windows or glazed portions of doors, except for certain **uses** set forth in Section [37-31](#) (Applicability). Such transparent materials shall occupy at least 70 percent of the surface area of such ground floor level **street wall** between a height above grade of two feet and 14 feet or the height of the ground floor ceiling, whichever is lower.

Where the **use** located within the ground floor level **enlargement** fronts on an **arcade** that remains open and accessible, the length of such frontage shall be glazed with transparent materials in accordance with the provisions of this paragraph.

Permanent fixtures for temporary flood control devices and associated emergency egress systems that are assembled prior to a storm and removed thereafter and are affixed to a column may obstruct any transparent portion of a new **building** wall. Such permanent fixtures may be considered a transparent portion of a new **building** wall. Additionally, such permanent fixtures shall be encased in a decorative material. Temporary flood control devices and associated emergency egress systems shall be permitted in front of any new **building** wall for a reasonable period of time prior to and after a storm event, as determined by the Department of Buildings.

91-832 - Plaza improvements

LAST AMENDED
6/21/2016

A **publicly accessible open area** shall be improved in full accordance with the provisions of Section [37-70](#) (PUBLIC PLAZAS) as modified by this Section, and as further modified by Section [91-833](#) (Special regulations for plazas less than 40 feet in depth) for **publicly accessible open areas** with a maximum depth of less than 40 feet, as measured perpendicular to any **street line**. Subsequent design changes to any **publicly accessible open area** improved pursuant to the provisions of such Sections may only be permitted pursuant to Section [91-837](#). The City Planning Commission may authorize a modification of the provisions of this Section and Section [91-833](#) pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) For the purposes of applying the provisions of this Section, any portion of the **publicly accessible open area** occupied by a garage entrance, driveway, loading berth or gratings for electrical vaults may be excluded from the calculation of the total area or total **street** frontage of the **publicly accessible open area**. Such area shall remain open and accessible to the public at all times.
- (b) The area dimension requirements of Section [37-712](#), the locational restrictions of Section [37-713](#), the orientation restrictions of Section [37-714](#) and the requirements for major and minor portions of **public plazas** set forth in Sections [37-715](#) and [37-716](#), respectively, shall not apply.
- (c) The **through block public plaza** provisions of Section [37-717](#) that require a setback along any **building** wall or walls that adjoin a **through block public plaza** or through **block** portion of a **publicly accessible open area** shall not apply.
- (d) The sidewalk frontage provisions of Section [37-721](#) shall be modified as follows:
 - (1) the requirements of paragraph (a) may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain, provided that such walls or structures do not increase in height or length along the **street** frontage, and all portions of the **publicly accessible open area** are accessible from a **street**, **arcade** or other portion of the **publicly accessible open area**.
 - (2) paragraph (b) shall be modified to allow planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of this Section to be located in

such area.

- (3) for **corner public plazas**, where there is a change in elevation permitted by paragraph (e) of this Section for the area within 15 feet of the intersection of any two or more **streets** on which the **publicly accessible open area** fronts, such area shall not be required to be at the same elevation as the adjoining public sidewalk, but must be free of obstructions except as may otherwise be provided in paragraph (d)(1) of this Section.
- (e) The provisions of Section [37-722](#) (Level of plaza) shall be modified to permit any elevation of the **publicly accessible open area** existing on June 21, 2016, to remain.
- (f) The provisions of Section [37-726](#) (Permitted obstructions) shall be modified as follows:
 - (1) paragraph (c) shall allow awnings above retail and service establishments that do not project into the **publicly accessible open area** more than three feet when measured perpendicular to the **building** facade. There shall be no limitation on the area or height of an awning, but in no event shall an awning for a retail or service establishment contain vertical supports.
 - (2) paragraph (d) shall allow garage entrances, driveways or loading berths fronting on a **publicly accessible open area** and existing on June 21, 2016, to remain, provided that they are separated from the remainder of the **publicly accessible open area** by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the **publicly accessible open area**. A **building** trash storage facility may be accessed or serviced through the portion of a **publicly accessible open area** that is occupied by a garage entrance, driveway or loading berth.
- (g) The provisions of Section [37-742](#) (Planting and trees) may be modified where the Chairperson of the City Planning Commission has been provided with documentation sufficient to establish that subsurface conditions do not allow the required soil depth for shrubs or trees to be provided below-grade or within a planter with bounding walls no higher than 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall of such planter adjoins two or more walking surfaces with different elevations. A raised planter may be provided with bounding walls up to three feet for shrubs, or 3 feet, 6 inches for trees, provided that fixed seating with backs is integrated into the planter for at least 50 percent of the perimeter of the planter that is adjacent to a walking surface. If such planter, or any portion thereof, is located within ten feet of a **street line**, fixed seating with backs shall be integrated into at least 75 percent of the perimeter of the planter that is adjacent to a walking surface. Where it is demonstrated that no required trees can be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, the Chairperson may allow all trees to be planted within raised planters.
- (h) The calculation of the minimum number of entry plaques required by paragraph (a) of Section [37-751](#) (Public space signage systems) may be modified for **publicly accessible open areas** that occupy more than one **street** frontage to alternatively require a minimum of one entry plaque at each **street** frontage of the **publicly accessible open area**, and to further require one additional entry plaque at each **street** frontage that measures 80 feet or more in length.
- (i) The provisions of paragraphs (a) and (d) of Section [37-753](#) (Accessory signs) shall not apply. Each establishment fronting on the **publicly accessible open area** shall be permitted to have

one or more **signs** with an aggregate area not to exceed the product of 12 square feet and the length of the establishment along the **publicly accessible open area** in linear feet, divided by 40 linear feet. In no event shall a **sign** exceed 16 square feet in area. **Signs** may be affixed to the **building** wall or to awnings, or may project no more than 18 inches when measured perpendicular to the **building** facade, provided that such **sign** is located a minimum of 10 feet above the level of the **publicly accessible open area**.

- (j) The provisions of paragraphs (a) and (b) of Section [37-76](#) (Mandatory Allocation of Frontages for Permitted Uses) shall not apply. The provisions of Section [91-831](#) (Ground floor requirements) shall apply to all new **building** walls fronting on the **publicly accessible open area**, and the following shall also apply:
 - (1) the **use** requirements of paragraph (b)(1) of Section [91-831](#) shall apply to all new establishments located along existing **building** walls fronting on a **publicly accessible open area**; and
 - (2) the provisions of paragraph (c) of Section [37-76](#) for existing **building** walls that are non-transparent shall apply except for frontage occupied by active loading and parking entrances.
- (k) The provisions of Section [37-78](#) (Compliance) shall be modified as follows:
 - (1) paragraph (a) shall be modified to provide that no permit shall be issued by the Department of Buildings for any change to a **publicly accessible open area** without certification by the Chairperson of the City Planning Commission of compliance with the provisions of this Section and Sections [91-833](#) or [91-837](#), as applicable; and
 - (2) paragraph (b) shall be modified to require that the periodic compliance report shall document compliance with the provisions of Section [37-70](#) as modified by this Section and, as applicable, Section [91-833](#), and that such report shall also be provided to the local Council Member.

91-833 - Special regulations for plazas less than 40 feet in depth

LAST AMENDED
6/21/2016

A **publicly accessible open area** with a maximum depth less than 40 feet measured perpendicular to any **street line** shall be improved in full accordance with the provisions of Section [37-70](#) (PUBLIC PLAZAS) as modified by Section [91-832](#) (Plaza improvements) and as further modified by this Section. Where a **publicly accessible open area** may be considered a **corner public plaza**, the maximum depth shall be measured from a **street line** to a **street wall**. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) The provisions of Section [37-721](#) (Sidewalk frontage) shall not apply. In lieu thereof, the provisions of this paragraph (a) shall apply to the area of the **publicly accessible open area** located within 10 feet of a **street line** or sidewalk widening line.
 - (1) At least 40 percent of such area shall be free of obstructions and, in addition:

- (i) to facilitate pedestrian access at least 40 percent of the frontage along each **street line** or sidewalk widening line of the **publicly accessible open area** shall be free of obstructions; and
- (ii) such unobstructed access area shall extend to a depth of 10 feet measured perpendicular to the **street line**. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five feet measured parallel to the **street line**, and at least one portion of such area shall have a width of at least eight feet measured parallel to the **street line**.

The requirement of this paragraph for unobstructed access may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length along the **street** frontage, and all portions of the **publicly accessible open area** are accessible from a **street**, **arcade** or other portion of the **publicly accessible open area**.

- (2) In the remaining 60 percent or more of such area, the provisions of paragraph (b) of Section [37-721](#) shall apply, except that no more than 40 continuous linear feet of any **street** frontage occupied by a **publicly accessible open area** may be obstructed. Furthermore, planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of Section [91-832](#) may be located in such area.
 - (3) For **corner public plazas**, the requirements of this paragraph (a) shall apply separately to each **street** frontage, and the area within 10 feet of the intersection of any **street** and Water Street or Wall Street shall be at the same elevation as the adjoining public sidewalk, except where there is a change in elevation permitted by paragraph (e) of Section [91-832](#), and such area shall be free of obstructions except as may otherwise be provided in paragraph (a)(1) of this Section.
- (b) The provisions of Section [37-723](#) (Circulation paths) shall be modified so that the required circulation path of at least eight feet clear width shall be located adjacent to the **street wall** and shall extend for at least 80 percent of the length of such **street wall**. Where there are multiple **street walls**, the provisions of this paragraph shall apply separately to each frontage. In addition to the obstructions that are permitted within circulation paths, moveable tables and chairs, fixed seating and planting beds not exceeding six inches above any adjacent walking surface shall also be considered permitted obstructions provided that an unobstructed path of at least five feet wide is provided.
- Where an open air cafe pursuant to Section [37-73](#) (Kiosks and Open Air Cafes) is provided adjacent to a **building** wall, such open air cafe may occupy a portion of the required circulation path provided that there is an unobstructed clear path of at least six feet wide between the **building** wall and any furnishings of the open air cafe. The unobstructed path shall be included in the calculation of the area occupied by the open air cafe.
- (c) The provisions of Section [37-741](#) (Seating) that require seating within 15 feet of the **street line** shall not apply to **street** frontages that measure less than 40 feet in length.
 - (d) The provisions of Section [37-742](#) (Planting and trees) shall be further modified as follows:
 - (1) For **publicly accessible open areas** with an area less than 2,000 square feet, the

number of required trees shall be reduced to two, and only one tree shall be required to be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, except as may be modified by paragraph (g) of Section [91-832](#).

- (2) The total area of required planting beds may not be concentrated within one continuous planter or planting bed, except when a **publicly accessible open area** has an area of 1,000 square feet or less.
- (e) The provisions of Section [37-746](#) (Drinking fountains) shall be modified to require only **publicly accessible open areas** containing an area of 2,000 square feet or more to provide a minimum of one drinking fountain.

91-834 - Indoor public spaces

LAST AMENDED
6/21/2016

Indoor public spaces are enclosed, climate-controlled areas on a **zoning lot** intended for public use and enjoyment. The standards contained within this Section are intended to serve the same purposes outlined for **public plazas** in Section [37-70](#). The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section [91-842](#) (Authorization to modify design requirements).

- (a) Indoor public spaces shall contain an area of not less than 2,000 square feet and have a minimum width and depth, at any point, of 20 feet. Indoor public spaces shall be located on the ground floor level, shall be directly accessible from all **streets** or **publicly accessible open areas** that the space fronts, and shall extend, at a minimum, for the full height of the ground floor level.
- (b) Indoor public spaces shall be fully enclosed, and the transparency requirements of paragraph (c) of Section [91-831](#) (Ground floor requirements) shall apply to all **street walls** or **building walls** facing a **publicly accessible open area**. The space shall be heated or air-conditioned, and the standards for heating, ventilating and air-conditioning shall be at least equal to those of the lobby for the principal **use** of the **building**.
- (c) Public access to the indoor public space shall be provided, at a minimum, between the hours of 6:00 a.m. to 12:00 a.m. The hours of access shall be included on all required entry plaques and information plaques in accordance with the provisions of Section [37-751](#) (Public space signage systems) and paragraph (i) of this Section.
- (d) The provisions of Sections [37-718](#) (Paving), [37-722](#) (Level of plaza), [37-728](#) (Standards of accessibility for persons with disabilities), [37-744](#) (Litter receptacles), [37-745](#) (Bicycle parking), [37-746](#) (Drinking fountains), [37-748](#) (Additional amenities), [37-752](#) (Prohibition signs), [37-753](#) (Accessory signs) and [37-77](#) (Maintenance) shall apply.
- (e) The provisions of Section [37-723](#) (Circulation paths) for **through block public plazas** shall apply to **through block arcades** except as otherwise provided in Section [91-821](#) (Certification for outdoor cafes within arcades) when a cafe is provided. Trees planted flush-to-grade that measure less than four caliper inches at the time of planting, as permitted by paragraph (h) of this Section, shall not be considered permitted obstructions within circulation paths.

- (f) The provisions of paragraphs (a) and (b) of Section [37-726](#) (Permitted obstructions) shall apply. A kiosk shall be a permitted obstruction provided that the requirements of paragraph (a) of Section [37-73](#) (Kiosks and Open Air Cafes) are met. A certification pursuant to Section [37-73](#) shall not be required to locate a kiosk within an indoor public space. A cafe permitted by certification pursuant to Section [91-821](#) shall be considered a permitted obstruction within an indoor public space and may not occupy more than 20 percent of the indoor public space area.
- (g) The provisions of Section [37-741](#) for seating shall apply, except as modified as follows:
- (1) The requirements for seating within 15 feet of a **street line** shall not apply.
 - (2) All of the linear seating capacity may be in moveable seats. Any moveable seats that are provided must remain in the indoor public space during the hours of operation.
 - (3) The requirement that seats that face walls must be a minimum of six feet from such wall shall only apply to fixed seating.
- (h) The requirements of Section [37-742](#) for planting and trees shall apply, except that the surface area of any vertical planting may be included in the calculation of the total area of planting beds that are provided, and trees shall not be required.
- (i) Public space signage shall be provided in accordance with the provisions of Section [37-751](#), except as modified as follows:
- (1) An information plaque shall be provided at each point of pedestrian entry to the indoor public space. Information plaques for **through block arcades** shall also include lettering stating "PUBLIC ACCESS TO ____ STREET" indicating the opposite **street** to which the through **block** connection passes and which lettering shall not be less than three inches in height and located not more than three inches away from the public space symbol. Furthermore, a minimum of one additional information plaque shall be provided within the indoor public space.
 - (2) Paragraph (c) shall not apply.
- (j) All indoor public spaces shall be illuminated with a minimum level of illumination of not less than five horizontal foot candles (lumens per foot) throughout the space. The requirements of Section [37-743](#) for a lighting schedule, a diagram of light level distribution and electrical power shall apply.
- (k) The **use** requirements of paragraph (b) and the lobby requirements of paragraph (c)(2) of Section [91-831](#) shall apply to all **building** walls fronting on an indoor public space that do not face a **street** or **publicly accessible open area**. The provisions of paragraph (c) of Section [37-76](#) for new or existing **building** walls that are non-transparent shall apply.
- (l) The provisions of Section [37-78](#) (Compliance) shall be modified as follows:
- (1) paragraph (a) shall not apply; and
 - (2) paragraph (b) shall be modified to require that the periodic compliance report shall document compliance with the provisions of Section [37-70](#) as modified by this Section, and that such report shall also be provided to the local Council Member.

Subsequent design changes to any indoor public space that was subject to the provisions of

this Section may only be permitted pursuant to Section [91-837](#) (Subsequent design changes).

91-835 - Alternative improvements

LAST AMENDED
6/21/2016

A permanent amenity other than the improvement of an existing **publicly accessible open area** pursuant to the provisions of Section [91-832](#) or the provision of an indoor public space pursuant to the provisions of Section [91-834](#) may be provided for the properties listed in this Section. The City Planning Commission may authorize an improvement not listed in this Section pursuant to Section [91-843](#) (Authorization to modify requirements for alternative improvements).

Building Address	Required Alternative Improvement
175 Water Street	Area C on Map 9 in Appendix A of this Chapter, the open area along John Street and the open area along Front Street with a minimum depth of 15 feet measured perpendicular to the Front Street street line shall be improved in accordance with the provisions of Sections 91-832 and 91-833. Such open area and remaining arcade area shall be considered one contiguous public space and shall be accessible to the public at all times.
100 Wall Street	Maintenance of Manahatta Park between Water Street and Front Street for the life of the building .
110 Wall Street	Maintenance of Manahatta Park between Front Street and South Street for the life of the building .

91-836 - Additional requirements

LAST AMENDED
6/21/2016

(a) Legal requirements

All plans for **arcades**, **publicly accessible open areas**, required open areas, and indoor public spaces that are the subject of a certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) shall be filed and duly recorded in the New York County Office of the City

Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson of the City Planning Commission, providing notice of the certification pursuant to Section [91-83](#). The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date. Where compensating amenity required by condition (b) of Section [91-83](#) is located on the same **zoning lot** as an **enlargement**, no temporary or final certificate of occupancy shall be issued for such **enlargement** until the compensating amenity has been substantially completed in accordance with the approved plans, as certified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a **street** or **public park** pursuant to Section [91-835](#) (Alternative improvements), the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the **zoning lot**, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Chairperson, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date. Modifications to the declaration required by this paragraph may only be allowed upon approval by the Chairperson.

(b) Existing approvals by the Board of Standards and Appeals

Where a **zoning lot** is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the application pursuant to Section [91-83](#) shall be referred for thirty (30) days to the Board of Standards and Appeals who shall certify to the Department of City Planning whether such application would not result in a departure from the findings and conditions specified in the original approval.

(c) Community Board review

No earlier than the date on which the application for certification pursuant to Section [91-83](#) is filed, a copy of the application shall be submitted by the applicant to the affected Community Board and local Council Member for 45 days to review said application. The Chairperson shall not issue a certification for an application during the Community Board review period, unless the Community Board has submitted to the Chairperson comments regarding such proposal or informed the Chairperson that the Community Board has no comments.

91-837 - Subsequent design changes

LAST AMENDED
6/21/2016

Design changes to any **publicly accessible open area**, required open area or indoor public space previously improved pursuant to the provisions of Sections [91-832](#) (Plaza improvements) or [91-834](#) (Indoor public spaces) may only be made upon certification by the Chairperson of the City Planning

Commission that such changes would result in a **publicly accessible open area** or indoor public space that is compliant with the Section under which it was previously approved. As part of the certification, a horizontal **enlargement** on the ground floor level may be permitted along existing **building** walls that face the **publicly accessible open area** and do not face an **arcade**, but such **enlargement** shall not occupy any **publicly accessible open area**. The locational requirements of paragraph (a)(1) of Section [91-831](#) (Ground floor requirements) and the **use** and transparency requirements of Section [91-831](#) for new **building** walls facing a **publicly accessible open area** shall apply. The legal requirements of paragraph (a) of Section [91-836](#) shall apply.

91-84 - Authorizations

LAST AMENDED
6/21/2016

91-841 - Authorization for retail uses within existing arcades

LAST AMENDED
6/21/2016

The City Planning Commission may authorize a horizontal **enlargement** of the ground floor and second floor levels within an **arcade** located within Area B on Map 9 in Appendix A of this Chapter. In order to grant an authorization, the Commission shall find that:

- (a) the requirements of Section [91-831](#) (Ground floor requirements) are met;
- (b) a compensating amenity is provided pursuant to the provisions of Section [91-832](#) for plazas, Section [91-834](#) for indoor public spaces or Section [91-835](#) for alternative improvements;
- (c) sufficient unobstructed space exists adjacent to the proposed **enlargement** to facilitate pedestrian circulation; and
- (d) the **enlargement** will maintain a visual or physical connection to Water Street from another **street**, **public park** or **publicly accessible open area**.

As part of the authorization, the Commission may modify the requirements for the location of new **building** walls of paragraph (a) of Section [91-831](#) (Ground floor requirements).

For **zoning lots** with one or more **publicly accessible open area**, unless an alternative improvement has been identified in Section [91-835](#), an improvement to all **publicly accessible open areas** pursuant to the provisions of Section [91-832](#) shall be required as the compensating amenity required by finding (b) of this Section, and a certification for design changes pursuant to Section [37-625](#) shall not be required. Where a **publicly accessible open area** was improved and is fully compliant with a prior certification pursuant to Section [37-625](#) that was granted before January 19, 2016, the further improvement of such **publicly accessible open area** shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades) or a prior authorization pursuant to this Section may satisfy the requirement of finding (b) of this Section for a compensating amenity.

As part of the authorization, a horizontal **enlargement** of the ground floor level may be permitted within the area between a **street wall** and an **arcade** that did not generate a **floor area** bonus prior to June 21,

2016. The provisions of Section [91-831](#) (Ground floor requirements) shall not apply to such portion of the horizontal **enlargement**.

As part of the authorization, a horizontal **enlargement** of the ground floor level may be permitted along existing **building** walls that do not face an **arcade**. The locational requirements of paragraph (a)(1) of Section [91-831](#) and the frontage prohibitions of paragraph (b)(1)(ii) of Section [91-831](#) shall apply to such **enlargement**. Where the **enlargement** is located adjacent to a **publicly accessible open area**, the **use** and transparency requirements of Section [91-831](#) for new **building** walls facing a **publicly accessible open area** shall apply.

For a horizontal **enlargement** of 7,500 square feet or greater, a special permit pursuant to Section [91-85](#) shall also be required. For the purposes of calculating the total area of the horizontal **enlargement** that is subject to the special permit, the aggregate area of the horizontal **enlargement** permitted by prior certifications pursuant to Sections [91-83](#) and [91-837](#) (Subsequent design changes) and prior authorizations pursuant to this Section shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the **arcade** remains open and accessible, such remaining **arcade** area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a **building** wall between columns that fronts on such **arcade** area shall be treated with artwork, planting or decorative material. Additional requirements for transparency in paragraph (c)(3) of Section [91-831](#) may apply.

All plans for **arcades**, **publicly accessible open areas**, required open areas and indoor public spaces, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission, providing notice of the authorization pursuant to this Section. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date. Where a compensating amenity required by paragraph (b) of this Section is located on the same **zoning lot** as an **enlargement**, no temporary or final certificate of occupancy shall be issued for any **enlargement** unless and until the compensating amenity has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a **street** or **public park** pursuant to Section [91-835](#) (Alternative improvements), the applicable legal requirements of Section [91-836](#) (Additional requirements) shall apply.

Where a **zoning lot** is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the requirements of paragraph (b) Section [91-836](#) shall apply.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-842 - Authorization to modify design requirements

LAST AMENDED
6/21/2016

The City Planning Commission may authorize a modification of the requirements of Section [91-831](#)

(Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for **publicly accessible open areas** and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an **enlargement** be permitted within a **publicly accessible open area** or other required open area unless specified on Map 9 of Appendix A of this Chapter.

In order to grant such authorization, the Commission shall find:

- (a) the location, **use**, access, size and treatment of the **enlargement** would result in a superior urban design relationship with the surrounding **streets, buildings** and open areas;
- (b) the usefulness and attractiveness of the **publicly accessible open area**, required open area or indoor public space will be assured by the proposed layout and design, and that such modification will result in a superior urban design relationship with surrounding **streets, buildings** and public open areas; and
- (c) any waiver of required amenities and circulation paths is the minimum necessary to create a better site plan.

The Commission may prescribe appropriate conditions and controls to enhance the relationship between the **enlargement, publicly accessible open area**, required open area or indoor public space and the surrounding **streets, buildings** and open areas.

91-843 - Authorization to modify requirements for alternative improvements

LAST AMENDED
6/21/2016

The City Planning Commission may authorize an alternative improvement not listed in Section [91-835](#) provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section [91-00](#) (GENERAL PURPOSES).

As a condition of the authorization, for a compensating amenity that is located within a **street** or **public park**, the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the **zoning lot**, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Commission, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-85 - Special Permit for Enlargements of 7,500 Square Feet or Greater

In addition to any certification pursuant to Section [91-83](#) (Retail Uses Within Existing Arcades), inclusive, or an authorization pursuant to Section [91-841](#) (Authorization for retail uses within existing arcades), the City Planning Commission may permit a horizontal **enlargement** of 7,500 square feet or greater within Areas A or B on Map 9 in Appendix A of this Chapter, provided that the Commission finds that the public amenity or improvement that is provided on the **zoning lot** is of equal or greater benefit to the public than the **arcade** to be eliminated or reduced.

For the purposes of calculating the total area of the horizontal **enlargement** that is subject to the special permit, the aggregate area of the horizontal **enlargement** permitted by any prior certification pursuant to Section [91-83](#), inclusive, and prior authorizations pursuant to Section [91-841](#) shall be included in such calculation, except the area of an indoor public space provided in accordance with the provision of Section [91-834](#) (Indoor public spaces) shall be excluded from such calculation.

As part of the special permit, the Commission may modify the requirements of Section [91-831](#) (Ground floor requirements), the provisions of Sections [91-832](#) (Plaza improvements) and [91-833](#) (Special regulations for plazas less than 40 feet in depth) for **publicly accessible open areas** and the provisions of Section [91-834](#) for indoor public spaces. In no event shall an **enlargement** be permitted within a **publicly accessible open area** or other required open area unless specified on Map 9 in Appendix A of this Chapter.

The Commission may prescribe additional conditions and safeguards to enhance the relationship between the **enlargement** and the surrounding **streets, buildings** and public open areas.

Chapter 2 - Special Park Improvement District (PI)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 2 - Special Park Improvement District (PI)

92-00 - GENERAL PURPOSES

LAST AMENDED
4/23/1973

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;
- (b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;
- (c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;
- (d) to encourage the development of buildings compatible with the height of present development; and
- (e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.

92-01 - Definitions

LAST AMENDED
2/2/2011

Development

For purposes of this Chapter a "development" includes the construction of a new **building or other structure** on a **zoning lot**, the relocation of an existing **building** on another **zoning lot**, and an **enlargement** involving an increase in **lot coverage**.

92-02 - General Provisions

LAST AMENDED
12/11/2001

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

For the purposes of this Chapter, Duke Ellington Circle, located at the intersection of Fifth Avenue and East 110th Street, shall be considered a separate **street**.

92-03 - Special Use Regulations

LAST AMENDED
12/11/2001

For any **zoning lot** located between Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Streets:

- (a) **commercial uses** shall only be permitted beyond 100 feet of Fifth Avenue and shall be restricted to office **uses** listed in Use Group 6B;
- (b) the underlying district **sign** regulations shall not apply. In lieu thereof, **signs accessory** to a **commercial use** shall conform with all the **sign** regulations applicable in C1 Districts, except that **illuminated signs** shall not be permitted and, within 100 feet of Fifth Avenue, signs shall conform with the **sign** regulations for **Residence Districts** set forth in Section [22-30](#).

92-04 - Special Bulk Provisions

LAST AMENDED
12/11/2001

92-041 - Maximum Floor Area Ratio

LAST AMENDED
2/2/2011

The maximum **floor area ratio** for any **zoning lot** shall not exceed 10.0. No **floor area** bonuses shall be permitted.

92-042 - Mandatory front building walls along certain street lines

LAST AMENDED
12/11/2001

- (a) Except as provided in paragraph (b) of this Section, the front **building** wall for all **developments** on **zoning lots** having frontage on Fifth Avenue or Park Avenue and for all **developments** along **street lines** within 50 feet of their intersection with the

street lines of Fifth Avenue or Park Avenue, shall extend along the full length of its **street line** fronting on such **street** without setback for a height of 125 feet above **curb level** or the full height of the **building**, whichever is less. Above the height of 150 feet above **curb level**, the front **building** wall shall be set back 10 feet from the **street line**. The mandatory front **building** wall requirements are optional for the next 20 feet along the **street line** of a **narrow street** or for the next 75 feet along the **street line** of a **wide street**. However, where the front wall of a **building** with a height less than 125 feet above **curb level** was constructed with a setback from the **street lines**, **enlargement** of such **building** may be permitted by vertical extension of its existing **building** wall.

- (b) For any **zoning lot** having frontage on Fifth Avenue, Duke Ellington Circle, East 109th Street and East 110th Street, the provisions of this paragraph (b) shall apply. The front **building** wall of any **development** shall extend along the full length of the Fifth Avenue and Duke Ellington Circle **street lines**, and along the full length of the East 109th Street and East 110th Street **street lines** within 50 feet of their intersection with Fifth Avenue and Duke Ellington Circle, and rise without setback to a minimum height of 85 feet above **curb level** or the full height of the **building**, whichever is less. Above a height of 150 feet, the front **building** wall shall be set back at least 10 feet from such **street lines**. Such mandatory front **building** wall requirements are optional for the next 50 feet along the East 109th Street and East 110th Street **street lines**.
- (c) Front wall recesses are permitted within mandatory front **building** walls for architectural or decorative purposes, provided that the aggregate length at the level of any **story** does not exceed 50 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed six feet. No front wall recesses are permitted within 20 feet of the intersection of two **street lines**.

Where the aggregate width of balconies located along the front **building** wall, at the level of any **story**, exceeds 20 percent of the length of such front **building** wall, the front **building** wall may be set back not more than three feet from the **street line**.

The underlying district height and setback regulations apply along **street lines**, or portions thereof, not subject to the front **building** wall requirement.

92-043 - Special height limitation

LAST AMENDED
12/11/2001

The maximum height of a **building or other structure**, or portion thereof, shall not exceed 19 **stories** or 210 feet above **curb level**, whichever is less.

92-05 - Maximum Number of Accessory Off-street Parking Spaces

LAST AMENDED
5/8/2013

Within the portion of the ***Special Park Improvement District*** located within the ***Manhattan Core***, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the ***Special Park Improvement District***, the provisions of this Section shall apply.

In no case shall the number of ***accessory*** off-street parking spaces for a ***residential use*** exceed 40 percent of the number of ***dwelling units***. In no case shall curb cuts for vehicular access be located on Fifth Avenue or Park Avenue or on a ***street*** within 50 feet of its intersection with the ***street line*** of Fifth Avenue or Park Avenue. No off-site ***accessory*** off-street parking facilities for any ***use*** shall be permitted within the Special District. All parking spaces ***accessory*** to ***residences*** shall be designed and operated exclusively for the long term storage of the private passenger motor vehicles used by the occupants of such ***residences***.

The parking requirements set forth in Sections [25-21](#), [25-31](#), [36-21](#) or [36-31](#) shall not apply to any ***development*** for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a ***street*** in conformity with the provisions of this Section.

Chapter 3 - Special Hudson Yards District (HY)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 3 - Special Hudson Yards District (HY)

93-00 - GENERAL PURPOSES

LAST AMENDED

4/14/2010

The “Special Hudson Yards District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to facilitate and guide the development of an environmentally beneficial, transit-oriented business and residence district by coordinating high density development with expanded mass transit facilities, extended and improved subway lines, improved pedestrian access to mass transit facilities, improved pedestrian circulation and avoidance of conflicts with vehicular traffic;
- (b) to control the impact of buildings on the access of light and air to the streets and avenues of the Hudson Yards area and the surrounding neighborhoods;
- (c) to provide an open space network comprised of public parks, public open space and public access areas through the establishment of a large-scale plan and other controls and incentives;
- (d) to preserve the pedestrian orientation of ground floor uses, and thus safeguard a traditional quality of the City;
- (e) to preserve the low- and medium-scale residential character of the Hell’s Kitchen area;
- (f) to provide a transition between the Hudson Yards District and the Clinton community to the north;
- (g) to provide a transition between the Hudson Yards District and the Garment Center to the east;
- (h) to provide a transition between the Hudson Yards District and the West Chelsea area to the south;
- (i) to promote the use of the Jacob K. Javits Convention Center to the west by creating an active and attractive business district that facilitates pedestrian access to the Center;
- (j) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms;
- (k) to provide a transition between the Hudson Yards District and the Hudson River to the west;

- (l) to facilitate the restoration and reuse of the High Line elevated rail line as an accessible, public open space through special height and setback regulations;
- (m) to promote the most desirable use of land and building development in accordance with the District Plan for the Hudson Yards and thus conserve the value of land and buildings and thereby protect the City's tax revenues; and
- (n) to limit the amount of off-street parking based on regulations that address the anticipated needs of residents, workers and visitors to the Hudson Yards Area, consistent with the objective of creating an area with a transit- and pedestrian-oriented neighborhood character.

93-01 - Definitions

LAST AMENDED
12/20/2018

ERY Culture, Festival and Exhibit Facility

An "ERY Culture, Festival and Exhibit Facility" is a **use**, operated by a not-for-profit entity, that comprises changing, non-permanent exhibits, events, expositions, presentations, festivals and fairs related to any or all of the following: visual arts, performing arts, culinary arts, literature, journalism, crafts, fashion and design, or any similar artistic activity. No trade shows shall be permitted unless they are related to one of such activities. Any **building** in which an **ERY Culture, Festival and Exhibit Facility** is located may include a moveable portion that may be extended and retracted to cover all or a portion of the Culture Facility Plaza described in Section [93-71](#), paragraph (j).

ERY High Line

For the purpose of this Chapter, the **ERY High Line** shall refer to the portion of the **High Line** between the western **street line** of Tenth Avenue and the western **street line** of Eleventh Avenue north of West 30th Street.

High Line

For the purpose of this Chapter, the "High Line" shall refer to the elevated rail line structure located between Gansevoort Street and West 34th Street in the north-south direction, and between Washington Street and Twelfth Avenue in the east-west direction.

High Line bed

The “High Line bed” is the highest level of the horizontal surface (platform) of the elevated rail line structure of the **High Line**.

High Line Landscape Improvement Deposit

For the purpose of this Chapter, the **High Line Landscape Improvement Deposit** shall be in the amount of \$18,214,507 for the **ERY High Line** and, if the **Tenth Avenue Spur** is provided as a public access area pursuant to Section [93-71](#), in the amount of \$23,200,228, as adjusted by changes in the construction cost index published by the Engineering News-Record (ENR) for New York City, commencing as of January 2012. Payment of the **High Line Landscape Improvement Deposit** shall be in the form of cash or other form of immediately available funds. The **High Line Landscape Improvement Deposit** shall be held by the City, or an instrumentality of the City, as the Chairperson of the City Planning Commission shall designate, and shall be applied exclusively to the improvement for public use of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**.

High Line Maintenance Funding

For the purpose of this Chapter, **High Line Maintenance Funding** shall mean funding sufficient for the maintenance and ordinary repair of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, in an amount acceptable to the City, as adjusted on an annual basis.

High Line Rehabilitation Deposit

For the purpose of this Chapter, the **High Line Rehabilitation Deposit** shall be in the amount of \$9,580,763 for the **ERY High Line** and, if the **Tenth Avenue Spur** is provided as a public access area pursuant to Section [93-71](#), in the amount of \$12,203,234, as adjusted by changes in the construction cost index published by the ENR for New York City commencing as of January, 2012. Payment of the **High Line Rehabilitation Deposit** shall be in the form of cash or other form of immediately available funds if plans and specifications for rehabilitation of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, have been substantially completed as of the time the **High Line Rehabilitation Deposit** is required, and if such plans and specifications have not been substantially completed at the time the **High Line Rehabilitation Deposit** is required, in the form of cash or a cash equivalent, such as a letter of credit, in a form acceptable to the City. The **High Line Rehabilitation Deposit** shall be held by the City, or an instrumentality of the City, as the Chairperson of the City Planning Commission shall designate, and shall be applied exclusively to the rehabilitation of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**.

Hudson Yards District Improvement Fund

The “Hudson Yards District Improvement Fund” (the “Fund”) shall be an account of the Hudson Yards Infrastructure Corporation (the “Corporation”). The Fund shall be owned for all purposes by the Corporation and may be used for any corporate purpose of the Corporation, including its pledge, assignment or sale in furtherance of any financing by the Corporation in support of district improvements in the **Hudson Yards Redevelopment Area**. The Corporation, as owner for all purposes of the Fund, will manage the Fund in furtherance of the purposes of the Corporation.

Hudson Yards Redevelopment Area

The “Hudson Yards Redevelopment Area” shall be the areas within the **Special Hudson Yards District**, Subdistrict A-2 of the **Special Garment Center District**, the 42nd Street Perimeter Area of the **Special Clinton District**, and the area bounded by the center line of Eleventh Avenue, the northern **street line** of West 43rd Street, the westerly prolongation of the northern **street line** of West 43rd Street to the U.S. Pierhead Line, the U.S. Pierhead Line, the westerly prolongation of the southern **street line** of West 29th Street to the U.S. Pierhead Line, and the southern **street line** of West 29th Street. However, the area bounded by the westerly side of Eleventh Avenue, the southerly side of West 43rd Street, the westerly side of Twelfth Avenue and the northerly side of West 33rd Street shall not be included in the **Hudson Yards Redevelopment Area**, except for any portion of such **blocks** containing a transit easement for subway-related use. Furthermore, the **Hudson Yards Redevelopment Area** shall not include any underground connections from a subway station to any **use** located on such excluded **blocks** or between any such **uses**.

Phase 2 Hudson Boulevard and Park

The “Phase 2 Hudson Boulevard and Park” is the area within the **Special Hudson Yards District** bounded on the north by the center line of West 39th Street, on the east by the eastern boundary of the park located between West 38th and West 39th Streets and the eastern **street line** of Hudson Boulevard East, on the south by the center line of West 36th Street, and on the west by the western **street line** of Hudson Boulevard West and the western boundary of the park located between West 38th and West 39th Streets, as shown on Map 1 (Special Hudson Yards District, Subdistricts and Subareas) in Appendix A of this Chapter.

Tenth Avenue Spur

For the purpose of this Chapter, the **Tenth Avenue Spur** shall refer to the portion of the **High Line** above the intersection of Tenth Avenue and West 30th Street.

93-02 - General Provisions

LAST AMENDED
10/10/2013

The provisions of this Chapter shall apply within the ***Special Hudson Yards District***. The regulations of all other chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in ***flood zones***, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

93-03 - District Plan and Maps

LAST AMENDED
4/29/2014

The regulations of this Chapter are designed to implement the ***Special Hudson Yards District Plan***.

The District Plan includes the following six maps in Appendix A of this Chapter:

- Map 1 Special Hudson Yards District, Subdistricts and Subareas
- Map 2 Mandatory Ground Floor Retail
- Map 3 Mandatory Street Wall Requirements
- Map 4 Mandatory Sidewalk Widening
- Map 5 Transit Facilities
- Map 6 Sites Where Special Parking Regulations Apply

Subdistrict Plans include the following five maps in Appendix B of this Chapter:

- Map 1 Subdistrict B: 450 West 33rd Street and Ninth Avenue Rail Yard Public Access Area Plan
- Map 2 Subdistrict F: Site Plan
- Map 3 Subdistrict F: Public Access Area Plan
- Map 4 Subdistrict F: Mandatory Ground Floor Requirements
- Map 5 Subdistrict F: Mandatory Street Wall Requirements

The Maps are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

93-04 - Subdistricts and Subareas

LAST AMENDED
4/29/2014

In order to carry out the provisions of this Chapter, six subdistricts are established, as follows:

Large-Scale Plan Subdistrict A

Farley Corridor Subdistrict B

34th Street Corridor Subdistrict C

Hell's Kitchen Subdistrict D

South of Port Authority Subdistrict E

Western Rail Yard Subdistrict F

In each of these subdistricts, certain special regulations apply which do not apply within the remainder of the ***Special Hudson Yards District***. Within certain subdistricts, subareas are established, as follows:

Within the Large-Scale Plan Subdistrict A:

Eastern Rail Yard Subarea A1

Four Corners Subarea A2

Subarea A3

Subarea A4

Subarea A5

Within Farley Corridor Subdistrict B:

Western Blocks Subarea B1

Central Blocks Subarea B2

Farley Post Office Subarea B3

Pennsylvania Station Subarea B4

Within Hell's Kitchen Subdistrict D:

Subarea D1

Subarea D2

Subarea D3

Subarea D4

Subarea D5

Within these subareas, certain special regulations apply which do not apply within the remainder of the subdistrict.

The subdistricts and subareas are outlined on Map 1 (Special Hudson Yards District, Subdistricts and Subareas) in Appendix A of this Chapter. Additional requirements for specific subdistricts, or portions thereof, are outlined in Appendix B of this Chapter.

93-05 - Applicability of District Regulations

LAST AMENDED
1/19/2005

93-051 - Applicability of Article I, Chapter 1

LAST AMENDED
3/28/2012

Within the **Hudson Yards Redevelopment Area**, Section [11-332](#) (Extension of period to complete construction) shall apply, except that notwithstanding the provisions of paragraph (a) of such Section, in the event that other construction for which a building permit has been lawfully issued and for which construction has been commenced but not completed on January 19, 2005, such other construction may be continued provided that the construction is completed and a temporary or permanent certificate of occupancy is obtained not later than January 19, 2006.

93-052 - Applicability of Article I, Chapter 3

LAST AMENDED
5/8/2013

Public parking lots authorized prior to January 19, 2005, and **accessory** off-street parking facilities for which a special permit has been granted prior to January 19, 2005, may be renewed subject to the terms of such authorization or special permit.

The provisions of Article I, Chapter 3, in their entirety shall be applied to Subdistrict F. The following provisions of Article I, Chapter 3, governing **automated parking facilities**, as defined in Section [13-02](#), automobile rental establishments, commercial vehicle parking, and off-street loading berths shall apply to Subdistricts A, B, C, D and E, as applicable:

- (a) for **automated parking facilities**, the provisions of Section [13-101](#) (Calculating parking spaces in automated parking facilities), paragraph (b) of Section [13-25](#) (Reservoir Spaces), and paragraph (b) of Section [13-27](#) (Minimum and Maximum Size of Parking

Facilities);

- (b) for automobile rental establishments, the provisions of Section [13-15](#) (Permitted Parking for Automobile Rental Establishments), paragraph (b) of Section [13-221](#) (Enclosure and screening requirements), Section [13-241](#) (Location of curb cuts), paragraph (b) of Section [13-242](#) (Maximum width of curb cuts), paragraph (c) of Section [13-25](#), and paragraph (c) of Section [13-27](#);
- (c) for commercial vehicle parking, the provisions of Section [13-16](#) (Permitted Parking for Car Sharing Vehicles and Commercial Vehicles); and
- (d) for off-street loading berths, the provisions of Section [13-30](#), inclusive.

Additional provisions of Article I, Chapter 3, shall be applicable as specified in Section [93-80](#), inclusive.

93-053 - Applicability of Article VII, Chapter 3

LAST AMENDED
1/19/2005

The following special permits by the Board of Standards and Appeals shall not be applicable:

- Section [73-16](#) (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such **uses** shall be allowed within the **Special Hudson Yards District** upon authorization of the City Planning Commission pursuant to Section [93-18](#) (Authorization for Electrical Utility Substations)
- Section [73-62](#) (Modification of Bulk Regulations for Buildings Containing Residences)
- Section [73-63](#) (Enlargement of Non-residential Buildings)
- Section [73-64](#) (Modifications for Community Facility Uses).

93-054 - Applicability of Article VII, Chapter 4

LAST AMENDED
4/14/2010

- (a) The following special permits by the City Planning Commission shall not be applicable:

- Section [74-61](#) (Public Transit, Railroad or Electric Utility Substations) shall not apply to electrical utility substations. In lieu thereof, such **uses** shall be allowed within the **Special Hudson Yards District** upon authorization of the City Planning Commission pursuant to Section [93-18](#) (Authorization for Electrical Utility Substations)

- Section [74-68](#) (Development Within or Over a Right-of-way or Yards)
- Section [74-72](#) (Bulk Modification)
- Section [74-74](#) (Large-scale General Development) shall be inapplicable in the Large-scale Plan Subdistrict A
- Section [74-83](#) (Court Houses)
- Section [74-841](#) (Development in certain Commercial Districts)
- Section [74-852](#) (Height and setback regulations for zoning lots divided by district boundaries)
- Section [74-87](#) (Covered Pedestrian Space)
- Section [74-91](#) (Modification of Public Plazas)
- Section [74-95](#) (Modifications of Housing Quality Special Permits).

(b) The following provisions regarding special permits by the City Planning Commission shall be applicable as modified:

- Section [74-52](#) (Parking Garages or Public Parking Lots in High Density Central Areas) shall be applicable to the renewal of City Planning Commission special permits for **public parking lots** and **public parking garages** granted prior to April 14, 2010.
- Section [74-79](#) (Transfer of Development Rights From Landmark Sites) shall apply, except that within the Pennsylvania Station Subarea B4 of the Farley Corridor Subdistrict B, such section shall be applicable only for a **development** or **enlargement** that has increased its permitted **floor area ratio** to 15.0 pursuant to Section [93-35](#) (Special Permit for Transit Bonus in Pennsylvania Station Subarea B4). Furthermore, the maximum amount of **floor area** that may be transferred from the **zoning lot** occupied by a landmark **building** may increase the maximum allowable **floor area ratio** within the Pennsylvania Station Subarea B4 to 19.5.
- Section [74-82](#) (Through Block Arcades) shall apply to any **development** or **enlargement** for which a **through block arcade** would not otherwise be permitted pursuant to this Chapter, except that no **floor area** bonus shall be permitted.

93-055 - Modification of use and bulk regulations for zoning lots bounding Hudson Boulevard Park

LAST AMENDED
9/4/2008

Where the **lot line** of a **zoning lot** coincides with the boundary of the **public parks** located between West 35th Street, Hudson Boulevard East, West 33rd Street and Eleventh Avenue, such **lot line** shall be considered to be the **street line** of Hudson Boulevard West for the purposes of applying all **use** and **bulk** regulations of this Resolution.

Where the **lot line** of a **zoning lot** coincides with the boundary of the **public park** located between West 39th Street, Tenth Avenue, West 38th Street and Eleventh Avenue, such **lot line** shall be considered to be the **street line** of Hudson Boulevard East and West, as applicable, for the purposes of applying all **use** and **bulk** regulations of this Resolution.

93-06 - Declaration of Restrictions in Subdistrict F

LAST AMENDED
12/21/2009

No building permit shall be issued for any **development** or **enlargement** within Subdistrict F unless a declaration of restrictions, in substantially the form reviewed by the City Planning Commission pursuant to CEQR No. 09DCP007M and referenced in and made an exhibit to the findings of the Commission pursuant to 6 NYCRR Section 617.11 in connection with its adoption of the regulations of this Chapter and as modified by the City Council, applicable to Subdistrict F (as such declaration may be revised prior to filing and recordation in accordance with the provisions thereof applicable to amendments made subsequent to filing and recordation), shall have been filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against all property interests in Subdistrict F proposed for **development** or **enlargement** pursuant to this Chapter.

93-10 - USE REGULATIONS

LAST AMENDED
5/31/2012

The **use** regulations of the underlying districts are modified as set forth in this Section, inclusive.

The only permitted change of **use** for the **High Line** shall be to provide publicly accessible open space in accordance with the provisions of Sections [93-71](#) (Public Access Areas in the Eastern Rail Yard Subarea A1) and [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F).

93-101 - ERY Culture, Festival and Exhibit Facility

LAST AMENDED
7/24/2013

For purposes of this Chapter, all references to **community facility**, **community facility use** or **uses** in Use Groups 3 or 4 in connection with Eastern Rail Yard Subarea A1 shall be deemed to include an **ERY Culture, Festival and Exhibit Facility**.

93-11 - Air Space Over a Railroad or Transit Right-of-way or Yard

LAST AMENDED
1/19/2005

The provisions for the use of air space over railroad or transit right-of-ways or yards set forth in Sections [22-41](#), [32-44](#) and [42-462](#) shall not apply. In lieu thereof, all **developments** or **enlargements** within such air space shall comply with the provisions of this Chapter.

93-12 - Special Residential Use Regulations

LAST AMENDED
1/19/2005

93-121 - Restrictions on residential use

LAST AMENDED
1/19/2005

No **residential use** shall be permitted within the Pennsylvania Station Subarea B4 of the Farley Corridor Subdistrict B.

93-122 - Certification for residential use in Subdistricts A, B and E

LAST AMENDED
7/20/2017

Within the Large-Scale Plan Subdistrict A, Subareas B1 and B2 of the Farley Corridor Subdistrict B, and the South of Port Authority Subdistrict E, **residential use** shall be permitted only upon certification of the Chairperson of the City Planning Commission that the **zoning lot** on which such **residential use** is located contains the minimum amount of **commercial floor area** required before **residential use** is allowed, as specified in Section [93-21](#) (Floor Area Regulations in the Large-Scale Plan Subdistrict A) or [93-22](#) (Floor Area Regulations in Subdistricts B, C, D, E and F), as applicable, and that for **zoning lots** in Subareas A2 through A5 of the Large-Scale Plan Subdistrict A, a certification pursuant to Section [93-34](#) (Distribution of Floor Area in the Large-Scale Plan Subdistrict A) has been made.

However, special regulations shall apply to **zoning lots** with phased development, as follows:

- (a) except as provided in paragraph (c) of this Section, for **zoning lots** with less than 69,000 square feet of **lot area**, the Chairperson shall allow for phased development, upon certification that a plan has been submitted whereby the ratio of **commercial floor area** to **residential floor area**, in **buildings** in each phase, is no smaller than the ratio of the minimum amount of **commercial floor area** required on the **zoning lot** before **residential use** is allowed, to the maximum **residential floor area** permitted on the **zoning lot** as specified in Section [93-21](#) or [93-22](#), as applicable;
- (b) for **zoning lots** with at least 69,000 square feet of **lot area**, the Chairperson shall allow for one or more **buildings** containing **residences** to be **developed** or **enlarged** without the minimum amount of **commercial floor area** required before **residential use** is allowed, as specified in Section [93-21](#) or [93-22](#), as applicable, upon certification that a plan has been submitted whereby one or more regularly shaped portions of the **zoning lot** with a minimum area of 50,000 square feet are reserved for future development of not more than two million square feet of **commercial floor area** on each such portion, and that, upon full development of such **zoning lot**, the ratio of **commercial floor area** to **residential floor area** shall be no smaller than the ratio of the minimum amount of **commercial floor area** required on the **zoning lot** before **residential use** is allowed, to the maximum **residential floor area** permitted on the **zoning lot**, as specified in Section [93-21](#) or [93-22](#), as applicable; and
- (c) for **zoning lots** with at least 55,000 square feet but less than 69,000 square feet of **lot area** within Subarea A3 of the Large-Scale Plan Subdistrict A, the Chairperson shall allow for one or more **buildings** containing **residences** to be **developed** or **enlarged** without the minimum amount of **commercial floor area** required before **residential use** is allowed, as specified in paragraph (a) of Section [93-21](#), upon certification that a plan has been submitted whereby one or more regularly shaped portions of the **zoning lot** with a minimum area of 35,000 square feet are reserved for future development, and that, upon full development of such **zoning lot**, the ratio of **commercial floor area** to **residential floor area** shall be no smaller than the ratio of the minimum amount of **commercial floor area** required on the **zoning lot** before **residential use** is allowed, to the maximum **residential floor area** permitted on the **zoning lot**, as specified in Section [93-21](#).

All **developments** or **enlargements** so certified shall be permitted only in accordance with the provisions of this Chapter.

93-123 - Location of residential use within buildings

LAST AMENDED
2/2/2011

The provisions of Section [32-422](#) (Location of floors occupied by commercial uses) are modified to permit **residential uses** on the same **story** as a **commercial use** provided no access exists between such **uses** at any level containing **dwelling units** and provided any **commercial uses** are not located directly over any **story** occupied in whole or in part by **dwelling units**. However,

such **commercial uses** may be located over such a **story** occupied by **dwelling units** by authorization of the City Planning Commission upon a finding that sufficient separation of **residential uses** from **commercial uses** exists within the **building**.

93-124 - Restrictions on conversions of residential use

LAST AMENDED
2/2/2011

In **Commercial Districts** mapped within R8A Districts, a **residential use** existing on December 21, 2005, within a **story** that has a floor level within five feet of **curb level**, may not be **converted** to a **commercial use**.

93-13 - Special Office Use Regulations

LAST AMENDED
1/19/2005

93-131 - Certification for office use

LAST AMENDED
2/2/2011

The provisions of this Section shall apply to all **developments** or **enlargements** in the **Hudson Yards Redevelopment Area**, with the exception of Subdistrict F.

- (a) No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a **development** or **enlargement** in the **Hudson Yards Redevelopment Area** that includes Use Group 6B offices **developed** or **enlarged** after January 19, 2005, until the Chairperson of the Department of City Planning certifies to the Commissioner of Buildings that:
- (1) such **development** or **enlargement** does not utilize any **floor area** increases pursuant to Sections [23-154](#) (Inclusionary Housing) or [96-25](#) (Floor Area Bonus for New Theater Use); or
 - (2) such **development** or **enlargement** utilizes **floor area** increases pursuant to Sections [23-154](#), [93-30](#) (SPECIAL FLOOR AREA REGULATIONS), inclusive, or [96-25](#), and will not result in a total amount of Use Group 6B office **floor area developed** or **enlarged** after January 19, 2005, within the **Hudson Yards Redevelopment Area** of over 20 million square feet.

All **developments** or **enlargements** so certified shall be permitted in accordance with the provisions of this Chapter, or the provisions of the **Special Clinton District** or the **Special Garment Center District**, as applicable.

- (b) Where the Chairperson of the Department of City Planning determines that the amount of office **floor area** in any **development** or **enlargement** will result in a total amount of Use Group 6B office **floor area developed** or **enlarged** after January 19, 2005, within the **Hudson Yards Redevelopment Area** of over 20 million square feet, no building permit from the Department of Buildings shall be issued for any **development** or **enlargement** that includes Use Group 6B offices constructed after January 19, 2005, until the Chairperson certifies to the Commissioner of Buildings that:
- (1) such **development** or **enlargement** does not utilize any **floor area** increases pursuant to Sections [23-154](#), [93-30](#), inclusive, or [96-25](#); or
 - (2) such **development** or **enlargement** utilizes **floor area** increases pursuant to Sections [23-154](#), [93-30](#), inclusive, or [96-25](#), and will not result in a total amount of Use Group 6B office **floor area developed** or **enlarged** after January 19, 2005, within the **Hudson Yards Redevelopment Area** of over 25 million square feet.

All **developments** or **enlargements** so certified shall be permitted in accordance with the provisions of this Chapter, or the provisions of the **Special Clinton District** or the **Special Garment Center District**, as applicable.

However, if such **developments** or **enlargements** fail to comply with the provisions of Section [11-331](#) with respect to completion of foundations within one year of the date of certification pursuant to this Section, such building permit shall lapse, and any new building permit will require a new Chairperson's certification pursuant to this Section.

- (c) Where the Chairperson of the Department of City Planning determines that the amount of office **floor area** in any **development** or **enlargement** will result in a total amount of Use Group 6B office **floor area developed** or **enlarged** after January 19, 2005, within the **Hudson Yards Redevelopment Area** of over 25 million square feet, and where such **development** or **enlargement** utilizes **floor area** increases pursuant to Sections [23-154](#), [93-30](#), inclusive, or [96-25](#), such **development** or **enlargement** shall be permitted only upon authorization of the City Planning Commission pursuant to Section 93-132.

However, no such authorization shall be required for **developments** or **enlargements** utilizing the Inclusionary Housing Program within the area bounded by West 35th Street, Eighth Avenue, West 33rd Street, and a line 100 feet east of and parallel to Ninth Avenue, or in the 42nd Street Perimeter Area of the **Special Clinton District**, where the total **floor area ratio** for such **developments** or **enlargements** does not exceed 12.0.

93-132 - Authorization for office use

The provisions of this Section shall apply to all **developments** or **enlargements** in the **Hudson Yards Redevelopment Area**, with the exception of Subdistrict F.

Where the amount of Use Group 6B office **floor area** in a **development** or **enlargement** will result in over 25 million square feet of such **use developed** or **enlarged** after January 19, 2005, within the **Hudson Yards Redevelopment Area**, and such **development** or **enlargement** utilizes increased **floor area** pursuant to Sections [23-154](#) (Inclusionary Housing), [93-30](#) (SPECIAL FLOOR AREA REGULATIONS), inclusive, or [96-25](#) (Floor Area Bonus for New Theater Use), such **development** or **enlargement** shall be permitted only upon authorization of the City Planning Commission that:

- (a) such **development** or **enlargement** will not require any significant additions to the supporting services of the neighborhood or that provisions for adequate supporting services have been made;
- (b) the **streets** providing access to the **development** or **enlargement** are adequate to handle the traffic generated thereby or provisions have been made to handle such traffic; and
- (c) such **development** or **enlargement** is consistent with the goals of the applicable special district.

93-14 - Ground Floor Level Requirements

LAST AMENDED
5/29/2019

The following provisions relating to retail continuity and transparency requirements shall apply to all subdistricts in the **Special Hudson Yards District**, except that the provisions of this Section shall not apply along the northern **street** frontage of West 35th through West 39th Streets within 100 feet of Eleventh Avenue, as shown on Map 2 (Mandatory Ground Floor Retail) in Appendix A of this Chapter. However, any **zoning lot** fronting on such **streets** and partially within 100 feet of Eleventh Avenue may, as an alternative, apply the provisions of this Section to the entire West 35th, West 36th, West 37th, West 38th or West 39th Street frontage of the **zoning lot**.

- (a) Retail continuity along designated streets in Subdistricts A, B, C, D and E

Map 2 in Appendix A of this Chapter specifies locations where the special ground floor **use** and transparency requirements of this Section apply. Such regulations shall apply along either 100 percent or 50 percent of the **building's street** frontage, as indicated on Map 2.

Uses within **stories** that have a floor level within five feet of **curb level** shall be limited to **commercial uses** permitted by the underlying district, not including **uses** listed in Use Groups 6B, 6E, 7C, 7D, 8C, 8D, 9B, 10B, 11 or 12D. Such **uses** shall comply with the minimum depth provisions of Section [37-32](#) (Ground Floor Depth Requirements for

Certain Uses).

A **building's street** frontage shall be allocated exclusively to such **uses**, except for lobby space, entryways, entrances to subway stations, other subway-related **uses** as described in Section [93-65](#) (Transit Facilities), or within the Eastern Rail Yard Subarea A1 where such retail continuity requirements are applicable to **building** walls facing certain public access areas, pursuant to Section [93-71](#), as follows:

- (1) for **building** walls facing the outdoor plaza described in Section [93-71](#), paragraph (b): the through block connection described in Section [93-71](#), paragraph (d), and the connection to the public plaza described in Section [93-71](#), paragraph (e);
- (2) for **building** walls facing the through block connection described in Section [93-71](#), paragraph (d): the outdoor plaza described in Section [93-71](#), paragraph (b);
- (3) for **building** walls facing the connection to the **public plaza** described in Section [93-71](#), paragraph (e): the outdoor plaza described in Section [93-71](#), paragraph (b) and the public plaza described in Section [93-71](#), paragraph (c); or
- (4) a combination of retail **uses** and public access areas so as to satisfy such depth requirement for retail continuity.

The length of **street** frontage (exclusive of any portion of such **street** frontage allocated to entrances to subway stations and other subway-related **uses**) occupied by lobby space or entryways shall comply with the applicable provisions for Type 2 lobbies in Section [37-33](#) (Maximum Width of Certain Uses), except that within the Eastern Rail Yard Subarea A1, where the width of a lobby located on a **building** wall facing the eastern boundary of the outdoor plaza may occupy 120 feet or 25 percent of such **building** wall, whichever is less, and within the Four Corners Subarea A2 of the Large-Scale Plan Subdistrict A, for a **development** occupying a full **block** with frontage on Hudson Boulevard East and Tenth Avenue and having two million or more square feet of **floor area**, the width of lobbies located on the Hudson Boulevard East **street** frontage or the Tenth Avenue **street** frontage may occupy up to 70 feet of the **building** wall width of the **building** located on each such frontage.

(b) Retail continuity along designated streets in Subdistrict F

Map 4 (Subdistrict F: Mandatory Ground Floor Requirements) in Appendix B specifies locations where the special ground floor **use** and transparency requirements of this Section apply. Such regulations shall apply along either 100 percent or 70 percent of the **building's street** frontage, as indicated for each location on Map 4.

(1) Along Eleventh Avenue

The ground floor retail provisions established in paragraph (a) of this Section shall apply to the ground floor **street** frontage of **buildings** along Eleventh

Avenue. In addition, if a **street** frontage is occupied by a bank, as listed in Use Group 6, such a **street** frontage shall not exceed a **street wall** width, in total, of 25 feet.

(2) Along designated streets other than Eleventh Avenue

In addition to the **uses** listed in paragraph (a) of this Section, the following **community facility uses** from Use Groups 3 and 4 as well as the following **commercial use** from Use Group 6B shall be permitted within a **story** that has a floor level within five feet of **curb level** for frontages along designated **streets**, as shown on Map 4, other than Eleventh Avenue.

From Use Group 3:

Art galleries, non-commercial

Libraries

Museums

Nursery, kindergarten, elementary or secondary **schools** (with no living or sleeping accommodations)

From Use Group 4:

Ambulatory diagnostic and treatment health care facilities

Community centers

Houses of worship

Recreation centers, non-commercial

From Use Group 6B:

Veterinary medicine, limited to small animals.

A minimum of 70 percent of the **aggregate width of street wall** shall be occupied by **uses** permitted in this Section. A minimum of 50 percent of the **street** frontage of a **building** shall be allocated exclusively to **uses** listed in paragraph (a) and Use Group 3 **uses** listed in this paragraph, (b)(2). In addition, a maximum of 20 percent of the **street** frontage of a **building** shall be permitted to provide the Use Group 4 and 6B **uses** listed in this paragraph, (b)(2). However, if a **street** frontage is occupied by a bank, as listed in Use Group 6, such **street** frontage shall not exceed a **street wall** width, in total, of 25 feet.

The remaining portion of the **street wall** may be occupied by **uses** listed in this Section, or by lobby space, mechanical space or entrances to **accessory** parking garages,

provided that:

- (i) the maximum width of a single lobby frontage shall comply with the provisions for Type 2 lobbies set forth in Section [37-33](#). A maximum of two such lobbies shall be permitted along a single **street wall** frontage, provided that the minimum distance between such lobbies shall not be less than 120 feet; and
 - (ii) the maximum width of a **street wall** occupied by an entrance to **accessory** parking spaces shall not exceed 35 feet.
- (c) Transparency requirements along designated streets in Subdistricts A, B, C, D, E and F

For any **development** or ground floor **enlargement** fronting on **streets** designated on Map 2 in Appendix A of this Chapter, glazing shall be provided in accordance with the provisions set forth in paragraph (c) of this Section.

Each ground floor level **street wall** of a **commercial** or **community facility use**, as set forth in this Section, shall be glazed in accordance with Section [37-34](#) (Minimum Transparency Requirements).

For **developments** or **enlargements** fronting upon Hudson Boulevard that are adjacent to existing **buildings** located within the Hudson Boulevard **street** bed or **public park**, the Hudson Boulevard **street wall** of such **development** or **enlargement** shall be designed in a manner that will enable the glazing requirements of this Section to be met upon demolition of the **buildings** within such **street** bed or **public park** and, within six months of such demolition, such glazing requirements shall be complied with.

- (d) Non-transparent walls within Subdistrict F

Within Subdistrict F, any non-transparent area of a new or existing wall with a width in excess of 40 feet and a height in excess of five feet fronting upon a public sidewalk or publicly accessible open space shall be treated with a decorative element or material or shall be screened with planting so as to provide visual relief. Such screening or decorative treatment shall be required to a height of 15 feet above the level of the public sidewalk or publicly accessible open space, or the height of the wall, whichever is less.

93-141 - Certification to modify ground floor level requirements in Subdistrict F

LAST AMENDED
12/21/2009

Within Subdistrict F, the Chairperson of the City Planning Commission may modify the ground floor level requirements of paragraphs (b), (c) and (d) of Section [93-14](#) (Ground Floor Level Requirements), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is the minimum necessary to accommodate the ventilation requirements of the below-grade rail operations. Any application for such change shall include a mechanical plan

that conveys the extent of the needs and required modifications, as well as a letter from the Metropolitan Transportation Authority describing the needs for such modifications.

93-15 - Public Parking Facilities

LAST AMENDED
2/2/2011

In C2-5, C2-8 and C6 Districts, the provisions of Sections [32-17](#) (Use Group 8) and [32-21](#) (Use Group 12) with respect to **public parking garages** and **public parking lots** are inapplicable and are superseded by the provisions of Section [93-80](#) (OFF-STREET PARKING REGULATIONS).

93-16 - Modification of Sign Regulations

LAST AMENDED
4/14/2010

(a) Subdistricts A, B, C, D and E

Within Subdistricts A, B, C, D and E, the underlying **sign** regulations shall apply, except that **flashing signs** shall not be allowed within 100 feet of Hudson Boulevard, its northerly prolongation to West 39th Street and its southerly prolongation to West 33rd Street. Within the Pennsylvania Station Subarea B4, the provisions of Section [93-161](#) (Special permit for signs within the Pennsylvania Station Subarea) shall apply. The following modifications to the underlying **sign** regulations shall apply in the Eastern Rail Yard Subarea A1:

- (1) **Flashing signs** shall not be allowed on any portion of a **building** fronting upon the outdoor plaza required pursuant to Section [93-71](#).
- (2) For **signs** facing Tenth Avenue, or on a portion of a **building** within 100 feet of Tenth Avenue, in addition to **signs** permitted under the underlying **sign** regulations:
 - (i) up to four **signs** may exceed the maximum height limitations of the underlying **sign** regulations, provided that no such **sign** exceeds 95 feet in height; and
 - (ii) up to five **signs** may be located without regard to the maximum **surface area** limitations of the underlying **sign** regulations, provided that:
 - (a) the aggregate **surface area** of such **signs** does not exceed 4,400 square feet; and
 - (b) each such **sign** shall have a maximum **surface area** of 650 square feet, except for one **sign** that may have a maximum

surface area of 1,800 square feet.

Any **sign** which exceeds the maximum height permitted by the underlying sign regulations shall direct attention to no more than one business conducted on the **zoning lot** and no such **signs** shall be **flashing signs**. Additionally, no more than two of the additional **signs** permitted under this paragraph (a)(2), if located below the maximum height permitted by the underlying **sign** regulations, shall be **flashing signs**.

Erection of one or both of the additional **flashing signs** permitted under this paragraph (a)(2) shall be conditioned upon and subject to additional limitations upon flashing effects for all **flashing signs** located on a **building** wall facing Tenth Avenue or on a **building** wall within 100 feet of Tenth Avenue, as prescribed by the City Planning Commission pursuant to a restrictive declaration. Recordation of such restrictive declaration in the Office of the Register and compliance with the terms thereof with respect to any previously erected **flashing signs** permitted under the underlying **sign** regulations shall be a precondition to the issuance of permits by the Commissioner of Buildings for an additional **flashing sign** permitted under this paragraph.

- (3) Along the **ERY High Line**, the **sign** regulations as set forth in Section [93-16](#), paragraph (b)(1), shall apply. In addition, no **flashing signs** above the level of the **High Line bed** shall be located within 150 feet of and facing the **ERY High Line**.
- (4) For an **ERY Culture, Festival and Exhibit Facility**, the total **surface area** of all permitted **signs** and banners shall be as set forth in this paragraph, (a)(4). The maximum aggregate **surface area** of all **signs** shall not exceed 2,700 square feet. **Signs**, other than banners, facing the outdoor plaza, as described in Section [93-71](#), paragraph (b), shall not exceed a maximum aggregate **surface area** of 200 square feet; **signs** facing the connection to the High Line, as described in Section [93-71](#), paragraph (f), shall not exceed a maximum aggregate **surface area** of 200 square feet; and **signs** facing West 30th Street shall not exceed a maximum aggregate **surface area** of 1,700 square feet. A maximum of 600 square feet of **signs** in the form of banners are permitted facing or within the outdoor plaza. No **sign** shall exceed a height of 30 feet above the level of the Culture Facility Plaza, as described in Section [93-71](#), paragraph (j) and no **signs** facing West 30th Street shall be located at a height above the **High Line**. Banners located within the outdoor plaza may be installed on one or two poles located not less than 13 feet from an **ERY Culture, Festival and Exhibit Facility**. The bottom of any such banner shall be located at least 10 feet above the bottom of the pole. Any **sign** that exceeds 300 square feet of **surface area** shall be non-**illuminated** or a **sign with indirect illumination**.

For the purposes of calculating the permitted **surface area** of a **sign**, each site set forth on Map 2 (Subdistrict F: Site Plan) in Appendix B shall be considered a separate **zoning lot**.

(1) Along the **High Line**

The **sign** regulations of the underlying districts shall not apply to **signs** located within 50 feet of the **High Line**, except for **signs** located entirely below the level of the **High Line bed**. In lieu thereof, the **sign** regulations of a C1 District shall apply, except that **accessory signs** located within the **High Line** frontage may have a maximum height of 20 feet above the level of the **High Line bed**.

No **signs** affixed to or resting upon the **High Line** shall be permitted, except as pursuant to a signage plan for the **High Line**, as authorized by the City Planning Commission, provided the Commission finds that such signage plan will:

- (i) enhance the use of the **High Line** by providing signage that is consistent with the use of the **High Line** as a public open space;
- (ii) provide, at a minimum, directional, informational and interpretive signage consistent with the use of the **High Line** as a public open space;
- (iii) be integrated with the design of the **High Line** open space; and
- (iv) not adversely affect development adjacent to the **High Line** and in the surrounding neighborhood.

(2) Other locations

Within Subdistrict F, the underlying **sign** regulations shall apply for **signs** located beyond 50 feet of the **High Line**, and for portions of **signs** located entirely below the level of the **High Line bed** along West 30th Street. However, **flashing signs** shall not be permitted in Subdistrict F, except along frontages within 200 feet of the intersection of the West 33rd Street and Eleventh Avenue **street lines**.

93-161 - Special permit for signs within the Pennsylvania Station Subarea

LAST AMENDED 3/22/2016

For an arena permitted pursuant to Section [74-41](#) within Pennsylvania Station Subarea B4, the City Planning Commission may, by special permit, modify the applicable provisions of Sections [32-63](#) (Permitted Advertising Signs) to allow advertising **signs**, [32-64](#) (Surface Area and

Illumination Provisions) to allow increased **surface area** along specified **streets** and [32-65](#) (Permitted Projection or Height of Signs), provided such **signs** comply with the conditions of paragraph (a) and the findings of paragraph (b) of this Section, as follows:

(a) Conditions

- (1) no **sign** shall extend to a height greater than 85 feet above **curb level** ;
- (2) all **signs** located below a height of 12 feet above **curb level** shall be limited in location and aggregate **surface area** to 550 square feet on the West 31st Street frontage of Subarea B4, 250 square feet on the West 33rd Street frontage of Subarea B4 and 850 square feet on the Eighth Avenue frontage of Subarea B4; and
- (3) all **signs** located above a height of 12 feet above **curb level** shall be limited in location and aggregate **surface area** to 5,500 square feet within the **through lot** fronting on Eighth Avenue, 3,000 square feet within each **corner lot** fronting on Eighth Avenue, 3,000 square feet within the **through lot** portion of the West 31st Street frontage of Subarea B4 and 3,000 square feet within the **through lot** portion of the West 33rd Street frontage of Subarea B4.

- (b) The Commission shall find that the location and placement of such **signs** is appropriate in the relationship to **buildings** and **uses** on the **zoning lot** and to adjacent open areas, and would be compatible with the character of the arena site, including its use as an entryway to Pennsylvania Station, and of the surrounding area.

For purposes of calculating the height of any **sign** permitted pursuant to this Section, **curb level** shall be defined as 30.755 feet above Manhattan datum.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on the number, size and location of arena **signs** permitted pursuant to the district regulations.

93-17 - Non-conforming Uses in Large-Scale Plan Subdistrict A

LAST AMENDED
4/29/2014

In the Large-Scale Plan Subdistrict A, for a period of not more than 10 years after January 19, 2005, existing automobile repair establishments listed in Use Group 16 of Section [32-25](#) that were conforming prior to January 19, 2005, may be **enlarged**, provided that the **floor area ratio** of any such establishment, including any **enlargement** pursuant to this Section, does not exceed 5.0.

93-18 - Authorization for Electrical Utility Substations

LAST AMENDED

1/19/2005

Electrical utility substations shall be allowed in the ***Special Hudson Yards District*** in order to serve the needs of the Special District, and the regulations thereof shall be modified as necessary to accommodate the operational needs of the substation, upon authorization of the City Planning Commission which shall be issued upon finding, with respect to a proposed site, that:

- (a) to the extent reasonably permitted by the operational needs of the substation, the architectural and landscaping treatment of such ***use*** will blend harmoniously with the abutting area; and
- (b) if the site proposed for such ***use*** is Subareas D4 or D5 of the Hell's Kitchen Subdistrict D of the ***Special Hudson Yards District***, that there are difficulties in locating such ***use*** in other Subdistricts of the ***Special Hudson Yards District***.

The Commission may, consistent with cost-effective operations and capital planning, and the operational needs of the substation, prescribe appropriate conditions and safeguards on matters necessary to effectuate the provisions of paragraph (a) of this Section which are not regulated by other applicable codes, laws, rules or regulations. The applicant shall provide the Department of City Planning with a general description of such codes, laws, rules or regulations and a certification that the proposed substations shall comply therewith.

93-20 - FLOOR AREA REGULATIONS

LAST AMENDED
2/2/2011

The ***floor area*** regulations of this Section, inclusive, shall apply to ***zoning lots***.

93-21 - Floor Area Regulations in the Large-Scale Plan Subdistrict A

LAST AMENDED
7/24/2013

In the Large-Scale Plan Subdistrict A, the ***floor area*** provisions of this Section shall apply.

- (a) Subareas A2 through A5

In Subareas A2 through A5, the basic maximum permitted ***floor area ratio*** shall be as specified in Row A in the table in this Section. Such ***floor area ratio*** may be increased to the maximum amount specified in Row B in the table, pursuant to Section [93-31](#) (District Improvement Fund Bonus) or the transfer of ***floor area*** or increase in the amount of ***floor area*** from the ***Phase 2 Hudson Boulevard and Park*** pursuant to Sections [93-32](#) or [93-33](#). For ***zoning lots*** that have maximized their permitted ***floor area*** through such ***floor area*** bonus or transfer provisions, the permitted ***floor area*** may

be further increased to the maximum amount specified in Row C in the table through the distribution of **floor area** from the Eastern Rail Yard Subarea A1, pursuant to Section [93-34](#). **Residential use** shall only be permitted on a **zoning lot** with a non-**residential floor area ratio**, as follows, or as provided for phased developments pursuant to Section [93-122](#) (Certification for residential use in Subdistricts A, B and E):

- (1) 18.0 or more in Subareas A2 and A3
- (2) 15.6 or more in Subarea A4
- (3) 14.0 or more in Subarea A5.

MAXIMUM PERMITTED FLOOR AREA RATIO WITHIN SUBAREAS A2 THROUGH A5

	Subarea A2	Subarea A3	Subarea A4	Subarea A5
ROW A	10.0 total	10.0 total	10.0 total	10.0 total
Basic maximum floor area ratio (FAR)	10.0 C 2.0 CF	10.0 C 2.0 CF	10.0 C 2.0 CF	10.0 C 2.0 CF
ROW B	18.0 total	18.0 total	18.0 total	18.0 total

C = Commercial FAR

CF = Community Facility FAR

R = Residential FAR

(b) Eastern Rail Yard Subarea A1

The Eastern Rail Yard Subarea A1 shall generate a maximum **floor area ratio** of 19.0. The maximum **floor area ratio** for **commercial use** shall be 19.0, the maximum **floor area ratio** for **residential use** shall be 3.0, and the maximum **floor area ratio** for **community facility use** shall be 2.0. In order to promote a superior site plan, the amount of **floor area** permitted in the subarea shall be limited, and unused **floor area** may be distributed as follows:

- (1) The maximum **floor area ratio** for any **zoning lot** in the subarea shall be 11.0. The maximum **floor area ratio** for **commercial use** shall be 9.0, the maximum **floor area ratio** for **community facility use** shall be 2.0, and the maximum **floor area ratio** for **residential use** shall be 3.0. **Residential use** shall only be permitted on a **zoning lot** with a non-**residential floor area ratio** of 8.0 or more, or as provided for phased developments pursuant to Section [93-122](#) (Certification for residential use in Subdistricts A, B and E).

Any floor space occupied by an **ERY Culture, Festival and Exhibit Facility**, including any floor space **accessory** thereto, that is located below the elevation of the Culture Shed Plaza described in Section [93-71](#), paragraph (j), within the moveable portion that may be extended and retracted to cover and enclose all or any portion of the Culture Facility Plaza, or within a portion of a **building** that contains **residential use** and is not designed to house such moveable portion, shall be exempt from the definition of **floor area** for the purposes of calculating the permitted **floor area ratio** for **community facility uses** and the total maximum **floor area ratio** of the **zoning lot**. In addition, in a **building** containing both **residential use** and an **ERY Culture, Festival and Exhibit Facility**, any floor space occupied by elevator shafts, structural systems or stairwells serving the **residential use** that is either located on any **story** occupied entirely by the **ERY Culture, Festival and Exhibit Facility**, except for such elevator shafts, structural systems, and stairwells, or is located on a **story** occupied in part by the **ERY Culture, Festival and Exhibit Facility** where such elevator shaft or stairwell is not accessible for **residential use** on such **story** except for emergency egress, shall be exempt from the definition of **floor area** for the purposes of calculating the permitted **floor area ratio** for **residential uses** and the total maximum **floor area ratio** of the **zoning lot**.

For a **building**, or portion of a **building**, containing **residential use** that is located adjacent to the **ERY High Line**, any floor space used for storage, restrooms, maintenance facilities or other support space for the **ERY High Line** shall be exempt from the definition of **floor area** for the purposes of calculating the permitted **floor area ratio** for **residential** or **community facility uses** and the total maximum **floor area ratio** of the **zoning lot**.

- (2) Unused **floor area** may be distributed to **zoning lots** in Subareas A2 through A5 pursuant to Section [93-34](#), provided the total amount of distributed **floor area**

does not exceed an amount equal to the **lot area** of the Eastern Rail Yard Subarea A1 multiplied by 10.0. Furthermore, the total **floor area** distributed to Subarea A2 shall not exceed 3,238,000 square feet.

(c) **Phase 2 Hudson Boulevard and Park**

For **zoning lots** or portions of **zoning lots** in the **Phase 2 Hudson Boulevard and Park**, the provisions of Section [93-32](#) (Floor Area Regulations in the Phase 2 Hudson Boulevard and Park) and [93-33](#) (Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park) shall apply.

Notwithstanding the provisions of this Section, the basic maximum permitted **floor area ratio** may be increased on an “adjacent lot” pursuant to Section [74-79](#) (Transfer of Development Rights From Landmark Sites), provided that the maximum **floor area** transferred from the landmark lot does not exceed the basic maximum permitted **floor area ratio** less the total **floor area** of all **buildings** on the landmark lot.

93-22 - Floor Area Regulations in Subdistricts B, C, D, E and F

LAST AMENDED
2/2/2011

(a) Subdistricts B, C, D and E

In Subdistricts B, C, D and E, the basic maximum **floor area ratio** is determined by the subdistrict and, where applicable, subarea, as specified in the table in this Section. The basic maximum **floor area ratios** for **non-residential buildings** are set forth in Row A, and the basic maximum **floor area ratios** for **buildings** containing **residences** are set forth in Row B. Such basic maximum **floor area ratios** may be increased to the amount specified in Row C only pursuant to Section [93-31](#) (District Improvement Fund Bonus) or as otherwise specified in Sections [93-221](#) through 93-224.

For a **zoning lot** with more than one **building**, the basic maximum **floor area ratios** set forth in Row A shall apply, provided that any **building** that is **developed** or **enlarged** after January 19, 2005, is wholly **non-residential**. If a **building** containing **residences** is **developed** or **enlarged** on such a **zoning lot** after January 19, 2005, the basic maximum **floor area ratios** set forth in Row B shall apply.

Notwithstanding the provisions of this Section, the basic maximum permitted **floor area ratio** may be increased on an “adjacent lot” pursuant to Section [74-79](#) (Transfer of Development Rights From Landmark Sites), provided that the maximum **floor area** transferred from the landmark lot does not exceed the basic maximum permitted **floor area ratio** less the total **floor area** of all **buildings** on the landmark lot.

(b) Subdistrict F

In Subdistrict F, the **floor area ratio** provisions of Section [93-225](#) (Floor area regulations in Subdistrict F) shall apply.

93-221 - Maximum floor area ratio in the Farley Corridor Subdistrict B

LAST AMENDED
4/29/2014

(a) Western Blocks Subarea B1

In the Western Blocks Subarea B1 of Farley Corridor Subdistrict B, **residential use** shall only be permitted on a **zoning lot** with a **commercial floor area ratio** of 12.0 or more, or as provided for phased developments in Section [93-122](#) (Certification for residential use in Subdistricts A, B and E).

(b) Central Blocks Subarea B2

In the Central Blocks Subarea B2 of Farley Corridor Subdistrict B, **residential use** shall only be permitted on a **zoning lot** with a **commercial floor area ratio** of 15.0 or more, or as provided for phased developments in Section [93-122](#).

(c) Farley Post Office Subarea B3

In the Farley Post Office Subarea B3 of Farley Corridor Subdistrict B, no **floor area** increases shall be permitted.

(d) Pennsylvania Station Subarea B4

In the Pennsylvania Station Subarea B4 of Farley Corridor Subdistrict B, any increase in the **floor area ratio** specified in Row A in the table in Section [93-22](#) shall be permitted only pursuant to Section [93-35](#) (Special Permit for Transit Bonus in Pennsylvania Station Subarea B4) and Section [74-79](#) (Transfer of Development Rights From Landmark Sites), as modified by paragraph (b) of Section [93-054](#) (Applicability of Article VII, Chapter 4).

(e) Transfer of **floor area**

Notwithstanding any other provision of this Resolution, **floor area** may not be transferred between a **zoning lot** located north of West 31st Street in the Western Blocks Subarea B1 and a **zoning lot** located north of West 31st Street in the Central Blocks Subarea B2.

93-222 - Maximum floor area ratio in the 34th Street Corridor Subdistrict C

LAST AMENDED
2/2/2011

In the 34th Street Corridor Subdistrict C, the basic maximum **floor area ratios** of **non-residential buildings** are set forth in Row A in the table in Section [93-22](#) and may be increased to the amount specified in Row C pursuant to Section [93-31](#) (District Improvement Fund Bonus). The basic maximum **floor area ratios** of any **building** containing **residences** are set forth in Row B.

The **floor area ratio** of any **building** containing **residences** may be increased from 6.5, pursuant to Sections [93-31](#) (District Improvement Fund Bonus) and [23-154](#) (Inclusionary Housing), as modified by Section [93-23](#) (Modifications of Inclusionary Housing Program), as follows:

- (a) the **residential floor area ratio** may be increased from 6.5 to a maximum of 12.0 only if for every five square feet of **floor area** increase, pursuant to Section [93-31](#), there is a **floor area** increase of six square feet, pursuant to Section [23-154](#), as modified by

Section [93-23](#); and

- (b) any **floor area** increase above a **floor area ratio** of 12.0 shall be only pursuant to Section [93-31](#).

93-223 - Maximum floor area ratio in Hell's Kitchen Subdistrict D

LAST AMENDED
2/2/2011

- (a) Subareas D1 and D2

In Subareas D1 and D2 of Hell's Kitchen Subdistrict D, the basic maximum **floor area ratios** of **non-residential buildings** are set forth in Row A in the table in Section [93-22](#) and may be increased to the amount specified in Row C pursuant to Section [93-31](#) (District Improvement Fund Bonus) or through the transfer of **floor area** from the **Phase 2 Hudson Boulevard and Park** as set forth in Section [93-32](#). The basic maximum **floor area ratios** of any **building** containing **residences** are set forth in Row B.

The **floor area ratio** of any **building** containing **residences** may be increased from 6.5 pursuant to Section [93-31](#) (District Improvement Fund Bonus) or through the transfer of **floor area** from the **Phase 2 Hudson Boulevard and Park** as set forth in Section [93-32](#), and pursuant to Section [23-154](#) (Inclusionary Housing), as modified by Section [93-23](#), as follows:

The **residential floor area ratio** may be increased from 6.5 to a maximum of 12.0 only if for every five square feet of **floor area** increase pursuant to Sections [93-31](#) or [93-32](#) there is a **floor area** increase of six square feet, pursuant to Section [23-154](#), as modified by Section [93-23](#). Any **floor area** increase above a **floor area ratio** of 12.0 shall be only pursuant to Sections [93-31](#) or [93-32](#).

Furthermore, in Subarea D1, the **floor area ratio** on a **zoning lot** may exceed 13.0 only where the **community facility floor area ratio** is not less than the excess of such **floor area ratio** above 13.0.

- (b) Subarea D3

In Subarea D3, the basic maximum **floor area ratio** may be increased only pursuant to Section [93-31](#).

- (c) Subareas D4 and D5

In Subareas D4 and D5, the underlying **floor area ratio** regulations shall apply.

- (d) Authorization for transfer of **floor area** for public facilities

For any **zoning lot** located partially in Subarea D2 and partially in Subarea D4, where

such **zoning lot** is occupied by a **development** or **enlargement** that includes a public facility, the City Planning Commission may authorize modifications to the **street wall** requirements of Subarea D4 and authorize modifications to the provisions of Section [77-22](#) (Floor Area Ratio) in order to allow the transfer of **floor area** from that portion of the **zoning lot** located in Subarea D4 to that portion located in Subarea D2, provided the **floor area ratio** for the **zoning lot** does not exceed the adjusted maximum **floor area ratio** for the **zoning lot** as specified in Section [77-22](#). In order to authorize such modifications, the Commission shall find that:

- (1) such public facility provides a necessary service to the surrounding area;
- (2) such transfer of **floor area** is necessary in order for the **development** or **enlargement** to achieve an adequate separation of **uses** on the **zoning lot**; and
- (3) such transfer of **floor area** will not unduly increase the **bulk** of any **development** or **enlargement**, density of population or intensity of **use** to the detriment of occupants of **buildings** on the **block** or surrounding **blocks**, and that any disadvantages to the surrounding area caused by reduced access of light and air will be more than offset by the advantages of the public facility to the local community and the City as a whole.

(e) Authorization for transfer of floor area for public open areas

For **developments** or **enlargements** on **zoning lots** divided by district boundaries that are wholly or partially within Hell's Kitchen Subdistrict D and provide publicly accessible open areas contiguous to or over the Lincoln Tunnel Approaches or Dyer Avenue, the Commission may authorize the distribution of **floor area** across such district boundaries pursuant to Section [93-543](#) (Authorization for the provision of public open areas).

93-224 - Maximum floor area ratio in the South of Port Authority Subdistrict E

LAST AMENDED
2/2/2011

In the South of Port Authority Subdistrict E, **residential use** shall only be permitted as part of a **development** or **enlargement** on a **zoning lot** with a **commercial floor area ratio** of 15.0 or more, or as provided for phased developments in Section [93-122](#) (Certification for residential use in Subdistricts A, B and E).

93-225 - Floor area regulations in Subdistrict F

LAST AMENDED
2/2/2011

In Subdistrict F, the maximum ***floor area ratio*** for ***residential, community facility and commercial uses*** on a ***zoning lot*** shall be as follows:

- (a) the maximum ***floor area ratio*** for ***residential uses*** shall be 8.0;
- (b) the maximum ***floor area ratio*** for ***community facility uses*** shall be 2.0. However, any floor space occupied by a public ***school***, constructed in whole or in part pursuant to agreement with the New York City School Construction Authority and subject to the jurisdiction of the New York City Department of Education, shall be exempted from the definition of ***floor area*** for the purposes of calculating the permitted ***floor area ratio*** for ***community facility uses*** and the total maximum ***floor area ratio*** of the ***zoning lot***;
- (c) the maximum ***floor area ratio*** for ***commercial uses*** shall be 8.0; and
- (d) the total maximum ***floor area ratio*** in the subdistrict shall be 10.0, except as modified pursuant to Section [93-23](#) (Modifications of Inclusionary Housing Program).

93-23 - Modifications of Inclusionary Housing Program

LAST AMENDED
12/20/2018

Subdistrict C (34th Street Corridor) and Subareas D1 and D2 of Subdistrict D (Hell's Kitchen) of the ***Special Hudson Yards District*** and Subdistrict A-2 of the ***Special Garment Center District***, shall be ***Inclusionary Housing designated areas***, pursuant to Section [12-10](#) (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Sections [23-154](#) (Inclusionary Housing) and [23-90](#) (INCLUSIONARY HOUSING), inclusive, applicable as modified within the Special Districts. The underlying provisions of Sections [23-154](#) and [23-90](#) shall only be applicable in Subdistrict F as modified by Section [93-233](#) (Floor area increase for affordable housing in Subdistrict F).

93-231 - Definitions

LAST AMENDED
7/29/2009

For the purposes of this Chapter, matter in italics is defined in Section [12-10](#) or [23-911](#) (General definitions), inclusive.

93-232 - Floor area increase in Subdistricts B, C, D and E, and Special Garment Center District Subdistrict A-2

LAST AMENDED
12/20/2018

Within Subdistricts B, C, D and E, and Subdistrict A-2 of the ***Special Garment Center District***,

the provisions of Section [23-154](#) (Inclusionary Housing) shall not apply. In lieu thereof, the **floor area** compensation provisions of this Section shall apply. In accordance with the provisions set forth in Section [93-22](#) (Floor Area Regulations in Subdistricts B, C, D, E and F) or [121-31](#) (Maximum Permitted Floor Area), the maximum permitted **residential floor area ratio** on a **zoning lot** with **developments** or **enlargements** that provide **affordable housing** pursuant to the Inclusionary Housing Program may be increased, as follows:

- (a) The permitted **floor area ratio** may be increased from 6.5, or as otherwise specified in Section [93-22](#), to a maximum of 9.0, provided that:
 - (1) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot**; or
 - (2) the amount of **low income floor area** is equal to at least five percent of the total **residential floor area** on the **zoning lot**, and the amount of **moderate income floor area** is equal to at least 7.5 percent of the total **residential floor area** on the **zoning lot**; or
 - (3) the amount of **low income floor area** is equal to at least five percent of the total **residential floor area** on the **zoning lot** and the amount of **middle income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot**.
- (b) The permitted **floor area ratio** may be increased from 9.0 to a maximum of 12.0, provided that:
 - (1) the amount of **low income floor area** is equal to at least 20 percent of the total **residential floor area** on the **zoning lot**; or
 - (2) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot**, and the amount of **moderate income floor area** is equal to at least 15 percent of the total **residential floor area** on the **zoning lot**; or
 - (3) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot** and the amount of **middle income floor area** is equal to at least 20 percent of the total **residential floor area** on the **zoning lot**.

For the purposes of this Section, **low income floor area** may be considered **moderate income floor area** or **middle income floor area**, and **moderate income floor area** may be considered **middle income floor area**.

93-233 - Floor area increase for affordable housing in Subdistrict F

The **floor area** of any **building** containing **residences** in Subdistrict F may be increased by up to five percent, and such increase may be in excess of the maximum **floor area ratio** of 8.0 for **residential use**, and the total maximum **floor area ratio** of 10.0, provided that:

- (a) at least 20 percent of the **residential** units in such **building**, inclusive of any **floor area** increase permitted by this Section, shall be occupied by **lower income households**, as defined in Section [23-911](#) (General definitions);
- (b) such **building** shall comply with the provisions of:
 - (1) Section [23-953](#) (Additional requirements for compensated developments and MIH developments);
 - (2) Section [23-96](#) (Requirements for Generating Sites or MIH Sites), paragraphs (b) through (i); and;
 - (3) Section [23-961](#) (Additional requirements for rental affordable housing), paragraphs (a) through (d); and
- (c) the sum of all **floor area** increases permitted pursuant to this Section does not exceed 0.4 times the total **lot area** of Subdistrict F.

93-30 - SPECIAL FLOOR AREA REGULATIONS

LAST AMENDED
1/19/2005

93-31 - District Improvement Fund Bonus

LAST AMENDED
12/20/2018

In Subdistrict A-2 of the **Special Garment Center District** and in the **Special Hudson Yards District**, except in Subdistrict F, the Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum **floor area ratio** to be increased up to the maximum amount specified in Sections [93-21](#), [93-22](#) or [121-31](#), as applicable, provided that instruments in a form acceptable to the City are executed and recorded and that, thereafter, a contribution has been deposited in the **Hudson Yards District Improvement Fund**. The execution and recording of such instruments and the payment of such non-refundable contribution shall be a precondition to the filing for or issuing of any building permit allowing more than the basic maximum **floor area** for such **development** or **enlargement**.

The Commissioner of Buildings shall not authorize the construction of any **development** or **enlargement** utilizing **floor area** bonused pursuant to this Section, including foundations with respect thereto, nor shall the construction of any bonused portion thereof be authorized, until the Chairperson has certified that the requirements of this Section have been met. Nothing herein shall limit the ability of the Commissioner of Buildings to issue a permit for the construction of a

development or **enlargement** which does not utilize such bonused **floor area**, provided that, prior to issuance of such permit, the Chairperson has notified the Commissioner of Buildings in writing of the receipt by the Department of City Planning of either:

- (a) a letter from the applicant for such permit dated no earlier than 30 days prior to issuance thereof, stating whether as of such date the applicant anticipates filing an application to increase the applicable basic maximum **floor area ratio** pursuant to the provisions of this Section and/or Section [23-154](#) (Inclusionary Housing), as modified by Section [93-23](#) (Modifications of Inclusionary Housing Program); or
- (b) an application for a bonus from such applicant to increase the applicable basic maximum **floor area ratio** pursuant to the provisions of this Section and/or Section [23-154](#), as modified by Section [93-23](#).

Copies of letters received from applicants pursuant to paragraph (a) of this Section shall be forwarded by the Department of City Planning to the Community Board and local City Council member, and maintained on file and be available for public inspection at such Department.

The contribution amount shall be \$100 per square foot of **floor area** as of January 19, 2005, and shall be adjusted by the Chairperson annually. Such adjustment shall occur on August 1 of each calendar year, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics for the twelve months ended on June 30 of that year. The contribution amount shall be determined based upon the rate which is in effect at the time the contribution is received, and contributions may be made only on days when the Hudson Yards Infrastructure Corporation (the "Corporation") is open for business and during business hours as specified by the Corporation.

The Commission may promulgate rules regarding the administration of this Section, and the Commission may also, by rule, adjust the contribution amount specified in the preceding paragraph to reflect changes in market conditions within the **Hudson Yards Redevelopment Area** if, in its judgment, the adjusted amount will facilitate the district-wide improvements that are consistent with the purposes of this Chapter and the purposes of the **Special Garment Center District**. The Commission may make such an adjustment by rule, not more than once a year.

For any such adjustment by rule decreasing the contribution amount, or increasing the contribution amount by more than the percentage change in the Consumer Price Index for all urban consumers, the following shall apply:

- (1) Such rule shall be effective for not more than two years; and
- (2) The Commission shall not publish the proposed rule pursuant to the City Administrative Procedure Act unless the City Council Land Use Committee and the Department of City Planning have jointly filed an application for a zoning text amendment under Section 201 of the New York City Charter, which would make such adjustment of the contribution amount permanently effective. The contribution amount established under such rule as finally adopted shall continue in effect with further adjustments based upon the Consumer Price Index for all urban consumers, until the next adjustment of the

contribution amount pursuant to this Section.

For the **conversion** to **dwelling units** of non-**residential floor area**, where the total **floor area** on the **zoning lot** to be **converted** to **residential use** exceeds a **floor area ratio** of 12.0, such excess **floor area** shall be permitted only pursuant to the provisions of this Section.

93-32 - Floor Area Regulations in the Phase 2 Hudson Boulevard and Park

LAST AMENDED
6/7/2018

In the **Phase 2 Hudson Boulevard and Park**, no **development** shall be permitted and, except as provided in Section [93-051](#) (Applicability of Article I, Chapter 1), no **building** shall be **enlarged**. However, **floor area** from a granting site within the **Phase 2 Hudson Boulevard and Park** may be transferred to a receiving site in accordance with the provisions of paragraph (a) of this Section.

For the purposes of this Section, a “granting site” shall mean a **zoning lot**, or portion thereof, within the **Phase 2 Hudson Boulevard and Park** and the **lot area** of such granting site shall include any area on such site designated on the City Map as Hudson Boulevard or **public park**, and a “receiving site” shall mean a **zoning lot**, or portion thereof, within Subareas A2 through A5 of the Large-Scale Plan Subdistrict A or Subareas D1 or D2 of Hell’s Kitchen Subdistrict D, to which **floor area** from a granting site has been transferred.

Special regulations for certain **zoning lots** partially within the **Phase 2 Hudson Boulevard and Park** are set forth in Section [93-33](#).

(a) Transfer of floor area by certification

The Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum **floor area ratio** of a receiving site to be increased up to the maximum amount specified in Section [93-21](#) or [93-22](#), as applicable, through the transfer of **floor area** from a granting site, provided that:

- (1) the maximum amount of **floor area** transferred from a granting site shall not exceed the **floor area ratio** permitted on the granting site, as listed below, less any existing **floor area** to remain on the granting site:

District	Maximum floor area ratio
C2-8	7.5

C6-2	6.02
C6-4	10.0
M1-5	5.0

- (2) each transfer, once completed, irrevocably reduces the amount of **floor area** that may be transferred from the granting site by the amount of **floor area** transferred;
- (3) the maximum amount of **floor area** transferred to a receiving site shall be based on an amount not to exceed the **floor area ratio** permitted on a **zoning lot** through such transfer pursuant to Section [93-21](#) or [93-22](#), as applicable. In the event a granting site generates more **floor area** than is permitted on a receiving site, the Chairperson shall certify that such excess **floor area** be credited towards future **floor area** transfers pursuant to this Section; and
- (4) where all **floor area** shall be transferred from a granting site pursuant to one or more such certifications, all certificates of occupancy have been surrendered for such granting site, all structures on such granting site have been demolished, and such granting site has been conveyed to the City for improvement, where applicable, as a **public park** or **street**, as provided for on the City Map.

Where, as a result of the transfer of **floor area** pursuant to this paragraph (a), the amount of **floor area** on a receiving site is less than the maximum allowable as specified for the applicable subarea in Row B in the table in Section [93-21](#) and Row C in the table in Section [93-22](#), any additional **floor area**, up to the maximum **floor area ratio** permitted on the receiving site as specified in such rows, may be achieved only through contributions to the **Hudson Yards District Improvement Fund** pursuant to Section [93-31](#) (District Improvement Fund Bonus), an increase in **floor area** pursuant to paragraph (b) of this Section or Section [93-33](#) (Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park), or the Inclusionary Housing Program pursuant to Section [23-154](#), as modified by Section [93-23](#).

An application filed with the Chairperson for the transfer of **floor area** pursuant to this paragraph (a) shall be made jointly by the owners of the granting site and receiving site, and shall include a site plan and **floor area** zoning calculations for the granting site and the receiving site, and a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with notice of the restrictions upon further development of the granting site and the receiving site.

Notices of restrictions shall be filed by the owners of the granting site and receiving site in the Borough Office of the Register of the City of New York, indexed against the

granting site and the receiving site, a certified copy of which shall be submitted to the Chairperson of the Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any **development** or **enlargement** on the receiving site which incorporates **floor area** transferred pursuant to this paragraph (a).

(b) Authorization for contribution-in-kind

The City Planning Commission may authorize a contribution-in-kind to the **Hudson Yards District Improvement Fund** for a receiving site, provided that:

- (1) the conditions for transferring **floor area** set forth in paragraph (a) of this Section have been met as of the date of the authorization or will be met in accordance with agreements or instruments entered into pursuant to paragraph (b)(3) of this Section;
- (2) the granting site will be improved, at the applicant's expense, as a **public park** or **street**, as provided for on the City Map, prior to conveyance to the City; and
- (3) the applicant, or an affiliate of such applicant, has entered into an agreement or provided instruments in a form satisfactory to the City, providing for the improvement of the granting site as a **public park** or **street** pursuant to an agreed-upon construction schedule. The construction schedule may be adjusted from time to time in accordance with the provisions of such agreement or instruments and shall include progress milestones, including the date by which the improvements will be 50 percent complete, and a date by which the improvements will be substantially complete and usable by the public. In the event that the conditions for transferring **floor area** set forth in paragraph (a) of this Section have not been completed as of the date of this authorization, such agreement or instruments shall also provide that such conditions will be met, to the extent applicable, pursuant to an agreed-upon schedule.

In order to grant such authorization, the Commission shall find that the **public park** or **street** has been designed in accordance with the approved plan for the Hudson Boulevard and Park, or as an appropriate interim design, in consultation with the Department of Parks and Recreation or Department of Transportation.

The Commission shall determine the reasonable cost of such improvement, including any acquisition and site preparation costs, and shall divide this reasonable cost by the contribution amount per square foot of the District Improvement Bonus, as determined pursuant to Section [93-31](#), and in effect on the date of authorization of the contribution-in-kind pursuant to this paragraph (b), in order to determine the amount of increased **floor area** generated by the contribution-in-kind. In making such determination, the Commission may consult with an appraiser or engineer at the applicant's expense. In the event the contribution-in-kind results in an amount of **floor area** in excess of what is permitted on the receiving site, the Commission shall authorize that such excess **floor area** be credited towards future **floor area** increases pursuant to Section [93-31](#).

The owner of the receiving site shall not apply for or accept a temporary certificate of occupancy for that portion of the **development** or **enlargement** identified as utilizing the increased **floor area** permitted pursuant to this paragraph (b), and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion until the Chairperson has certified that the improvements are substantially complete and usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the **development** or **enlargement** nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the improvements have been finally completed in accordance with the approved plans and such final completion has been certified by the Chairperson. A restrictive declaration in a form acceptable to the Chairperson shall be recorded against the receiving site in the Office of the Register of the City of New York in order to implement such restrictions.

An application filed with the Chairperson for the contribution-in-kind pursuant to this paragraph (b) shall be made jointly by the owners or contract vendees of the granting site and receiving site and shall, in all instances, include the party responsible either directly or through its affiliate, for the improvement of the granting site as a **public park** or **street** pursuant to the agreement or instruments entered into pursuant to paragraph (b)(3) of this Section.

Receipt of executed copies of the agreement or instruments required pursuant to paragraph (b) (3) of this Section, and of copies of the recorded restrictive declaration, shall be a precondition to the issuance of a building permit, including any foundation or alteration permit, for any **development** or **enlargement** on the receiving site that incorporates a **floor area** bonus granted pursuant to this paragraph (b).

In no event shall a building permit for a **development** or **enlargement** utilizing a **floor area** increase pursuant to this paragraph (b) be granted for the receiving site until the Chairperson provides notice to the Commissioner of Buildings that the applicant, or affiliate responsible for the improvement of the granting site, has provided acceptable evidence of site control for purposes of construction of the improvement.

93-33 - Special Regulations for Residual Portions of Zoning Lots Partially Within the Phase 2 Hudson Boulevard and Park

LAST AMENDED
2/2/2011

Where all of the **lot area** within the following parcels, as they existed on January 19, 2005, that is also within the **Phase 2 Hudson Boulevard and Park**, has been conveyed to the City pursuant to the provisions of Section [93-32](#), the owner of the residual portion of one of these parcels may convey to the City such residual portion, with all development rights appurtenant thereto, provided that all certificates of occupancy have been surrendered and all structures on such parcel have been demolished:

Block 708, Lots 20 and 46

Block 709, Lot 17

Block 710, Lot 20.

When such conveyance is made, the Chairperson of the City Planning Commission may certify that such owner is entitled to an increase in **floor area** on any receiving site as specified in Section [93-32](#), in lieu of a permitted **floor area** increase in exchange for contributions to the **Hudson Yards District Improvement Fund**. The amount of increase certified shall not exceed the **lot area** of the residual portion times the **floor area ratio** of the applicable zoning district, as specified in Section [93-32](#), paragraph (a)(1).

The maximum amount of **floor area** increase on a receiving site shall be based on an amount not to exceed the **floor area ratio** increase permitted on a **zoning lot** through such contribution pursuant to Sections [93-21](#) or [93-22](#), as applicable. In the event the certified permissible **floor area** increase is greater than that permitted on a receiving site, the Chairperson shall certify that such excess **floor area** be credited towards future **floor area** increases on receiving sites pursuant to this Section.

Once certified by the Chairperson, the entitlement to an increase in **floor area** pursuant to this Section shall be the property of the former owner of the residual property conveyed to the City, and such owner may assign, sell or otherwise transfer such entitlement without restriction.

Where certification is made pursuant to this Section, the site plan and **floor area** calculations for the receiving site, together with the notice of restrictions upon further development of the receiving site, included in the application submitted pursuant to Section [93-32](#), shall set forth the increase in **floor area** for such receiving site certified hereunder.

93-34 - Distribution of Floor Area in the Large-Scale Plan Subdistrict A

LAST AMENDED
2/2/2011

In order to promote a superior site plan in the Eastern Rail Yard Subarea A1 of the Large-Scale Plan Subdistrict A, the Chairperson of the City Planning Commission shall allow, by certification, the distribution of **floor area** from the Eastern Rail Yard Subarea A1 to **zoning lots** in Subareas A2 through A5 of the Large-Scale Plan Subdistrict A. Such distribution shall only be permitted for receiving sites that have maximized their permitted **floor area** through contributions to the **Hudson Yards District Improvement Fund**, pursuant to Section [93-31](#), or the transfer of **floor area** or increase in the amount of **floor area** from the **Phase 2 Hudson Boulevard and Park**, pursuant to Sections [93-32](#) or [93-33](#). For the purposes of this Section, a “receiving site” shall mean a **zoning lot** within Subareas A2 through A5 to which **floor area** from the Eastern Rail Yard Subarea A1 has been distributed.

(a) Distribution of **floor area** by certification

The Chairperson of the Commission shall allow, by certification, a distribution of **floor**

area from the Eastern Rail Yard Subarea A1 to a receiving site provided that:

- (1) The amount of **floor area** distributed does not result in distributions in excess of the maximum amount specified for the applicable **use** that may be distributed from the Eastern Rail Yard Subarea A1, as set forth in paragraph (b)(2) of Section [93-21](#);
- (2) Each distribution, once completed, irrevocably reduces the amount of **floor area** that may be distributed from the Eastern Rail Yard Subarea A1 by the amount of **floor area** distributed; and
- (3) The amount of **floor area** on the receiving site which results from such distribution does not exceed the maximum **floor area ratio** permitted on a **zoning lot** through distribution of **floor area** from the Eastern Rail Yard Subarea A1, as specified in Row C of the table in Section [93-21](#).

(b) Requirements for application

An application filed with the Chairperson of the Commission for the distribution of **floor area** by certification pursuant to paragraph (a) of this Section shall be made jointly by the owner of the development rights of the Eastern Rail Yard Subarea A1 and the receiving site and shall include:

- (1) a site plan and **floor area** zoning calculations for the receiving site; and
- (2) a copy of the distribution instrument legally sufficient in both form and content to effect such a distribution, together with a notice of the restrictions limiting further development of the Eastern Rail Yard Subarea A1.

Such notice of restrictions shall be filed by the owners of the respective sites in the Borough Office of the Register of the City of New York, indexed against the Eastern Rail Yard Subarea A1 and the receiving site, a certified copy of which shall be submitted to the Chairperson of the Commission. Receipt of certified copies thereof shall be a pre-condition to issuance of any building permit for any **development** or **enlargement** utilizing **floor area** distributed pursuant to this Section, including foundations with respect thereto, on the receiving site. Nothing herein shall limit the ability of the Commissioner of Buildings to issue a permit for the construction of a **development** or **enlargement** which does not utilize such distributed **floor area**.

93-35 - Special Permit for Transit Bonus in Pennsylvania Station Subarea B4

LAST AMENDED
1/19/2005

In the Pennsylvania Station Subarea B4, for **developments** or **enlargements** that significantly enhance the pedestrian environment and provide improvements to access to public transit

facilities, the City Planning Commission may permit a commensurate **floor area** increase for **commercial use** above a **floor area ratio** of 10.0 to a maximum **floor area ratio** of 19.5.

(a) The following conditions shall apply:

- (1) the applicant shall submit a plan acceptable to the Commission identifying that portion of the **development** or **enlargement** utilizing such increased **floor area**;
- (2) all transit facility improvements shall comply with applicable design standards or the current guidelines of the Metropolitan Transit Authority, New Jersey Transit, or Amtrak, as applicable;
- (3) the applicant shall submit schematic or concept plans for all proposed improvements to the applicable transportation agency and the Commission, and any further documentation deemed necessary by the reviewing agencies;
- (4) the Commission shall receive a letter from the applicable transportation agency stating the drawings and other documents submitted by the applicant have been determined to be of sufficient scope and detail to fix and describe the size and character of the transit improvement as to architectural, structural, mechanical and electrical systems; materials; relationship to existing site conditions; and other such elements as may be appropriate; and
- (5) the owner shall sign a legally enforceable instrument in a form acceptable to the reviewing agencies containing complete drawings of the improvement and setting forth the obligations of owner and developer, their successors and assigns, to construct and maintain all parts of the improvement, whether on-site or off, pursuant to an agreed-upon construction schedule. Such instrument shall be recorded against the **zoning lot** in the Office of the Register of the City of New York for New York County and a certified copy of the instrument shall be submitted to the Chairperson of the Commission and the applicable transportation agencies.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the **development** or **enlargement** identified as utilizing the increased **floor area** permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion, until the applicable transportation agencies have certified that the transit facility improvement is substantially complete and usable by the public. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the **development** or **enlargement**, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion until the transit improvement has been finally completed in accordance with the approved plans and such final completion has been certified by the applicable transportation agencies.

(b) In order to grant such special permit, the Commission shall find that:

- (1) the transit improvements significantly enhance the surface and subsurface pedestrian circulation network into and around the **development** or **enlargement** and to and from public transit facilities;
- (2) the streetscape, the site design and the location of **building** entrances for the **development** or **enlargement** contribute to the overall improvement of pedestrian circulation within the **Special Hudson Yards District** and minimize congestion on surrounding streets; and
- (3) the increased **floor area** will not unduly increase the **bulk** of the **development** or **enlargement**, density of population or intensity of **use** to the detriment of the occupants of **buildings** in the surrounding area.

In determining the amount of **floor area** bonus, the Commission shall consider the extent to which the transit improvements address each of the above findings.

The Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the **development** or **enlargement** and to minimize adverse effects on the character of the surrounding area.

93-40 - HEIGHT AND SETBACK REGULATIONS

LAST AMENDED
1/19/2005

In the **Special Hudson Yards District**, height and setback regulations shall be as set forth in this Section, inclusive.

93-41 - Rooftop Regulations

LAST AMENDED
5/31/2012

- (a) Subdistricts A, B, C, D and E

The provisions of Section [33-42](#) (Permitted Obstructions) shall apply to all **buildings** within Subdistricts A through E, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts).

- (b) Subdistrict F

In Subdistrict F, the provisions of paragraph (f) of Section [33-42](#) shall apply, except that for towers above a height of 350 feet, rooftop mechanical structures shall comply with the tower top articulation provisions set forth in Section 93-569.

93-42 - Height and Setback in Subdistricts A, B, C, D, E and F

LAST AMENDED
2/2/2011

In Subareas D4 and D5 of the Hell's Kitchen Subdistrict D, the underlying height and setback regulations shall apply as set forth in Section [93-542](#), as modified by Section [93-41](#) (Rooftop Regulations).

In Subdistricts A, B and C, Subareas D1, D2 and D3 of the Hell's Kitchen Subdistrict D, and Subdistrict E, the underlying height and setback regulations shall not apply. In lieu thereof, the provisions of Section [93-41](#) and paragraphs (a) through (d) of this Section shall apply. These regulations are further modified in certain locations as set forth in Section [93-50](#) (SPECIAL HEIGHT AND SETBACK REGULATIONS). The height of all **buildings or other structures** shall be measured from **curb level**.

In Subdistrict F, the underlying height and setback regulations shall not apply. In lieu thereof, the provisions of Section [93-41](#) and Section [93-56](#) (Special Height and Setback Regulations in Subdistrict F) shall apply.

(a) Maximum base heights

The maximum height of a **building or other structure** before setback shall be 150 feet along a **wide street** and along a **narrow street** within 100 feet of its intersection with a **wide street**, and 90 feet along a **narrow street** beyond 100 feet of its intersection with a **wide street**. For **corner lots** with **wide street** frontage and more than 100 feet of **narrow street** frontage, the maximum **building** height before setback along the **narrow street** may, as an alternative, be the weighted average of 150 feet for the first 100 feet from the corner, and 90 feet for the remainder of the **narrow street** frontage. Such allowable maximum heights before required setbacks are hereinafter referred to as "maximum base heights."

(b) Required setbacks

For **buildings** that contain only **residential use** above the applicable maximum base height, the required minimum setback for portions of such **buildings** that exceed such maximum base height shall be 10 feet from a **wide street** and 15 feet from a **narrow street**.

For **buildings or other structures** that contain **commercial** or **community facility use** above the applicable maximum base height, the required minimum setback for portions of **buildings or other structures** that exceed such maximum base height shall be 15 feet from a **wide street** and 20 feet from a **narrow street**.

(c) Tower **lot coverage**

The portion of any **building** or **buildings** located above a height of 150 feet are

hereinafter referred to as “towers.”

- (1) Towers containing **residences** shall occupy, in the aggregate, a minimum of 30 percent of the **lot area** of the **zoning lot**, except that this requirement shall not apply to the highest 40 feet of such tower or towers. Furthermore, towers containing **residences** shall occupy not more than 40 percent of the **lot area** of the **zoning lot** or, for **zoning lots** less than 20,000 square feet, the percentage set forth in the following table:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of Zoning Lot (in square feet)	Maximum Percentage of Lot Coverage
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

- (2) Towers that contain only **commercial** or **community facility use**, or a combination thereof, shall occupy not more than 60 percent of the **lot area** of the **zoning lot** or, for **zoning lots** less than 30,000 square feet, the percentage set forth in the following table:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of Zoning Lot (in square feet)	Maximum Percentage of Lot Coverage
20,500 or less	70
20,501 to 21,500	69
21,501 to 22,500	68
22,501 to 23,500	67
23,501 to 24,500	66
24,501 to 25,500	65
25,501 to 26,500	64
26,501 to 27,500	63
27,501 to 28,500	62
28,501 to 29,999	61

(d) Length of **building** wall

The maximum length of any **story** located above a height of 500 feet shall not exceed 250 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each **story** entirely above a height of 500 feet. No side of such rectangle shall exceed a width of 250 feet.

93-50 - SPECIAL HEIGHT AND SETBACK REGULATIONS

In Subdistricts A, B and C, and Subareas D1, D2 and D3 of the Hell's Kitchen Subdistrict D, and Subdistrict E, the height and setback regulations set forth in paragraphs (a) through (d) of Section [93-42](#) (Height and Setback in Subdistricts A, B, C, D, E and F) shall apply, except that such regulations are modified in certain locations as set forth in this Section. Such modifications include the establishment of **street wall** location regulations, and minimum and maximum base heights, as shown on Map 3 (Mandatory Street Wall Requirements) of Appendix A of this Chapter. Such modifications also include depths of required setbacks, maximum length of **building** walls for towers, and tower **lot coverage**. Special provisions for recesses and sidewalk widenings are as follows:

(a) Recesses

Where **street walls** are required to be located on **street lines** or sidewalk widening lines, ground floor recesses up to three feet deep shall be permitted for access to **building** entrances, and deeper recesses shall be permitted only where necessary to comply with the pedestrian circulation space provisions of Section [93-63](#). Above a height of 60 feet for **buildings** fronting upon 34th Street in Subdistrict C or above a height of 50 feet for **buildings** fronting upon Tenth Avenue in Subdistricts C and D, and up to any specified minimum base height, recesses are permitted provided that the aggregate length of such recesses does not exceed 30 percent of the length of the required **street wall** at any level, and the depth of such recesses does not exceed five feet. No limitations on recesses shall apply above any specified minimum base height or to any portion of a **zoning lot** where **street walls** are not required.

Where **street walls** are required to extend along the entire **street** frontage of a **zoning lot**, no recesses shall be permitted within 20 feet of an adjacent **building**, or within 30 feet of the intersection of two **street lines**, except where corner articulation rules apply.

(b) Sidewalk Widenings

Where a **street wall** is required to extend along the entire **street** frontage of a **zoning lot**, and such **street** is intersected by a **street** with a mandatory sidewalk widening, no **street wall** shall be required within such sidewalk widening. Where corner articulation rules apply, the inner boundary of any required sidewalk widening may be considered to be the **street line**. The mandatory **street wall** requirements are illustrated on Map 3 in Appendix A of this Chapter. Where sidewalk widening lines are specified, such lines shall be parallel to and five or 10 feet from the **street line**, as required pursuant to Section [93-61](#) and illustrated on Map 4 (Mandatory Sidewalk Widenings) in Appendix A.

In Subdistrict F, the provisions of Section [93-41](#) (Rooftop Regulations) and Section [93-56](#) (Special Height and Setback Regulations in Subdistrict F) shall apply.

93-51 - Special Height and Setback Regulations in the Large-Scale Plan Subdistrict A

93-511 - Tower lot coverage

LAST AMENDED 2/2/2011

The tower **lot coverage** requirements of paragraph (c) of Section [93-42](#) shall not apply within the Large-Scale Plan Subdistrict A.

93-512 - Subareas A3, A4 and A5 of the Large-Scale Plan Subdistrict A

LAST AMENDED
2/2/2011

(a) Hudson Boulevard

For the purposes of this paragraph (a), Hudson Boulevard shall be considered to be a **wide street**. The **street wall** of **buildings** shall be located on the Hudson Boulevard sidewalk widening line and extend along at least 70 percent of the length of the Hudson Boulevard frontage of the **zoning lot**, and shall rise without setback to a minimum base height of 90 feet and a maximum base height of 120 feet. On **corner lots**, the maximum base height may apply along intersecting **narrow street lines** for a distance of 100 feet from its intersection with Hudson Boulevard. Above a height of 120 feet, a setback at least 25 feet in depth is required from the Hudson Boulevard **street line**, and setbacks from intersecting **narrow streets** shall comply with the provisions of paragraph (b) of Section [93-42](#) (Height and Setback in Subdistricts A, B, C, D, E and F).

Alternatively, for **zoning lots** that occupy the entire Hudson Boulevard **block** front, the Hudson Boulevard **street wall** may rise above a height of 120 feet without setback at the Hudson Boulevard sidewalk widening line, provided that:

- (1) the aggregate width of such **street wall** facing Hudson Boulevard does not exceed 100 feet;
- (2) all other portions of the **building** that exceed a height of 120 feet are set back at least 25 feet from the Hudson Boulevard **street line** at a height not lower than 90 feet; and
- (3) all portions of the **building** that exceed a height of 120 feet are set back from a **narrow street** in compliance with the provisions of paragraph (b) of Section [93-42](#).

(b) Tenth Avenue

The **street wall** of **buildings** shall be located within 10 feet of the Tenth Avenue **street**

line and extend along at least 70 percent of the Tenth Avenue frontage of the **zoning lot**, and shall rise without setback to a minimum base height of 90 feet and a maximum base height of 150 feet. On **corner lots**, the maximum base height may apply along intersecting **narrow street lines** for a distance of 100 feet from its intersection with Tenth Avenue. Above a height of 150 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply.

Alternatively, for **zoning lots** that occupy the entire Tenth Avenue **block** front and where no portion of the **building** is within 10 feet of the Tenth Avenue **street line**, the Tenth Avenue **street wall** may rise above a height of 150 feet without setback, provided:

- (1) the aggregate width of such **street wall** does not exceed 100 feet;
- (2) all other portions of the **building** that exceed a height of 150 feet are set back at least 10 feet from the Tenth Avenue **street wall** of the **building** at a height not lower than 90 feet; and
- (3) all portions of the **building** that exceed a height of 150 feet are set back from a **narrow street** in compliance with the provisions of paragraph (b) of Section [93-42](#).

(c) Midblocks

For all **zoning lots** with frontage along the northerly **street lines** of West 35th through West 40th Streets, the **street wall** of any **building** shall be located on and extend along at least 50 percent of the length of the sidewalk widening line of the **zoning lot** and shall rise without setback to a minimum base height of 60 feet and a maximum base height of 120 feet. Above a height of 120 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply. Alternatively, the **street wall** of a **building** may rise without setback at the sidewalk widening line provided the aggregate width of such **street wall** does not exceed 100 feet or 50 percent of the width of such northerly **street line** frontage of the **zoning lot**, whichever is less, and provided all other portions of the **building** that exceed a height of 120 feet comply with the setback provisions of Section [93-42](#). The provisions of this paragraph shall not apply within 100 feet of Eleventh Avenue. However, any **zoning lot** partially within 100 feet of Eleventh Avenue may, as an alternative, apply the provisions of this paragraph (c) to the entire West 35th, West 36th, West 37th, West 38th, West 39th or West 40th Street **street** frontage of the **zoning lot**.

For all **zoning lots** with frontage along the southerly **street lines** of West 36th through West 41st Streets, the **street wall** of any **building** shall not exceed a maximum base height of 120 feet. Above a height of 120 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply.

(d) Rear setback

No **yard** requirements shall apply to any **commercial building** or commercial portion of

a **building**. However, above a height of 120 feet, no portion of such **building** shall be nearer to a **rear lot line** than 20 feet.

93-513 - Four Corners Subarea A2

LAST AMENDED
2/2/2011

(a) Hudson Boulevard

The provisions of paragraph (a) of Section [93-512](#) (Subareas A3, A4 and A5 of the Large-Scale Plan Subdistrict A) shall apply, except that the maximum base height shall be 150 feet.

(b) West 34th Street

The **street wall** of any **building** shall be located on the West 34th Street sidewalk widening line and extend along at least 70 percent of the West 34th Street frontage of the **zoning lot**, and shall rise without setback to a minimum base height of 90 feet and a maximum base height of 150 feet. For portions of **buildings** exceeding a height of 150 feet, a setback of 20 feet from the **street line** of West 34th Street shall be required. However, a **street wall** may rise without setback along the sidewalk widening line provided the aggregate width of such **street wall** does not exceed 50 percent of the width of the West 34th Street frontage of the **zoning lot** and provided all other portions of the **building** that exceed a height of 150 feet are set back at least 20 feet from the **street line** of West 34th Street.

(c) Tenth Avenue

The regulations set forth in paragraph (b) of Section [93-512](#) shall apply.

(d) Rear setback

The provisions of paragraph (d) of Section [93-512](#) shall apply.

93-514 - Eastern Rail Yard Subarea A1

LAST AMENDED
7/24/2013

(a) Location of **buildings**

Buildings shall be located only in the following areas:

- (1) east of the southerly prolongation of the eastern sidewalk widening line of Hudson Boulevard East;

- (2) west of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West and within 220 feet of West 33rd Street;
- (3) west of the southerly prolongation of the eastern sidewalk widening line of Hudson Boulevard East and within 220 feet of West 30th Street, provided that either:
 - (i) such area contains only **uses** in Use Groups 3 and 4; or
 - (ii) where such area includes **residential use**, such **residential use** shall be located only in a **building**, or portion of a **building**, located west of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West, and such **building** may also include **uses** in Use Groups 3, 4, 6A and 6C. In addition, **uses** in Use Group 3 or 4 may be located in a **building** separate from any **building** containing **residential use**, provided that any such separate **building** may not be located closer than 50 feet east of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West.
- (4) for any **building** located at or above the elevation of the **High Line bed** which faces the **ERY High Line**, the **street wall** shall not be located closer than five feet to the edge of the **ERY High Line** and such five foot separation shall remain unobstructed, from the level of the **High Line bed** adjacent to such **building** to the sky. Notwithstanding the foregoing, for any **building** located partly within 335 feet of the Tenth Avenue **street line**, any portion thereof of up to 280 feet in width, as measured parallel to West 30th Street, may be located above the **High Line bed** at a height of 60 feet or more measured from the **High Line bed**, provided such portion has a maximum width of 200 feet along the West 30th Street **street line** and a maximum average width of 240 feet. Structural columns and related architectural features placed within the maximum width of 200 feet along the West 30th Street **street line** supporting such portion of the **building** may be located within five feet of the southern edge of the **ERY High Line**, and such columns and related architectural features shall, when viewed in elevation along West 30th Street, occupy no more than 50 percent of the measured area of such elevation located within the maximum width of 200 feet along the West 30th Street **street line**, from the mean level of the adjoining public sidewalk to a height of 60 feet above the level of the **High Line bed**. A maximum of 30 percent of such measured area may be constructed of opaque materials. Additionally, such columns and related architectural features shall, when viewed in elevation along West 30th Street, occupy no more than 45 percent of the measured area of such elevation located within the maximum width of 200 feet along the West 30th Street **street line**, from the level of the **High Line bed** to a height of 25 feet above the level of the **High Line bed**.

(b) Height and setback

No setbacks shall be required for any **building** wall facing Eleventh Avenue, West 30th Street or West 33rd Street. Along Tenth Avenue, a **street wall** with a minimum height of 60 feet is required to extend along at least 70 percent of the Tenth Avenue frontage of the **zoning lot** not occupied by the public plaza required pursuant to Section [93-71](#). Such **street wall** shall align with any existing **street wall** facing Tenth Avenue. Existing **street walls** shall be treated in a manner that provides for visual articulation.

(c) Length of **building** walls

The provisions of paragraph (d) of Section [93-42](#) limiting the length of **building** walls above a height of 500 feet shall not apply.

93-52 - Special Height and Setback Regulations in the Farley Corridor Subdistrict B

LAST AMENDED
2/2/2011

The tower **lot coverage** requirements of paragraph (c) of Section [93-42](#) shall not apply within the Farley Corridor Subdistrict B.

93-521 - 450 West 33rd Street

LAST AMENDED
2/2/2011

The provisions of this Section shall apply within an area bounded by Tenth Ave, West 31st Street, the Lincoln Tunnel Approach and West 33rd Street.

No **building** shall exceed a height of 150 feet within 10 feet of West 33rd Street, 15 feet of Tenth Avenue and 20 feet of West 31st Street, except as provided below:

- (a) along West 31st Street, a **building** may rise without setback provided no part of such **building** is within 15 feet of West 31st Street; and
- (b) along West 33rd Street, a **building** may rise without setback, provided that the **aggregate width of street walls** above a height of 150 feet and within 10 feet of the West 33rd Street **street line** does not exceed 50 percent of the length of the West 33rd Street frontage of the **zoning lot**.

However, if more than 75 percent of the total **floor area** existing on the **zoning lot** on January 19, 2005, is demolished, the reconstructed **buildings** shall not exceed a height of 150 feet within 15 feet of a **wide street line** and 20 feet of a **narrow street line**.

93-522 - Ninth Avenue Rail Yard

LAST AMENDED
4/29/2014

The provisions of this Section shall apply within the area bounded by Ninth Ave, West 31st Street, the Lincoln Tunnel Approach and West 33rd Street.

No **building or other structure** shall exceed a height of 150 feet within 15 feet of a **wide street line** and 20 feet of a **narrow street line**. However, on a **narrow street**, a **building** may rise without setback provided no part of such **building** is within 15 feet of the **narrow street line**.

No **rear yard or rear yard equivalent** regulations shall apply to any **building developed or enlarged** pursuant to this Section. Furthermore, the provisions of this Section may be waived or modified in conjunction with the granting of a special permit pursuant to Section [74-41](#) (Arenas, Auditoriums, Stadiums or Trade Expositions) for the **development** of an arena in the area bounded by Ninth Avenue, West 31st Street, Dyer Avenue and West 33rd Street.

93-523 - Pennsylvania Station Subarea B4

LAST AMENDED
2/2/2011

Along Eighth Avenue, **street walls** shall be provided as follows:

- (a) A **street wall** shall be provided for the mandatory public space required pursuant to paragraph (a) of Section [93-74](#). Such **street wall** shall extend for at least 100 feet along the Eighth Avenue sidewalk widening line and rise without setback to a minimum height of 60 feet. No portion of such **street wall** shall exceed a height of 150 feet within 15 feet of the Eighth Avenue **street line**. However, such **street wall** may encroach upon the mandatory sidewalk widening provided the height of such **street wall** within the sidewalk widening does not exceed 90 feet.
- (b) In addition to the **street wall** required pursuant to paragraph (a) of this Section, **street walls** shall be provided along at least 35 percent of the Eighth Avenue frontage of the **zoning lot**. Such **street walls** shall be located within 10 feet of the Eighth Avenue **street line** and rise without setback to a minimum height of 90 feet and a maximum height of 150 feet, except that no setbacks shall be required where such **street walls** are located 10 feet from the Eighth Avenue **street line**.
- (c) No **street walls** shall be located further than 10 feet from the Eighth Avenue **street line** unless they front upon a public plaza provided pursuant to paragraph (c) of Section [93-74](#). Along West 31st and West 33rd Streets, any portion of a **street wall** that exceeds a height of 150 feet shall be set back at least 15 feet from the West 31st and West 33rd Street **street lines**, as applicable. As an alternative, if the entire **building** is set back at least 10 feet from the West 31st or West 33rd Street **street line**, such **building** may rise without setback along such **street**.

93-53 - Special Height and Setback Regulations in the 34

(a) 34th Street

For **zoning lots** with frontage on 34th Street, the **street wall** of a **building** shall be located on and extend along the entire West 34th Street **street line**, except that to allow for corner articulation, the **street wall** may be located anywhere within an area bounded by intersecting **street lines** and lines 15 feet from and parallel to such **street lines**. Such **street walls** shall rise without setback to a minimum base height of 120 feet and a maximum base height of 150 feet. For **corner lots**, these provisions shall also apply along any intersecting **street line** for a minimum distance of 50 feet and a maximum distance of 100 feet from its intersection with West 34th Street. Above a height of 150 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply.

(b) Tenth Avenue

For **zoning lots** with frontage on Tenth Avenue, the provisions of paragraph (a) of Section [93-541](#) shall apply.

(c) Midblocks between Eighth Avenue and Ninth Avenue

For **zoning lots** with frontage on West 33rd Street or West 35th Street beyond 100 feet of Eighth Avenue and Ninth Avenue, the **street wall** of any **building** shall be located on and extend along the entire West 33rd Street or West 35th Street frontage of the **zoning lot** not occupied by existing **buildings** to remain. Such **street wall** shall rise without setback to a minimum base height of 80 feet and a maximum base height of 90 feet. However, if the height of an adjacent **street wall** fronting on the same **street line** is higher than 90 feet before setback, the **street wall** of the new or **enlarged building** may rise without setback to the height of such adjacent **street wall**, up to a maximum height of 120 feet. Above a height of 90 feet or the height of the adjacent **street wall** if higher than 90 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply. The **street wall** of any **building** may rise to a height less than 80 feet, except where such **building** is located on a **zoning lot** with multiple **buildings**, one or more of which is **developed, enlarged** or altered after February 2, 2011, to a height exceeding 80 feet.

93-54 - Special Height and Setback Regulations in Hell's Kitchen Subdistrict D

93-541 - Height and setback in Subareas D1 and D2

(a) Tenth Avenue

- (1) For **zoning lots** that do not occupy the entire Tenth Avenue **block** front, and for **zoning lots** that occupy the entire Tenth Avenue **block** front where existing **buildings** containing **residences** will remain, the **street wall** of any **development** or **enlargement** shall be located on and extend along the entire Tenth Avenue **street line**, except that to allow for corner articulation, the **street wall** may be located anywhere within an area bounded by intersecting **street lines** and lines 15 feet from and parallel to such lines. Such **street wall** shall rise without setback to a minimum base height of 90 feet and a maximum base height of 150 feet, except that such minimum base height requirement shall not apply to any existing **buildings** containing **residences** to remain. Where such **zoning lots** also front upon a **narrow street**, these provisions shall apply along such **narrow street** frontage for a minimum distance of 50 feet and a maximum distance of 100 feet from the intersection of Tenth Avenue. Above a height of 150 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply.
- (2) For **zoning lots** that occupy the entire Tenth Avenue **block** front, and where no existing **buildings** fronting upon Tenth Avenue will remain, the **street wall** shall be located within 10 feet of the Tenth Avenue **street line** and extend along the entire Tenth Avenue frontage of the **zoning lot** and shall rise without setback to a minimum base height of 90 feet and a maximum base height of 150 feet. These provisions shall apply for a minimum distance of 50 feet and a maximum distance of 100 feet from the intersection of Tenth Avenue.

Above a height of 150 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply. Alternatively, the Tenth Avenue **street wall** may rise above 150 feet without setback, provided that:

- (i) the aggregate width of such **street wall** does not exceed 100 feet;
- (ii) all other portions of the **building** that exceed a height of 150 feet are set back at least 10 feet from the Tenth Avenue **street wall** of the **building** at a height not lower than 90 feet;
- (iii) all portions of the **building** that exceed a height of 150 feet are set back from a **narrow street** in compliance with the provisions of paragraph (b) of Section [93-42](#); and
- (iv) all portions of the Tenth Avenue **street wall** that do not exceed a height of 90 feet are located 10 feet from the Tenth Avenue **street line**, except that recesses may be provided in accordance with the recess provisions of paragraph (a) of Section [93-50](#). Above a height of 90 feet, up to a height of 150 feet, any **street wall** facing Tenth Avenue shall be located no closer to Tenth Avenue than 10 feet.

(b) Hudson Boulevard

The regulations set forth in paragraph (a) of Section [93-512](#) (Subareas A3, A4 and A5 of the Large-Scale Plan Subdistrict A) shall apply, except that wherever a setback from the Hudson Boulevard **street line** is required to be at least 25 feet deep, such setback depth may be reduced to 15 feet.

- (c) Midblocks between Tenth Avenue and Hudson Boulevard

The regulations set forth in paragraph (c) of Section [93-512](#) shall apply.

- (d) Length of **building** wall

The maximum length of any **story** located above a height of 150 feet that faces north or south shall not exceed 100 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each **story** entirely above a height of 150 feet. Any side of such rectangle from which perpendicular lines may be drawn to the nearest **narrow street line** shall not exceed 100 feet.

- (e) Tower **lot coverage**

Where more than one tower on a **zoning lot** contains **residences**, the minimum **lot area** requirement of paragraph (c)(1) of Section [93-42](#) shall not apply to the highest 80 feet of at least half of the number of such towers.

93-542 - Height and setback in Subareas D4 and D5

LAST AMENDED
2/26/2015

In Subareas D4 and D5 of Hell's Kitchen Subdistrict D, the underlying height and setback regulations shall apply, except that:

- (a) the rooftop regulations set forth in Section [93-41](#) shall apply;
- (b) within the C2-5 District of Subarea D4, **commercial uses** shall be limited to two **stories** or a height of 30 feet, whichever is less;
- (c) within the C1-7A District of Subarea D5, recesses in the **street wall** of any **building** facing Ninth Avenue shall not be permitted within 20 feet of an adjacent **building** or within 30 feet of the intersection of two **street lines**, except as provided for permitted corner articulation; and
- (d) the regulations set forth in paragraph (d) of Section [23-692](#) (Height limitations for narrow buildings or enlargements) shall be modified to allow portions of **buildings** with **street walls** less than 45 feet in width to reach the height of the tallest **abutting building** without regard to the width of the **street** onto which such **building** fronts.

93-543 - Authorization for the provision of public open areas

LAST AMENDED
2/2/2011

For **zoning lots** that are wholly or partially within Hell's Kitchen Subdistrict D and provide publicly accessible open areas adjacent to or over the Lincoln Tunnel Approaches or Dyer Avenue, the City Planning Commission may authorize height and setback modifications within C2-5 Districts mapped within R8A Districts and the distribution of **floor area** without regard to district boundaries, provided the Commission finds that:

- (a) such publicly accessible open area provides an appropriate amenity to the surrounding area;
- (b) such publicly accessible open area has appropriate access, circulation, landscaping, seating, paving and lighting;
- (c) modifications to the height and setback regulations of C2-5 Districts mapped within R8A Districts result in a **building** that does not exceed a height of 180 feet and is compatible with the scale and character of the surrounding area; and
- (d) all necessary approvals have been granted by the Port Authority, or adequate provision has been made for the receipt of such approvals prior to the issuance of any building permit.

In granting such authorization, the Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Publicly accessible open areas authorized by this Section shall be accessible to the public at all times, except where the Commission has authorized a nighttime closing pursuant to Section [37-727](#) (Hours of access). Furthermore, such open areas shall comply with the requirements for **public plazas** set forth in Sections [37-744](#) (Litter receptacles), [37-75](#) (Signs), [37-77](#) (Maintenance) and paragraph (a) of Section [37-78](#) (Compliance).

All plans for publicly accessible open areas, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification of the publicly accessible open areas and setting further such provisions as necessary to ensure compliance with the requirements of this Section. Such filing and recording of the instrument, together with the grant of all necessary approvals by the Port Authority, shall be a precondition for the filing for or issuance of any building permit for any **development** or **enlargement** on the **zoning lot**. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of any **development** or **enlargement** subject to the provisions of this Section until the Chairperson of the Commission certifies to the Department of Buildings that the public access

area is substantially complete and that the public access area is open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** or **enlargement** until the Chairperson of the Commission certifies to the Department of Buildings that the public access area is complete and that all public access requirements of this Section have been met in accordance with the plans for such public access area.

93-55 - Special Height and Setback Regulations in the South of Port Authority Subdistrict E

LAST AMENDED
4/30/2012

(a) **Zoning lots** with Eighth Avenue frontage

For **zoning lots** with frontage on Eighth Avenue, the **street wall** of a **building** shall be located on the Eighth Avenue sidewalk widening line and, where applicable, on the West 39th Street and West 40th Street **street lines**, and extend along the entire **street** frontage of the **zoning lot**. Such **street walls** shall rise without setback to a minimum height of 90 feet and a maximum height of 120 feet. The **street wall** of any **building** may rise to a height less than 90 feet, provided that no **building** on the **zoning lot** exceeds such height except where such **building** is located on a **zoning lot** with multiple **buildings**, one or more of which is **developed**, **enlarged** or altered after February 2, 2011, to a height exceeding 90 feet.

Above a height of 120 feet, no portion of a **building or other structure** shall penetrate a **sky exposure plane** that begins at a height of 120 feet above the Eighth Avenue sidewalk widening line and **street lines** of West 39th Street and West 40th Street, as applicable, and rises over the **zoning lot** at a slope of four feet of vertical distance for each foot of horizontal distance, except as provided below:

- (1) any portion of the **building or other structure developed** or **enlarged** pursuant to the tower regulations of Sections [33-45](#) or [35-64](#), as applicable, may penetrate the **sky exposure plane**;
- (2) permitted obstructions, as listed in paragraph (a) of Section [93-41](#), may penetrate the **sky exposure plane**. In addition, a dormer, as listed in paragraph (c)(1) of Section [23-621](#), may penetrate the **sky exposure plane**.

(b) **Zoning lots** without Eighth Avenue frontage

For **zoning lots** without frontage on Eighth Avenue, the **street wall** of a **building** shall be located on the **street line** and extend along the entire **street** frontage of the **zoning lot** not occupied by existing **buildings** to remain. Such **street walls** shall rise without setback to a minimum base height of 80 feet and a maximum base height of 90 feet. However, if the height of an adjacent **street wall** fronting on the same **street line** is

higher than 90 feet before setback, the **street wall** of the new or **enlarged building** may rise without setback to the height of such adjacent **street wall**, up to a maximum height of 120 feet. Above a height of 90 feet or the height of the adjacent **street wall** if higher than 90 feet, the setback provisions of paragraph (b) of Section [93-42](#) shall apply. The **street wall** of any **building** may rise to a height less than 80 feet, provided that no **building** on the **zoning lot** exceeds such height except where such **building** is located on a **zoning lot** with multiple **buildings**, one or more of which is **developed, enlarged** or altered after February 2, 2011, to a height exceeding 80 feet.

93-56 - Special Height and Setback Regulations in Subdistrict F

LAST AMENDED
4/29/2014

The height and setback regulations set forth in this Section, inclusive, shall apply to specific development sites identified as Sites 1 through 6 on Map 2 (Subdistrict F: Site Plan) in Appendix B. All **buildings or other structures developed or enlarged** within Subdistrict F, with the exception of those approved as part of a public access area pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F), shall occur within these designated site locations. However, portions of a **building** located entirely below grade, and exempt from the definition of **floor area**, shall be permitted to extend beyond such designated site locations. Furthermore, the boundary of Site 6 may be extended in a westerly direction, by up to 40 feet, to accommodate a public **school** in accordance with the provisions of paragraph (b) of Section [93-568](#) (Site 6).

Map 4 (Mandatory Sidewalk Widening) in Appendix A identifies the location of a sidewalk widening required along Eleventh Avenue that is referenced in this Section, inclusive. Regulations governing the design of this sidewalk widening are set forth in Section [93-61](#).

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B identifies the location of publicly accessible open spaces, private streets and pedestrian ways that are referenced in this Section.

Publicly accessible open spaces are comprised of the Western Open Space, the Central Open Space, the Southwest Open Space, the Northeast Plaza, the Midblock Connection and the **High Line**. General rules governing such publicly accessible open spaces are set forth in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F).

Publicly accessible private streets are comprised of the West 32nd Street Extension (including the Allee, as defined in paragraph (c)(2) of Section [93-761](#) and shown on Map 3 in Appendix B) and the West 31st Street Extension. Publicly accessible pedestrian ways are comprised of the West 30th Street Corridor, and the Connector. General rules governing such private streets and pedestrian ways are set forth in Section [93-76](#) (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F).

For the purposes of applying height and setback regulations, the term “**buildings**” shall include

93-561 - General rules for Subdistrict F

LAST AMENDED
4/29/2014

The following regulations shall apply to all ***buildings*** within Sites 1 through 6:

(a) ***Street wall*** location

For the purposes of applying the height and setback regulations of this Section, inclusive, wherever a ***building*** fronts upon any publicly accessible open space, private street or pedestrian way, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B, the boundary of such publicly accessible open spaces, private streets or pedestrian ways shall be considered to be a ***street line***. Furthermore, for the purposes of applying such height and setback regulations, the sidewalk widening line required along Eleventh Avenue shall be considered the Eleventh Avenue ***street line***.

Wherever a ***building*** on Sites 1, 5 or 6 faces the ***High Line***, the ***street wall*** shall not be located closer than five feet to the edge of the ***High Line***, as shown on Map 3. Such five foot separation shall remain unobstructed, from the level of finished grade adjacent to a ***building***, to the sky, except as permitted:

- (1) for that portion of a ***building*** on Site 5 located above a height of 50 feet as measured from the ***High Line bed***, pursuant to Section [93-567](#) (Site 5);
- (2) for that portion of a ***building*** on Site 6 located below the ***High Line***, pursuant to Section [93-568](#) (Site 6); and
- (3) pursuant to paragraph (d) of Section [93-756](#) (General requirements for the High Line).

(b) Measurement of ***building*** heights

- (1) Measurement of ***building*** base and transition heights

For portions of a ***building*** that front upon a publicly accessible sidewalk, the maximum ***building*** base height and, where applicable, the maximum transition height of a ***street wall***, shall be measured from the mean level of the public sidewalk that such ***street wall*** fronts upon. For portions of a ***building*** that front upon publicly accessible open spaces in which no sidewalks are provided adjacent to a ***street wall***, the maximum ***building*** base height or, where applicable, the maximum transition height of a ***street wall***, shall be measured from the mean level of the final grade of the open space that such ***street wall*** fronts upon. However, the following ***street wall*** heights shall be measured from the ***High Line bed***:

- (i) on Site 6, the portion of a **street wall** above the **High Line bed** facing the **High Line** beyond 60 feet of Eleventh Avenue; and
 - (ii) on Site 6, along the Southwest Open Space within 60 feet of the **High Line**.
- (2) Measurement of tower heights

The height of a tower shall be measured from the highest level of the public sidewalk or finished grade located nearest such tower, to the ceiling of the highest **story** of the tower where **floor area** occupies more than 75 percent of the gross area of such **story**. However, on Site 5, the height of the tower shall be measured from the **High Line bed**.

Where minimum height differences are required between towers, such heights, for each tower, shall be measured from the Manhattan Datum, which is 2.75 feet above sea level.

(c) Towers

Criteria for towers on Sites 1 through 6 are set forth in this Section, inclusive. The minimum distance between all such towers shall be 60 feet.

93-562 - Street wall regulations for certain streets

LAST AMENDED
4/29/2014

The locations of all **street walls** identified in this Section are shown on Map 5 (Subdistrict F: Mandatory Street Wall Requirements) in Appendix B.

(a) Applicability

The provisions of this Section shall apply to:

- (1) All **street walls** of **buildings** on Site 1 that front along:
 - (i) the West 32nd Street Extension;
 - (ii) the Western Open Space within 60 feet of the West 32nd Street Extension; and
 - (iii) the Midblock Connection within 60 feet of the West 32nd Street Extension.
- (2) All **street walls** of **buildings** on Site 2 that front along:
 - (i) Eleventh Avenue south of the Northeast Plaza;

- (ii) the West 32nd Street Extension; and
 - (iii) the Midblock Connection within 60 feet of the West 32nd Street Extension.
- (3) All **street walls** of a **building** on Site 4 that front along:
 - (i) Eleventh Avenue;
 - (ii) the West 32nd Street Extension within 50 feet of Eleventh Avenue; and
 - (iii) the West 31st Street Extension within 50 feet of Eleventh Avenue.
- (4) All **street walls** of a **building** on Site 6 that front along:
 - (i) Eleventh Avenue five feet north of the **High Line**;
 - (ii) the West 31st Street Extension;
 - (iii) the **High Line**, completely above the **High Line bed**;
 - (iv) the Southwest Open Space within 60 feet of the **High Line**; and
 - (v) the Southwest Open Space within 60 feet of the West 31st Street Extension.

(b) **Street wall** location

All **street walls** identified in paragraph (a) of this Section shall be located on the **street line**.

All such **street walls** shall extend along the entire **street** frontage of the site or the required portion identified in paragraph (a). However, such **street wall** location rules may be modified in accordance with the recess provisions of paragraph (c) of this Section.

(c) Recesses

- (1) Ground floor recesses up to three feet deep shall be permitted for access to **building** entrances;
- (2) To allow for corner articulation, the required **street wall** may be located anywhere within an area bounded by intersecting **street lines** and lines 15 feet from and parallel to such lines;
- (3) To ensure variation in the required **street wall**, a **building** shall provide recesses or ground floor level setbacks in accordance with the following provisions:
 - (i) A minimum of 20 percent of the **aggregate width of street walls** shall provide a minimum recess of three feet from the **street wall** above the

level of the second **story**. However, for the portion of Site 6 that fronts along the **High Line**, such recess shall be provided above the level of the first **story**. However, no portion of such recess shall be located within 30 feet of the intersection of two **street lines**, except where corner articulation is provided in accordance with paragraph (c)(2) of this Section.

- (ii) A maximum of 30 percent, or 50 percent for Site 4, of the **aggregate width of street walls** may provide a recess of up to 15 feet at any level, which may extend to the height of the **building** base and may allow for portions of towers to rise without setback from the ground floor level. However, no such setbacks shall be permitted within 30 feet of the intersection of two **street lines**, except where corner articulation is provided in accordance with paragraph (c)(2) of this Section.

93-563 - Site 1

LAST AMENDED
2/2/2011

In addition to the applicable requirements set forth in Section [93-562](#) (Street wall regulations for certain streets), the provisions of this Section shall apply to **buildings** on Site 1.

(a) **Building** base

(1) Facing West 33rd Street

The **street wall** of the **building** facing West 33rd Street may rise without setback to a maximum base height of 120 feet before a setback is required. However, no setbacks shall be required within 150 feet of Twelfth Avenue.

(2) Facing the West 32nd Street Extension

The provisions of this paragraph, (a)(2), shall apply to **street walls** facing the West 32nd Street Extension, the Western Open Space and the Midblock Connection within 60 feet of the West 32nd Street Extension. Such **street walls** shall rise without setback to a minimum base height of 60 feet and a maximum base height of 90 feet.

(3) Facing the Western Open Space

The provisions of this paragraph, (a)(3), shall apply to **street walls** facing the Western Open Space beyond 60 feet of its intersection with the West 32nd Street Extension. The **street wall** of the **building** may rise without setback to a maximum base height of 90 feet before a setback is required. However, no setbacks shall be required within 150 feet of Twelfth Avenue.

(b) Transition height

All portions of a **building** that exceed the applicable maximum base height specified in paragraph (a) of this Section shall be set back in accordance with the provisions of this paragraph (b), except that where towers are provided directly above a portion of the transition height, such a portion of transition height located directly below a tower shall provide setbacks in accordance with the tower provisions of paragraph (c) of this Section.

Portions of a transition height facing West 33rd Street shall be set back from the West 33rd Street **street line** a minimum of 20 feet. Portions of a transition height facing the Western Open Space that exceed the maximum base height shall be set back from the **street wall** of a **building** facing the Western Open Space a minimum of 30 feet. However, in both cases, no such setback shall be required within 150 feet of Twelfth Avenue.

Above the maximum base height, a **street wall** may rise to a maximum transition height equal to one-half the height of the **street wall** of the **building** base facing the Western Open Space. Such a transition height shall not exceed a maximum height of 135 feet.

All portions of a **building** that exceed the maximum transition height shall comply with the tower provisions of paragraph (c) of this Section.

(c) Towers

All **stories** of a **building** located partially or wholly above the maximum transition height shall be considered a “tower” and shall comply with the provisions of this paragraph (c).

(1) Required setbacks

All towers, or portions of a transition height located beneath a tower, shall be set back at least 15 feet from the **street line** of West 33rd Street and from the **street walls** of the **building** facing the West 32nd Street Extension, except that the depth of such setback distance may include the depth of any permitted recesses. However, no setbacks shall be required within 150 feet of Twelfth Avenue, along the Western Open Space or along the Midblock Connection to allow portions of towers that comply with the provisions of paragraphs (c)(2) and (c)(3) of this Section to rise without setback.

(2) Maximum floor plate

If more than one tower is provided on Site 1, the aggregate gross area of any such tower **stories**, measured at any height, shall not exceed 25,000 square feet.

(3) Maximum length and height

The outermost walls of all **stories** of a tower, when viewed from above, shall be inscribed within a rectangle where the east-west dimension shall not exceed a length of 110 feet and the north-south dimension shall not exceed a length of 160 feet. Where more than one tower is located on Site 1, each tower shall comply independently with such maximum dimensions.

If more than one tower is located on Site 1, the height of the easternmost tower shall be a minimum of 100 feet greater than the height of the westernmost tower.

All towers that exceed a height of 350 feet shall provide articulation in accordance with Section [93-569](#) (Tower top articulation).

93-564 - Site 2

LAST AMENDED
2/2/2011

In addition to the applicable requirements set forth in Section [93-562](#) (Street wall regulations for certain streets), the provisions of this Section shall apply to **buildings** on Site 2.

(a) **Building** base

(1) Facing Eleventh Avenue

The provisions of this paragraph (a)(1) shall apply to **street walls** facing Eleventh Avenue (exclusive of **street walls** facing the Northeast Plaza, which need not set back), and the West 32nd Street Extension within 60 feet of Eleventh Avenue. Such **street walls** shall rise without setback to a minimum height of 120 feet and a maximum height of 150 feet. Above a height of 150 feet, all portions of such **building** shall be set back from the **street wall** of the **building** at least 15 feet, except such setback distance may include the depth of any permitted recesses. These **building** base provisions may apply along the West 32nd Street Extension **street line** beyond 60 feet of Eleventh Avenue, up to a maximum distance of 100 feet from Eleventh Avenue.

(2) Facing the West 32nd Street Extension

The provisions of this paragraph (a)(2) shall apply to **street walls** facing the West 32nd Street Extension beyond 60 feet of Eleventh Avenue (or beyond 100 feet if the optional **building** base provisions of paragraph (a)(1) of this Section are applied along the West 32nd Street Extension), and the Midblock Connection within 60 feet of the West 32nd Street Extension. Such **street walls** shall rise without setback to a minimum height of 90 feet and a maximum height of 120 feet. Above a height of 120 feet, all portions of such **buildings** facing the West 32nd Street Extension shall be set back from the **street wall** of the **building** at least 15 feet, except such setback distance may include the depth of any permitted recesses. Portions of **street walls** along the Midblock Connection

within 60 feet of the West 32nd Street Extension need not set back above the maximum base height to allow tower portions that comply with the provisions of paragraph (b) of this Section to rise without setback.

(3) Facing West 33rd Street

Street walls facing West 33rd Street (exclusive of the Northeast Plaza) may rise without setback to a maximum base height of 150 feet. Above a height of 150 feet, setbacks shall be required as follows:

- (i) portions of a **building** facing West 33rd Street within 150 feet of the Eleventh Avenue **street line** shall provide a 15 foot setback from the **street line** of West 33rd Street;
- (ii) portions of a **building** beyond 150 feet of Eleventh Avenue that do not exceed an **aggregate width of street wall** of 150 feet, as measured along the West 33rd Street **street line**, shall be permitted to rise without setback; and
- (iii) portions of a **building** located beyond 150 feet of Eleventh Avenue that exceed the **aggregate width of street wall** of 150 feet, as measured along the West 33rd Street **street line**, shall be set back a minimum of 15 feet from the **street line** of West 33rd Street.

All portions of a **building** that exceed a height of 150 feet shall comply with the tower provisions of paragraph (b) of this Section.

(b) Towers

All **stories** of a **building** located partially or wholly above a height of 150 feet shall be considered a tower and shall comply with the provisions of this paragraph, (b). Not more than one tower shall be allowed on Site 2.

(1) Maximum floor plate

The gross area of any tower **story** shall not exceed 40,000 square feet.

(2) Maximum length and height

The outermost walls of all **stories** of a tower, when viewed from above, shall be inscribed within a rectangle where the east-west dimension shall not exceed a length of 250 feet.

All towers that exceed a height of 350 feet shall provide articulation in accordance with Section [93-569](#) (Tower top articulation).

The regulations of this Section shall apply to all **buildings** within Site 3.

All **stories** of a **building** located wholly or partially above the highest level of the adjoining public sidewalk or finished grade on Site 3 shall be considered a tower and shall comply with the provisions of this Section. Not more than one tower shall be permitted on Site 3.

(a) Ground floor

A maximum of 6,000 square feet of the ground floor shall be permitted to provide **residential uses**. The remaining portion of the ground floor shall provide an area that is accessible to the surrounding publicly accessible open spaces listed in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F). Such space may provide ground floor **uses** pursuant to Section [93-14](#) (Ground Floor Level Requirements), or may be considered part of the Central Open Space and comply with the regulations set forth in Section [93-75](#).

If such remaining ground floor level space provides ground floor **uses** pursuant to the requirements of paragraph (b)(2) of Section [93-14](#), such **uses** shall adjoin a minimum of 70 percent of the perimeter of the outermost walls of the ground floor of the **building** to a minimum depth of 30 feet. In addition, such outermost wall shall be at least 70 percent glazed with transparent material to a height of 40 feet.

If such remaining ground floor level space is considered part of the Central Open Space, such space may be open or enclosed. An open space provided pursuant to this paragraph (a) shall have a clear height of at least 40 feet measured from the level of an adjoining finished grade or sidewalk. An enclosed publicly accessible space provided pursuant to this paragraph (a) shall adjoin a minimum of 70 percent of the perimeter of the outermost walls of the ground floor of the **building** to a minimum depth of 30 feet. In addition, such outermost wall shall be at least 70 percent glazed with transparent material to a height of 40 feet.

(b) Maximum floor plate

The gross area of any **story** of a tower on Site 3 shall not exceed 12,000 square feet.

(c) Maximum length and height

The maximum horizontal dimension of a tower, measured in any direction, shall not exceed 145 feet. However, if the angle of the tower's maximum horizontal dimension is aligned within 15 degrees of a 45 degree line constructed from either the southwest or northeast corner of the Site 3 rectangle in plan, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, then such maximum horizontal dimension measured in this direction may be increased to 160 feet, provided that the maximum dimension measured perpendicular to such increased dimension does not exceed a length of 120

feet.

The maximum height of a tower within Site 3 shall be a minimum of 100 feet taller than the tower height of Site 5.

All towers that exceed a height of 350 feet shall provide articulation in accordance with Section [93-569](#) (Tower top articulation).

93-566 - Site 4

LAST AMENDED
4/29/2014

In addition to the applicable requirements set forth in Section [93-562](#) (Street wall regulations for certain streets), the provisions of this Section shall apply to **buildings** on Site 4.

(a) Street wall location along West 31st and West 32nd Street Extensions

Any portion of a **street wall** facing the West 32nd Street Extension within 100 feet of Eleventh Avenue shall be set back at least 15 feet from the West 32nd Street Extension **street line**, which shall coincide with the northern edge of the Site 4 boundary. Any portion of a **street wall** facing the West 32nd Street Extension that extends beyond 100 feet of Eleventh Avenue, as measured along the West 32nd Street Extension **street line**, shall be set back at least 30 feet from the West 32nd Street Extension **street line**. Any portion of a **street wall** facing the West 31st Street Extension that extends beyond 100 feet of Eleventh Avenue, as measured along the West 31st Street Extension **street line**, shall be set back at least 15 feet from the West 31st Street Extension **street line**.

(b) **Building** base facing Eleventh Avenue

The provisions of this paragraph (b) shall apply to **street walls** below a height of 120 feet facing Eleventh Avenue and the West 31st and West 32nd Street Extensions within 50 feet of Eleventh Avenue. Such **street walls** shall rise without setback to a minimum height of 90 feet and a maximum height of 120 feet. Above a height of 120 feet, all portions of a **building** facing Eleventh Avenue shall be set back from the **street wall** of the **building** at least 15 feet, except such setback distance may include the depth of any permitted recesses. Portions of **street walls** along the West 31st and West 32nd Street Extensions within 50 feet of Eleventh Avenue need not set back above the maximum base height to allow tower portions that comply with the provisions of paragraph (c) of this Section to rise without setback.

All portions of a **building** that exceed the maximum base height of 120 feet shall comply with the tower provisions of paragraph (c) of this Section.

(c) Towers

All **stories** of a **building** located partially or wholly above the maximum base height of

120 feet shall be considered a tower and shall comply with the provisions of this paragraph (c). Not more than one tower shall be permitted on Site 4.

(1) Maximum floor plate

The gross area of any such **story** shall not exceed 12,000 square feet.

(2) Maximum length and height

For any portion of a tower above 120 feet, the maximum horizontal dimension, measured in any direction, shall not exceed 145 feet. However, if the angle of the tower's maximum horizontal dimension is aligned within 15 degrees of a 45 degree line constructed from either the southwest or northeast corner of the Site 4 rectangle, in plan, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, then such maximum horizontal dimension measured in this direction may be increased to 160 feet, provided that the maximum dimension measured perpendicular to such increased dimension does not exceed a length of 120 feet.

The maximum height of a tower on Site 4 shall be a minimum of 100 feet taller than any tower located on Site 3.

All towers that exceed a height of 350 feet shall provide articulation in accordance with Section [93-569](#) (Tower top articulation).

93-567 - Site 5

LAST AMENDED
4/29/2014

All **stories** of a **building** located wholly or partially above finished grade on Site 5 shall be considered a tower and shall comply with the provisions of this Section.

On Site 5, a **building** may be located adjacent to and above the **High Line**, provided no portion of such **building** or an associated structural column is located within five feet of the edge of the **High Line** from the level of finished grade to a level of 50 feet above the level of the **High Line bed**, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(a) Maximum floor plate

The gross area of any **story** within that portion of a **building or other structure** located east of the **High Line** and wholly or partially above the finished grade to a height of 50 feet above the **High Line bed** shall not exceed 5,000 square feet.

The aggregate gross area of any portion of a **building or other structure** located west of the **High Line** and wholly or partially above the finished grade to a height of 50 feet above the **High Line bed** shall not exceed 700 square feet, and the maximum

aggregate horizontal dimension of such portions, individually measured in their longest dimension, shall not exceed 30 feet.

The gross area of any **story** within that portion of a tower located above a height of 50 feet above the **High Line bed** shall not exceed 12,000 square feet.

(b) Maximum length and height

At or below a height of 50 feet above the **High Line bed**, if a **building** is located so that it has portions on both sides of the **High Line**, the minimum horizontal dimension, measured in any direction between such portions shall be 60 feet.

For that portion of a tower located above a height of 50 feet above the **High Line bed**, the maximum horizontal dimension, measured in any direction, shall not exceed 145 feet. However, if the angle of the tower's maximum horizontal dimension is aligned within 15 degrees of a 45 degree line constructed from either the southwest or northeast corner of the Site 5 rectangle, in plan, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, then such maximum horizontal dimension measured in this direction may be increased to 160 feet, provided that the maximum dimension measured perpendicular to such increased dimension does not exceed a length of 120 feet. Furthermore, the maximum horizontal dimension for that portion of a tower that spans the **High Line**, measured in any direction, shall not exceed 120 feet.

The maximum height of a tower on Site 5 shall be 350 feet.

93-568 - Site 6

LAST AMENDED
4/29/2014

In addition to the applicable requirements set forth in Section [93-562](#) (Street wall regulations for certain streets), the provisions of this Section shall apply to **buildings** on Site 6.

(a) Height and setback regulations

(1) **Street wall** beneath the **High Line**

The provisions of this paragraph (a) shall apply to **street walls** on Site 6 beneath the **High Line** that face West 30th Street, Eleventh Avenue and the Southwest Open Space.

All such **street walls** shall extend along the entire **street** frontage of the site, except that along West 30th Street, the **street wall** shall be no closer to the northerly **street line** of West 30th Street than the northerly edge of the southern row of structural columns of the **High Line**, and along the Southwest Open Space and Eleventh Avenue, the **street wall** shall extend to a point five feet

north of the **High Line**. Ground floor recesses up to three feet deep shall be permitted for access to **building** entrances.

All such **street walls** shall rise without setback to a maximum height of the underside of the **High Line bed**.

(2) **Building** base

(i) Facing Eleventh Avenue and the West 31st Street Extension, north of the **High Line**

The provisions of this paragraph (a)(2)(i) shall apply north of the **High Line** to **street walls** facing Eleventh Avenue, the West 31st Street Extension, portions of **street walls** facing the **High Line** within 60 feet of Eleventh Avenue, and portions of **street walls** facing the Southwest Open Space within 60 feet of the West 31st Street Extension. Such **street walls** shall rise without setback to a minimum height of 60 feet and a maximum height of 90 feet. Above a height of 90 feet, all portions of a tower, or portions of a transition height located beneath a tower facing Eleventh Avenue, the **High Line** and the West 31st Street Extension, shall be set back from the **street wall** of the **building** at least 15 feet, except such setback distance may include the depth of any permitted recesses. Portions of **street walls** along the Southwest Open Space within 60 feet of the West 31st Street Extension need not set back above the maximum base height to allow portions of towers, or portions of a transition height located beneath a tower that comply with the provisions of paragraphs (a)(3) and (a)(4) of this Section, respectively, to rise without setback. These **building** base provisions may apply along the **High Line** beyond 60 feet of Eleventh Avenue, up to a maximum distance of 100 feet from Eleventh Avenue.

(ii) Facing West 30th Street, north of the **High Line**

The provisions of this paragraph (a)(2)(ii) shall apply to **street walls** above the **High Line bed**, facing the **High Line** beyond 60 feet of Eleventh Avenue, and to those portions of **street walls** facing the Southwest Open Space that are within 60 feet of the **High Line**. Such **street walls** shall rise without setback to a minimum height of 50 feet as measured above the level of the **High Line bed**, and a maximum height of 60 feet as measured above the level of the **High Line bed**. Above a height of 60 feet, all portions of a tower, or portions of a transition height located beneath a tower facing the **High Line**, shall be set back from the **street wall** of the **building** at least 15 feet, except such setback distance may include the depth of any permitted recesses. Portions of **street walls** along the Southwest Open Space within 60 feet of the **High Line** need not set back above the maximum base height to allow

portions of a tower, or portions of a transition height located beneath a tower that comply with the provisions of paragraphs (a)(3) and (a)(4), respectively, to rise without setback.

All portions of a **building** that exceed the maximum base height of 90 feet shall comply with the tower provisions of paragraph (a)(4), with the exception of a **building** which provides a transition height in accordance with the provisions of paragraph (a)(3).

(3) Transition height

If the outermost walls of all **stories** of any tower provided in accordance with the tower provisions of paragraph (a)(4) are individually inscribed within a rectangle where the east-west dimension does not exceed a length of 110 feet, a transition height may be provided above the **building** base in accordance with the provisions of this paragraph (a)(3).

Above the maximum base height, a **street wall** may rise to a maximum transition height equal to two-thirds of the height of the **street wall** of the **building** base facing the West 31st Street Extension. Such a transition height shall not exceed a maximum height of 150 feet, as measured above the West 31st Street Extension **street line**.

All portions of a transition height shall be set back 30 feet from the **street wall** of the **building** base along the West 31st Street Extension and the **High Line**, except that where towers are provided directly above a portion of the transition height, such a portion of transition height located directly below a tower shall provide setbacks in accordance with the **building** base provisions of paragraph (a)(2) of this Section.

All portions of a **building** that exceed the maximum transition height shall comply with the tower provisions of paragraph (a)(4).

(4) Towers

All **stories** of a **building** located partially or wholly above a height of 90 feet, or 150 feet if a transition height is provided in accordance with the provisions of paragraph (a)(3), shall be considered a tower and shall comply with the provisions of this paragraph (a)(4).

(i) Maximum floorplate

If more than one tower is provided on Site 6, the aggregate gross area of any such tower **stories**, measured at any height, shall not exceed 25,000 square feet.

(ii) Maximum length and height

The outermost walls of all **stories** of a tower, when viewed from above, shall be inscribed within a rectangle where the east-west dimension shall not exceed a length of 160 feet and the north-south dimension shall not exceed a length of 110 feet. Where more than one tower is located on Site 6, each tower shall comply independently with such maximum dimensions.

The **aggregate width of street walls** of all **stories** of a tower facing the West 31st Street Extension or the **High Line** shall not exceed 220 feet within 40 feet of the **street wall** of the **building** base.

If more than one tower is provided on Site 6, such towers shall either be equal in height, or the easternmost tower shall have a height greater than the height of the westernmost tower.

All towers that exceed a height of 350 feet shall provide articulation in accordance with Section [93-569](#) (Tower top articulation).

(b) Certification to expand Site 6

The area of Site 6, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, may be extended westward by up to 40 feet in order to accommodate a public **school** upon certification of the Chairperson of the City Planning Commission, that:

- (1) the Chairperson is in receipt of a letter from the School Construction Authority that describes the need for the additional area;
- (2) the site and landscape plans for the Southwest Open Space have been approved by the Chairperson, pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F);
- (3) no portion of a tower located on Site 6 extends beyond 395 feet west of the Eleventh Avenue **street line**; and
- (4) any portion of a **building** located beyond 395 feet from the Eleventh Avenue **street line** shall affect southwesterly view corridors from the Central Open Space towards the Hudson River to the minimum extent necessary to accommodate a public **school**.

93-569 - Tower top articulation

LAST AMENDED
12/21/2009

All towers that exceed a height of 350 feet shall provide articulation in accordance with this Section.

For the purposes of this Section, a minimum of the uppermost 15 percent of the height of a **building or other structure**, including all rooftop mechanical structures and their required enclosures pursuant to the regulations of paragraph (b) of Section [93-41](#) (Rooftop Regulations), shall henceforth be referred to as the “Tower Top Zone”. However, chimneys, antennae or decorative spires shall not be considered part of the Tower Top Zone, provided no such structures contain **floor area**.

The height of such **building or other structure** shall be measured from the highest level of the public sidewalk or finished grade located nearest such **building or other structure**.

The Tower Top Zone shall contain an “Upper Zone” and a “Lower Zone.” The Lower Zone shall be a minimum of 50 percent of the height of the Tower Top Zone and shall contain tower **stories**. The Upper Zone shall contain the highest tower **story** where **floor area** occupies more than 75 percent of the gross area of such **story**, and any enclosed rooftop mechanical equipment.

For the purposes of this Section, each tower of a **building or other structure** shall be comprised of four separate tower top elevation views that shall be used to measure compliance with the regulations of this Section. Each elevation view shall have an angle of 90 degrees from another such view.

Each tower top shall provide the following forms of articulation:

(a) Change in the **building or other structure** profile

(1) Constructing the profile change boundary

To comply with the provisions of this paragraph (a)(1), a rectilinear boundary within the Tower Top Zone shall be created in each elevation view to determine the required amount of profile change. In order to construct such boundary, two datum lines shall first be drawn in each elevation view. Such datum lines shall begin at the average outermost edges of those portions of tower floor plates above a height of 350 feet containing **floor area** below the Tower Top Zone, and shall extend upward for the entirety of the height of the **building or other structure**. The rectilinear profile change boundary shall include the portion of these two datum lines within the Tower Top Zone, as well as their intersection with two datum lines indicating the uppermost elevation and the lowermost elevation of the Tower Top Zone. In addition, a datum line shall indicate the boundary between the Upper and Lower Zone, creating a boundary for both the Upper Zone and Lower Zone.

(2) Required profile change

A minimum of 10 percent of the area of the profile change boundary within the Lower Zone shall remain open to the sky in each required elevation view. Such profile change shall begin upward at the lowermost datum line of the Tower Top Zone. In addition, a minimum of 20 percent of the area of the profile change

boundary within the Upper Zone shall remain open to the sky in each required elevation view.

However, for portions of a **building or other structure** providing enclosed rooftop mechanical equipment within the Upper Zone, the width (as viewed in elevation) of the lowermost portion of enclosed rooftop mechanical space at that point in elevation which coincides with the uppermost portion of the highest tower **story** shall in no event be reduced beyond 50 percent of the width of such highest tower **story**. Upwards of such a point in elevation, no restriction on maximum width reduction for enclosed rooftop mechanical spaces shall apply.

(b) Change in the **building or other structure lot coverage**

For portions of a **building or other structure** within the Lower Zone, the average **lot coverage** for all tower **stories** within such zone shall not exceed 80 percent of the **lot coverage** of the tower **story** with the largest **lot coverage** below the Tower Top Zone and above a height of 350 feet.

(c) Material continuity

A minimum of 10 percent of the surface area of the exterior portion of the facade of the **building or other structure** within the Tower Top Zone, as viewed in elevation, shall be composed of a single material. Such material shall be continuously visible (in each elevation view) from the lowermost datum line of the Tower Top Zone to the uppermost datum line of the Tower Top Zone. However, within each **story** of the Lower Zone, a break in the vertical continuity of the material shall be permitted, provided that the vertical break does not exceed 12 inches.

93-57 - Special Permit for Modification of Height and Setback Regulations

LAST AMENDED
2/2/2011

Within the **Special Hudson Yards District**, except within C1-7A Districts, or C2-5 Districts mapped within R8A Districts, for **developments** or **enlargements** on **zoning lots** with at least 20,000 square feet of **lot area** or **developments** or **enlargements** on any size **zoning lot** that occupy the entire **block** front along a **wide street**, the City Planning Commission may modify the regulations set forth in Sections [93-40](#) (HEIGHT AND SETBACK REGULATIONS), inclusive, and [93-50](#) (SPECIAL HEIGHT AND SETBACK REGULATIONS), inclusive, provided the Commission finds that:

- (a) such modifications will result in a better distribution of **bulk** on the **zoning lot** and will not adversely affect access to light and air for surrounding public access areas, **streets** and properties;
- (b) where the **development** or **enlargement** is subject to the requirements of Sections [93-](#)

[60](#) (MANDATORY IMPROVEMENTS), inclusive, or [93-70](#) (PUBLIC ACCESS REQUIREMENTS FOR SPECIAL SITES), inclusive, such modifications will not impair the quality of such public access areas on the **zoning lot**;

- (c) such modifications are consistent with the goal of the special district to provide flexibility of architectural design and encourage more attractive building forms; and
- (d) such modifications will result in a **development** or **enlargement** that enhances the streetscape and will be compatible with development in the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects of the **development** or **enlargement** on the character of the surrounding area.

93-60 - MANDATORY IMPROVEMENTS

LAST AMENDED
1/19/2005

93-61 - Sidewalk Widening

LAST AMENDED
1/19/2005

Map 4 (Mandatory Sidewalk Widening) in Appendix A of this Chapter specifies locations of mandatory sidewalk widening. The depth of such sidewalk widening shall be as indicated on Map 4 in Appendix A and shall be measured perpendicular to the **street line**. All sidewalk widening shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalks, and shall be accessible to the public at all times.

93-62 - Street Tree Planting

LAST AMENDED
4/30/2008

In addition to the applicable underlying **street** tree planting requirements, in the Four Corners Subarea A2 of the Large-Scale Plan Subdistrict A, trees shall also be provided along the **street** edge of the mandatory sidewalk widening along West 34th Street. All such trees shall be provided for the entire length of the **street** frontage of the **zoning lot**, at maximum intervals of 25 feet. Trees shall be planted in gratings flush to grade in at least 200 cubic feet of soil per tree with a depth of soil at least three feet, six inches. Species shall be selected and installed in accordance with specifications established by the Department of Parks and Recreation. The provisions of this Section shall not apply where the Department of Parks and Recreation determines that such tree planting would be infeasible.

93-63 - Pedestrian Circulation Space

LAST AMENDED
2/2/2011

In C2-8 and C6-4 Districts, all **developments** or **enlargements** on **zoning lots** of 5,000 square feet or larger with more than 70,000 square feet of new **floor area** shall provide pedestrian circulation space in accordance with the provisions of Section [37-50](#). In addition, for **developments** or **enlargements** that provide subway entranceways constructed after December 21, 2005, one and one-half times the area of such entranceway accessible to the public at **street** level may qualify as pedestrian circulation space, up to a maximum amount of 3,000 square feet.

Pedestrian circulation space shall not be required if any of the following conditions exist:

- (a) The **zoning lot** is entirely occupied by a **building** of no more than one **story** in height.
- (b) The **zoning lot** is an **interior lot** fronting on a **wide street** with less than 80 feet of **street** frontage.
- (c) The **zoning lot** is a **through lot** and both **street** frontages are less than 25 feet in length.
- (d) The **zoning lot** is required to provide public access pursuant to Section [93-70](#) (PUBLIC ACCESS REQUIREMENTS FOR SPECIAL SITES).

93-64 - Major Building Entrances

LAST AMENDED
2/2/2011

Any **development** or **enlargement** with a **commercial floor area ratio** of 5.0 or greater and located on a **zoning lot** with frontage upon Hudson Boulevard shall provide a major entranceway to the **commercial** portion of the **building** on Hudson Boulevard.

Any **development** or **enlargement** containing **residences** located on **zoning lots** with frontage upon Tenth Avenue north of West 33rd Street shall provide a major entrance to the **residential** portion of the **building** on or within 100 feet of Tenth Avenue.

The **street wall** of any **building** facing east towards Ninth Avenue south of West 33rd Street shall contain either a major **building** entrance or have at least 70 percent of its ground floor frontage occupied by retail **uses**.

93-65 - Transit Facilities

LAST AMENDED
10/27/2010

- (a) Any **development** or **enlargement** on a **zoning lot** that includes the southwest corner of West 40th Street and Eighth Avenue shall provide an easement for public access to the subway mezzanine or station as illustrated on Map 5 (Transit Facilities) in Appendix A

of this Chapter. The easement shall accommodate a relocated subway entrance from the adjoining sidewalk to a location within the **development** or **enlargement**.

The Chairperson of the City Planning Commission shall certify that a plan has been submitted indicating the volume of the easement necessary for future construction of a subway entrance. Such plan shall be developed in consultation with, and with the approval of, the Transit Authority. The Chairperson may alternately certify that a plan has been submitted whereby the applicant agrees to provide the required easement, at the applicant's expense, within two years of request by the Transit Authority or by its designee.

An instrument establishing such transit easement, or agreement to provide one within two years of request by the Transit Authority, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of such certification. Such filing and recording of the instrument shall be a precondition for the filing for or issuance of any building permit for any **development** or **enlargement** on the **zoning lot**. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

Floor space within any required transit easement shall be excluded from the definition of **floor area**, and may be temporarily used by the owner of the **zoning lot** for any permitted **uses** until such time as required by the Transit Authority or by its designee for subway purposes. Improvements or construction of a temporary nature within the easement volume for such temporary **uses** shall be removed by the owner of the **zoning lot** prior to the time at which public use of the easement area is required. A minimum notice of six months in writing shall be given by the Transit Authority to the owner of the **zoning lot** in order to vacate the tenants of such temporary **uses**.

- (b) For the locations listed in this paragraph, (b), floor space devoted to subway-related **uses** consisting of ventilation facilities and other facilities or services used or required in connection with the operation of a subway line or station, which are established pursuant to an easement or other agreement, shall be excluded from the definition of **floor area** in Section [12-10](#):
- (1) The volume bounded by Eleventh Avenue, a line 52 feet north of and parallel to West 33rd Street, the western boundary of the **public park**, and West 33rd Street, up to a height of 82 feet, as illustrated on Map 5.
 - (2) The volume bounded by Eleventh Avenue, West 36th Street, a line 95 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 36th Street, up to a height of 129 feet, as illustrated on Map 5.
 - (3) The tax lot located at Block 1051, Lot 2, existing on October 27, 2010, up to a height of 73 feet, as illustrated on the District Map in Appendix A of the **Special Clinton District**.

- (4) The volume bounded by a line 37 feet east of and parallel to Eleventh Avenue, West 26th Street, a line 100 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 26th Street, up to a height of 60 feet, as illustrated on the District Map in Appendix A of the ***Special West Chelsea District***.

Any transit easement or other agreement for such subway-related ***use*** shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, and indexed against the property.

93-66 - Open Area Requirements in the Large-Scale Plan Subdistrict A

LAST AMENDED
10/17/2007

In Subareas A2 through A5 of the Large-Scale Plan Subdistrict A, the provisions of this Section shall apply to all open areas between the ***street wall*** of any ***development*** or ***enlargement*** and the ***street line***.

- (a) Where such open areas are sidewalk widenings required pursuant to Section [93-61](#), or where a sidewalk widening is not required but an open area extends along the entire ***street line*** of the ***zoning lot***, no obstructions shall be permitted within such open areas within five feet of the ***street line***. Beyond five feet of the ***street line***, up to a distance of 10 feet from the ***street line***, obstructions shall be limited to seating, tables, and trees planted flush to grade. Any open area provided beyond 10 feet of the ***street line*** shall comply with the provisions of paragraphs (b) through (d) of this Section, as applicable.
- (b) All open areas less than 1,200 square feet in area, or open areas of any size but with a width or depth of less than 30 feet, shall be paved or contain landscaping. Paved areas shall be at the same elevation as the adjoining sidewalk or any adjoining public access area required pursuant to this Chapter.
- (c) All open areas at least 1,200 square feet in area, and with a width and depth of at least 30 feet, shall be paved and contain landscaping. Paved areas shall not be more than 2 feet, 6 inches above or below the level of the adjoining sidewalk or any adjoining public access area required pursuant to this Chapter.
- (d) Open areas described in paragraphs (b) and (c) of this Section may be occupied by features, equipment and appurtenances normally found in ***public parks*** and playgrounds, as listed in Section [37-726](#) (Permitted obstructions). In addition, gates or fences shall be permitted for open areas described in paragraph (c) of this Section, provided such gates are fully open during business hours, such gates or fences are not higher than five feet, and are a minimum of 65 percent open to permit visibility of the open area. No parking areas shall be permitted in any open area. Driveways in any open area shall lead directly to an enclosed parking or loading facility, except that portes-cocheres are allowed in any open area on ***zoning lots*** with at least 80,000

square feet of **lot area**. **Building** trash storage facilities and mechanical equipment shall be screened by a wall or planted area sufficient to visually conceal these facilities from the **street** or any public access area. All paved areas shall be accessible to the public during business hours and have lighting with a minimum level of two foot candles. Edges of planters in all landscaped areas shall not be higher than 2 feet, 6 inches above the level of any adjacent paved area.

93-70 - PUBLIC ACCESS REQUIREMENTS FOR SPECIAL SITES

LAST AMENDED
4/29/2014

Public access shall be provided for special sites as specified in this Section, inclusive. In the event of a conflict between the provisions of this Section, inclusive, and any underlying regulation, the provisions of this Section shall govern.

No building permit shall be issued for any **development** or **enlargement** on such sites other than for an **ERY Culture, Festival and Exhibit Facility** until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the provisions of this Section have been met.

An application for such certification shall be filed with the Chairperson showing the plan of the **zoning lot**; a site plan indicating the area and dimensions of all required public access areas and the location of all proposed **buildings**, and a detailed plan or plans demonstrating compliance with the provisions of this Section. For certifications relating to the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, the requirements set forth in paragraph (h) of Section [93-71](#), shall apply. For certifications relating to 450 West 33rd Street, the requirements set forth in Section [93-722](#) shall apply. For certifications relating to the Ninth Avenue Rail Yard, the requirements set forth in Section [93-732](#) shall apply.

Plans for public access areas shall be set forth in an instrument in a form acceptable to the City, and setting forth such provisions as necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification under this Section. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

The Chairperson shall allow for the phased development of public access areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any public access area that is integral to the **development** of a **building** or **buildings** within each phase. The completion of the Cultural Facility Plaza shall be deemed integral only to an **ERY Culture, Festival and Exhibit Facility** and to no other **use** or **development** in the Eastern Rail Yard Subarea A1. Where the public use and enjoyment of a public access area is contingent upon **development** on an adjacent **zoning lot** that has not yet occurred, the Chairperson may allow for the future development of such public access area at the time that the adjacent **zoning lot** is **developed**. For the Eastern Rail Yard Subarea A1, such

phased development plan may provide for the outdoor plaza described in paragraph (b) of Section [93-71](#) to be constructed in phases. For 450 West 33rd Street and the Ninth Avenue Rail Yard, such phased development plan shall comply with additional provisions set forth in Sections [93-722](#) and [93-732](#), respectively.

For any portion of any **development** or **enlargement** other than an **ERY Culture, Festival and Exhibit Facility**, no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of any **development** or **enlargement** with a **floor area ratio** of 10.0 or more until the Chairperson certifies to the Department of Buildings that the public access area is substantially complete, and the public access area is open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** or **enlargement** with a **floor area ratio** of 10.0 or more until the Chairperson certifies to the Department of Buildings that the public access area is complete and that all public access requirements of this Section have been met in accordance with the plans for such public access areas. Notwithstanding the foregoing, for **zoning lots** with multiple **buildings** for which the Chairperson has certified that a plan has been submitted that provides for the phased development of public access areas through completion of any public access area that is integral to the **development** of a **building** or **buildings** within each phase, such certifications shall be made with respect to substantial completion or completion of the public access areas integral to each such phase, except as provided in paragraph (h) of Section [93-71](#), and Section [93-732](#). Issuance of a temporary or permanent certificate of occupancy for any **building**, or portion of a **building**, not occupied by an **ERY Culture, Festival and Exhibit Facility** shall not be conditioned upon the completion, substantial completion or improvement of the Culture Facility Plaza.

For an **ERY Culture, Festival and Exhibit Facility**, no temporary certificate of occupancy from the Department of Buildings may be issued for such **ERY Culture, Festival and Exhibit Facility** until the Chairperson certifies to the Department of Buildings that the Culture Facility Plaza described in paragraph (j) of Section [93-71](#) is substantially complete and open to and useable by the public and no permanent certificate of occupancy from the Department of Buildings may be issued for the **ERY Culture, Festival and Exhibit Facility** until the Chairperson certifies to the Department of Buildings that the Culture Facility Plaza is complete. If a moveable portion of the **ERY Culture, Festival and Exhibit Facility** is not initially constructed as part of the **ERY Culture, Festival and Exhibit Facility** but is constructed at a later date, any closure of the Culture Facility Plaza necessary for such construction shall not affect the validity of any certificate of occupancy previously issued for the **ERY Culture, Festival and Exhibit Facility**. No temporary certificate of occupancy for the moveable portion that is thereafter constructed, or an amended temporary certificate of occupancy for the **ERY Culture, Festival and Exhibit Facility** that includes the moveable portion, may be issued by the Department of Buildings until the Chairperson certifies to the Department of Buildings that the reconstructed Culture Facility Plaza is substantially complete and open to and useable by the public and no permanent certificate of occupancy for the moveable portion that is thereafter constructed, or an amended permanent certificate of occupancy for the **ERY Culture, Festival and Exhibit Facility** that includes the moveable portion, may be issued by the Department of Buildings until the Chairperson certifies to the Department of Buildings that the reconstructed Culture Facility Plaza is complete.

93-71 - Public Access Areas in the Eastern Rail Yard Subarea A1

LAST AMENDED
7/24/2013

Any **development** in the Eastern Rail Yard Subarea A1 shall provide public access areas in accordance with the following requirements:

(a) Amount of public access areas

Public access areas shall be provided in an amount not less than 55 percent of the **lot area** of the **zoning lot**. At least 40 percent of the **lot area** of the **zoning lot** shall be publicly accessible and open to the sky. At least an additional 15 percent of the **lot area** of the **zoning lot** shall be publicly accessible and may be either open or enclosed. Such open or enclosed areas shall be comprised of the types of public access areas listed in paragraphs (b) through (f), and paragraphs (h) and (j), of this Section. For purposes of determining compliance with such 55 percent and 40 percent requirements, the Culture Facility Plaza, any portion of the connection to the High Line allowed to be covered by the moveable portion of an **ERY Culture, Festival and Exhibit Facility** pursuant to paragraph (f), and any portion of the connection to the High Line that is not required to have a clear height of 60 feet pursuant to paragraph (f) shall be deemed publicly accessible and open to the sky at all times, including any time when a moveable portion of an **ERY Culture, Festival and Exhibit Facility** extends over the Culture Facility Plaza or the connection to the High Line. Open areas may also include the area of the sidewalk widening along Eleventh Avenue required pursuant to Section [93-61](#) and, at the option of the owner, the **Tenth Avenue Spur**. If the Cultural Facility Plaza is closed during the construction of the moveable portion of the **ERY Culture, Festival and Exhibit Facility**, the amount of publicly accessible open space shall not be considered reduced during such period.

All public access areas listed in this Section, other than the **ERY High Line** and the **Tenth Avenue Spur**, shall be accessible to the public, as follows:

- (1) unenclosed public access areas shall be accessible between the hours of 6:00 a.m. and 1:00 a.m., except that any portions of the outdoor plaza, as described in paragraph (b) of this Section, designed and constructed for purposes of vehicular use, shall be accessible at all times, except as necessary to perform maintenance and repairs or address hazardous or emergency conditions;
- (2) enclosed portions of the through block connection and connection to the public plaza, described in paragraphs (d) and (e) of this Section, shall be accessible to the public between the hours of 8:00 a.m. and 10:00 p.m.; and
- (3) upon completion of the Tenth Avenue bridge, described in paragraph (g) of this Section, access between the bridge and the outdoor plaza shall be provided by means of the through block connection between the hours of 6:00 a.m. and 1:00 a.m.

All public access areas, other than the **ERY High Line** and the **Tenth Avenue Spur**, shall include public space signage erected at conspicuous locations. Such signs shall include the statement “Open to the Public,” followed by the hours of operation specified in this paragraph (a). The public space signage for the Culture Facility Plaza may include additional information, consistent with the provisions of paragraph (j) of this Section.

(b) Outdoor plaza

A publicly accessible space, open to the sky (hereinafter referred to as the “outdoor plaza”), shall be located within the area bounded by West 33rd Street, the southerly prolongation of the eastern sidewalk widening line of Hudson Boulevard East, a line 250 feet north of and parallel to West 30th Street, Eleventh Avenue, a line 220 feet south of and parallel to West 33rd Street, and the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West. Such open area may extend beyond such boundaries and have necessary grade changes, and up to 10 percent of the area of such outdoor plaza may be covered by a **building or other structure**

In addition, a **building** containing eating or drinking places and **uses** listed in Use Groups 6A and 6C may be located within the outdoor plaza (but shall not be included as public access area pursuant to paragraph (a) of Section [93-71](#)), provided that any such **building**:

- (1) is located within the area west of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West and within 400 feet of West 30th Street;
- (2) covers no more than 3,600 square feet of the **zoning lot** at the level of the outdoor plaza and above;
- (3) contains no more than 7,200 square feet of **floor area** at the level of the outdoor plaza and above, and no more than 3,600 square feet of **floor area** below the level of the outdoor plaza;
- (4) has a maximum north-south dimension of 85 feet at the level of the outdoor plaza and above;
- (5) is located such that the maximum east-west dimension measured along a line 355 feet from West 30th Street is 40 feet at the level of the outdoor plaza and above. For portions of the **building** located north or south of such line, the maximum east-west dimension shall increase at a rate of one foot in the east-west dimension for every four feet in the north-south dimension from such line, up to a maximum east-west dimension of 60 feet; and
- (6) has a maximum perimeter wall height of 24 feet, and a maximum **building** height of 30 feet. Above a height of 24 feet, no portion of a **building** may penetrate a **sky exposure plane** that begins at a height of 24 feet above the perimeter

walls and rises over the **building** at a slope of 2.5 feet of horizontal distance for each foot of vertical distance. Such heights shall be measured from the highest level of the adjoining portions of the outdoor plaza.

No **building** location or setback requirements shall apply to any **building** walls facing the northern, eastern or southern boundaries of the outdoor plaza.

Building walls fronting upon the western boundary of the outdoor plaza shall extend along at least 70 percent of the length of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard West and shall rise to a minimum height of 90 feet and a maximum height of 120 feet. Above a height of 120 feet, a setback at least 20 feet in depth is required from such prolongation line. However, such **building** wall may rise without setback at such prolongation line, provided the aggregate width of such **building** wall does not exceed 50 percent of the width of such line and provided all other portions of the **building** that exceed a height of 120 feet are set back at least 20 feet from such prolongation line at a height not lower than 90 feet.

The retail and glazing requirements of Section [93-14](#) (Ground Floor Level Requirements) shall apply to at least 70 percent of the length of all **building** walls facing each side of the outdoor plaza, except that such retail requirements shall not apply to any **building**, or portion of a **building**, located west of the southerly prolongation of the eastern sidewalk widening line of Hudson Boulevard East and within 220 feet of West 30th Street containing **uses** in Use Group 3 or 4 or an **ERY Culture, Festival and Exhibit Facility**.

(c) Public plaza

A publicly accessible space, (hereinafter referred to as a “public plaza”), shall be provided at the intersection of Tenth Avenue and West 30th Street. Such public plaza shall have a minimum area of 12,000 square feet with a minimum frontage of 180 feet along Tenth Avenue and a minimum frontage of 60 feet along West 30th Street. Such public plaza shall be open to the sky except that such space may be covered by the **ERY High Line** structure, including any connections to the **ERY High Line** or other design features, as well as a **building** or portion of a **building** as allowed pursuant to Section [93-514](#), paragraph (a)(4), except that no **building** or portion of a **building** may encroach within the area that is within 60 feet of Tenth Avenue and 180 feet of West 30th Street. In addition, no more than 50 percent of the public plaza shall be covered by the permitted obstructions described in Section [37-726](#), paragraph (a), as well as any vents or shafts that are placed by the Department of Environmental Protection within the portion of the public plaza that is subject to an access easement.

Such public plaza shall contain the following amenities:

- (1) no less than 120 linear feet of fixed seating;
- (2) no less than 12 moveable tables and 48 moveable chairs; and

- (3) no less than four trees or multi-stemmed equivalents measuring at least four inches in caliper at the time of planting, which trees or multi-stemmed equivalents may be planted in a planting bed. In addition, such public plaza shall contain at least two of the following additional amenities:
- (i) artwork;
 - (ii) water features; or
 - (iii) food service located in a retail space directly accessible from the public plaza.

The glazing requirements of Section [93-14](#), paragraph (c), shall apply to at least 70 percent of the length of all **building** walls, other than the **building** walls of any facility operated by the Long Island Rail Road, or its successor, facing each side of the public plaza. In addition, at least 25 percent of the frontage of all **building** walls facing the portion of the public plaza that is within 60 feet of Tenth Avenue and 180 feet of West 30th Street shall be occupied by **uses** listed in Use Groups 6A and 6C or the connection to the public plaza described in paragraph (e) of this Section.

(d) Through block connection

A publicly accessible through block connection shall be provided connecting the outdoor plaza with the Tenth Avenue sidewalk within 50 feet or anywhere north of the center line of West 32nd Street. Public access shall also be provided between such through block connection and the Tenth Avenue bridge at the time such bridge is constructed pursuant to paragraph (g) of this Section, and may connect to other public access areas or sidewalks. Such through block connection may be open to the sky or enclosed, need not be linear and may have necessary grade changes.

Such through block connection shall have a minimum width of 30 feet and any enclosed portion shall have a minimum height of 30 feet. As an alternative, if an enclosed atrium space adjacent to the outdoor plaza is provided as part of the through block connection that meets all the following dimensional requirements: (1) comprises no less than 4,000 square feet with a minimum height of 60 feet and a minimum depth of 50 feet as measured by a line parallel from the **building** wall facing the outdoor plaza; (2) is free of **building** structural obstructions other than vertical circulation and other elements occupying no more than 500 square feet in the aggregate; and (3) contains interior walls facing such area that comply with the ground floor retail **use** requirements of Section [93-14](#), paragraph (a), then such through block connection may: (i) have a minimum width of 24 feet; and (ii) have a minimum height of 34 feet for at least 70 percent of the aggregate enclosed area of the through block connection (including the atrium), provided that no portion of the through block connection shall have a minimum height less than 17 feet.

The retail and glazing requirements of Section [93-14](#) shall apply to at least 50 percent of the length of all **building** walls facing each side of the through block connection (or, if enclosed, the interior walls facing the through block connection). The through block

connection may be occupied by the following permitted obstructions: vertical circulation elements including escalators, stairs and elevators, columns and lighting elements, provided that such permitted obstructions shall not occupy more than 20 percent of the through block connection, and a single path of travel no less than 24 feet in width is maintained. Vertical circulation elements traversing the grade changes of the through block connection shall be considered a part of the through block connection and not an obstruction.

(e) Connection to public plaza

A public way, open or enclosed, shall be provided connecting the outdoor plaza or the through block connection with the public plaza. Such connection need not be linear and may have necessary grade changes. The retail and glazing requirements of Section [93-14](#) shall apply to at least 50 percent of the length of all **building** walls facing each side of such connection (or, if enclosed, the interior walls facing the connection). The minimum clear width of such public way shall be 20 feet. For any portions that are enclosed, the minimum clear height shall be 34 feet within at least 50 percent of the enclosed area of the connection to the public plaza, provided that no portion of the connection to the public plaza shall have a minimum height less than 17 feet. The connection to the public plaza may be occupied by the following permitted obstructions: vertical circulation elements including escalators, stairs and elevators, columns and lighting elements, provided that such permitted obstructions shall not occupy more than 20 percent of the connection to the public plaza and a single path of travel no less than 20 feet in width is maintained. Vertical circulation elements traversing the grade changes of the connection to the public plaza shall be considered a part of the connection to the public plaza and not an obstruction.

(f) Connection to High Line

A publicly accessible connection between the High Line and the outdoor plaza (hereinafter referred to as the “connection”) shall be provided that has a minimum width, measured parallel to the High Line, of 60 feet and is located east of the Culture Facility Plaza. For a width of 60 feet measured parallel to the High Line, the clear height of the connection shall be at least 60 feet. Above such height, overhangs of the 60 foot width dimension of the connection shall be permitted by the movable portion of the **ERY Culture, Festival and Exhibit Facility**, provided that the angle of such overhang is a maximum of 14 degrees east of the vertical extension of the western edge of such 60 foot width, as measured from the intersection of such vertical extension with the 60 foot clear height of the connection. Additionally, such overhang shall project over no more than 16 feet of the 60 foot width dimension. Any portion of the connection east of the minimum 60 foot width shall, if covered, have a minimum clear height of 60 feet. The movable portion of the **ERY Culture, Festival and Exhibit Facility** shall be permitted to overhang any portion of the connection west of such minimum 60 foot width, provided that the angle of such overhanging portion is a maximum of 14 degrees measured at the western edge of the connection at its ground level. The glazing requirements of Section [93-14](#), paragraph (c), shall apply to at least 50 percent of the length of all **building** walls

facing the connection.

(g) Tenth Avenue bridge

A publicly accessible pedestrian bridge shall be provided over Tenth Avenue linking the through block connections required pursuant to paragraph (d) of this Section and paragraph (a) of Section [93-72](#) (Public Access Areas at 450 West 33rd Street). Such bridge need not be constructed until the 450 West 33rd Street through block connection has been completed. Such bridge may be open or enclosed, have a minimum clear width of 30 feet and, if enclosed, have a minimum clear height of 15 feet. Such bridge shall be located within 10 feet of the center line of West 32nd Street and be at the same elevation as the through block connection required pursuant to paragraph (a) of Section [93-72](#).

(h) ***ERY High Line*** and ***Tenth Avenue Spur***

The ***ERY High Line*** shall be provided as a publicly accessible open area. The ***Tenth Avenue Spur*** may, at the option of the owner, also be provided as a publicly accessible open area.

- (1) In order to meet the public access area requirements of Section [93-71](#), paragraph (a), and this paragraph (h), the following shall be provided for the ***ERY High Line***, and shall, if the owner has elected to include the ***Tenth Avenue Spur*** as a public access area, be further provided for the ***Tenth Avenue Spur***:
 - (i) Payment of the ***High Line Rehabilitation Deposit***; or subject to entry into construction-related agreements with the City or its designee, completion of the rehabilitation of the ***ERY High Line*** and, if applicable, the ***Tenth Avenue Spur***, not later than March 31, 2013, subject to a determination of force majeure by the City in accordance with the terms thereof. If the owner has elected to perform the rehabilitation work, then all such work shall be completed in accordance with plans and specifications prepared by or on behalf of the City;
 - (ii) Payment of the ***High Line Landscape Improvement Deposit***;
 - (iii) Provision of ***High Line Maintenance Funding***;
 - (iv) An easement agreement allowing use of the ***ERY High Line*** for public space in accordance with the requirements of this paragraph (h), as well as for use and access for rehabilitation, improvement, maintenance and repair purposes, acceptable to the City.

Such requirements shall be set forth in agreements or instruments in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. The execution of such agreements by the owner, and mortgagees and parties in interest of the owner,

and, where appropriate, the filing and recordation of such instruments in the Borough Office of the City Register of the City of New York, indexed against the property, shall be a precondition to the Chairperson's certification to the Department of Buildings for a building permit under Section [93-70](#). The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

- (2) No certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section [93-70](#) shall be permitted unless the **ERY High Line** is included as a public access area for the initial phase in accordance with the provisions of this paragraph (h).
- (3) No crane permit shall be granted for construction of a **development** or **enlargement** in such initial phase until the Chairperson certifies to the Department of Buildings that: (i) either the **High Line Rehabilitation Deposit** has been made or all construction documents and instruments necessary for accomplishment of the rehabilitation of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, in accordance with paragraph (h)(1)(i) of this Section, have been executed and delivered; and (ii) the **High Line Landscape Improvement Deposit** has been made.
- (4) No temporary or permanent certificate of occupancy for a **development** or **enlargement** in such initial phase shall be granted unless the Chairperson certifies to the Department of Buildings that (i) either the **High Line Rehabilitation Deposit** has been previously furnished or the rehabilitation of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, have been completed in accordance with the construction documents and instruments; (ii) the initial installment of **High Line Maintenance Funding** has been delivered, provided and to the extent that the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, have been substantially completed and are open for use by the public; and (iii) the easement agreement described in paragraph (h)(1)(iv) of this Section, is in effect for the **ERY High Line**. The requirement for a certification of substantial completion of public access areas before the granting of a temporary certificate of occupancy for the **development** or **enlargement** within such phase pursuant to Section [93-70](#) shall not apply with respect to the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**.
- (5) Nothing herein shall be construed to affect any obligation of the owner to make the **High Line Rehabilitation Deposit** at an earlier date, in accordance with the terms of agreements or instruments entered into by the parties, or to complete rehabilitation work for the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, by March 31, 2013, subject to a determination of force majeure by the City in accordance with the terms of such agreements.
- (6) Use by the City of the **High Line Landscape Improvement Deposit** for improvement of the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, shall be subject to approval by the Chairperson, based upon a determination

that the design and location of access points to the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, have been arranged such that public use thereof will not result in any significant adverse impacts with respect to transit or pedestrians.

- (i) Certifications for phased development pursuant to Section [93-70](#) granted before May 31, 2012

If a certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section [93-70](#) was granted before May 31, 2012, such certification shall expire 45 days following such date and shall thereupon no longer be in force and effect. Within said 45-day period, a new application for certification pursuant to Section [93-70](#) and Section [93-71](#), paragraph (h), shall be filed by the owner which shall include the **ERY High Line** and, if applicable, the **Tenth Avenue Spur**, as public access areas associated with the initial phase, in addition to any other public access areas previously so certified. The expiration of any certification under Section [93-70](#) granted before May 31, 2012, shall not affect the validity of any permit issued by the Department of Buildings prior to the expiration of such 45-day period, provided the new application under Section [93-70](#) and Section [93-71](#), paragraph (h), is made within such 45-day period.

In the event that a certification for the phased development of public access areas on the Eastern Rail Yard Subarea A1 under Section [93-70](#) was granted before May 31, 2012, and a crane permit for the construction of a **development** or **enlargement** within such initial phase was granted prior to 45 days after May 31, 2012, the preconditions to issuance of a crane permit set forth in Section [93-71](#), paragraph (h), shall be prerequisites for the grant of any new certification for phased development made under this paragraph (i).

- (j) Culture Facility Plaza

A publicly accessible space located east of and **abutting** the non-moveable portion of an **ERY Culture, Festival and Exhibit Facility**, and bounded to the north by the outdoor plaza and to the south by the **ERY High Line** shall be provided. During times when the Culture Facility Plaza is not covered by the moveable portion of an **ERY Culture, Festival and Exhibit Facility**, the Culture Facility Plaza may be used for purposes of outdoor events related to an **ERY Culture, Festival and Exhibit Facility**. Outdoor installations for such events, including seating, shall be restricted to the Culture Facility Plaza. All such events shall be open and accessible to the general public free of admission charge, provided that ticketed events with tickets available on a first come, first served, or timed basis, shall be permitted. During all times when the Culture Facility Plaza is not used for an **ERY Culture, Festival and Exhibit Facility** event or covered by the moveable portion of an **ERY Culture, Festival and Exhibit Facility**, the Culture Facility Plaza shall be open and accessible to the public between the hours of 6:00 a.m. and 1:00 a.m. Notwithstanding any other provision, the Culture Facility Plaza may be closed to the public not more than 12 days each calendar year for an event related to

the **ERY Culture, Festival and Exhibit Facility**, provided that not less than five days prior to any such closing, notice is given to the applicable community board and is posted at conspicuous locations at such plaza. No **building** or portion of a **building** that is not used for an **ERY Culture, Festival and Exhibit Facility** shall have any obligation to comply with the requirements of paragraph (a), or this paragraph (j), of this Section related to the Culture Facility Plaza.

93-72 - Public Access Areas at 450 West 33rd Street

LAST AMENDED
4/29/2014

For the purposes of this Section [93-72](#), inclusive, 450 West 33rd Street shall be considered the area bounded by the eastern **street line** of Tenth Avenue, the northern **street line** of West 31st Street, a line 302 feet east of the eastern **street line** of Tenth Avenue and the southern **street line** of West 33rd Street. Such area shall include the tax lots located at Block 729, Lots 1 and 15, existing on April 29, 2014. Any **development** or **enlargement** in such area shall provide public access areas in accordance with the provisions of this Section. However, if a special permit has been granted for the **development** of an arena pursuant to Section [74-41](#) in the area bounded by the western **street line** of Ninth Avenue, the northern **street line** of West 31st Street, a line 498 feet west of the western **street line** of Ninth Avenue and the southern **street line** of West 33rd Street, the provisions of this Section may be waived or modified in conjunction with such special permit. All public access areas listed in this Section shall be accessible to the public between the hours of 6:00 a.m. and 1:00 a.m.

(a) Through block connection

A publicly accessible through block connection shall be provided within 10 feet of the prolonged center line of West 32nd Street, at an elevation that connects the Tenth Avenue pedestrian bridge required pursuant to paragraph (g) in Section [93-71](#) with the Dyer Avenue Platform required pursuant to paragraph (b) of this Section and paragraph (e) of Section [93-73](#) (Public Access Areas on the Ninth Avenue Rail Yard). Public access shall also be provided between such through block connection and the Tenth Avenue sidewalk.

For **developments** or **enlargements** where 75 percent or less of the total **floor area** existing on the **zoning lot** on January 19, 2005, has been demolished, such through block connection shall be open or enclosed and have a minimum clear width of 30 feet. If enclosed, at least 75 percent of such through block connection shall have a minimum clear height of 30 feet, and the remainder shall have a minimum clear height of 20 feet.

For **developments** or **enlargements** where more than 75 percent of the total **floor area** existing on the **zoning lot** on January 19, 2005, is demolished, such through block connection shall have a minimum width of 60 feet and a minimum clear path of 20 feet, and have retail uses fronting upon at least 50 percent of its northern and southern boundaries. At least 60 percent of such through block connection shall be enclosed,

with an average clear height of 60 feet and a roof of transparent material that allows for natural daylight to enter. Direct access shall be provided to any **building** adjacent to such through block connection. The maximum height of a **building** wall along the southern boundary of the through block connection shall not exceed the average height of the enclosed portion, or the height at which an arched or angled ceiling of the enclosed through block connection begins, whichever is less. Any portion of a **building** that exceeds such height shall be set back at least 20 feet in depth from the southern boundary of the through block connection. Any portion of such through block connection that is open to the sky shall comply with the provisions for **public plazas** set forth in Sections [37-718](#), [37-726](#), [37-728](#), [37-741](#), [37-742](#), [37-743](#), [37-744](#), [37-75](#), [37-76](#) and [36-77](#).

An **enlargement** that does not increase the total **floor area** on the **zoning lot** to more than 1,373,700 square feet, shall not be considered an **enlargement** for purposes of this paragraph (a).

(b) Dyer Avenue Platform

A permanent easement shall be provided along the eastern edge of 450 West 33rd Street, as shown on Map 1 (Subdistrict B: 450 West 33rd Street and Ninth Avenue Rail Yard Public Access Area Plan) in Appendix B of this Chapter, for the purposes of constructing the Dyer Avenue Platform required pursuant to paragraph (d) of Section [93-73](#). Such easement shall have a minimum width of 33 feet. Any amenities required by paragraph (d) of Section [93-73](#) may be located within such easement.

(c) West 31st Street Passageway

A publicly accessible passageway space, (hereinafter referred to as the "West 31st Street passageway") shall be provided connecting the Tenth Avenue podium required pursuant to paragraph (d) of this Section to the Dyer Avenue Platform required pursuant to paragraph (d) of Section [93-73](#), as shown on Map 1 in Appendix B. The West 31st Street passageway shall be located at the same elevation as the Dyer Avenue Platform. Such space shall be located within 35 feet of West 31st Street, have a minimum clear path of 10 feet and be visually open to West 31st Street except for structural elements of the **building** at 450 West 33rd Street.

(d) Tenth Avenue podium

(1) Location and minimum dimensions

A publicly accessible area (hereinafter referred to as the "Tenth Avenue podium") shall be provided at the corner of Tenth Avenue and West 31st Street, as shown on Map 1 in Appendix B. The Tenth Avenue podium shall have a minimum area of 1,800 square feet, be located at the same elevation as the Dyer Avenue Platform required pursuant to paragraph (d) of Section [93-73](#), and shall connect to the West 31st Street passageway required pursuant to paragraph (c) of this Section.

(2) Required amenities

The Tenth Avenue podium shall contain a minimum of four trees and be directly accessible from West 31st Street by a staircase and elevator. The stair and the adjoining area shall be open to West 31st Street except for columns and structural elements of the 450 West 33rd Street **building**.

93-721 - Design and maintenance requirements for public access areas at 450 West 33rd Street

LAST AMENDED
8/9/2017

Public access areas at 450 West 33rd Street provided pursuant to the requirements of Section [93-72](#) shall comply with the applicable design reference standards set forth in paragraph (a), and the maintenance provisions of paragraph (b) of this Section.

(a) Design reference standards

The public access areas required by paragraphs (c) and (d) of Section [93-72](#) shall comply with the following applicable design standards:

- (1) at least two litter receptacles in such public access areas shall be provided;
- (2) the public access areas at 450 West 33rd Street shall provide the following public signage system:
 - (i) One entry plaque shall be provided in each of the following locations:
 - (a) the Dyer Avenue access point to the West 31st Street Passageway;
 - (b) the Tenth Avenue Podium access point to the West 31st Street Passageway; and
 - (c) the **street** level entrance to the Tenth Avenue Podium.
 - (ii) Each entry plaque is subject to the signage standards as set forth in paragraphs (a)(1) through (a)(4) of Section [37-751](#) (Public space signage systems).
 - (iii) Each entry plaque shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. Each entry plaque shall be in a position that clearly identifies the entry into the portion of the public access areas at 450 West 33rd Street that such plaque is provided in

connection with, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to that portion of the public access areas at 450 West 33rd Street.

- (iv) A minimum of two information plaques, constructed from the same permanent materials as the entry plaque, or combined with one or more of the required entry plaques, shall be provided within the public access areas. Information plaques shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches.
 - (v) The information plaque is subject to the signage standards as set forth in paragraphs (b)(1) through (b)(6) of Section [37-751](#), except that paragraph (b)(3) shall be modified to read, "in lettering three-eighths of an inch in height, the words: 'This public access area contains:'" followed by the total linear feet of seating, the type and quantity of trees and the number of additional required amenities, such as moveable seating, that are provided in the portion of the public access area in which the entry plaque or information plaque is provided.
- (3) the minimum level of illumination shall be 1.5 horizontal foot candles (lumens per foot);
 - (4) no gates, fences or other barriers shall be permitted within such public access areas; and
 - (5) for the purposes of applying the **sign** regulations to **building** walls facing public access areas, such public access areas shall be considered **streets**.

(b) Maintenance

The owner(s) shall be responsible for the maintenance of all public access areas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation.

93-722 - Certification for public access areas at 450 West 33rd Street

LAST AMENDED
4/29/2014

For **enlargements** that do not increase the total **floor area** on the **zoning lot** to more than 1,373,700 square feet, in accordance with the provisions of Section [93-732](#) (Certification for

public access areas on the Ninth Avenue Rail Yard), no temporary or permanent certificate of occupancy shall be issued by the Department of Buildings for more than 3,204,000 square feet of **floor area developed or enlarged** on the Ninth Avenue Rail Yard until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that a phasing plan has been submitted requiring the West 31st Street Passageway and the Tenth Avenue Podium, required pursuant to paragraphs (c) and (d) of Section [93-72](#) (Public Access Areas at 450 West 33rd Street), respectively, to be substantially complete and open to and useable by the public.

93-73 - Public Access Areas on the Ninth Avenue Rail Yard

LAST AMENDED
8/9/2017

For the purposes of this Section [93-73](#), inclusive, the Ninth Avenue Rail Yard shall be considered the area bounded by the western **street line** of Ninth Avenue, the northern **street line** of West 31st Street, a line located 498 feet west of the western **street line** of Ninth Avenue and the southern **street line** of West 33rd Street. Such area shall include the tax lots located at Block 729, Lots 50 and 60, existing on April 29, 2014. Any **development** in such area shall provide public access areas in accordance with the provisions of Section [93-73](#), inclusive.

Public access areas on the Ninth Avenue Rail Yard shall be comprised of the types of public access areas listed in this Section. Public access areas shall also include the area of the sidewalk widenings along Ninth Avenue and West 33rd Street required pursuant to Section [93-61](#). The entry plaza and the art plaza, as set forth in paragraphs (a) and (c) of this Section, respectively, shall be subject to the hours of access provisions set forth in Section 37-727. All other public access areas listed in this Section shall be accessible to the public between the hours of 6:00 a.m. and 1:00 a.m.

(a) Entry Plaza

(1) Location and minimum dimensions

A publicly accessible space, open to the sky (hereinafter referred to as the “entry plaza”), shall be located within the area bounded by the western **street line** of Ninth Avenue, the southern **street line** of West 33rd Street, a line 168 feet south of and parallel to the southern **street line** of West 33rd Street and a line 60 feet west of and parallel to the western **street line** of Ninth Avenue, as shown on Map 1 (Subdistrict B: 450 West 33rd Street and Ninth Avenue Rail Yard Public Access Area Plan) in Appendix B of this Chapter. The entry plaza shall have a minimum area of 10,080 square feet, shall have a minimum frontage along Ninth Avenue of 168 feet and shall provide a direct connection to the central plaza required pursuant to paragraph (b) of this Section. No more than 50 percent of the entry plaza area shall be covered by the permitted obstructions described in paragraph (a) of Section 37-726.

(2) Required amenities

The entry plaza shall have the following amenities:

- (i) a minimum of eight trees (or other amounts equivalent to a minimum of 32 caliper inches);
- (ii) at least 336 linear feet of seating including a minimum of 48 moveable chairs and 12 moveable tables. At least 50 percent of the seating, including movable seats, shall have backs and no more than 50 percent of the seating with backs shall be movable seating;
- (iii) two or more planting beds which, in the aggregate, occupy an area of at least 800 square feet. No more than 35 percent of the linear feet of the planting beds shall have bounding walls exceeding 18 inches in height above an adjacent walking surface;
- (iv) ground floor transparency, in accordance with the provisions of paragraph (c) of Section [93-14](#) (Ground Floor Level Requirements), shall apply to at least 70 percent of the length of all **building** walls facing the entry plaza; and
- (v) one clear pedestrian circulation path with a minimum width of 12 feet shall be provided adjacent to the **building** facing the entry plaza and shall extend for the full length of the **building** frontage.

(b) Central Plaza

(1) Location and minimum dimensions

A publicly accessible space (hereinafter referred to as the “central plaza”), shall be located within an area bounded by the western **street line** of Ninth Avenue, a line 168 feet south of and parallel to the southern **street line** of West 33rd Street, a line 478 feet west of and parallel to the western **street line** of Ninth Avenue, a line 167 feet north of and parallel to the northern **street line** of West 31st Street beyond 40 feet of the western street line of Ninth Avenue, a line 40 feet west of and parallel to the western **street line** of Ninth Avenue and a line 187 feet north of and parallel to the northern **street line** of West 31st Street within 40 feet of the western street line of Ninth Avenue, as shown on Map 1 in Appendix B of this Chapter. Except as provided in paragraph (b)(3) of this Section, the central plaza shall have a minimum area of 47,800 square feet, and shall have a minimum north-south dimension of 100 feet as measured from the **building** walls of the **buildings** facing onto the central plaza of. The central plaza shall be open to the sky, except:

- (i) for the area occupied by the pavilion permitted by paragraph (b)(2)(vii) of this Section; and
- (ii) within a line 115 feet west of and parallel to the western **street line** of Ninth Avenue, a **building** may cantilever over the central plaza and

required circulation paths located therein, provided such cantilever extends no greater than 10 feet over such central plaza.

(2) Required amenities

The central plaza shall contain the following features and amenities:

(i) Landscaped area

A landscaped area shall be provided and shall contain a minimum of 44 trees (or other amounts equivalent to a minimum of 176 caliper inches), and planting beds which, in the aggregate, occupy an area of at least 7,500 square feet.

Within the area bounded by the western **street line** of Ninth Avenue and a line drawn 45 feet west of the western **street line** of Ninth Avenue, a minimum of 1,000 square feet of such total requirement shall be occupied by planting beds.

(ii) Seating

A minimum of 725 linear feet of seating shall be provided, with 120 moveable chairs and 30 moveable tables. At least 50 percent of the required seating shall have backs.

Within the area bounded by the western **street line** of Ninth Avenue and a line drawn 45 feet west of the western **street line** of Ninth Avenue, a minimum of 50 linear feet of seating of such total requirement shall be provided, of which 50 percent shall have backs.

(iii) Event space

The portion of the central plaza located beyond a line drawn 295 feet west of and parallel to the western **street line** of Ninth Avenue may be used for events (hereinafter referred to as the "event space"). Such event space may be used for events not exceeding a maximum area of 4,500 square feet, except as set forth below for summer public events and winter public events. When the event space is not being used for an event (general public events, summer public events, winter public events and private events), it shall contain a minimum of 192 linear feet of seating, with 96 moveable chairs and 24 moveable tables and, between April 1 and November 15, a minimum of two moveable food carts within the event space or on the periphery thereof. Such tables and chairs shall be in addition to the amount required for the landscaped area in paragraph (b)(2)(ii) of this Section. When the event space is being used for an event (general public events, summer public events, winter public events and private events), the additional tables,

chairs and moveable food carts may be removed.

(a) General Public Events

At all times of the year, the event space may be used to host general public events which are open and accessible to the general public and free of admission. During such public events, the event space may contain associated temporary structures and seating.

(b) Summer Public Events

For not more than 75 days between April 1 and November 15, the event space may be used for summer public events which are open and accessible to the general public and free of admission charge, where the temporary structures and seating associated with such summer public events may extend beyond 4,500 square feet, provided that the total area used for such summer public events does not exceed an additional 2,000 square feet and is located beyond a line drawn 295 feet west of and parallel to the western **street line** of Ninth Avenue.

(c) Winter Public Events

Between November 15 and April 1, an ice skating rink, together with associated temporary structures, may extend beyond 4,500 square feet, provided that the total area used for the ice skating rink together with associated temporary structures does not exceed an additional 2,000 square feet and is located beyond a line drawn 295 feet west of and parallel to the western **street line** of Ninth Avenue. The ice skating rink shall be open and accessible to the general public, but a fee for use of the ice skating rink may be charged, provided the combined total admission and equipment rental fees do not exceed the highest of such combined fees charged at any one rink operating in a **public park**.

(d) Private Events

The City Planning Commission may allow the closing of the event space for up to 12 private events per year pursuant to a restrictive declaration acceptable to the City and recorded in the Office of the City Register for New York County and indexed against the property.

For all events specified in this Section, temporary structures or seating associated with such an event (general public events, summer public

events, winter public events and private events) permitted by this paragraph may be installed in the event space, provided the circulation paths required in paragraph (b)(2)(iv) of this Section remain unobstructed at all times.

(iv) Circulation paths

Circulation paths in the central plaza shall meet the following minimum requirements:

- (a) pedestrian circulation paths with an aggregate width of not less than 30 feet shall be provided;
- (b) at least two of the required circulation paths with a minimum clear width of 12 feet shall be located within 20 feet of the facade of each **building** facing the central plaza;
- (c) in addition to the circulation paths required by paragraph (b)(2)(iv)(a) of this Section, at least two circulation paths shall be provided through the landscaped area required by paragraph (b)(2)(i) of this Section, which connect with the circulation paths required by paragraph (b)(2)(iv)(b) of this Section;
- (d) all circulation paths shall be unobstructed during events held in the event space permitted by paragraph (b)(2)(iii) of this Section; and
- (e) clear paths, with a total minimum aggregate width of 20 feet, shall be located at the boundary between the entry plaza, required pursuant to paragraph (a) of this Section, and the central plaza, required by paragraph (b) of this Section, and at the boundary between the art plaza, required pursuant to paragraph (c) of this Section, and the central plaza, required by paragraph (a) of this Section, provided that up to eight feet of such required clear path may be located within the entry plaza and within the art plaza, respectively, and that all clear paths counted toward the aggregate minimum width required by this paragraph shall be a minimum of 7 feet, 6 inches in clear width, and be located no further than 12 feet apart from one another.

(v) Transparency

The transparency requirements of paragraph (c) of Section [93-14](#) (Ground Floor Level Requirements) shall apply to the ground floor level of at least 70 percent of the length of all **building** walls facing each side of the central plaza.

(vi) Retail continuity

At least 40 percent of the frontage of any **building** fronting on the central plaza shall comply with the retail continuity requirements of paragraph (a) of Section [93-14](#) and at least 50 percent of the aggregate frontage of all **buildings** fronting on the central plaza shall comply with the retail continuity requirements of paragraph (a) of Section [93-14](#). Such retail space shall have a minimum depth of 30 feet measured perpendicular to the wall adjoining the central plaza.

(vii) Pavilion

A **building** (hereinafter referred to as a "pavilion") containing **uses** listed in Use Groups 6A and 6C may be located within the central plaza, provided that such pavilion, and any seating associated with a **use** in the pavilion, shall be located at least ten feet west of the prolongation of the east face of the **building** fronting on the north side of the central plaza. The pavilion shall have a minimum **lot coverage** of 1,000 square feet and a maximum **lot coverage** of 3,000 square feet, with a maximum width of 40 feet parallel to Ninth Avenue. Such pavilion shall be no more than one **story** in height, except such one **story** limitation may be exceeded by portions of the pavilion allocated to mechanical equipment as well as restrooms and a food preparation kitchen occupying, in the aggregate, no more than 200 square feet area. Such pavilion shall not exceed a height limit of 25 feet, except that the permitted obstructions set forth in Section [33-42](#), as well as restrooms and a food preparation kitchen located above the level of the first **story** may be permitted to exceed such height limit provided that the height of such restroom and food preparation kitchen do not exceed ten feet. Seating may be provided for the **uses** in the pavilion provided that the total area occupied by the pavilion and such associated seating does not exceed a maximum **lot coverage** of 3,600 square feet and that such seating shall not count towards meeting the seating requirements set forth in paragraphs (b)(2)(ii) and (iii) of this Section. Floor space within the pavilion shall not be considered **floor area**. At least 60 percent of the exterior walls of the pavilion shall be transparent except for structural supports, provided that 100 percent of the east facing wall of the pavilion shall be transparent except for structural supports.

(3) Alternative design option

Notwithstanding the provisions of paragraph (b)(1) of this Section, the minimum north-south width of the central plaza may be reduced to no less than 80 feet for at least 50 percent of the aggregate frontage of the **buildings** fronting on the central plaza, provided that such narrowed portion begins no further than 150 feet from the western **street line** of Ninth Avenue, and further provided that the

minimum size of the central plaza is not less than 41,382 square feet. The minimum height of a **building** wall fronting upon such narrowed portion shall be 45 feet, and the maximum height of such **building** wall shall not exceed 85 feet. Above a height of 85 feet, the minimum setback distance shall be 10 feet and the minimum distance between **buildings** fronting on the central plaza shall be 100 feet.

(c) Art Plaza

(1) Location and minimum dimensions

A publicly accessible space open to the sky (hereinafter referred to as the “art plaza”) shall be located in the area bounded by the western **street line** of Ninth Avenue, the northern **street line** of West 31st Street, a line 40 feet west of and parallel to the western **street line** of Ninth Avenue and a line 187 feet north of and parallel to the northern **street line** of West 31st Street, as shown on Map 1 in Appendix B. The art plaza shall have a minimum area of 7,480 square feet, a minimum east-west dimension of 40 feet and shall provide a direct connection to the central plaza required pursuant to paragraph (b) of this Section.

(2) Required amenities

The art plaza shall contain the following features and amenities:

- (i) a minimum of four trees (or other amounts equivalent to a minimum of 16 caliper inches);
- (ii) planting beds which, in the aggregate, occupy an area of at least 410 square feet;
- (iii) a minimum of 45 linear feet of seating;
- (iv) one or more pieces of artwork. Such artwork may not incorporate addresses, text or logos related to the adjacent **building** or tenants of such **building**; and
- (v) the transparency requirements of paragraph (c) of Section [93-14](#) shall apply to the ground floor level of at least 70 percent of the length of all **building** walls facing the art plaza.

(d) Dyer Avenue Platform

(1) Location and minimum dimensions

A publicly accessible platform shall be constructed over Dyer Avenue connecting West 33rd Street and West 31st Street (hereinafter referred to as the “Dyer Avenue Platform”), as shown on Map 1 in Appendix B. The Dyer Avenue Platform shall include the easement area described in paragraph (b) of Section

[93-72](#) and shall directly connect with the central plaza and the West 31st Street connector required by paragraphs (b) and (e) of this Section, respectively. The Dyer Avenue Platform shall have a minimum east-west dimension of 53 feet and a minimum north-south dimension of 455 feet. However, such minimum east-west dimension may be reduced to accommodate an extension of such existing egress stair in order to adjoin the level of the platform, or to accommodate up to 15 inches of additional exterior wall thickness added to the eastern face of the existing **building** at 450 West 33rd Street. Except for any portion of the Dyer Avenue Platform which on April 29, 2014, was covered by the **building** located at 450 West 33rd Street and the existing egress stairs on the eastern face on such **building**, or the permitted additions thereto, respectively, the Dyer Avenue Platform shall be open to the sky.

(2) Required amenities

The Dyer Avenue Platform shall contain the following features and amenities which may be located on the portion of the Dyer Avenue Platform located within the easement provided pursuant to paragraph (b) of Section [93-72](#) (Public Access Areas at 450 West 33rd Street):

- (i) a minimum of 16 trees (or other amounts equivalent to a minimum of 64 caliper inches), of which a minimum of 12 trees (or other amounts equivalent to a minimum of 48 caliper inches) shall be located south of the center line of the prolongation of West 32nd Street;
- (ii) planting beds, which in the aggregate, occupy an area of at least 1500 square feet, of which a minimum of 450 square feet of planting beds shall be located south of the center line of the prolongation of West 32nd Street and a minimum of 250 square feet of planting beds shall be located within 30 feet of the southern street line of 33rd Street. No more than 25 percent of the linear feet of the planting beds shall have bounding walls exceeding 18 inches in height above an adjacent walking surface;
- (iii) a minimum of 350 linear feet of seating shall be provided, of which 50 percent shall consist of seats with backs and with at least 210 linear feet of seating located south of the center line of the prolongation of West 32nd Street and a minimum of 50 linear feet of seating located within 30 feet of the southern street line of West 33rd Street;
- (iv) the glazing requirements of paragraph (c) of Section [93-14](#) shall apply to the ground floor level of at least 70 percent of the length of all **building** walls fronting on the eastern edge of the Dyer Avenue Platform; and
- (v) at least two pedestrian circulation paths with a minimum clear path of eight feet or one circulation path with a minimum clear path of 12 feet

shall be provided along the full length of the Dyer Avenue Platform, from West 31st Street to West 33rd Street.

Vertical circulation elements, including stairs and ramps traversing the grade changes of the Dyer Avenue Platform shall be considered a part of the Dyer Avenue Platform and not an obstruction.

(e) West 31st Street Connector

(1) Location and minimum dimensions

A publicly accessible connection (hereinafter referred to as the “West 31st Street connector”) shall be provided between the Dyer Avenue Platform required pursuant to paragraph (e) of this Section and West 31st Street, as shown on Map 1 in Appendix B. The West 31st Street connector shall be located on West 31st Street adjoining the eastern boundary of the Dyer Avenue Platform and shall have a minimum area of 450 square feet.

(2) Required amenities

The West 31st Street connector shall be directly accessible from West 31st Street by a staircase with a minimum width of eight feet and by an elevator.

(f) Connection to below-grade passage

Where a pedestrian passage extending from the Eighth Avenue Subway beneath West 33rd Street to the west side of Ninth Avenue has been constructed, an entrance within the *development* shall be constructed that connects with such passage.

93-731 - Design and maintenance requirements for public access areas on the Ninth Avenue Rail Yard

LAST AMENDED
8/9/2017

Public access areas on the Ninth Avenue Rail Yard provided pursuant to the requirements of Section [93-73](#), shall comply with the applicable design reference standards set forth in paragraph (a) and the maintenance provisions of paragraph (b) of this Section.

(a) Design reference standards

- (1) seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section [37-741](#) (Seating), inclusive;
- (2) where planting areas are provided, they shall meet the soil depth, continuous area, permeable surface and irrigation requirements of Section [37-742](#) (Planting and trees). Where trees are provided, they shall meet the planting standards,

soil requirements and irrigation standards set forth in Section [37-742](#);

- (3) steps shall meet the minimum dimensional standards set forth in Section [37-725](#) (Steps);
- (4) kiosks or open air cafes shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section [37-73](#) (Kiosks and Open Air Cafes) and shall not occupy in the aggregate more than 20 percent of the public access areas required by Section [93-73](#). Seating provided as part of an open air cafe shall not count towards meeting the seating requirements of a public access area listed in Section [93-73](#);
- (5) the public access areas on the Ninth Avenue Rail Yard shall provide the following public signage system:
 - (i) One entry plaque in each of the following locations:
 - (a) entry to the Entry Plaza from West 33rd Street;
 - (b) entry to the Central Plaza from Ninth Avenue;
 - (c) entry to the Art Plaza from West 31st Street;
 - (d) sidewalk level entry to the West 31st Street Connector; and
 - (e) entry to the Dyer Avenue Platform from West 33rd Street.
 - (ii) Each entry plaque is subject to the signage standards as set forth in paragraph (a)(1) through (a)(4) of Section [37-751](#) (Public space signage systems).
 - (iii) Each entry plaque shall be mounted on a wall, a permanent free-standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches. Each entry plaque shall be in a position that clearly identifies the entry into the portion of the public access areas on the Ninth Avenue Rail Yard that such plaque is provided in connection with, and placed so that the entire entry plaque is obvious and directly visible, without any obstruction, along every line of sight from all paths of pedestrian access to that portion of the public access areas on the Ninth Avenue Rail Yard.
 - (iv) A minimum of one information plaque, constructed from the same permanent materials as the entry plaques, or combined with one or more of the required entry plaques, shall be provided within the Art Plaza, the Entry Plaza, the Central Plaza and Dyer Avenue. The information plaque shall be mounted on a wall, a permanent free-

standing post, or on a post located within a planter, with its center five feet above the elevation of the nearest walkable pavement. The maximum height of such free-standing post shall be six feet, with a maximum width and depth of 16 inches.

- (v) Each information plaque is subject to the signage requirements as set forth in paragraphs (b)(1) through (b)(6) of Section [37-751](#) except that paragraph (b)(3) shall be modified to read, “in lettering three-eighths of an inch in height, the words: ‘This public access area contains:’” followed by the total linear feet of seating, the type and quantity of trees and the number of additional required amenities, such as moveable seating, that are provided in the portion of the public access area in which the entry plaque or information plaque is provided.
- (6) where **buildings** front on to public access areas, canopies, awnings, marquees and sun control devices shall be permitted pursuant to the standards set forth in paragraph (c) of Section [37-726](#) (Permitted obstructions);
- (7) the aggregate number of litter receptacles in such public access areas shall be 21;
- (8) no gates, fences or other barriers shall be permitted within such public access areas except that protective bollards provided in connection with the development of the Ninth Avenue Rail Yard may be located within the required public access areas; and
- (9) for the purposes of applying the **sign** regulations to **building** walls facing public access areas, such public access areas shall be considered **streets**.

(b) Maintenance

The owner or owners shall be responsible for the maintenance of all public access areas, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation.

93-732 - Certification for public access areas on the Ninth Avenue Rail Yard

LAST AMENDED
4/29/2014

No certification for the phased development of public access areas on the Ninth Avenue Rail Yard shall be permitted until a plan has been submitted that provides for the completion of public access areas in accordance with the provisions of this Section. Such plan shall provide, at a minimum, that the entry plaza, required pursuant to paragraph (a) of Section [93-73](#) (Public Access Areas on the Ninth Avenue Rail Yard) will be provided in connection with the

construction of a **building** located on the northeast corner of the Ninth Avenue Rail Yard, that the art plaza, required pursuant to paragraph (c) of Section [93-73](#), will be provided in connection with the construction of a **building** located on the southeast corner of the Ninth Avenue Rail Yard and that in connection with the construction of a **building** on the southwest corner of the Ninth Avenue Rail Yard, the West 31st Street connector required by paragraph (e) of Section [93-73](#), and a 20-foot wide paved area along the eastern edge of Dyer Avenue and extending for the north-south dimension of such **building** will be provided.

An application for certification under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include a site plan indicating the area and dimensions of the public access area, or portions thereof, and a detailed plan or plans demonstrating compliance with the requirements of Section [93-73](#).

Plans for the public access areas shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Office of the City Register of the City of New York for New York County and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification to the Department of Buildings under this Section. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a **development** within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the plans for public access area, or portions thereof associated with such phase.

No temporary certificate of occupancy from the Department of Buildings may be issued for a **building**, or portion thereof, where the total amount of **floor area** that has been **developed** or **enlarged** on the Ninth Avenue Rail Yard exceeds 3,204,000 square feet until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access areas at 450 West 33rd Street required by paragraphs (c) and (d) of Section [93-72](#) and that all public access areas on the Ninth Avenue Rail Yard required by Section [93-73](#) have been substantially completed and are open and usable by the public. Notwithstanding the foregoing, the Chairperson may, with respect to the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section [93-72](#) at 450 West 33rd Street, certify to the Commissioner of Buildings that such temporary certificate of occupancy may be issued absent their substantial completion provided that:

- (a) the owner of 450 West 33rd Street has submitted proof that all or portions of the area of the West 31st Street passageway required by paragraph (c) of Section [93-72](#) was at any

time subject to a lease with an expiration date of December 31, 2019, and was not able to obtain control of the areas subject to such lease on or before December 31, 2017;

- (b) a letter of credit has been posted in accordance with City requirements, and such letter of credit:
 - (1) is in an amount equal to 200 percent of the estimated cost to construct the public access area and the elevator at 450 West 33rd Street, required by paragraphs (c) and (d) of Section [93-72](#), respectively, as set forth in a cost estimate prepared by a professional engineer. Such cost estimate shall be based upon construction documents prepared by a registered architect and submitted with the application for certification pursuant to this Section, and shall be subject to review and acceptance by the City; and
 - (2) authorizes the City to draw upon the letter of credit if such public access area and elevator have not been substantially completed and are not open and usable by the public by December 31, 2022;
- (c) that an easement agreement has been recorded granting the City access to 450 West 33rd Street and the Ninth Avenue Rail Yard, as may be necessary for purposes of constructing the public access area and elevator required by paragraphs (c) and (d) of Section [93-72](#), respectively, if they are not completed by the owner by December 31, 2022; and
- (d) in addition to the foregoing, such letter of credit shall be maintained from the date of certification for temporary certificates of occupancy, pursuant to this Section, until the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that the public access area required by paragraph (c) and the elevator required by paragraph (d) of Section [93-72](#) have been substantially completed and are open and usable by the public, or until same have been substantially completed by the City. The Chairperson may, no more frequently than annually, require the submission of an updated or new letter of credit in an amount that reflects changes in costs over time, and such updated or new letter of credit shall be subject to the requirements and procedures of paragraph (b) of this Section, until such letter of credit is released based upon substantial completion.

Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section [93-734](#) (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a **development** until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with a phase of **development**, is substantially complete and in accordance with such temporary public access area plan, and the public access area, or portions thereof, are open and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, has been fully completed in accordance with the plan therefor, and that such public access area, or

portions thereof, are open and useable by the public.

93-733 - Certification to modify general requirements of public access areas for ventilation demands

LAST AMENDED
4/29/2014

The Chairperson of the City Planning Commission may modify the general requirements of the public access areas listed in Section [93-73](#) (Public Access Areas on the Ninth Avenue Rail Yard), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Ninth Avenue Rail Yard. In addition to the site plan required pursuant to Section [93-732](#) (Certification for public access areas on the Ninth Avenue Rail Yard), a mechanical plan shall be provided demonstrating the need to modify such general requirements.

93-734 - Certification to temporarily modify public access areas for construction staging

LAST AMENDED
4/29/2014

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City Planning Commission that the area designated for public access will be required for construction staging or similar activities in a future phase of **development**, the application for the site plan approval may be accompanied by a request for approval of a temporary public area which may include fewer amenities and other features required pursuant to Section [93-73](#) (Public Access Areas on the Ninth Avenue Rail Yard), as necessary to accommodate such future construction staging or similar activities.

Such temporary public access area plan shall be subject to review and approval in the same manner as site plan approval pursuant to Section [93-732](#) (Certification for public access areas on the Ninth Avenue Rail Yard) and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site plan shall be implemented.

93-74 - Public Access Areas in Pennsylvania Station Subarea B4

LAST AMENDED
2/2/2011

The provisions of this Section shall apply to any **development** in the Pennsylvania Station Subarea B4 of the Farley Corridor Subdistrict B.

(a) Public space

A publicly accessible enclosed space with a minimum area of 32,500 square feet shall be provided. Such space shall have at least 100 feet of frontage along the Eighth Avenue **street line**, and have a minimum clear height of 60 feet. The length of such space shall not exceed four times its narrowest width. Up to one-half of such space may be below-grade but shall be visually connected to the at-grade space. Furthermore, such below-grade space shall be connected to the at-grade space by escalators on at least two sides. The retail and glazing requirements of Section [93-14](#) (Ground Floor Level Requirements) shall apply to least 70 percent of the length of all **building** walls facing each side of such space. Such space shall provide direct access to the through block connection required pursuant to paragraph (b) of this Section, adjacent **building** lobbies and transit facilities.

(b) Through block connection

A through block connection shall be provided linking West 31st Street and West 33rd Street, at least 300 feet from Eighth Avenue and with direct access to the public space required pursuant to paragraph (a) of this Section. Such through block connection shall have a minimum clear width of 20 feet and may be open or enclosed. If enclosed, such through block connection shall have a minimum clear height of 30 feet.

(c) Plaza

A publicly-accessible plaza, open to the sky, may be provided at the intersection of Eighth Avenue and West 31st Street. Such plaza shall have a minimum area of 12,000 square feet with a minimum frontage of 60 feet along West 31st Street, and be provided in accordance with the standards for **public plazas** set forth in Section [37-70](#), inclusive.

(d) Corner circulation space

Corner circulation spaces shall be provided at the corners of Eighth Avenue and West 31st Street and Eighth Avenue and West 33rd Street. Such spaces shall comply with the requirements for corner circulation spaces of paragraph (d) of Section [37-53](#). Such spaces shall count towards meeting the pedestrian circulation space requirements of Section [93-63](#). However, no corner circulation space shall be required at the corner of Eighth Avenue and West 31st Street if a plaza is provided at such corner in accordance with paragraph (c) of this Section.

93-75 - Publicly Accessible Open Spaces in Subdistrict F

LAST AMENDED
4/29/2014

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible open spaces are listed in this Section, inclusive. Such publicly accessible

open spaces shall be comprised of the Western Open Space, the Central Open Space, the Southwest Open Space, the Northeast Plaza, the Midblock Connection, and the **High Line** as described within this Section, inclusive. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B identifies the location of publicly accessible open spaces.

General requirements for each publicly accessible open space are set forth within this Section. Design requirements for each publicly accessible open space are set forth in Section [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F). The phasing and approval process for each publicly accessible open space is set forth in Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

All publicly accessible open spaces listed in this Section shall be accessible to the public from the hours of 6:00 a.m. to 1:00 a.m. with the exception of the **High Line** and the Northeast Plaza. The Northeast Plaza shall provide hours of access pursuant to Section 37-727.

93-751 - General requirements for the Western Open Space

LAST AMENDED
4/29/2014

A publicly accessible open space, (henceforth referred to as the “Western Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that amenities that are provided in accordance with this Section and Section [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Western Open Space.

(a) General purpose

The Western Open Space is intended to serve the following purposes:

- (1) to provide a major open space that joins the northern portion of the **High Line** open space network on its west to the open space networks leading to the Hudson Park and Boulevard on its east;
- (2) to provide a large open lawn area overlooking the Hudson River for public use and enjoyment; and
- (3) to provide transition areas that offer shade, supplemental space between the open lawn and surrounding **building** and connections between surrounding publicly accessible open spaces.

(b) Location and minimum dimensions

The Western Open Space shall be located east of the **High Line**, and encompass the area between Sites 1 and 5 as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B. The Western Open Space shall have a minimum easterly boundary of 225 feet, as measured from the easterly **street line** of Twelfth Avenue.

(c) Core elements

The Western Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum area of one acre. Any lawn area located within 40 feet of a **building** wall on Sites 1 or 5 shall not contribute towards this one acre requirement. The required lawn area shall be comprised of the following amenities:

- (i) a continuous lawn area shall be provided over a minimum of 75 percent of the required one acre. Such area shall have a maximum slope of three degrees and unobstructed visual access toward the Hudson River; and
- (ii) a transitional lawn area may be provided for a maximum of 25 percent of the required one acre of lawn area. Such area need not be continuous, and shall have a maximum slope of 15 degrees. Trees and other plantings shall be permitted in such area.

(2) **High Line** connection

Access to the **High Line** shall be provided along a minimum of 75 feet and a maximum of 150 feet of **High Line** frontage length. Such frontage need not be continuous, however, in order to qualify as unobstructed access that contributes to the minimum 75 foot requirement set forth in this paragraph (c)(2), a minimum frontage width of five feet is required. Such access need not be opened to the public until the **High Line** is reconstructed as public open space in accordance with the provisions of Section [93-756](#) (General requirements for the High Line).

(3) Supplemental area

Any space provided in the Western Open Space which does not meet the criteria for lawn area set forth in paragraph (c)(1) of this Section or the criteria for the **High Line** connection set forth in paragraph (c)(2) shall be designated as supplemental area and shall comply with the requirements set forth in this paragraph (c)(3).

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 2,000 square feet of supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each with a minimum width of 12 feet, shall be provided in the supplemental area. One such pedestrian access shall link the Allee of the West 32nd Street Extension, as

defined in paragraph (c)(2) of Section [93-761](#) and shown on Map 3 in Appendix B, to the **High Line**, and the second such pedestrian access shall link the West 31st Street Extension to the **High Line**.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Permanent structures such as food or information kiosks, pavilions or public restrooms may be placed within the supplemental area, provided the height of such structures does not exceed 20 feet. The maximum **lot coverage** that all such permanent structures may occupy shall be 400 square feet, and such structures shall be exempt from the definition of **floor area**.

(d) Transparency

For portions of **buildings** on Site 1 and Site 5 fronting upon the Western Open Space, a minimum of 50 percent of the surface area of the ground floor **street wall** fronting upon the open space shall be treated with clear, untinted transparent material.

(e) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 32nd Street Extension shall be permitted to encroach upon the supplemental area of the Western Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Western Open Space, pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

93-752 - General requirements for the Central Open Space

LAST AMENDED
4/29/2014

A publicly accessible open space, (henceforth referred to as the “Central Open Space”), shall be provided in Subdistrict F. Such a space shall be open to the sky, except that portions of a **building** on Site 3 and amenities that are provided in accordance with Sections [93-75](#) and [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Central Open Space.

(a) General purpose

The Central Open Space is intended to serve the following purposes:

- (1) to serve as a neighborhood open space;
- (2) to provide amenities for area residents, workers and the general public; and

- (3) to provide areas that offer varied programs, supplemental spaces between amenities and surrounding **buildings** and connections between surrounding publicly accessible open spaces.

(b) Location and dimensions

The Central Open Space shall be located within the area bounded by the West 32nd Street Extension, the West 31st Street Extension, the Connector and Eleventh Avenue, and shall also be comprised of any portion of Sites 3 and 4 that are not covered by **buildings** at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Central Open Space shall have a minimum dimension in the north-south direction as measured from the southerly **street line** of the West 32nd Street Extension to the northerly **street line** of the West 31st Street Extension of 175 feet. In addition, the minimum dimension of the Central Open Space in the north-south direction between the northern boundary of Site 3 and the southerly **street line** of the West 32nd Street Extension shall be 55 feet.

The Central Open Space shall have a minimum dimension in the east-west direction as measured from the easterly **street line** of the Connector to the westerly **street line** of Eleventh Avenue of 545 feet. In addition, the minimum dimension of the open space in the east-west direction between the eastern boundary of Site 3 and the western boundary of Site 4 shall be 265 feet.

Within 350 feet of the Eleventh Avenue **street line**, the maximum height of the finished grade of the Central Open Space shall be 45 feet above the Manhattan Datum, which is 2.75 feet above sea level. Beyond 350 feet of Eleventh Avenue, the maximum height of the finished grade shall be 47 feet above the Manhattan Datum.

(c) Core elements

The Central Open Space shall provide the following core elements:

(1) Lawn area

An accessible lawn area shall be provided with a minimum aggregate area of 10,000 square feet and a maximum slope of three degrees. Such area need not be continuous. Any lawn area located within 12 feet of a **building** wall on Sites 3 or 4 shall not contribute towards such minimum gross area.

(2) Playground

A playground shall be provided with a minimum area of 10,000 square feet.

(3) Supplemental area

Any space in the Central Open Space other than the required lawn area set forth in paragraph (c)(1) of this Section or the required playground space set forth in paragraph (c)(2) of this Section, shall be designated as supplemental area and shall comply with the requirements set forth in this Section.

A minimum of 50 percent of the supplemental area shall be landscaped with soft ground cover, and the remaining 50 percent may be paved. At least one tree shall be provided for every 1,500 square feet of the supplemental area. Such trees may be distributed anywhere within the supplemental area.

A minimum of two unimpeded paved pedestrian accesses, each with a minimum width of 12 feet, shall be provided in the supplemental area. Such pedestrian access shall link the West 31st and West 32nd Street Extensions and be no closer than 150 feet to one another at any point.

A minimum of one linear foot of seating shall be provided for every 75 square feet of supplemental area. At least 50 percent of such required seating shall provide seatbacks. Such seating may be distributed anywhere within the supplemental area.

Within 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 7.5 degrees, or a maximum height of two feet. Beyond 15 feet of a required sidewalk or pedestrian access, the slope of the supplemental area shall not exceed 15 degrees.

(d) Permanent structures

Permanent structures, such as food or information kiosks, pavilions or public restrooms may be placed within the Central Open Space, provided the height of such structures does not exceed 20 feet. The maximum **lot coverage** that all such permanent structures may occupy shall be 400 square feet and such structures shall be exempt from the definition of **floor area**.

(e) Transparency

For portions of **buildings** in Site 4 fronting upon the Central Open Space, a minimum of 50 percent of the surface area of the ground floor **street wall** fronting upon the open space shall be treated with clear, untinted, transparent material.

(f) Permitted encroachments from private streets and pedestrian ways

The Connector and the terminus of the West 31st Street Extension shall be permitted to encroach upon the supplemental area of the Central Open Space, provided that the site and landscape plans incorporating the private street or pedestrian way are approved in conjunction with the Central Open Space, pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

93-753 - General requirements for the Southwest Open Space

LAST AMENDED
4/29/2014

A publicly accessible open space, (henceforth referred to as the “Southwest Open Space”), shall be provided in Subdistrict F. Such accessible open space shall be open to the sky, except that portions of a **building or other structure** on Site 5, the **High Line** and amenities that are provided in accordance with Sections [93-75](#) and [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F) shall be permitted to cover a portion of the Southwest Open Space.

(a) General purpose

The Southwest Open Space is intended to serve the following purposes:

- (1) to serve as an inviting pedestrian gateway to the Western Rail Yard from open space networks along the Hudson River;
- (2) to provide pedestrian amenities and connections between surrounding public spaces both on and adjacent to the Western Rail Yard; and
- (3) to offer a unique open space experience for pedestrians through the negotiation of the area’s grade changes.

(b) Location and minimum dimensions

The Southwest Open Space shall be located within the area bounded by Twelfth Avenue, the Western Open Space, the West 31st Street Extension, Site 6 and West 30th Street, and shall also be comprised of any portion of Site 5 which is not covered by a **building or other structure** at the ground level as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

The Southwest Open Space shall have a minimum dimension in the east-west direction as measured from the easterly **street line** of Twelfth Avenue to the western boundary of Site 6 of 400 feet. However, if the length of Site 6 is extended to accommodate a public **school** in accordance with the provisions of paragraph (b) of Section [93-568](#) (Site 6), the minimum dimension of the Southwest Open Space shall be 360 feet.

The Southwest Open Space shall have a minimum dimension in the north-south direction as measured from the northerly **street line** of West 30th Street to the southern boundary of the Western Open Space of 180 feet and a maximum dimension of 200 feet.

(c) Core elements

The Southwest Open Space shall have the following core elements. For the purpose of determining the amount of an amenity to provide in relation to the area of the Southwest

Open Space, the area of the Southwest Open Space shall exclude the area occupied by a **building or other structure** on Site 5 and the **High Line**.

A minimum of 50 percent of the area of the Southwest Open Space shall be landscaped with soft ground cover, and the remaining 50 percent of the Southwest Open Space may be paved. At least one tree shall be provided for every 1,500 square feet of Southwest Open Space.

An unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the West 31st Street Extension. If such pedestrian access contains 'switchbacks,' comprised of a series of ascending pedestrian ways, the minimum distance between midpoints of each way, as measured, in plan, from the northerly edge of one way to the southerly edge of the next ascending way shall be 15 feet.

A second unimpeded paved pedestrian access with a minimum width of 12 feet shall link either Twelfth Avenue or West 30th Street and the **High Line bed** or with an elevator located adjacent to the **High Line** that provides public access to the **High Line bed**. Such access need not be opened to the public until the **High Line** is reconstructed as public open space in accordance with the provisions of Section 93-756.

A minimum of one linear foot of seating shall be provided for every 75 square feet of soft ground cover provided within the Southwest Open Space. At least 50 percent of such required seating shall provide seatbacks.

Permanent structures, such as food or information kiosks, pavilions or public restrooms shall be permitted within the Southwest Open Space, provided the height of such structures does not exceed 20 feet. The maximum area **lot coverage** that all such permanent structures may occupy shall be 1,000 square feet, provided that such structures are located entirely west of the **High Line**. Such permanent structures shall be exempt from the definition of **floor area**.

(d) Permitted encroachments from private streets

The terminus of the West 31st Street Extension shall be permitted to encroach upon the Southwest Open Space, provided that the site and landscape plans for the West 31st Street Extension are approved in conjunction with the Southwest Open Space, pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

93-754 - General requirements for the Northeast Plaza

LAST AMENDED
4/29/2014

A publicly accessible open space, (henceforth referred to as the "Northeast Plaza"), shall be provided at the intersection of West 33rd Street and Eleventh Avenue, as shown on Map 3

(Subdistrict F: Public Access Area Plan) in Appendix B. The area of such space shall be at least 2,600 square feet, and shall have a minimum **street** frontage of 40 feet along each **street**. The Northeast Plaza shall be provided in accordance with the standards for **public plazas**, as set forth in Section [37-70](#) (PUBLIC PLAZAS), exclusive of the area dimensions set forth in Section 37-712.

93-755 - General requirements for the Midblock Connection

LAST AMENDED
4/29/2014

A pedestrian way, (henceforth referred to as the “Midblock Connection”), shall be provided between West 33rd Street and the West 32nd Street Extension, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(a) General purpose

The Midblock Connection is intended to serve the following purposes:

- (1) to provide pedestrian access between West 33rd Street and the Western Rail Yard Subdistrict F; and
- (2) to provide amenities similar to a through block public plaza.

(b) Location and dimensions

The entirety of the Midblock Connection shall be located between 335 feet and 455 feet west of the westerly Eleventh Avenue **street line**.

The minimum width of the Midblock Connection, measured in the east-west direction, shall be 60 feet.

(c) Core elements

The Midblock Connection shall provide the following core elements:

- (1) A minimum of one unimpeded pedestrian access, with a minimum width of 12 feet, shall be provided to connect the West 32nd Street Extension with West 33rd Street;
 - (2) A minimum of one linear foot of seating shall be provided for every 75 square feet of the Midblock Connection. A minimum of 50 percent of the required seating shall provide seatbacks; and
 - (3) A minimum of 20 percent of the gross area of the Midblock Connection shall be landscaped with soft ground cover, and shall provide a minimum of one tree per every 1,500 square feet.
-

93-756 - General requirements for the High Line

LAST AMENDED
2/2/2011

For the portion of the **High Line** that is located within the boundary of Subdistrict F, the following provisions shall apply.

(a) General purpose

The **High Line** is intended to serve the following purposes:

- (1) to serve as a continuation of the **High Line** public open space to the east and to the south of West 30th Street;
- (2) to offer a pedestrian and passive open space experience similar to the **High Line** open space south of West 30th Street, through planting, materials and amenities, while taking into account the nature and character of the Western Rail Yard Subdistrict F; and
- (3) to allow for connections to other public areas on the Western Rail Yard Subdistrict F.

(b) Permitted **uses**

Any permitted change of **use** for the **High Line** shall be made pursuant to the provisions of Section [93-10](#) (USE REGULATIONS).

(c) Core elements

The **High Line** open space shall provide amenities including, but not limited to, planting, seating and lighting designed to complement and be integrated with portions of the **High Line** south of West 30th Street in a manner that provides both visual and pedestrian continuity along the **High Line** open space network. The **High Line** open space shall not be subject to the design criteria for public access areas in Subdistrict F set forth in Section [93-77](#).

The site and landscape plans for the **High Line** approved pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F) shall make provision for access points to and from the **High Line** open space, including the public access provided in the Southwest Open Space pursuant to Section [93-753](#) (General requirements for the Southwest Open Space) and, subject to agreement, shall include support facilities necessary for the operation, maintenance and public enjoyment of the **High Line** open space located in Subdistrict F, or at other locations north of West 30th Street.

(d) Certification to modify requirements adjacent to the **High Line**

The Chairperson of the City Planning Commission may modify certain regulations on adjacent development sites 1 through 6, provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary in order to provide access to the **High Line** open space or to accommodate facilities for the **High Line** open space, and that such change is compatible with the character of developed portions of the **High Line** south of West 30th Street.

The following regulations may be modified:

- (1) The ground floor level requirements set forth in Section [93-14](#) (Ground Floor Level Requirements), where applicable;
- (2) The unobstructed five foot separation between the **High Line** and a **street wall** on Sites 1, 5 and 6 required pursuant to paragraph (a) of Section [93-561](#) (General rules for Subdistrict F) in order to accommodate a pedestrian access way, open to the sky, between the **High Line** and such development sites. However, the required five foot **street wall** separation from the edge of the **High Line** shall not be modified;
- (3) The **street wall** requirements for Site 6 set forth in Section [93-562](#) (Street wall regulations for certain streets), only as necessary to accommodate pedestrian access onto the **High Line**;
- (4) The general requirements for the Western Open Space and the Southwest Open Space set forth in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F); and
- (5) The general requirements for the 30th Street Corridor set forth in Section [93-76](#) (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F)

Any application for such change shall be included in the application for the site and landscape plans submitted pursuant to the provisions of Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F) for the **High Line** open space.

93-76 - Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F

LAST AMENDED
4/29/2014

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

Publicly accessible private streets and pedestrian ways shall be provided in Subdistrict F in addition to the publicly accessible open spaces required in Section [93-75](#). Such private streets

and pedestrian ways shall be comprised of the West 31st and West 32nd Street Extensions, the West 30th Street Corridor and the Connector. Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B of this Chapter identifies the location of these publicly accessible private streets and pedestrian ways.

General requirements for each publicly accessible private street and pedestrian way are set forth within this Section. Design requirements for each publicly accessible private street and pedestrian way are set forth in Section [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F). The phasing and approval process for each publicly accessible private street and pedestrian way are set forth in Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Publicly accessible private streets and pedestrian ways listed in this Section shall be accessible to the public at all times.

93-761 - General requirements for the West 32nd Street Extension

LAST AMENDED
4/29/2014

A private street, (henceforth referred to as the “West 32nd Street Extension”), shall be provided south of and parallel to West 33rd Street.

(a) General purpose

The West 32nd Street Extension is intended to serve the following purposes:

- (1) to serve as the primary publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;
- (2) to provide an experience substantially similar to active public **streets** in other high-density, mixed use districts;
- (3) to provide a unique urban park-like experience for an active public **street** by connecting the Western Open Space and the Eastern Rail Yard plaza with a pedestrian Allee, as defined in paragraph (c)(2) of this Section and shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B; and
- (4) to provide a private street with core elements that are substantially similar to the surrounding public **streets**.

(b) Location and dimensions

The West 32nd Street Extension shall have its northerly edge located a minimum of 180 feet and a maximum of 200 feet south of the West 33rd Street **street line**, as shown on Map 3 in Appendix B, except that a terminus to the West 32nd Street Extension, located west of the Connector shall be permitted to expand beyond the maximum dimensions,

provided that such terminus extends to provide a **building** entrance drive along Site 1, and complies with the provisions set forth in paragraph (e) of Section [93-751](#) (General requirements for the Western Open Space).

(c) Core elements

The West 32nd Street Extension shall provide the following core elements:

(1) Streets and sidewalk requirements

The West 32nd Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public **streets**.

Such private street shall consist of:

- (i) a road bed, paved with asphalt, with a minimum width pursuant to the requirements set forth by the Fire Department;
- (ii) a 20 foot minimum sidewalk along its entire northern curb; and
- (iii) a 25 foot minimum sidewalk along its entire southern curb.

(2) Planting and seating requirements for the southern sidewalk and the Allee

Two trees shall be planted for every 20 feet of southern curb length of the West 32nd Street Extension between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension.

Along the southern sidewalk, trees shall be planted within five feet of the curb and the southern edge of the sidewalk. One row of trees shall be planted within five feet of the curb and a second row of trees shall be planted within five feet of the southern edge of the sidewalk. This double row of tree planting along the southern sidewalk of the West 32nd Street Extension between Eleventh Avenue and the Connector shall henceforth be referred to as the Allee, as shown on Map 3 in Appendix B. No **building or other structure** shall be permitted within 15 feet of the southern edge of the Allee.

The Allee shall provide a minimum of one linear foot of seating for every 75 square feet of the Allee. A minimum of 50 percent of the required seating shall provide seatbacks.

(3) Planting requirements for the northern sidewalk

One tree shall be planted for every 25 feet of curb length of the West 32nd

Street Extension along its northern curb between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of the West 32nd Street Extension between Eleventh Avenue and the Connector. Along the northern sidewalk, trees shall be planted within five feet of the curb.

(4) Curb cuts

No curb cuts shall be permitted along the West 32nd Street Extension, except for access to the Connector if required by the Fire Department.

93-762 - General requirements for the West 31st Street Extension

LAST AMENDED
4/29/2014

A private street, (henceforth referred to as the “West 31st Street Extension”), shall be provided north of and parallel to West 30th Street.

(a) General purpose

The West 31st Street Extension is intended to serve the following purposes:

- (1) to serve as a publicly accessible pedestrian and vehicular connection to the Western Rail Yard from Eleventh Avenue;
- (2) to provide an experience substantially similar to active public **streets** in other high-density, mixed use districts; and
- (3) to provide a private street with core elements that are substantially similar to the surrounding public **streets**.

(b) Location and dimensions

The West 31st Street Extension shall have its southerly edge located a minimum of 180 feet and a maximum of 200 feet north of the West 30th Street **street line**, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B, except that a terminus to the West 31st Street Extension, located west of the Connector, shall be permitted to expand beyond the maximum dimensions, provided that such terminus extends to provide a **building** entrance drive along Site 5, and complies with the provisions set forth in paragraph (d) of Section [93-753](#) (General requirements for the Southwest Open Space), and/or paragraph (f) of Section [93-752](#) (General requirements for the Central Open Space), as applicable.

(c) Core Elements

The West 31st Street Extension shall provide the following core elements:

(1) Street and sidewalk requirements

The West 31st Street Extension shall be a private street constructed to minimum Department of Transportation and Fire Department standards for public **streets**.

Such private street shall consist of:

- (i) a road bed, paved with asphalt, with a minimum width pursuant to requirements set forth by the Fire Department;
- (ii) a 15 foot minimum sidewalk along its entire northern curb; and
- (iii) a 20 foot minimum sidewalk along its entire southern curb.

(2) Planting requirements for sidewalks

One tree shall be planted for every 25 feet of curb length of the West 31st Street Extension between Eleventh Avenue and the Connector. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire length of the curb of the private street between Eleventh Avenue and the Connector.

(3) Curb cuts

One curb cut shall be permitted along each side of the West 31st Street Extension. The maximum width of such curb cut shall be 30 feet. A third curb cut accessing the Connector shall be permitted if required by the Fire Department.

93-763 - General requirements for the West 30th Street Corridor

LAST AMENDED
4/29/2014

A pedestrian way (henceforth referred to as the “West 30th Street Corridor”), shall be provided along the northerly sidewalk of West 30th Street adjacent to the area below the **High Line**.

(a) General purpose

The West 30th Street Corridor is intended to serve the following purposes:

- (1) to serve as a transition space between the **High Line** and the West 30th Street sidewalk;
- (2) to allow for active frontages with publicly accessible spaces for establishments below the **High Line**; and

- (3) to provide an overall streetscape design that complements and provides views of the **High Line** along West 30th Street.

(b) Location and dimensions

The West 30th Street Corridor shall be located in the area bounded by the **High Line**, Eleventh Avenue, West 30th Street and the eastern edge of the Southwest Open Space, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

In the north-south direction, the West 30th Street Corridor shall extend from the **street wall of buildings** beneath the **High Line** facing West 30th Street (which shall coincide with the northerly edge of the southern row of structural columns of the **High Line**) to the northerly **street line** of West 30th Street.

(c) Core elements

The West 30th Street Corridor shall have the following provisions for its core elements:

- (1) a pedestrian access area at least 10 feet in width shall be provided along the entire length of the West 30th Street Corridor, linking Eleventh Avenue with the sidewalk adjacent to the Southwest Open Space. Such area shall be located a minimum of five feet beyond the northerly curb line of West 30th Street, and shall be free of obstructions;
- (2) portions between the required pedestrian access area and the **High Line** may be paved or landscaped; and
- (3) street trees shall be planted within five feet of the northern curb of West 30th Street. One tree shall be planted for every 25 feet of curb length. Fractions equal to or greater than one-half resulting from this calculation shall be considered to be one tree. Such trees shall be planted at approximately equal intervals along the entire curb length of West 30th Street.

93-764 - General requirements for the Connector

LAST AMENDED
4/29/2014

A publicly accessible connection (henceforth referred to as the “Connector”), shall be provided between the West 32nd Street Extension and the West 31st Street Extension.

(a) General purpose

The Connector is intended to serve the following purposes:

- (1) to serve as a connection between the West 32nd Street Extension and the West 31st Street Extension;

- (2) to provide a space that complements the surrounding publicly accessible open spaces; and
- (3) to provide an emergency egress connector pursuant to Fire Department standards.

(b) Location and dimensions

The western **street line** of the Connector shall be located a minimum of 225 feet east of the easterly **street line** of Twelfth Avenue, as shown on Map 3 (Subdistrict F: Public Access Area Plan) in Appendix B.

(c) Core elements

The Connector shall provide the following core elements:

- (1) the Connector shall be constructed to minimum Fire Department standards for an emergency egress connection between the West 32nd Street Extension and the West 31st Street Extension, including, but not limited to, the width and materials of paved area, and permitted obstructions within such area; and
- (2) the Connector shall not be located within 15 feet of a **building**.

93-77 - Design Criteria for Public Access Areas in Subdistrict F

LAST AMENDED
4/30/2012

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

(a) Design criteria

Where private streets, pedestrian ways and publicly accessible open spaces, with the exception of the **High Line**, provide elements listed in this Section, such elements shall comply with the applicable minimum design standards, set forth in paragraph (a) of this Section, as a minimum design standard.

(1) Seating

Seating shall meet the minimum and maximum dimensional standards set forth in paragraphs (1) through (7) of Section [37-741](#), inclusive.

(2) Planting and trees

Where planting areas are provided, they shall meet the planting bed requirements and irrigation requirements of Section [37-742](#) (Planting and trees).

Where trees are provided, they shall meet the applicable minimum tree caliper standards, soil requirements and irrigation standards set forth in Section [37-742](#), except that within the Western Open Space, the Central Open Space and the Southwest Open Space, the soil requirements for tree planting shall not apply. In lieu thereof, all trees in the Central and Western Open Spaces shall be planted in areas with soil depth of at least five feet. In the Southwest Open Space, all trees shall be planted in continuous planted areas that have a minimum depth of five feet and a minimum area of 500 square feet of soil.

(3) Paving

Paving, exclusive of the required asphalt paving of the West 31st and West 32nd Street Extension roadbeds, shall meet the minimum standards set forth in Section 37-718.

(4) Steps

Steps shall meet the minimum dimensional standards set forth in Section 37-725.

(5) Kiosks and open air cafes

Kiosks or open air cafes shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section [37-73](#) (Kiosks and Open Air Cafes). Seating provided as part of an open air cafe shall not count towards meeting the seating requirements of a public access area listed in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F).

(6) Standards of accessibility for persons with disabilities

All publicly accessible open spaces, private streets and pedestrian ways shall be designed pursuant to the standards of accessibility for persons with disabilities set forth in Section 37-728.

(7) Lighting and electrical power

All publicly accessible open spaces, private streets and pedestrian ways shall provide lighting and electrical power pursuant to the standards set forth in Section 37-743.

(8) Litter receptacles

All publicly accessible open spaces, private streets and pedestrian ways shall provide litter receptacles pursuant to the standards set forth in Section 37-744.

(9) Bicycle parking

Bicycle racks sufficient to accommodate at least 25 bicycle parking spaces shall be provided in the Southwest Open Space, bicycle racks sufficient to accommodate at least 30 bicycle parking spaces shall be provided in the Central Open Space and bicycle racks sufficient to accommodate at least 33 bicycle parking spaces shall be provided in the Western Open Space. Such racks shall be located adjacent to a paved circulation path within the open space or in public sidewalks adjacent to the open space.

(10) Playgrounds and additional amenities

Where playgrounds and additional amenities are provided in publicly accessible open spaces, such amenities shall be designed pursuant to the standards set forth in Section 37-748.

(11) Signs

All open spaces within the publicly accessible open spaces shall provide open space signage pursuant to the standards set forth in Section 37-751.

(12) Canopies, awnings, marquees and sun control devices

Where **buildings** front onto publicly accessible open spaces, private streets and pedestrian ways, canopies, awnings, marquees and sun control devices shall be permitted pursuant to the standards set forth in paragraph (c) of Section [37-726](#) (Permitted obstructions).

(13) Gates and fences

Gates, fences or other barriers shall be permitted at the perimeter of any playgrounds, tot lots or dog runs provided as part of a publicly accessible open space or pedestrian way. Additional gates, fences or other barriers shall be permitted in the Midblock Connection, the Southwest Open Space and the **High Line** only as approved as part of the site and landscape plans submitted pursuant to Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F).

Such gates, fences or other barriers shall have a maximum height of 48 inches, as measured from the adjoining grade level, and shall be at least 70 percent open. However, where gates, fences or other barriers are mounted on a solid curb, such minimum transparency shall not include the surface area of the curb, provided that the height of such curb does not exceed six inches.

Chain link fencing or barbed or razor wire shall not be permitted.

(14) Public restrooms

At least one public restroom shall be provided to serve either the Central Open

Space or the Western Open Space, whichever is developed first pursuant to the provisions of Section [93-78](#). Such public restroom shall provide separate restroom spaces for each gender, and may be located in either the publicly accessible open space or within the ground floor of any adjacent **building**.

(b) Maintenance

The owner of each of Sites 1 through 6 in Subdistrict F shall be responsible for the maintenance of all publicly accessible open spaces, private streets and pedestrian ways, including, but not limited to, litter control, management of pigeons and rodents, maintenance of required lighting levels, and the care and replacement of furnishings and vegetation within the portion of the Subdistrict associated with such site in the phased development provided in the site and landscape plans required pursuant to Section [93-78](#). Notwithstanding the foregoing, maintenance of the **High Line** shall be governed by such agreements as are entered into with respect thereto.

(c) Interim **use**

Open **uses** listed in Use Group 4B, with the exception of cemeteries and golf courses, shall be permitted as interim **uses** within the designated boundary of any public access area described in Sections [93-75](#) or [93-76](#) (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F) with the exception of the **High Line** open space, or within the designated boundary of any development site described in Section [93-56](#) (Special Height and Setback Regulations in Subdistrict F). Such interim **uses** may be **developed** prior to the approval of the site and landscape plans for the public access area in which it is located, and may continue until such time as development commences on such public access area pursuant to the approved site and landscape plans. Any such interim **uses** shall be open to and usable by the public, and may include temporary structures, provided that all associated **floor area** is appurtenant to the interim **use**.

93-78 - Site and Landscape Plans for Public Access Areas in Subdistrict F

LAST AMENDED
4/29/2014

Public access areas in Subdistrict F shall be comprised of publicly accessible open spaces, private streets and pedestrian ways.

All publicly accessible open spaces, or portions thereof, listed in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways, or portions thereof, listed in Section [93-76](#) (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), shall comply with the following provisions:

- (a) No building permit shall be issued for any **development** or **enlargement** within Subdistrict F unless the Chairperson of the City Planning Commission has certified to

the Commissioner of Buildings that the site and landscape plans for the Subdistrict F public access area have been approved by the Chairperson pursuant to the provisions of this Section. Notwithstanding the foregoing, the Chairperson shall allow for the phased development of public access areas, or portions thereof, upon certification to the Commissioner of Buildings that site and landscape plans have been submitted that provide for the completion of public access areas in association with the **development** or **enlargement** of a **building** or **buildings** within each phase.

- (b) An application under this Section shall be filed with the Chairperson of the City Planning Commission and such application shall include:
- (1) a site plan indicating the area and dimensions of the public access area, or portions thereof, and the location of all proposed **buildings** in the phase subject to the application;
 - (2) a landscape plan, prepared by a registered landscape architect, for the public access area, or portions thereof, in the phase subject to the application; and
 - (3) a report to the Chairperson demonstrating:
 - (i) that the site and landscape plans have been presented by the applicant to the affected Community Board, City Council Member and Borough President and the Community Board, City Council Member and Borough President have had at least 60 days to review; and
 - (ii) that any comments and recommendations of the affected Community Board, City Council Member and Borough President have been considered by the applicant, as set forth in a written response to such comments or recommendations. Where design modifications have been made in response to such recommendations, the report shall identify how the design has been modified.
- (c) The Chairperson of the City Planning Commission shall approve the site and landscape plans within 45 days following filing, provided that the following provisions are met:
- (1) the site and landscape plans provide for the improvement of the public access area, or portions thereof, which, taking into account relevant considerations relating to platform construction and engineering, are:
 - (i) of sufficient size to provide a valuable public amenity and promote site access for the benefit of residents and workers in the **buildings** in the phase to which they relate, as well as for the general public; and
 - (ii) appropriately sited and located in suitable proximity to the **building** locations in the phase to which they relate.
 - (2) the site and landscape plans are consistent with the general purposes and contain the core elements listed in Sections [93-75](#) and [93-76](#), inclusive;

- (3) all elements in the site and landscape plans comply with the design criteria as set forth in Section [93-77](#) (Design Criteria for Public Access Areas in Subdistrict F), or, in the case of the **High Line**, that the elements in the landscape plan comply with the criteria set forth in paragraph (c) of Section [93-756](#) (General requirements for the High Line);
- (4) the site and landscape plans are consistent and appropriate in relation to any previously approved landscape plan for other phases and in relation to conceptual plans for future phases, as applicable;
- (5) the level of public amenity provided in the landscape plan is equal to or better than the level of public amenity required in **public plazas** that are provided in accordance with the standards of Section [37-70](#) or, in the case of the **High Line**, than the level of public amenity provided on developed portions of the **High Line** south of West 30th Street. All public amenities that are provided in the landscape plan shall take into account the nature and character of the Subdistrict F public access areas; and
- (6) a maintenance plan, including any necessary maintenance facilities for the public access area, or portions thereof, in the phase, has been established that will ensure compliance with the provisions of paragraph (b) of Section [93-77](#).

Approved site and landscape plans shall be set forth in an instrument in a form acceptable to the City, including such provisions as are necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification to the Department of Buildings under this Section. The recording information shall be included on the certificate of occupancy for any **building**, or portion thereof, on the **zoning lot** issued after the recording date.

- (d) No temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a **development** or **enlargement** within a phase until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with the site and landscape plans, and that such public access area, or portions thereof, are open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** or **enlargement** until the Chairperson certifies to the Department of Buildings that the public access areas, or portions thereof, are fully complete, and that all requirements of this Section have been met in accordance with the site and landscape plans for the public access area, or portions thereof associated with such phase. Notwithstanding the foregoing, in the event that a temporary public access area plan is approved pursuant to Section [93-782](#) (Certification to temporarily modify public access areas for construction staging), no temporary certificate of occupancy from the Department of Buildings may be issued for any portion of a **development** or

enlargement within the phase until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with such phase, is substantially complete and in accordance with such temporary public access area plan, and the public access area, or portions thereof, are open and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such **development** or **enlargement** until the Chairperson certifies to the Department of Buildings that the public access area, or portions thereof associated with the phase previously improved pursuant to the temporary public access area plan, has been fully completed in accordance with the site and landscape plans therefor, and that the public access area, or portions thereof, are open to and useable by the public.

- (e) Where a phase of development results in all development sites in Subdistrict F, as shown on Map 2 (Subdistrict F: Site Plan) in Appendix B, having been **developed** in whole or in part pursuant to the provisions of Section [93-56](#) (Special Height and Setback Regulations in Subdistrict F), the Department of Buildings shall not issue a certificate of occupancy for the last **building** of such phase unless and until the Chairperson certifies to the Commissioner of Buildings that all public access areas within Subdistrict F are substantially complete, and are open to and useable by the public. However, in the event that the site and landscape plans for the **High Line** open space have not been approved, pursuant to paragraph (c) of this Section, at the time such last **building** is eligible for a certificate of occupancy, the Department of Buildings shall issue such certificate of occupancy upon certification of the Chairperson that all public access areas other than the **High Line** open space are substantially complete.

93-781 - Certification to modify general requirements of public access areas for ventilation demands

LAST AMENDED
12/21/2009

The Chairperson of the City Planning Commission may modify the general requirements of the publicly accessible open spaces listed in Section [93-75](#) (Publicly Accessible Open Spaces in Subdistrict F), and private streets and pedestrian ways listed in Section [93-76](#) (Publicly Accessible Private Streets and Pedestrian Ways in Subdistrict F), provided that the Chairperson certifies to the Commissioner of Buildings that such a change is necessary to accommodate unforeseen ventilation demands within the Western Rail Yard. In addition to the site and landscape plans required pursuant to Section [93-78](#), a mechanical plan shall be provided demonstrating the need to modify such general requirements.

93-782 - Certification to temporarily modify public access areas for construction staging

LAST AMENDED
2/2/2011

In the event that the applicant demonstrates to the satisfaction of the Chairperson of the City

Planning Commission that a public access area will be required for construction staging or similar activities in a future phase of **development** or **enlargement**, the application for the site and landscape plans may be accompanied by a request for approval of a temporary public access area plan for the public access area which may include fewer than all core elements required as part of a phase of **development** or **enlargement** of such public access area pursuant to paragraph (c)(2) of Section [93-78](#) (Site and Landscape Plans for Public Access Areas in Subdistrict F), as necessary to accommodate such future construction staging or similar activities. Such temporary public access area plan shall be subject to review and approval in the same manner as the site and landscape plans, pursuant to Section [93-78](#) and, if approved pursuant thereto, shall be implemented and remain in effect only for the period necessary to accommodate the need for use of the public access area for construction staging or similar activities in a future phase of development. Following the expiration of such period, the site and landscape plans, including all core elements for such public access area, shall be implemented.

93-80 - OFF-STREET PARKING REGULATIONS

LAST AMENDED
5/8/2013

In Subdistricts A, B, C, D and E, the regulations governing permitted **accessory** off-street parking spaces of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), and Article II, Chapter 5; Article III, Chapter 6; and Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations) shall not apply, except as set forth in this Section. In lieu thereof, the provisions of this Section, inclusive, shall apply.

In Subdistrict F, the regulations of Article I, Chapter 3, shall apply.

93-81 - Definitions

LAST AMENDED
12/20/2018

Hudson Yards parking regulations applicability area

The “Hudson Yards parking regulations applicability area” is comprised of Subdistricts A, B, C, D and E of the **Special Hudson Yards District**, the 42nd Street Perimeter Area of the **Special Clinton District** and Subdistrict A-2 of the **Special Garment Center District**

Hudson Yards development parking supply

The “Hudson Yards development parking supply” shall be the aggregate number of off-street parking spaces in **accessory** individual or **group parking facilities**, **public parking lots** and **public parking garages** in the **Hudson Yards parking regulations applicability area**:

(a) that have been constructed, pursuant to the as-of-right regulations in effect subsequent to

January 19, 2005, and before April 14, 2010, to the extent that such spaces satisfy the ratios of Section [93-821](#);

- (b) that have been constructed, pursuant to a City Planning Commission special permit approved subsequent to January 19, 2005, and before April 14, 2010;
- (c) for which the Chairperson has issued a certification, pursuant to Section [93-821](#), paragraph (e); and
- (d) that have been approved by Board of Standards and Appeals variance, pursuant to Section [72-21](#) , to the extent that such spaces satisfy the ratios of Section [93-821](#).

However, all off-street parking on Site 1, as shown on the map of the Special 42nd Street Perimeter Area in Appendix A of the ***Special Clinton District*** (Article IX, Chapter 6), shall be counted toward the ***Hudson Yards development parking supply***.

For purposes of this definition, “constructed” shall include any off-street parking spaces in ***accessory*** or ***group parking facilities***, ***public parking garages*** or ***public parking lots***, where such ***accessory*** or ***group parking facilities***, ***public parking garages*** or ***public parking lots*** were completed on April 14, 2010, under construction on such date with the right to continue construction pursuant to Section [11-331](#) or granted a City Planning Commission special permit after January 19, 2005, where such permit had not lapsed as of April 14, 2010.

Public parking

“Public parking” shall be off-street parking that is open to the public during the business day for hourly, daily or other time-defined rental of parking spaces, for which a fee is charged.

Reservoir deficit

The “reservoir deficit” shall be the amount by which the ***reservoir surplus*** is less than zero.

Reservoir parking supply

The “reservoir parking supply” shall be the sum of:

- (a) all off-street parking spaces lawfully operating as of May 27, 2009, in the ***Hudson Yards parking regulations applicability area*** as ***public parking***; and
- (b) any off-street parking spaces for which a valid building permit had been issued, as of May 27, 2009, and which have been constructed before April 14, 2010.

However, any off-street parking space that satisfies the definition of the ***Hudson Yards***

development parking supply in this Section shall not be counted as part of the **reservoir parking supply**.

For purposes of this definition, “constructed” shall include any off-street parking spaces in **accessory** individual or **group parking facilities**, **public parking garages** or **public parking lots**, where such **accessory** or **group parking facilities**, **public parking garages** or **public parking lots** were either completed on April 14, 2010, or under construction on such date with the right to continue construction pursuant to Section [11-331](#).

Reservoir surplus

The initial **reservoir surplus** shall be 3,600 off-street parking spaces. The “reservoir surplus” shall be increased by:

- (a) the aggregate number of off-street parking spaces in the **reservoir parking supply** for which a building permit has been issued, pursuant to the as-of-right regulations in effect subsequent to January 19, 2005, and before April 14, 2010;
- (b) the number of off-street parking spaces in the **Hudson Yards parking regulations applicability area** above the ratios permitted in Section [93-821](#), either certified by the Chairperson pursuant to Section [93-822](#), paragraph (c), or by City Planning Commission special permit, pursuant to Section [93-823](#); and
- (c) the number of off-street parking spaces lawfully added in the **Hudson Yards parking regulations applicability area**, other than those permitted pursuant to Section [93-80](#), inclusive, except for any increase by Board of Standards and Appeals variance that is counted as part of the **Hudson Yards development parking supply**;

The **reservoir surplus** shall be decreased by:

- (a) the aggregate number of parking spaces counted at any time in the **reservoir parking supply**, that subsequently are:
 - (1) reduced through modification or discontinuance of the applicable Department of Consumer Affairs license or certificate of occupancy or otherwise cease operation permanently; or
 - (2) not constructed in accordance with the applicable building permit, as reflected in a modification of such building permit or the issuance of a certificate of occupancy for a reduced number of spaces; or
- (b) the issuance of a certificate of occupancy for a **development** or **enlargement** providing a smaller number of spaces than allowed, pursuant to Section [93-821](#), to the extent of the difference between the number of **accessory** off-street parking spaces allowed, and the number provided. However, this paragraph shall not apply to Sites 2, 3, 4 and 5, as shown on Map 6 of Appendix A, and shall apply to no more than 200 **accessory** off-

street parking spaces on Site 6 as shown on Map 6.

Substantial construction

“Substantial construction” shall mean the substantial enclosing and glazing of a new **building** or of the **enlarged** portion of an existing **building**.

93-82 - Permitted Parking

LAST AMENDED
4/14/2010

Developments or **enlargements** in the **Hudson Yards parking regulations applicability area** may provide **accessory** parking spaces in accordance with the provisions of this Section. The provisions of Sections [36-52](#) (Size, Location and Identification of Spaces) and [36-53](#) (Width of Curb Cuts and Location of Access to the Street) shall apply to all permitted **accessory** off-street parking spaces.

93-821 - Permitted parking when the reservoir surplus is greater than or equal to zero

LAST AMENDED
4/29/2014

When the **reservoir surplus** is greater than or equal to zero, off-street parking spaces may be provided only in accordance with the provisions of this Section.

- (a) For **residences**, **accessory** off-street parking spaces may be provided for not more than 30 percent of the total number of **dwelling units**, except that where such **dwelling units** are comprised of **low income floor area**, **moderate income floor area** or **middle income floor area**, as defined in Section [23-911](#), **accessory** off-street parking spaces may be provided for not more than eight percent of the total number of such **dwelling units**.
- (b) For Use Group 5 **transient hotels**, the applicable provisions of Section [13-12](#) (Permitted Parking for Non-residential Uses) shall apply with respect to the number of permitted **accessory** off-street parking spaces, provided that the number of such spaces does not exceed 0.16 for every 1,000 square feet of **floor area**.
- (c) For Use Group 6B offices, not more than 0.16 **accessory** off-street parking spaces may be provided for every 1,000 square feet of **floor area**.
- (d) In the Eastern Rail Yard Subarea A1, paragraphs (a) through (c) of this Section shall not apply, and any **accessory** off-street parking shall comply with the provisions of this paragraph (d):

- (1) for **residences**, **accessory** off-street parking spaces may be provided for not more than 40 percent of the total number of **dwelling units**;
 - (2) for **commercial** and **community facility uses**, not more than 0.325 **accessory** off-street parking spaces may be provided for every 1,000 square feet of **floor area**, provided that in no event shall the number of off-street parking spaces **accessory** to **commercial** or **community facility uses** exceed 350 spaces; and
 - (3) in no event shall the total number of **accessory** off-street parking spaces for all **uses** exceed 1,000.
- (e) The Department of Buildings shall not issue a building permit for any **accessory** off-street parking pursuant to paragraphs (a) through (c) of this Section, unless the Chairperson has certified that:
- (1) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(1)(i), (e)(1)(ii) and (e)(1)(iii), is less than or equal to 5,084 spaces:
 - (i) the **reservoir surplus** or zero;
 - (ii) the **Hudson Yards development parking supply**; and
 - (iii) the number of spaces proposed to be added by the **development** or **enlargement** for which certification is sought; and
 - (2) the sum of the permitted parking spaces set forth in the following paragraphs, (e)(2)(i), (e)(2)(ii), (e)(2)(iii) and (e)(2)(iv), is less than or equal to 5,905 spaces:
 - (i) all off-street parking spaces in the **Hudson Yards parking applicability area** that have been categorized, in accordance with the definition in Section [93-81](#), as part of the **reservoir parking supply**, less any such off-street parking spaces that have been categorized as decreasing the **reservoir surplus** in accordance with paragraph (a) of the second part of the definition of **reservoir surplus** in Section [93-81](#);
 - (ii) all off-street parking spaces in the **Hudson Yards parking applicability area** that have been categorized as increasing the **reservoir surplus** in accordance with paragraphs (b) and (c) of the first part of the definition of **reservoir surplus** in Section [93-81](#);
 - (iii) the **Hudson Yards development parking supply**; and
 - (iv) the number of spaces proposed to be added by the **development** or **enlargement** for which certification is sought.
 - (3) Notwithstanding paragraphs (e)(1) and (2) of this Section, if the Chairperson determines that final certificates of occupancy have been issued by the Department of Buildings for all **buildings** shown in the site plan for the Eastern

Rail Yard Subarea A1 as required by the provisions of Section [93-70](#), and that upon the completion of all such **buildings**, fewer than 1,000 **accessory** off-street parking spaces have been provided in such subarea, any difference between the number of **accessory** off-street parking spaces provided in the Eastern Rail Yard Subarea A1, and 1,000, may be added to the limits of 5,084 and 5,905 spaces set forth in paragraphs (e)(1) and (e)(2), respectively.

- (4) Any certification granted by the Chairperson, pursuant to this Section, shall lapse after two years if **substantial construction** of the **development** or of the **enlarged** portion of an existing **building**, which includes the subject **accessory** off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if **substantial construction** of the new **building** that includes the subject **accessory** off-street parking spaces, has not occurred.

93-822 - Permitted parking when a reservoir deficit exists

LAST AMENDED
4/29/2014

When a **reservoir deficit** exists, additional off-street parking spaces may be provided in accordance with the provisions of this Section. However, this Section shall not apply in the Eastern Rail Yard Subarea A1.

- (a) The number of permitted **accessory** off-street parking spaces for Use Group 5 hotels may exceed 0.16 for every 1,000 square feet of **floor area**, up to the number permitted by the applicable provisions of Section [13-12](#) (Permitted Parking for Non-residential Uses).
- (b) The number of permitted **accessory** off-street parking spaces for Use Group 6B offices may be increased by up to 33 percent of the number permitted pursuant to Section [93-821](#), paragraph (b).
- (c) The Department of Buildings shall not issue a building permit for any additional **accessory** off-street parking spaces permitted pursuant to this Section unless the Chairperson has certified that:
 - (1) a **reservoir deficit** exists;
 - (2) the number of **accessory** off-street parking spaces in excess of the number permitted by Section [93-821](#), proposed to be added by the **development** or **enlargement** for which certification is sought, does not exceed such **reservoir deficit**; and

- (3) such additional **accessory** off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section [93-821](#) does not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section [93-821](#).
- (d) Any certification granted by the Chairperson pursuant to this Section shall lapse after two years if **substantial construction** of the new **building** or of the **enlarged** portion of an existing **building**, which includes the subject **accessory** off-street parking spaces, has not occurred. In making a certification pursuant to this Section, the Chairperson shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution. However, for Site 6, as shown on Map 6 in Appendix A of this Chapter, any such certification shall lapse after six years if **substantial construction** of the new **building** that includes the subject **accessory** off-street parking spaces, has not occurred.

93-823 - Parking permitted by special permit

LAST AMENDED
5/8/2013

When a **reservoir deficit** exists, the City Planning Commission may allow, by special permit, Use Group 6B offices to exceed the number of **accessory** off-street parking spaces permitted by Section [93-822](#), provided that:

- (a) within the vicinity of the site, there are insufficient parking spaces available;
- (b) the facility will not create or contribute to serious traffic congestion nor unduly inhibit vehicular and pedestrian movement;
- (c) the facility is so located as to draw a minimum of vehicular traffic to and through local **residential streets**; and
- (d) adequate reservoir space is provided at the vehicular entrance to accommodate vehicles equivalent in number to 20 percent of the total number of parking spaces, up to 50 parking spaces, and five percent of any spaces in excess of 200 parking spaces, but in no event shall such reservoir spaces be required for more than 50 vehicles. However, in the case of a facility with a capacity of 10 vehicles or less, the Commission may waive this condition.

In addition, the Commission shall find that the number of **accessory** off-street parking spaces in excess of the number permitted by Section [93-821](#), proposed to be added by the **development** or **enlargement** that is the subject of the application under review, does not exceed the **reservoir deficit**; and that such additional **accessory** off-street parking spaces, when added to the sum of the parking spaces specified in paragraphs (e)(2)(i), (e)(2)(ii) and (e)(2)(iii) of Section [93-821](#) do not exceed 5,905 spaces, except insofar as the limit of 5,905 spaces set forth in paragraph (e)(2) has been adjusted pursuant to the provisions of paragraph (e)(3) of Section [93-](#)

[821](#). In making such finding, the Commission shall not consider any prior certification or any special permit that has lapsed in accordance with the provisions of this Resolution.

93-824 - Publication of data

LAST AMENDED
4/14/2010

The Department of City Planning shall make available, in a form easily accessed by the public, regularly updated calculations of the current **Hudson Yards development parking supply**, **reservoir parking supply**, spaces described in paragraphs (e)(2)(i) and (e)(2)(ii) of Section [93-821](#), and **reservoir surplus** or **reservoir deficit**, as applicable.

93-83 - Use and Location of Parking Facilities

LAST AMENDED
5/8/2013

The provisions of this Section shall apply to all off-street parking spaces within the **Special Hudson Yards District**.

- (a) All off-street parking spaces **accessory** to **residences** shall be used exclusively by the occupants of such **residences**. Except in the Eastern Rail Yard Subarea A1, all off-street parking spaces **accessory** to Use Group 5 **transient hotels** and Use Group 6B offices may be made available for public use. No **accessory** off-street parking spaces shall be located on a **zoning lot** other than the same **zoning lot** as the **use** to which they are **accessory**.
 - (b) All off-street parking spaces shall be located within facilities that, except for entrances and exits, are:
 - (1) entirely below the level of any **street** or publicly accessible open area upon which such facility, or portion thereof, fronts; or
 - (2) located, at every level above-grade, behind **commercial**, **community facility** or **residential floor area**, so that no portion of such parking facility is visible from adjoining **streets** or publicly accessible open areas.
-

93-831 - Authorization for above-grade parking

LAST AMENDED
2/2/2011

The City Planning Commission may authorize parking facilities that do not comply with the provisions of paragraph (b) of Section [93-83](#) (Use and Location of Parking Facilities) and may authorize floor space used for parking and located above a height of 23 feet to be exempt from

the definition of **floor area**, provided that:

- (a) below-grade parking has been provided to the fullest extent feasible, and such above-grade facility is necessary due to subsurface conditions such as the presence of bedrock, railroad rights-of-way or other conditions that impose practical difficulties for the construction of below-grade parking facilities;
- (b) the scale of the parking facility is compatible with the scale of **buildings** in the surrounding area;
- (c) the materials and articulation of the **street wall** of the parking facility are compatible with **buildings** in the surrounding area;
- (d) the ground floor level of such parking facilities that front upon **streets** is occupied by **commercial, community facility or residential uses** that activate all such adjoining **streets**, except at the entrances and exits to the parking facility. Where site planning constraints make such **uses** infeasible, the parking facility shall be screened from adjoining **streets** or public access areas with a densely planted buffer strip at least 10 feet deep. Where such screening is not desirable, such ground floor wall of the parking facility shall be articulated in a manner that provides visual interest;
- (e) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind **commercial, community facility or residential floor area**, to minimize the visibility of the parking facility from adjoining **streets** or public access areas. Any exterior wall of the parking facility visible from an adjoining **street** or public access area shall be articulated in a manner that is compatible with **buildings** in the surrounding area;
- (f) for portions of parking facilities that are visible from **streets**, publicly accessible open areas or nearby properties, interior lighting and vehicular headlights are shielded to minimize glare on such **streets**, public access areas or properties; and
- (g) the location of vehicular entrances and exits will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

93-84 - Curb Cut Restrictions

LAST AMENDED
4/14/2010

Along all avenues in the **Special Hudson Yards District**, and along Hudson Boulevard and West 34th Street, and along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, no driveway curb cuts for parking facilities or loading berths shall be permitted, except:

- (a) for entrances or exits to a public parking garage located beneath Hudson Boulevard and the adjacent **public parks**; or
- (b) where the Commissioner of Buildings determines there is no alternative means of access to required off-street parking spaces or required loading berths from other **streets** bounding the **zoning lot**. However, in no event shall curb cuts be permitted on or within 40 feet of Hudson Boulevard.

93-841 - Curb cut restrictions in the Large-Scale Plan Subdistrict A

LAST AMENDED
4/14/2010

In Subarea A2 of the Large-Scale Plan Subdistrict A, curb cuts for parking and loading facilities shall be prohibited on West 34th Street, Tenth Avenue, Hudson Boulevard and Eleventh Avenue except where the City Planning Commission certifies there is no frontage available on West 33rd Street or West 35th Street to access a required parking or loading facility.

93-842 - Curb cut restrictions in the Farley Corridor Subdistrict B

LAST AMENDED
4/14/2010

No curb cuts shall be permitted on Eighth or Ninth Avenues between West 31st and West 33rd Streets. In the Pennsylvania Station Subarea B4, the maximum aggregate width of curb cuts on West 33rd Street shall be 90 feet. On the south side of West 33rd Street between the Lincoln Tunnel Approach and Ninth Avenue, the maximum aggregate width of curb cuts shall be 90 feet.

93-85 - Authorization for Additional Curb Cuts

LAST AMENDED
4/14/2010

Along the north side of West 35th, West 36th, West 37th and West 38th Streets between Tenth and Eleventh Avenues, for **zoning lots** greater than 20,000 square feet, the City Planning Commission may authorize curb cuts, provided the Commission finds that such curb cuts are needed for required loading berths, do not unduly inhibit surface traffic or pedestrian flow and do not impair the essential character of the surrounding area. Loading berths shall be arranged so as to permit head-in and head-out truck movements to and from the **zoning lot** and thereby permit a more efficient loading operation.

93-90 - HARASSMENT

LAST AMENDED

(a) Definitions

(1) Anti-harassment area

“Anti-harassment area” shall mean the ***Special Hudson Yards District*** and Subdistrict A-2 of the ***Special Garment Center District***.

(2) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a ***certification of no harassment*** for processing.

(3) Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to this Section that there has not been ***harassment*** of the lawful occupants of a ***multiple dwelling*** during the ***inquiry period***.

(4) Cure compliance lot

“Cure compliance lot” shall mean a ***zoning lot*** on which ***low income housing*** is provided pursuant to a ***restrictive declaration*** in accordance with the cure provisions of paragraph (d) of this Section. A ***cure compliance lot*** may be a ***cure requirement lot***.

(5) Cure requirement

Except as otherwise provided in paragraph (e) of this Section with respect to Subareas 4 and 5 of the Hell’s Kitchen Subdistrict D of the ***Special Hudson Yards District***, “cure requirement” shall mean ***floor area*** in an amount not less than the greater of:

- (i) 28 percent of the total ***residential*** and ***hotel floor area*** of any ***multiple dwelling*** to be altered or demolished in which ***harassment*** has occurred; or
- (ii) 20 percent of the total ***floor area*** of any new or altered ***building*** on the ***cure requirement lot***.

(6) Cure requirement lot

“Cure requirement lot” shall mean:

- (i) a ***zoning lot*** containing a ***multiple dwelling*** with respect to which the

Department of Housing Preservation and Development has denied a ***certification of no harassment***, or

- (ii) a ***zoning lot*** with respect to which an applicant, in lieu of seeking a ***certification of no harassment*** which would otherwise be required for the full or partial demolition or ***material alteration*** of a ***multiple dwelling*** located in the ***anti-harassment area***, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a ***restrictive declaration***.

(7) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

(8) Exempt hotel

“Exempt hotel” shall mean any ***multiple dwelling***:

- (i) which is a ***transient hotel*** and was a ***transient hotel*** on the ***referral date***;
- (ii) in which no ***residential*** occupant is, or was on the ***referral date***, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and
- (iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(9) Exempt institutional residence

“Exempt institutional residence” shall mean any ***multiple dwelling***:

- (i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the ***referral date***, and
- (ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(10) Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a ***multiple dwelling*** that includes:

- (i) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in such **multiple dwelling** to vacate such unit or to surrender or waive any rights in relation to such occupancy;
- (ii) the interruption or discontinuance of essential services which
 - (a) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in the use or occupancy of such **dwelling unit** or **rooming unit**, and
 - (b) causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such **dwelling unit** or **rooming unit** or to surrender or waive any rights in relation to such occupancy;
- (iii) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such unit or to waive any rights in relation to such occupancy; or
- (iv) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such **dwelling unit** or **rooming unit** or causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such **dwelling unit** or **rooming unit** or to surrender or waive any rights in relation to such occupancy, including but not limited to removing the possessions of any occupant from the **dwelling unit** or **rooming unit**; removing the door at the entrance to the **dwelling unit** or **rooming unit**; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

(11) Inquiry period

“Inquiry period” shall mean a period which:

- (i) commences upon the later of the **referral date** or a date which is 15 years prior to the **application date**, and
- (ii) terminates upon the **application date**;

provided, however, that the Department of Housing Preservation and Development may:

- (a) set such commencement date upon any date which is on or after the **referral date** and is more than 15 years prior to the **application date** where it determines that such extension of the duration of the inquiry period would further the purposes of this Section, and
- (b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a **certification of no harassment**.

(12) Low income housing

“Low income housing” shall mean **dwelling units** or **rooming units** occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(13) Material alteration

“Material alteration” shall mean any alteration to a **multiple dwelling** or other **building**, including, but not limited to, an alteration which reduces or increases the **floor area** of the **multiple dwelling** or other **building**, **converts floor area** from **residential** to non-**residential use**, changes the number or layout of **dwelling units** or **rooming units**, or adds or removes kitchens or bathrooms; provided, however, that **material alteration** shall not include:

- (i) an **incidental alteration** which does not change the layout of **dwelling units** or **rooming units**, or
- (ii) a repair or replacement of existing elements of such **multiple dwelling** or other **building** without materially modifying such elements.

(14) Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

(15) Referral date

“Referral date” shall mean June 21, 2004.

(16) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

- (i) provides that **low income housing** in an amount not less than the **cure requirement** shall be provided in a new or altered **multiple dwelling** located in the **anti-harassment area**,
- (ii) provides that the **low income housing** must comply with the requirements of Section [23-90](#) for rental **affordable housing** provided without **public funding**, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development,
- (iii) contains such other terms as the Department of Housing Preservation and Development shall determine,
- (iv) has been approved by the Department of Housing Preservation and Development,
- (v) runs with the land and binds all parties in interest to the **cure requirement lot** and their successors,
- (vi) runs with the land and binds all parties in interest to the **cure compliance lot** and their successors, and
- (vii) is perpetual in duration.

(17) Rooming unit

“Rooming unit” shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

- (1) Unless the Department of Housing Preservation and Development has issued a **certification of no harassment** pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, the Department of Buildings shall not issue a permit for:
 - (i) the full or partial demolition of a **multiple dwelling** located in the **anti-harassment area**; or
 - (ii) the **material alteration** of a **multiple dwelling** located in the **anti-harassment area**.
- (2) Any permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:
 - (i) making the public areas of a **multiple dwelling** accessible to persons with disabilities without altering the configuration of any **dwelling unit**

or **rooming unit**; or

- (ii) making a **dwelling unit** or a **rooming unit** accessible to persons with disabilities.

(3) The following structures shall be exempt from the provisions of this Section:

- (i) any city-owned **multiple dwelling**;
- (ii) any **multiple dwelling** which is the subject of a program approved by Department of Housing Preservation and Development for the provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;
- (iii) any **multiple dwelling** initially occupied for residential purposes after January 1, 1974, except for **buildings** which are or have been interim **multiple dwellings** pursuant to Article 7C of the Multiple Dwelling Law;
- (iv) any **exempt hotel**;
- (v) any **multiple dwelling** in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the **referral date**; and
- (vi) any **exempt institutional residence**.

(4) Where the Department of Housing Preservation and Development has denied a **certification of no harassment** with respect to a **multiple dwelling**, the Department of Buildings shall not issue any permit with respect to any **multiple dwelling** or other **building** located on, or to be located on, the **cure requirement lot** except in accordance with paragraph (d) of this Section.

(c) Certification of No Harassment

- (1) The Department of Housing Preservation and Development shall determine and certify whether there has been **harassment** of the lawful occupants of a **multiple dwelling** during the **inquiry period**.
- (2) There shall be a rebuttable presumption that any of the acts or omissions described in paragraph (a)(10) of this Section occurring within the **inquiry period** were committed by or on behalf of the owner of such **multiple dwelling** and that such acts or omissions:
 - (i) were committed with the intent to cause a person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in such **multiple dwelling** to vacate such unit or to surrender or waive a right in relation to such occupancy, and

- (ii) materially advanced the demolition or alteration in furtherance of which the permit and ***certification of no harassment*** are sought.
- (3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall not be limited to, provisions which:
 - (i) establish the information to be required in an application for ***certification of no harassment***, the form of such application, and the manner of filing of such application,
 - (ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development, including, but not limited to, costs for publication of any notices, and
 - (iii) establish the duration for which a ***certification of no harassment*** will remain effective, and
 - (iv) authorize the rescission of a ***certification of no harassment*** if the Department of Housing Preservation and Development finds either that ***harassment*** has occurred after the ***inquiry period*** or that the application for such ***certification of no harassment*** contained a material misstatement of fact. Following such rescission, the Department of Buildings may revoke any permit for which such ***certification of no harassment*** was required.
- (4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a ***certification of no harassment*** where the Department of Housing Preservation and Development finds that:
 - (i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such ***multiple dwelling***,
 - (ii) such ***multiple dwelling*** has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such ***multiple dwelling*** (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such ***multiple dwelling***) and such unlawful alteration remains uncorrected; or
 - (iii) the Department of Housing Preservation and Development has previously denied an application for a ***certification of no harassment*** pursuant to this Section.
- (5) If the Department of Housing Preservation and Development determines that an

application for a ***certification of no harassment*** contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with respect to such ***multiple dwelling*** for a period not to exceed three years.

- (6) Before determining whether there is reasonable cause to believe that ***harassment*** has occurred with respect to any ***multiple dwelling***, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been ***harassment*** of the lawful occupants of such ***multiple dwelling*** from the ***referral date*** to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that ***harassment*** occurred on or after the ***referral date*** and more than 15 years prior to the ***application date***, the Department of Housing Preservation and Development shall, in accordance with paragraph (a)(11) of this Section, set the commencement of the ***inquiry period*** on a date prior to the date of such alleged harassment.
- (7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***.
 - (i) If there is no reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***, the Department of Housing Preservation and Development shall issue a ***certification of no harassment***.
 - (ii) If there is reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a ***certification of no harassment***.
- (8) The Department of Housing Preservation and Development may deny a ***certification of no harassment*** without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been harassment, unlawful eviction or arson at the ***multiple dwelling*** during the ***inquiry period***.

(d) Certification of Cure for Harassment

- (1) The Department of Housing Preservation and Development shall not certify

compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the **cure requirement lot** and all parties in interest to the **cure compliance lot** have entered into a **restrictive declaration**.

- (2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a **cure requirement lot** or a **cure compliance lot** shall be subject to the following conditions:
- (i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a **material alteration**, with respect to any structure located on the **cure requirement lot** unless the **restrictive declaration** has been recorded in the Office of the City Register and indexed against each tax lot within the **cure requirement lot** and each tax lot within the **cure compliance lot**.
 - (ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure requirement lot**, other than any **low income housing** located on the **cure requirement lot**, until:
 - (a) the Department of Housing Preservation and Development certifies that the **low income housing** required by the **restrictive declaration** has been completed in compliance with the **restrictive declaration**; and
 - (b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such **low income housing**.
 - (iii) The Department of Buildings shall include the occupancy restrictions of the **restrictive declaration** in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure compliance lot**. Failure to comply with the terms and conditions set forth in the **restrictive declaration** shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.
 - (iv) The Department of Buildings shall include the occupancy restrictions of the **restrictive declaration** in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure requirement lot**, except where:
 - (a) the **cure requirement lot** is not the **cure compliance lot**; and
 - (b) the management and operation of the **cure compliance lot** is wholly controlled by, and the **restrictive declaration** requires that management and operation of the **cure compliance lot**

remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the **cure requirement lot**.

Failure to comply with the terms and conditions set forth in the **restrictive declaration** shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

- (3) No portion of the **low income housing** required under this Section shall qualify to:
- (i) increase the **floor area ratio** pursuant to the provisions of Section [23-90](#), as modified by the provisions of the **Special Hudson Yards District** and the **Special Garment Center District**; or
 - (ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any **multiple dwelling** that does not contain such **low income housing**.

- (e) Demolition in Subareas 4 and 5 of the Hell's Kitchen Subdistrict D

Notwithstanding any provision of paragraph (a)(5) of this Section or paragraph (d) of this Section to the contrary, with regard to any **multiple dwelling** to be demolished in Subareas 4 and 5 of the Hell's Kitchen Subdistrict D of the **Special Hudson Yards District**, **cure requirement** shall mean **floor area** in an amount not less than the greater of:

- (i) 40 percent of the total **residential** or **hotel floor area** of any **multiple dwelling** to be demolished in which **harassment** has occurred; or
- (ii) 30 percent of the total **floor area** of any new **building** on the same **zoning lot** as the **multiple dwelling** to be demolished.

93-91 - Demolition

LAST AMENDED
12/20/2018

The Department of Buildings shall not issue a permit for the demolition of a **multiple dwelling**, as defined in Section [93-90](#) (HARASSMENT), paragraph (a)(14), located within Subareas D4 or D5 in the Hell's Kitchen Subdistrict D or within Subdistrict A-2 of the **Special Garment Center District**, or an alteration permit for the partial demolition of a **multiple dwelling** located within Subareas D4 and D5 or within Subdistrict A-2 of the **Special Garment Center District**, where such partial demolition would decrease the amount of **residential floor area** in such **multiple dwelling** by 20 percent or more, unless:

- (a) such **multiple dwelling** is an unsafe **building** or an emergency exists such that demolition is required pursuant to the provisions of Title 28, Chapter 2, Articles 215 or

216 of the New York City Administrative Code; or

- (b) the Commissioner of the Department of Housing Preservation and Development, after providing 60 days notice and opportunity to comment to the local Community Board, has certified:
 - (1) if such **multiple dwelling** is to be substantially preserved, that an alteration permit is required to allow the removal and replacement of 20 percent or more of the **floor area**;
 - (2) if such **multiple dwelling** is not to be substantially preserved, that the Department of Housing Preservation and Development has determined that the rehabilitation of such **multiple dwelling** is not feasible under any active governmentally funded program; and
 - (3) that the Department of Housing Preservation and Development has issued a **certification of no harassment** pursuant to Section [93-90](#), paragraph (c), or has certified compliance with the cure provisions of Section [93-90](#), paragraph (d).
- (c) the following structures shall be exempt from the provisions of this Section:
 - (1) any city-owned **multiple dwellings**;
 - (2) any **multiple dwelling** which is the subject of a program approved by the Department of Housing Preservation and Development for the provision of housing for persons of low- or moderate-income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;
 - (3) any **multiple dwelling** initially occupied for **residential** purposes after January 1, 1974, except for **buildings** which are or have been interim **multiple dwellings**, pursuant to Article 7C of the Multiple Dwelling Law;
 - (4) any **exempt hotel**, as defined in Section [93-90](#);
 - (5) any **multiple dwelling** in which occupancy is restricted to clubhouse or school dormitory **use** and occupancy was restricted to clubhouse or school dormitory **use** on June 21, 2004; or
 - (6) any **exempt institutional residence**, as defined in Section [93-90](#).

Zoning Resolution

THE CITY OF NEW YORK

Bill de Blasio, Mayor

CITY PLANNING COMMISSION

Marisa Lago, Chair

Chapter 4 - Special Sheepshead Bay District (SB)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 4 - Special Sheepshead Bay District (SB)

94-00 - GENERAL PURPOSES

LAST AMENDED
10/4/1973

The "Special Sheepshead Bay District," established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to promote and strengthen the unique character of the "Special Sheepshead Bay District" area as a prime location for waterfront-related commercial and recreational development and to help attract a useful cluster of shops, restaurants and related activities, which will complement and enhance the area as presently existing;
- (b) to encourage the provision of housing with appropriate amenities in areas suitable for residential development;
- (c) to improve vehicular and pedestrian circulation patterns by requiring limited curb cuts and uniform sidewalk widening, and encouraging the provision of public open space and other amenities as a related part of new development;
- (d) to provide an incentive for redevelopment of the area in a manner consistent with the foregoing objectives which are integral elements of the Comprehensive Plan of the City of New York; and
- (e) to promote the most desirable use of land in this area and thus to conserve the value of land and thereby protect the City's tax revenues.

94-01 - Definitions

LAST AMENDED
2/2/2011

Development

For the purposes of this Chapter, a "development" includes **development**, as defined in Section [12-10](#), or an **enlargement**.

Development rights

For the purposes of this Chapter, the "development rights" of a **granting lot** shall consist of the unused bonus **floor area** allowed by Section [94-08](#) (Special Floor Area Bonus Provisions). Any unused bonus **floor area** transferred from a **granting lot** may be used on a **receiving lot**

either for **residential** or **commercial uses** as set forth in Section [94-094](#) (Authorization provisions for transfer of development rights to receiving lots).

Granting lot

For the purposes of this Chapter, a "granting lot" is a **zoning lot**, with a minimum area of 20,000 square feet, which is located in Areas A, C, D or E, as indicated in Appendix A (District Map), and is **developed** pursuant to Sections [94-07](#) (Mandatory Provisions) and [94-08](#) (Special Floor Area Bonus Provisions).

Person

For the purposes of this Chapter, a "person" is an individual, corporation (whether incorporated for business, public benefit, or non-profit purposes or otherwise), partnership, trust, firm, organization, other association or any combination thereof.

Receiving lot

For the purposes of this Chapter, a "receiving lot" is a **zoning lot**, with a minimum area of 20,000 square feet, which is located in Areas A, C, E or F, as indicated in Appendix A (District Map), and on which **development rights** are transferred from a **granting lot** pursuant to Section [94-094](#).

94-02 - General Provisions

LAST AMENDED
10/10/2013

In harmony with the general purposes of the **Special Sheepshead Bay District** and in accordance with the provisions of this Chapter, certain specified regulations of the districts on which the **Special Sheepshead Bay District** is superimposed are made inapplicable and special regulations are substituted therefor. The City Planning Commission, by special permit, may grant certain **uses** and may authorize **bulk** modifications within the Special District as set forth in this Chapter. Except as modified by the express provisions of this Special District, the regulations of the underlying zoning districts remain in effect.

In the **waterfront area**, the provisions of the **Special Sheepshead Bay District** are modified in accordance with the provisions of Section [62-13](#) (Applicability of District Regulations).

In **flood zones**, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

94-04 - Requirements for Applications

LAST AMENDED
10/4/1973

An application to the City Planning Commission for the grant of a special permit or authorization respecting any **development** under the provisions of this Chapter shall include a site plan showing the location and proposed **use** of all **buildings or other structures** on both the **granting** and **receiving lots**; the location of all special amenities that are to be provided under the mandatory and bonus provisions; the location of all vehicular entrances and exits and off-street parking and loading spaces; and such other information as may be required by the Commission for its determination as to whether or not a special permit or authorization is warranted.

94-05 - Relationship to Public Improvement Projects

LAST AMENDED
10/4/1973

In all cases, the City Planning Commission shall deny a special permit or authorization application whenever the **development** will interfere with a public improvement project (including housing, highways, public **buildings** or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which is approved by or pending before the Board of Estimate, City Planning Commission or Site Selection Board, as determined from the calendar of each agency issued prior to the date of the public hearing on the application for a special permit or authorization.

94-06 - Special Use Regulations

LAST AMENDED
10/4/1973

In order to preserve the character of the area and to encourage waterfront and related **uses**, special limitations are imposed on the location, size and kinds of **uses** permitted within the Special District as set forth in this Section.

94-061 - Permitted residential, community facility and commercial uses

LAST AMENDED
5/27/2015

A. **Residential** and **community facility uses**

Uses listed in Use Groups 1, 2, 3 and 4 shall be allowed anywhere within the Special

District, except as set forth in Section [94-065](#) (Restriction on ground floor use).

B. **Commercial uses**

In Areas A, B, C, D and E, as indicated in Appendix A (Special Sheepshead Bay District Map) of this Chapter, only those **commercial uses** listed in Section [94-062](#) (Use Group SB), those **uses** listed in Section [62-211](#) (Water-Dependent (WD) uses) from Use Groups 6, 7, 9 and 14, and those **uses** permitted pursuant to Section [94-063](#) (Uses permitted by special permit), shall be allowed. In addition, in Area B, a food store, as listed in Section [32-15](#) (Use Group 6), shall also be allowed on a **zoning lot** existing on May 27, 2015, for a period of 10 years from such date. Such food store shall be limited to one such establishment per **zoning lot** and shall be limited to 15,000 square feet of **floor area** utilized for the sale of food and non-food grocery products, and further such establishment shall be limited to an additional 6,500 square feet of **floor area** for **accessory** office and storage space. There shall be no limitation on the amount of **floor area** utilized for eating or drinking places as listed in Use Group SB, pursuant to Section [94-062](#).

In Area F, only **commercial uses** listed in Use Group 6 and those listed in Section [62-211](#) from Use Groups 6, 7, 9 and 14 shall be allowed within the underlying **Commercial Districts**.

In Area G, only **commercial uses** listed in Use Groups 6, 7, 8 and 9 and those listed in Section [62-211](#) from Use Groups 6, 7, 9 and 14 shall be allowed within the underlying **Commercial Districts**.

In Area H, except for **uses** permitted pursuant to Section [94-063](#), **commercial uses** shall be limited to those listed in Section [62-211](#) from Use Groups 6, 7, 9 and 14 and the following **uses**:

Antique stores

Art galleries, commercial

Artists' supply stores

Bicycle sales, rental or repair shops

Boat fuel sales, open or enclosed, restricted to location within 10 feet of a dock berth

Boat rentals, open or enclosed

Boat showrooms or sales

Boat storage, repair or painting, including the incidental sale of boats, boat parts or accessories, restricted to boats less than 100 feet in length, provided

that such ***use*** or portion thereof may be conducted outside a ***completely enclosed building*** only if located at a distance greater than 100 feet from a ***Residence District*** boundary

Book stores

Candy or ice cream stores

Cigar or tobacco stores

Coin-operated ice vending machines, including those machines that are self-contained dealing directly with the ultimate consumer. Such self-contained machines shall be limited to 1,600 pounds capacity solely for the use of such self-contained machines

Docks for pleasure boats less than 100 feet in length

Eating or drinking places, including those which provide outdoor table service or incidental musical entertainment

Fish stores, retail

Fishing tackle or equipment, rental or sales

Florist shops

Gift shops

Gymnasiums, used exclusively for basketball, handball, squash and tennis

Hardware stores, limited to marine supplies

Hotels, transient

Jewelry or art metal craft shops

Motels or boatels

Newsstands, open or enclosed

Non-commercial clubs, without restrictions on activities or facilities

Pet shops

Photographic equipment or supply stores

Picture framing shops

Sailmaking establishments

Sale or rental of sporting goods or equipment, including instructions in skiing, sailing or skin diving

Stamp or coin stores

Studios, art, music, dance or theatrical

Taxidermist shops

C. ***Accessory uses***

94-062 - Use Group SB

LAST AMENDED
2/2/2011

In Areas A, B, C, D and E, except as stated in this Section, all ***commercial uses*** permitted by Use Group SB shall be limited to a maximum ***floor area*** of 3,500 square feet per establishment and to a maximum frontage per establishment at ground floor level of 35 feet when facing any plaza, Emmons Avenue, Sheepshead Bay Road, Ocean Avenue and Bedford Avenue. Any ***use*** marked with a single asterisk (*) shall not be located on the ground floor of a ***building***.

A. Convenience retail or service establishments

Bakeries, limited to 750 square feet of ***floor area*** for production

Eating or drinking places, with no restriction on ***floor area*** or frontage per establishment, including those which provide outdoor table service or incidental musical entertainment

Hardware stores, limited to marine supplies

Stationery stores

Tailor or dressmaking shops, custom

B. Offices

* Offices, business, professional or governmental

C. Retail or service establishments

Antique stores

Art galleries

Artists' supply stores

Bicycle, rental or sales

Boat showrooms, with no repair or preparation or boats for delivery, ***floor area*** limited to 5,000 square feet

Book stores

Candy or ice cream stores

Cigar or tobacco stores

Clothing stores or clothing accessory stores

Dry goods stores (fabrics)

Fishing tackle and equipment

Florists

Gift shop

* Gymnasiums, used exclusively for basketball, handball, squash and tennis

Jewelry or art metal shops

Leather goods stores

* Meeting halls, having a rated capacity of not more than 75 people

Millinery shops

Music stores or repair shops

Newsstands, open or enclosed

Off-track betting establishments

Pet shops

Photographic equipment or supply stores

** ***Physical culture or health establishments***, other than ***adult physical culture establishments***, including gymnasiums, having a rated capacity of not more than 50 people

Picture framing shops

Record stores

Shoe stores

Sporting or athletic goods stores

Stamp or coin stores

* Studios, music, dance or theatrical, with no restriction on **floor area**

Taxidermist shops

Toy stores

Travel bureaus

Watch or clock stores or repair shops

D. Clubs

* Clubs, non-commercial, without restrictions on activities or facilities

E. **Accessory uses**

** **Uses** listed in Use Group SB, marked with a double asterisk, are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section [73-36](#)

94-063 - Uses permitted by special permit

LAST AMENDED
2/2/2011

The City Planning Commission, by special permit, may allow the **uses** listed in Tables 1 and 2 in Areas A, B, C, D and E and the **uses** listed in Table 2 only in Area H, provided that the following findings are made:

- (a) the **use** is so located as not to impair the character of the surrounding area or its future development or cause any environmental hazards;
- (b) the principal vehicular access for such **use** is not located on Emmons Avenue, Sheepshead Bay Road, Ocean Avenue or Bedford Avenue, except where no access is available from another **street**, and that such **use** will not cause undue congestion in local **streets**;
- (c) the **uses** listed under **manufacturing** establishments in Table 1 are **accessory** to the retail sales on the same **zoning lot** and such **uses** occupy not more than 50 percent of the **floor area** of the establishment and that such **uses** do not create objectionable noise, vibration, smoke, dust or odor; and

- (d) any public parking facilities provide adequate reservoir space at vehicular entrances, and that sufficient vehicular entrances and exits are provided to prevent traffic congestion.

The Commission may prescribe appropriate conditions or safeguards to minimize the adverse effect of any **use** permitted under this Section on the character of the surrounding area.

Table 1

A. **Manufacturing** Establishments

Art needlework, hand weaving, tapestries

Books, hand binding, tooling

Ceramics, custom

Jewelry manufacture, custom

Musical instruments (except pianos)

Printing, custom

Watchmaking

B. Amusements

Billiard parlors or pool halls, limited to 10 tables

Golf recreation centers, indoor, limited to 5,000 square feet

Skating rinks or ice skating rinks, outdoor or indoor, limited to one rink

Theaters, having a rated capacity of 500 people or less

Table 2

A. Automotive Service Establishments

Parking garages, public, or parking lots, public, with any capacity

B. Amusements

Historical exhibits, provided such **use** is contained mainly within a structure

Skating rinks or ice skating rinks, outdoor, may be enclosed in winter, limited to one rink

Tennis courts, outdoor, may be enclosed in winter, limited to four courts in Areas A, B, C, D and E and to eight courts in Area H

Swimming pools, commercial, limited to Area H

C. Service Establishments

Eating or drinking places, without restrictions on entertainment or dancing

94-064 - Supplementary use regulations

LAST AMENDED
3/22/2016

The provisions of Article VII, Chapter 3 (Special Permits by the Board of Standards and Appeals), Sections [73-10](#) through [73-52](#), relating to modifications of **use**, shall not apply in the Special District, except that Section [73-36](#) (Physical Culture or Health Establishments) shall be applicable.

94-065 - Restriction on ground-floor use

LAST AMENDED
10/4/1973

In Areas A, B, C and D, the ground floor of a **building** shall not be used for **residences** except for **single-** or **two-family residences** or **accessory** lobbies.

94-066 - Additional sign regulations

LAST AMENDED
4/8/1998

Where **illuminated signs** are permitted by the underlying district regulations, such **signs** shall have only indirect illumination. Where **signs**, other than **advertising signs**, are permitted by the underlying district regulations, such **signs** shall not extend above the roof level of any **building or other structure** in the Special District.

94-07 - Mandatory Provisions

LAST AMENDED
10/4/1973

All **developments** within the Special District shall comply with the mandatory provisions made applicable by this Section and such mandatory improvements, when developed for a **floor**

area bonus pursuant to Section [94-08](#) (Special Floor Area Bonus Provisions), shall require certification by the City Planning Commission, pursuant to Section [94-13](#).

94-071 - Sidewalk extension area

LAST AMENDED
2/2/2011

All **developments** which are located on a **zoning lot** with frontage along Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue shall contain a sidewalk extension area, which complies with the following requirements:

- (a) has a minimum depth of five feet, measured perpendicular to such **street lines**;
- (b) extends the full length of the **zoning lot** along such **street lines**, except for existing **buildings** within five feet of the **street line**;
- (c) is open and unobstructed from its lowest level to the sky;
- (d) maintains continuity with the established sidewalk, to which it shall be immediately adjacent throughout its entire length;
- (e) is available for public use at all times; and
- (f) has a paved surface which complies with standards as established by the New York City Department of Transportation.

94-072 - Special plaza provisions

LAST AMENDED
4/30/2012

In Areas A, C and E, all **developments** that are located on a **zoning lot** with frontage along Emmons Avenue, except for a **zoning lot** of less than 8,000 square feet that was in existence as of November 1, 1972, shall provide and maintain a plaza for public use which complies with the following requirements:

- (a) The plaza shall **abut** the Emmons Avenue **street line** along the full length of such **lot line** or for a distance of at least 50 feet, whichever is less.
- (b) The plaza shall be directly accessible to the public at all times from Emmons Avenue or an **arcade** or a plaza.
- (c) The size of the plaza shall be at least 4,000 square feet in one location and shall not at any point be more than two feet below or five feet above **street** level, with a minimum dimension of 35 feet. At least 15 percent of the plaza area shall be landscaped and planted with trees, except when a **zoning lot abutting** both Dooley Street and

Emmons Avenue is **developed**, such landscaping shall be at least 75 percent of the total plaza area provided with such **development**.

- (d) The plaza shall contain lighting, pedestrian walks and sitting areas.
- (e) No portion of a plaza area shall be used for parking or driveways.
- (f) A plaza may include as permitted obstructions, sculptures, kiosks, or open cafes occupying in the aggregate not more than 30 percent of the total plaza area. Ice skating rinks are also allowed as permitted obstructions within such plazas only for the months from October through March, provided the minimum area of such plaza is 7,500 square feet. Exterior wall thickness, awnings and other sun control devices, pursuant to Section [37-726](#), shall also be allowed as permitted obstructions.

94-08 - Special Floor Area Bonus Provisions

LAST AMENDED
2/2/2011

In Areas A, C, D, E and F, any **development** on a **zoning lot** with an area of at least 20,000 square feet within the Special District shall be eligible for a **floor area** bonus as set forth in this Section.

In areas A and E, for any **development**, the **floor area** bonus earned under the provisions of this Section may be used either for **residential use** on the same **zoning lot** or may be transferred to a **receiving lot** within the Special District, pursuant to Section [94-093](#) (Transfer of development rights from granting lots).

In Area C, for any **development**, the **floor area** bonus earned under the provisions of this Section may be used either for **commercial use** on the same **zoning lot** or may be transferred to a **receiving lot** within the Special District, pursuant to Section [94-093](#).

In Area D, for any **development**, the **floor area** bonus earned under the provisions of this Section may be used only for the purposes of transfer to a **receiving lot** within the Special District, pursuant to Section [94-093](#).

In Area F, for any **development**, the **floor area** bonus earned under the provisions of this Section may be used only for **residential use** on the same **zoning lot**.

In no event shall the aggregate bonus **floor area**, permitted under the provisions of this Section, exceed the basic **floor area ratio** permitted for **residential use** by Section [94-09](#) (Special Bulk Regulations) by more than 60 percent in Areas A, C, D or E, or by more than 20 percent in Area F.

Any **floor area** bonus received according to the provisions of this Section shall require certification by the City Planning Commission, pursuant to Section [94-13](#).

94-081 - Plaza bonus

LAST AMENDED
10/4/1973

In Areas A, C, D or E, any **development** on a **zoning lot** with a minimum area of 20,000 square feet which complies with the mandatory provisions of Section [94-07](#) (Mandatory Provisions) shall be eligible for a **floor area** bonus at the rate of 3.5 square feet of **floor area** for every square foot of plaza area.

94-082 - Arcade bonus

LAST AMENDED
10/4/1973

In Areas A, C, D or E, any **development** located on a **zoning lot** with a **lot line** which coincides with any of the following **street lines**: Sheepshead Bay Road, Ocean Avenue or Emmons Avenue, shall be eligible for a **floor area** bonus at the rate of three square feet of **floor area** for every square foot of **arcade** space, as defined in Section [12-10](#), except that:

- (a) **arcades** shall be allowed only along the **street lines** described above and plazas;
- (b) the **arcade** may project or set back from the facade of a **building**;
- (c) the **arcade** shall not be less than 10 feet or more than 15 feet in depth;
- (d) the **arcade** shall be suitably heated for the months from October through March; and
- (e) no **signs** may be affixed to any part of the **arcade** or **building** columns, except on a parallel to the **building** wall projecting no more than 12 inches therefrom.

94-083 - Special parking bonus

LAST AMENDED
2/2/2011

In Areas C, D or E, any **development** on a **zoning lot** with a minimum area of 20,000 square feet shall be eligible for a **floor area** bonus at the rate of one square foot of **floor area** for every square foot of **accessory commercial** parking space above the minimum amount required by the underlying district regulations and made available for daily long-term parking.

To be eligible for a **floor area** bonus under the provisions of this Section, there shall be at least five additional parking spaces provided and the size of each parking space shall be at least 300 square feet. In no event shall the dimension of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

94-084 - Usable open space bonus

LAST AMENDED
10/4/1973

In Area F, any **development** on a **zoning lot** with a minimum area of 20,000 square feet shall be eligible for a **floor area** bonus at the rate of one square foot of **floor area** for every two square feet of usable open space. The minimum size of such usable open space on a **zoning lot** shall be 5,000 square feet with a minimum dimension of 50 feet. The usable open space shall be suitably maintained and shall contain landscaping, planting, lighting, sitting areas and, where appropriate, play areas for children. Such usable space shall be located no more than two feet below or five feet above the **curb level**. No portion of the usable open space shall be provided within 30 feet of the Leif Ericson Drive service road, and no portion of the usable open space shall be used for parking or driveways.

94-09 - Special Bulk Regulations

LAST AMENDED
10/4/1973

94-091 - Basic floor area ratio

LAST AMENDED
2/2/2011

For the purposes of this Chapter, the **floor area ratio** of a **zoning lot** within the Special District shall not exceed the **floor area ratio** permitted by the underlying district regulations, except as set forth in Section [94-092](#) (Maximum floor area ratio).

94-092 - Maximum floor area ratio

LAST AMENDED
3/22/2016

The permitted basic **floor area ratio** for **residential** or **community facility use** is 1.25 and for **commercial use** is 1.00. The permitted basic **floor area ratio** may be increased on any **zoning lot** by the amount set forth in Section [94-08](#) (Special Floor Area Bonus Provisions) or through transfer provisions pursuant to Section [94-094](#) (Authorization provisions for transfer of development rights to receiving lots) or by special permit pursuant to Section [94-096](#) (Special permit for floor area, location within buildings, building height and related parking modifications within Area G).

In Areas A, E and F, the maximum **floor area ratio** for any **residential** or **community facility use** on a **zoning lot** shall in no event be more than 2.00 and for **commercial use** be no more

than 1.00.

In Area C, the maximum **floor area ratio** for any **residential** or **community facility use** on a **zoning lot** shall in no event be more than 1.25 and for **commercial use** be more than 1.50. The maximum **floor area** in a **mixed building** within the Special District shall be the maximum **floor area** permitted for either the **residential** portion, the **community facility** portion or the **commercial** portion of such a **building**, whichever permits the greatest amount of **floor area**.

94-093 - Transfer of development rights from granting lots

LAST AMENDED
10/4/1973

Development rights from a **granting lot** may be conveyed, or otherwise disposed of:

- (a) directly to a **receiving lot**; or
- (b) to a **person** for subsequent disposition to a **receiving lot** all in accordance with the provisions of this Special District. Any **person** may convey interest in all or any portion of such **development rights** to another **person**, but such **development rights** may only be used for a **development** on a **receiving lot**.

In transferring **development rights** from **granting lots**, such bonus **floor area** shall not exceed 40 percent of the basic **floor area ratio** in Areas A, C and E, and shall not exceed 60 percent of the basic **floor area ratio** in Area D, as permitted on such **granting lots** by Section [94-09](#) (Special Bulk Regulations), inclusive.

94-094 - Authorization provisions for transfer of development rights to receiving lots

LAST AMENDED
2/2/2011

The City Planning Commission, on application after public notice and hearing, may authorize the addition of all or any portion of the **development rights** from a **granting lot** to the permitted **floor area** of a **receiving lot**, provided that:

- (a) the maximum **floor area** for any **development** on a **receiving lot** does not exceed the maximum **floor area** permitted by Section [94-092](#) (Maximum floor area ratio);
- (b) the **development** shall aid in achieving the general purposes and intent of this Chapter as set forth in Section [94-00](#) (GENERAL PURPOSES);
- (c) the design of the **development** shall not impair the character of the surrounding area or its future development;
- (d) the distribution of the **bulk** on the **receiving lot** permits adequate access of light and air

to surrounding **streets** and properties;

- (e) the traffic created by the **development** will not create or contribute to serious traffic congestion and will make adequate provisions for unconstrained pedestrian circulation; and
- (f) the requirements set forth in Sections [94-093](#) (Transfer of development rights from granting lots), [94-12](#) (Recordation) and [94-13](#) (Certification) are satisfied.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

94-095 - Open space ratio

LAST AMENDED
10/4/1973

For the purposes of this Section, the minimum required **open space ratio** for a **building** on a **zoning lot** shall be 40.0. However, if a **zoning lot** is **developed** pursuant to Sections [94-08](#) (Special Floor Area Bonus Provisions) or [94-094](#) (Authorization provisions for transfer of development rights to receiving lots), then the minimum **open space ratio** may be modified as set forth in this Section. For every 0.10 increase in permitted **floor area ratio** on a **zoning lot**, the corresponding required **open space ratio** may be decreased by not more than 2.0. In no event shall the required **open space ratio** on a **zoning lot** be less than 25.0.

94-096 - Special permit for floor area, location within buildings, building height and related parking modifications within Area G

LAST AMENDED
3/22/2016

For **enlargements** to **buildings** in Area G, on **zoning lots** with a **lot area** of at least 10,000 square feet and existing on March 22, 2016, the City Planning Commission may:

- (a) modify the provisions of Section [94-092](#) (Maximum floor area ratio) to increase the permitted **floor area ratio** for **commercial use** to 2.0 provided that such **enlargement**:
 - (1) is designed so as not to impair the character of the surrounding area or its future development; and
 - (2) will not cause undue congestion on local **streets** or impair pedestrian circulation;
- (b) modify the height provisions of paragraph (a) of Section [33-431](#) (In C1 or C2 Districts with bulk governed by surrounding Residence District) relating to the requirements in Section [32-42](#) for location of **uses** within **buildings**, to allow a **commercial building**

or portion thereof to exceed 30 feet in height or two **stories**, provided that such **building** shall not exceed a maximum height of 35 feet or three **stories**, whichever is less; and provided that the distribution of the **bulk** permits adequate access of light and air to surrounding **streets** and properties, and does not impair the view of the Bay; and

- (c) waive or reduce the number of **accessory** off-street parking spaces required by Section [36-21](#) (General Provisions) for such **use**, provided that the applicant has demonstrated that the number of **accessory** off-street parking spaces supplied is sufficient to meet the parking needs of such **use**.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

94-10 - SPECIAL REQUIREMENTS FOR BUILDING HEIGHT AND SETBACKS

LAST AMENDED
2/2/2011

The height and setback regulations set forth in Sections [23-631](#) (General provisions), [34-24](#) (Modification of Height and Setback Regulations) and [35-62](#) (Commercial Districts With an R1 Through R5 Residential Equivalent), shall not apply to **buildings** in the **Special Sheepshead Bay District**. In lieu thereof, height and setback regulations set forth in this Section shall apply. For **buildings** in **Residence Districts**, **building** height is measured from the **base plane**. For **buildings** in **Commercial Districts**, **building** height is measured from **curb level**.

In Areas A, B, C, D, E and F, the **street wall** or any other portion of a **residential building** or the **residential** portion of a **mixed building**, except for a structure which encloses only **accessory** parking fronting on the Leif Ericson Drive service road **street line**, shall be set back a minimum distance of 10 feet from all **street lines**. Beyond the **initial setback distance**, the **building** shall not exceed the maximum height as set forth in this Section.

In Area A, the maximum height of a **street wall** or other portion of a **building** within 25 feet of the Emmons Avenue or 15 feet of the Sheepshead Bay Road **street lines** shall not exceed two **stories** or 30 feet, whichever is fewer. Beyond the **initial setback distances** in Area A, the **building** shall not exceed seven **stories** or 85 feet, whichever is fewer.

In Area C, the maximum height of a **street wall** or other portion of a **building** within 25 feet of the Emmons Avenue or Ocean Avenue **street lines** shall not exceed two **stories** or 30 feet, whichever is fewer. Beyond the **initial setback distance** of 25 feet in Area C, the **building** shall not exceed four **stories** or 50 feet, whichever is fewer.

In Areas B and D, a **building** shall not exceed four **stories** or 50 feet, whichever is fewer.

In Areas E and F, within 75 feet of the Emmons Avenue **street line**, the maximum height of any portion of a **building** shall not be more than three **stories** or 35 feet, whichever is fewer.

Beyond the **initial setback distance** of 75 feet in Areas E and F, the **building** shall not exceed six **stories** or 75 feet, whichever is fewer.

In Areas G and H, a **building** shall not exceed three **stories** or 35 feet, whichever is fewer. However, the City Planning Commission may, by a special permit, modify such height restrictions, provided that:

- (a) the distribution of the **bulk** permits adequate access of light and air to surrounding **streets** and properties, and does not impair the view of the Bay; and
- (b) the height of such **building** does not exceed five **stories** or 50 feet, whichever is fewer.

The Commission may prescribe appropriate conditions and safeguards to protect the view of the Bay and to minimize the adverse effects on the character of the surrounding areas.

94-11 - Special Parking Provisions

LAST AMENDED
10/4/1973

94-111 - Curb cuts

LAST AMENDED
2/2/2011

No curb cuts shall be permitted on Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue except that where no access is available on a **zoning lot** from another **street**, one curb cut shall be permitted.

94-112 - Restricted location

LAST AMENDED
10/4/1973

In Areas A, B, C, D, E and F, no open off-street parking shall be located within 30 feet of the **street lines** of Emmons Avenue, Sheepshead Bay Road, Ocean Avenue, Bedford Avenue or Nostrand Avenue.

94-113 - Treatment of parking areas

LAST AMENDED
10/4/1973

Any parking facilities in the Special District that are not completely enclosed shall be screened by shrubbery at least three feet high at the time of planting and expected to form a year-round

dense screen at least five feet high within three years. When roof parking is provided, it shall be screened where it is visible from a **street**, plaza or public usable open space.

94-114 - Exceptions to application of waiver provisions

LAST AMENDED
3/22/2016

In areas A, B, C, D, E and F, the provisions of Section [36-23](#) (Waiver of Requirements for Spaces Below Minimum Number) do not apply.

The provisions relating to modifications of parking requirements of Article VII, Chapter 3 (Special Permits by the Board of Standards and Appeals) in Sections [73-10](#) through [73-52](#), shall not apply in the Special District.

94-115 - Location of commercial parking spaces

LAST AMENDED
10/4/1973

In Area F, **accessory** off-street parking spaces for **commercial uses** may be located outside the commercially zoned area but within 600 feet of the **building** to which it is **accessory**, only if an area equal to the **lot area** occupied by the parking in the **residential** area is provided as a **public plaza** in the commercially zoned area to which the parking is **accessory**.

94-12 - Recordation

LAST AMENDED
10/4/1973

At the time of transfer of **development rights** from a **zoning lot**, there shall be recorded in the land records and indexed against such **granting lot** from which **floor area** is removed, an instrument removing such **floor area** and prohibiting construction on such lot from which the **floor area** is taken, of any **building or other structure** which would contain a **floor area** in excess of that still available to the **zoning lot** after deducting the **floor area** removed. Such prohibition shall be non-cancelable for 99 years and, at the time of the addition of **development rights** to a **receiving lot** as provided in Section [94-094](#) (Authorization provisions for transfer of development rights to receiving lots), there shall be recorded in the land records and indexed against such **zoning lot** to which **floor area** is added, an instrument transferring the **floor area** to the **receiving lot** benefited. A certified copy of such instruments shall be submitted to the City Planning Commission upon recordation thereof.

94-13 - Certification

LAST AMENDED
10/4/1973

An application for certification pursuant to Sections [94-07](#) (Mandatory Provisions) or [94-08](#) (Special Floor Area Bonus Provisions), by the City Planning Commission shall include:

- (a) written notice of intention to **develop** a **zoning lot** within the Special District;
- (b) plans for lot improvements, which shall be constructed on both **granting** and **receiving lots**; and
- (c) consents, agreements, restrictive declarations or legal documents obligating the owner of the **zoning lot** or its designee to **develop** its property in accordance with the provisions of this Chapter.

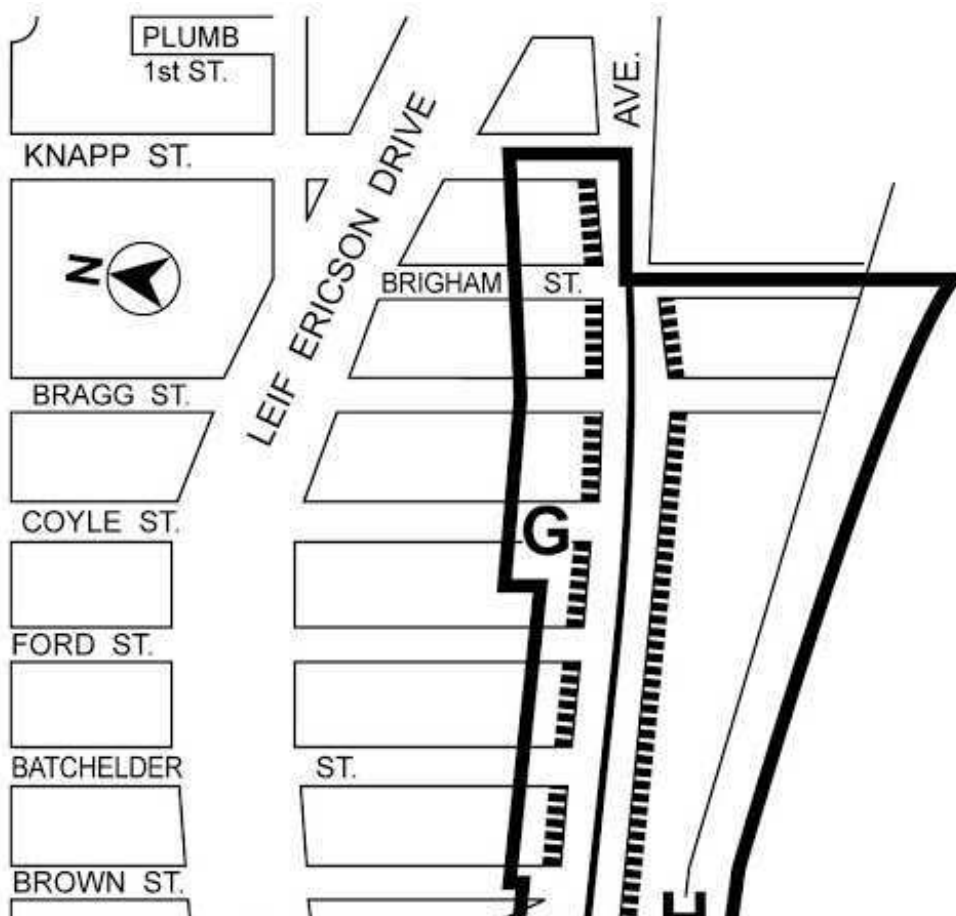

The Commission may prescribe appropriate conditions and safeguards in connection with the issuance of such certification.

Chapter 5 - Special Transit Land Use District (TA)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 5 - Special Transit Land Use District (TA)

95-00 - GENERAL PURPOSES

LAST AMENDED
11/7/1974

The "Special Transit Land Use District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include the following specific purposes:

- (a) to minimize the conflict between normal pedestrian movements on public sidewalks and access to underground transit systems, by requiring developments within the Special District to provide access to underground transit or other subway amenities;
- (b) to reduce congestion on city streets in the vicinity of transportation nodes, by encouraging the provision of adequate underground pedestrian circulation systems;
- (c) to require adequate access of light and air to the subway mezzanines or station areas of the underground transit system and other related facilities in order to provide greater visibility and safety to below ground spaces;
- (d) to encourage development that reinforces and preserves the character of the existing communities within the area, by promoting needed pedestrian amenities;
- (e) to coordinate the present and future relationship of land uses within the Special District including weather protected public access to the underground transit system; and
- (f) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues.

95-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS).

95-02 - General Provisions

LAST AMENDED
2/2/2011

Special Transit Land Use Districts are mapped in the vicinity of existing or proposed subway stations. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

Whenever this Special District overlaps another Special District and imposes contradictory regulations, the provisions of the ***Special Transit Land Use District*** shall apply. Nothing contained in this regulation shall be understood to supersede Landmark or Historic District designations of the New York City Landmarks Preservation Commission.

95-03 - Transit Easement

LAST AMENDED
11/30/2017

Any ***development*** or ***enlargement*** involving ground level construction within the ***Special Transit Land Use District*** shall provide an easement on the ***zoning lot*** for subway-related use and public access to the subway mezzanine or station when required pursuant to the provisions of Section [95-04](#).

The issuance by the Department of Buildings of an excavation permit for any ***zoning lot*** located within the Special District shall be dependent upon prior compliance with the provisions of this Chapter.

The transit easement required on a ***zoning lot*** shall permit the realization of one or more of the following planning objectives:

- (a) the integration and relating of subway station design to surrounding development;
- (b) the introduction of light and air to: stations; mezzanines; and other related facilities constructed pursuant to the provisions of Section [95-032](#) (Determination of transit easements at other stations);
- (c) the reduction of conflict between pedestrian movements and station facilities on the ***street*** level;
- (d) the provision of weather protection for subway entrances;
- (e) the relation of subway entrances to ***commercial*** and other transit facilities;
- (f) the provision of maximum visual exposure of subway entrances from public areas; and
- (g) the elimination or reduction of adverse environmental impact accompanying subway development.

In no event, however, may the easement area be used temporarily or permanently for any other purpose not immediately related to pedestrian amenity, except as hereinafter provided.

95-031 - Selection of transit easement at certain stations

LAST AMENDED
11/30/2017

At the stations specified below, the transit easement required on a **zoning lot** shall constitute a volume whose dimensions above and below **curb level** shall comply with the requirements as set forth in Table A or Table B of this Section, depending on the depth of the proposed subway mezzanine below **curb level**, as established by the Metropolitan Transportation Authority.

Six possible types of transit easements are listed in Table A and in Table B. The applicant for a **development** or an **enlargement** involving ground level construction shall, in consultation with the Metropolitan Transportation Authority and the City Planning Commission, select the easement type that is most appropriate for the location.

TABLE A

MINIMUM DIMENSIONS FOR TRANSIT EASEMENT VOLUME (in feet)

Stations: Houston St., Kips Bay, Lenox Hill and E. 96th St.

Easement Type	Height above Curb Level (h)	Depth below Curb Level* (D)	Length (L)	Width(W)	Zoning Lots less than 10,000 sf	Zoning Lots 10,000 sf or more
1	15	20	80	20	x	
2	15	30	80	20	x	x
3	15	30	85	32		x
4	15	25	80	10	x	
5	15	30	80	10	x	
6	15	25	60	20	x	

* See Section 95—054

TABLE B

MINIMUM DIMENSIONS FOR TRANSIT EASEMENT VOLUME (in feet)

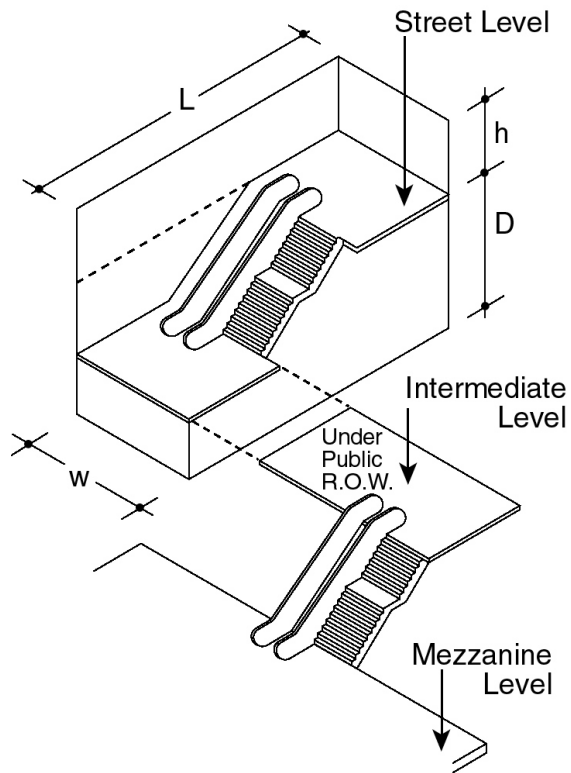

Stations: Chatham Square, Grand St., 14th St., 23rd St., UN Plaza, East Midtown and Yorkville

Easement Type	Height above Curb Level (h)	Depth below Curb Level* (D)	Length (L)	Width(W)	Zoning Lots less than 10,000 sf	Zoning Lots 10,000 sf or more
1	15	20	80	20	x	
2	15	40	100	20	x	x
3	15	40	85	32		x
4	15	35	100	10	x	
5	15	40	100	10	x	
6	15	35	65	20	x	

* See Section 95—054

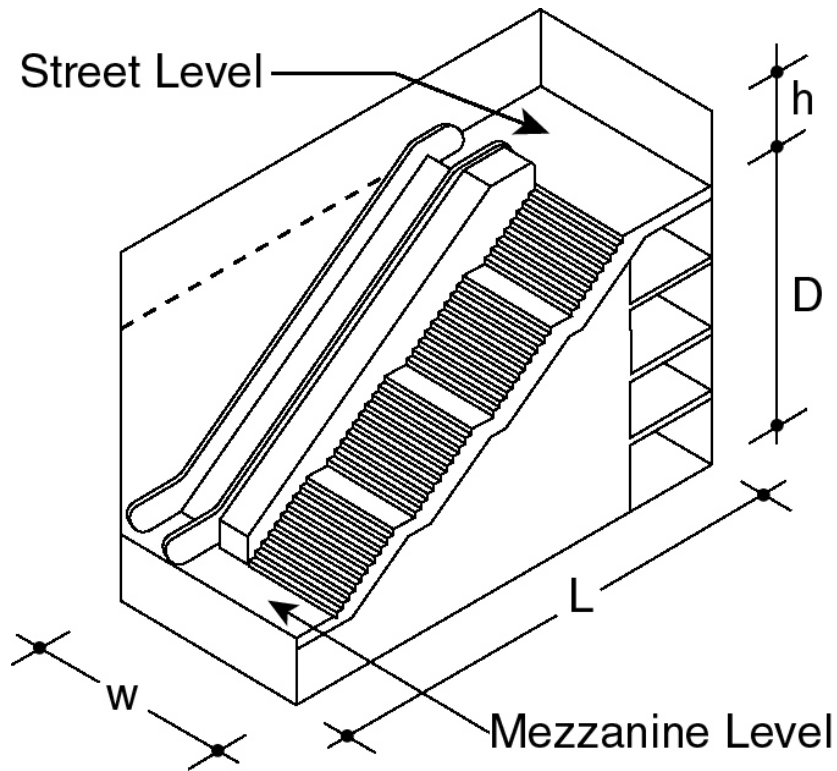

Type 1 is appropriate on **zoning lots** of less than 10,000 square feet with adequate lot frontage and where the Metropolitan Transportation Authority

provides final access to the subway mezzanine level under a public right-of-way.

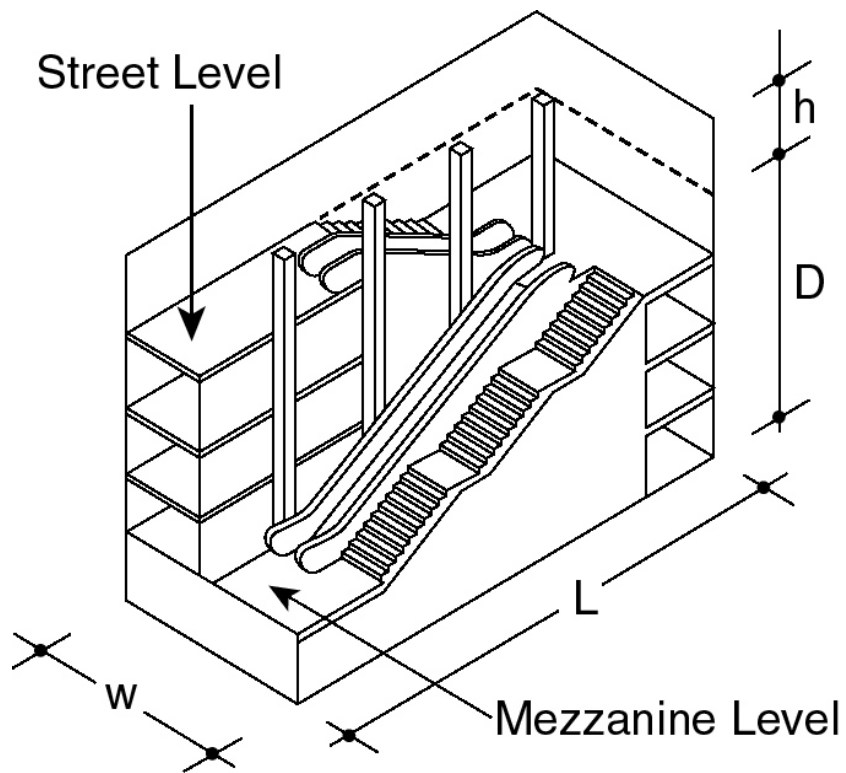

(95-031.1)

Type 2 is appropriate on any size **zoning lot** for providing direct access to the subway mezzanine level by a "straight run" stairway and/or escalator.

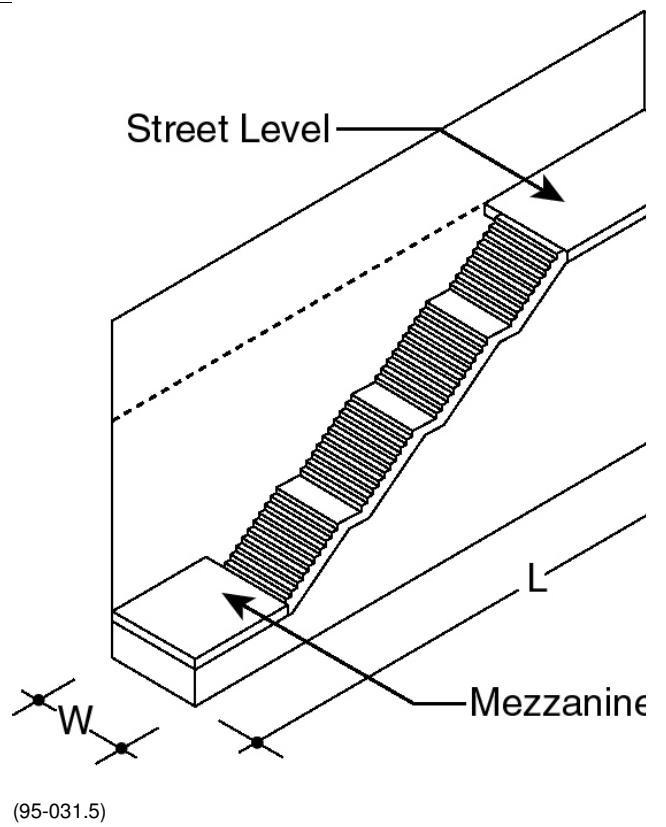

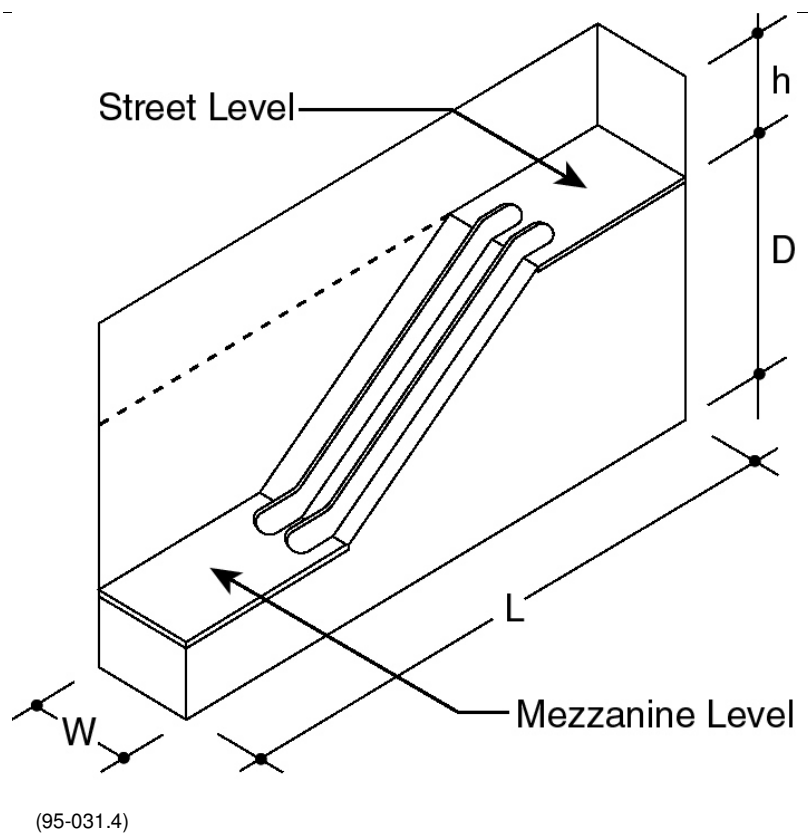

(95-031.2)

Type 3 is applicable to **zoning lots** of 10,000 square feet or more for providing a "turn around" arrangement of stairs.

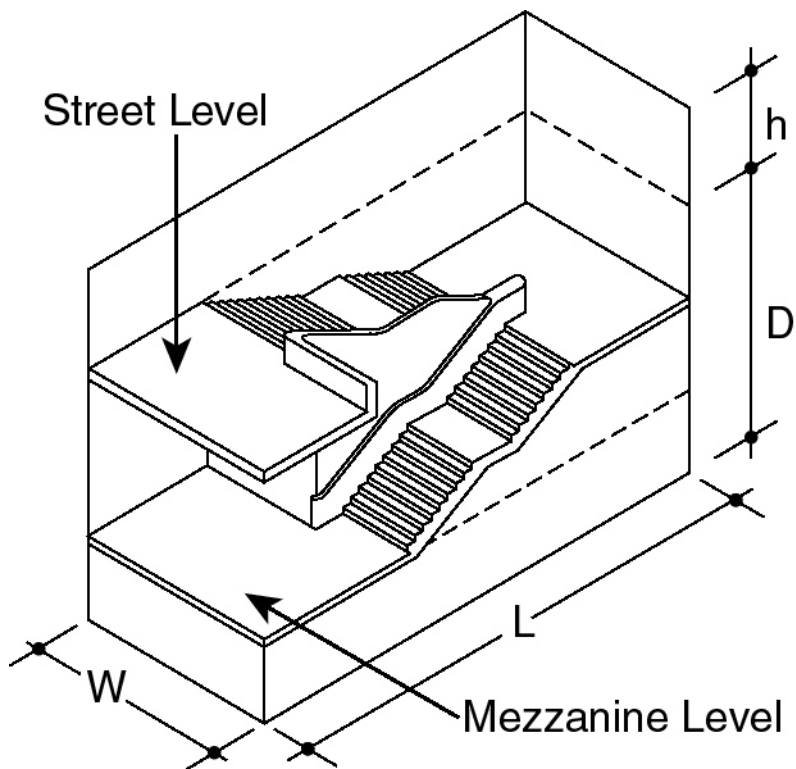

(95-031.3)

Types 4 and 5 are limited to **zoning lots** of less than 10,000 square feet with a narrow lot frontage for a single "straight-run" transit access facility, such as an escalator or stairway.

Type 6 is appropriate on **zoning lots** of less than 10,000 square feet for providing a "turn around" arrangement of stairs.

(95-031.6)

Where appropriate, any of these easement types may be used exclusively for light wells.

The Metropolitan Transportation Authority and the Commission, in consultation with the applicant, may make minor modifications of the dimensions of the easement volume type required on the applicant's site and the spacing of **building** columns permitted within the easement volume to facilitate the design and construction of circulation facilities appropriate for the area.

95-032 - Determination of transit easement at other stations

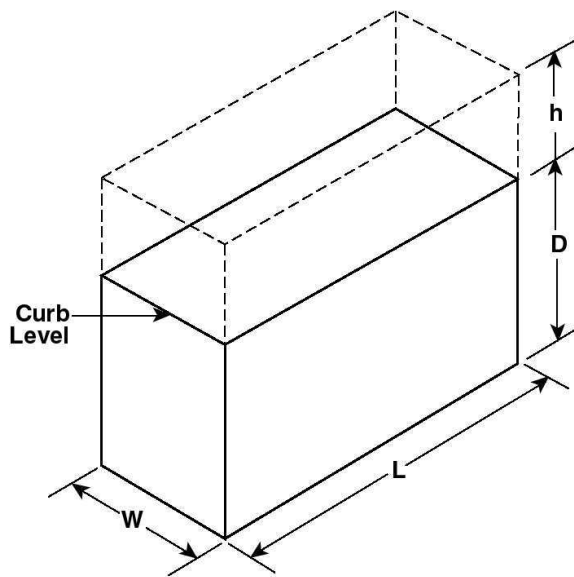

LAST AMENDED
11/30/2017

At the 106th Street, 116th Street and 125th Street stations, a transit easement shall be provided to accommodate, whether singly or in any combination, light wells, stairs, ramps, escalators, elevators, passageways, or ancillary facilities required to support the functioning of subway station or rail mass transit facilities, including, but not limited to, emergency egress or ventilation structures, the Metropolitan Transportation Authority shall, in consultation with the owner of the **zoning lot** and the City Planning Commission, determine the appropriate type of transit easement and reasonable dimensions for such transit easement volume.

95-033 - Location of transit easements

LAST AMENDED
11/30/2017

The transit easement volume may be located within a **building**, in open areas, including **public plazas**, or in areas covered by projected overhangs of a **building**. At least one vertical face of the easement volume shall be at a **front lot line**. The easement volume shall be located on the **zoning lot** as close as possible to the **street** containing the transit line.

h – Height above curb level

D – Depth below curb level

L – Length

W – Width

TRANSIT EASEMENT VOLUME

[\(95-032\)](#)

95-04 - Certification of Transit Easement Volume

LAST AMENDED
12/20/1979

95-041 - For developments or enlargements

LAST AMENDED
2/2/2011

Prior to filing any applications with the Department of Buildings for an excavation permit or building permit for a **development** or **enlargement** within the **Special Transit Land Use District**, the owner of the **zoning lot** shall file an application with the Metropolitan Transportation Authority and the City Planning Commission requesting a certification as to whether or not a transit easement volume is required on the **zoning lot**.

Upon receipt of the completed application, the Commission shall furnish a copy to the affected Community Board.

Within 60 days after receipt of such application, the Metropolitan Transportation Authority and the Commission shall jointly certify whether or not an easement is required on the **zoning lot**. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such **zoning lot**.

When the Metropolitan Transportation Authority and the Commission indicate that such easement is required, the owner shall submit a site plan indicating the location and type of easement volume that would be most compatible with the proposed **development** or **enlargement** on the **zoning lot** for joint approval and final certification by the Metropolitan Transportation Authority and the Commission. Copies of such certification shall be forwarded by the City Planning Commission to the Department of Buildings.

Use Group T **uses** shall not be permitted in **Residence Districts** prior to the improvement of a transit easement in accordance with approval and certified plans.

95-042 - For substantially vacant existing zoning lots

LAST AMENDED
2/2/2011

When a **zoning lot** located within the **Special Transit Land Use District** is substantially vacant and appropriate for a transit easement, the Metropolitan Transportation Authority may request the City Planning Commission to certify that a portion of such **zoning lot** is necessary for a transit easement.

As a condition for securing a transit easement on such **zoning lot**, the Commission shall make the following findings:

- (a) that such transit easement is required by the Metropolitan Transportation Authority to provide public access to a subway mezzanine or to a public passageway leading to a subway mezzanine or platform;

- (b) that such transit easement is located on a vacant portion of a **zoning lot**;
- (c) that the use of the transit easement will not reduce development potential on the **zoning lot** under the applicable district regulations; and
- (d) that the Metropolitan Transportation Authority and the owner agree that the construction within the easement volume will be integrated with the total development.

At such time as an existing vacant **zoning lot** on which a transit easement volume provided pursuant to the provisions of this Section, is **developed**, it shall be subject to all regulations of this Chapter.

95-05 - Terms and Conditions for Permitted Uses and Construction Within Transit Easement Volume

LAST AMENDED
11/30/2017

The transit easement volume shall be used as an entrance/exit for public access to the subway and/or to provide better access of light and air to the subway station mezzanine, and for related uses. Illustrative of such purposes are light wells, stairs, ramps, escalators, elevators or, for **zoning lots** subject to the provisions of Section [95-032](#) (Determination of transit easements at other stations), ancillary facilities required to support the functioning of subways, including, but not limited to, emergency egress or ventilation structures.

No **floor area** bonus shall be allowed for any transit easement provided on a **zoning lot**. When a transit easement volume required on a **zoning lot** is located within a **building**, any floor spaces occupied by such transit easement volume shall not count as **floor area**. Any portion of the **lot area** of a **zoning lot** occupied by a transit easement and weather protected by an overhang or roofed area, shall be considered as a **public plaza** in the districts that allow such **public plaza** bonuses.

The transit easement volume, any construction allowed therein or any weather protection provided thereon by an overhang or roofed area pursuant to Section [95-053](#), shall be considered permitted obstructions within required **yards, open space** or in a **public plaza** area.

95-051 - Development of transit access facilities

LAST AMENDED
11/30/2017

All access facilities, including any light wells or sky lights required within a transit easement volume established pursuant to the provisions of Section [95-031](#) (Selection of transit easement at certain stations), or access and ancillary facilities required pursuant to the provisions of Section [95-032](#) (Determination of transit easement at other stations), shall be constructed and maintained by the Metropolitan Transportation Authority except for any **building** columns, footings or any other permitted obstructions allowed therein.

The subway entrance within the transit easement volume and any adjoining **public plaza** shall be at the same elevation as the adjoining sidewalk and shall be directly accessible to the public at all times. When such entrance is not located at the **street line**, it shall be visually prominent and directly accessible from a **street** by a paved pedestrian walk at least 20 feet in width and at the same elevation as the adjoining sidewalk. Such privately owned pedestrian walk shall be maintained by the owner. In order to provide natural light to the subway mezzanine level, at least 10 percent of the transit easement area at **curb level** shall be provided with light wells and skylights.

95-052 - Special access facilities for persons with disabilities at certain stations

LAST AMENDED
2/2/2011

For **zoning lots** subject to the provisions of Section [95-031](#) (Selection of transit easement at certain stations), special elevators for persons with disabilities may locate within a transit easement volume, provided stair and/or escalator access to the subway mezzanine are located within the same easement and in no event located within the public sidewalk adjacent to the **zoning lot**.

Such special elevators shall be designed by the Metropolitan Transportation Authority in consultation with the owner of the **zoning lot** and shall be integrated architecturally, including color and material, with the **buildings** on the **zoning lot** and with adjoining **public plaza** area. Design concept for such elevators shall be submitted to the City Planning Commission for certification.

95-053 - Weather protection

LAST AMENDED
2/2/2011

The stairs or escalators providing pedestrian access to the subway mezzanine, which are not covered at the entrance level, shall be weather protected by the **building** or portion thereof including an overhang, or by a roofed area provided by the owner of the **zoning lot** in accordance with the Metropolitan Transportation Authority requirements. Such overhang or roofed area shall cover either or both the stairway and the escalator which are uncovered at the ground level. Any overhang or roofed area shall be sufficient to cover the access facilities within the easement volume and may not otherwise obstruct the **public plaza**.

When the subway entrance is within an open **public plaza** area, a roof area shall be provided with either a glazed or translucent material for at least 50 percent of its surface area. The roofed area shall be no more than 15 feet above **curb level** and shall blend harmoniously with the **buildings** on the **zoning lot** and any adjoining **public plaza** or open area.

95-054 - Permitted uses and other constructions

LAST AMENDED
2/2/2011

Areas within the easement volume not used for circulation purposes may be developed only with newsstands, cigar stands, flower stands or similar stands, in accordance with the Metropolitan Transportation Authority specifications, provided they do not interfere with pedestrian circulation and are made of removable structures. In no event shall such permitted **uses** be located within 10 feet of a pedestrian entrance to the subway at **curb level**.

In addition, any portion of the transit easement volume at **curb level** not to be covered for weather protection, may contain trees, benches or any obstructions permitted in a **public plaza** area. However, such elements shall not interfere with the pedestrian movement.

The Metropolitan Transportation Authority and the City Planning Commission may permit penetration of the transit easement volume above **curb level** by a **building** lobby, including **building** columns, where such lobby space serves as a part of the pedestrian circulation system and provides from it direct public access to the subway entrance within the easement volume.

Where construction within a transit easement volume is more than five feet in height above **curb level**, such construction proposal shall be submitted to the Commission for a review and certification to ensure that such construction relates harmoniously to the total development. When a transit easement volume is located within a **building**, it shall be open to the general public for the same hours of operation as the subway station.

Building columns or footings are permitted inside the transit easement volume, provided that the minimum clear distance between any columns is 12 feet and between the columns and any bounding walls of the transit easement volume is 10 feet. Where the width of an easement is greater than 20 feet, location of columns within the easement volume shall be established in consultation with the Metropolitan Transportation Authority. In all cases, the depth of columns or footings within the easement area or adjoining area shall be established in consultation with the Metropolitan Transportation Authority. Furthermore, vertical space between such columns shall be open and unobstructed from its base except for any construction permitted under the provisions of this Chapter.

95-055 - Knockout panel

LAST AMENDED
2/2/2011

Any underground walls constructed along the **front lot line** of a **zoning lot** in which transit easement volume is required by the Metropolitan Transportation Authority shall contain a knockout panel, not less than 12 feet wide, below **curb level** down to the bottom of the easement. The actual location and size of such knockout panel shall be indicated by the Metropolitan Transportation Authority.

95-06 - Temporary Use of the Easement Area

LAST AMENDED
2/2/2011

Any easement volume required on a **zoning lot** pursuant to the provisions of this Chapter may be temporarily used by the owner of the **zoning lot** for any permitted **uses** until such time as required by the Metropolitan Transportation Authority or by its designee for subway purposes.

Temporary **use** of the transit easement volume above **curb level** in a **public plaza** or **open space** area shall be limited to **use** as a landscaped open area that may contain obstructions permitted in a **public plaza**. Improvements or construction of a temporary nature within the easement volume for such temporary **uses** shall be removed by the owner of the **zoning lot** prior to the time at which public **use** of the easement area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the **zoning lot** in order to vacate the tenants of such temporary **uses**.

95-07 - Special Provisions for an Increase in Zoning Tower Coverage on Zoning Lots Containing Transit Easements

LAST AMENDED
2/2/2011

For any **zoning lot** on which a transit easement volume is required pursuant to Section [95-04](#), the **lot coverage** of a tower permitted by the underlying district regulations may be increased by an amount equal to 10 percent of the **lot area** of the **zoning lot**.

In no event shall the permitted increase in tower coverage on a **zoning lot** affect the maximum allowable **floor area ratio** under the applicable district regulations.

95-08 - Special Use Regulations

LAST AMENDED
2/2/2011

In order to promote the continued development of retail and related **uses** which are most appropriate for pedestrians using transit facilities, the only **commercial uses** permitted in the subway mezzanine level, along with the bounding walls of the transit easement volume and at the ground **story** of any **development** or **enlargement** within the Special District, shall be those **uses** listed in Use Group T in Section [95-081](#).

Use Group T **uses** shall not be permitted in **Residence Districts** prior to the improvement of a transit easement in accordance with approved and certified plans.

In all underlying districts within the Special District, below the lowest **story** occupied by **residential uses**, Use Group T **uses** are permitted to occupy no more than two **stories** above **curb level**. However, **uses** listed in paragraphs A, C or E of Section [95-081](#) are permitted within the Special District only where allowed by the underlying district regulations. Location of **commercial uses** within a **building** shall be governed by the provisions of Section [32-42](#).

In the subway mezzanine, at ground **story** and along the bounding walls of the transit easement volume, the frontage occupied by any **uses** shall not exceed 25 linear feet per establishment within a distance of 75 feet from the edge of the easement volume at any level.

95-081 - Use Group T

LAST AMENDED
2/8/1990

Use Group T comprises a group of retail establishments selected to promote and strengthen retail business in the Special District. **Uses** marked with an asterisk (*) shall not be located at the subway mezzanine level or along the bounding walls of a transit easement volume.

A. Amusements

Billiard parlors or pool halls

Model car hobby centers, including racing

Theaters

B. Convenience Retail or Service Establishments

Bakeries, provided that no floor space is used for production

Barber shops

Beauty parlors

Drug stores

*Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of **floor area** per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified showtime

Eating or drinking establishments, with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

*Food stores, including grocery stores or delicatessen stores

*Fruit stands, including supermarkets or meat markets

Hardware stores

*Laundry establishments, hand or automatic self-service

*Package liquor stores

Post offices

Shoe or hat repair shops

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 10,000 square feet of **floor area** per establishment

C. Offices

*Offices, business, professional or governmental

D. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artists' supply stores

Banks

Bicycle sales

*Blueprinting or photostatting establishments

Book stores

*Business schools or colleges

Candy stores or nut stores

*Carpet, rug, linoleum or other floor covering stores

Cigar or tobacco stores

Clothing or accessory stores

Clothing or costume rental establishments

Dry goods or fabric stores

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Furniture stores

Furrier shops, custom

Gift shops

**Gymnasiums, used exclusively for basketball, handball, squash and tennis

*Ice cream stores

Interior decorating establishments, provided that **floor area** used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Leather goods or luggage stores

Loan offices

Locksmith shops

*Medical or orthopedic appliance stores

*Meeting halls

Millinery shops

Music stores

Musical instrument repair shops

Newsstands, open or enclosed

Optician or optometrist establishments

*Paint stores

*Pet shops

Photographic equipment or supply stores

Photographic studios

****Physical culture or health establishments**, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steambaths, but other than **adult physical culture establishments**

Picture framing shops

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Studios, art, music, dancing or theatrical

Telegraph offices

Television, radio, phonograph or household appliance repair stores

Television, radio, phonograph or household appliance shops

Toy stores

Travel bureaus

Typewriter or other small business machine repair shops

Typewriter stores

Umbrella repair shops

Wallpaper stores

Watch or clock stores or repair shops

E. Other Retail or Wholesale Establishments

Department stores

*Hair products for headwear, wholesaling, including styling

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects

*Photographic developing or printing establishments, limited to 2,500 square feet of **floor area** per establishment

Plumbing, heating or ventilating equipment showrooms, without repair facilities

F. Clubs

All types of clubs, without restrictions on activities or facilities

G. **Accessory uses**

** **Uses** in Use Group T marked with a double asterisk are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section [73-36](#)

95-09 - Special Regulations for Accessory Off-street Parking and Curb Cuts

LAST AMENDED
5/8/2013

Within the portion of the **Special Transit Land Use District** located within the **Manhattan Core**, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the **Special Transit Land Use District**, the provisions of this Section shall apply.

On any **zoning lot** on which a transit easement volume is provided, the required **accessory** off-street parking requirements for **residential uses** of the applicable underlying districts shall be reduced to a maximum of 20 percent.

In no case within the Special District shall curb cuts for vehicular access be located on a **street** containing transit lines or on a **street** within 50 feet of its intersection with the **street lines** of such a **street**.

The **accessory** parking requirements shall not apply to any **development** or **enlargement** for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a **street** in conformity with the provisions of this Section.

95-10 - MISCELLANEOUS PROVISIONS

LAST AMENDED
4/30/2008

The pavement on a public sidewalk fronting a **development** within the **Special Transit Land Use District** shall be consistent in color and material with all pavements located within the transit easement volume and in any adjoining **public plaza**.

95-11 - Recordation

LAST AMENDED
4/30/2008

The instrument creating a transit easement volume shall be recorded in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the City Planning Commission.

95-12 - Termination of Transit Easement Volume

LAST AMENDED
2/2/2011

In the event that the Metropolitan Transportation Authority and the City Planning Commission jointly notify the Department of Buildings and the owner in writing that a transit easement volume is not required on a **zoning lot** in its final construction plans, the restrictions imposed on such **zoning lot** by the provisions of this Chapter shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Metropolitan Transportation Authority to the extinguishment of the easement volume. On any **zoning lot** which has been **developed** or upon which a **building** is **enlarged** in accordance with the provisions of Section [95-07](#) and on which termination of transit easement has been certified, pursuant to this Section, any open, enclosed or arcaded area reserved for transit easement at **curb level** shall be provided for public use with lighting, landscaping, trees, substantial artwork and sitting facilities.

95-13 - Previous Transit Easement Agreements

LAST AMENDED
2/2/2011

Whenever, under prior zoning regulations, the owner of a **development** or **enlargement** has agreed to provide a transit easement volume on a **zoning lot**, the existence of such agreement shall be certified by the Chairperson of the City Planning Commission to the Department of Buildings. Such agreement shall be deemed to satisfy the provisions of this Chapter.

Chapter 6 - Special Clinton District (CL)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 6 - Special Clinton District (CL)

96-00 - GENERAL PURPOSES

LAST AMENDED
1/19/2005

The "Special Clinton District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. Because of the unique geographical location of the Clinton community, situated between the waterfront on the west and a growing central business district on the east, it is necessary to provide specific programs and regulations which will assure realization of community and city-wide goals.

These goals include, among others, the following:

- (a) to preserve and strengthen the residential character of the community;
- (b) to permit rehabilitation and new construction within the area in character with the existing scale of the community and at rental levels which will not substantially alter the mixture of income groups currently residing in the area;
- (c) to preserve the small-scale character and variety of existing stores and activities and to control new commercial uses in conformity with the existing character of the area;
- (d) to recognize the unique character of the eastern edge of the District as an integral part of the Theater Subdistrict within the Special Midtown District as well as the Special Clinton District;
- (e) to provide an appropriate transition from the mixed-use character along Eighth Avenue to the lower-scale residential character of the Clinton community on the narrow streets;
- (f) to relate the unique character of the 42nd Street Perimeter Area to the adjacent Special Hudson Yards District;
- (g) to provide amenities, such as street trees, to improve the physical environment;
- (h) to restrict demolition of buildings that are suitable for rehabilitation and continued residential use; and
- (i) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.

96-01 - Definitions

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section [12-10](#) (DEFINITIONS).

Certification of no harassment

“Certification of no harassment” shall mean a certification by the Department of Housing Preservation and Development pursuant to Section [96-110](#) that there has not been **harassment** of the lawful occupants of a **multiple dwelling** during the **inquiry period**, as defined in Section [96-110](#).

Harassment

“Harassment” shall mean any conduct by or on behalf of an owner of a **multiple dwelling** that includes:

- (a) the use or threatened use of force which causes or is intended to cause any person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in such **multiple dwelling** to vacate such unit or to surrender or waive any rights in relation to such occupancy;
- (b) the interruption or discontinuance of essential services which:
 - (1) interferes with or disturbs or is intended to interfere with or disturb the comfort, repose, peace or quiet of any person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in the use or occupancy of such **dwelling unit** or **rooming unit**; and
 - (2) causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such **dwelling unit** or **rooming unit** or to surrender or waive any rights in relation to such occupancy;
- (c) a failure to comply with the provisions of subdivision (c) of section 27-2140 of article seven of subchapter five of the Housing Maintenance Code which causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such unit or to waive any rights in relation to such occupancy; or
- (d) any other conduct which prevents or is intended to prevent any person from the lawful occupancy of such **dwelling unit** or **rooming unit** or causes or is intended to cause such person lawfully entitled to occupancy of such **dwelling unit** or **rooming unit** to vacate such **dwelling unit** or **rooming unit** or to surrender or waive any rights in relation to such occupancy including, but not limited to, removing the possessions of

any occupant from the ***dwelling unit*** or ***rooming unit***; removing the door at the entrance to the ***dwelling unit*** or ***rooming unit***; removing, plugging or otherwise rendering the lock on such entrance door inoperable; or changing the lock on such entrance door without supplying the occupant with a key.

For purposes of this definition, ***dwelling unit***, ***referral date*** and ***rooming unit*** shall be defined as in Section [96-110](#).

Material alteration

“Material alteration” shall mean any alteration to a ***multiple dwelling*** including, but not limited to, an alteration which reduces or increases the ***floor area*** of the ***multiple dwelling***, ***converts floor area*** from ***residential*** to non-***residential use***, changes the number or layout of ***dwelling units*** or ***rooming units***, or adds or removes kitchens or bathrooms; provided, however, that ***material alteration*** shall not include:

- (a) an ***incidental alteration*** which does not change the layout of ***dwelling units*** or ***rooming units***; or
- (b) a repair or replacement of existing elements of such ***multiple dwelling*** without materially modifying such elements.

For purposes of this definition, ***dwelling unit*** and ***rooming unit*** shall be defined as in Section [96-110](#).

Mixed building

For the purposes of this Chapter, a "mixed building" is a ***building*** in a ***Commercial District*** used partly for ***residential use*** and partly for ***community facility*** or ***commercial use***, or a ***building*** in a ***Residence District*** used partly for ***residential use*** and partly for ***community facility use***.

Multiple dwelling

“Multiple dwelling” shall have the meaning set forth in the Multiple Dwelling Law.

96-02 - General Provisions

LAST AMENDED
10/10/2013

Except as modified by the express provisions of this Chapter, the regulations of the underlying

districts, or as modified by the ***Special Midtown District***, remain in effect.

The ***Special Midtown District*** and its regulations, where applicable in the ***Special Clinton District***, shall also apply and shall supplement or supersede regulations as set forth in this Chapter pursuant to Section [96-22](#) (Special Regulations for Eighth Avenue Perimeter Area). In the event of any conflict or discrepancy between the regulations, the more restrictive regulations shall apply in accordance with Section [11-22](#) (Application of Overlapping Regulations). This portion of the Special Purpose District is designated on the ***zoning map*** by the letters "CL-MiD."

In ***flood zones***, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

96-03 - District Map

LAST AMENDED
8/16/1990

The District Map for the ***Special Clinton District*** (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations carry out the general purposes of the ***Special Clinton District***. These areas and the sections of this Chapter which contain regulations pertaining thereto are as follows:

Area A - PRESERVATION AREA, Section [96-10](#)

Area B - PERIMETER AREA, Section [96-20](#)

Area C - OTHER AREAS, Section [96-30](#)

96-10 - PRESERVATION AREA

LAST AMENDED
2/2/2011

The provision of this Section shall apply to all ***developments, enlargements, extensions*** or alterations. All existing ***buildings*** within the Preservation Area shall be considered complying ***buildings*** for all purposes including, but not limited to, alterations, ***enlargements, extensions*** or ***conversions to residential uses***. Any existing ***building*** which is damaged or destroyed by any means may be reconstructed to its ***bulk*** prior to such damage or destruction. All existing legal ***uses*** in enclosed ***buildings*** shall be considered conforming ***uses***. Except as otherwise provided in this Chapter, any existing ***commercial*** or ***manufacturing uses*** may be changed, subject to the applicable underlying district regulations, pursuant to the change of ***non-conforming use*** provisions of Sections [52-31](#), [52-33](#), [52-34](#), [52-35](#) and [52-36](#).

96-101 - Floor area regulations

For any **zoning lot** within the Preservation Area, the **floor area ratio** for a **residential**, **commercial** or **community facility building**, or portions of a **mixed building** containing such **uses**, shall not exceed the following:

Uses	Floor Area Ratio
Residential buildings or community facility buildings or portions of mixed buildings containing residential or community facility uses in the following Districts:	
R8 C1-5 C2-5 C6-2	4.2
Commercial buildings or commercial portion of mixed buildings in the following Districts:	
C1-5 C2-5	2.0
C6-2*	4.2

- * In C6-2 Districts, for **zoning lots**, or portions thereof, comprised of listed theaters designated in Section [81-742](#) of the **Special Midtown District**, the City Planning Commission shall allow a transfer of development rights pursuant to Section [81-744](#) (Transfer of development rights from listed theaters). The basic maximum **floor area ratio** for transfer purposes for such **zoning lots**, or portions thereof, shall be 6.02.

The maximum **floor area** in a **mixed building** shall be the maximum **floor area** permitted for either the **commercial** portion of such **building** or the **community facility** portion of such **building** or the **residential** portion of such **building**, as set forth in this Section, whichever permits the greatest amount of **floor area**.

96-102 - Lot coverage regulations

Within the Preservation Area, the **open space** requirement of Article II, Chapter 3, and the **lot coverage** provisions of Section [24-11](#), are not applicable. The **lot coverage** provisions of this Section apply in lieu thereof. In C6-2 Districts, for the purposes of determining **lot coverage**, any part of a **building** that is listed as a permitted obstruction in **open space** or in a **rear yard** shall not be included in **lot coverage**. For **zoning lots**, or portions thereof, located within 100 feet of the **street line** of a **wide street**, the maximum **lot coverage** shall not exceed 70 percent. For all **zoning lots**, or portions thereof, located more than 100 feet from the **street line** of a **wide street**, the maximum **lot coverage** shall not exceed 60 percent.

Any **development** containing **residential uses** shall provide a minimum of 20 percent of the **lot area** of a **zoning lot** as usable, landscaped open area for occupants of **dwelling units** in the **development**.

96-103 - Yard regulations

LAST AMENDED
2/2/2011

The **yard** regulations of this Section apply to any **development** or **enlargement**.

For **zoning lots**, or portions thereof, located within 100 feet of the **street line** of a **wide street**, no **rear yard** shall be required.

For all **zoning lots**, or portions thereof, located more than 100 feet from the **street line** of a **wide street**, a **rear yard** having a minimum depth of 30 feet shall be required.

On a **through lot**, or portion thereof, more than 100 feet from the **street line** of a **wide street**, the **rear yard equivalent** provisions of Section [23-532](#), paragraph (a), shall apply.

96-104 - Height and setback regulations

LAST AMENDED
12/10/2013

The underlying height and setback regulations shall not apply, except as set forth in Sections [23-62](#) or [33-42](#) (Permitted Obstructions), as applicable. In lieu thereof, the height and setback provisions of this Section shall apply. All height shall be measured from **curb level**.

(a) **Street wall** location

For **zoning lots** with **wide street** frontage, **street walls** shall be located on the **wide street line** and extend along the entire **wide street** frontage of the **zoning lot**. For **corner lots** with **narrow street** frontage, **street walls** shall be located on and extend along the **narrow street line** within 50 feet of the **wide street**.

For **zoning lots** with **narrow street** frontage, **street walls** shall be located on the **street line** and extend along the entire **narrow street** frontage of the **zoning lot** beyond 50 feet of a **wide street**. However, where the **street wall** of an adjacent **building** fronting on the same **narrow street line** is located within 10 feet of the **street line**, the **street wall** of the **building** may be aligned with the **street wall** of the adjacent **building** for a distance of not less than 20 feet measured horizontally from the side wall of such **building**. The portion of a **zoning lot** that is located between a **street wall** and the **street line**, pursuant to the optional **street wall** location provisions of this paragraph (a), shall be maintained at the same elevation as the adjoining sidewalk. In addition, such portion of a **zoning lot** shall be planted, except at the entrances to and exits from the **building**, or adjacent to **commercial uses** fronting on the **street**.

(b) Permitted recesses

Ground floor recesses up to three feet deep shall be permitted for access to **building** entrances. Above a height of 12 feet, up to 30 percent of the **aggregate width of street walls** may be recessed, provided no such recesses are within 30 feet of the intersection of two **street lines**.

(c) **Building** height

Within 100 feet of a **wide street**, the **street wall** of a **building or other structure** shall rise without setback to a minimum height of 50 feet or the height of the **building**, whichever is less, and a maximum height of 66 feet. A setback shall be provided for all portions of **buildings** that exceed a height of 66 feet. Such setbacks shall be provided at a height not lower than 50 feet and not higher than 66 feet, and shall have a minimum depth of 10 feet, measured from any **street wall** facing a **wide street**, and a minimum depth of 15 feet, measured from any **street wall** facing a **narrow street**. No **building or other structure** shall exceed a height of 85 feet. Beyond 100 feet of a **wide street**, no **building or other structure** shall exceed a height of seven **stories** or 66 feet, whichever is less.

However, the City Planning Commission, by special permit, may modify the special height and setback regulations set forth in this Section. In order to grant such special permit, the Commission shall find that the distribution of **bulk** permits adequate access of light and air to surrounding **streets** and properties and that the maximum height does not exceed 99 feet beyond 100 feet of a **wide street**, and 115 feet within 100 feet of a **wide street**.

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

96-105 - Dwelling unit regulations

(a) **Dwelling unit** distribution

For **developments, enlargements, extensions** or **conversions** of an existing **building** to a **residential use**, the density requirements of the underlying districts shall be inapplicable. In lieu thereof, the required **lot area per dwelling unit** of a **development, enlargement, extension** or **conversion** of an existing **building** to a **residential use** shall not be less than 168 square feet and the number of two-bedroom units on a **zoning lot** shall not be less than 20 percent.

In addition, the minimum density requirement and the 20 percent, two-bedroom unit requirement set forth in this Section shall apply to any alteration that creates additional **dwelling units** or additional zero-bedroom units. Alterations that reduce the percentage of apartments that contain two bedrooms are not permitted unless the resulting **building** meets the 20 percent, two-bedroom requirement.

However, notwithstanding any provision to the contrary contained in this Section, the minimum density requirement and the 20 percent, two-bedroom unit requirement shall not apply to alterations which add a code-complying bathroom, pursuant to Section 27-2063 of the Housing Maintenance Code of the City of New York, to a **dwelling unit** which is publicly assisted (exclusive of any tax abatement or tax exemption program), and which is administered by a not-for-profit agent.

The City Planning Commission, by special permit, may modify the two-bedroom unit distribution requirement and the density requirement of this Section for an **affordable independent residence for seniors** or for a **residence** substantially for elderly persons with disabilities, under jurisdiction of a State or City agency, provided that the following findings are made:

- (1) that such **residences** are sponsored by a voluntary non-profit organization;
- (2) that the location and size of such facility does not create an undue concentration of **dwelling units** of this type and **community facilities** with sleeping accommodations within the immediate area;
- (3) that there are social service, health and related programs for the residents including a maintenance and security plan;
- (4) that on-site recreation areas for the use of the residents are provided; and
- (5) that the proposed **residences** will not overburden existing public services in the neighborhood.

The Commission may prescribe appropriate conditions or safeguards to minimize the adverse effect of any **use** permitted under this Section on the residential character of the surrounding area.

- (b) Special provisions for owner-occupied **buildings** containing **residences**

For alterations of **buildings** containing **residences**, which **buildings** are owner-occupied and which contain four or fewer **dwelling units**, the **dwelling unit** distribution provisions of this Section shall not apply.

96-106 - Special regulations for existing storefronts

LAST AMENDED
11/21/1974

Any vacant ground floor store in an underlying **Residence District** may change to a conforming **use** or to a **use** listed in Use Group 6 regardless of the two-year discontinuance provisions of Section [52-61](#).

96-107 - Special regulations for community facility uses

LAST AMENDED
2/2/2011

Developments, enlargements or extensions of community facility uses or conversions of an existing **building** to a **community facility use**, are permitted on **zoning lots** containing existing **buildings** with **residential uses** only pursuant to the provisions of this Section. The City Planning Commission, by special permit, may permit **developments, enlargements or extensions of community facility uses**, provided that the Commission makes the following findings:

- (a) that the existing **building** is not eligible for rehabilitation under any active publicly aided program under which funds are available;
- (b) that, prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the developer shall have notified the Department of Housing Preservation and Development of his or her intention to demolish the **building**; and
- (c) that the Department of Housing Preservation and Development has issued a **certification of no harassment** or that the owner has complied with paragraph (d) of Section 96-110.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

96-108 - Demolition of buildings

LAST AMENDED
2/2/2011

No demolition permit or alteration permit for partial demolition involving a decrease of more than 20 percent in the amount of **residential floor area** in a **building** shall be issued by the Department of Buildings for any **building** containing **dwelling units** within the Preservation Area, unless it is an unsafe **building** and demolition is required pursuant to the provisions of Title 28, Chapter 2, Article 216 of the New York City Administrative Code.

However, the City Planning Commission, by a special permit, may allow demolition of **buildings** containing **dwelling units** or **rooming units** other than unsafe **buildings** within the Preservation Area, provided that the Commission makes the following findings:

- (a) that the existing **building**:
 - (1) is not eligible for rehabilitation under any active publicly-aided program under which funds are available; or
 - (2) is to be substantially preserved and requires an alteration permit to allow the removal and replacement of 20 percent or more of the **floor area**.
- (b) that prior to evicting or otherwise terminating the occupancy of any tenant preparatory to demolition, the owner shall have notified the applicable governmental agency of its intention to demolish the **building**.
- (c) that the Department of Housing Preservation and Development has issued a **certification of no harassment** or that the owner has complied with paragraph (d) of Section [96-110](#); and
- (d) that an acceptable program for **development** of the **zoning lot** is submitted to the Commission which indicates that to the extent permitted by the provisions of Section [96-10](#) (PRESERVATION AREA), the number of new **dwelling units** to be constructed is at least equal to the number of **dwelling units** to be demolished and that the **floor area** of the **development** containing **residences** is at least equal to the **floor area** of the **dwelling units** to be demolished and that site development will commence within a period of twelve months from completion of relocation.

The Commission may prescribe appropriate conditions and safeguards to ensure that any interim **use** proposed on the site prior to any construction is in conformance with the purposes of this Special District.

96-109 - Alterations of buildings

LAST AMENDED
8/16/1990

Prior to the issuance of an alteration permit by the Department of Buildings for a **material alteration** of a **multiple dwelling** within the Preservation Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings that:

- (a) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration, the owner shall have notified the Commissioner of his or her intention to alter the **building**; and
- (b) the Department of Housing Preservation and Development has issued a **certification of no harassment** or that the owner has complied with paragraph (d) of Section 96-110.

However, a permit for alterations may be exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development that such alterations are to be performed solely for the purpose of either:

- (1) making the public areas of a **multiple dwelling** accessible to persons with disabilities without altering the configuration of any **dwelling unit** or **rooming unit**; or
- (2) making a **dwelling unit** or a **rooming unit** accessible to persons with disabilities.

For the purposes of this Section, **dwelling unit** and **rooming unit** shall be defined as in Section 96-110.

96-110 - Harassment and cure

LAST AMENDED
2/2/2011

(a) Definitions

(1) Application date

“Application date” shall mean the date that the Department of Housing Preservation and Development accepts a completed application for a **certification of no harassment** for processing.

(2) Cure compliance lot

“Cure compliance lot” shall mean a **zoning lot** on which **low income housing** is provided pursuant to a **restrictive declaration** in accordance with the cure provisions of paragraph (d) of this Section. Each **cure compliance lot** shall be located entirely within the corresponding **cure requirement lot**.

(3) Cure requirement

“Cure requirement” shall mean **floor area** in an amount not less than the greater of:

- (i) 28 percent of the total **residential** and **hotel floor area** of any **multiple dwelling** to be altered or demolished in which **harassment** has

occurred; or

- (ii) 20 percent of the total **floor area** of any new or altered **building** on the **cure requirement lot**.

Cure requirement shall also mean any cure for harassment that was approved by the City Planning Commission or the Department of Housing Preservation and Development and was permitted by the provisions of this Section prior to December 21, 2005.

(4) Cure requirement lot

“Cure requirement lot” shall mean:

- (i) a **zoning lot** containing a **multiple dwelling** with respect to which the Department of Housing Preservation and Development has denied a **certification of no harassment**; or
- (ii) a **zoning lot** with respect to which an applicant, in lieu of seeking a **certification of no harassment** which would otherwise be required, elects to seek a certification of compliance with the cure provisions of paragraph (d) of this Section and enters into a **restrictive declaration**.

(5) Dwelling unit

“Dwelling unit” shall have the meaning set forth in the Multiple Dwelling Law.

(6) Exempt hotel

“Exempt hotel” shall mean any **multiple dwelling**:

- (i) which is a **transient hotel** and was a **transient hotel** on the **referral date**; and
- (ii) in which no **residential** occupant is, or was on the **referral date**, entitled to a renewal lease or otherwise entitled to continued occupancy pursuant to the Local Housing Emergency Rent Control Act, as amended, the City Rent and Rehabilitation Law, as amended, the Rent Stabilization Law of 1969, as amended, or the Emergency Tenant Protection Act of 1974, as amended; and
- (iii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(7) Exempt institutional residence

“Exempt institutional residence” shall mean any **multiple dwelling**:

- (i) the occupancy of which is restricted to non-profit institutional use and was restricted to non-profit institutional use on the **referral date**; and
- (ii) which has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development.

(8) Inquiry period

“Inquiry period” shall mean a period which:

- (i) commences 15 years prior to the **application date**; and
- (ii) terminates upon the **application date**;

provided, however, that the Department of Housing Preservation and Development may:

- (a) set such commencement date upon any date which is on or after the **referral date**, and is more than 15 years prior to the **application date** where it determines that such extension of the duration of the inquiry period would further the purposes of this Section; and
- (b) extend such termination date up to and including the date upon which the Department of Housing Preservation and Development determines to grant or deny a **certification of no harassment**.

(9) Low income housing

“Low income housing” shall mean **dwelling units** or **rooming units** occupied or to be occupied by persons or families having an annual household income at the time of initial occupancy equal to or less than 80 percent of the median income for the primary metropolitan statistical area, as determined by the United States Department of Housing and Urban Development or its successors from time to time for a family of four, as adjusted for family size.

(10) Referral date

“Referral date” shall mean September 5, 1973.

(11) Restrictive declaration

“Restrictive declaration” shall mean a legal instrument which:

- (i) provides that **low income housing** in an amount not less than the **cure requirement** shall be provided in a new or altered **multiple dwelling** on the **cure compliance lot**;
 - (ii) provides that the **low income housing** must comply with the requirements of Section [23-90](#) for rental **affordable housing** provided without **public funding**, as amended by this Chapter, unless any such requirement is waived by the Department of Housing Preservation and Development. However, in the Preservation Area, paragraph (c) of Section [23-96](#) (Requirements for Generating Sites or MIH Sites), shall be inapplicable and in its place and stead, paragraph (a) of Section [96-105](#) (Dwelling unit regulations) shall be applicable;
 - (iii) contains such other terms as the Department of Housing Preservation and Development shall determine;
 - (iv) has been approved by the Department of Housing Preservation and Development;
 - (v) runs with the land and binds all parties in interest to the **cure requirement lot** and their successors;
 - (vi) runs with the land and binds all parties in interest to the **cure compliance lot** and their successors; and
 - (vii) is perpetual in duration.
- (12) Rooming unit

Rooming unit shall have the meaning set forth in the Housing Maintenance Code.

(b) Permit Process

- (1) Unless the Department of Housing Preservation and Development has issued a **certification of no harassment** pursuant to paragraph (c) of this Section or has certified compliance with the cure provisions of paragraph (d) of this Section, no permit may be issued by the Department of Buildings pursuant to Sections [96-109](#) or [96-24](#), and no special permit may be granted by the City Planning Commission pursuant to Sections [96-107](#) or 96-108.
- (2) The following structures shall be exempt from the provisions of this Section:
 - (i) any city-owned **multiple dwelling**;
 - (ii) any **multiple dwelling** which is the subject of a program approved by the Department of Housing Preservation and Development for the

provision of housing for persons of low or moderate income and has been exempted from the provisions of this Section by written determination of the Department of Housing Preservation and Development;

- (iii) any **multiple dwelling** initially occupied for residential purposes after January 1, 1974, except for **buildings** which are or have been interim **multiple dwellings** pursuant to Article 7C of the Multiple Dwelling Law;
- (iv) any **exempt hotel**;
- (v) any **multiple dwelling** in which occupancy is restricted to clubhouse or school dormitory use and occupancy was restricted to clubhouse or school dormitory use on the **referral date**; and
- (vi) any **exempt institutional residence**.

- (3) Where the Department of Housing Preservation and Development has denied a **certification of no harassment** with respect to a **multiple dwelling**, the Department of Buildings shall not issue any permit with respect to any **multiple dwelling** or other **building** located on, or to be located on, the **cure requirement lot** except in accordance with paragraph (d) of this Section.

(c) Certification of No Harassment

- (1) The Department of Housing Preservation and Development shall determine and certify whether there has been **harassment** of the lawful occupants of a **multiple dwelling** during the **inquiry period**.
- (2) There shall be a rebuttable presumption that **harassment** occurring within the **inquiry period** was committed by or on behalf of the owner of such **multiple dwelling** and that such **harassment**:
 - (i) was committed with the intent to cause a person lawfully entitled to occupancy of a **dwelling unit** or **rooming unit** in such **multiple dwelling** to vacate such unit or to surrender or waive a right in relation to such occupancy; and
 - (ii) materially advanced the demolition or alteration in furtherance of which the permit and **certification of no harassment** are sought.
- (3) The Department of Housing Preservation and Development may promulgate rules regarding the implementation of this Section. Such rules may include, but shall not be limited to, provisions which:

- (i) establish the information to be required in an application for ***certification of no harassment***, the form of such application, and the manner of filing of such application;
 - (ii) establish reasonable fees and charges to be collected from applicants for the administrative expenses incurred by the Department of Housing Preservation and Development including, but not limited to, costs for publication of any notices;
 - (iii) establish the duration for which a ***certification of no harassment*** will remain effective; and
 - (iv) authorize the rescission of a ***certification of no harassment*** if the Department of Housing Preservation and Development finds either that ***harassment*** has occurred after the ***inquiry period*** or that the application for such ***certification of no harassment*** contained a material misstatement of fact. Following such rescission, the Department of Buildings may revoke any permit for which such ***certification of no harassment*** was required.
- (4) The Department of Housing Preservation and Development may refuse to accept, or to act upon, an application for a ***certification of no harassment*** where the Department of Housing Preservation and Development finds that:
- (i) taxes, water and sewer charges, emergency repair program charges, or other municipal charges remain unpaid with respect to such ***multiple dwelling***;
 - (ii) such ***multiple dwelling*** has been altered either without proper permits from the Department of Buildings or in a way that conflicts with the certificate of occupancy for such ***multiple dwelling*** (or, where there is no certificate of occupancy, any record of the Department of Housing Preservation and Development indicating the lawful configuration of such ***multiple dwelling***) and such unlawful alteration remains uncorrected; or
 - (iii) the Department of Housing Preservation and Development has previously denied an application for a ***certification of no harassment*** pursuant to this Section.

- (5) If the Department of Housing Preservation and Development determines that an application for a ***certification of no harassment*** contains a material misstatement of fact, the Department of Housing Preservation and Development may reject such application and bar the submission of a new application with respect to such ***multiple dwelling*** for a period not to exceed three years.
- (6) Before determining whether there is reasonable cause to believe that ***harassment*** has occurred with respect to any ***multiple dwelling***, the Department of Housing Preservation and Development shall publish a notice in such form and manner as shall be specified in the rules promulgated pursuant to paragraph (c)(3) of this Section. Such notice shall seek public comment regarding whether there has been ***harassment*** of the lawful occupants of such ***multiple dwelling*** from the ***referral date*** to the date of submission of comments. If the Department of Housing Preservation and Development receives comments containing material evidence that ***harassment*** occurred on or after the ***referral date*** and more than 15 years prior to the ***application date***, the Department of Housing Preservation and Development shall, in accordance with paragraph (a)(8) of this Section, set the commencement of the ***inquiry period*** on a date prior to the date of such alleged ***harassment***.
- (7) The Department of Housing Preservation and Development shall determine whether there is reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***.
- (i) If there is no reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***, the Department of Housing Preservation and Development shall issue a ***certification of no harassment***.
- (ii) If there is reasonable cause to believe that ***harassment*** has occurred during the ***inquiry period***, the Department of Housing Preservation and Development shall cause a hearing to be held in such manner and upon such notice as shall be determined by the Department of Housing Preservation and Development, unless the applicant waives the right to a hearing. Following receipt of the report and recommendation of the hearing officer, or receipt of a waiver of the right to such a hearing from the applicant, the Department of Housing Preservation and Development shall either grant or deny a ***certification of no harassment***.
- (8) The Department of Housing Preservation and Development may deny a ***certification of no harassment*** without a prior hearing if there has been a finding by the Division of Housing and Community Renewal or any court having jurisdiction that there has been ***harassment***, unlawful eviction or arson

at the **multiple dwelling** during the **inquiry period**.

(d) Certification of Cure for Harassment

- (1) The Department of Housing Preservation and Development shall not certify compliance with the cure provisions of this paragraph to the Department of Buildings unless all parties in interest to the **cure requirement lot** and all parties in interest to the **cure compliance lot** have entered into a **restrictive declaration**.
- (2) Any permit or certificate of occupancy issued by the Department of Buildings with respect to any structure located on a **cure requirement lot** or a **cure compliance lot** shall be subject to the following conditions:
 - (i) The Department of Buildings shall not issue any permit, except a permit for an alteration which is not a **material alteration**, with respect to any structure located on the **cure requirement lot** unless the **restrictive declaration** has been recorded in the Office of the City Register and indexed against each tax lot within the **cure requirement lot** and each tax lot within the **cure compliance lot**.
 - (ii) The Department of Buildings shall not issue any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure requirement lot**, other than any **low income housing** located on the **cure requirement lot**, until:
 - (a) the Department of Housing Preservation and Development certifies that the **low income housing** required by the **restrictive declaration** has been completed in compliance with the **restrictive declaration**; and
 - (b) the Department of Buildings has issued a temporary or permanent certificate of occupancy for each unit of such **low income housing**.
 - (iii) The Department of Buildings shall include the occupancy restrictions of the **restrictive declaration** in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure compliance lot**. Failure to comply with the terms and conditions set forth in the **restrictive declaration** shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.
 - (iv) The Department of Buildings shall include the occupancy restrictions of the **restrictive declaration** in any temporary or permanent certificate of occupancy for any new or existing structure or portion thereof on the **cure requirement lot**, except where the management

and operation of the **cure compliance lot** is wholly controlled by, and the **restrictive declaration** requires that management and operation of the **cure compliance lot** remain wholly controlled by, an independent not-for-profit administering agent that is not affiliated with the owner of the **cure requirement lot**. Failure to comply with the terms and conditions set forth in the **restrictive declaration** shall constitute a violation, and a basis for revocation, of any certificate of occupancy containing such restriction.

- (3) No portion of the **low income housing** required under this Section shall qualify to:
- (i) increase the **floor area ratio** pursuant to Section [96-21](#) (Special Regulations for 42nd Street Perimeter Area); Section [96-22](#) (Special Regulations for Eighth Avenue Perimeter Area); any **floor area ratio** increase provision of the **Special Garment Center District**, **Special Hudson Yards District**, **Special West Chelsea District**, or Section [23-90](#); or
 - (ii) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any **multiple dwelling** that does not contain such **low income housing**.

96-111 - Off-street parking regulations

LAST AMENDED
5/8/2013

Accessory off-street parking spaces, **public parking lots** or **public parking garages** are not permitted within the Preservation Area except by the applicable special permit in Section [13-45](#) (Special Permits for Additional Parking Spaces), inclusive.

In addition, the Commission shall find that:

- (a) the property has been or will be vacated pursuant to the provisions of Section [96-108](#); and
- (b) the applicant has followed the relocation procedures set forth in Section [96-24](#).

96-20 - PERIMETER AREA

LAST AMENDED
2/2/2011

Developments or **enlargements** within the Perimeter Area shall be eligible for increased **floor area** only pursuant to Sections [96-21](#) (Special Regulations for 42nd Street Perimeter

Area) or [96-22](#) (Special Regulations for Eighth Avenue Perimeter Area). Because of increased pressures for **development**, the relocation and demolition provisions of Section [96-24](#) (Relocation and Demolition of Buildings in the Perimeter Area) shall apply therein for all demolition, **development**, **enlargement** or **extensions** on lots containing **residential uses**. All existing legal **uses** in enclosed **buildings** shall be considered conforming **uses**. Except as otherwise provided in this Chapter, any existing **commercial** or **manufacturing uses** may be changed to another **non-conforming use** only in accordance with the provisions of Sections [52-31](#) (General Provisions), [52-33](#) (Manufacturing or Related Uses in Residence Districts), [52-34](#) (Commercial Uses in Residence Districts), [52-35](#) (Manufacturing or Related Uses in Commercial Districts) and [52-36](#) (Non-conforming Commercial Uses in Commercial Districts).

96-21 - Special Regulations for 42nd Street Perimeter Area

LAST AMENDED
5/29/2019

The provisions of this Section shall apply in all **Commercial Districts** within the area bounded by the following:

Starting 150 feet west of Eighth Avenue, south to the southern boundary of West 41st Street, west to the east side of Twelfth Avenue, north along the eastern border of Twelfth Avenue to 43rd Street, east on West 43rd Street to the eastern side of Tenth Avenue, south along Tenth Avenue to the southern boundary of West 42nd Street, east on West 42nd Street to Ninth Avenue, north along the western boundary of Ninth Avenue to the midblock of 42nd/43rd Street, east to a point 150 feet west of Eighth Avenue, south to the southerly boundary of 41st Street.

(a) Special **use** regulations

In the 42nd Street Perimeter Area, as shown in Appendix A of this Chapter, the following special **use** regulations shall apply:

(1) Offices

Any **development** or **enlargement** that includes Use Group 6B offices **developed** or **enlarged** after January 19, 2005, shall be permitted only pursuant to Section [93-13](#) (Special Office Use Regulations).

(2) Automobile showrooms and repairs

In Subarea 1, on the **block** bounded by Twelfth Avenue, West 43rd Street, Eleventh Avenue and West 42nd Street, automobile showrooms or sales, with vehicle storage, preparation of automobiles for delivery, and automobile repairs may be permitted within a **completely enclosed building**, below the level of any floor occupied by **dwelling units**, provided that:

- (i) access for automobiles to the portions of the **building** to be used for vehicle storage, preparation of automobiles for delivery, and automobile repairs shall be located on West 43rd Street;
- (ii) areas within the **building** used for vehicle storage, preparation of automobiles for delivery, or automobile repairs shall not be used for **accessory** parking for other uses on the **zoning lot**; except that such areas may be accessed from a curb cut, vehicular ramp, or vehicle elevator that also serves an **accessory group parking facility**; and
- (iii) the portions of the **building** used for the preparation of automobiles for delivery and automobile repairs shall be located entirely in a **cellar** level.

(b) **Floor area** regulations

(1) **Floor area** regulations in Subarea 1

In Subarea 1 of the 42nd Street Perimeter Area as shown in Appendix A, the basic **floor area ratio** on a **zoning lot** shall be 10.0, and may be increased to a maximum of 12.0 only in accordance with the provisions of Section [23-154](#) (Inclusionary Housing), except that any units for which a **floor area** increase has been earned, pursuant to Section [23-154](#) shall be within the **Special Clinton District**.

(2) **Floor area** regulations in Subarea 2

In Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, the basic **floor area ratio** on a **zoning lot** shall be 10.0. However, the **floor area ratio** on a **zoning lot** containing **residential use** may exceed 10.0 to a maximum of 12.0 only in accordance with the provisions of Section [23-154](#), except that any units for which a **floor area** increase has been earned pursuant to Section [23-154](#) shall be within the **Special Clinton District**. For **zoning lots** containing **developments** or **enlargements** that have fully utilized the Inclusionary Housing Program, the maximum permitted **floor area ratio** may be increased from 12.0 to 15.0 for new legitimate theater use in accordance with the provisions of Section [96-25](#) (Floor Area Bonus for New Theater Use).

Any **development** or **enlargement** on a **zoning lot** that includes the area bounded by a line 129 feet east of and parallel to Tenth Avenue, West 42nd Street, a line 184 feet east of and parallel to Tenth Avenue, and a line 50 feet south of and parallel to West 42nd Street shall provide an easement or other agreement for public access to the subway mezzanine or station, as illustrated on the District Map in Appendix A of this Chapter.

An instrument establishing such transit easement or other agreement shall be

filed and duly recorded in the Borough Office of the City Register of the City of New York, and indexed against the property.

Floor space within the volume governed by such transit easement or other agreement shall be excluded from the definition of **floor area**, and may be temporarily used by the owner of the **zoning lot** for any permitted **uses** until such time as required by the Metropolitan Transportation Authority or by its designee for subway purposes. Improvements or construction of a temporary nature within the volume governed by such transit easement or other agreement for such temporary **uses** shall be removed by the owner of the **zoning lot** prior to the time at which public **use** of the volume area is required. A minimum notice of six months in writing shall be given by the Metropolitan Transportation Authority to the owner of the **zoning lot** in order to vacate the tenants of such temporary **uses**.

The provisions of paragraph (b) of Section [93-65](#) (Transit Facilities) shall apply to any subway-related **uses** consisting of ventilation facilities and other facilities or services used or required in connection with the operation of a subway line or station on the tax lot located at Block 1051, Lot 2, existing on October 27, 2010, up to a height of 73 feet, as illustrated on the District Map in Appendix A of this Chapter.

(3) Additional regulations for Subareas 1 and 2

In Subareas 1 and 2, for **zoning lots** containing a **building** that is **developed** or **enlarged** pursuant to the applicable tower regulations of Section [35-64](#) (Special Tower Regulations for Mixed Buildings), the provisions of paragraph (a)(2) of Section [23-16](#) (Special Floor Area and Lot Coverage Provisions for Certain Areas) shall apply:

- (i) to only the **residential** portion of a **building** where less than 75 percent of the total **floor area** of such **building** is allocated to **residential use**; and
- (ii) to the entire **building** where 75 percent or more of the total **floor area** of such **building** is allocated to **residential use**.

(c) Retail continuity requirements

For **buildings developed** or portions of **buildings enlarged** after August 17, 1990, where the ground floor level of such **development** or the **enlarged** portion of the **building** fronts upon West 42nd Street, between Ninth and Twelfth Avenues:

- (1) at least 50 percent of the **street** frontage of **stories** that have a floor level within five feet of **curb level** shall be limited to Use Groups 4A, 6A, 6C, 10A, 11, 12A and 12B; and

- (2) the length of the facade of such **street wall** fronting on West 42nd Street shall be glazed in accordance with the provisions of Section [37-34](#) (Minimum Transparency Requirements).

(d) **Street wall** continuity requirements

- (1) At least 80 percent of the **aggregate width of street walls** of a **building** fronting on West 42nd Street, up to a height of 45 feet, shall be located within 10 feet of the **street line** of such **street**.
- (2) The minimum height of the **street wall** of a **building** above **curb level** shall be no less than 45 feet, or the height of the **building**, whichever is less, and no more than 85 feet. Above this required height, the **street wall** of a **building** shall set back at least five feet. The requirements of this paragraph shall also apply to any **building** on a **wide street** frontage within a distance of 50 feet from its intersection with West 42nd Street.

(e) Pedestrian circulation space

Within Subarea 2 of the 42nd Street Perimeter Area, as shown in Appendix A, pedestrian circulation space shall be provided in accordance with the provisions of Section [37-50](#). In addition, for **developments** or **enlargements** that provide subway entranceways constructed after December 21, 2005, one and one-half times the area of such entranceway accessible to the public at **street** level may qualify as pedestrian circulation space, up to a maximum amount of 3,000 square feet.

(f) Special curb cut and parking provisions

No curb cuts shall be permitted on 42nd Street. The parking provisions of the **Special Hudson Yards District** shall apply within the 42nd Street Perimeter Area, as set forth in Section [93-80](#) (OFF-STREET PARKING REGULATIONS), except that such parking provisions shall not apply to any **development** or **enlargement** for which a special permit was granted prior to January 19, 2005.

Any **development** or **enlargement** for which a building permit has been lawfully issued prior to December 31, 2004, shall comply with either the parking regulations in effect at the time the permit was issued, or the provisions of this paragraph (f).

96-22 - Special Regulations for Eighth Avenue Perimeter Area

LAST AMENDED
2/2/2011

For **zoning lots**, or portions thereof, located in an area bounded by a line 150 feet west of Eighth Avenue, West 56th Street, Eighth Avenue and West 45th Street, excluding such area between West 49th and West 50th Streets, the **floor area ratio** permitted by the underlying

district may be increased from 10.0 to 12.0 only pursuant to Section [23-90](#) (INCLUSIONARY HOUSING), except that any units for which a **floor area** increase has been earned pursuant to Section [23-90](#) shall be within the **Special Clinton District**.

All **developments** or **enlargements** located in an area bounded by a line 150 feet west of Eighth Avenue, West 45th Street, Eighth Avenue and West 42nd Street shall comply with special regulations set forth in Article VIII, Chapter 1 (Special Midtown District), including Sections [81-21](#) (Floor Area Ratio Regulations) and [81-70](#) (SPECIAL REGULATIONS FOR THEATER SUBDISTRICT). For **developments** or **enlargements** that utilize a **floor area** increase pursuant to the Inclusionary Housing Program of Section [23-90](#), any units for which a **floor area** increase has been earned shall be within the **Special Clinton District**.

96-23 - Special Permit for Modification of Height and Setback Regulations

LAST AMENDED
2/2/2011

Except within the Eighth Avenue Perimeter Area set forth in Section [96-22](#), the City Planning Commission, by special permit, may permit modification of height and setback regulations for **developments** or **enlargements** which have generated an increase in the **floor area ratio** of not more than 2.0 under the provisions of Section [96-21](#) (Special Regulations for 42nd Street Perimeter Area), provided that such modification is necessary to achieve better site planning.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

96-24 - Relocation and Demolition of Buildings in the Perimeter Area

LAST AMENDED 12/21/2005

Prior to the issuance by the Department of Buildings of a demolition permit or a permit for any **development**, **enlargement** or **extension** on any **zoning lot** containing **residential uses** within the Perimeter Area, the Department of Housing Preservation and Development shall certify to the Department of Buildings:

- (a) that prior to evicting or otherwise terminating the occupancy of any tenant in connection with vacating any **building**, the developer shall have notified the Department of Housing Preservation and Development of plans for the relocation of tenants which shall:
 - (1) to the extent possible provide for the relocation of tenants within the Clinton District; and
 - (2) provide for the satisfaction of all the requirements for the issuance of a

certificate of eviction under applicable rent control and rent stabilization regulations of the State of New York; and

- (b) that the developer has complied with the relocation plan submitted pursuant to paragraph (a) of this Section and that the Department of Housing Preservation and Development has issued a ***certification of no harassment***, or that the owner has complied with paragraph (d) of Section 96-110.

96-25 - Floor Area Bonus for New Theater Use

LAST AMENDED
2/2/2011

Within Subarea 2 of the 42nd Street Perimeter Area as shown in Appendix A of this Chapter, for ***developments*** or ***enlargements*** located within the area bounded by West 42nd Street, Dyer Avenue, West 41st Street and Eleventh Avenue that have fully utilized a ***floor area*** increase pursuant to Section [23-90](#) (INCLUSIONARY HOUSING), the ***floor area ratio*** may be increased from 12.0 to a maximum of 15.0, provided that for every three square feet of bonused ***floor area***, one square foot of such bonused ***floor area*** shall be used for new “performance space,” which, for the purposes of this Section, shall mean space to be used as a legitimate theater or for non-profit performing arts use. Such bonused ***floor area*** shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, after referral for review and receipt of recommendations from the applicable Community Board, that the following conditions have been met:

- (a) all ***floor area*** for any performance space for which a bonus is received pursuant to this Section, shall be limited to floor space exclusively associated with legitimate theater or non-profit performing arts ***use***, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, rehearsal space, lobbies, ticket offices, restrooms and circulation space. Any other use of the bonused performance space shall not comprise more than 25 percent of the total ***floor area*** of such performance space;
- (b) such performance space shall be designed, arranged and used for live performances and rehearsals of drama, music or dance and shall have at least 100 and no more than 299 seats. If there is more than one performance space, each shall have at least 100 seats, and adjacent performance spaces may be designed in a manner that allows for their combination into a single performance space provided such combined space has no more than 299 seats. Performance space for which a bonus is received pursuant to this Section, shall only be used for non-profit performing arts use provided the ***development*** or ***enlargement*** contains at least two performance spaces used exclusively for performances of legitimate theater;
- (c) a letter from the Department of Cultural Affairs shall be submitted, certifying that:
 - (1) a signed lease has been provided from the prospective operator of the

performance space, or a written commitment from the owner of the performance space if such owner is also the operator, for occupancy of the performance space and its operation as a legitimate theater or non-profit performing arts space for a period of not less than five years, pursuant to an operating plan and program therefor;

- (2) the proposed operator of the performance space has the fiscal and managerial capacity to successfully operate such space;
 - (3) preliminary design plans have been provided to the Department of Cultural Affairs for the performance space, which include sufficient detail regarding core, shell, structural and mechanical systems, as necessary to ensure that such performance space will operate efficiently for its intended use;
 - (4) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and
 - (5) the proposed operator of the performance space will have a program of regularly scheduled presentations that are open to the public.
- (d) a legal commitment has been provided for inspection and ongoing maintenance of the performance space to ensure its continued availability for **use** as a legitimate theater or non-profit performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report issued to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs and the applicable Community Board. Such report shall describe the condition of the performance space and identify any maintenance or repair work necessary to ensure the physical and operational soundness of the performance space and establish a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work; and
- (e) a legal commitment has been provided for continuance of the **use** of all **floor area** in the bonused performance space as legitimate theater or non-profit performing arts space and providing that in the event of a change of operator, as defined by the Commissioner of the Department of Cultural Affairs, the owner or operator shall obtain a new letter certifying that the provisions of paragraphs (c)(1), (c)(2) and (c)(3) of this Section have been met as to the proposed operator and, where substantial renovation of the performance space, as defined by the Commissioner of the Department of Cultural Affairs, is being proposed in conjunction with the change of operator, that the provisions of paragraphs (c)(3) and (c)(4) of this Section have been met as to such substantial renovation. Any application or submission with respect to a change in operator made pursuant to the provisions of such legal commitment, shall be referred to the affected Community Board. The Commissioner of the Department of Cultural Affairs shall not issue a letter with respect to such application prior to 45 days after such referral. Such legal commitment shall also prohibit **use** as an **adult establishment** for the life of the related **development** or **enlargement**.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner and any lessee of the performance space and their successors and assigns, a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration, shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any **development** or **enlargement**.

The owner shall not apply for or accept a temporary certificate of occupancy for that portion of the **development** or **enlargement** identified under the terms of the declaration of restrictions as utilizing the increased **floor area** permitted pursuant to this Section, and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the **development** or **enlargement**, until the Commissioner of the Department of Cultural Affairs has certified that the performance space is substantially complete, which shall, for this purpose, mean that such performance space is usable by the public.

The owner shall not apply for or accept a permanent certificate of occupancy for the **development** or **enlargement**, nor shall the Department of Buildings issue a permanent certificate of occupancy for the **development** or **enlargement**, until the performance space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the **building**.

Notwithstanding the foregoing, the Chairperson of the City Planning Commission may accept a declaration of restrictions or in the case of a certification issued by the Chairperson prior to January 28, 2009, a modified declaration of restrictions, which shall allow the owner to apply for and accept, and the Department of Buildings to issue, temporary and permanent certificates of occupancy for the portion of the **development** or **enlargement** which utilizes the increased **floor area** permitted pursuant to this Section prior to substantial or final completion of the performance space, as the case may be, provided that, under the terms of such declaration of restrictions or modified declaration of restrictions, the owner shall not apply for or accept temporary certificates of occupancy for any such portion of the **development** or **enlargement** unless and until the Commissioner of the Department of Cultural Affairs has certified that the core and shell of the performance space has been completed in accordance with a core and shell agreement accepted by the Commissioner, and that ownership of the performance space has been transferred to the prospective operator.

In the event of a transfer of ownership of the performance space, certification pursuant to paragraph (c)(1) of this Section, shall not require the provision of the signed lease or written commitment described therein, and the operating plan and program for the performance space shall be provided by the prospective owner.

Any application for certification of a **floor area** bonus for theater **use**, pursuant to this Section, shall be referred to the affected Community Board, the local Council Member and the Borough

President of Manhattan. The Chairperson of the City Planning Commission shall not grant any such certification prior to 45 days after such referral.

96-30 - OTHER AREAS

LAST AMENDED
5/14/2014

In Area C, the regulations of the underlying districts shall apply, except as otherwise set forth in this Section, inclusive. The boundaries of Northern Subarea C1 and Western Subarea C2 are shown on the District Map in Appendix A of this Chapter.

96-31 - Special Regulations in R8 Districts

LAST AMENDED
6/25/2014

- (a) In R8 Districts, other than R8A Districts, in Western Subarea C2, including **Commercial Districts** mapped within such R8 Districts, the following special regulations shall apply:
- (1) the provisions of Sections [96-101](#) (Floor area regulations) and [96-104](#) (Height and setback regulations); and
 - (2) the provisions of Section [96-102](#) (Lot coverage regulations), except that for all portions of a **zoning lot** located in Other Areas and more than 100 feet from the **street line** of a **wide street**, the maximum **lot coverage** shall not exceed 70 percent of the portion of the **zoning lot** in Other Areas.
- (b) In R8A Districts in Western Subarea C2, including **Commercial Districts** mapped within such R8A Districts, the following special regulations shall apply:
- (1) Inclusionary Housing Program
 - (i) R8A Districts in Other Areas, west of Tenth Avenue, shall be **Inclusionary Housing designated areas**, pursuant to Section [12-10](#) (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

Within such **Inclusionary Housing designated areas**, the maximum **floor area ratio** for any **zoning lot** containing a **residential use** shall not exceed a base **floor area ratio** of 5.4, except that such base **floor area ratio** may be increased to a maximum **floor area ratio** of 7.2 through the provision of **affordable housing**, pursuant to the provisions relating to **Inclusionary Housing designated areas** in

Sections [23-154](#) and [23-90](#). However, any units for which a **floor area** increase has been earned, pursuant to Section [23-154](#) shall be located within the **Special Clinton District**.

(ii) Optional provisions for **affordable housing**

For **developments** or **enlargements** located within the **blocks** bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (b)(1)(ii) of this Section, may modify the provisions of Section [23-154](#).

The **residential floor area** of a **development** or **enlargement** may be increased by 0.833 square feet for each one square foot of **moderate income floor area**, or by 0.625 square feet for each one square foot of **middle income floor area**, provided that for each square foot of such **floor area compensation**, there is one square foot of **floor area compensation**, pursuant to Section [23-154](#). However, the amount of **affordable housing** required to receive such **floor area compensation** need not exceed the amounts specified as follows. If **affordable housing** is provided for both **low income** and **moderate income households**, the amount of **moderate income floor area** need not exceed 15 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**, provided that the amount of **low income floor area** is at least 10 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**. If **affordable housing** is provided for both **low income** and **middle income households**, the amount of **middle income floor area** need not exceed 20 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**, provided that the amount of **low income floor area** is at least 10 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**.

For the purposes of this paragraph (b)(1)(ii), **low income floor area** may be considered **moderate income floor area** or **middle income floor area**, and **moderate income floor area** may be considered **middle income floor area**.

(2) Special **use** and **bulk** regulations for existing electrical utility substations

Electrical utility substations, operated for public utility purposes, existing on June 14, 2011, and located wholly or partially within the portion of Western Subarea C2 east of Eleventh Avenue, shall be considered conforming **uses** that are subject to the **bulk** regulations of the underlying district and the **use** regulations of an M1-5 District. Any change of **use** on a **zoning lot** occupied

by any such electrical utility substation shall be permitted only pursuant to the regulations of the underlying district. In the event any such electrical utility substation is damaged or destroyed, in whole or in part, by any means, including demolition, the provisions of Section [54-40](#) (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS) shall not apply and such electrical utility substation may be reconstructed, provided that such reconstruction shall not create a new **non-compliance** nor increase the degree of **non-compliance** with the applicable **bulk** regulations. However, in the event there is a complete cessation of **use** of the **zoning lot** as an electrical utility substation for a continuous period of five years, such electrical utility substation shall no longer be considered a conforming **use** on such **zoning lot**.

96-32 - Special Regulations in R9 Districts

LAST AMENDED
4/16/2015

In R9 Districts in Western Subarea C2, the provisions of Section [23-66](#) (Height and Setback Requirements for Quality Housing Buildings) for R9A Districts shall apply to all **buildings or other structures**. In **Commercial Districts** mapped within R9 Districts in Western Subarea C2, the provisions of Section [35-65](#) (Height and Setback Requirements for Quality Housing Buildings) for C2-7A Districts shall apply to all **buildings or other structures**. Notwithstanding the provisions of paragraph (c) of Section [23-011](#) (Quality Housing Program), in all such R9 Districts and **Commercial Districts** mapped within such R9 Districts, the provisions of paragraph (b) of Section [23-011](#) shall apply.

(a) Inclusionary Housing Program

- (1) R9 Districts in Other Areas, west of Tenth Avenue, shall be **Inclusionary Housing designated areas** pursuant to Section [12-10](#) (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

Within such **Inclusionary Housing designated area**, the maximum **floor area ratio** for any **zoning lot** containing a **residential use** shall not exceed a base **floor area ratio** of 6.0, except that such base **floor area ratio** may be increased to a maximum **floor area ratio** of 8.0 through the provision of **affordable housing**, pursuant to the provisions relating to **Inclusionary Housing designated areas** in Sections [23-154](#) (Inclusionary Housing) and [23-90](#). However, any units for which a **floor area** increase has been earned pursuant to Section [23-154](#) shall be located within the **Special Clinton District**.

- (2) Optional provisions for **large-scale general developments** within Western Subarea C2

For **developments** or **enlargements** located within the **blocks** bounded by West 51st Street, Eleventh Avenue, West 53rd Street and Tenth Avenue, the special optional regulations as set forth in paragraph (a)(2) of this Section may modify the provisions of Section [23-154](#).

The **residential floor area** of a **development** or **enlargement** may be increased by 0.833 square feet for each one square foot of **moderate income floor area**, or by 0.625 square feet for each one square foot of **middle income floor area**, provided that for each square foot of such **floor area compensation**, there is one square foot of **floor area compensation**, pursuant to Section [23-154](#). However, the amount of **affordable housing** required to receive such **floor area compensation** need not exceed the amounts specified as follows. If **affordable housing** is provided for both **low income** and **moderate income households**, the amount of **moderate income floor area** need not exceed 15 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**, provided that the amount of **low income floor area** is at least 10 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**. If **affordable housing** is provided for both **low income households** and **middle income households**, the amount of **middle income floor area** need not exceed 20 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**, provided that the amount of **low income floor area** is at least 10 percent of the total **floor area**, exclusive of ground floor non-**residential floor area**, on the **zoning lot**.

For the purposes of this paragraph (a)(2), **low income floor area** may be considered **moderate income floor area** or **middle income floor area**, and **moderate income floor area** may be considered **middle income floor area**.

(b) **Uses** in Western Subarea C2 located within a **large-scale general development**

- (1) In a C2-5 District mapped within an R9 District within Western Subarea C2, the following **uses**, when located wholly within a **large-scale general development**, shall be considered permitted **uses**:

From Use Group 8:

Lumber stores, with no limitation on **floor area**

From Use Group 10:

Photographic or motion picture production studios

From Use Group 12:

Art galleries, commercial

From Use Group 13:

Theaters

From Use Group 16:

Automotive service establishments

From Use Group 17:

Scenery construction.

- (2) **Uses** permitted pursuant to paragraph (b)(1) shall be subject to the **commercial bulk** regulations of Article III, that are applicable to a C2-5 District mapped within an R9 District.
- (3) The supplemental **use** provisions of Section [32-421](#) shall not apply to **commercial uses** located in a **building** with frontage on West 52nd Street.

(c) Height and setback modification

For any **development** or **enlargement** subject to the provisions of Section [74-681](#) (Development within or over a railroad or transit right-of-way or yard), the City Planning Commission may permit the modification of the applicable height and setback regulations, the open area planting requirements of Section [23-892](#) (In R6 through R10 Districts), and the permitted obstructions in **rear yard** or **rear yard equivalent** regulations of Section [23-44](#), provided that:

- (1) such modification of height and setback regulations will:
 - (i) result in a **building** that has a maximum **building** height of 155 feet;
 - (ii) result in a better distribution of **bulk** on the **zoning lot**; and
 - (iii) permit adequate access of light and air to surrounding **streets** and adjacent properties;
- (2) such modification of planting requirements will facilitate access to Department of Transportation bridge structures, and the area between the **street wall** and **street line** of the **buildings** shall be improved with moveable planters; and
- (3) any obstruction permitted in a **rear yard** or **rear yard equivalent** pursuant to this Section is necessary to accommodate the ventilation needs of a railroad or transit facility. In addition, such obstruction shall be fully screened by a landscaped strip at least four feet wide, densely

planted with evergreen shrubs at least four feet high at time of planting, and of a type that is expected to form a year-round dense screen at least six feet high within three years. Such screening shall be maintained in good condition at all times.

The Commission may prescribe appropriate conditions and safeguards to minimize any adverse effects on the character of the surrounding area.

96-33 - Special Regulations in M2-4 Districts

LAST AMENDED
6/14/2011

96-331 - Adult establishments

LAST AMENDED
6/14/2011

The provisions of Section [52-77](#) (Termination of Adult Establishments) shall not apply to any **adult establishment** that located within the **Special Clinton District** after October 25, 1995, and prior to May 11, 2011, and which, as of May 11, 2011, and June 14, 2011, was an existing **use** and conformed to all provisions of Section [42-01](#) (Special Provisions for Adult Establishments) applicable to M2-4 Districts.

96-332 - Height and setback

LAST AMENDED
6/14/2011

In M2-4 Districts in Western Subarea C2, the underlying height and setback regulations shall apply as modified by the following special **bulk** regulations.

For all **buildings or other structures**, the **street wall** of a **building** shall rise without setback to a minimum base height of 50 feet, or the height of the **building**, whichever is less, and a maximum base height of 95 feet. No portion of a **building** shall exceed a height of 135 feet and no **sky exposure plane** shall apply.

On **wide streets**, and on **narrow streets** within 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line** and extend along such entire **street** frontage of the **zoning lot** up to at least the minimum base height.

On **narrow streets** beyond 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line** and extend along at least 70 percent of the **narrow street** frontage of the **zoning lot** up to at least the minimum base height.

Where **street walls** are required to be located on the **street line**, recesses, not to exceed three

feet in depth from the **street line**, shall be permitted on the ground floor where required to provide access to the **building**. Above a height of 12 feet, up to 30 percent of the **aggregate width of street walls** may be recessed beyond the **street line**, provided any such recesses deeper than 10 feet along a **wide street**, or 15 feet along a **narrow street**, are located within an **outer court**. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two **street lines** except that, to allow articulation of **street walls** at the intersection of two **street lines**, the **street wall** may be located anywhere within an area bounded by the two **street lines** and a line connecting such **street lines** at points 15 feet from their intersection.

96-34 - Special Regulations in Northern Subarea C1

LAST AMENDED
9/14/2016

Within Northern Subarea C1, Special Use Regulations Areas C1-1 and C1-2, as shown on the map in Appendix A of this Chapter, are subject to the special **use** regulations of this Section. In addition, the special Inclusionary Housing regulations set forth in this Section shall apply in Area C1-1.

(a) Inclusionary Housing Program

The boundaries of the **Inclusionary Housing designated area** within the **Special Clinton District** are shown on Map 2 in Manhattan Community District 4, in APPENDIX F of this Resolution. Such area shall be an **Inclusionary Housing designated area**, pursuant to Section [12-10](#) (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

Within such **Inclusionary Housing designated area** the following special regulations shall apply. The **residential floor area** of the **zoning lot** may be increased by 1.25 square feet for each square foot of **low income floor area** provided, or by 0.625 square feet for each one square foot of **middle income floor area** provided, up to the maximum **floor area** set forth in Section [23-154](#) (Inclusionary Housing). However, the amount of **low income floor area** plus half the amount of **middle income floor area** required to receive such **floor area compensation** need not exceed 20 percent of the total **floor area**, exclusive of ground floor non-**residential floor area** on the **compensated zoning lot**, provided that no more than 8,000 square feet of **middle income floor area** may be included within this calculation.

(b) Special **use** regulations

- (1) In Special Use Regulations Areas C1-1 and C1-2, the following **uses** shall be permitted below the level of the lowest floor occupied by **dwelling units**:
 - (i) automobile showrooms or sales with preparation of automobiles for delivery; and

(ii) automobile repairs.

- (2) **Transient hotels** shall not be permitted within the portion of Area C1-1 that is located between Eleventh Avenue and a line 250 feet west of Eleventh Avenue, and in the portion located between West 57th Street and a line 100 feet south of West 57th Street, except by special permit of the City Planning Commission, pursuant to the provisions of this paragraph (b)(2).

The Commission may permit **transient hotels**, resulting from a **development, enlargement, extension** or change of **use**, provided that the Commission shall find that such **transient hotel** is so located as not to impair the essential character of, or the future use or development of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

96-40 - MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS

LAST AMENDED
2/2/2011

For parcels within the **blocks** bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, within a **general large-scale development** that occupies **zoning lots** on more than one **block**, the City Planning Commission may permit the modification of **open space** required pursuant to Section [23-15](#) (Open Space and Floor Area Regulations in R6 Through R10 Districts) as part of a special permit, pursuant to Section [74-743](#) (Special provisions for bulk modification), provided the Commission finds that:

- (a) the amount of **open space** provided is sufficient to meet the needs of the residents of the **general large-scale development**; and
- (b) such modification results in improved site planning.

96-50 - REGULATIONS APPLICABLE TO ALL AREAS

LAST AMENDED
2/2/2011

The provisions of Sections [96-51](#) (Mandatory Tree Planting Provisions), [96-52](#) (Bulk Modifications for Public Parking Garages) and [96-53](#) (Conversions to Residential Use) shall apply to all areas within the Special District.

96-51 - Mandatory Tree Planting Provisions

LAST AMENDED
4/30/2008

In addition to the applicable underlying **street** tree planting requirements, tree planting provisions shall also apply to **extensions** or alterations, other than **incidental alterations**, involving 30 percent or more of the existing **floor area** of a **building**. Notwithstanding the provisions of Section [43-02](#) (Street Tree Planting in Manufacturing Districts), all **developments** or **enlargements** within the **Special Clinton District** that include **uses** listed in Use Group 17 or 18 shall provide **street** trees in accordance with Section [26-41](#) (Street Tree Planting).

96-52 - Bulk Modifications for Public Parking Garages

LAST AMENDED
1/19/2005

Except within the Eighth Avenue Perimeter Area set forth in Section [96-22](#) (Special Regulations for Eighth Avenue Perimeter Area), in all other C6 Districts, the City Planning Commission, by special permit, may permit, for **public parking garages**, modification of the applicable **lot coverage**, **yard** and height and setback regulations. As a condition of permitting such modifications, the Commission shall make the following findings:

- (a) that, because of site limitations, such modifications are necessary for the proper design and operation of the **public parking garage**; and
- (b) that, such modifications will not unduly obstruct access to light and air in the **street** or on adjacent **zoning lots**.

The Commission shall consider the characteristics of surrounding development and may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of adjacent areas.

96-53 - Conversions to Residential Use

LAST AMENDED
2/2/2011

For **conversions** to **residential use** of a **building**, predominantly occupied by **uses** listed in Use Groups 3, 4 or 5, that exceeds the **residential floor area** permitted by the applicable district regulations, the City Planning Commission by special permit, may permit such **building** to be **converted** to **residential use** in its entirety, provided that such **building** includes social or recreational space primarily for the use of occupants of **dwelling units** or **rooming units** in the **development** and which may also be made available to the community.

There shall be at least 30 square feet of social or recreational space for each **dwelling unit** or a total area of at least 5,000 square feet, whichever is greater. Such space may be located

outdoors at grade level or at any floor level including roof areas. The maximum number of **dwelling units** shall be determined in accordance with the provisions of Section [15-111](#) (Number of permitted dwelling units). The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties.

As a condition of approval, the Commission shall find:

- (a) that because of site and building limitations, such modifications are necessary for the proper design and functioning of the **converted building**;
- (b) that such modifications will result in adequate access of light and air to the newly created **dwelling units** and to surrounding development;
- (c) that the social or recreational space contains adequate facilities to serve the needs of the residents and wherever possible the surrounding community;
- (d) that there is suitable separation between **dwelling units** and floor space occupied by non-**residential** or **accessory uses**; and
- (e) that such **conversion** will not unduly increase the density of population or intensity of **use** to the detriment of the occupants of **buildings** in the **block** or nearby **blocks**.

The Commission may prescribe conditions and safeguards to minimize possible adverse effects on adjoining properties and may require a program for operation and maintenance of recreational spaces.

96-60 - SPECIAL PERMIT PROCEDURE

LAST AMENDED
11/21/1974

96-601 - Requirements for applications

LAST AMENDED
8/6/1998

An application to the City Planning Commission for the grant of a special permit under the provisions of this Chapter, shall include a site plan showing the location and proposed **use** of all **buildings or other structures** on the site, the location of all vehicular entrances and exits and off-street parking spaces, and such other information as may be required by the Commission.

Notwithstanding the foregoing, in the Eighth Avenue Perimeter Area, all applications made pursuant to the **Special Midtown District** shall be subject to the guidelines and provisions of Article VIII, Chapter 1 (Special Midtown District), instead.

All applications relating to Section [96-111](#) (Off-street parking regulations) shall be referred by

the Commission to the Department of Transportation for its report with respect to the anticipated traffic congestion resulting from such special permit **use** in the proposed location.

If such agency shall report thereon within one month from the date of referral, the Commission shall, in its determination, give due consideration to such report and, further, shall have the power to substantiate the appropriate findings solely on the basis of the report by such agency with respect to the issues referred. If such agency does not report within one month, the Commission may make a final determination without reference thereto.

96-602 - Relationship to public improvement projects

LAST AMENDED
2/2/2011

In all cases, the City Planning Commission shall deny a special permit application whenever the **development** or **enlargement** will interfere with a public improvement project, including housing, highways, public **buildings** or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities, which is approved by, or pending before, the Board of Estimate or City Planning Commission, as determined from the Calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

96-70 - SPECIAL PERMITS PREVIOUSLY AUTHORIZED

LAST AMENDED
11/21/1974

Whenever, under the provisions of the Special Clinton Interim District or any prior zoning regulation, the City Planning Commission has authorized any special permit, the status of such special permit shall not be altered by the provisions of this Chapter.

96-80 - EXCLUDED AREAS

LAST AMENDED
11/27/2012

Except as provided in this Section, the regulations set forth in this Chapter shall not apply to the following areas:

- (a) parcels within the blocks bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, provided that in this area the provisions of Sections [96-40](#) (MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS), [96-51](#) (Mandatory Tree Planting Provisions) and [96-82](#) (C6-3X Districts) shall apply.

In addition, for parcels in C6-3X Districts, bounded by West 53rd Street, Tenth

Avenue, West 54th Street and Eleventh Avenue, the following shall be permitted **uses** below the level of any floor occupied by **dwelling units**:

- (1) automobile showrooms with automobile sales and preparation of automobiles for delivery;
- (2) automobile repairs; and
- (3) New York City Police Department stables for horses, with **accessory** automobile parking.

For a **building** that, at the time of approval by the Department of Buildings, included space designed for stable use for New York City Police Department horses, and the ceiling height of such stable space, as measured from the **base plane**, exceeds 23 feet, then any floor space occupied by **accessory** parking located on the floor immediately above such stable space and immediately below the level of any floor occupied by **dwelling units** shall be exempted from the definition of **floor area**.

- (b) the block bounded by West 49th Street, Eighth Avenue, West 50th Street and Ninth Avenue which was the site of the former Madison Square Garden;
- (c) property bounded by West 45th Street, the easterly right-of-way of the Amtrak Empire Line, West 44th Street and Eleventh Avenue, provided that in this area the provisions of Section [96-81](#) (R10 Districts) shall apply;
- (d) the block bounded by West 42nd Street, Ninth Avenue, West 43rd Street and Tenth Avenue;
- (e) property bounded by West 56th Street, Ninth Avenue, West 57th Street and a line 200 feet west of Eighth Avenue.

96-81 - R10 Districts

LAST AMENDED
5/14/2014

R10 Districts in Excluded Areas shall be **Inclusionary Housing designated areas** pursuant to Section [12-10](#) (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

96-82 - C6-3X Districts

LAST AMENDED
6/14/2011

- (a) Inclusionary Housing Program

C6-3X Districts in Excluded Areas shall be ***Inclusionary Housing designated areas*** pursuant to Section [12-10](#) (DEFINITIONS) for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

(b) Maximum ***floor area ratio***

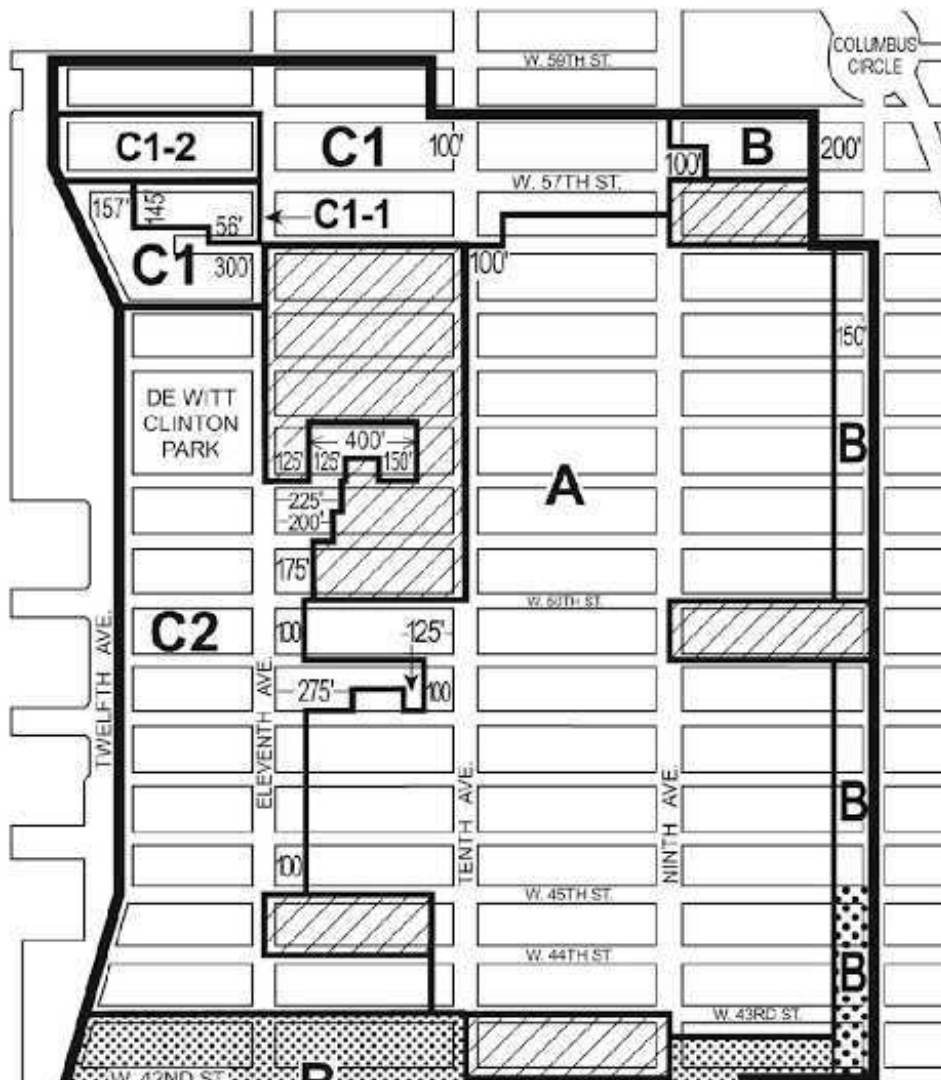

Within such ***Inclusionary Housing designated areas***, the maximum ***floor area ratio*** for any ***zoning lot*** containing a ***residential use*** shall not exceed the base ***floor area ratio*** of 6.75, except that such base ***floor area ratio*** may be increased to the maximum ***floor area ratio*** of 9.0, through the provision of ***affordable housing***, pursuant to the provisions relating to ***Inclusionary Housing designated areas*** in Section [23-90](#).

Chapter 7 - Special 125th Street District (125)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 7 - Special 125th Street District (125)

97-00 - GENERAL PURPOSES

LAST AMENDED
11/30/2017

The “Special 125th Street District” established in this Resolution is designed to promote and protect the public health, safety, general welfare and amenity. The general goals include, among others, the following specific purposes:

- (a) to preserve, protect and promote the special character of 125th Street as Harlem’s “Main Street” and the role of 125th Street as Upper Manhattan’s premier mixed use corridor;
- (b) to guide development on the 125th Street corridor;
- (c) to expand the retail and commercial character of 125th Street;
- (d) to provide incentives for the creation of visual and performing arts space and enhance the area’s role as a major arts, entertainment and cultural destination in the City;
- (e) to support mixed use development throughout the 125th Street corridor, including residential uses, and to provide incentives for the production of affordable housing;
- (f) to ensure that the form of new buildings is compatible and relates to the built character of the 125th Street corridor;
- (g) to enhance the pedestrian environment through appropriate ground floor uses and regulations;
- (h) to ensure, in the Park Avenue Hub Subdistrict, compatibility with the purposes of the ***Special East Harlem Corridors District***; and
- (i) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City’s revenue.

97-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in italics is defined in Section [12-10](#) (DEFINITIONS).

97-02 - General Provisions

LAST AMENDED
2/2/2011

In harmony with the general purposes of the ***Special 125th Street District*** and in accordance with the provisions of this Chapter, the express requirements of the Special District shall apply within the Special District.

Except as modified by the particular provisions of the Special District, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

97-03 - District Plan and Maps

LAST AMENDED
11/30/2017

The regulations of this Chapter are designed to implement the ***Special 125th Street District*** Plan. The District Plan, including Map 1 (Special 125th Street District and Subdistricts) and Map 2 (Permitted Small Sidewalk Cafe Locations), is set forth in Appendix A of this Chapter and is hereby incorporated as part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in this Chapter apply.

97-04 - Establishment of Subdistricts

LAST AMENDED
12/19/2017

In order to carry out the purposes and provisions of this Chapter, three subdistricts are established within the ***Special 125th Street District***: the Core Subdistrict, the Park Avenue Hub Subdistrict and Subdistrict A. Each subdistrict includes specific regulations designed to support an arts and entertainment environment and other relevant planning objectives along 125th Street. The boundaries of the subdistricts are shown on Map 1 in Appendix A of this Chapter.

97-05 - Establishment of Bonused Space Local Arts Advisory Council

LAST AMENDED
4/30/2008

A Bonused Space Local Arts Advisory Council shall be created for the purpose of reviewing and making recommendations concerning the Community Engagement Plans of proposed operators of visual or performing arts **uses** pursuant to paragraph (c)(7) of Section [97-423](#) (Certification for floor area bonus for visual or performing arts uses). The Bonused Space Local Arts Advisory Council shall consist of 11 members: two (2) members appointed by the

Commissioner of the Department of Cultural Affairs, one of whom shall be designated by such Commissioner to serve as Chair, and three (3) members appointed by each of the Council Members for the Councilmanic Districts in which the Special District is located, who will rotate depending upon where the proposed visual or performing arts **use** is located, pursuant to Sections [97-422](#) and [97-423](#). Members of the Bonused Space Local Arts Advisory Council shall be members of the Harlem performing or visual arts, non-profit, or business communities and shall serve at the pleasure of the appointing official. The Department of Cultural Affairs shall provide staff assistance to the Bonused Space Local Arts Advisory Council and shall establish guidelines and procedures for the performance of its functions.

In making a recommendation concerning a Community Engagement Plan pursuant to paragraph (c)(7) of Section [97-423](#), the Bonused Space Local Arts Advisory Council shall consider the prior history and/or proposed scope of outreach and educational activities in Community Boards 9, 10 or 11 by the proposed operator; and the organizational capacity and commitment of the proposed operator to implement local partnerships under the Community Engagement Plan. The Department of Cultural Affairs shall not submit a letter to the Chairperson of the City Planning Commission pursuant to paragraph (c)(7) of Section [97-423](#) without having first received and considered the written recommendation of the Bonused Space Local Arts Advisory Council, provided that the Bonused Space Local Arts Advisory Council shall have provided the Department of Cultural Affairs with such written recommendation no later than 45 days following receipt of a request for review from the Department of Cultural Affairs.

97-06 - Applicability of District Regulations

LAST AMENDED
12/19/2017

97-061 - Applicability of Special Transit Land Use District Regulations

LAST AMENDED
12/19/2017

Wherever the ***Special 125th Street District*** includes an area which also lies within the ***Special Transit Land Use District***, the requirements of the ***Special Transit Land Use District***, as set forth in Article IX, Chapter 5, shall apply, subject to the modifications described in paragraphs (a)(5) and (a)(6) of Section [97-432](#) (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).

97-062 - Applicability of the Quality Housing Program

LAST AMENDED
12/19/2017

In the ***Special 125th Street District***, ***buildings*** containing ***residences*** shall be ***developed*** or ***enlarged*** in accordance with the Quality Housing Program, and the regulations of Article II, Chapter 8 shall apply. The ***bulk*** regulations of this Chapter shall be considered the applicable ***bulk*** regulations for ***Quality Housing buildings***.

97-063 - Applicability of Inclusionary Housing Program

LAST AMENDED
12/19/2017

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section [23-154](#) (Inclusionary Housing) and in Section [23-90](#) (INCLUSIONARY HOUSING), inclusive, ***Inclusionary Housing designated areas*** and ***Mandatory Inclusionary Housing areas*** within the ***Special 125th Street District*** are shown on the maps in APPENDIX F of this Resolution.

97-10 - SPECIAL USE AND LOCATION REGULATIONS

LAST AMENDED
4/30/2008

97-11 - Special Arts and Entertainment Uses

LAST AMENDED
4/30/2008

In order to sustain the arts and entertainment character of the 125th Street corridor, the provisions of this Section shall apply.

(a) The following ***uses*** shall be designated as entertainment ***uses***:

Auditoriums

Bookstores

Clubs, including music, dance or comedy clubs

Eating or drinking establishments, with table service only

Music stores

Studios, art, music, dancing or theatrical

Studios, radio, television or motion picture.

(b) The following ***uses*** shall be designated as visual or performing arts ***uses***:

Art galleries

Historical exhibits

Literary arts spaces

Museums

Performance spaces

Primary rehearsal spaces

Theaters

Visual/Media arts spaces.

97-12 - Arts and Entertainment Use Requirement

LAST AMENDED
6/30/2011

Within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, or for that portion of a **zoning lot** located within the Core Subdistrict, for **buildings** or portions of **buildings developed** or **enlarged** after April 30, 2008, that contain at least 60,000 square feet of **floor area** and are located on **zoning lots** with frontage on 125th Street, an amount of space equivalent to a minimum of five percent of the **floor area** of the **development** or **enlargement** shall be occupied by one or more of the **uses** designated in Section [97-11](#) (Special Arts and Entertainment Uses).

97-13 - Permitted Small Sidewalk Cafe Locations

LAST AMENDED
6/30/2011

Small sidewalk cafes shall be permitted in the **Special 125th Street District** as indicated on Map 2 (Permitted Small Sidewalk Cafe Locations) in Appendix A of this Chapter, subject to all applicable regulations of Article I, Chapter 4 (Sidewalk Cafe Regulations).

97-14 - Transient Hotels Within the Park Avenue Hub Subdistrict

LAST AMENDED
11/30/2017

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the **development** or **enlargement** of a **building** containing a **transient hotel**, as listed in Section [32-14](#) (Use Group 5), or the **conversion** or change of **use** within an existing **building**

to a ***transient hotel***, shall only be allowed:

- (a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the residential development goal, as set forth in this Section, has been met; or
- (b) where such residential development goal, has not been met, by special permit by the City Planning Commission. To permit such a ***transient hotel***, the Commission shall find that:
 - (1) sufficient sites are available in the area to meet the ***residential development*** goal; or
 - (2) a harmonious mix of ***residential*** and non-***residential uses*** has been established in the area, and such ***transient hotel*** is consistent with the character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the ***residential development*** goal shall be met when at least 3,865 ***dwelling units*** within the combined areas of the ***Special East Harlem Corridors District***, and the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, have received temporary or final certificates of occupancy subsequent to November 30, 2017.

97-20 - LOCATION AND ACCESS REGULATIONS

LAST AMENDED
11/30/2017

Within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and areas outside of a subdistrict, the provisions of Section [97-21](#) (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, shall apply.

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the provisions of Section [97-21](#), inclusive, shall apply to any ***zoning lot***, or portion thereof, specified in Section [97-21](#), and the provisions of Section [97-22](#) (Supplemental Use and Streetscape Regulations Within the Park Avenue Hub Subdistrict), inclusive, shall apply to all other ***zoning lots***, or portions thereof.

For the purposes of applying the provisions of this Section, defined terms shall include those set forth in Sections [12-10](#) (DEFINITIONS) and [37-311](#) (Definitions).

97-21 - Supplemental Use and Streetscape Regulations Along 125th Street

LAST AMENDED
11/30/2017

Within the **Special 125th Street District**, for any **zoning lot** that fronts upon 125th Street, the **use** regulations of the underlying districts shall be modified by the requirements of this Section, inclusive. However, on **through lots** or **corner lots** with frontage along 125th Street, such requirements shall apply within the first 100 feet of the 125th Street **street line**.

97-211 - Location of and Access to Arts and Entertainment Uses

LAST AMENDED
11/30/2017

Any arts and entertainment **uses** listed in Section [97-11](#) that are provided in order to comply with the requirements of Section [97-12](#) (Arts and Entertainment Use Requirement) or Section [97-422](#) (Floor area bonus for visual or performing arts uses) shall be subject to the following location and access requirements:

The designated **uses** listed in Section [97-11](#) may be located anywhere throughout a **building** that fronts on 125th Street, subject to the following conditions:

- (a) any such designated **uses** within the Core Subdistrict required pursuant to Section [97-12](#) shall be accessed from 125th Street; and
- (b) any **residential use** shall be located on a floor wholly above any **commercial use**; or
- (c) any **commercial use** may be permitted on the same **story** as a **residential use**, provided that:
 - (1) no access exists between **commercial uses** and **residential uses** at any level; and
 - (2) **commercial uses** are not located directly over any **residential uses**.

Such **commercial use**, however, may be located over a **residential use** by authorization of the City Planning Commission upon a finding that sufficient separation of **residential uses** from **commercial uses** exists within the **building**.

97-212 - Uses not permitted on the ground floor of buildings

LAST AMENDED
11/30/2017

The following **uses** are not permitted within **stories** that have a floor level within five feet of **curb level** in **buildings developed** after April 30, 2008, or within **stories** that have a floor level within five feet of **curb level** within portions of **buildings enlarged** after April 30, 2008, where such **building** or portion of a **building** fronts upon 125th Street, or is within 100 feet

from 125th Street. Entranceways and lobby space for access to such **uses** shall be permitted at the ground floor level, pursuant to the provisions of Section [97-213](#) (Access to non-ground floor uses).

From Use Group 2:

All **uses**.

From Use Groups 3A and 3B:

All **uses**, except for libraries, museums or non-commercial art galleries.

From Use Groups 4A and 4B:

All **uses**, except for houses of worship or playgrounds.

From Use Group 5A:

All **uses**.

From Use Groups 6A, 6B, 6C and 6E:

Banks (except for automated teller machines, provided the width of **street** frontage allocated for automated teller machines shall be no more than 25 feet or 40 percent of the frontage of the **zoning lot**, whichever is less, measured to a depth of 30 feet from 125th Street, except that such frontage need not be less than 20 feet), electrolysis studios, frozen food lockers, laundry establishments, loan offices, offices or veterinary medicine offices.

From Use Group 6D:

All **uses**.

From Use Group 7:

All **uses**, except for bicycle rental or repair shops.

From Use Groups 8A and 8B:

Automobile driving schools, ice vending machines, lumber stores or pawn shops.

From Use Groups 8C, 8D and 8E:

All **uses**.

From Use Groups 9A, 9B and 9C:

All **uses**, except for gymnasiums, public auction rooms, photographic developing or printing establishments for the consumer, or art, music, dancing or theatrical studios.

From Use Groups 10A, 10B and 10C:

Depositories for storage, and wholesale offices or showrooms.

Use Group 11:

All **uses**.

Use Groups 12A and 12B:

Trade expositions.

Use Groups 12C and 12D:

All **uses**.

Use Group 14A and 14B:

All **uses**, except for bicycle sales, rental or repair shops.

Within the Special District, for such **developments** and **enlargements** that are no more than one **story**, a **use** permitted by the regulations of the underlying district shall be allowed.

97-213 - Access to non-ground floor uses

LAST AMENDED
11/30/2017

The maximum ground floor **street** frontage on 125th Street allocated to entranceways or lobby space for non-ground floor **uses** listed in Section [97-22](#) shall be as set forth for Type 1 lobbies in Section [37-33](#) (Maximum Width of Certain Uses), except that for **developments** or **enlargements** with at least 200 linear feet fronting on 125th Street, the Type 2 lobby regulations shall apply.

Additionally, within the Core Subdistrict the **residential** portion of a **development** or **enlargement** may be accessed from an entrance on 125th Street only if such **development** or **enlargement** does not front upon a **street** other than 125th Street.

97-214 - Transparency requirements along 125th Street

LAST AMENDED
11/30/2017

For all **uses**, other than houses of worship, libraries and primary rehearsal spaces, located on the ground floor of **developments** and **enlargements** that front upon that portion of 125th Street located within the **Special 125th Street District**, the ground floor **street wall** shall be glazed in accordance with the provisions set forth in Section [37-34](#) (Minimum Transparency

Requirements).

97-22 - Supplemental Use and Streetscape Regulations Within the Park Avenue Hub Subdistrict

LAST AMENDED
11/30/2017

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, for **zoning lots**, or portions thereof, that are not subject to the provisions of Section [97-21](#) (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, the provisions of this Section, inclusive, shall apply.

97-221 - Modification of supplemental use location regulations

LAST AMENDED
11/30/2017

The supplementary **commercial use** regulations of Section [32-421](#) (Limitation on floors occupied by commercial uses) shall be modified to permit **commercial uses** on any **story**, provided that at any level containing **residences**, no access exists between such **commercial** and **residential uses** and provided that such **commercial uses** are not located directly over any **residential use**.

97-222 - Ground floor use and streetscape regulations

LAST AMENDED
11/30/2017

The provisions of this Section, inclusive, shall apply to **developments** or **ground floor level enlargements**. Any portion of a **ground floor level** allocated to a transit easement required by the MTA pursuant to the provisions of Article IX, Chapter 5 need not comply with the streetscape requirements of this Section.

For the purposes of applying the provisions of Section [37-30](#) (SPECIAL GROUND FLOOR LEVEL STREETSCAPE PROVISIONS FOR CERTAIN AREAS), any portion of a **ground floor level street** frontage along Park Avenue that is not subject to the provisions of Section [97-21](#) (Supplemental Use and Streetscape Regulations Along 125th Street), inclusive, as well as any **narrow street** frontage within 50 feet of Park Avenue, shall be considered **primary street frontages**. A **ground floor level street** frontage along any other **street** shall be considered a **secondary street frontage**.

(a) Along **primary street frontages**

For **buildings**, or portions thereof, with **primary street frontage**, **uses** on the **ground**

floor level, to the minimum depth set forth in Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-**residential uses**, except for Type 2 lobbies and entrances and exits to **accessory** parking spaces provided in accordance with the applicable provisions of Section [37-33](#) (Maximum Width of Certain Uses). **Group parking facilities** located on the **ground floor level** shall be wrapped by **floor area** in accordance with the provisions of paragraph (a) of Section [37-35](#) (Parking Wrap and Screening Requirements). **Ground floor level street walls** shall be glazed in accordance with the provisions set forth in Section [37-34](#) (Minimum Transparency Requirements).

(b) Along **secondary street frontages**

For **buildings**, or portions thereof, with **secondary street frontage**, all **uses** permitted by the underlying district shall be permitted on the **ground floor level**, provided that any **group parking facilities** on the **ground floor level** shall be wrapped or screened in accordance with the provisions of Section [37-35](#).

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining **street**.

97-30 - SPECIAL SIGN REGULATIONS

LAST AMENDED
4/30/2008

Signs for all **uses** within the **Special 125th Street District** shall be subject to the applicable **sign** requirements in Section [32-60](#), inclusive, subject to the modifications of Sections [97-31](#) through [97-34](#), inclusive.

Marquee signs for an arts **use** may be combined, subject to the requirements of Section [32-641](#) (Total surface area of signs).

In the event of a conflict between the provisions of this Section, [97-30](#), inclusive, and other regulations of the Administrative Code, the provisions of this Chapter shall apply.

97-31 - Definitions

LAST AMENDED
12/19/2017

Marquee

A “marquee” is a permanent structure or canopy located above the primary entrance to an arts **use** fronting on 125th Street or Fifth Avenue, that projects over the sidewalk and is attached to, and entirely supported from, the **street wall** of the **building**. The location and dimensions of the **marquee** shall be determined by the requirements of Section [97-32](#).

All **marquees** shall comply with the construction and maintenance requirements of Title 27, Subchapter 4, Article 9, of the New York City Building Code, or its successor, pertaining to projecting **signs**.

Marquee sign

A “marquee sign” is a **sign**, other than an **advertising sign**, mounted on a **marquee** that identifies the arts **use** and provides informational displays about such **use**.

97-32 - Location, Height and Width of Marquees and Marquee Signs

LAST AMENDED 12/19/2017

For the purposes of this Chapter, **marquees** shall be permitted only above the primary entrance to one of the following **uses** fronting upon 125th Street or Fifth Avenue:

Museums

Performance spaces

Theaters

Marquees shall project over the sidewalk no more than 15 feet from the **lot line** and shall be no nearer to the curb than two feet.

(a) Height of **marquees**

The minimum height of a **marquee** or a **marquee sign** shall be three feet; the maximum height for such structure and **sign** shall be five feet. No part of a **marquee** or a **marquee sign** shall be located at a height higher than three feet below any floor containing a **residential use**.

(b) Width of **marquees**

The width of a **marquee** or a **marquee sign** shall be no greater than 50 percent of the width of the **building** frontage to which it is attached or 40 feet, whichever is less.

97-33 - Vertical Distance Above Sidewalk of Marquees and Marquee Signs

LAST AMENDED
4/30/2008

The minimum vertical distance from the sidewalk for a **marquee** shall be 12 feet; the maximum vertical distance above the sidewalk for such **marquee** shall be 20 feet.

Notwithstanding the provisions of paragraph (b) of Section [32-653](#) (Additional regulations for projecting signs), additional **signs** may be displayed on a **marquee**, provided such **sign** is no more than two feet above the **marquee**.

No **marquee** or **marquee sign** shall be located at a height higher than three feet below any floor containing a **residential use**.

97-34 - Accessory Signs for Visual or Performing Arts Uses

LAST AMENDED
4/30/2008

Notwithstanding the regulations of paragraph (b) of Section [32-653](#) (Additional regulations for projecting signs) and the relevant provisions of the Administrative Code, only the following visual or performing arts **uses** fronting on 125th Street or Fifth Avenue within the **Special 125th Street District** shall be permitted to erect a **marquee sign** on or above a **marquee**:

Museums

Performance spaces

Theaters.

Flashing signs shall not be permitted as **accessory signs** for arts **uses**.

97-40 - SPECIAL BULK REGULATIONS

LAST AMENDED
12/19/2017

Within the **Special 125th Street District**, for **developments** or enlargements, **the applicable** bulk# regulations of the underlying districts shall apply, except as modified by the provisions this Section, inclusive.

97-41 - Special Floor Area Regulations

LAST AMENDED
11/30/2017

The maximum **floor area ratio**, **open space ratio** and **lot coverage** requirements of the applicable underlying district shall apply within the **Special 125th Street District**, unless modified by the following regulations.

97-411 - Maximum floor area ratio within the Core Subdistrict and areas outside of a subdistrict

LAST AMENDED
12/19/2017

In C4-4D, C4-7 or C6-3 Districts in the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and in areas outside of a subdistrict, the maximum permitted **floor area ratios** shall be as listed in the following table for **residential**, **commercial** and **community facility uses**, and may only be increased pursuant to Section [97-42](#) (Additional Floor Area and Lot Coverage Regulations), inclusive.

MAXIMUM PERMITTED FLOOR AREA RATIO (FAR) FOR RESIDENTIAL, COMMERCIAL AND COMMUNITY FACILITY USES

	Outside the Core Subdistrict			Within the Core Subdistrict		
District	Residential Floor Area Ratio	Commercial Floor Area Ratio	Community Facility Floor Area Ratio	Residential Floor Area Ratio	Commercial Floor Area Ratio	Community Facility Floor Area Ratio
C4-4D	5.4	4.0	6.0	5.4	4.0	6.0
C4-7	9.0	10.0	10.0	5.4	7.2	7.2
C6-3	6.0	6.0	6.0	5.4	6.0	6.0

97-412 - Maximum floor area ratio in the Park Avenue Hub Subdistrict

LAST AMENDED
11/30/2017

Within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the maximum **floor area ratio** for **zoning lots** is set forth in paragraph (a) of this Section, and is modified for certain **zoning lots** in accordance with paragraph (b) of this Section.

(a) Maximum **floor area ratio**

The maximum **floor area ratio** shall be 12.0. Where a **development** or **enlargement** contains **residential floor area**, such **zoning lot** shall satisfy the provisions of either:

- (1) a minimum non-**residential floor area ratio** of 2.0 shall be provided on such **zoning lot**. Such **floor area** shall not include any **floor area** containing a **transient hotel** pursuant to the provisions of Section [97-14](#) (Transient Hotels

Within the Park Avenue Hub Subdistrict); or

- (2) a minimum **floor area ratio** of 0.5, or a minimum amount of floor space equivalent to such 0.5 **floor area ratio**, shall be provided on such **zoning lot**. Such **floor area** or equivalent floor space shall be exclusively used for those visual or performing arts **uses**, designated in paragraph (b) of Section [97-11](#) (Special Arts and Entertainment Uses), and shall be certified by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section [97-423](#) (Certification for floor area bonus for visual or performing arts uses) have been met.

(b) Modified maximum **floor area ratio** for certain **zoning lots**

For **zoning lots** existing on or before November 30, 2017, with a **lot area** of less than 5,000 square feet, or for **zoning lots** subject to the provisions of paragraph (d)(4) of Section [23-154](#) (Inclusionary Housing), the maximum **floor area ratios** set forth in paragraph (a) of this Section shall be modified, as follows:

- (1) the minimum non-**residential floor area** requirements set forth in paragraph (a) of this Section shall be optional for **zoning lots** existing on or before November 30, 2017, with a **lot area** of less than 5,000 square feet. For **zoning lots** utilizing the provisions of this paragraph, the minimum non-**residential floor area** or visual or performing arts space requirements set forth in paragraph (a) of this Section shall not apply;
- (2) for **zoning lots**, subject to the provisions of paragraphs (d)(4)(i) or (d)(4)(iii) of Section [23-154](#), the maximum **residential floor area** provision of the underlying district as specified in Section [23-153](#) (For Quality Housing buildings) shall apply; and
- (3) for **zoning lots** utilizing the provisions of paragraph (b)(1) or (b)(2) of this Section, the maximum overall **floor area ratio** shall be 10.0, except that such maximum **floor area ratio** may be increased pursuant to the provisions of paragraph (b) of Section [97-422](#) (Floor area bonus for visual or performing arts uses).

97-413 - Maximum floor area ratio in Subdistrict A

LAST AMENDED
12/19/2017

In Subdistrict A, the maximum **residential floor area ratio** shall be 9.0 and the maximum **floor area ratio** for non-**residential uses** shall be 10.0. Such maximum non-**residential floor area** may only be increased pursuant to paragraph (c) of Section [97-422](#) (Floor area bonus for visual or performing arts uses).

97-42 - Additional Floor Area and Lot Coverage Regulations

LAST AMENDED
12/19/2017

Within ***Inclusionary Housing designated areas***, as specified in APPENDIX F of this Resolution, the maximum ***floor area ratio*** may be increased pursuant to the ***floor area*** provisions of Section [97-421](#) (Inclusionary Housing) or paragraph (a) of Section [97-422](#) (Floor area bonus for visual or performing arts uses), which may be used concurrently.

Within ***Mandatory Inclusionary Housing areas***, as specified in APPENDIX F of this Resolution, the maximum ***floor area ratio*** may be increased for certain ***zoning lots*** specified in paragraph (b) or (c), as applicable, of Section [97-412](#) (Maximum floor area ratio in the Park Avenue Hub Subdistrict) by the provisions of Section [97-422](#).

97-421 - Inclusionary Housing

LAST AMENDED
12/19/2017

In ***Inclusionary Housing designated areas*** within C4-4D, C4-7 and C6-3 Districts in the Core Subdistrict or areas outside of a subdistrict, the ***residential floor area ratio*** may be increased by an Inclusionary Housing bonus, pursuant to the provisions of paragraph (b) of Section [23-154](#) (Inclusionary Housing), except that the maximum ***residential floor area ratio*** for C4-7 and C6-3 Districts in the Core Subdistrict shall be 7.2.

97-422 - Floor area bonus for visual or performing arts uses

LAST AMENDED
12/19/2017

- (a) In C4-4D, C4-7 or C6-3 Districts within the Core Subdistrict or areas outside of a subdistrict, for a ***development*** or ***enlargement*** with frontage on 125th Street, the maximum ***floor area ratio*** otherwise permitted for ***residential*** or ***commercial uses*** listed in Section [97-411](#) may be increased up to the maximum ***floor area ratio*** specified in the table in this Section, provided that for every four square feet of bonused ***floor area***, an amount of space equivalent to one square foot of such bonused ***floor area*** shall be used for those visual or performing arts ***uses*** designated in paragraph (b) of Section [97-11](#) (Special Arts and Entertainment Uses). Such bonused ***floor area*** shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section [97-423](#) have been met.

MAXIMUM PERMITTED FLOOR AREA RATIO (FAR) FOR RESIDENTIAL AND
COMMERCIAL USES WITH FLOOR AREA BONUS FOR VISUAL OR PERFORMING ARTS

USES

	Within areas outside a subdistrict				Within the Core Subdistrict			
	Residential Floor Area Ratio		Commercial Floor Area Ratio		Residential Floor Area Ratio		Commercial Floor Area Ratio	
	Base	Maximum	Base	Maximum	Base	Maximum	Base	Maximum
C4-4D	5.4	7.2	4.0	5.4	5.4	7.2	4.0	5.40
C4-7	9.0	12.0	10.0	12.0	5.4	7.2	7.2	8.65
C6-3	6.0	8.0	6.0	8.0	5.4	7.2	6.0	8.00

- (b) In C6-4 Districts within the Park Avenue Hub Subdistrict, for a **development** or **enlargement**, the maximum **floor area ratio** permitted in paragraph (b) of Section [97-412](#) (Maximum floor area ratio in the Park Avenue Hub Subdistrict) may be increased up to a maximum **floor area ratio** of 12.0, provided that for every four square feet of bonused **floor area**, an amount of space equivalent to one square foot of **floor area** shall be used for those visual or performing arts **uses** designated in paragraph (b) of Section [97-11](#) (Special Arts and Entertainment Uses). Such bonused **floor area** shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section [97-423](#) have been met.
- (c) In C4-7 Districts within Subdistrict A, for a **development** or **enlargement**, the maximum **floor area ratio** permitted in Section [97-413](#) (Maximum floor area ratio in Subdistrict A) may be increased up to a maximum **floor area ratio** of 12.0, provided that for every four square feet of bonused **floor area**, an amount of space equivalent to one square foot of **floor area** shall be used for those visual or performing arts **uses** designated in paragraph (b) of Section [97-11](#) (Special Arts and Entertainment Uses). Such bonused **floor area** shall be permitted only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the conditions set forth in Section [97-423](#) have been met.

97-423 - Certification for floor area bonus for visual or performing arts uses

The minimum non-**residential floor area** or equivalent floor space provisions of paragraph (a)(2) of Section [97-412](#) (Maximum floor area ratio in the Park Avenue Hub Subdistrict) or the **floor area** bonus provisions of Section [97-422](#) shall apply only upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the following conditions have been met:

- (a) Drawings have been provided that clearly designate all **floor area** permitted pursuant to the provisions of paragraph (a)(2) of Section [97-412](#), or all **floor area** that will result from the permitted increase in **floor area ratio** pursuant to Section [97-422](#), including the location of such **floor area**.
- (b) Drawings also have been provided that clearly designate all **floor area** or below grade floor space for any new visual or performing arts **uses** provided for the purposes of satisfying the provisions of paragraph (a)(2) of Section [97-412](#), or for which a bonus is to be received pursuant to Section [97-422](#).

Such drawings shall be of sufficient detail to show that such designated space shall be designed, arranged and used for the new visual arts or performing arts **uses**, and shall also show that:

- (1) all such visual or performing arts **uses** are located at or above the ground floor level of the **building**, except that performance space meeting the requirements of paragraph (b)(4) of this Section may be located below grade, and **accessory uses** may be located below grade, subject to the requirements of paragraph (b)(5) of this Section;
- (2) all bonused **floor area** or below-grade space occupied by visual or performing arts **uses** is primarily accessed from 125th Street, except where such visual or performing arts **floor area** or floor space is provided pursuant to paragraphs (a)(2) of Section [97-412](#) or (b)(2) of Section [97-422](#). However, all bonused **floor area** or below-grade floor space occupied by visual or performing arts **uses** within a **development** may be primarily accessed from Fifth Avenue, provided the following conditions are met:
 - (i) the **zoning lot** must have at least 150 feet of Fifth Avenue frontage where such primary entrance is provided; and
 - (ii) signage that identifies the visual or performing arts **uses** shall be provided at both the primary entrance on Fifth Avenue and on 125th Street;
- (3) in the case of primary rehearsal space, where such space does not consist of **accessory uses** subject to the requirements of paragraph (b)(4), such space:
 - (i) can be adapted for rehearsals or performances open to the public;
 - (ii) is located on the first **story** of the **building** or on any higher **story** with

a ceiling height not greater than 60 feet above grade;

- (iii) has a **street wall** with at least 50 feet of frontage along 125th Street, except for visual or performing arts **uses** with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section. In addition, where such primary rehearsal space is provided pursuant to paragraphs (a)(2) of Section [97-412](#) or (b)(2) of Section [97-422](#) such **street wall** with 50 feet of frontage need not be along 125th Street,
 - (iv) has a minimum area of 2,000 square feet, with a floor-to-ceiling height of not less than 9 feet, 6 inches; and
 - (v) complies with the following glazing requirements, except for visual or performing arts **uses** with primary entrances provided pursuant to paragraph (b)(2)(i) of this Section: at least 70 percent of the total surface area of the **street wall** abutting the primary rehearsal space, measured from finished floor to ceiling shall be glazed. Furthermore, at least 90 percent of such area shall be transparent from within one foot of the finished floor level to at least eight feet above such level. For primary rehearsal spaces located at the corner of 125th Street and an intersecting **street**, the glazing requirements of this Section shall be applied separately for each **street wall**, and up to 100 feet along such intersecting **street**;
- (4) for performance space which is exclusively designed and arranged for the presentation of live drama, music, dance and interactive or multidisciplinary performances open to the public, such space may be below grade provided it has a minimum area of 2,000 square feet of column-free space with a floor-to-ceiling height of not less than 16 feet;
- (5) **Accessory** space
- (i) For primary rehearsal spaces, no more than 25 percent of such minimum required **floor area** or equivalent below grade floor space, or such bonused **floor area** or below grade floor space shall be occupied by **uses accessory** to such primary rehearsal spaces. **Accessory uses** shall include but are not limited to educational and classroom space, administrative offices, circulation space, restrooms and equipment space;
 - (ii) For visual or performing arts **uses** other than a primary rehearsal space, no more than 40 percent of such minimum required **floor area** or equivalent below grade floor space, or such bonused **floor area** or below grade floor space shall be occupied by **uses accessory** to such visual or performing arts **uses**, provided no single **accessory use** occupies more than 25 percent of such total minimum required **floor area** or equivalent below-grade floor space, or bonused **floor**

area or below grade floor space. **Accessory uses** shall include but are not limited to educational and classroom space, non-primary rehearsal space, administrative offices, lobbies, circulation space, ticket offices, restrooms, dressing rooms, other backstage areas and equipment space; and

(6) Signage

- (i) Signage that identifies the visual or performing arts facility shall be provided at the 125th Street entrance of the visual or performing arts facility, subject to the requirements of Section [97-30](#), inclusive, except where such visual or performing arts facility is provided pursuant to paragraphs (a)(2) of Section [97-412](#) or (b)(2) of Section [97-422](#); and
- (ii) For below grade performance space subject to the requirements of paragraph (b)(4) of this Section, such **sign**, not including any frame or surrounding element, shall be utilized for the additional purpose of informing the public regarding the program of scheduled performances in such facility, and shall be no less than two feet in width and four feet in height, and shall be installed a minimum of 2 feet, 6 inches above grade;

(c) A letter from the Department of Cultural Affairs has been submitted to the Chairperson of the City Planning Commission, certifying that:

- (1) a signed lease has been provided from the prospective operator of the visual or performing arts space, or a written commitment from the owner of such space in a form acceptable to the City, if such owner is also the operator, for occupancy of such space, and its operation as a visual or performing arts space for a period of not less than 15 years, with two five-year renewal options, pursuant to an operating plan and program therefor;
- (2) the proposed operator of the visual or performing arts space is a non-profit organization;
- (3) the proposed operator of the visual or performing arts space has the fiscal and managerial capacity to successfully operate such space;
- (4) the proposed operator of the visual or performing arts space will have a program of regularly scheduled presentations or performances that are open to the public, provided that, in the case of a visual or performing arts space that is a primary rehearsal space, a program of regularly scheduled rehearsals or performances open to the public shall be required only where the proposed operator is the principal user of the primary rehearsal space. In the event that the proposed operator is not the principal user of the primary rehearsal space and such space is made available to multiple organizations or individuals on an hourly, weekly, monthly or similar basis, the proposed operator shall allow

open rehearsals or performances open to the public to be sponsored by such organizations or individuals, upon request;

- (5) preliminary design plans have been provided to the Department of Cultural Affairs for the visual or performing arts space, which shall include sufficient detail regarding core, shell, structural, mechanical, electrical, plumbing and HVAC systems necessary to ensure that such visual or performing arts space will operate efficiently for its intended use;
- (6) a written commitment has been provided ensuring that there are financial resources available for the timely completion of the identified scope of work; and
- (7) the proposed operator of the visual or performing arts space has a Community Engagement Plan that will effectively encourage public access and use of the visual or performing arts space, provide educational opportunities to the local community, and address new, undeveloped and/or underserved audience or participant groups. The Department of Cultural Affairs shall make its determination concerning the sufficiency of the Community Engagement Plan based upon consideration of the written recommendation of the Bonused Space Local Arts Advisory Council with respect thereto.

(d) A legal commitment by the owner has been provided:

- (1) for the operator of the visual or performing arts space to submit an annual program report, describing the use of the space during the previous year, to the Chairperson of the City Planning Commission, the Commissioner of the Department of Cultural Affairs, the Manhattan Borough President, the applicable Community Board and the local Council Member; and
- (2) for inspection and ongoing maintenance of the visual or performing arts space to ensure its continued availability for **use** as a visual or performing arts space. Such inspection shall be conducted every five years by a licensed engineer or architect, and a report identifying the operator utilizing the space, describing the condition of the space and identifying any maintenance or repair work necessary to ensure the physical and operational soundness of such space, and establishing a plan and program for such work, including providing that adequate resources be made available to ensure timely completion of such maintenance or repair work, shall be submitted to the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs;

(e) A legal commitment by the owner has been provided for continued occupancy of all **floor area** or equivalent floor space provided for the purposes of satisfying minimum equivalent non-**residential** floor space provisions of paragraph (a)(2) of Section [97-412](#), or for which a bonus has been received pursuant to Section [97-422](#), as a visual or performing arts space only in accordance with the drawings and design plans

provided pursuant to paragraphs (b) and (c)(5) of this Section, and providing further that in the event of a change of operator, the owner or operator shall obtain a new certification pursuant to this Section. An **adult establishment use** shall be prohibited for the life of the **development** or **enlargement**.

- (1) notwithstanding the provisions of this paragraph (e), an owner shall not be in violation of such legal commitment during a grace period consisting of:
 - (i) six (6) months from the date the visual or performing arts space is vacated by the operator, provided owner timely notifies the Departments of City Planning and Cultural Affairs of such vacancy in accordance with the requirements of the legal commitment;
 - (ii) the period of review by the Chairperson of the City Planning Commission and the Commissioner of the Department of Cultural Affairs with respect to a new operator and any associated change of design or **use** requirements pursuant to this Section, provided that application for certification pursuant to this Section is made no later than the expiration of the six month period set forth in paragraph (e)(1)(i) of this Section;
 - (iii) any period set forth in such certification as necessary to allow for the modification of design to accommodate a new operator; and
 - (iv) any event of force majeure;
 - (2) in the event that the Chairperson of the City Planning Commission determines that the requirements for certification pursuant to this Section with respect to a change of operator and associated change of design or **use** requirements are not satisfied, the grace period set forth in paragraph (e)(1) of this Section shall thereupon apply from the date of such determination;
- (f) A legal commitment by the owner has been provided that all visual arts exhibitions or presentations of live drama, music, dance, interactive or multidisciplinary performances shall be open to the public in accordance with the terms of the letter issued by the Commissioner of Cultural Affairs, pursuant to paragraph (c) of this Section;
- (g) A legal commitment by the owner has been provided that, in the event of an adjudicated violation of the provisions of paragraph (e) of this Section, requiring the continued occupancy of all **floor area** or equivalent floor space provided for the purposes of satisfying minimum equivalent non-**residential** floor space provisions of paragraph (a)(2) of Section [97-412](#), or for which a bonus has been received, pursuant to Section [97-422](#), as a visual and performing arts space only, the owner shall not permit the occupancy of any **floor area** in the **development** or **enlargement** which is vacant as of the date of such adjudication or thereafter, or up to the amount of the increased **floor area** permitted under Section [97-422](#), as applicable, until such time as

the Chairperson of the City Planning Commission has determined that the visual or performing arts space is occupied in accordance with the provisions of this Section.

Such legal commitments shall be in the form of a declaration of restrictions, filed and duly recorded in the Borough Office of the Register of the City of New York, binding upon the owner of the visual or performing arts space and their successors and assigns, a certified copy of which shall be submitted to the Chairperson. The filing of such declaration and the posting of any bond or other security required by the Chairperson under the terms of such declaration, and receipt of a certified copy of such declaration shall be preconditions to issuance of any building permit, including any foundation or alteration permit, for any **development** or **enlargement**.

The owner shall not apply for or accept a temporary certificate of occupancy for such portion of the **development** or **enlargement** identified under the terms of the declaration of restrictions as utilizing the **floor area** permitted pursuant to the provisions of paragraph (a)(2) of Section [97-412](#) or the increased **floor area** permitted pursuant to Section [97-422](#), and the Department of Buildings shall not issue a temporary certificate of occupancy for such portion of the **development** or **enlargement**, until the Commissioner of the Department of Cultural Affairs has certified that the visual or performing arts space is substantially complete. The owner shall not apply for or accept a permanent certificate of occupancy for such portion of the **development** or **enlargement**, nor shall the Department of Buildings issue a permanent certificate of occupancy for such portion of the **development** or **enlargement**, until the visual or performing arts space has been finally completed in accordance with the approved plans and such final completion has been certified by the Commissioner of the Department of Cultural Affairs. The declaration of restrictions shall be noted on any temporary or final certificate of occupancy for the **building**. The temporary or final certificate of occupancy for any portion of the **development** or **enlargement** identified under the terms of the declaration of restrictions as utilizing the **floor area** permitted pursuant to the provisions of paragraph (a)(2) of Section [97-412](#) or the increased **floor area** permitted pursuant to Section [97-422](#) shall include the provisions of paragraph (e) of this Section, requiring the continued occupancy of all **floor area** for which a bonus has been received as a visual or performing arts space only, as a condition of occupancy of such portion of the **development** or **enlargement**.

In granting the original certification, the Chairperson of the City Planning Commission may specify such changes in design or **use** that would not warrant further certification pursuant to this Section.

97-424 - Special Lot Coverage Regulations

LAST AMENDED
12/19/2017

The maximum **lot coverage** for **residential use** in C6-3 Districts within the **Special 125th Street District** shall be 70 percent for **interior** or **through lots** and 100 percent for **corner lots**.

97-43 - Special Height and Setback Regulations

LAST AMENDED
12/19/2017

Within the **Special 125th Street District**, the underlying height and setback regulations shall be modified in accordance with the provisions of this Section, inclusive.

97-431 - Permitted obstructions

LAST AMENDED
12/19/2017

The provisions of Section [33-42](#) (Permitted Obstructions) shall apply, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts).

97-432 - Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict

LAST AMENDED
12/19/2017

(a) Street wall location

In all **Commercial Districts** within the Core Subdistrict and areas outside of a subdistrict, the **street wall** shall be located on the **street line** of 125th Street and extend along the entire **street** frontage of the **zoning lot** up to at least the applicable minimum base height of the underlying district, or the height of the **building**, whichever is less.

The **street wall** location provisions of such **Commercial Districts** shall be modified, as follows:

- (1) On Park Avenue, within 10 feet of its intersection with any **street**, the **street wall** may be located anywhere within 10 feet of the Park Avenue **street line**. However, to allow articulation of the **street walls** pursuant to the provisions of paragraph (b) of this Section, the **street walls** may be located anywhere within an area bounded by a **street line**, the **street wall** on Park Avenue and a line connecting these two lines 15 feet from their intersection.

- (2) To allow articulation of **street walls** at the intersection of any two **streets** within the Special District, the **street wall** may be located anywhere within an area bounded by the two **street lines** and a line connecting such **street lines** at points 15 feet from their intersection.
- (3) Recesses, not to exceed three feet in depth from the **street line**, shall be permitted on the ground floor where required to provide access to the **building**. Above the height of the second **story** and up to the applicable maximum base height, recesses are permitted for **outer courts** or balconies, provided that the aggregate width of such recesses does not exceed 30 percent of the width of the **street wall** at any level, and the depth of such recesses does not exceed five feet. No recesses shall be permitted within 20 feet of an adjacent **building** or within 30 feet of the intersection of two **street lines**, except in compliance with corner articulation rules.
- (4) The **street wall** location and minimum **street wall** height provisions of this Section shall not apply to any existing **buildings** that are to remain on the **zoning lot**.
- (5) For any **development** or **enlargement** that is partially within the **Special Transit Land Use District** and located directly over the planned Second Avenue subway line tunnel, the **residential** portion of such **development** or **enlargement** may be constructed pursuant to the R8A **street wall** requirements and the **commercial** portion of such **development** or **enlargement** may be constructed pursuant to the C4-4D **street wall** requirements in lieu of the requirements of this Section.
- (6) The requirements of this Section shall apply within the **Special Transit Land Use District** except that, for the area of the **Special Transit Land Use District** that is also within the **Special 125th Street District**, a **street wall** of a **development** or **enlargement** located on the **street line** of a **zoning lot** need not exceed 15 feet if that portion of the **development** or **enlargement** is located directly over the planned Second Avenue subway line tunnel.

(b) Maximum height of building and setback

The following modifications of the underlying district regulations shall apply for C4-7 and C6-3 Districts within the Core Subdistrict and areas outside of a subdistrict:

- (1) The minimum and maximum base height of the **street wall** and the maximum height of a **building or other structure** shall be as set forth in the following table:

<p>MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT AND MAXIMUM BUILDING HEIGHT</p>

District	Street Wall Height (in feet)		Maximum Height of Building or Other Structure (in feet)
	Minimum Base Height	Maximum Base Height	
C4-7	60	85	195
C6-3	60	85	160

All portions of **buildings or other structures** that exceed a height of 85 feet in C4-7 and C6-3 Districts shall be set back at least 15 feet from the **street line**, except that such setback depth may include the depth of any permitted recess in the **street wall**, according to the provisions of paragraph (a) of Section [97-432](#) (Height and setback regulations in the Core Subdistrict and in areas outside of a subdistrict).

(2) Special regulations for certain C4-7 Districts

- (i) For the area located within 50 feet of the 126th Street frontage and between 200 feet east of Adam Clayton Powell Boulevard and 150 feet west of Lenox Avenue/Malcolm X Boulevard, the height of any portion of a **building or other structure** shall be limited to 80 feet.
- (ii) For **zoning lots** bounded by 125th Street, Park Avenue and 124th Street, the maximum height of a **building or other structure** shall be 330 feet.
- (iii) For Lots 1 and 7501 on Block 1910, the requirements of City Environmental Quality Review (CEQR) Environmental Designation Number (E-102) have been modified, as set forth in the Technical Memorandum to the Final Environmental Impact Statement for CEQR Number 07DCP030M, dated July 18, 2008.

- (3) In C6-3 Districts, the maximum length of any **story** located above a height of 85 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each **story** entirely above a height of 85 feet. No side of such rectangle shall exceed a width of 150 feet.

97-433 - Height and setback regulations in the Park Avenue Hub Subdistrict

In C6-4 Districts within the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, the following provisions shall apply.

(a) **Street wall** location

The applicable provisions of Section [35-651](#) shall be modified as follows:

(1) Along 125th Street

The minimum base height shall be 60 feet, or the height of the **building**, whichever is less, except that for **buildings** or portions thereof within 50 feet of Park Avenue, the minimum base height shall be 40 feet, or the height of the **building**, whichever is less. The street wall location provisions of this paragraph shall be modified to allow a sidewalk widening pursuant to the provisions of paragraph (a)(2) of this Section; and

(2) Along Park Avenue and **narrow streets**

The provisions of paragraph (a) of Section [35-651](#) shall apply, except that the minimum base height shall be 40 feet, or the height of the **building**, whichever is less.

In addition, for **zoning lots** with frontage along Park Avenue between 124th Street and 125th Street, any **development** or horizontal **enlargement** shall provide a sidewalk widening along the **street line** of Park Avenue. Such sidewalk widening shall have a depth of 10 feet, be improved to Department of Transportation standards for sidewalks, and be at the same level as the adjoining public sidewalk.

(b) Basic maximum **building** height and setback regulations

The maximum height of **buildings or other structures** shall be as set forth in Sections [35-652](#) (Maximum height of buildings and setback regulations) or [35-654](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), as applicable, except that the minimum base height shall be as set forth in paragraph (a) of this Section, and the maximum base height for **buildings or other structures** along the **street line** of 125th Street and within 50 feet of such **street line** shall be 85 feet.

For the purposes of applying the provisions for **qualifying ground floors**, the provisions of Section [97-20](#) (LOCATION AND ACCESS REGULATIONS), inclusive, shall apply in lieu of the applicable provisions of paragraph (b)(2) of Section [35-652](#).

(c) Optional height and setback regulations

As an alternative to the provisions of paragraph (b) of this Section, the provisions of this paragraph (c) may be applied to **zoning lots** meeting the criteria set forth in paragraph (a) of Section [23-664](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), or **zoning lots** where 50 percent or more of the **floor area** is allocated to non-**residential uses**.

(1) Setbacks

At a height not lower than the minimum base height specified in paragraph (a) of this Section, nor higher than a maximum base height of 85 feet, a setback shall be provided in accordance with paragraph (c) of Section [23-662](#) (Maximum height of buildings and setback regulations). Above such required setback, any portion of a **building** or **buildings** on the **zoning lot** shall be considered a “tower.”

(2) **Lot coverage** requirements for towers

Each **story** of a tower containing **residential floor area** shall not exceed a maximum **lot coverage** of 40 percent, except that, for **zoning lots** less than 20,000 square feet, such **lot coverage** may be increased in accordance with the table in Section [23-65](#) (Tower Regulations). Each **story** of a tower allocated exclusively to non-**residential floor area** shall not exceed a maximum **lot coverage** of 50 percent. However, where dormers are provided within the required setback, such portions of **buildings** shall not count toward the maximum allowable **lot coverage** set forth in this paragraph.

(3) Maximum **building** height

No height limit shall apply to towers.

97-434 - Height and setback regulations in Subdistrict A

LAST AMENDED
12/19/2017

Within Subdistrict A, as shown on Map 1 in Appendix A of this Chapter, the underlying height and setback regulations for **Quality Housing buildings** shall apply, except that in C4-7 Districts, the minimum and maximum base heights and the overall maximum **building** height provisions of Section [35-65](#), inclusive, shall be modified in accordance with the following table: Maximum height of **buildings**.

MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT AND MAXIMUM BUILDING HEIGHT			
District	Street Wall <i>Height (in feet)</i>		Maximum Height of Building or Other Structure <i>(in feet)</i>
	Minimum Base Height	Maximum Base Height	
C4-7	60	85	245

Above the maximum base height, a setback shall be provided in accordance with the provisions of paragraph (c) of Section 23-662.

97-44 - Special Provisions for Zoning Lots Divided by District Boundaries

LAST AMENDED
12/19/2017

The regulations of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries) shall apply within the ***Special 125th Street District***, except that for any ***zoning lot*** that is completely within the Core Subdistrict, ***floor area*** may be located anywhere on such ***zoning lot*** without regard to the requirements of Section [77-22](#) (Floor Area Ratio), subject to the applicable height and setback regulations.

97-50 - SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

LAST AMENDED
4/30/2008

The underlying provisions of Article II, Chapter 5, Article III, Chapter 6 and Article IV, Chapter 4 (Accessory Off-street Parking and Off-street Loading Regulations) shall apply within the ***Special 125th Street District***, subject to modification by the regulations of this Section, inclusive.

Enclosed parking spaces, or parking spaces covered by a ***building***, including such spaces ***accessory to residences*** shall be permitted to occupy the ground floor provided they are located beyond 30 feet of the ***street wall*** of the ***building***.

The applicable district regulations for the location of ***accessory*** off-street parking spaces along 125th Street within the Special District may be modified, so that such facilities may be

provided off-site, within a **Commercial District**, but at a distance no greater than 1,200 feet from the **zoning lot**.

97-51 - Accessory Off-street Parking Within the Core Subdistrict and Areas Outside of a Subdistrict

LAST AMENDED
11/30/2017

97-511 - Required accessory off-street residential parking

LAST AMENDED
11/30/2017

Accessory off-street parking spaces, open or enclosed, shall be provided for all **developments** or **enlargements** within the **Special 125th Street District** that contain **residences**, according to the provisions of the underlying district, as modified by the provisions of Section [97-50](#) (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive.

97-512 - Required accessory off-street commercial parking

LAST AMENDED
11/30/2017

In **Commercial Districts** within the Core Subdistrict, as shown on Map 1 in Appendix A of this Chapter, and areas outside of a subdistrict, **accessory** off-street parking spaces shall be provided if required by Section [36-21](#), as modified by the provisions of Section [97-50](#) (SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, except that no **accessory** parking spaces shall be required for **commercial uses** in C4-4D Districts.

97-52 - Required Accessory Off-street Parking Within the Park Avenue Hub Subdistrict

LAST AMENDED
11/30/2017

In the Park Avenue Hub Subdistrict, as shown on Map 1 in Appendix A of this Chapter, no **accessory** off-street parking shall be required for **residences**. Off-street parking shall be permitted in accordance with the regulations of the underlying district.

97-53 - Location of Access to the Street

LAST AMENDED
4/30/2008

Curb cuts for entrances and exits to **accessory** off-street parking facilities or for loading berths shall not be located on 125th Street or any other **wide street** that intersects with 125th Street, other than under the specific conditions of Sections [97-55](#) (Certification for Access to Required Uses) and [97-56](#) (Authorization for Access to Permitted Parking Facilities or Loading Berths).

Such certification or authorization shall not be required if parking and loading requirements can be met through the provisions of [97-54](#) (Parking Access Through Zoning Lots in Residence Districts).

97-54 - Parking Access Through Zoning Lots in Residence Districts

LAST AMENDED
2/2/2011

For a **zoning lot** within a **Residence District**, which **zoning lot** fronts upon either 124th or 126th Street and the **rear lot line abuts** a **zoning lot** that fronts only on 125th Street, and such **zoning lot** has been vacant since April 30, 2008, access for parking and loading purposes may be provided through such **zoning lot**.

97-55 - Certification for Access to Required Uses

LAST AMENDED
12/19/2017

If access to a required **accessory residential** parking facility or loading berth is not possible because of the requirements of Section [97-53](#) (Location of Access to the Street), or, for **developments** in Subarea A, the requirements of Section [36-683](#) (Restrictions on location of berths near Residence Districts), a curb cut may be allowed if the City Planning Commission certifies to the Commissioner of Buildings that such location is:

- (a) the only possible location for the facility or loading berth;
- (b) not hazardous to traffic safety;
- (c) located not less than 50 feet from the intersection of any two **street lines**; and
- (d) constructed and maintained so as to have a minimal effect on the streetscape.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commissioner may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

97-56 - Authorization for Access to Permitted Parking Facilities or Loading Berths

LAST AMENDED
4/30/2008

The City Planning Commission may authorize curb cuts for the following parking facility or loading berths:

- (a) If access to a permitted **accessory residential** or public parking facility is not possible due to the requirements of Section [97-53](#), the Commission may authorize curb cuts for such **uses**, provided such curb cuts:
 - (1) will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement; and
 - (2) will not interfere with the efficient functioning of public transit facilities.
- (b) If access to a permitted loading berth is not possible due to the requirements of Section [97-53](#), the Commission may authorize curb cuts for such **use**, provided:
 - (1) such loading berths are adjacent to a fully enclosed maneuvering area on the **zoning lot**;
 - (2) such maneuvering area is at least equal in size to the area of the loading berth; and
 - (3) there is adequate space to permit head-in and head-out truck movements to and from the **zoning lot**.

Such curb cut, if granted, shall be no greater than 20 feet in width.

The Commission may refer such matter to the Department of Transportation, or its successor, for a report and may base the determination on such report.

Applications for authorizations shall be referred to the affected Community Board for a period of at least 30 days for comment. The Commission shall grant in whole or in part or deny the application within 60 days of the completion of the Community Board review period.

97-57 - Public Parking Facilities

LAST AMENDED
4/30/2008

Notwithstanding the special permit regulations of Section [74-52](#) (Parking Garages or Public Parking Lots in High Density Central Areas), **public parking garages** with 150 spaces or less shall be permitted as-of-right in C4-7 and C6 Districts, subject to the requirements of Section

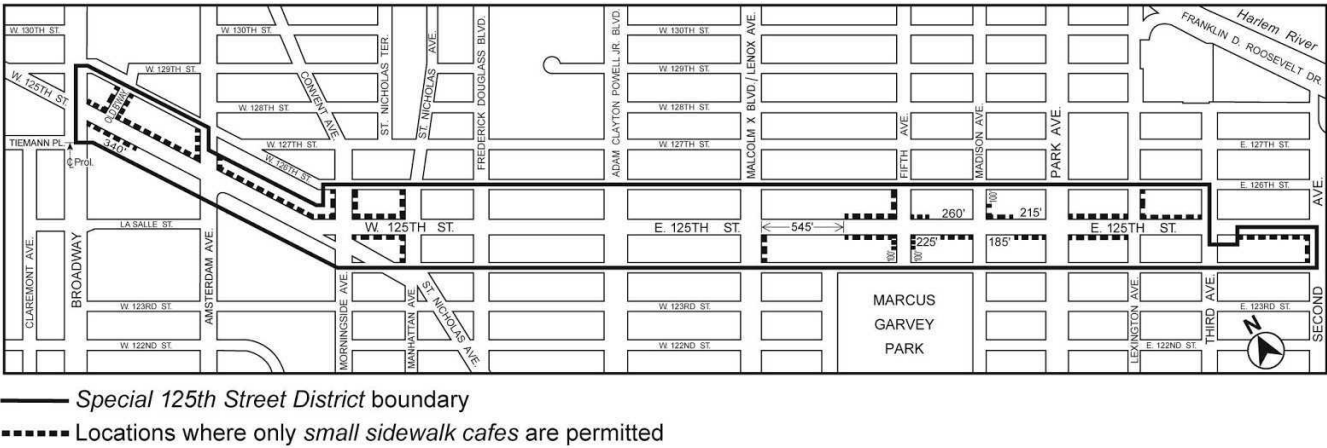

Public parking lots are not permitted on zoning lots with 125th Street frontage within the Special District.

Special 125th Street District Plan

History

The map displays the Special 125th Street District in Manhattan, bounded by W. 120th St. to the north, W. 122nd St. to the south, and the Harlem River to the east. The district is divided into three subdistricts: the Core Subdistrict (solid grey), the Park Avenue Hub Subdistrict (hatched), and Subdistrict A (cross-hatched). Key streets include W. 120th St., W. 125th St., W. 126th St., W. 127th St., W. 128th St., W. 129th St., W. 130th St., W. 131st St., W. 132nd St., W. 133rd St., W. 134th St., W. 135th St., W. 136th St., W. 137th St., W. 138th St., W. 139th St., W. 140th St., W. 141st St., W. 142nd St., W. 143rd St., W. 144th St., W. 145th St., W. 146th St., W. 147th St., W. 148th St., W. 149th St., W. 150th St., W. 151st St., W. 152nd St., W. 153rd St., W. 154th St., W. 155th St., W. 156th St., W. 157th St., W. 158th St., W. 159th St., W. 160th St., W. 161st St., W. 162nd St., W. 163rd St., W. 164th St., W. 165th St., W. 166th St., W. 167th St., W. 168th St., W. 169th St., W. 170th St., W. 171st St., W. 172nd St., W. 173rd St., W. 174th St., W. 175th St., W. 176th St., W. 177th St., W. 178th St., W. 179th St., W. 180th St., W. 181st St., W. 182nd St., W. 183rd St., W. 184th St., W. 185th St., W. 186th St., W. 187th St., W. 188th St., W. 189th St., W. 190th St., W. 191st St., W. 192nd St., W. 193rd St., W. 194th St., W. 195th St., W. 196th St., W. 197th St., W. 198th St., W. 199th St., W. 200th St., W. 201st St., W. 202nd St., W. 203rd St., W. 204th St., W. 205th St., W. 206th St., W. 207th St., W. 208th St., W. 209th St., W. 210th St., W. 211st St., W. 212nd St., W. 213rd St., W. 214th St., W. 215th St., W. 216th St., W. 217th St., W. 218th St., W. 219th St., W. 220th St., W. Chapter 8 - Special West Chelsea District (WCH)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 8 - Special West Chelsea District (WCH)

98-00 - GENERAL PURPOSES

LAST AMENDED
8/24/2017

The "Special West Chelsea District" established in this Resolution, is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

- (a) to encourage and guide the development of West Chelsea as a dynamic mixed use neighborhood;
- (b) to encourage the development of residential uses along appropriate avenues and streets;
- (c) to encourage and support the growth of arts-related uses in West Chelsea;
- (d) to facilitate the restoration and reuse of the High Line elevated rail line as an accessible, public open space through special height and setback regulations, High Line improvement bonuses and the transfer of development rights from the High Line Transfer Corridor;
- (e) to ensure that the form and use of new buildings relates to and enhances neighborhood character and the High Line open space;
- (f) to create and provide a transition to the lower-scale Chelsea Historic District to the east;
- (g) to create and provide a transition to the Hudson Yards area to the north; and
- (h) to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby protect the City's tax revenues, consistent with the foregoing purposes.

98-01 - Definitions

LAST AMENDED
6/23/2005

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section [12-10](#) (DEFINITIONS).

High Line

The “High Line” shall, for the purposes of this Chapter, refer to the elevated rail line structure and associated elevated easement located between Gansevoort Street and West 30th Street.

High Line bed

The “High Line bed” is the highest level of the horizontal surface (platform) of the **High Line** elevated rail line structure as of June 23, 2005, as shown in Diagram 7 in Appendix C of this Chapter. For the purposes of this Chapter, the level of the **High Line bed** is the average level of the **High Line bed** on a **zoning lot** over which the **High Line** passes.

High Line frontage

“High Line frontage” is that portion of a **building** that faces and is located within 15 feet of the west side and 25 feet of the east side of the **High Line**.

High Line Transfer Corridor

The “High Line Transfer Corridor” is an area within which the **High Line** is located, as specified in Appendix B of this Chapter, where development rights may be transferred to receiving sites in certain subareas in the **Special West Chelsea District**, pursuant to the provisions of Section [98-30](#) (HIGH LINE TRANSFER CORRIDOR), inclusive.

98-02 - General Provisions

LAST AMENDED
10/10/2013

The provisions of this Chapter shall apply to any **zoning lot**, or portion thereof, within the **Special West Chelsea District**, except that the provisions of Sections [98-11](#) (Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line) and [98-16](#) (Air Space Over a Railroad or Transit Right-of-way or Yard) shall also apply to any **zoning lot** south of the **Special West Chelsea District** over which the **High Line** passes. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in **flood zones**, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

The provisions regarding the transfer of **floor area** set forth in Section [98-30](#) (HIGH LINE TRANSFER CORRIDOR), inclusive, and the **High Line Improvement Bonus** in Subareas D,

E, F, G and I set forth in Section [98-25](#) shall be effective upon the issuance of a final and binding Certificate of Interim Trail Use (CITU) by the Federal Surface Transportation Board and the execution of a trail use agreement between the City and CSX Transportation, Inc., or its successor, with respect to the **High Line**, or upon a determination by the Office of the Corporation Counsel that the restoration and reuse of the **High Line** as an accessible, public open space has been obtained pursuant to an alternative mechanism that protects the interests of the city.

Upon transfer of the **High Line** to the City, pursuant to ULURP application C 050163 PCM, and in accordance with such CITU and trail use agreement, the following shall apply:

- (a) the provisions regarding the issuance of building permits set forth in Section [98-11](#) shall be effective;
- (b) any area within the tax lot located at Section 3, Block 8224, Lot 111, as of June 23, 2005, which is separated from other portions of such tax lot by bounding streets, shall be considered a separate **zoning lot**; and
- (c) underlying **use** and bulk regulations shall not apply to **uses** and **buildings and other structures** constructed on the **High Line** specifically in connection with its use as a public open space.

98-03 - District Plan and Maps

LAST AMENDED
11/13/2012

The regulations of this Chapter are designed to implement the ***Special West Chelsea District Plan***.

The District Plan includes the following maps and illustrative diagrams in Appendices A, B and C and the special regulations in Appendices D, E and F:

Appendix A - Special West Chelsea District and Subareas

Appendix B - High Line Transfer Corridor Location

Appendix C - Illustrative Diagrams of the High Line and Building Envelopes for Sites Adjacent to the High Line

Diagram 1 - Street Wall and High Line Frontage Regulations in Subareas C, F and G

Diagram 2 - Street Wall and High Line Frontage Regulations in Subarea A

Diagram 3 - Subarea H Requirements

Diagram 4 - High Line Improvement Area Boundaries for Zoning Lots
Divided by District Boundaries in Subareas D, E and
G

Diagram 5 - Subarea I Requirements between West 16th and West
17th Streets

Diagram 6 - High Line Access Easement Volume Parameters

Diagram 7 - High Line Bed and Frontages

Appendix D - Special Regulations for Zoning Lots Utilizing the High Line Improvement
Bonus in Subarea H

Appendix E - Special Regulations for Zoning Lots Utilizing the High Line Improvement
Bonus and Located Partially Within Subareas D, E, G or I

Appendix F - Special Regulations for Zoning Lots Utilizing the High Line Improvement
Bonus and Located Within Subarea J.

The maps and diagrams are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in this Chapter shall apply.

98-04 - Subareas and High Line Transfer Corridor

LAST AMENDED
11/13/2012

In order to carry out the provisions of this Chapter, Subareas A through J and a ***High Line Transfer Corridor*** are established within the ***Special West Chelsea District***.

Within each of the Subareas and the ***High Line Transfer Corridor***, certain special regulations apply that do not apply within the remainder of the ***Special West Chelsea District***. The locations of the Subareas are shown in Appendix A of this Chapter. The location of the ***High Line Transfer Corridor*** is shown in Appendix B of this Chapter.

The Subareas and the ***High Line Transfer Corridor*** are subject to all other regulations of the ***Special West Chelsea District*** and the underlying district regulations, except as otherwise specified in this Chapter.

98-05 - Applicability of District Regulations

LAST AMENDED
6/23/2005

98-051 - Applicability of Article I, Chapter 1

LAST AMENDED
3/28/2012

Within the ***Special West Chelsea District***, Section [11-332](#) (Extension of period to complete construction) shall apply, except that notwithstanding the provisions of paragraph (a) of such Section, in the event that other construction for which a building permit has been lawfully issued and for which construction has been commenced but not completed on June 23, 2005, such other construction may be continued provided that the construction is completed and a temporary or permanent certificate of occupancy is obtained not later than June 23, 2006.

98-10 - SPECIAL USE AND PARKING REGULATIONS WITHIN THE SPECIAL WEST CHELSEA DISTRICT

LAST AMENDED
3/22/2006

98-11 - Special Regulations for Developments and Enlargements Above, Beneath or Adjacent to the High Line

LAST AMENDED
6/23/2005

The Commissioner of Buildings shall not issue any building permit for demolition, excavation or foundation work to be performed above or beneath the ***High Line*** or within 25 feet of support structures of the ***High Line***, except by determination by such Commissioner that such work would not adversely affect the structural integrity of the ***High Line*** and by determination by the Commissioner of Parks that such work would not adversely affect the City's ability to inspect and maintain as necessary to ensure the structural integrity of the ***High Line***.

98-12 - Modification of Use Regulations

LAST AMENDED
6/23/2005

98-121 - In Subarea H

LAST AMENDED
6/23/2005

In Subarea H, the provisions of Section [32-25](#) (Use Group 16), paragraph D (Heavy Service, Wholesale or Storage Establishments) are modified to permit, in C6 Districts, warehouse ***uses*** only in ***cellars*** located wholly below ***curb level***.

98-122 - Location within buildings

LAST AMENDED
2/2/2011

In any C6 District in the ***Special West Chelsea District***, the provisions of Section [32-422](#) (Location of floors occupied by commercial uses) are modified to permit ***commercial uses*** on the same ***story*** as a ***residential use*** or on a ***story*** higher than that occupied by ***residential uses***, provided that the ***commercial uses***:

- (a) are located in a portion of the ***building*** that has separate direct access to the ***street*** with no access to the ***residential*** portion of the ***building*** at any ***story***; and
- (b) are not located directly over any portion of a ***building*** containing ***dwelling units***, except this limitation shall not preclude the location of:
 - (1) ***residential*** lobby space below or on the same ***story*** as ***commercial uses***; or
 - (2) a ***commercial use*** that fronts on the ***High Line*** and is located within five feet of the level of the ***High Line bed***.

98-123 - Adult establishments

LAST AMENDED
6/23/2005

The provisions of Section [52-77](#) (Termination of Adult Establishments) shall not apply to any ***adult establishment*** that located within the ***Special West Chelsea District*** after October 25, 1995 and prior to May 25, 2005, and which, as of May 25, 2005 and June 22, 2005, was an existing ***use*** and conformed to all provisions of Section [42-01](#) (Special Provisions for Adult Establishments) applicable to M1-5 Districts.

98-13 - Modification of Use Regulations in M1 Districts

LAST AMENDED
6/23/2005

In the ***Special West Chelsea District***, the provisions of Sections [42-10](#) (USES PERMITTED AS-OF-RIGHT) and [42-30](#) (USES PERMITTED BY SPECIAL PERMIT) are modified to permit, as-of-right, without limitation, in M1 Districts, museums and non-commercial art galleries as listed in Use Group 3.

98-14 - Ground Floor Use and Transparency Requirements on Tenth Avenue

LAST AMENDED
11/13/2012

Except in Subarea J, the special ground floor **use** and glazing regulations of this Section apply to that portion of a **building or other structure** fronting on Tenth Avenue in the **Special West Chelsea District**. Ground floor **uses** in Subarea J shall be governed by the underlying **use** regulations as modified by Section [98-13](#) (Modification of Use Regulations in M1 Districts).

Uses within **stories** that have a floor level within five feet of **curb level**, and within 25 feet of the **street line**, shall be limited to **commercial uses** permitted by the underlying district or museums or non-commercial art galleries as listed in Use Group 3. A **building's street** frontage shall be allocated exclusively to such **uses**, except for lobby space or entryways. In no event shall the length of **street** frontage occupied by lobby space or entryways exceed, in total, 40 feet or 50 percent of the **building's** total **street** frontage, whichever is less.

For any **building** or portion of a **building developed** or **enlarged** after June 23, 2005, each ground floor **street wall** shall be glazed with materials which may include **show windows**, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 70 percent of such ground floor **street wall** surface. The lowest point at any point of transparency that is provided to satisfy the requirements of this Section shall be not higher than two feet above the level of the adjoining sidewalk or public access area and shall be no less than eight feet in height measured from such lowest point. Not less than 50 percent of such ground floor **street wall** surface shall be glazed with transparent materials, and up to 20 percent of such ground floor **street wall** may be glazed with translucent materials.

98-141 - Transparency requirements within Subareas H and I

LAST AMENDED
2/2/2011

The transparency requirements of this Section shall apply to all portions of **buildings developed** or **enlarged** after June 23, 2005, within the **High Line frontage** of Subareas H and I, except for such portions that contain **dwelling units**. At least 70 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the **High Line bed** shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

98-142 - High Line level wall requirements within Subarea J

LAST AMENDED
11/13/2012

Any additions to the windows or other glazing located on the **building** wall separating the **High Line** from any **building** located on a **zoning lot** within Subarea J at the **High Line** level shall be designed to provide for a minimum of 30 dBA noise attenuation, and any general illumination fixtures in the adjoining interior portion of the **building** shall not exceed 50 foot-

candles of illumination within four feet of such window or glazing and shall not be pointed directly at the **High Line**.

98-15 - Signs

LAST AMENDED
2/2/2011

The **sign** regulations of the underlying districts in the **Special West Chelsea District** shall not apply to **signs** located within 50 feet of the **High Line**, except for **signs** located entirely below the level of the **High Line bed**. In lieu thereof, the **sign** regulations of a C1 District shall apply, except that **accessory signs** located within the **High Line frontage** may have a maximum height of 20 feet above the level of the **High Line bed**.

No **signs** affixed to or resting upon the **High Line** shall be permitted, except as pursuant to a signage plan for the **High Line**, as authorized by the City Planning Commission, provided the Commission finds that such signage plan will:

- (a) enhance the use of the **High Line** by providing signage that is consistent with the use of the **High Line** as a public open space;
- (b) provide, at a minimum, directional, informational and interpretive signage consistent with the use of the **High Line** as a public open space;
- (c) be integrated with the design of the **High Line** open space; and
- (d) not adversely affect development adjacent to the **High Line** and in the surrounding neighborhood.

98-16 - Air Space Over a Railroad or Transit Right-of-way or Yard

LAST AMENDED
2/2/2011

For the purposes of this Resolution, the **High Line** shall not be considered a railroad or transit right-of-way and the provisions of Sections [32-44](#) (Air Space Over a Railroad or Transit Right-of-way or Yard) and [42-462](#) (Use of railroad or transit air space) shall not apply.

98-17 - Parking Regulations in Subarea H

LAST AMENDED
6/23/2005

Accessory off-street parking spaces for existing or new governmental offices may be located on a **zoning lot** other than the same **zoning lot** as the **use** to which such spaces are **accessory**, provided that:

- (a) such spaces are located within Subarea H and in a facility, or portion thereof, that is entirely below **curb level**;
- (b) the portion of such facility beneath the required public plaza area shown on Diagram 3 in Appendix A of this Chapter is sufficiently below **curb level** so that trees may be planted at **curb level** within such public plaza but is in no case less than four feet below **curb level**; and
- (c) no more than 377 spaces are provided within such facility.

For purposes of this Section, the governmental offices on **Block** 688, Lots 1001-1002, as of June 23, 2005, may have up to 377 **accessory** off-street parking spaces in such facility.

98-19 - Lighting

LAST AMENDED
6/23/2005

All exterior light sources located within the **High Line frontage** shall be shielded from direct view from the **High Line**.

98-20 - FLOOR AREA AND LOT COVERAGE REGULATIONS

LAST AMENDED
6/23/2005

The **floor area** provisions of this Section, inclusive, shall apply. Furthermore, special **floor area** transfer provisions are set forth in Section [98-30](#) (HIGH LINE TRANSFER CORRIDOR), inclusive.

98-21 - Maximum Floor Area Ratio Outside of Subareas

LAST AMENDED
11/13/2012

For all **zoning lots**, or portions thereof, located outside of Subareas A through J, the maximum **floor area ratios** of the applicable underlying district shall apply.

98-22 - Maximum Floor Area Ratio and Lot Coverage in Subareas

LAST AMENDED
4/25/2017

For all **zoning lots**, or portions thereof, located in Subareas A through J, the maximum **floor area ratios**, **open space ratios** and **lot coverages** of the applicable underlying district shall

not apply. In lieu thereof, the maximum **floor area ratio** permitted for **commercial, community facility** and **residential uses**, separately or in combination, shall be as specified in the table in this Section. For **residential use**, the maximum **lot coverage** shall be 70 percent for **interior** or **through lots** and no maximum **lot coverage** shall apply to any **corner lot**. For the **conversion to dwelling units** of non-**residential floor area** where the total **residential floor area** on the **zoning lot** will exceed the applicable basic maximum **floor area ratio** specified in the table in this Section, such excess **residential floor area** shall only be permitted pursuant to Section [98-26](#) (Modifications of Inclusionary Housing Program).

MAXIMUM FLOOR AREA RATIO BY SUBAREA

Sub-area	Basic floor area ratio (max)	Increase in FAR from High Line Transfer Corridor (98-30)	Increase in FAR with High Line Improvement Bonuses (98-25)	Inclusionary Housing		Permitted floor area ratio (maximum)
				FAR required to be transferred ¹ (minimum)	Increase in FAR for Inclusionary Housing Program (98-26)	
A	6.5	2.65	___2	2.65	2.85	12.0
B	5.0	2.5	___2	1.25	1.25	7.5
C	5.0	2.5	NA	1.25	1.25	7.5
D5	5.0	2.53	2.53	1.25	1.25	7.5
E	5.0	1.03	1.02,3	NA	NA	6.0
F	5.0	NA	NA	NA	NA	5.0
G	5.0	1.03	1.03	NA	NA	6.0
H	7.5	NA	2.5	NA	NA	10.0

I	5.0	2.5	NA	1.25	1.25	7.5
I4	5.0	NA	2.5	NA	NA	7.5
J6	5.0	NA	2.5	NA	NA	7.5

- 1 Minimum **floor area ratios** required to be transferred pursuant to Section [98-30](#) (HIGH LINE TRANSFER CORRIDOR), inclusive, before Inclusionary Housing **floor area** bonus can be utilized
- 2 In Subareas A, B, and E, the applicable maximum basic **floor area ratio** of that portion of the **zoning lot** that is within the **High Line Transfer Corridor** may be increased up to a maximum of 1.0, and the applicable maximum permitted **floor area ratio** increased accordingly, by certification of the Chairperson of the City Planning Commission, pursuant to Section [98-35](#) (High Line Transfer Corridor Bonus)
- 3 For certain zoning lots located in Subareas D, E and G, the provisions of Section [98-25](#) (High Line Improvement Bonus) may apply in lieu of the provisions of Section [98-30](#), subject to the provisions of Section [98-241](#) (In Subareas D, E and G)
- 4 For **zoning lots** over which the **High Line** passes
- 5 For **zoning lots** between West 22nd Street and West 24th Street, the **floor area ratios** shall be 7.5, and no **floor area** increases shall be permitted
- 6 Bonus contribution subject to provisions of Section [98-25](#) governing first contribution to Affordable Housing Fund

98-221 - Additional regulations for Subdistrict A

LAST AMENDED
5/29/2019

In Subdistrict A, for **zoning lots** containing a **building** that is **developed** or **enlarged** pursuant to the applicable tower regulations of Section [98-423](#) (Street wall location, minimum and maximum base heights and maximum building heights), the provisions of paragraph (a)(2) of Section [23-16](#) (Special Floor Area and Lot Coverage Provisions for Certain Areas) shall apply:

- (a) to only the **residential** portion of a **building** where less than 75 percent of the total **floor area** of such **building** is allocated to **residential use**; and
- (b) to the entire **building** where 75 percent or more of the total **floor area** of such **building**

is allocated to ***residential use***.

98-23 - Special Floor Area and Lot Coverage Rules for Zoning Lots Over Which the High Line Passes

LAST AMENDED
11/13/2012

That portion of the ***zoning lot*** that lies directly beneath the ***High Line*** shall be exempt from ***lot coverage*** requirements below the level of the ***High Line bed***. The remaining portion of the ***zoning lot*** shall be considered a separate ***zoning lot*** for the purposes of calculating maximum ***lot coverage***. Easement volumes provided in accordance with the provisions of Section [98-60](#) (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and access structures constructed therein, as well as any structure required pursuant to Appendix D or E in relation to an increase in the basic maximum ***floor area ratio*** of a ***zoning lot*** pursuant to Section [98-25](#) (High Line Improvement Bonus), shall not be considered ***floor area*** or ***lot coverage***.

However, at or above the level of the ***High Line bed***, ***lot coverage*** requirements shall apply to the entire ***zoning lot***.

Within Subarea J, any easement volumes and improvements located within such volumes dedicated or granted to the City in accordance with the provisions of Appendix F of this Chapter in connection with an increase in the basic maximum ***floor area ratio*** of a ***zoning lot***, pursuant to Section [98-25](#), shall not be considered ***floor area***.

98-24 - Special Floor Area Rules for Zoning Lots Divided by District Boundaries

LAST AMENDED
4/25/2017

98-241 - In Subareas D, E and G

LAST AMENDED
4/25/2017

For ***zoning lots*** fronting on West 18th Street and located partially in Subarea D, partially in Subarea E and partially in Subarea G, ***floor area*** may be transferred across zoning district and subarea boundaries without restriction. Either the provisions of Sections [98-25](#) (High Line Improvement Bonus) or [98-30](#) (HIGH LINE TRANSFER CORRIDOR) may apply to such ***zoning lot***, as applicable, and the maximum permitted ***floor area ratio*** specified in the table in Section [98-22](#) shall apply, as applicable, for each subarea.

98-242 - Located partially within Subarea C and partially within

M1-5 Districts

LAST AMENDED
4/25/2017

For **zoning lots** existing prior to June 23, 2005, and located partially within an M1-5 District and partially within a C6-3 District in Subarea C, the permitted **floor area ratio** for the C6-3 District portion of the **zoning lot** may be increased to the **floor area ratio** existing in the C6-3 District portion on June 23, 2005, up to a maximum **floor area ratio** of 7.5, provided that the Chairperson of the City Planning Commission has certified that a payment has been made to the **High Line** Improvement Fund, established under Section [98-25](#), to be used at the discretion of the Chairperson to assure that the **High Line** is restored and reused as a public accessible open space. The amount of such contribution shall be determined in the manner prescribed in Section [98-35](#) (High Line Transfer Corridor Bonus).

No building permit for any **development** or **enlargement** may be issued for any **building or other structure** on the **zoning lot** that will contain **floor area** made available to the **zoning lot** as a result of the application of this Section unless and until such certification has been made.

98-243 - Located partially within Subarea D and partially within C6-3A Districts

LAST AMENDED
4/25/2017

For a **zoning lot** fronting on West 23rd Street and Eleventh Avenue, located partially within Subarea D and partially within a C6-3A District, **floor area** may be transferred from the portion of the **zoning lot** in the C6-3A District to the portion in Subarea D.

98-25 - High Line Improvement Bonus

LAST AMENDED
8/24/2017

For **zoning lots** located between West 15th and West 19th Streets over which the **High Line** passes, the applicable basic maximum **floor area ratio** of the **zoning lot** may be increased up to the amount specified in Section 9822 (Maximum Floor Area Ratio and Lot Coverage in Subareas), provided that:

- (a) Prior to issuing a building permit for any **development** or **enlargement** on such **zoning lot** that would increase the applicable basic maximum **floor area ratio** by up to an amount specified in Section 9822, or within Subarea J would cause the **floor area ratio** of a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that:

- (1) a contribution has been deposited into an escrow account or similar fund established by the City (the **High Line** Improvement Fund), or such contribution is secured by a letter of credit or other cash equivalent instrument in a form acceptable to the City. For subareas other than Subarea J, such contribution shall be used at the direction of the Chairperson solely for improvements to the **High Line** within the **High Line** improvement area applicable to such **zoning lot**, with such contribution being first used for improvements within that portion of the **High Line** improvement area on such **zoning lot**. For **developments** or **enlargements** within Subarea J, such contribution shall be used for any use with respect to the improvement, maintenance and operation of the **High Line** or the **High Line** Support Easement Volumes provided for under Appendix F of this Chapter, at the Chairperson's direction, provided that, in lieu of a deposit to the **High Line** Improvement Fund, the contribution for the first 80,000 square feet of **floor area** shall be deposited to the Affordable Housing Fund established under Section [98-262](#) (Floor area increase), paragraph (c), for use in accordance with the provisions of that Section. Such contribution shall be made in accordance with the provisions of Appendix D, E or F of this Chapter, as applicable;
- (2) a declaration of restrictions executed by all "parties in interest" to the **zoning lot**, as defined in paragraph (f)(4) of the definition of **zoning lot** in Section [12-10](#) (DEFINITIONS), including and incorporating such other instruments as are necessary to assure that the City's interest in the restoration and reuse of the **High Line** as an accessible public open space is protected, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, is filed and recorded in the Office of the Register of the City of New York; and
- (3) all additional requirements of Appendix D, E or F, as applicable with respect to issuance of a building permit, have been met. For **zoning lots** located between West 18th and West 19th Streets over which the **High Line** passes, in the event that a certification is initially made by the Chairperson on the basis that the requirements of paragraph (a)(1) of Appendix E with respect to Stairway and Elevator Access Work have been met, and the Commissioner of Parks and Recreation later elects to require **High Line** Service Facility Work in accordance with the provisions of paragraph (b)(4) of Appendix E, such initial certification shall no longer be effective. In lieu thereof, a certification by the Chairperson that the requirements of paragraph (a)(1) of Appendix E with respect to **High Line** Service Facility Work have been met shall be required. Notwithstanding the foregoing, the Department of Buildings may continue to issue a building permit pursuant to the initial certification made for Stairway and Elevator Access Work, all building permits issued pursuant to the initial certification made for Stairway and Elevator Access Work shall remain in effect, and construction may continue pursuant to such permits, provided that the provisions of paragraph (c)(4)(ii) of this Section shall apply with respect to

the issuance of any temporary or permanent certificates of occupancy for the **development** or **enlargement** authorized by such permits under the provisions of paragraph (c)(4).

- (b) Prior to issuing a certificate of occupancy for any portion of a **development** or **enlargement** on a **zoning lot** located between West 17th and West 18th Streets over which the **High Line** passes that would increase the applicable basic maximum **floor area ratio** by up to an amount specified in Section 9822, the Department of Buildings shall be furnished a certification by the Chairperson of the City Planning Commission that:
- (1) if required pursuant to agreement with the City under Appendix D, **High Line** improvements within the **High Line** improvement area, as shown in Appendix C of this Chapter, for such **zoning lot**, have been performed in accordance with such agreement;
 - (2) if elected by the owner, structural and remediation work has been performed on the **High Line** within the **High Line** improvement area for such **zoning lot**, in accordance with Appendix D;
 - (3) At-Grade Plaza Work has been performed on such **zoning lot** in the area shown in Diagram 3 of Appendix C of this Chapter, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work, in accordance with Appendix D;
 - (4) Stairway and Elevator Access Work has been performed on such **zoning lot** in the At-Grade Plaza area shown in Diagram 3 of Appendix C, or that an additional contribution to the **High Line** Improvement Fund to fund performance of such work has been made, except as otherwise provided in agreements and other instruments that provide for City construction of some or all of the Stairway and Elevator Access Work in the At-Grade Plaza, in accordance with Appendix D; and
 - (5) all other applicable requirements of Appendix D have been met.

For temporary certificates of occupancy, certification with respect to performance of work required of owner shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work required of owner shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (b), no temporary or permanent certificate of occupancy shall be issued for **floor area** above the applicable basic maximum **floor area** for the **zoning lot** specified in Section [98-22](#), and the City may perform all such work in accordance with the provisions of Appendix D. In the event that the owner has executed agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and for some or all of the

Stairway and Elevator Access Work, in accordance with Appendix D, certificates of occupancy shall be issued if owner has substantially or finally completed any aspects of the work required of owner pursuant to such agreements and other instruments, as the case may be, and is otherwise in full compliance with such agreements and instruments, including with respect to payment of all funds required pursuant to the terms thereof and Appendix D.

- (c) Prior to issuing a certificate of occupancy for any portion of a **development** or **enlargement** on a **zoning lot** located between West 16th and 17th Streets or between West 18th and 19th Streets over which the **High Line** passes that incorporates **floor area** that would increase the applicable basic maximum **floor area ratio** by up to an amount specified in Section 9822, the Department of Buildings shall be furnished a certification by the Chairperson, that:
- (1) if required pursuant to agreement with the City under Appendix E, **High Line** improvements within the **High Line** improvement area, as shown in Appendix C of this Chapter, for such **zoning lot**, have been performed in accordance with such agreement;
 - (2) if elected by the owner, structural and remediation work has been performed on the **High Line** within the **High Line** improvement area for such **zoning lot**, in accordance with Appendix E;
 - (3) for **zoning lots** located between West 16th and 17th Streets over which the **High Line** passes:
 - (i) Stairway and Elevator Access Work; and
 - (ii) **High Line** Service Facility Work applicable to such **zoning lot** has been performed on such **zoning lot**, in accordance with Appendix E;
 - (4) for **zoning lots** located between West 18th and 19th Streets over which the **High Line** passes, either:
 - (i) Stairway and Elevator Access Work; or
 - (ii) if elected by the Commissioner of Parks and Recreation, **High Line** Service Facility Work applicable to such **zoning lot**, has been performed on such **zoning lot**, in accordance with Appendix E; and
 - (5) all other applicable requirements of Appendix E have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work shall be of final completion of the work, as determined by the Chairperson. In the event of a failure to perform work timely or to otherwise satisfy the requirements of this paragraph (c), no temporary or permanent certificate of occupancy shall be issued for

floor area above the applicable basic maximum **floor area** for the **zoning lot** specified in Section [98-22](#), and the City may perform all such work in accordance with the provisions of Appendix E.

- (d) Prior to issuing a certificate of occupancy for any portion of a **development** or **enlargement** on a **zoning lot** located within Subarea J over which the **High Line** passes that incorporates **floor area** that would cause the **floor area ratio** of a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012, the Department of Buildings shall be furnished a certification by the Chairperson, that:

- (1) **High Line** Support Work has been performed on such **zoning lot**, in accordance with and to the extent required by Appendix F; and
- (2) all other applicable requirements of Appendix F have been met.

For temporary certificates of occupancy, certification with respect to performance of work shall be of substantial completion of the work as determined by the Chairperson. For permanent certificates of occupancy, certification with respect to performance of work shall be final completion of the work, as determined by the Chairperson.

98-26 - Modifications of Inclusionary Housing Program

LAST AMENDED
7/29/2009

Within the **Special West Chelsea District**, C6-3 and C6-4 Districts within Subareas A through D, and I, shall be **Inclusionary Housing designated areas**, pursuant to Section [12-10](#) (DEFINITIONS), for the purpose of making the Inclusionary Housing Program regulations of Section [23-90](#), inclusive, applicable as modified within the Special District.

98-261 - Definitions

LAST AMENDED
7/29/2009

For the purposes of this Chapter, matter in italics is defined in Sections [12-10](#) or in Section [23-90](#) (INCLUSIONARY HOUSING), inclusive.

98-262 - Floor area increase

LAST AMENDED
2/2/2011

For **developments** or **enlargements** that have increased their permitted **floor area** through the transfer of development rights from the **High Line Transfer Corridor** by the minimum amount specified in the table in Section [98-22](#) (Maximum Floor Area Ratio and Lot Coverage

in Subareas), and for **conversions** of non-**residential floor area** to **dwelling units** where the total **residential floor area** on the **zoning lot** will exceed the applicable basic maximum **floor area ratio** specified in the table in Section [98-22](#), such maximum permitted **floor area** may be increased through the provision of **affordable housing** pursuant to the Inclusionary Housing Program as modified in Section [98-26](#), inclusive, to the maximum amount specified in the table in Section [98-22](#), provided that:

(a) In C6-4 Districts:

- (1) the amount of **low income floor area** is equal to at least 20 percent of the total **residential floor area** on the **zoning lot**;
- (2) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot** and the amount of **moderate income floor area** is equal to at least 15 percent of the total **residential floor area** on the **zoning lot**; or
- (3) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot** and the amount of **middle income floor area** is equal to at least 20 percent of the total **residential floor area** on the **zoning lot**.

(b) In C6-3 Districts:

- (1) the amount of **low income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot**;
- (2) the amount of **low income floor area** is equal to at least five percent of the total **residential floor area** on the **zoning lot** and the amount of **moderate income floor area** is equal to at least 7.5 percent of the total **residential floor area** on the **zoning lot**; or
- (3) the amount of **low income floor area** is equal to at least five percent of the total **residential floor area** on the **zoning lot** and the amount of **middle income floor area** is equal to at least 10 percent of the total **residential floor area** on the **zoning lot**.

For the purposes of this Section, **low income floor area** may be considered **moderate income floor area** or **middle income floor area**, and **moderate income floor area** may be considered **middle income floor area**.

However, in those subareas, or portions thereof, where the Inclusionary Housing Program is applicable, and where the Chairperson of the Department of City Planning has certified that at least 90 percent of the total development rights within the **High Line Transfer Corridor** have been transferred pursuant to Section [98-30](#), no transfer of **floor area** pursuant to Section [98-30](#) shall be required, and the basic maximum **floor area ratio** of a **zoning lot** containing the **development** or **enlargement** may be increased by up to 2.5 in Subareas B, C and D and on

any **zoning lot** located in Subarea I over which the **High Line** does not pass, and up to 5.5 in Subarea A, in accordance with the provisions of paragraph (c) of this Section.

(c) ***Affordable Housing Fund***

Where the Chairperson of the City Planning Commission determines that more than 90 percent of the **floor area** eligible for transfer through the provisions of Section [98-30](#) have been transferred in accordance with such provisions, the Chairperson shall allow, by certification, an increase in **floor area** on any receiving site as specified in Section [98-33](#) (Transfer of Development Rights From the High Line Transfer Corridor), up to the amount that otherwise would have been permitted for such receiving site pursuant to Section [98-30](#), provided that instruments in a form acceptable to the City are executed ensuring that a contribution be deposited in the West Chelsea Affordable Housing Fund. Such fund shall be administered by the Department of Housing Preservation and Development and all contributions to such fund shall be used for the development, acquisition or rehabilitation of **low, moderate or middle income housing** located in Community District 4 in the Borough of Manhattan. The execution of such instruments shall be a precondition to the filing for or issuing of any building permit for any **development or enlargement** utilizing such **floor area** increase. Such contribution amount, by square foot of **floor area** increase, shall be determined, at the time of such Chairperson's certification, by the Commission by rule, and may be adjusted by rule not more than once a year.

98-30 - HIGH LINE TRANSFER CORRIDOR

LAST AMENDED
6/23/2005

98-31 - Purposes

LAST AMENDED
6/23/2005

The **High Line Transfer Corridor**, established within the **Special West Chelsea District**, is intended to enable the transfer of development rights from properties over which and immediately to the west of where the **High Line** passes and thereby permit light and air to penetrate to the **High Line** and preserve and create view corridors from the **High Line bed**.

98-32 - General Provisions

LAST AMENDED
6/23/2005

The location of the **High Line Transfer Corridor** is specified in Appendix B of this Chapter.

In the **High Line Transfer Corridor**, special regulations relating to the transfer of **floor area** are set forth in Sections [98-33](#) through [98-35](#), inclusive.

98-33 - Transfer of Development Rights From the High Line Transfer Corridor

LAST AMENDED
6/10/2015

In the **Special West Chelsea District**, a “granting site” shall mean a **zoning lot**, or portion thereof, in the **High Line Transfer Corridor**. A “receiving site” shall mean a **zoning lot**, or portion thereof, in any subarea other than Subareas F, H and J. **Floor area** from a granting site may be transferred to a receiving site in accordance with the provisions of this Section.

(a) Notification

Prior to any transfer of **floor area**, the Department of City Planning shall be notified in writing of such intent to transfer **floor area**. Such notification shall be made jointly by the owners of the granting and receiving sites and shall include:

- (1) **floor area** zoning calculations for the granting and receiving site;
- (2) a copy of the distribution instrument legally sufficient in both form and content to effect such a distribution; and
- (3) if applicable, a certified copy of the instrument creating a secondary **High Line** access easement volume, pursuant to the provisions of Section [98-63](#).

Notices of restrictions in a form acceptable to the Department of City Planning shall be filed by the owners of the granting and receiving sites in the Office of the Register of the City of New York, indexed against the granting and receiving sites, certified copies of which shall be submitted to the Department of City Planning. Notice by the Department of City Planning of its receipt of certified copies thereof shall be a pre-condition to issuance by the Commissioner of Buildings of any building permit for any **development** or **enlargement** on the receiving site.

(b) **Floor area**

The maximum amount of **floor area** transferred from a granting site located outside of a subarea shall not exceed the maximum **floor area ratio** permitted for a **commercial** or **residential use** on such granting site as of June 10, 2015, whichever is greater, less any existing **floor area** to remain on such granting site.

The maximum amount of **floor area** transferred from a granting site located in a subarea shall not exceed the basic maximum **floor area ratio** specified for the

applicable subarea in the table in Section [98-22](#) (Maximum Floor Area Ratio and Lot Area in Subareas), less any existing **floor area** to remain on such granting site.

Each transfer, once completed, shall irrevocably reduce the amount of **floor area** that may be transferred from the granting site by the amount of **floor area** transferred.

The amount of **floor area** transferred to a receiving site from a granting site in the **High Line Transfer Corridor** shall not exceed the **floor area ratio** permitted on the receiving site through such transfer, pursuant to the table in Section [98-22](#).

(c) **Use**

Floor area transferred from a granting site within the **High Line Transfer Corridor** may be used for any **use** allowed on the receiving site in accordance with the underlying zoning designation and the provisions of this Chapter.

(d) Stairway easement requirement

As a condition for the transfer of **floor area**, an easement volume to facilitate pedestrian access to the **High Line** via stairway shall be provided in accordance with the provisions of Sections [98-60](#) (SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS) and [98-63](#) (Recording of High Line Access Easement Volume).

(e) Restrictive declaration

As a condition for the transfer of **floor area**, and in order to assure that the City's interest in the restoration and reuse of the **High Line** as an accessible public open space is protected, a declaration of restrictions, executed by all "parties in interest" of the granting lot as defined in paragraph (f)(4) of the definition of **zoning lot** under Section [12-10](#) (DEFINITIONS), and including and incorporating such other instruments as are necessary to accomplish such purposes, as determined by the Department of City Planning in consultation with the Office of the Corporation Counsel, shall be filed and recorded in the Office of the Register of the City of New York. Notice by the Department of City Planning of receipt of certified copies of such recorded declaration shall be a precondition to issuance by the Commissioner of Buildings of any building permit, including any foundation or alteration permit, for any **development** or **enlargement** on the receiving site. Such recorded declaration shall be in addition to the Notice of Restrictions required pursuant to paragraph (a) of this Section.

98-34 - Screening and Landscaping Requirements for Vacant Sites

Any **zoning lot** within the **High Line Transfer Corridor** that has transferred **floor area** pursuant to Section [98-33](#) (Transfer of Development Rights From the High Line Transfer Corridor), and is 50 percent or more vacant shall be screened from the **street** and/or landscaped in accordance with the provisions of this Section, except that **zoning lots** occupied by **buildings** that extend along at least 85 percent of the **street** frontage of the **zoning lot** and are located within five feet of the **street line** are not required to provide screening or landscaping.

Such open or vacant areas on **zoning lots** shall be screened from the **street** by a fence or gate with a surface that is at least 75 percent open, extending not less than six feet and not higher than eight feet above finished grade; or alternatively, by a planting strip at least four feet wide and densely planted with evergreen shrubs at least four feet high at the time of planting or of a variety expected to reach a height of six feet within three years, or by both. Chain link and fences containing barbed wire or razor wire shall be prohibited. For portions of **zoning lots** located beneath the **High Line**, planting strips shall be prohibited.

98-35 - High Line Transfer Corridor

LAST AMENDED
2/2/2011

For **zoning lots**, or portions thereof, within the **High Line Transfer Corridor**, the applicable basic maximum **floor area ratio** of that portion of a **zoning lot** that is within the **High Line Transfer Corridor** may be increased up to a maximum of 1.0, for an amount of **floor area** equivalent to the area of that portion of the **zoning lot** located within the **High Line Transfer Corridor**, provided the Chairperson of the City Planning Commission has certified that:

- (a) all the permitted **floor area** on that portion of the **zoning lot** that is within the **High Line Transfer Corridor** has been transferred to an eligible receiving site, in accordance with the provisions of Section [98-33](#);
- (b) that such granting site is vacant; and
- (c) a contribution has been deposited into the **High Line** Improvement Fund established under Section [98-25](#), to be used at the direction of the Chairperson to assure that the **High Line** is restored and reused as a publicly accessible open space.

No building permit for any **development** or **enlargement** that anticipates using such increased **floor area** may be issued unless and until such certification has been made.

Such contribution amount shall be \$50.00 per square foot of **floor area** as of June 23, 2005, and shall be adjusted August 1 of each subsequent year, by the City or its designee, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics.

Such bonus **floor area** shall only be used for a permitted **commercial use**, which shall be

located in that portion of the **zoning lot** that is within the **High Line Transfer Corridor**, however, **public parking lots** and **public parking garages** at or above **curb level** shall not be permitted; and the height of any **development** or **enlargement** within the **High Line Transfer Corridor** shall not exceed a height of 3 feet, 6 inches above the level of the **High Line bed**.

98-40 - SPECIAL YARD, HEIGHT AND SETBACK, AND MINIMUM DISTANCE BETWEEN BUILDINGS REGULATIONS

LAST AMENDED
6/23/2005

98-41 - Special Rear Yard Regulations

LAST AMENDED
6/23/2005

The **yard** regulations of the underlying district shall apply, except as modified in this Section. In all districts, no **rear yard** regulations shall apply to any **zoning lot** that includes a **through lot** portion that is contiguous on one side to two **corner lot** portions and such **zoning lot** occupies the entire **block** frontage of the **street**. Where a **rear yard equivalent** is required by either Section [23-532](#) (Required rear yard equivalents) or Section [43-28](#) (Special Provisions for Through Lots), it shall be provided only as set forth in paragraph (a) of either Section, as applicable. However, in M1-5 Districts, a **building** existing prior to January 22, 2015, may be **enlarged** pursuant to Section [43-28](#), paragraph (b), provided that such **building** is on a **zoning lot** located entirely within 150 feet of the west side of the **High Line**. Where a **rear yard equivalent** is required by Section [23-533](#) (Required rear yard equivalents for Quality Housing buildings), the alternatives for **through lots** with a depth of 180 feet or less shall not apply.

98-42 - Special Height and Setback Regulations

LAST AMENDED
6/23/2005

The height and setback regulations of the underlying district shall not apply, except as set forth in this Section, inclusive. Furthermore, for any **zoning lot** located adjacent to the **High Line**, the provisions of Section [98-50](#), inclusive, shall also apply. All heights shall be measured from the **base plane**, unless otherwise specified.

98-421 - Obstruction over the High Line

LAST AMENDED
11/13/2012

Within the **Special West Chelsea District**, the **High Line** shall remain open and unobstructed from the **High Line bed** to the sky, except for improvements constructed on the **High Line** in connection with the use of the **High Line** as a public open space, and except where the **High Line** passes through and is covered by a **building** existing on November 13, 2012.

98-422 - Special rooftop regulations

LAST AMENDED
4/30/2012

The provisions of Section [33-42](#) (Permitted Obstructions) shall apply to all **buildings or other structures** within the **Special West Chelsea District**, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts). However, dormers may not exceed the maximum **building** height in Subareas C, F and G where the maximum base height and maximum **building** height are the same.

All mechanical equipment located within 15 feet of the level of the **High Line bed** that is within 25 feet of the **High Line**, measured horizontally, or within the **High Line frontage**, as applicable, shall be screened and buffered with no intake or exhaust fans or vents facing directly onto the **High Line**.

98-423 - Street wall location, minimum and maximum base heights and maximum building heights

LAST AMENDED
4/25/2017

The provisions set forth in paragraph (a) of this Section shall apply to all **buildings or other structures**. Such provisions are modified for certain subareas as set forth in paragraphs (b) through (g) of this Section.

(a) For all **buildings**

(1) **Street wall** location provisions

On **wide streets**, and on **narrow streets** within 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line** and extend along such entire **street** frontage of the **zoning lot** up to at least the minimum base height specified in the table in this Section. On **narrow street** frontages, beyond 50 feet of their intersection with a **wide street**, the **street wall** shall be located on the **street line** and extend along at least 70 percent of the **narrow street** frontage of the **zoning lot** up to at least the minimum base height specified in the table in this Section.

Where **street walls** are required to be located on the **street line**, recesses, not to exceed three feet in depth from the **street line**, shall be permitted on the ground floor where required to provide access to the **building**. Above a height of 12 feet, up to 30 percent of the **aggregate width of street walls** may be recessed beyond the **street line**, provided any such recesses deeper than 10 feet along a **wide street**, or 15 feet along a **narrow street**, are located within an **outer court**. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two **street lines** except that, to allow articulation of **street walls** at the intersection of two **street lines**, the **street wall** may be located anywhere within an area bounded by the two **street lines** and a line connecting such **street lines** at points 15 feet from their intersection.

For **developments** that occupy the entire **block** frontage of a **street** and provide a continuous sidewalk widening along such **street line**, the boundary of the sidewalk widening shall be considered to be the **street line** for the purposes of this Section.

The **street wall** location provisions of this Section shall not apply along that portion of any **street** frontage:

- (i) over which the **High Line** passes;
- (ii) occupied by existing **buildings** to remain, unless such **buildings** are vertically **enlarged**; or
- (iii) between the **High Line** and a **side lot line**, where such frontage measures less than 20 feet.

(2) Maximum **building** heights

- (i) For C6-2A and C6-3A Districts

In C6-2A and C6-3A Districts, the maximum base height, maximum **building** height and the maximum number of **stories** shall be as set forth in Section [23-662](#) (Maximum height of buildings and setback regulations) for the residential equivalent of an R8A and R9A District, respectively. For **buildings** meeting the criteria set forth in paragraph (a) of Section [23-664](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of **stories** may be modified in accordance with the provisions of paragraph (b) of Section [23-664](#) for such districts' applicable residential equivalent. Separate maximum **building** heights are set forth within such Sections for **Quality Housing buildings** with **qualifying ground floors** and for those with **non-qualifying ground floors**.

- (ii) For all other districts

All portions of **buildings or other structures** that exceed the applicable maximum base height specified in the table in this Section shall provide a setback at a height not lower than the applicable minimum base height. A setback with a depth of at least 10 feet shall be provided from any **street wall** fronting on a **wide street**, and a setback with a depth of at least 15 feet shall be provided from any **street wall** fronting on a **narrow street**, except such dimensions may include the depth of permitted recesses in the **street wall**.

No **building or other structure** shall exceed the maximum **building** height specified in the table in this Section.

(b) Subareas A and D

(1) **Street wall** location

In Subarea D, on **corner lots** between the north side of West 18th Street and the south side of West 22nd Street, a **street wall** with a minimum height of 15 feet shall be located on the **narrow street line** between 50 and 150 feet of its intersection with Eleventh Avenue.

In Subarea D, for **buildings** that do not include towers as set forth in paragraph (b)(3) of this Section, the **street wall** location provisions set forth in paragraph (a) shall not apply to any **zoning lot** that occupies the entire Eleventh Avenue **block** front. In lieu thereof, **street walls** with a minimum base height of 60 feet shall be located within 10 feet of all **street lines** bounding such **zoning lot** and extend along at least 70 percent of each **street** frontage of the **zoning lot**.

(2) Setback provisions

The setback provisions for portions of **buildings** above the maximum base height set forth in paragraph (a) of this Section shall not apply. In lieu thereof, no portion of a **building or other structure** that exceeds the applicable maximum base height shall penetrate a **sky exposure plane** that begins above the **street line** at the maximum base height and rises over the **zoning lot** at a ratio of 2.7 feet of vertical distance to one foot of horizontal distance on a **narrow street**, and 5.6 feet of vertical distance to one foot of horizontal distance on a **wide street**.

(3) Tower provisions

Any **building**, or portion thereof, which in the aggregate occupies not more than 40 percent of the **lot area** of the **zoning lot** and penetrates the **sky exposure planes** set forth in paragraph (b)(2) of this Section, is hereinafter

referred to as a “tower.” Such towers are permitted provided they are set back at least 10 feet from a **wide street line** and at least 15 feet from a **narrow street line**, and provided no other portion of the **building** exceeds the applicable maximum base height. In addition, the following rules shall apply:

- (i) For **zoning lots** with less than 20,000 square feet of **lot area**, such tower may occupy more than 40 percent of the **lot area** of the **zoning lot** in accordance with the provisions of Section [33-454](#) (Towers on small lots).
- (ii) Any **story** within the highest 40 feet of such tower (the “penthouse portion”), shall not exceed 85 percent of the gross area of the highest **story** directly below such penthouse portion.
- (iii) In Subarea A, such tower shall occupy at least 30 percent of the **lot area** of the **zoning lot**, except that such minimum **lot coverage** requirement shall be reduced to 25 percent above a height of 220 feet. However, no minimum **lot area** requirement shall apply to the highest four **stories** or 40 feet of such **building**, whichever is less.
- (iv) In Subarea A, the maximum length of any **story** located above a height of 220 feet shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each **story** entirely above a height of 220 feet. Any side of such rectangle shall not exceed 150 feet.
- (v) In Subarea A, for any **zoning lot** with more than 75 feet of **narrow street** frontage in which a **side lot line** is located within an area bounded by a line 200 feet east of and parallel to Eleventh Avenue and a line 410 feet east of and parallel to Eleventh Avenue, no tower portion of a **building** shall be located closer than 25 feet to such **side lot lines**.
- (vi) In Subarea D, the maximum **building** height shall be 250 feet, and the maximum length of any **story** located above the maximum base height shall not exceed 150 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each **story** wholly or partially above the maximum base height. Any side of such rectangle shall not exceed 150 feet. However, for **zoning lots** that occupy the entire Eleventh Avenue **block** front, a portion of the **street wall** may rise above the maximum base height without setback from Eleventh Avenue, provided the **aggregate width of the street wall** for Eleventh Avenue does not exceed 100 feet.

(c) Subareas C, F and G

In Subareas C, F and G, for **zoning lots** with **wide** and **narrow street** frontage, no

street wall is required beyond 50 feet of a **wide street**. Furthermore, for any **development** or **enlargement** that occupies at least one corner of the Tenth Avenue **block** front and extends along the Tenth Avenue frontage of the **zoning lot** for at least 170 feet, exclusive of existing **buildings** to remain, a lowered **street wall** shall be provided for any **building** that exceeds 45 feet in height. Such lowered **street wall** shall have a maximum height of 45 feet and a minimum height of 35 feet and extend along the Tenth Avenue frontage for a width not less than 25 percent and not more than 30 percent of the **aggregate width of street walls** facing Tenth Avenue. Such lowered **street wall** portion of the Tenth Avenue frontage shall be located at the intersection of Tenth Avenue and a **narrow street**. Such lowered **street wall** shall extend along such **narrow street line** for a distance of at least 50 feet from Tenth Avenue. Beyond 50 feet of Tenth Avenue, excluding the **High Line frontage** of a **building**, such portion of the **building** shall not exceed a height of 45 feet.

The provisions of this Section, relating to the location and height of the lowered **street wall** portion of the Tenth Avenue frontage of a **building** are illustrated in Diagram 1 (Street Wall and High Line Frontage Regulations in Subareas C, F and G) in Appendix C of this Chapter.

In Subarea C, for **zoning lots** with Tenth Avenue frontage between West 24th Street and West 28th Street, the maximum **building** height shall be 125 feet.

(d) Subarea E

The **street wall** location provisions set forth in paragraph (a) of this Section shall not apply on a **zoning lot** fronting on West 18th Street and located partially in Subareas D, E and G, where **floor area** has been transferred pursuant to Section 98-241. A maximum of 60 percent of the West 18th Street frontage within Subarea E may rise without setback to a maximum **building** height of 250 feet, and a minimum of 20 percent of the West 18th Street frontage within Subarea E shall rise without setback to a minimum height of 60 feet and a maximum height of 85 feet and be located within 10 feet of the **street line**.

(e) Subarea H

No **building or other structure** shall be located east of the **High Line**, unless otherwise specified in agreements and other instruments that provide for City construction of some or all of the At-Grade Plaza Work and some or all of the Stairway and Elevator Work, executed in accordance with Appendix D.

No portion of a **building or other structure** shall exceed a height of 85 feet except for two **buildings**, or portions of **buildings**, hereinafter referred to as "Tower East" and "Tower West." At or above the base height, both such towers shall be set back at least 10 feet from any **street wall** facing a **wide street** and at least 15 feet from any **street wall** facing a **narrow street**. Such setbacks shall be provided at a height not lower than 60 feet, except that such setbacks may be provided at a height not lower than 40

feet, provided at least 65 percent of the **aggregate width of street walls** facing **narrow streets** and at least 60 percent of the **aggregate width of street walls** facing **wide streets** have a minimum base height of 60 feet.

Tower East shall be located in its entirety within 240 feet of the Tenth Avenue **street line**, and Tower West shall be located in its entirety within 200 feet of the Eleventh Avenue **street line**. Tower East shall not exceed a height of 290 feet and Tower West shall not exceed a height of 390 feet. No portion of Tower East shall be located closer than 25 feet to any portion of Tower West.

A maximum of 50 percent of the **street wall** of Tower West may rise without setback from a **narrow street line**. Such portion of the **street wall** shall be located a minimum of 15 feet and a maximum of 20 feet from the **narrow street line**.

(f) Subarea I

In that portion of Subarea I located within 300 feet of Tenth Avenue between West 16th Street and West 17th Street, the **street wall** location provisions set forth in paragraph (a) of this Section shall not apply along Tenth Avenue, as shown in Diagram 5 of Appendix C of this Chapter, but shall apply along a minimum of 85 percent of the West 16th Street and West 17th Street frontages. No portion of a **building or other structure** located within 300 feet of Tenth Avenue shall exceed a height of 120 feet, except for one **building** which may have a height not to exceed 250 feet provided such **building** is located in its entirety between 10 feet and 90 feet of West 17th Street and has a length that does not exceed 175 feet when measured parallel to the West 17th Street **street line**.

In all other portions of Subarea I, the provisions of paragraph (a) shall apply.

(g) Subarea J

The provisions set forth in paragraph (a) of this Section shall not apply to any **development** or **enlargement** that utilizes the provisions of Section [98-25](#). In lieu thereof, the provisions of this paragraph (g) shall apply.

(1) Midblock Zone

The Midblock Zone shall be that portion of Subarea J located more than 150 feet west of the Ninth Avenue **street line** and more than 200 feet east of the Tenth Avenue **street line**. Within the Midblock Zone, a **building** shall have a maximum **street wall** height before setback of 110 feet, and shall have a maximum **building** height of 130 feet.

(2) Ninth Avenue Zone

The Ninth Avenue Zone shall be that portion of Subarea J within 150 feet of

the Ninth Avenue **street line**. Within the Ninth Avenue Zone, any portion of a **building** shall have a maximum **street wall** height of 130 feet before setback and a maximum **building** height of 135 feet. Any **building** located above a height of 130 feet shall be set back at least five feet from the Ninth Avenue **street wall** and at least 15 feet from the West 15th Street and West 16th Street **street walls**.

(3) Tenth Avenue Zone

The Tenth Avenue Zone shall be that portion of a **zoning lot** within 200 feet of the Tenth Avenue **street line**. Within the Tenth Avenue Zone, any portion of a **building** shall have a maximum **street wall** height of 185 feet before setback and a maximum **building** height of 230 feet, provided that any portion of a **building** located above a height of 90 feet shall be set back not less than 15 feet from the Tenth Avenue **street line**. Any portion of a **building** located above a height of 185 feet shall be set back at least 10 feet from the West 15th and West 16th Street **street lines**, and at least 25 feet from the Tenth Avenue **street line**. Any portion of a **building** above a height of 200 feet shall be set back at least 25 feet from the West 15th and West 16th Street **street lines**, and at least 35 feet from the Tenth Avenue **street lines**, and any portion of a building located above a height of 215 feet shall be set back at least 75 feet from the Tenth Avenue **street line**. Permitted obstructions allowed pursuant to Section [33-42](#) shall be permitted.

MINIMUM AND MAXIMUM BASE HEIGHT AND MAXIMUM BUILDING HEIGHT BY DISTRICT OR SUBAREA

District or Subarea		Minimum Base Height (in feet)	Maximum Base Height (in feet)	Maximum Building Height (in feet)
M1-5		50	95	135

98-424 - Authorization to modify certain bulk regulations

LAST AMENDED
3/22/2006

For **zoning lots** located entirely within 75 feet of the west side of the **High Line**, the City Planning Commission may authorize the modification of height and setback regulations set forth in Sections [98-40](#) and [98-50](#), inclusive, the transparency requirements set forth in Sections [98-141](#) and [98-54](#), and the underlying **rear yard** and minimum distance between **legally required windows** and walls or **lot lines** regulations. The Commission shall find that such modification will result in a better distribution of **bulk** on the **zoning lot** and will not adversely affect access to light and air for surrounding public areas.

The Commission may prescribe appropriate conditions and safeguards to enhance the character of the surrounding area.

98-43 - Special Distance Between Buildings Regulations

LAST AMENDED
6/23/2005

The provisions of Section [23-70](#) (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

98-50 - SPECIAL HEIGHT AND SETBACK, OPEN AREA AND TRANSPARENCY REGULATIONS FOR ZONING LOTS ADJACENT TO THE HIGH LINE

LAST AMENDED
6/23/2005

98-51 - Height and Setback Regulations on the East Side of the High Line

LAST AMENDED
8/24/2017

(a) Subarea A

At least 60 percent of the aggregate length of the eastern **High Line frontage** of a **building** shall set back at the level of the **High Line bed**. Not more than 40 percent of the aggregate length of such **High Line frontage** may rise above the level of the **High Line bed**. No portion of such **High Line frontage** shall exceed a maximum height of 20 feet above the level of the **High Line bed**, as illustrated in Diagram 2 (Street Wall and High Line Frontage Regulations in Subarea A) in Appendix C of this Chapter.

(b) In C6-3A Districts and in Subareas C, F and G

For **zoning lots** extending less than 115 feet along the eastern side of the **High Line**, no portion of the eastern **High Line frontage** of a **building** shall exceed a height of 3 feet, 6 inches above the level of the **High Line bed**.

For **zoning lots** that extend for at least 115 feet along the eastern side of the **High Line**, no portion of the eastern **High Line frontage** of the **building** shall exceed a height of 3 feet, 6 inches above the level of the **High Line bed**, except that a maximum of 40 percent of such **High Line frontage** may rise without setback above a height of 3 feet, 6 inches above the level of the **High Line bed** provided such portion of the **building** is not located directly between the **High Line** and any **street wall** of a **building** that is subject to a maximum height of 45 feet in accordance with paragraph (c) (Subareas C, F and G) of Section [98-423](#) (Street wall location, minimum and maximum base heights and maximum building heights).

The portions of **buildings** in which **High Line** Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E shall be considered permitted obstructions to the height and setback regulations of this paragraph (b).

However, the provisions of this paragraph (b) shall not apply to any **zoning lot** existing on June 23, 2005 where the greatest distance between the eastern side of the **High Line** and a **lot line** east of the **High Line** is 35 feet when measured parallel to the

nearest ***narrow street line***.

98-52 - Height and Setback Regulations on West Side of High Line

LAST AMENDED
6/23/2005

In C6-2A, C6-3A and M1-5 Districts and in Subareas A, B and E, no portion of the western ***High Line frontage*** of a ***building***, including parapets, shall exceed a height of 3 feet, 6 inches above the level of the ***High Line bed***.

For any ***zoning lot***, or portion thereof, with more than 60 feet of width measured perpendicular to the west side of the ***High Line***, the following rules shall apply to any ***building*** containing ***residences***:

- (a) At least 60 percent of the aggregate length of that portion of the ***building*** located above a height of 3 feet, 6 inches above the level of the ***High Line bed*** and facing the ***High Line*** shall be located between 15 and 20 feet of the west side of the ***High Line*** and extend up to at least the applicable minimum base height specified in the table in Section [98-423](#); and
- (b) No ***building***, or portion thereof, that exceeds the applicable maximum base height specified in the table in Section [98-423](#) shall be located within 30 feet of the ***High Line***.

Chain link fences and razor wire shall not be permitted within the western ***High Line frontage***.

98-53 - Required Open Areas on the East Side of the High Line

LAST AMENDED
8/24/2017

For any ***development*** or ***enlargement*** on a ***zoning lot***, or portion thereof, within C6-3A Districts or within Subareas A, C, F or G and over which the ***High Line*** passes or on a ***zoning lot*** adjacent to a ***zoning lot*** over which the ***High Line*** passes, a landscaped open area shall be provided in an amount equal to at least 20 percent of the ***lot area*** of the portion of the ***zoning lot*** that is within C6-3A Districts or within Subareas A, C, F or G, pursuant to the requirements of paragraphs (a) and (b) of this Section. Such open area shall be located directly adjacent to the ***High Line*** with its longest side adjacent to the ***High Line*** and shall be located at an elevation not to exceed a height of 3 feet, 6 inches above the level of the ***High Line bed*** adjacent to the ***zoning lot***. At no point shall such open area be located within 50 feet of Tenth Avenue.

- (a) Open area requirements

All required open areas shall:

- (1) have no portion used as a driveway, vehicular access way or for parking, and shall be screened from off-street loading and service areas;
- (2) be landscaped with shrubs, vines, flowers, ground cover, trees, and/or plants in planters over a minimum of 25 percent of the required open area;
- (3) be maintained by the **building** owner who shall be responsible for the maintenance of the open area including, but not limited to, the repair of all amenities, litter control and the care and replacement of vegetation within the **zoning lot**;
- (4) have all mechanical equipment which is located at the same elevation as the open area, or within 15 feet of the level of the open area, screened and buffered with no intake or exhaust fans facing directly onto the required open area; and
- (5) for open area screening, required open areas may be screened from the public areas of the **High Line** by a wall, fence, or plantings extending not higher than eight feet above the average elevation of the open area. All screening materials must be substantially transparent. For the purposes of this Section, substantially transparent screening is defined as transparent, or non-opaque, in an evenly distributed fashion for at least 75 percent of its area. Chain link fences and razor wire shall not be permitted. Vegetated screening, such as shrubs, vines and other plantings, may be opaque if completely covered by vegetation, provided that any underlying surface is substantially transparent.

In addition, such screening material shall be maintained in good condition at all times, may be interrupted by normal entrances and/or exits, and shall have no signs hung or attached thereto, other than those permitted in Section [98-15](#).

(b) Permitted obstructions

Only the following shall be permitted to obstruct a required open area:

- (1) any **High Line** access structure providing pedestrian access to the **High Line** by stairway or elevator;
- (2) the portions of **buildings** in which **High Line** Service Facilities are provided in accordance with paragraph (b)(4) of Appendix E;
- (3) those items listed in paragraph (a) of Section [37-726](#) (Permitted obstructions); and
- (4) open air cafes and kiosks, provided that open air cafes may occupy in the aggregate no more than 75 percent of such required open area.

98-54 - Transparency Requirements on the East Side of the High Line

LAST AMENDED
2/2/2011

The transparency requirements of this Section shall apply to the ***High Line frontage*** portion of ***buildings developed or enlarged*** after June 23, 2005, and located in C6-3A Districts and within Subareas A, C, F and G, except for such portions that contain ***dwelling units***. At least 50 percent of the area of such frontage, to be measured from a point not lower than four feet and not higher than eight feet above the level of the ***High Line bed***, shall be glazed and transparent and at least 75 percent of such glazed surface shall be fully transparent.

98-55 - Requirements for Non-transparent Surfaces on the East Side of the High Line

LAST AMENDED
11/13/2012

Except in Subarea J, any portion of such ***High Line frontage*** that is 40 feet or more in length and contains no transparent element between the level of the ***High Line bed*** and an elevation of 12 feet above the level of the ***High Line bed***, shall be planted with vines or other plantings or contain artwork. Such elements shall substantially cover the applicable non-transparent portion of the ***High Line frontage***.

98-60 - SPECIAL REGULATIONS FOR CERTAIN ZONING LOTS

LAST AMENDED
10/27/2010

98-61 - High Line Access or Support Easement Volumes Requirement

LAST AMENDED
11/13/2012

For all ***developments*** or ***enlargements*** within the ***Special West Chelsea District***, an easement volume to facilitate public pedestrian access to the ***High Line*** via stairway and elevator (hereinafter referred to as “primary access”), shall be provided on any ***zoning lot*** over which the ***High Line*** passes that, on or after December 20, 2004, has more than 5,000 square feet of ***lot area***. For all ***developments*** or ***enlargements*** within Subareas H, I and J that are developed pursuant to Section [98-25](#) (High Line Improvement Bonus), this provision does not apply.

In the **High Line Transfer Corridor**, an easement volume to facilitate public pedestrian access to the **High Line** via stairway (hereinafter referred to as “secondary access”), shall be provided on any **zoning lot** from which **floor area** has been transferred pursuant to Section [98-33](#) unless a primary access easement has been provided pursuant to this Section.

However, a primary access easement shall not be required if a primary access easement is already provided on the same **block** and a secondary access easement shall not be required if a primary or secondary access easement has already been provided on the same **block**. Furthermore, primary and/or secondary access easements shall not be required where the Chairperson of the City Planning Commission certifies that:

- (a) the minimum dimensions required for the access easement volume pursuant to paragraph (a) of Section [98-62](#) cannot be accommodated within 33 feet, 6 inches of a **street line** for primary access easements and 40 feet of a **street line** for secondary access easements; or
- (b) in the case of a primary easement, a secondary easement is already provided on the same **zoning lot** and such easement is sufficient in size, or has been enlarged to be sufficient in size, to accommodate the provisions for primary access easements as specified in Section [98-62](#); or
- (c) for primary or secondary easements, access has already been constructed, or an access volume has been dedicated, on the same **block** or on the same **street** frontage, and that such access or access volume meets the location and access requirements for primary or secondary access easements, as specified in Section [98-62](#), paragraphs (a) and (b), and meets all standards, as applicable, for persons with disabilities; or
- (d) for primary or secondary easements, construction documents for the **High Line** open space have been developed by the City that specify the same **street** frontage as an access location; or
- (e) such **development** or **enlargement** is located wholly within an M1-5 District and no portion of such **development** or **enlargement** has more than 10,000 square feet of **floor area** and is located within five feet of the **High Line**; or
- (f) such **development** or **enlargement** is located on a **zoning lot** that fronts on West 23rd Street.

98-62 - High Line Access Easement Regulations

LAST AMENDED
11/13/2012

The provisions of this Section shall apply to any **zoning lot** providing an access easement volume, other than a **zoning lot** developed pursuant to Section [98-25](#) (High Line Improvement Bonus), as follows:

(a) Location and Minimum Dimensions

(1) Primary access easement volume

A primary access easement volume may be located within a **building** or within open areas on the **zoning lot**, including open areas required pursuant to Section [98-53](#) (Required Open Areas on the East Side of the High Line), provided such volume is within 15 feet of a **narrow street line**. The minimum length of such volume shall be 18 feet, 6 inches, and the minimum width shall be 10 feet; however, the minimum area of such volume shall be 350 square feet. The height of such volume shall extend from a point at least 10 feet below **curb level** to a point at least 15 feet above the level of the **High Line bed**. A primary access easement volume may also replace a previously provided secondary access easement volume, and such secondary access easement volume may be terminated pursuant to Section [98-64](#). Such minimum dimensions are illustrated in Diagram 6 (High Line Access Easement Volume Parameters) of Appendix C of this Chapter.

(2) Secondary access easement volume

A secondary access easement volume shall be located within 15 feet of a **narrow street line** and directly adjacent to the **High Line** for a minimum length of 25 feet. Such volume shall have a minimum width of 10 feet. The height of such volume shall extend from **curb level** to a point at least 10 feet above the level of the **High Line bed**.

(b) Access

All access easement volumes shall be accessible either directly from a public sidewalk or through a publicly traversable way through the **zoning lot** directly connecting with a public sidewalk. Such publicly traversable way shall meet the following requirements:

- (1) The required width of the publicly traversable way shall be a minimum of eight feet.
- (2) No portion of the publicly traversable way shall be interrupted or occupied by an off-street parking or loading area.
- (3) The access easement volume shall be visible from the public sidewalk or the publicly traversable way.
- (4) The publicly traversable way shall be maintained by the property owner in good repair.
- (5) The publicly traversable way shall be fully accessible to persons with disabilities.

- (6) The publicly traversable way shall be open and accessible to the public at all times when a stairway and/or elevator located within the associated access easement volume is open and accessible to the public.

(c) Permitted obstructions

Any access structure within the access easement volume, or any weather protection provided by an overhang or roofed area over such access easement volume, **accessory** to the access structure, shall be considered permitted obstructions within required **yards** or open areas.

(d) Permitted **uses**

An access easement volume required on a **zoning lot** pursuant to the provisions of this Chapter may be temporarily used by the owner of such **zoning lot** for any permitted **use** until such time as required by the City of New York or its designee for access purposes. Such permitted **use** shall be limited to non-residential **uses** where such access easement volume is within a **building**. Where such access easement volume is within an open area, such area shall be landscaped, or may be improved in accordance with the provisions of Sections [37-726](#) (Permitted obstructions) and [37-73](#) (Kiosks and Open Air Cafes), except that in the case of open air cafes and kiosks, a certification shall not be required.

Improvements or construction of a temporary nature within the easement volume shall be removed by the owner of such **zoning lot** prior to the time at which public use of the easement areas is required. A minimum notice of six months in writing shall be given by the City of New York or its designee to the owner of the **zoning lot**, in order to vacate the tenants of such temporary **uses**.

(e) **Legally required windows**

The minimum distance between any **legally required window** in a portion of a **building** used for **residential use** and an access easement volume shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening.

98-63 - Recording of High Line Access Easement Volume

LAST AMENDED
6/23/2005

An instrument in a form acceptable to the Department of City Planning creating a **High Line** access easement volume shall be recorded in the Office of the City Register, a certified copy of which shall be submitted to the Department of City Planning.

Notice by the Department of City Planning of its receipt of a certified copy of an instrument

establishing any access easements required pursuant to this Chapter shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any **development of enlargement** on a site pursuant to Section [98-60](#) for primary access easements. Receipt of a certified copy of an instrument creating a secondary access easement shall be provided in conjunction with notification, pursuant to Section [98-33](#), paragraph (a).

98-64 - Termination of High Line Access Easement Volume

LAST AMENDED
11/13/2012

In the event that the City Planning Commission notifies the Department of Buildings and the owner in writing that a **High Line** access easement volume is not required on a **zoning lot** under the final construction plans for the restoration and reuse of the **High Line** as an accessible, public open space, the restrictions imposed on such **zoning lot** by the provisions of Section [98-61](#) (High Line Access or Support Easement Volumes Requirement) shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the Commission to the extinguishment of the easement volume. On termination of the **High Line** access easement volume requirement which has been certified pursuant to this Section, any area reserved for such easement within a **building or other structure** may be used for any **use** permitted pursuant to the provisions of this Chapter and such area shall not be considered **floor area**; and any open area reserved for such easement shall be maintained as an open area and shall be subject to the open area requirements of Section [98-53](#) (Required Open Areas on the East Side of the High Line).

98-65 - Transit Facilities

LAST AMENDED
10/27/2010

The provisions of paragraph (b) of Section [93-65](#) (Transit Facilities) shall apply to any subway-related **use** on a **zoning lot** that includes the volume bounded by a line 37 feet east of and parallel to Eleventh Avenue, West 26th Street, a line 100 feet east of and parallel to Eleventh Avenue, and a line 95 feet south of and parallel to West 26th Street, up to a height of 60 feet, as illustrated on the District Map in Appendix A of this Chapter.

98-70 - SUPPLEMENTAL REGULATIONS

LAST AMENDED
10/27/2010

- (a) In the **Special West Chelsea District**, the provisions of paragraphs (a) through (d), inclusive, of Section [93-90](#) (HARASSMENT) shall apply as modified in this Section.

(b) In the **Special West Chelsea District**, the provisions of Section [93-91](#) (Demolition) shall apply.

For the purposes of this Section, the following definitions in Section [93-90](#) shall be modified:

Anti-harassment area

“Anti-harassment area” shall mean the **Special West Chelsea District**.

Referral date

“Referral date” shall mean December 20, 2004.

In addition, Section [93-90](#), paragraph (d)(3), is modified as follows:

No portion of the **low income housing** required under this Section shall qualify to:

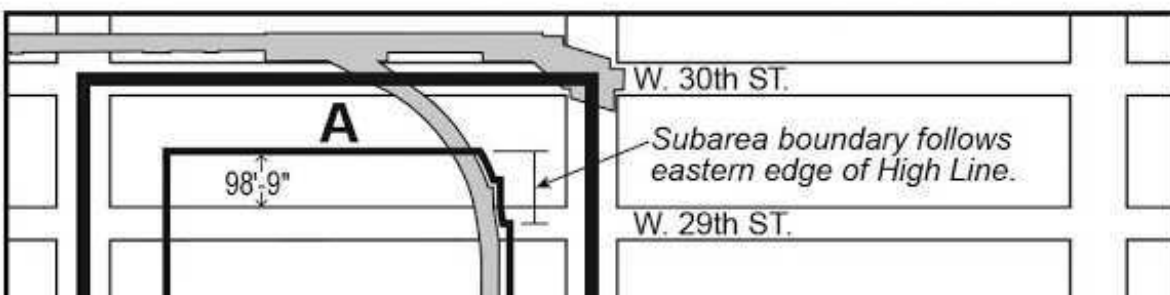

- (a) increase the **floor area ratio** pursuant to the provisions of the **Special West Chelsea District**, **Special Hudson Yards District**, **Special Garment Center District**, **Special Clinton District** or Section [23-154](#); or
- (b) satisfy an eligibility requirement of any real property tax abatement or exemption program with respect to any **multiple dwelling** that does not contain such **low income housing**.

Appendix D

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus in Subarea H

Last Amended

2/2/2011

[History](#)

This Appendix sets forth additional requirements governing **zoning lots** located within Subarea H between West 17th and 18th Streets over which the **High Line** passes with respect to a **development** or **enlargement** which involves an increase in the applicable basic maximum **floor area ratio** of the **zoning lot** up to the amount specified in Section 9822 (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such **development** or **enlargement** pursuant to paragraph (a) of Section 9825 (High Line Improvement Bonus); and (2) the performance or funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (b) of Section 9825, for **floor area** in such **development** or **enlargement** which exceeds the basic maximum **floor area ratio** of the **zoning lot**. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of **zoning lot** under Section [12-10](#).

- (a) Requirements for issuance of building permit under paragraph (a) of Section 9825
 - (1) As a condition of issuance of a building permit under paragraph (a) of Section 9825:
 - (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix D, deposit into the **High Line** Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of **floor area** which exceeds the basic maximum **floor area ratio** of the **zoning lot**, up to the amount specified in Section [98-22](#), provided, that in the event the Owner has previously entered into agreements for construction of At-Grade Plaza Work and Stairway and Elevator Access Work by the City, pursuant to paragraph (a) (2) of this Appendix D, and has made a contribution pursuant thereto, the amount of contribution to the **High Line** Improvement Fund under this subparagraph for purposes of Section [98-25](#), paragraph (a) shall be reduced by such amount at the time it is made;
 - (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of

and public access to and use of the At-Grade Plaza and the stairway and elevator that will provide access to the **High Line**, as shown in Diagram 3 of Appendix C, such easement area for the At-Grade Plaza to include the entire area of the **zoning lot** east of the **High Line** and such easement area as it relates to such stairway and elevator to be at least 2,500 square feet and in a location and configuration acceptable to the City; access for the potential performance by the City of work under the provisions set forth below; and maintenance and repair of the stairway and elevator. Such declaration shall incorporate by reference the maintenance and operating agreement referred to in paragraph (a)(1)(iii) of this Appendix D, provided that, in the event the Owner enters into agreements for construction of some or all of the At-Grade Plaza Work and Stairway and Elevator Access Work by the City pursuant to paragraph (a)(2) of this Appendix D, the provisions of such restrictive declaration shall be modified as deemed necessary by the City to effectuate such agreements; and

- (iii) the Owner shall execute a maintenance and operating agreement for the At-Grade Plaza.

The easements and agreements described herein shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section [98-25](#), paragraph (b).

- (2) Upon the request of the Owner or the City, the City in its sole discretion, may enter into agreements with the Owner, in a form acceptable to the City, providing for construction by the City of some or all of the At-Grade Plaza Work described in paragraph (b)(2)(ii)(b) of this Appendix D, and some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) by the City, including provisions with regard to the viability of retail space fronting the At-Grade Plaza. Pursuant to such agreements, the Owner shall make a contribution of \$2,300,000 to a sub-account of the **High Line** Improvement Fund to fund such construction, which amount may be reduced in accordance with provisions of such agreements by an amount reflecting expenditures that the owner has reasonably incurred or shall reasonably incur with respect to remediation work for the At-Grade Plaza and any other work which is the responsibility of the Owner pursuant thereto. All parties in interest shall execute a Restrictive Declaration pursuant to paragraph (a)(1)(ii) of this Appendix D, with such modifications as deemed necessary by the City to effectuate such agreements.
- (3) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all **High Line** improvements (i.e., non-structural and non-remediation work) at its own expense within the **High Line** improvement area, as shown in Appendix C of this Chapter, on such **zoning lot** and over **streets** contiguous to such **zoning lot**. In that

event, certification under Section [98-25](#), paragraph (a), shall also be made upon execution of an agreement by Owner, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the contribution to the **High Line** improvement. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.

- (4) The location of **floor area** which would exceed the basic maximum **floor area ratio** and be subject to the provisions of Section [98-25](#) shall be considered to be the topmost portion of the **development** or **enlargement** unless, at the time of certification pursuant to Section 9825, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.

- (b) Requirements for issuance of certificates of occupancy under paragraph (b) of Section 9825

- (1) Structural Remediation Work under paragraph (b)(2) of Section 9825:

- (i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the **High Line** within the **High Line** improvement area, as shown in Appendix C of this Chapter, on such **zoning lot** and over **streets** contiguous thereto in accordance with the provisions of this paragraph (b). Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v) in this Section (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the **High Line** within the **High Line** improvement area applicable to the **zoning lot** within the next 24 months. In that event, the amount of contribution to the **High Line** Improvement Fund shall be reduced by \$21.00 per square foot of **floor area** which exceeds the basic maximum **floor area ratio** of the **zoning lot** up to the amount specified in Section [98-22](#) and the City shall refund or credit the Owner, as applicable, for any excess from or against the **High Line** Improvement Fund. In the event of exercise of such option, certification pursuant to Section [98-25](#), paragraph (b)(2), with respect to the Structural Remediation Work, shall be of substantial completion with respect to issuance of any temporary certificate of occupancy, and of final completion with respect to issuance of any final certificate of occupancy.
- (ii) Such Structural Remediation Work shall include work on or under the **High Line** and above, at and below grade, which shall be of the same quality and performance standards (i.e.,

with respect to use, useful life and maintenance requirements) as required for the remainder of the **High Line** (recognizing that there may be different standards for portions of the **High Line** that will be exposed to public view versus those that will not be so exposed) and shall include, but not be limited to, the following:

- (a) Removal and disposal of all leadbased products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
- (b) Repair of all damaged portions of the entire steel structure, including but not limited to railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
- (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
- (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the **High Line** as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
- (e) Removal of any or all portions of the ballast material on the **High Line**, including but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the **High Line**, as specified by the City, and disposal of all such material in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the **High Line**, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and
- (f) Any work required to be performed belowgrade for the anticipated improvements of the **High Line** for reuse as open space.

- (iii) Subject to the Not-To-Exceed Limit set forth in paragraph (c) of this Appendix D, if Owner exercises the option to perform the Structural Remediation Work, it shall reimburse the City for the reasonable cost of hiring or procuring the services of a fulltime resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone).
- (iv) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to delays outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
- (v) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, for any time during which Owner is unable to gain access in order to perform the Structural Remediation Work due to the actions of a tenant occupying the **zoning lot**, or portion thereof, upon December 20, 2004.
- (vi) In the event that the City does not provide the specifications for the Structural Remediation Work, within the timeframe set forth in paragraph (iv) of this Section, Owner may exercise the option to perform such work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays as described in paragraph (b)(1)(v), but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.

(2) At-Grade Plaza Work under paragraph (b)(3) of Section 9825:

The following shall apply, except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix D, that provide for construction of some or all of the At-Grade Plaza Work set forth in paragraphs (b)(2)(ii)(b) and (b)(2)(ii)(c), by the City:

- (i) Owner shall perform AtGrade Plaza Work within the area on the **zoning lot** shown in Diagram 3 of Appendix C. For any

temporary certificate of occupancy, certification pursuant to Section [98-25](#), paragraph (b)(3), shall be of substantial completion of the At-Grade Plaza Work (i.e., the At-Grade Plaza shall be open and accessible to the public). For any permanent certificate of occupancy, certification pursuant to Section [98-25](#), paragraph (b)(3), shall be of final completion of the At-Grade Plaza Work. Substantial completion of the At-Grade Plaza Work shall also require execution by all parties-in-interest of the declarations, easements and maintenance and operating agreement described in paragraph (a) of section (1) of this Appendix, if not previously provided in connection with issuance of a building permit.

- (ii) At-Grade Plaza Work shall include, but not be limited to:
 - (a) remediation work; and
 - (b) all paving, plantings, surface treatments, lighting, trees, seating, fountains and other site amenities; and
 - (c) infrastructure work, including conduits, drainage, water line, electrical connections, and other utility work serving the At-Grade Plaza.
- (iii) The At-Grade Plaza Work shall be performed by the Owner pursuant to construction documents provided by the City by January 31, 2008. The AtGrade Plaza Work shall be completed within one year following January 31, 2008, subject to reasonable extension for any delays beyond Owner's reasonable control and to such extension as the City and the Owner may mutually agree, and, in addition, for any time during which Owner is unable to gain access in order to perform the At-Grade Plaza Work due to the actions of a tenant occupying the **zoning lot**, or portion thereof, upon October 17, 2007, or for any time needed to perform any necessary remediation work on the **zoning lot**.
- (iv) In no event shall Owner be required to complete the At-Grade Plaza Work until the **High Line** improvements within the portion of the **High Line** Improvement Area, as shown in Appendix C of this Chapter, adjacent to the **zoning lot** (and, as applicable, over such Improvement Area, as shown on Diagram 3 of Appendix C), are substantially complete (i.e., open to the public but for the work needed to complete the At-Grade Plaza Work). Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section 9825, paragraph (b)(3), until the Chairperson determines that the At-Grade Plaza Work is substantially complete.
- (v) The cost to Owner of the At-Grade Plaza Work (inclusive of

the Stairway and Elevator Access Work described in paragraph, (b)(3) of this Section) shall not exceed \$2,300,000. The amount of contribution to the **High Line** Improvement Fund under subdivision (a) of section (1) of this Appendix made for purposes of Section [98-25](#), paragraph (a), shall be reduced by such amount at the time it is made. In addition to the costs of the At-Grade Plaza Work, subject to the Not-To-Exceed Limit set forth paragraph (c) of this Appendix D. Owner shall be required to reimburse the City for:

- (a) the reasonable cost of developing the plans and construction documents for the At-Grade Plaza Work; and
 - (b) the reasonable cost of hiring or procuring the services of a fulltime resident engineer to supervise the At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).
- (vi) In the event that construction documents for the At-Grade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) are not delivered to Owner within the timeframe set forth in paragraph (3) of this subsection, Owner shall not be required to perform the AtGrade Plaza Work (inclusive of the Stairway and Elevator Access Work described in paragraph (b)(3) of this Section) consistent with such documents. Instead, Owner shall perform Alternate At-Grade Plaza Work which shall include all necessary remediation work, all necessary belowgrade work (including related infrastructure work necessary to support the **High Line**), and atgrade improvements pursuant to the standards set forth in Sections [37-718](#), [37-726](#), [37-728](#), [37-741](#), [37-742](#), [37-743](#) and [37-76](#) of the Zoning Resolution, except that open-air cafes and kiosks shall not be permitted. Permitted obstructions, whether as described in the City's specifications for the At-Grade Plaza Work or as specified in Section [37-726](#), for the Alternate At-Grade Plaza Work, shall not count towards **lot coverage**.
- (vii) The cost to the Owner of the Alternate At-Grade Plaza Work shall not exceed \$1,400,000. In addition, Owner shall, subject to the Not-To-Exceed Limit of paragraph (c) of this Appendix D, be required to reimburse the City for the reasonable cost of hiring or procuring the services of a fulltime resident engineer to supervise the Alternate At-Grade Plaza Work, with associated costs (e.g., trailer, computers, telephone).
- (viii) Upon substantial completion of the At-Grade Plaza and in any event as a condition of certification of substantial completion

pursuant to Section [98-25](#), paragraph (b)(4), Owner shall provide the City with the declarations, easements and maintenance and operating agreement described in subsection (a) of section (1) of this Appendix, if not already provided in connection with the issuance of a building permit; such At-Grade Plaza shall be open and accessible to the public during at least the same hours during which the **High Line** is open and accessible to the public, subject to the terms of the maintenance and operating agreement; and Owner shall maintain the At-Grade Plaza pursuant to the terms of the maintenance and operating agreement.

(3) Stairway and Elevator Access Work under paragraph (b)(4) of Section [98-25](#):

The following shall apply except to the extent that agreements and other instruments in a form acceptable to the City have been executed pursuant to paragraph (a)(2) of this Appendix D that provide for the construction of some or all of the Stairway and Elevator Access Work described in paragraph (b)(3)(ii) of this Appendix D by the City:

- (i) Except as provided in paragraph (b)(3)(iii) of this Section, Owner shall perform Stairway and Elevator Access Work within the At-Grade Plaza area as shown in Diagram 3 of Appendix C in conjunction with performance of the AtGrade Plaza Work. For temporary certificates of occupancy, certification pursuant to Section [98-25](#), paragraph (b)(4), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification pursuant to such Section shall be of final completion of the work.
- (ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator, shall be included in the construction drawings for the AtGrade Plaza Work described above, and shall be performed by Owner within the time period for performance of the At-Grade Plaza Work described in paragraph (c) of this Section. The location for the stairway and elevator shall take into account the viability of any retail spaces fronting the At-Grade Plaza.
- (iii) Owner shall not be responsible for performance of the Stairway and Elevator Access Work where it performs the Alternate At-Grade Plaza Work in accordance with paragraph (b) of this Section. In that event, prior to commencing the Alternate At-Grade Plaza Work and in any event as a condition of certification of substantial completion pursuant to Section [98-25](#), paragraph (b)(4):

- (a) Owner shall deposit into the **High Line** Improvement

Fund, a contribution of \$900,000.00 (the Access Contribution), to be used at the direction of the Chairperson of the City Planning Commission for construction of stairway and elevator facilities on the **zoning lot**; and

- (b) Owner shall provide the City with the declarations, easements, and maintenance and operating agreement described in paragraph (a)(1) of this Appendix D, if not previously provided in connection with issuance of a building permit.
- (4) City performance of work in the event of failure to perform:
 - (i) In the event Owner has not completed any of the **High Line** Improvement Work (where an agreement for performance of such work has been executed under paragraph (a) of this Appendix D, Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix), the AtGrade Plaza Work or Alternate Plaza Work, as applicable, and the Stairway and Elevator Access Work (where required to do so under paragraphs (b)(2) and (b)(3) of this Appendix), by a time at which the City has completed portions of the **High Line** (i.e., such that such portions are open and accessible to the public) immediately on either side of the **High Line** improvement area, as shown in Appendix C of this Chapter, for the **zoning lot**, as shown on Diagram 3 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) has passed, subject to the provisions of such sections relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
 - (ii) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (a) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total), unless such date is extended by mutual agreement between the City and Owner, for completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City; and
 - (b) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control and, in addition, any time in which Owner is unable to gain access in order to perform the At-Grade Plaza Work or

Alternate Plaza Work due to the actions of a tenant occupying the **zoning lot**, or portion thereof, upon December 20, 2004, or for any time during which remediation work is in progress on the **zoning lot**.

- (iii) In the event Owner does not comply with the requirements of paragraph (b)(4)(ii):
 - (a) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (1) of section (a) of this Appendix;
 - (b) the City shall return to Owner any contribution made to the **High Line** Improvement Fund; and
 - (c) no building permit may be issued pursuant to Section [98-25](#), paragraph (a), nor any temporary or permanent certificate of occupancy may be issued pursuant to Section [98-25](#), paragraph (b), for **floor area** in a **development** or **enlargement** which exceeds the maximum **floor area** of the **zoning lot**.

(c) Reimbursement Not-To-Exceed Limits

Reimbursement of the City by Owner of costs pursuant to this Appendix shall not exceed a total of \$450,000.00.

Appendix E

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Partially Within Subareas D, E, G or I

Last Amended

8/24/2017

[History](#)

This Appendix sets forth additional requirements governing **zoning lots** located partially within Subareas D, E and G or within Subarea I between West 16th and 17th Streets over which the **High Line** passes, with respect to a **development** or **enlargement** which involves an increase in the applicable basic maximum **floor area ratio** of the **zoning lot** up to the amount specified in Section [98-22](#) (Maximum Floor Area Ratio and Lot Coverage in Subareas), with respect to: (1) the issuance of a building permit for such **development** or **enlargement** pursuant to paragraph (a) of Section [98-25](#) (High Line Improvement Bonus); and (2) the performance or

funding of improvements as a condition of issuance of temporary or permanent certificates of occupancy, pursuant to paragraph (c) of Section 9825, for **floor area** in such **development** or **enlargement** which exceeds the basic maximum **floor area ratio** of the **zoning lot**. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of **zoning lot** in Section [12-10](#).

(a) Requirements for issuance of building permit pursuant to paragraph (a) of Section [98-25](#)

(1) As a condition of certification:

- (i) Owner shall, subject to reduction pursuant to the other provisions of this Appendix E, deposit into the **High Line** Improvement Fund, or secure by letter of credit or other cash equivalent instrument in a form acceptable to the City, a contribution of \$50.00 per square foot of **floor area** which exceeds the basic maximum **floor area ratio** of the **zoning lot**, up to the amount specified in Section [98-22](#); and
- (ii) all parties-in-interest shall execute a restrictive declaration including easements to the City providing for: the location of and public access to and from a stairway and elevator on the **zoning lot** that will provide access to the **High Line** and for maintenance and repair by the City of such stairway and elevator; and the potential performance by the City of work under the provisions set forth below. In the case of **zoning lots** between West 16th and 17th Streets, Owner shall also provide the City with easements providing for City access to and from and for public use of the **High Line** Service Facilities on the **zoning lot** and for maintenance and repair by the City of such **High Line** Service Facilities. For **zoning lots** between West 18th and 19th Streets, in the event that the Commissioner of Parks and Recreation requires **High Line** Service Facility Work pursuant to paragraph (b)(4) of this Appendix, no easements shall be required relating to the location of and public access to a **zoning lot** nor from a stairway and elevator on the **zoning lot**. In such event, Owner shall instead provide the City with easements providing for City access to and from and for use of the **High Line** Service Facilities on the **zoning lot** and for maintenance and repair by the City of such **High Line** Service Facilities, as specified in paragraph (b)(4)(ii) of this Appendix, and any restrictive declaration previously executed under this paragraph (a)(1)(ii) in connection with an initial certification pursuant to paragraph (a) of Section [98-25](#) shall be amended to provide for such easements. All easements described herein shall be in a form acceptable to the City and shall remain in force and effect irrespective of whether certificates of occupancy are issued pursuant to Section [98-25](#), paragraph (c); and

- (iii) submit plans for Stairway and Elevator Access Facilities and, where applicable, **High Line** Service Facilities that demonstrate compliance with the provisions of this Appendix E, and are consistent with New York City Department of Parks and Recreation standards and best practices governing materials life cycle and maintenance for review and approval by the Chairperson of the City Planning Commission.
 - (2) Upon the request of Owner, the City in its sole discretion, may elect to have Owner perform all **High Line** improvements (i.e., non-structural and non-remediation work) at its own expense within the **High Line** improvement area, as shown in Appendix C of this Chapter, on such **zoning lot** and over **streets** contiguous to such **zoning lot**. In that event, certification under Section [98-25](#), paragraph (a), shall also be made upon execution of an agreement, approved by the Chairperson of the City Planning Commission, to perform such improvements, the cost of which shall be refunded or credited from the **High Line** Improvement Fund contribution to reflect the cost of such improvements. Such agreement may require Owner to reimburse the City for the costs of a full-time resident engineer to supervise such work.
 - (3) The location of **floor area** which would exceed the basic maximum **floor area ratio** and be subject to the provisions of Section [98-25](#) shall be considered to be the topmost portion of the **development** or **enlargement** unless, at the time of certification pursuant to Section 9825, paragraph (a), Owner designates, subject to the concurrence of the Chairperson of the City Planning Commission, an alternate location.
- (b) Requirements for issuance of certificates of occupancy pursuant to paragraph (c) of Section 9825:
- (1) Structural Remediation Work pursuant to paragraph (c)(2) of Section 9825
 - (i) Owner may, at its option, elect to perform Structural Remediation Work on the portion of the **High Line** within the **High Line** improvement area, as shown in Appendix C of this Chapter, on such **zoning lot** and over **streets** contiguous thereto in accordance with the provisions of this paragraph. Owner may exercise such option following receipt of the City's specifications for the Structural Remediation Work or upon the City's failure to provide such specifications, as set forth in paragraphs (b)(1)(iv) and (b)(1)(v), (unless such dates are extended by mutual agreement of the City and Owner), but in no event may exercise such option later than 90 days following receipt of a notice by the City of its intent to commence improvements to the **High Line** within the **High Line** improvement area applicable to the **zoning lot** within the next 24 months. In that event, the amount of contribution to the **High Line** Improvement Fund shall be reduced by \$21.00 for

each square foot of **floor area** which exceeds the basic maximum **floor area ratio** of the **zoning lot** up to the amount specified in Section [98-22](#) and the City shall refund or credit the Owner, as applicable, for any excess from or against the **High Line** Improvement Fund. In the event of exercise of such option, certification pursuant to Section [98-25](#), paragraph (c)(2), with respect to the Structural Remediation Work shall be of substantial completion with respect to issuance of temporary certificates of occupancy, and of final completion with respect to issuance of final certificates of occupancy.

- (ii) Such Structural Remediation Work shall include work on or under the **High Line** and above, at and below grade, which shall be of the same quality and performance standards (i.e., with respect to use, useful life, and maintenance requirements) as required for the remainder of the **High Line** (recognizing that there may be different standards for portions of the **High Line** that will be exposed to the public versus those that will not be so exposed) and shall include, but not be limited to, the following:
 - (a) Removal and disposal of all leadbased products in accordance with specifications provided by the City, and disposal of all waste, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (b) Repair of all damaged portions of the entire steel structure, including, but not limited to, railings, columns and footings, in accordance with the specifications provided by the City and all applicable rules, including those pertaining to historic preservation;
 - (c) Recoating of the entire steel structure with the types of products and numbers of coats specified by the City;
 - (d) Repairs to damaged concrete; removal, disposal, and replacement of any concrete that is found to contain hazardous materials; and recoating of the entire concrete portion of the **High Line** as specified by the City, all in accordance with the rules and regulations of all appropriate regulatory agencies and disposal facilities;
 - (e) Removal of any or all portions of the ballast material on the **High Line**, including, but limited to gravel, railroad ties and steel rails, trash, plant material, and any other objectionable materials (including, but not limited to, asbestos and pigeon guano) that are found on or under the **High Line**, as specified by the City, and disposal of all such material in accordance with the rules and

regulations of all appropriate regulatory agencies and disposal facilities. In the event that the City directs that any or all ballast material is to remain on the **High Line**, it shall be capped, as necessary, in accordance with the specifications provided by the City and the rules and regulations of all appropriate agencies. Any ballast material that is to remain, but also remain uncapped, shall be cleared and grubbed in accordance with specifications of the City; and

- (f) Any work required to be performed below grade for the anticipated improvements of the **High Line** for reuse as open space.
- (iii) The City shall consult with Owner regarding the drafting of the specifications for the Structural Remediation Work, and then provide Owner with such specifications by January 31, 2006, subject to such delays as are outside the reasonable control of the City (including, without limitation, litigation, but such delays shall not extend more than 180 days), unless such date is extended by mutual agreement between the City and Owner.
- (iv) In the event Owner exercises the option to perform the Structural Remediation Work, Owner shall have 12 months to complete such work following June 23, 2005, or of the date of exercise of such option, whichever is later, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control.
- (v) In the event that the City does not provide the specifications for the Structural Remediation Work within the timeframe set forth in paragraph (b)(1)(iii) of this Appendix, Owner may exercise the option to perform such work and proceed with the Structural Remediation Work, and shall complete it within 12 months of the exercise of such option, unless such date is extended by mutual agreement between the City and Owner, and subject to reasonable extension for any delays beyond Owner's reasonable control, but may use its own specifications, consistent with the description of the Structural Remediation Work set forth above and sound, high quality engineering, construction and workmanship standards and practices.
- (vi) If Owner exercises the option to perform the Structural Remediation Work, Owner shall reimburse the City for the reasonable cost of hiring or procuring the services of a fulltime resident engineer to supervise the Structural Remediation Work, with associated costs (e.g., trailer, computer, telephone), such reimbursement not to exceed \$115,000.

- (2) Stairway and Elevator Access Work pursuant to paragraph (c)(3) and, except where the provisions of paragraph (b)(4) of this Appendix E apply, paragraph (c)(4) of Section [98-25](#):
- (i) Owner shall perform Stairway and Elevator Access Work subject to the provisions of this paragraph (b)(2). For temporary certificates of occupancy, certification pursuant to Section [98-25](#), paragraph (c)(3), shall be of substantial completion of the Stairway and Elevator Access Work (i.e., the stairway and elevator could be made open and accessible to the public). For permanent certificates of occupancy, certification shall be of final completion of the work.
 - (ii) The Stairway and Elevator Access Work shall consist of one stairway and one elevator located directly adjacent to or below the **High Line**. Except as approved by the Chairperson of the City Planning Commission pursuant to paragraph (a)(1)(iii) of this Appendix, **curb level** entrances to such access facilities must be located at the **street line**. Such access facilities shall be harmonious with the design of the **High Line** on the **zoning lot** and shall be visible and identifiable as **High Line** access facilities when viewed from Tenth Avenue. Such access facilities may be unenclosed or enclosed. When such access facilities are enclosed and located at the **street line**, any wall or facade separating the access facility from the **street** shall be substantially glazed and fully transparent from ground level to the full height of the access facility. Any wall or facade separating the access facility from the **High Line** shall be substantially glazed and fully transparent from the level of the **High Line bed** to the full height of the access facility. Stairways shall have a clear path of not less than six feet in width. Such access facilities shall be identified with signage placed at the **High Line** level and at street level that is consistent with guidelines specified in the signage plan as authorized by the City Planning Commission pursuant to the provisions of Section [98-15](#).
 - (iii) The Stairway and Elevator Access Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the provisions of paragraph (b)(2)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.
 - (iv) In no event however shall Owner be required to complete the Stairway and Elevator Access Work until the **High Line** improvements in the portion of the **High Line** improvement area, as shown in Appendix C of this Chapter, adjacent to the **zoning lot**, as shown on Diagram 4 or 5 of Appendix C, are

substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification, pursuant to Section [98-25](#), paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.

(3) **High Line** Service Facility Work pursuant to paragraph (c)(3) of Section [98-25](#):

(i) For **zoning lots** located between West 16th and 17th Streets, Owner shall perform **High Line** Service Facility Work subject to the provisions of this Appendix. For temporary certificates of occupancy, certification pursuant to Section [98-25](#), paragraph (c)(3), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

(ii) **High Line** Service Facilities shall consist of satellite maintenance and operations space for the **High Line** open space as well as public restrooms, in accordance with the following standards:

(a) Location

Such facilities shall have a component located at the level of the **High Line bed**, or within five feet of such level (hereinafter referred to as the “upper service facility”). Such facilities shall also have a component located no higher than **curb level** (hereinafter referred to as the “lower service facility”). The upper facility must be located directly above the lower facility to enable placement of a trash chute connecting the upper and lower facilities. Where the upper facility is not located exactly at the level of the **High Line bed**, a fully accessible ramp must connect such level with the level of the upper facility. Where the lower facility is not located exactly at **curb level**, a means acceptable to the City of connecting the lower service facility to a **street** frontage shall be provided.

(b) Program and dimensions

(1) Lower service facilities

Lower service facilities shall contain a room which is accessible from **street** level and is no less than 50 square feet in area. Such facility shall contain the outlet of a trash chute from the upper service facility and shall also have a minimum of one electrical outlet furnishing a wattage consistent with its intended use within a

maintenance and operations facility.

(2) Upper service facilities

Upper service facilities shall be no less than 350 square feet in area and shall contain, at a minimum, one public restroom not less than 250 square feet in area with separate restroom spaces for each gender, one storage room not less than 70 square feet in area, and one waste disposal room not less than 30 square feet in area and containing a trash chute to the lower service facility

Each room within such upper service facilities shall have a minimum of one electrical outlet furnishing wattage consistent with its intended use within a maintenance and operations facility.

- (iii) The **High Line** Facility Work shall be completed within one year following the later of June 23, 2005, or the Chairperson's review and acceptance of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(3)(ii) of this Appendix, subject to reasonable extension for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner.
- (iv) In no event, however, shall Owner be required to complete the **High Line** Facility Work until the **High Line** improvements in the portion of the **High Line** improvement area, as shown in Appendix C of this Chapter, adjacent to the **zoning lot**, as shown on Diagram 5 of Appendix C, are substantially complete. Notwithstanding the foregoing, in no event shall Owner be entitled to certification pursuant to Section [98-25](#), paragraph (c)(3), until the Chairperson determines that the Stairway and Elevator Access Work is substantially complete.
- (v) The cost to Owner of the **High Line** Facilities Work shall not exceed \$1,150,000. The amount of contribution to the **High Line** Improvement Fund under paragraph (a)(1) of this Appendix E, made for purposes of Section [98-25](#), paragraph (a), shall be reduced by such at the time it is made.

(4) **High Line** Service Facility Work pursuant to paragraph (c)(4) of Section [98-25](#):

- (i) For **zoning lots** located between West 18th and 19th Streets, in the event the Commissioner of Parks and Recreation elects to require improvements under this paragraph by providing Owner written notice thereof no later than 30 days following August 24, 2017, Owner shall perform **High Line** Service

Facility Work subject to the provisions of this paragraph (b)(4). For temporary certificates of occupancy, certification pursuant to Section [98-25](#), paragraph (c)(4), shall be of substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

- (ii) **High Line** Service Facilities under this paragraph (b)(4) shall consist of facilities that the Commissioner of Parks and Recreation determines will provide significant support services to the **High Line** in accordance with the following minimum standards:

- (a) Components, Size and Location

The **High Line** Service Facilities shall consist of a space on one or more levels, with no less than 1,900 square feet of such space at a floor level at, or within three vertical feet of, the level of the **High Line bed**; a walkway connecting such space to the **High Line** of sufficient width and with sufficient load-bearing capacity to accommodate the movement of service equipment to and from the **High Line** and which satisfies the additional obligations of the Americans with Disabilities Act of 1990; and a stairway with a clear path of not less than 44 inches in width providing access from the **street** to the portion of the **High Line** Service Facilities located above.

- (b) Other Features

The **High Line** Service Facilities shall include plumbing, electrical and utility infrastructure, including HVAC, as reasonably necessary to perform the service functions identified by the Commissioner of Parks and Recreation. Portions of any wall separating the **High Line** Service Facilities from the **High Line** and extending from the level of the **High Line bed** to the full height of the **High Line** Service Facilities shall comply with the transparency requirements of Section [98-54](#).

- (iii) The **High Line** Service Facility Work shall be completed within one year following the later of August 24, 2017, or the review and acceptance by the Chairperson of the City Planning Commission of the plans and specifications that demonstrate compliance with the standards of paragraph (b)(4)(ii) of this Appendix, subject to reasonable extensions for any delays beyond Owner's reasonable control, unless such date is extended by mutual agreement between the City and Owner. Notwithstanding the foregoing, in the event that, prior to an election by the Commissioner of Parks and Recreation under

paragraph (b)(4)(i) of this Appendix, the City and Owner have agreed to an extension pursuant to paragraph (b)(2)(iii) of this Appendix, in connection with Stairway and Elevator Access Work, the **High Line** Facility Work shall be completed by such date, unless further extended by mutual agreement pursuant to this paragraph (b)(4)(iii).

(c) City performance in the event of failure to perform

- (1) In the event Owner has not completed any of the **High Line** Improvement Work (where an agreement for performance of such work has been executed under paragraph (a)(1) of this Appendix), Structural Remediation Work (where Owner has exercised the option under paragraph (b)(1) of this Appendix) and the Stairway and Elevator Access Work (under paragraph (b)(3)), by a time at which the City has completed portions of the **High Line** (i.e., such that such portions are open and accessible to the public) immediately on either side of the **High Line** improvement area, as shown in Appendix C of this Chapter, for the **zoning lot**, as shown on Diagram 4 or 5 of Appendix C, and a relevant deadline for performance of such work under paragraphs (b)(1), (b)(2) or (b)(3) of this Appendix, as applicable, has passed, subject to the provisions of such paragraphs relating to extension by mutual agreement or delay, the City, at its sole option, may, upon written notice to Owner, notify Owner of its intent to proceed with performance and/or completion of the relevant work at its own expense.
- (2) The City may proceed with performance and/or completion of the work following such notice unless Owner:
 - (i) within 45 days following such notice, submits to the Department of City Planning a reasonable schedule (not to exceed 12 months in total) for completion of the relevant work, as applicable, which schedule shall be subject to review and reasonable approval by the City, unless such date is extended by mutual agreement between the City and Owner; and
 - (ii) completes the relevant work in accordance with such schedule, subject to reasonable extension for any delays beyond Owner's reasonable control.
- (3) In the event Owner does not comply with the requirements of paragraph (c)(2) of this Appendix:
 - (i) the City may proceed with performance and/or completion of relevant work, and may obtain access to perform such work pursuant to the easements described in paragraph (a)(1) of this Appendix;
 - (ii) the City shall return to Owner any contribution made to the **High Line** Improvement Fund; and

- (iii) no building permit may be issued pursuant to Section [98-25](#), paragraph (a), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section [98-25](#), paragraph (d), for **floor area** in a **development** or **enlargement** which exceeds the maximum **floor area** of the **zoning lot**.

Appendix F

Special Regulations for Zoning Lots Utilizing the High Line Improvement Bonus and Located Within Subarea J

Last Amended

11/13/2012

[History](#)

This Appendix sets forth additional requirements governing **zoning lots** located within Subarea J over which the **High Line** passes for any **development** or **enlargement** which involves an increase in the applicable basic maximum **floor area ratio** of the **zoning lot** up to the amount specified in Section [98-22](#) (Maximum Floor Area Ratio and Lot Coverage in Subareas). The additional requirements are set forth in this Appendix F, in paragraph (a), the issuance of a building permit for such **development** or **enlargement** pursuant to paragraph (a) of Section [98-25](#) (High Line Improvement Bonus); in paragraph (b), the performance of improvements as a condition of issuance of temporary or permanent certificates of occupancy pursuant to paragraph (d) of Section [98-25](#); and in paragraph (c), the option of the owner to offer to the City an additional **High Line** Support Easement Volume. The term “parties in interest” as used herein shall mean “parties-in-interest,” as defined in paragraph (f)(4) of the definition of **zoning lot** in Section [12-10](#).

- (a) Requirements for issuance of a building permit pursuant to paragraph (a) of Section [98-25](#)
 - (1) As a condition of certification:
 - (i) For each square foot of **floor area** which causes the **floor area ratio** of a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012, up to the amount specified in Section [98-22](#), the owner shall:
 - (a) for the first 80,000 square feet of such **floor area**, deposit such contribution to the Affordable Housing Fund established under Section [98-262](#), paragraph (c), for use in accordance with the provisions of that Section; and
 - (b) for all such **floor area** which exceeds 80,000 square feet, subject to a deduction pursuant to other

provisions of this Appendix F, deposit such contribution to the **High Line** Improvement Fund, or secure such contribution by letter of credit or other cash equivalent instrument in a form acceptable to the City.

Such contribution, in each case, shall be \$59.07 per square foot of **floor area** as of November 13, 2012, which contribution rate shall be adjusted July 1 of the following year and each year thereafter by the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics;

- (ii) All parties-in-interest shall execute that restrictive declaration, dated October 25, 2012, and on file at the Office of the Counsel, Department of City Planning, required in connection with environmental assessment (CEQR No. 11DCP120M) for the purpose of addressing historic resources and containing other provisions regarding the preservation of certain features of existing **buildings** and structures and related matters;
- (iii) All parties-in-interest shall execute a restrictive declaration in a form acceptable to the City addressing the terms described in this paragraph (a)(1)(iii):

- (a) Hotel **use**

No **development** or **enlargement** that utilizes the provisions of Section [98-25](#) shall include a **transient hotel**;

- (b) Retail concourse

As a condition of any **development** or **enlargement** pursuant to Section [98-25](#), the owner shall provide a pedestrian passageway within any **building** located on the **zoning lot** connecting the Ninth Avenue sidewalk with the Tenth Avenue sidewalk, which passageway shall be open to the public during business hours. Not less than 60 percent of the length of the frontages of such passageway shall be occupied primarily by retail uses, and in addition may be occupied by service, wholesale, production and event space identified in Use Groups 6A, 6C, 7B, 7C, 8A, 9A, 9B, 10B, 11A, 12A, 12B, 16A, 17A and such spaces shall have access to the passageway;

- (c) Locations and dimensions of the **High Line** Support Easement Volumes

The **High Line** Support Easement Volumes shall be sized and located to accommodate the following

amenities, all of which shall be located within the **buildings** located within the Tenth Avenue Zone, as described in Section [98-423](#), paragraph (g)(3):

- (1) exclusive easements for public restrooms for each gender with an aggregate area of no less than 560 square feet (and which need not be more than 700 square feet) located adjacent to the **High Line** with direct access to the **High Line** for each of the public restrooms;
 - (2) exclusive easements for **High Line** support space with an aggregate area of no less than 2,400 square feet (and which need not be more than 3,000 square feet) of which up to 800 square feet may be located on a mezzanine level, such space to be located adjacent and accessible to the **High Line**;
 - (3) exclusive easements for **High Line** support space located in the cellar level in an aggregate area no less than 800 square feet (but need not be more than 1,000 square feet);
 - (4) exclusive use of a dedicated freight elevator that shall provide access to the cellar level, to a shared loading facility at **street** level, to the level of the **High Line bed** and to the level of the **High Line** support space described in paragraph (a)(1)(iii)(c)(2) of this Appendix F; and
 - (5) non-exclusive easements for:
 - (i) access between the dedicated freight elevator and the shared loading facility at grade level and the **High Line** support space located in the cellar level; and
 - (ii) use of the shared loading facility as more particularly set forth in paragraph (a)(1)(iii)(d) of this Appendix F;
- (d) Use of the **High Line** Support Easement Volumes

The **High Line** Support Easement Volumes shall not be dedicated for use by the general public but rather for use by the City or its designee for storage, delivery of materials and support of **uses** within the **High Line** (and in connection therewith, the fitting-out, operating, maintaining, repairing, restoring and replacement of the **High Line** Support Easement Volumes), except that:

- (1) the public may use the public restrooms;
- (2) up to 650 square feet of space adjacent to the **High Line** may be used exclusively for educational and related programming that is at no cost to the public; and
- (3) if dedicated to the City in accordance with paragraph (d) of this Appendix F, the optional additional **High Line** Support Easement Volume may be accessible to the public as part of concessions or other uses that relate to the **High Line**.

The City or its designee shall at all times use, operate and maintain the **High Line** Support Easement Volumes so as not to interfere with the use and enjoyment of the **buildings** located within Subarea J.

The **High Line** support spaces described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F, shall be accessible by a dedicated freight elevator that connects to non-exclusive portions of the **building**, including a loading facility at **curb level**, through which the City or its designee shall be provided with a non-exclusive easement to enable reasonable and customary access;

- (e) Effective date of the **High Line** Support Easement Volumes

The City's or its designee's rights to utilize the **High Line** Support Easement Volumes shall commence on the date that the **High Line** Support Work has been completed in accordance with paragraph (b)(1) of this Appendix F, or in the event of default of the owner in accordance with paragraph (c) of this Appendix F, the date that the City has notified the owner that it intends to perform such **High Line** Support Work in accordance with paragraph (c); and

- (f) Notice by the Department of City Planning of its receipt of certified copies of the recorded restrictive declarations required pursuant to paragraph (a) (1) (ii) and (iii) of this Appendix F, shall be a precondition to issuance by the Commissioner of Buildings of any building permits including any foundation or alteration permit for any **development** or **enlargement** which causes the **floor area ratio** of a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012;

- (iv) The owner shall submit plans for the **High Line** Support Work described in paragraph (b)(1) of this Appendix F, that demonstrate compliance with the provisions of this Appendix and are consistent with New York City Department of Parks and Recreation standards and best practices governing material life cycle and maintenance, for review and approval by the Chairperson of the City Planning Commission;
 - (v) Solely in the event the initial certification made pursuant to Section [98-25](#), paragraph (a), is with respect to additional **floor area** to be added to a **building** or portion of a **building** located outside of the Tenth Avenue Zone as described in Section [98-423](#), paragraph (g)(iii), then the owner shall enter into agreements with the City or its designee, in a form reasonably acceptable to the City, to provide interim access, in accordance with such agreements, to the **High Line** through a non-exclusive loading facility and an existing freight elevator. Such agreements shall provide that any space within the existing **building** may be used by the City or its designee at no cost, except that the City or its designee shall be obligated to pay for the proportionate costs of utilities, maintenance and other building expenses associated with the use of such loading facility and elevator, and for any improvements or modifications to such space that may be requested by the City or its designee. Such interim access shall cease upon the date that the City or its designee commences utilization of the **High Line** Support Easement Volumes in accordance with paragraph (a)(1)(iii)(d) of this Appendix F;
 - (2) The location of **floor area** which would cause the **floor area ratio** of a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012, and be subject to the provisions of Section [98-25](#), shall be considered to be the topmost portion of the **development** or **enlargement** unless, at the time of certification pursuant to Section [98-25](#), paragraph (a), the owner designates on plans submitted to the Chairperson of the City Planning Commission, subject to the concurrence of the Chairperson, an alternate location.
- (b) Requirements for issuance of certificates of occupancy pursuant to paragraph (d) of Section [98-25](#)
- (1) **High Line** Support Work pursuant to paragraph (d) of Section [98-25](#)
 - (i) The owner shall perform **High Line** Support Work subject to the provisions of this paragraph (b)(1), inclusive. For temporary certificates of occupancy, certification pursuant to Section [98-25](#), paragraph (d), shall be the substantial completion of the work. For permanent certificates of occupancy, certification shall be of final completion of the work.

- (ii) The **High Line** Support Work shall consist of the following:
- (a) the construction, fit-out and delivery in an operative condition of public restrooms described in paragraph (a)(1)(iii)(c)(1) of this Appendix F, furnished with restroom fixtures, including six toilet stalls for women, an aggregate of six toilet stalls and/or urinals for men and three sinks in each restroom, and provided with utility connections.
 - (b) the construction of the core and shell of the **High Line** support space described in paragraphs (a)(1)(iii)(c)(2) and (3) of this Appendix F including the provision of and access to separately metered gas, ventilation, water, sewer, electricity and telecommunications utilities systems commonly available in the **building** sufficient to support the anticipated uses of the support space. Within the portion of the **High Line** support space in the vicinity of the level of the **High Line bed**, the owner will install a kitchen exhaust duct from such support space to a suitable point of discharge and will provide access to the **building** sprinkler standpipe and fire alarm system. Such support space shall also include access to a storage mezzanine pursuant to a dedicated lift, and there shall be a clear path at least five feet wide from the lift to the dedicated freight elevator described in paragraph (b)(1)(ii)(c) of this Appendix F. The owner will not be responsible for distributing any utility services within the **High Line** support space or for providing any ancillary equipment for the kitchen exhaust duct; and
 - (c) the construction of the dedicated freight elevator described in paragraph (a)(1)(iii)(c)(4) of this Appendix F, with a minimum capacity of 3,000 pounds;
- (iii) Following the completion of the **High Line** Support Work described in paragraph (b)(1)(ii) of this Appendix F, all subsequent costs of operating, maintaining, repairing, replacing and additional fit-out of the **High Line** support space shall be exclusively the responsibility of the City and not the owner, provided that the owner shall be responsible for the repair and replacement of any defective **High Line** Support Work

for a period of one year after completion thereof;

- (iv) The cost to the owner of the **High Line** Support Work pursuant to the plans approved pursuant to this paragraph, (a)(1)(iv), shall be estimated at the time of such approval by a licensed engineer selected by the owner, such estimate to be in a form reasonably acceptable to the City, at an amount not to exceed \$2,544,000, as adjusted at the time of such approval by changes in the construction cost index published by the Engineering News Record (ENR) for New York City commencing as of December 1, 2012. In the event that the City requests the owner to perform any additional work in conjunction with the **High Line** Support Work and the owner agrees to perform such additional work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the **High Line** Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;
- (v) Except as set forth in paragraph (b)(1)(v) of this Appendix F no temporary or permanent certificates of occupancy may be issued pursuant to Section [98-25](#), paragraph (d), for **floor area** in a **development** or **enlargement** which causes the **floor area ratio** on a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012, until the **High Line** Support Work described in paragraph (b)(1) of this Appendix F has been substantially completed or finally completed, as applicable;
- (vi) Notwithstanding anything to the contrary in this paragraph (b)(1), inclusive, if certification is initially made pursuant to Section [98-25](#), paragraph (a), with respect to additional **floor area** to be added to a **building** or portion of a **building** located outside of the Tenth Avenue Zone, as described in Section [98-423](#), paragraph (g)(iii), then the conditions for certification pursuant to Section [98-25](#), paragraph (d), for a permanent or temporary certificate of occupancy shall not apply to such **building** or portion of a **building** and the following conditions shall apply:
 - (a) the owner shall deliver a letter of credit or other security reasonably satisfactory to the City in an amount reasonably determined by the City as sufficient for the City to perform the **High Line** Support Work described in paragraph (b)(1) of this Appendix F which letter of credit or other security may be drawn or exercised by the City

in the event of a default by the owner in accordance with paragraph (c)(ii) of this Appendix F; and

- (b) the owner shall enter into an agreement with the City in a form reasonably acceptable to the City requiring the owner to commence the **High Line** Support Work described in paragraph (b) (1) of this Appendix F, no later than September 1, 2017, subject to force majeure as determined by the Chairperson, and shall thereafter diligently prosecute the same to completion, pursuant to an agreed-upon schedule, subject to force majeure as determined by the Chairperson.
- (c) In the event the owner is in default of its obligations pursuant to the agreements required by paragraph (b)(1)(vi) of this Appendix F:
 - (1) The City shall be entitled to draw the letter of credit or exercise the other security described in paragraph (b)(1)(vi)(a) of this Appendix F and to take possession of the **High Line** Support Easement Volumes following delivery of notice to the owner that the City intends to perform the **High Line** Support Work in accordance with provisions to be set forth in the restrictive declaration described in paragraph (a) (1)(iii) of this Appendix F;
 - (2) The City shall return to the owner any contribution made to the **High Line** Improvement Fund with respect to additional **floor area** to be added to a **building** or portion of a **building** located within the Tenth Avenue Zone as described in Section [98-423](#), paragraph (g)(3);
 - (3) No additional building permit may be issued pursuant to Section [98-25](#), paragraph (a), with respect to a **development** or **enlargement** to be located within the Tenth Avenue Zone as described in Section [98-423](#), paragraph (g)(iii), nor may any temporary or permanent certificates of occupancy be issued pursuant to Section [98-25](#), paragraph (d), for **floor area** in such a **development** or **enlargement** which causes the **floor area ratio** on a **zoning lot** to exceed the **floor area ratio** of such **zoning lot** on November 13, 2012.
- (d) Option to offer an additional **High Line** Support Easement Volume:
 - (1) The owner, at its sole option, may elect to offer to the City an easement comprising up to 7,500 square feet of **floor area** within the **building** adjacent to the **High Line** and at the vicinity of the level of the **High Line bed** as an additional **High Line** Support Easement Volume by written notice to the Chairperson of the City Planning Commission, with a copy to the Commissioner of the Department of Parks and Recreation. Such written notice shall be delivered

contemporaneously with the owner's first request for certification by the Chairperson, described in paragraph (a) of Section [98-25](#), that relates to a **building** or portion of a **building** within the Tenth Avenue Zone, as described in Section [98-423](#), paragraph (g)(3);

- (2) If the owner elects to exercise such option, the owner shall provide an appraisal from an appraiser reasonably acceptable to the City who is a member of the American Institute of Real Estate Appraisers (or its successor organization) establishing the fair market value of the additional **High Line** Support Easement Volume to be so dedicated. The term "fair market value" shall mean the price at which such additional **High Line** Support Easement Volume would change hands between a willing buyer and a willing seller, both acting rationally, at arm's length, in an open and unrestricted market. The appraisal shall determine such fair market value of the additional **High Line** Support Easement Volume based on its highest and best as-of-right **uses**, valued in an unimproved core and shell physical condition (including any existing structural elements, such as the **building** wall separating the **High Line** from the additional easement volume) and considered unencumbered by any leases, mortgages or other matters that will be released or otherwise subordinate to the grant of such additional **High Line** Support Easement Volume to the City. The appraisal shall not assume that as-of-right **uses** of the additional **High Line** Support Easement Volume may enjoy any access to and from the **High Line**. Any other appraisal assumptions or instructions not set forth herein shall be subject to approval by the City.
- (3) If such option is exercised by the owner, the City shall have up to 60 days from the delivery of the written notice described in paragraph (d) (1) of this Appendix F to irrevocably accept or decline the exercise of the option by written notice to the owner. If the City does not so accept or decline the option within said 60-day period, then the option shall be deemed declined and neither the City nor the owner shall have any further rights or obligations under this paragraph, (d), inclusive;
- (4) If such option is exercised by the owner and accepted by the City, the restrictive declaration described in paragraph (a)(1)(ii) of this Appendix F shall provide or shall be amended to include the additional **High Line** Support Easement Volume within the grant to the City, and the value of the additional **High Line** Support Easement Volume as set forth in the appraisal shall be the responsibility of the City and may be deducted in whole or in part from the **High Line** Improvement Fund contribution required pursuant to paragraph (a)(1) of this Appendix F;
- (5) In the event that the City requests the owner to perform any work in conjunction with the dedication of the additional **High Line** Support Easement Volume and the owner agrees to perform such work, then the cost of such additional work shall be the responsibility of the City and may be deducted in whole or in part from the **High Line** Improvement Fund contribution required pursuant to paragraph (a)(1)

of this Appendix F. All costs of fitting-out, operating, maintaining, repairing and replacing the additional **High Line** Support Easement Volume shall be exclusively the responsibility of the City and not the owner.

Chapter 9 - Special Madison Avenue Preservation District (MP)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 9 - Special Madison Avenue Preservation District (MP)

99-00 - GENERAL PURPOSES

LAST AMENDED

12/20/1973

The "Special Madison Avenue Preservation District" as established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include among others, the following specific purposes:

- (a) to preserve and protect the unique character and architectural quality of Madison Avenue and its surrounding area;
 - (b) to preserve and enhance street life by promoting specialty shops at street level;
 - (c) to introduce amenities relating to the residential character of the area; and
 - (d) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.
-

99-01 - Definitions

LAST AMENDED

2/2/2011

Development

For purposes of this Chapter, a "development" includes the construction of a new **building or other structure** on a **zoning lot**, the relocation of an existing **building** on another **zoning lot**, and an **enlargement**.

Landmark building

A "landmark building" is any **building** designated as a landmark by the Landmarks Preservation Commission, pursuant to procedures set forth in Section 3020 of the New York City Charter and other applicable laws.

Style building

A "style building" is a **building** possessing an architectural style, as described in the Upper East Side Historic District Designation Report prepared by the New York City Landmarks

Preservation Commission in 1981.

99-02 - General Provisions

LAST AMENDED
12/20/1973

Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

99-03 - Special Use Regulations

LAST AMENDED
2/2/2011

In order to retain the existing **residential** and retail character of the area, **commercial uses** shall occupy at least the first **story** that has a floor level within five feet of **curb level**. Such **commercial uses** shall be limited to **uses** listed in Section [99-031](#) (Use Group MP). Notwithstanding the provisions of Article V, Chapter 2, **non-conforming uses** may only be changed to **uses** listed in Section [99-031](#). Such **commercial uses** shall occupy a minimum linear frontage of 75 percent of the frontage of a **zoning lot** on Madison Avenue, except that lots with a frontage of 100 feet or less on Madison Avenue may have a **commercial** frontage of less than 75 percent in order to provide a maximum 25 foot wide entrance to the **residential** portion of the **building**.

The mandatory **use** regulations of this Section may be modified for a **community facility**, pursuant to the certification provisions of Section [99-032](#) (Modifications of use regulations for a community facility).

99-031 - Use Group MP

LAST AMENDED
2/2/2011

Use Group MP comprises a group of **commercial** establishments selected to promote and strengthen the existing **commercial** character of the Special District. The **commercial uses** listed in Table A of this Section are permitted in any portion of the Special District located within a C1 District. The **commercial uses** listed in Tables A and B of this Section are permitted in any portion of the Special District located within a C5 District.

Table A

A. Transient Accommodations

Hotels, transient

B. Retail or Service Establishments

Antique stores

Art galleries, commercial

Artist's supply stores

Bakeries, provided that ***floor area*** used for production shall be limited to 750 square feet per establishment

Banks (limited to 40 linear feet of ***street*** frontage)

Barber shops

Beauty shops

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of ***floor area*** per establishment

Cigar and tobacco stores

Clothing or clothing accessory stores

Clothing rental establishments

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of ***floor area*** per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Dry goods or fabrics stores, limited to 10,000 square feet of ***floor area*** per establishment

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no charge and no specified showtime

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Food stores, including supermarkets, grocery stores, meat markets, or delicatessen stores

Furniture stores, limited to 10,000 square feet of **floor area** per establishment

Furrier shops, custom

Gift shops

Hardware stores

Interior decorating establishments, provided that **floor area** used for processing, servicing, or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Laundry establishments, hand or automatic self-service

Leather goods or luggage stores

Loan offices (limited to 40 linear feet of **street** frontage)

Locksmith shops

Medical or orthopedic appliance stores

Meeting halls

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist establishments

Package liquor stores

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Post offices

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe or hat repair shops

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Stationery stores

Tailor or dressmaking shops, custom

Telegraph offices

Television, radio, phonograph or household appliance stores, limited to 10,000 square feet of ***floor area*** per establishment

Toy stores

Travel bureaus

Typewriter stores

Variety stores, limited to 10,000 square feet of ***floor area*** per establishment

Wallpaper stores

Watch or clock stores or repair shops

C. Offices

*Offices, businesses, professional or governmental

D. Public Service Establishments|

*Court houses

*Clubs, non-commercial, without restrictions on activities or facilities

Table B

A. Retail or Service Establishments

*Blueprinting or photostatting establishments

*Business schools or colleges

Carpet, rug, linoleum or other floor covering stores, with no limitation on **floor area** per establishment

*Catering

*Clothing or costume rental establishments

Department stores

*Depositories for storage of office records, microfilm, or computer tapes, or for data processing

Dry goods or fabric stores, with no limitation on **floor area** per establishment

Eating or drinking places, without restrictions on entertainment or dancing but limited to location in hotels

Furniture stores, with no limitation on **floor area** per establishment

*Gymnasiums, used exclusively for basketball, handball, squash and tennis

*Medical or dental laboratories for research or testing, or the custom manufacture of artificial teeth, dentures, or plates, not involving any danger of fire or explosion nor offensive noise, vibration, smoke or other particulate matter, odorous matter, heat, humidity, glare or other objectionable effects

*Motion picture production studios

Musical instrument repair shops

Office or business machine stores, sales or rental (limited to 40 linear feet of **street** frontage)

****Physical culture or health establishments**, including gymnasiums (not listed under Use Group 9), reducing salons, massage establishments or steam baths, but other than **adult physical culture establishments**

Plumbing, heating, or ventilating equipment showrooms, without repair facilities (limited to 40 linear feet of **street** frontage)

*Printing establishments, limited to 2,500 square feet of **floor area** per establishment for production

Public auction rooms

*Radio or television studios

Studios, art, music, dancing or theatrical

Television, radio, phonograph, or household appliance stores, with no limitation on **floor area** per establishment

*Trade, or other schools for adults, not involving any danger of fire or explosion nor of offensive noise, vibration, smoke or particulate matter, dust, odorous matter, heat, humidity, glare, or other objectionable effects

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

Variety stores, with no limitation on **floor area** per establishment

*Wedding chapels or banquet halls

B. Wholesale Establishments

*Hair products for headwear, wholesaling including styling

*Photographic developing or printing establishments, limited to 2,500 square feet of **floor area** per establishment

*Ship chandlers

*Wholesale establishments, with **accessory** storage limited to 2,500 square feet of **floor area** per establishment

*Wholesale offices or showrooms, with storage restricted to samples

C. Manufacturing Establishments

*Art needle work, hand weaving, or tapestries

*Books, hand binding or tooling

*Ceramic products, custom manufacturing

*Clothing, custom manufacturing or altering for retail

*Hair products, custom manufacturing

*Jewelry manufacturing from precious metals

*Medical, dental, drafting instruments, optical goods, or similar precision instruments

*Musical instruments, except pianos and organs

*Orthopedic or medical appliances, custom manufacturing

*Printing, custom, limited to 2,500 square feet of **floor area** per establishment for production

*Watch making

D. **Accessory uses**

Uses marked with an asterisk (*) shall not be located within **stories** that have a floor level within five feet of **curb level** unless such **use** is at least 50 feet from the **street wall** of the **building** in which it is located, and with no **show window** facing on the **street**

Uses in Use Group MP marked with a double asterisk (**) are permitted only by special permit of the Board of Standards and Appeals, pursuant to the provisions of Section [73-36](#)

99-032 - Modifications of use regulations for a community facility

LAST AMENDED
2/2/2011

The mandatory **use** regulations of Section [99-03](#) (Special Use Regulations) may be modified for a **community facility** provided the City Planning Commission certifies that the treatment of the facade preserves and enhances street life on Madison Avenue compatible with the character of the surrounding area.

99-04 - Special Bulk Provisions

LAST AMENDED
5/12/1994

For the purposes of this Chapter, the maximum **floor area ratio** on a **zoning lot** shall not exceed 10.0.

99-05 - Special Height and Setback Regulations

LAST AMENDED
5/12/1994

The height and setback regulations of Sections [23-63](#), [23-64](#), [23-65](#), [24-52](#), [24-53](#), [24-54](#), [33-43](#), [33-44](#) and [33-45](#) shall not apply. In lieu thereof, the height and setback regulations set forth in Sections [99-051](#) through [99-054](#), inclusive, shall apply.

99-051 - Location, height and setback of street wall

LAST AMENDED
2/2/2011

(a) **Street walls** along Madison Avenue

For **developments** or **enlarged** portions of **buildings** with frontage on Madison Avenue or on a side **street** within 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

- (1) The **street wall** of the base of such **building** shall be located on the **street line** or, if there is an existing **abutting building** fronting on the same **street line** that is set back from such **street line**, the **street wall** of the base may be aligned with the **street wall** of the **abutting building** for a distance of not less than 10 feet measured horizontally from the side wall of such **abutting building**. However, such setback distance shall not exceed 15 feet from the **street line**. All **street walls** built pursuant to this paragraph shall extend along the full length of the **street line** and rise vertically without setback for:
 - (i) not less than 110 feet but not more than 120 feet above **curb level** ; or
 - (ii) the full height of the **building** ;whichever is less.
- (2) Above the base, a setback is required for all portions of a **building** which exceed a height of 120 feet above **curb level**. Such setback shall be provided at a height not lower than 110 feet above **curb level**, and shall have a minimum depth of 10 feet from a **wide street line** and a minimum depth of 15 feet from a **narrow street line**.
- (3) No portion of a **building** may exceed the height limitations of Section [99-054](#) (Maximum building height).

(b) **Street walls** along side **streets**

For **developments** or **enlarged** portions of **buildings** with frontage on a side **street** beyond 50 feet of its intersection with Madison Avenue, the following regulations shall apply:

- (1) The **street wall** of the base of such **building** shall be located on the **street line** or, if there is an existing **abutting building** fronting on the same **street line** that is set back from such **street line**, the **street wall** of the base shall be aligned with the **street wall** of the **abutting building** for a distance of not less than 10 feet measured horizontally from the side wall of such **abutting building**. However, such setback distance need not exceed 10 feet from the

street line. All **street walls** built pursuant to this paragraph shall extend along the full length of the **street line** and rise vertically without setback for:

- (i) a height of 60 feet above **curb level**; or
- (ii) the height of a **street wall** before setback, if applicable, of that portion of an existing **building** nearest the **development** or **enlargement**, fronting on the same **street line**, and located on the same or an adjoining **zoning lot**;

whichever is higher.

- (2) Alternatively, the **street wall** location provisions of paragraph (a) of this Section may apply to the base of a **building** along a side **street** beyond 50 feet of its intersection with Madison Avenue, up to a distance of 70 feet from its intersection with Madison Avenue.
- (3) Above the base, a setback is required for all portions of a **building**. Such setback shall have a minimum depth of 10 feet from a **wide street line** and a minimum depth of 15 feet from a **narrow street line**.
- (4) No portion of a **building** may exceed the height limitations of Section [99-054](#) (Maximum building height).

(c) **Street walls** in Historic Districts

For any **zoning lot** located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and **street wall** location regulations of this Section shall be modified as follows:

- (1) The minimum base height of a **street wall** may vary between the height of the **street wall** of an adjacent **building** before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.
- (2) The location of the **street wall** of any **building** may vary between the **street wall** location requirements of this Section, and the location of the **street wall** of an adjacent **building** fronting on the same **street line**.

99-052 - Recesses, balconies and dormers

LAST AMENDED
2/2/2011

(a) Recesses

Recesses are permitted to provide **outer courts**, balconies or articulation of **street**

walls at the intersection of two **street lines**. In addition, recesses may be required or prohibited due to the width of the **zoning lot** or the location of the **street wall** of an adjacent **building**. For the purposes of this Section, the provisions of Section [23-842](#) (Wide outer courts) shall not apply. In lieu thereof, the width of any such **court** shall be at least one and one-third times its depth. All recesses shall be provided in accordance with the following provisions:

- (1) Above a height of 20 feet above **curb level**, or above the level of the second **story**, whichever is lower, up to 30 percent of the **street wall** of a base may be recessed from the **street line**. However, no recesses shall be permitted within 30 feet of the intersection of two **street lines**, unless such recesses are provided within an area bounded by the two **street lines** and a line connecting such **street lines** at points 15 feet from their intersection.
- (2) Where the **development** or **enlarged** portion of a **building** is adjacent to an existing **building** located on a **zoning lot** having frontage on the same **street line**, no recesses shall be provided in the **street wall** of the **development** or **enlargement** for a distance of 10 feet from the adjacent corner of the existing **building** to a height equal to the height of the existing **building**.
- (3) Except for a **zoning lot** with less than 50 feet of frontage, or a **zoning lot** with less than 100 feet of frontage and located entirely in a Historic District designated by the Landmarks Preservation Commission, recesses are required on the **street walls** of **buildings** facing Madison Avenue, in accordance with the following provisions:
 - (i) above a height of 20 feet above **curb level**, or above the level of the second **story**, whichever is lower, at least 25 percent of the length of the **street wall** of a base at the level of every **story** shall be recessed from the **street line** to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky; and
 - (ii) above the base, the **street wall** shall be articulated with recesses that occupy at least 20 percent of the length of the **street wall** at the level of every **story** to a depth of at least five feet. Such recesses shall be unobstructed from their lowest level to the sky.

(b) Balconies

Balconies shall comply with the following provisions:

- (1) No balconies shall be permitted to extend beyond the **street wall** of the base built in accordance with the height and setback regulations of Section [99-051](#) (Location, height and setback of street wall), paragraph (a).
- (2) Balconies shall be permitted in recesses that are not required to be unobstructed from their lowest level to the sky.

(c) Dormers

For the purposes of this Section, a dormer shall be a vertical extension of the **street wall** of a base allowed as a permitted obstruction within a required setback area. A dormer may be located anywhere on a **wide street**, and on a **narrow street** within 70 feet of its intersection with a **wide street**. However, a dormer shall not be located within 10 feet of a **side lot line** unless it fully abuts an adjoining **building**.

On any **street** frontage, the aggregate width of all dormers at the required setback level shall not exceed 60 percent of the width of the **street wall** of the highest **story** of the base. For each foot of height above the base, the aggregate width of all dormers at that height shall be decreased by one percent of the **street wall** width of the highest **story** of the base.

99-053 - Special provisions for narrow buildings

LAST AMENDED
2/2/2011

If the width of a **street wall**, built pursuant to Section [99-051](#) or [99-052](#), is 45 feet or less, then the **building** shall comply with the provisions of Section [23-692](#) (Height limitations for narrow buildings or enlargements).

99-054 - Maximum building height

LAST AMENDED
2/2/2011

The height of all **buildings or other structures** shall comply with the following provisions:

- (a) Except as otherwise provided in paragraph (b) of this Section, the height of all **buildings or other structures** shall not exceed 170 feet above **curb level**. However, such **buildings or other structures** may exceed 170 feet, to a height of 19 **stories** or 210 feet, whichever is less, provided that the gross area of each **story** located above 170 feet does not exceed 80 percent of the gross area of the **story** directly below it.
- (b) For the purposes of this Section, the Midblock Transition Portion shall be that portion of a **zoning lot** located within the area between 70 feet and 100 feet from the Madison Avenue **street line**, except for a **zoning lot** which has frontage on a **wide street** not located in a historic district. Within the Midblock Transition Portion, a **building or other structure** shall not penetrate an imaginary plane that begins above a line 100 feet from the Madison Avenue **street line** at a height of 20 feet above the height of a **street wall** built pursuant to Section [99-051](#), paragraph (b), and rises over the Midblock Transition Portion to a height of 120 feet above **curb level** at a distance of 70 feet from the Madison Avenue **street line**.

99-06 - Off-street Parking Regulations

LAST AMENDED
5/8/2013

Within the portion of the ***Special Madison Avenue District*** located within the ***Manhattan Core***, the provisions of Article I, Chapter 3 (Comprehensive Off-street Parking and Loading Regulations in the Manhattan Core), inclusive, shall apply. For all other portions of the ***Special Madison Avenue District***, the provisions of this Section shall apply.

Where ***accessory*** off-street parking is provided, in no case shall curb cuts for vehicular access be located on Madison Avenue or on a ***street*** within 50 feet of its intersection with the ***street line*** of Madison Avenue. No off-site ***accessory*** off-street parking facilities for any ***use*** shall be permitted within the Special District.

99-07 - Authorization to Waive Midblock Transition Portion Height Limitation

LAST AMENDED
2/2/2011

For a ***zoning lot*** in the Upper East Side Historic District, which ***zoning lot*** also contains a ***landmark building*** or ***style building*** to be preserved or, where a ***zoning lot*** is not located in the Upper East Side Historic District and the ***zoning lot*** contains a ***building*** to be preserved which the Landmarks Preservation Commission has designated as a landmark or certifies in a report by the staff or the Commission to be comparable to a ***style building***, the City Planning Commission may authorize the waiver of the requirements of Section [99-054](#) (Maximum building height), paragraph (b), provided the City Planning Commission finds that:

- (a) the ***development*** or ***enlargement*** complies with the goals and purposes of the ***Special Madison Avenue Preservation District***, as specified in Section [99-00](#) (GENERAL PURPOSES);
- (b) the ***development*** or ***enlargement*** will not alter either the character of the neighborhood or the character sought to be achieved by the Special District;
- (c) the ***development*** or ***enlargement*** will have a harmonious relationship with the ***building*** to be preserved; and
- (d) the Landmarks Preservation Commission reports that a program for continued maintenance of the ***building*** to be preserved has been established.

Zoning Resolution

THE CITY OF NEW YORK
Bill de Blasio, Mayor

CITY PLANNING COMMISSION
Marisa Lago, Chair

Chapter 1 - Special Downtown Brooklyn District (DB)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 1 - Special Downtown Brooklyn District (DB)

101-00 - GENERAL PURPOSES

LAST AMENDED
2/2/2011

The "Special Downtown Brooklyn District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to strengthen the business core of Downtown Brooklyn by improving the working and living environments;
- (b) to foster development in Downtown Brooklyn and provide direction and incentives for further growth where appropriate;
- (c) to create and provide a transition between the Downtown commercial core and the lower-scale residential communities of Fort Greene, Boerum Hill, Cobble Hill and Brooklyn Heights;
- (d) to encourage the design of new buildings that are in character with the area;
- (e) to preserve the historic architectural character of development along certain streets and avenues and the pedestrian orientation of ground floor uses, and thus safeguard the vitality of Downtown Brooklyn;
- (f) to improve the quality of development in Downtown Brooklyn by fostering the provision of specified public amenities in appropriate locations;
- (g) to improve visual amenity by establishing special sign regulations within the Fulton Mall and Atlantic Avenue Subdistricts; and
- (h) to promote the most desirable use of land and building development for Downtown Brooklyn and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

101-01 - Definitions

LAST AMENDED
2/2/2011

For purposes of this Chapter, matter in *italics* is defined in Section [12-10](#) (DEFINITIONS), Section [101-702](#) (Definitions Specific to the Atlantic Avenue Subdistrict) or in this Section.

Automated parking facility

An "automated parking facility" shall refer to an ***accessory*** off-street parking facility or ***public parking garage*** where vehicular storage and retrieval within such facility is accomplished entirely through a mechanical conveyance system, and shall not refer to a parking facility with parking lift systems that require an attendant to operate the vehicle that is to be parked.

Development or to develop

For purposes of this Chapter, "development" includes a ***development***, an ***enlargement*** or an ***extension***.

To "develop" is to create a ***development***.

101-02 - General Provisions

LAST AMENDED
2/2/2011

The provisions of this Chapter shall apply within the ***Special Downtown Brooklyn District***. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Whenever a ***zoning lot*** is divided by the boundary of the ***Special Downtown Brooklyn District***, the requirements set forth in this Chapter shall apply, and shall apply only to that portion of the ***zoning lot*** within the ***Special Downtown Brooklyn District***.

101-021 - Applicability of Inclusionary Housing Program

LAST AMENDED
9/7/2017

In ***Mandatory Inclusionary Housing areas***, as specified in APPENDIX F of this Resolution, the provisions of Sections [23-154](#)

(Inclusionary Housing) and [23-90](#) (INCLUSIONARY HOUSING), shall apply, except as superseded, supplemented or modified by the provisions of this Chapter.

101-03 - District Plan and Maps

LAST AMENDED
4/30/2008

The regulations of this Chapter are designed to implement the ***Special Downtown Brooklyn District Plan***.

The District Plan includes the following seven maps:

- | | |
|-------|--|
| Map 1 | Special Downtown Brooklyn District and Subdistricts |
| Map 2 | Ground Floor Retail Frontage |
| Map 3 | Ground Floor Transparency Requirements |
| Map 4 | Street Wall Continuity and Mandatory Sidewalk Widening |
| Map 5 | Curb Cut Restrictions |
| Map 6 | Height Limitation Areas |
| Map 7 | Subway Station Improvement Areas |

The maps are located within Appendix E (Special Downtown Brooklyn District Maps) of this Chapter and are hereby incorporated and made part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements set forth in the text of this Chapter apply.

101-04 - Subdistricts

LAST AMENDED
6/28/2004

In order to carry out the provisions of this Chapter, two subdistricts are established within the ***Special Downtown Brooklyn District***. In each of these subdistricts, certain special regulations apply that do not apply within the remainder of the ***Special Downtown Brooklyn District***. The subdistricts are outlined on Map 1 (Special Downtown Brooklyn District and Subdistricts) in Appendix E of this Chapter. Special regulations set forth in Sections [101-60](#) through [101-632](#), inclusive, shall apply to the Fulton Mall Subdistrict. Special regulations set forth in Sections [101-70](#) through [101-75](#) and Appendices A, B, C and D, inclusive, shall apply to the Atlantic Avenue Subdistrict. The subdistricts are also subject to all other regulations of the ***Special Downtown Brooklyn District*** and the underlying districts except as otherwise specified in the subdistrict regulations.

101-05 - Applicability of Special Permits by the Board of Standards and Appeals

LAST AMENDED
5/29/1974

Within the ***Special Downtown Brooklyn District***, Section [73-68](#) (Height and Setback and Yard Modifications) shall not be applicable.

101-10 - SPECIAL USE REGULATIONS

LAST AMENDED
6/28/2004

101-11 - Special Ground Floor Use Regulations

LAST AMENDED
2/2/2011

Map 2 (Ground Floor Retail Frontage), in Appendix E of this Chapter, specifies locations where the special ground floor ***use*** regulations of this Section apply.

Uses within ***stories*** that have a floor level within five feet of ***curb level***, and within 50 feet of the ***street line***, shall be limited to ***commercial uses*** listed in Use Groups 5, 6A, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C, where such ***uses*** are permitted by the underlying district. Libraries, museums and non-commercial art galleries shall be permitted. In addition, all non-residential ***uses*** permitted by the underlying district shall be permitted for buildings fronting on Myrtle Avenue between Ashland Place and Fleet Place. However, this

minimum depth requirement may be reduced, to the minimum extent necessary, to accommodate a vertical circulation core, or structural columns associated with upper **stories** of the **building**.

A **building's street** frontage shall be allocated exclusively to such **uses**, except for Type 2 lobby space, entryways or entrances to subway stations provided in accordance with the provisions of Section [37-33](#) (Maximum Width of Certain Uses). However, loading berths serving any permitted **use** in the **building** may occupy up to 40 feet of such **street** frontage provided such **street** frontage is not subject to curb cut restrictions as shown on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter.

The regulations of this Section are modified as follows:

(a) Fulton Mall Subdistrict

For **buildings** in the Fulton Mall Subdistrict, Use Group 6A shall not include post offices, dry cleaning, laundry, or shoe and hat repair establishments. Use Group 6C shall not include automobile supply establishments, electrolysis studios, frozen food lockers, loan offices or locksmiths. Use Group 8A shall not include billiard parlors, pool halls, bowling alleys or model car hobby centers. Use Group 9 shall be prohibited except for typewriter stores. Use Group 10 shall not include depositories for office records, microfilm or computer tapes. Use Groups 6D, 7A, 7B, 8B, 8D, 11, 12A and 12C shall be prohibited. Furthermore, no bank or off-track betting establishment shall occupy more than 30 feet of frontage at the ground floor of any **building** along the **street line** of Fulton Street. Any establishment that fronts on the **street line** of Fulton Street for a distance greater than 15 feet shall provide an entrance on Fulton Street.

(b) Atlantic Avenue Subdistrict

Automotive service stations are not permitted. No bank, loan office, business or professional office or individual **use** in Use Group 9 shall occupy more than 50 feet of linear frontage on Atlantic Avenue. Moving and storage uses in Use Group 7 are permitted on the ground floor of a **building** only if such **use** is located at least 50 feet from the front wall of the **building** in which the **use** is located. Any **buildings developed** after June 28, 2004, or portions of **buildings enlarged** on the ground floor level after June 28, 2004, on a **zoning lot** of 3,500 square feet or more shall have a minimum of 50 percent of the ground **floor area** of the **building** devoted to permitted **commercial uses** in Use Groups 6, 7 or 9, except that this requirement shall not apply to any **development** occupied entirely by **community facility use**.

In any **building** within the Atlantic Avenue Subdistrict, the provisions of Section [32-421](#) (Limitation on floors occupied by commercial uses) restricting the location of non-**residential uses** listed in Use Groups 6, 7, 8, 9 or 14 to below the level of the first **story** ceiling in any **building** occupied on one of its upper **stories** by **residential** or **community facility uses**, shall not apply. In lieu thereof, such non-**residential uses** shall not be located above the level of the second **story** ceiling.

101-12 - Transparency Requirements

LAST AMENDED
2/2/2011

Map 3 (Ground Floor Transparency Requirements) in Appendix E of this Chapter specifies locations where the following transparency requirements apply.

For any **buildings developed** after June 28, 2004, or portions of **buildings enlarged** on the ground floor level after June 28, 2004, each ground floor **street wall** shall be glazed in accordance with the provisions of Section [37-34](#) (Minimum Transparency Requirements).

101-13 - Sign Regulations

LAST AMENDED
6/28/2004

In the **Special Downtown Brooklyn District**, except as modified by the provisions of Section [101-131](#) (Permitted projection), the regulations of Section [32-60](#), et seq., pertaining to **signs**, shall apply. Further regulations for the Fulton Mall Subdistrict and the Atlantic Avenue Subdistrict are set forth in Section [101-60](#), inclusive, and Section [101-70](#), inclusive.

101-131 - Permitted projection

LAST AMENDED
6/28/2004

The provisions of Section [32-652](#) (Permitted projection in all other Commercial Districts) shall not apply. In lieu thereof, the provisions of this Section shall apply.

No permitted **sign** shall project across a **street line** more than 12 inches, except as otherwise provided in this Section.

Banners for theaters may project across a **street line** for a maximum distance of four feet, provided such banners are separated at least 25 feet apart, and further provided that such banners are located between 12 feet and 40 feet above **curb level**.

For each establishment located on the ground floor, non-**illuminated** double-faced **signs** may project perpendicularly across a **street line** for a maximum distance of 40 inches, provided that no more than two such **signs**, separated at least 25 feet apart, are permitted along each **street** on which such establishment fronts, and further provided that any such **sign** shall not exceed a **surface area** of 24 by 36 inches, and shall not be located above the sill level of the second **story** windows.

101-20 - SPECIAL BULK REGULATIONS

LAST AMENDED
6/28/2004

The bulk regulations of the underlying districts shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive.

Within **Mandatory Inclusionary Housing areas**, as shown on the map in APPENDIX F of this Resolution, the provisions of Sections [23-154](#) (Inclusionary Housing) and [23-90](#) (INCLUSIONARY HOUSING) shall apply.

101-21 - Special Floor Area and Lot Coverage Regulations

LAST AMENDED
3/13/2019

R7-1 C6-1 C6-4.5 C6-6 C6-9

(a) In R7-1 Districts

In R7-1 Districts, the **floor area ratio** and **open space ratio** provisions applicable to **residential buildings** and **residential** portions of **mixed buildings** pursuant to Sections [23-151](#) and [23-154](#) shall not apply. In lieu thereof, the maximum **floor area ratio** for **residential buildings** or **residential** portions of **mixed buildings** shall be 4.0. The maximum **lot coverage** for **residential buildings** or **residential** portions of **mixed buildings** shall be 65 percent for **interior lots**, except that for **affordable independent residences for seniors** the maximum **lot coverage** for **interior lots** shall be 70 percent. For all **residential buildings** or **residential** portions of **mixed buildings**, the maximum **lot coverage** for **corner lots** shall be 100 percent.

(b) In C6-1 Districts

In C6-1 Districts, the **floor area ratio** and **open space ratio** provisions applicable to **residential buildings** and **residential** portions of **mixed buildings**, pursuant to Sections [23-151](#) and [23-154](#), shall not apply. In lieu thereof, the maximum **floor area ratio** for **residential buildings** or **residential** portions of **mixed buildings** shall be 3.44. The maximum **lot coverage** for **residential buildings** or **residential** portions of **mixed buildings** shall be 65 percent for **interior lots**, except that for **affordable independent residences for seniors** the maximum **lot coverage** for **interior lots** shall be 70 percent. For all **residential buildings** or **residential** portions of **mixed buildings**, the maximum **lot coverage** for **corner lots** shall be 100 percent. For **Quality Housing buildings**, the underlying **floor area ratio** and **lot coverage** regulations shall apply.

(c) In C6-4.5 Districts

In C6-4.5 Districts, the maximum permitted **floor area ratio** for **commercial** or **community facility uses** shall be 12.0. No **floor area** bonuses for **commercial** or **community facility uses** shall be permitted.

(d) In C6-6 Districts

In C6-6 Districts, the maximum permitted **floor area ratio** for **commercial** or **community facility uses** shall be 15.0, and the maximum **residential floor area ratio** shall be 9.0. No **floor area** bonuses shall be permitted.

(e) In C6-9 Districts

In C6-9 Districts, the maximum permitted **floor area ratio** for **commercial** or **community facility uses** shall be 18.0, and no **commercial** or **community facility floor area** bonuses shall be permitted. In addition, **residential floor area ratio** may be increased only pursuant to the applicable provisions of Section [23-154](#) (Inclusionary Housing), and no other **residential floor area** bonuses shall be permitted.

However, in the C6-9 District bounded by Flatbush Avenue, State Street, 3rd Avenue and Schermerhorn Street, the maximum permitted **floor area ratio** for **commercial** or **community facility uses** shall be 12.0, and the maximum **residential floor area ratio** shall be 9.0. No **floor area** bonuses shall be permitted. However, on a **zoning lot** with a minimum **lot area** of 50,000 square feet improved with public **schools** containing at least 100,000 square feet of floor space **developed** pursuant to an agreement with the New York City Educational Construction Fund, the maximum permitted **floor area ratio** for **commercial** or **community facility uses**

shall be 15.0, and the maximum **residential floor area ratio** shall be 12.0. Up to 46,050 square feet of floor space within such public **schools** shall be exempt from the definition of **floor area** for the purposes of calculating the permitted **floor area ratio** for **community facility uses** and the total maximum **floor area ratio** of the **zoning lot**. In addition, any **building** containing **residences** may be **developed** in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 shall apply. In such instances, the **bulk** regulations of this Chapter shall be considered the applicable **bulk** regulations for **Quality Housing buildings**.

101-211 - Special permit for subway station improvements

LAST AMENDED
2/2/2011

Within the **Special Downtown Brooklyn District**, the City Planning Commission may grant, by special permit, a **floor area** bonus for **buildings** that provide subway station improvements, pursuant to the provisions of Section [74-634](#) (Subway station improvements in Downtown Brooklyn and in Commercial Districts of 10 FAR and above in Manhattan).

The total additional **floor area** permitted on the **zoning lot** shall not exceed 20 percent of the basic maximum **floor area ratio** permitted by the underlying district regulations.

For the purposes of the Special District, the **zoning lot** for the **development** that will receive the **floor area** bonus shall be adjacent to a subway station where major improvements have been provided. Upon completion of the improvement, the **zoning lot** will physically adjoin a subway station mezzanine, platform, concourse or connecting passageway.

The subway stations where such improvements are permitted are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

Station	Line
Borough Hall	Eastern Parkway
Court Street	Montague Street Tunnel
DeKalb Avenue	4th Avenue/Brighton
Hoyt Street	Eastern Parkway
Hoyt-Schermerhorn Street	Crosstown/Fulton Street
Jay St.-MetroTech	Culver/Fulton Street
Lawrence Street	Montague Street Tunnel
Nevins Street	Eastern Parkway
Atlantic Ave-Pacific Street	4th Avenue/Brighton/Eastern Parkway

101-22 - Special Height and Setback Regulations

LAST AMENDED
2/2/2011

The height of all **buildings or other structures** shall be measured from the **base plane**. The provisions of Section [101-221](#) (Permitted Obstructions) shall apply to all **buildings** within the **Special Downtown Brooklyn District**.

In R7-1, C5-4, C6-1, C6-4 and C6-9 Districts, except C6-1A Districts, the underlying height and setback regulations shall not apply. In lieu thereof, all **buildings or other structures** shall comply with the provisions of Section [101-222](#) (Standard height and setback regulations) or, as an option where applicable, Section [101-223](#) (Tower regulations). **Buildings or other structures** within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas shall comply with the provisions of Section [101-30](#) (SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS). However, the underlying height and setback regulations shall apply to any **Quality Housing building**,

except that Quality Housing height and setback regulations shall not be applicable within any R7-1 District mapped within a C2-4 District.

101-221 - Permitted Obstructions

LAST AMENDED
4/30/2012

The provisions of Section [33-42](#) (Permitted Obstructions) shall apply to all **buildings** within the **Special Downtown Brooklyn District**, except that dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c)(1) of Section [23-621](#) (Permitted obstructions in certain districts).

101-222 - Standard height and setback regulations

LAST AMENDED
11/16/2016

C2-4/R7-1 C6-1 C6-4.5 C6-6 C6-9

In the districts indicated, except C6-1A Districts, a **building or other structure** shall not exceed the applicable maximum **building** height set forth in the table in this Section. Furthermore, any portion of a **building or other structure** that exceeds the applicable maximum base height shall be set back at least 10 feet from a **wide street line** and at least 15 feet from a **narrow street line**.

MAXIMUM BASE HEIGHTS AND MAXIMUM BUILDING HEIGHTS IN C2-4/R7-1, C6-1, C6-4.5, C6-6 AND C6-9 DISTRICTS

District	Maximum Base Height		Maximum building Height	
	Beyond 100 feet of a wide street	Within 100 feet of a wide street	Beyond 100 feet of a wide street	Within 100 feet of a wide street
C2-4/R7-1	85	85	160	160
C6-1	125	150	185	210
C6-4.5 C6-6 C6-9	125	150	250	250

C5-4 C6-4

In the districts indicated, the maximum height of a **building or other structure** and the maximum number of **stories** shall be as set forth in Section [23-662](#) (Maximum height of buildings and setback regulations) for an R10 District. For **buildings** meeting the criteria set forth in paragraph (a) of Section [23-664](#) (Modified height and setback regulations for certain Inclusionary Housing buildings or affordable independent residences for seniors), such maximum heights and number of **stories** may be modified in accordance with the provisions of paragraph (b) of Section [23-664](#) for an R10 District. Separate maximum **building** heights are set forth within such Sections for **Quality Housing buildings** with **qualifying ground floors** and for those with **non-qualifying ground floors**. Furthermore, any portion of a **building or other structure** that exceeds the applicable maximum base height shall be set back at least 10 feet from a **wide street line** and at least 15 feet from a **narrow street line**.

101-223 - Tower regulations

LAST AMENDED
11/16/2016

C5-4 C6-1 C6-4 C6-6 C6-9

In the districts indicated, except C6-1A Districts, the provisions of this Section shall apply as an alternative to the provisions of Section [101-222](#) (Standard height and setback regulations).

(a) Setback requirements for **residential** towers

For **buildings** that contain **residential floor area** above a height of 85 feet, a setback is required for all portions of such **buildings** that exceed a height of 85 feet. Such portions of **buildings** shall be set back at least 10 feet from a **wide street line** and at least 15 feet from a **narrow street line**.

(b) Setback requirements for **commercial** or **community facility** towers

For **buildings** that contain **commercial** or **community facility floor area** above a height of 85 feet, a setback is required for all portions of such **buildings** that exceed a height of 85 feet.

For **zoning lots** that do not exceed a **lot area** of 15,000 square feet, such portions of **buildings** shall be set back at least 10 feet from a **wide street line** and at least 15 feet from a **narrow street line**. For **zoning lots** that exceed an area of 15,000 square feet, such portions shall be set back at least 20 feet from any **street line**.

However, setbacks shall not be required for any portion of a **building** fronting upon the south side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, or upon that portion of the Flatbush Avenue Extension between Willoughby Street and DeKalb Avenue within 250 feet of Willoughby Street, or for any **building** fronting upon the north side of Willoughby Street between Gold Street and the Flatbush Avenue Extension, provided that this exemption shall not be applicable to portions of **buildings** above 85 feet that contain **residential floor area**.

(c) **Lot coverage** requirements for towers

All **buildings**, or portions thereof, shall have a maximum **lot coverage** of 65 percent of the **lot area** of the **zoning lot** above a height of 150 feet, up to a height of 300 feet. Above a height of 300 feet, all **buildings**, or portions thereof, shall have a maximum **lot coverage** of 50 percent of the **lot area** of the **zoning lot**. However, any portion of a **building** containing **residential floor area** above a height of 150 feet shall have a maximum **lot coverage** of 40 percent of the **lot area** of the **zoning lot** or, for **zoning lots** less than 20,000 square feet, the percentage set forth in the table in this Section:

LOT COVERAGE OF TOWERS ON SMALL ZONING LOTS

Area of Zoning Lot (in sq. ft.)	Maximum Percentage of Lot Coverage
10,500 or less	50
10,501 to 11,500	49
11,501 to 12,500	48
12,501 to 13,500	47
13,501 to 14,500	46
14,501 to 15,500	45
15,501 to 16,500	44
16,501 to 17,500	43
17,501 to 18,500	42
18,501 to 19,999	41

(d) Maximum **building** height

In C6-1 Districts, the maximum height of a **building or other structure** shall be 495 feet. No height limit shall apply within a C5-4, C6-4, C6-6 or C6-9 District.

101-30 - SPECIAL PROVISIONS WITHIN HEIGHT LIMITATION AREAS

The provisions of this Section shall apply within the Flatbush Avenue Extension and Schermerhorn Street Height Limitation Areas, as shown on Map 6 in Appendix E of this Chapter.

(a) Flatbush Avenue Extension Height Limitation Area

Within the Flatbush Avenue Extension Height Limitation Area, no **building or other structure** shall exceed a height of 400 feet.

(b) Schermerhorn Street Height Limitation Area

Within the Schermerhorn Street Height Limitation Area, the provisions of this paragraph, (b), shall apply:

(1) **Public plaza** prohibition

No **public plazas** shall be permitted within Area B of Map 6.

(2) Height and setback regulations

The tower provisions of Section [101-223](#) shall not apply. The standard height and setback regulations of Section [101-222](#) shall apply within Area A of Map 6, and are modified to limit maximum **building** height to 140 feet within Area B, and to permit a maximum **building** height of 250 feet within Area C of Map 6. For **Quality Housing buildings**, the underlying height and setback regulations shall apply, except that the maximum height of a **building** shall be as specified on Map 6 or as specified pursuant to the Quality Housing Program, whichever is less.

(3) **Rear yard** modification

The provisions of Sections [23-532](#) (Required rear yard equivalents) or [23-533](#) (Required rear yard equivalents for Quality Housing buildings), as applicable, shall not apply to any **through lot**. In lieu thereof, an open area with a minimum depth of 60 feet, midway, or within 10 feet of being midway between the two **street lines** upon which such **through lot** fronts, shall be provided. Such **rear yard** shall be unobstructed from its lowest level to the sky, except as provided in Section [23-44](#) (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

101-40 - MANDATORY DISTRICT PLAN ELEMENTS

LAST AMENDED
6/28/2004

101-41 - Special Street Wall Location Regulations

LAST AMENDED
11/16/2016

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the special **street wall** location regulations of this Section apply. However, such regulations shall not apply along the **street** frontage of that portion of any **zoning lot** occupied by existing **buildings** to remain.

(a) Fulton Mall Subdistrict

Within the Fulton Mall Subdistrict, the **street wall** of any **building** shall be located on the **street line** and shall extend along the full length of the **street line** for that portion of the **building** within the Subdistrict, except that on **corner lots**, no **street wall** shall be required within 100 feet of the intersection of two **street lines** where the interior angle formed by such intersecting **street lines** is 45 degrees or less. Such required **street walls** shall extend to a minimum height of 60 feet above **curb level** or the height of the **building**, whichever is less, and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Sections [101-222](#) (Standard height and setback regulations) or [101-223](#) (Tower regulations) shall apply.

(b) Atlantic Avenue Subdistrict

Within the Atlantic Avenue Subdistrict, the underlying height and setback regulations shall apply, except that the front wall of any **building** shall be coincident with the **street line** for a minimum height of 16 feet above **curb level** and, in a C2-4 District mapped within an R6A District, a maximum height of 50 feet above **curb level** or, in a C2-4 District mapped within an R7A District, a maximum height of 60 feet above **curb level**.

(c) Willoughby Square

For **buildings** fronting upon Willoughby Square, at least 70 percent of the **street wall** of that portion of the **building** fronting upon Willoughby Square shall be located on the **street line** and extend to a minimum height of 80 feet and a maximum height of 85 feet. Above a height of 85 feet, the provisions of Section [101-223](#) shall apply.

(d) All other areas

On all other **streets** shown on Map 4, at least 70 percent of the **aggregate width of street walls** of any **building** shall be located within eight feet of the **street line** and extend to at least a height of 40 feet in R7-1 Districts mapped within C2-4 Districts and at least a height of 60 feet in all other districts, or the height of the **building**, whichever is less, except that on **corner lots**, no **street wall** shall be required within 100 feet of the intersection of two **street lines** where the interior angle formed by such intersecting **street lines** is 45 degrees or less. However, such regulations shall not apply to any **building** fronting upon the north side of Willoughby Street between Gold Street and the Flatbush Avenue Extension.

101-42 - Mandatory Sidewalk Widening

LAST AMENDED
2/2/2011

Map 4 (Street Wall Continuity and Mandatory Sidewalk Widening) in Appendix E of this Chapter specifies locations where the sidewalk widening regulations of this Section apply. Such regulations shall apply to all **developments** and to those horizontal **enlargements** where the **enlarged** portion of the **building** contains a **floor area ratio** of 3.0 or more.

All **buildings** that front upon the southerly **street line** of Willoughby Street between Adams Street and the Flatbush Avenue Extension shall provide a five foot deep sidewalk widening along the full frontage of the **zoning lot** along Willoughby Street. Such sidewalk widening shall be improved as a sidewalk to Department of Transportation standards, be at the same level as the adjoining public sidewalk and be accessible to the public at all times. For the purposes of applying the height and setback regulations of Section [101-22](#), inclusive, and the **street wall** location requirements of Section [101-41](#), the sidewalk widening line shall be considered to be the **street line**.

101-43 - Off-street Relocation or Renovation of a Subway Stair

LAST AMENDED
2/2/2011

Where a **development** is constructed on a **zoning lot** that contains at least 5,000 square feet of **lot area** and fronts on a sidewalk containing a stairway entrance or entrances into a subway station, the existing entrance or entrances shall be relocated from the **street** onto the **zoning lot**. For the purposes of this Section, a **development** shall not include an **extension**. The new entrance or entrances shall be provided in accordance with the provisions of Section [37-40](#) (OFF-STREET RELOCATION OR RENOVATION OF A SUBWAY STAIR). The subway stations where such improvements are required are listed in the following table and shown on Map 7 (Subway Station Improvement Areas) in Appendix E of this Chapter.

Station	Line
Court Street-Borough Hall	Eastern Parkway/Montague Street Tunnel
DeKalb Avenue	4th Avenue/Brighton
Hoyt Street	Eastern Parkway
Hoyt-Schermerhorn Street	Crosstown/Fulton Street
Jay Street-MetroTech	Culver/Fulton Street
Lawrence Street	Montague Street Tunnel
Nevins Street	Eastern Parkway
Atlantic Avenue-Pacific Street	4th Avenue

101-50 - OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

LAST AMENDED
12/10/2012

The provisions of Article II, Chapter 5, and Article III, Chapter 6 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except that the **accessory** parking requirements of Section [25-23](#) (Requirements Where Group Parking Facilities Are Provided) shall be modified to require **accessory** off-street parking spaces for at least 20 percent of the total number of new **dwelling units**. However, such modification shall not apply in R6B Districts.

101-51 - Curb Cut Restrictions

LAST AMENDED
12/10/2012

Along the **streets** specified on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a **street** specified on Map 5, for parking facilities and loading berths on a **zoning lot** that does not have access or egress on another **street**, provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will result in a good overall site plan.

101-52 - Reservoir Spaces

LAST AMENDED
6/28/2004

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir space.

(a) Attended parking facilities

Attended **accessory** parking facilities, **public parking garages** or **public parking lots** with more than 25 parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

- (1) for parking facilities with more than 25 parking spaces and up to 50 parking spaces: five percent of the total number of parking spaces;
- (2) for parking facilities with more than 50 parking spaces and up to 100 parking spaces: 10 percent of the total number of parking spaces;
- (3) for parking facilities with more than 100 parking spaces and up to 200 parking spaces: 10 parking spaces; and
- (4) for parking facilities with more than 200 parking spaces: five percent of the total number of parking spaces. However, such number of reservoir spaces need not exceed 50.

(b) **Automated parking facilities**

For **automated parking facilities**, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such **automated parking facility** warrant such a reduction.

(c) Self-parking facilities

For self-parking **accessory** parking facilities, **public parking garages** and **public parking lots**, where entering vehicles are required to stop at a mechanically operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the **street line**.

101-53 - Garages

LAST AMENDED
12/10/2012

101-531 - Public parking garages

LAST AMENDED 3/22/2016

Public parking garages with 225 or fewer spaces shall be permitted as-of-right, provided that such garages are, except for entrances and exits, entirely below the level of any **street** or **publicly accessible open area** upon which such facility, or portion thereof, fronts. In addition to a maximum number of 225 public parking spaces, such garages may include required **accessory** parking spaces, which may be provided at any level. Any **accessory** parking spaces that are not required shall be included with all other public parking spaces in such **public parking garage** for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such **public parking garage**.

101-532 - Off-site accessory parking spaces in public garages

LAST AMENDED 3/22/2016

Section [36-57](#) (Accessory Off-street Parking Spaces in Public Garages) shall be modified to allow **accessory** off-street parking spaces in any **public parking garage developed** after December 10, 2012, provided such off-site spaces comply with the provisions of Section [101-55](#) (Location of Off-site Parking Spaces).

101-533 - Pedestrian safety

LAST AMENDED 3/22/2016

The provisions of this Section shall apply to parking facilities created after December 10, 2012, or for parking facilities enlarged by 50 or more spaces after December 10, 2012. For all **accessory** parking garages and **public parking garages**, the following safety features shall be provided at all vehicular exit points:

- (a) a 'stop' sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road; and
- (b) a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump shall:
 - (1) span the entire width of such exit lane;
 - (2) have a minimum of two inches in height, as measured from the adjoining grade of the exit lane, and a maximum depth of 12 inches; and
 - (3) be located a minimum of four feet beyond the **street line**, as measured perpendicular to the **street line**.

101-534 - Stackers in garages

LAST AMENDED 3/22/2016

Within an enclosed attended parking facility with parking lift systems, for individual lifted trays upon which a vehicle is stored, each tray upon which a vehicle is stored shall be considered 153 square feet of **floor area**, except if located in portions of a **building** exempt from the definition of **floor area** pursuant to Section [12-10](#) (DEFINITIONS).

101-535 - Automated parking facilities

LAST AMENDED 3/22/2016

For an **automated parking facility**, the minimum size of spaces regulated in Sections [25-62](#) (Size and Location of Spaces) and [36-521](#) (Size of spaces) shall not apply.

For the purpose of calculating parking spaces in **automated parking facilities**, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are needed to routinely store and retrieve vehicles for the efficient operation of such **automated parking facility**.

Within an **automated parking facility**, each tray upon which a vehicle is stored shall be considered 153 square feet of **floor area**, except if located in portions of a **building** exempt from the definition of **floor area** pursuant to Section [12-10](#) (DEFINITIONS).

101-536 - Special permit for public parking garages

Section [74-52](#) (Parking Garages or Public Parking Lots in High Density Central Areas) shall not apply to **public parking garages**. In lieu thereof, the City Planning Commission may permit:

- (a) a **public parking garage** that does not comply with the provisions of Section [101-531](#) (Public parking garages), provided that such garage complies with all other applicable regulations set forth in Section [101-50](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS); and
- (b) floor space on one or more **stories**, up to a height of 23 feet above **curb level**, to be exempted from the definition of **floor area** as set forth in Section [12-10](#).

In order to grant a special permit for such **use** or **floor area** exemption, the Commission shall find that:

- (1) such **use** will be compatible with the surrounding area, and will not adversely affect the growth and development of **uses** comprising vital and essential functions in the general area within which such **use** is to be located;
- (2) the proposed materials and articulation of the **street wall** of the parking facility are compatible with **buildings** in the surrounding area;
- (3) the ground floor level of such parking facilities that front upon **streets** with a width of 60 feet or more, or that front upon public access areas, is occupied by **commercial, community facility** or **residential uses** that generate activity on all such adjoining **streets** or public areas, except at the entrances and exits to the parking facility. Where site planning constraints make such **uses** infeasible, the parking facility shall be screened from such adjoining **streets** or public access areas with a strip at least five feet deep, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen, at least six feet high, within three years. Where such screening is not desirable, a total of at least 50 percent of the exterior **building** wall with adjacent parking spaces shall consist of opaque materials that include graphic or sculptural art, or living plant material;
- (4) any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind **commercial, community facility** or **residential floor area**, so as to minimize the visibility of the parking facility from adjoining **streets** with a width of 60 feet or more, or public access areas. Any exterior wall of the parking facility visible from an adjoining **street** or public access area shall be articulated in a manner that is compatible with **buildings** in the surrounding area;
- (5) such **use** will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the **streets** providing access to such **use** will be adequate to handle the traffic generated thereby;
- (6) such **use** and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and through residential **streets** in nearby areas; and
- (7) if any floor space is exempted from the definition of **floor area**, such additional floor space is necessary to prevent excessive on-street parking demand and relieve traffic congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on **signs**, or requirements for shielding of floodlights, or locations of entrances and exits.

101-54 - Restrictions on Use of Accessory Off-street Parking Spaces

LAST AMENDED
12/10/2012

The provisions of Section [36-46](#) (Restrictions on Use of Accessory Off-street Parking Spaces) shall apply, provided that all **Commercial Districts** within the **Special Downtown Brooklyn District** shall be considered a C6 District for the purposes of such Section, inclusive. However, the provisions of this Section shall not apply within the Atlantic Avenue Subdistrict.

101-55 - Location of Off-site Parking Spaces

LAST AMENDED
12/10/2012

Sections [25-50](#) and [36-40](#) (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply, except that where the **use** generating the parking requirement and the **zoning lot** providing the parking spaces are both within the **Special Downtown Brooklyn District**, Sections [25-521](#) and [36-421](#) (Maximum distance from zoning lot) shall be modified to permit **accessory** parking spaces to be located up to 2,500 feet from the **zoning lot** occupied by the **residences** to which they are **accessory**.

101-60 - FULTON MALL SUBDISTRICT

101-601 - General purposes of the Fulton Mall Subdistrict

LAST AMENDED
6/28/2004

The general goals of the Fulton Mall Subdistrict include, among others, the following purposes:

- (a) to foster and promote the orderly expansion of retail development so that Downtown Brooklyn will enhance its position as a major regional shopping center, provide an increasing number of employment opportunities and encourage the development of a desirable shopping and working environment;
- (b) to complement public improvements in the area implemented either directly or indirectly by the City of New York by encouraging private investment in signs, facades and new development that will enhance the visual appearance and character of structures in the vicinity of Fulton Mall;
- (c) to create an attractive shopping environment in the vicinity of the Fulton Mall, the construction of which will implement a plan for improved pedestrian and vehicular circulation; and
- (d) to encourage a desirable urban design relationship between each building and the Fulton Mall.

101-602 - General provisions for the Fulton Mall Subdistrict

LAST AMENDED
6/28/2004

Within the Fulton Mall Subdistrict, any change of **use** to another **use** listed in the same or another Use Group shall be subject to the special **use** regulations of Section [101-10](#), the special **sign** regulations of Section [101-61](#), inclusive, and the special transparency provisions of Section [101-12](#).

On application, the City Planning Commission may authorize minor modifications of the regulations of Sections [101-61](#), inclusive, and [101-12](#) and [101-62](#), inclusive, governing **signs**, transparency and facades within the Fulton Mall Subdistrict, upon the Commission's finding that the proposed modifications are in conformity with the principles of good design and are not inconsistent with the purposes of this Chapter.

101-61 - Special Sign Regulations for the Fulton Mall Subdistrict

LAST AMENDED
6/28/2004

Any erection of a new **sign**, or alteration (including a change in graphic representation on an existing **sign**), reconstruction or replacement of an existing **sign**, shall be subject to the special **sign** regulations of this Section, inclusive.

101-611 - Area of permitted signs

LAST AMENDED
6/28/2004

Except for projecting **signs** that comply with the provisions of Section [101-131](#) (Permitted projection), all permitted **signs** in the Fulton Mall Subdistrict shall be subject to the applicable provisions of Section [32-64](#) (Surface Area and Illumination Provisions), Section [101-612](#) (Sign band) and this Section.

101-612 - Sign band

LAST AMENDED
2/2/2011

- (a) **Sign** located within the **sign** band

A **commercial** establishment located on the ground floor of a **building** may have one **sign** located on each **street** frontage within a **sign** band as defined in this Section.

The **sign** band shall have a lower limit of 10 feet above **curb level** and an upper limit coincident with the bottom of the lowest window sill on the second floor of a **building**, but in no event more than 15 feet above **curb level**. A **sign** located within the **sign** band may be applied directly to the surface of a **building** or to a **sign** board affixed to the surface of a **building**. If a **sign** board is

employed, such **sign** board shall be entirely within the **sign** band, shall be mounted horizontally, shall have a uniform color over its entire surface excluding perimeter frame or trim and shall extend the full length of the **street wall** of the establishment to which it is **accessory**, except that such **sign** board may be interrupted by vertical architectural elements such as columns, pilasters or other integral architectural elements. Any background material shall be considered as a **sign** board, unless it extends the full length of the **street wall** of a **building** (or that portion of a **building** occupied by the establishment) and the full height of the **building** up to the topmost cornice. On **corner lots**, a **sign** or **sign** boards shall be the same vertical dimension and shall be mounted at the same height above the **curb level** on both **street** frontages.

If more than one **commercial** establishment is located on the ground floor of a **building**, the **signs** located within the **sign** band **accessory** to each such establishment shall consist of letters and symbols of approximately the same size for each establishment, either applied directly to the surface of the **building** or to a common **sign** board affixed to the surface of a **building**.

As of March 16, 1978, the owner or lessee of a **building** with more than one ground floor establishment shall be responsible (unless the **sign** is applied directly to the surface of the **building**) for specifying the requirements of a common **sign** board, which shall include, but are not limited to, vertical dimension, mounting height, background color, material, whether illuminated and method of illumination (if applicable) which shall be the same for each establishment and shall be adhered to by each establishment employing a **sign** board.

A **sign accessory** to **uses** on the upper floors of a **building** may be located within the **sign** band when it directs attention to a ground floor entrance of an establishment located on the upper floors of a **building**.

(b) **Signs** located below the **sign** band

Signs accessory to **commercial** establishments located on the ground floor of a **building** may be located between **curb level** and 10 feet above **curb level**. **Signs** in **show windows**, on doors, or on transoms above doors, shall not occupy more than 20 percent of the total area of such **show windows**, doors or transoms above doors in which they are displayed, and are limited to writing (including letter, word or numeral) not more than eight inches high. Such **sign** shall be applied directly to **show windows**, doors or transoms above doors, without background, or to a transparent panel hung behind the plane of the **show window** surface, door or transom above a door. Non-flashing **illuminated signs** (such as neon, etc.) shall be permitted providing that such **signs** are essentially transparent, i.e., without background or enclosure.

Incidental **signs**, identifying store name, address and hours of operation shall not exceed 10 square feet (including background) for an individual **sign** and shall not exceed, in aggregate (square feet), one-fifth the **street** frontage of the establishment but in no event more than 50 square feet for **interior** or **through lots** or 50 square feet on each frontage for **corner lots**.

An establishment located above the ground floor of a **building** that has an entrance on the ground floor may have one **sign** directing attention to the entrance.

(c) **Signs** located above the **sign** band

Signs accessory to **commercial** establishments which occupy space above the ground floor of a **building** may be located between 20 feet and 40 feet above **curb level**. Such establishments may have **signs** in windows provided that such **sign** does not occupy more than 30 percent of the window to which it is applied, that the remainder of the window is transparent, and that all such **signs** for an establishment have similar size and style of writing, pictorial representation, emblem or any other figure of similar character. **Commercial** establishments which occupy space above the ground floor may have one **sign** located above the **sign** band which is applied directly to the surface of a **building** or to a **sign** board affixed to the surface of a **building**. If a **sign** board is employed, such **sign** board shall be mounted horizontally, shall have a uniform color over its entire surface, excluding perimeter frame and trim, and shall not be located between windows. The total **surface area** of all **signs** located above the **sign** band shall not exceed three times the **street** frontage of the **zoning lot** (in feet) but in no event more than 200 square feet on each frontage.

No **sign** or **sign** board shall extend above the parapet wall or shall obscure any cornice or window.

101-613 - Special sign content regulations

LAST AMENDED
6/28/2004

Except as further defined by the regulations of the **Special Downtown Brooklyn District**, permitted **signs** are limited to the following message:

- store name;
- symbol or logo;
- address;
- date of establishment; and

description of product or service offered.

101-614 - Sign illuminations

LAST AMENDED
6/28/2004

Signs may be illuminated by either:

- (a) internal illumination; or
- (b) an external source that shall be so arranged that it projects no more than 12 inches from the **sign** it illuminates, and so that no direct rays of light are projected into adjoining **buildings** or the **street**. No **flashing signs** are permitted nor are flashing or rotating light sources except **illuminated signs** that indicate the time, temperature, weather or other similar information, pursuant to the definition of **flashing sign** in Section [12-10](#).

101-615 - Temporary signs

LAST AMENDED
6/28/2004

Temporary **signs** relating to sales or events of limited duration not to exceed 45 days may be displayed in a **show window** of a **building**. Such **signs** must be removed after the last day of the sale or event to which they pertain. Temporary **signs** shall not occupy more than 20 percent of the surface area of the window in which they are displayed.

101-616 - Removal of existing signs with change of use

LAST AMENDED
6/28/2004

When a change of **use** or occupancy occurs within the Fulton Mall Subdistrict, all **signs** pertaining to the previous **use** or occupancy shall be removed within 45 days of the date such change takes place.

101-617 - "For sale" or "for rent" signs

LAST AMENDED
6/28/2004

"For sale" or "for rent" **signs**, with an area not exceeding 12 square feet, are permitted.

101-618 - Termination of certain non-conforming signs

LAST AMENDED
6/28/2004

In the Fulton Mall Subdistrict, Section [52-80](#) (REGULATIONS APPLYING TO NON-CONFORMING SIGNS) shall not apply. In lieu thereof, certain **non-conforming signs** may be continued until June 30, 1980, providing that after that date such **non-conforming signs** shall terminate and shall be removed in their entirety, including any supporting structure, frame or device. Such **signs** shall include:

advertising signs;

flashing signs;

signs located more than 40 feet above **curb level;**

roof **signs;**

signs extending above a parapet;

signs obscuring cornices and windows;

double or multi-faced **signs;** and

signs that project across a **street line** more than 12 inches.

Any **sign**, as of January 1, 1978, that forms an integral part of the surface of a **building or other structure** (such as a **sign** carved in stone, cast in metal or molded in terra cotta on a **building** whose facade is of such material) shall not be subject to the provisions of this Section.

101-62 - Special Bulk Regulations

LAST AMENDED
6/28/2004

101-621 - Special regulations concerning building facades

LAST AMENDED
6/28/2004

Any alteration to, or reconstruction of, the facade of an existing **building** shall be subject to the regulations of this Section, inclusive, but only to the extent of such work.

101-622 - Special provisions for building facades above the ground floor

LAST AMENDED
6/28/2004

Any alteration, **incidental alteration** or minor work done to the **street wall** of any **building** or portion of any **building** shall be accomplished in such matter that:

- (a) such **street wall** is treated with consistent materials, color and texture from the top of any ground floor windows or **sign** board to the top or the parapet, or to the bottom of a cornice if a cornice exists (access doors or panels, grilles or similar features shall be as inconspicuous as possible); and
- (b) where such **street wall** treatment covers any window opening, it shall completely cover all window openings in the **street wall**; or
- (c) where window openings remain uncovered, all windows shall be treated in a similar manner or, if sealed, all windows shall be covered by a panel set at least two inches behind the plane of the wall. Except where the material used to seal window openings is the same as the wall of the **building**, the window panel shall have a single color over its entire surface. All such window panels shall have the same color.

101-63 - Modification of Accessory Off-street Parking and Loading Requirements

LAST AMENDED
12/10/2012

The parking regulations of Section [101-50](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS) shall apply, except as set forth in this Section, inclusive.

101-631 - Restricted access and prohibition on curb cuts

LAST AMENDED
6/28/2004

In no case shall vehicular access and egress for **accessory** off-street parking, public parking facilities, permitted or required **accessory** off-street loading berths or the service entrance to a **building**, be located within 50 feet of Fulton Street or DeKalb Avenue within the Fulton Mall Subdistrict. No curb cuts are permitted within the Fulton Mall Subdistrict within 50 feet of Fulton Street or DeKalb Avenue.

101-632 - Waiver of off-street parking and loading requirements

LAST AMENDED
6/28/2004

The Commissioner of Buildings may waive any requirement in this Chapter that **accessory** off-street parking or loading berths be provided where the Commissioner finds that the required parking or loading cannot be provided consistent with Section [101-631](#) (Restricted access and prohibition on curb cuts).

101-70 - ATLANTIC AVENUE SUBDISTRICT

LAST AMENDED
6/28/2004

101-701 - General purposes

LAST AMENDED
6/28/2004

The general goals of the Atlantic Avenue Subdistrict include, among others, the following purposes:

- (a) to protect the existing scale and form of development on Atlantic Avenue, characterized by three- and four-story attached buildings with shops, built in the 19th century;
- (b) to preserve and enhance street life by maintaining a mix of residential and commercial uses, encouraging a variety of retail and service uses while limiting automotive service uses; and
- (c) to protect desirable architectural features of certain buildings by establishing design guidelines for renovation or alteration.

101-702 - Definitions specific to the Atlantic Avenue Subdistrict

LAST AMENDED
6/28/2004

For purposes of Sections [101-70](#) through [101-75](#), inclusive, concerning the Atlantic Avenue Subdistrict, matter in italics is defined in Section [12-10](#) (DEFINITIONS), Section [101-01](#) or in this Section.

Specified building type

Any **building** within the Atlantic Avenue Subdistrict erected prior to 1900, that has:

- (a) a front wall for the full width of the **zoning lot** for a height of from two to five **stories**;
- (b) a front wall of brick or stone, erected coincident with, or within five feet of, the **street line**, with windows at each **story** and a cornice at the parapet level; and
- (c) a storefront at the **basement** or ground floor.

A list of the **buildings** within the Atlantic Avenue Subdistrict that conform to the definition of **specified building type** appears in Appendix A of this Chapter.

Specified storefront type

Any storefront which is part of a **building** of the **specified building type** that has:

- (a) **show windows** projecting beyond the front wall of the **building**, occupying a total area of at least 35 square feet and a sill height of not more than three feet and a total height of not less than eight feet, measured from **curb level**; and
- (b) a projecting cornice above the storefront for its full width.

A list of **buildings** within the Atlantic Avenue Subdistrict having storefronts that conform to the definition of **specified storefront type** appears in Appendix B of this Chapter.

101-71 - Sign Regulations

LAST AMENDED
6/28/2004

In order to enhance the visual quality of the Atlantic Avenue Subdistrict, the following additional regulations shall apply to all **signs** within the Subdistrict.

101-711 - Total surface area of signs

LAST AMENDED
6/28/2004

The total **surface area** and number of all permitted **signs**, including non-**illuminated** and **illuminated signs**, shall not exceed the limitations set forth for non-**illuminated signs** in Section [101-712](#) (Area of non-illuminated signs).

101-712 - Area of non-illuminated signs

LAST AMENDED
2/2/2011

The total **surface area** (in square feet) of non-**illuminated signs** on a **zoning lot** shall not exceed three times the **street** frontage of the **zoning lot** (in feet), and in no event shall exceed 150 square feet for **interior** or **through lots** or 150 square feet on each frontage for **corner lots**. Each **commercial** establishment shall be permitted not more than one **sign**. The vertical dimension of any **sign** shall not exceed three feet. The provisions of this Section shall not apply to projecting **signs** that comply with the provisions of Section [101-131](#) (Permitted projection).

101-713 - Area of illuminated signs

LAST AMENDED
6/28/2004

The total **surface area** (in square feet) of **illuminated signs** on a **zoning lot** shall not exceed two times the **street** frontage of the **zoning lot** (in feet), and in no event shall exceed 50 square feet for **interior** or **through lots** or 50 square feet on each frontage for **corner lots**. The vertical dimension on any **illuminated sign** shall not exceed 2 feet, 6 inches, nor shall **illuminated signs** project more than 10 inches from the surface to which they are affixed.

101-714 - Permanent window graphics

LAST AMENDED
6/28/2004

Permanent window graphics may not occupy more than 20 percent of the total area of the window in which they are displayed. If such a permanent window graphic has letters more than three inches high, it shall count as a **sign**.

101-715 - Location of signs

LAST AMENDED
6/28/2004

If more than one **commercial** establishment is located on the same floor of a **building**, the **signs accessory** to all such establishments, except for projecting **signs** that comply with the provisions of Section [101-131](#) (Permitted projection), shall be of equal height and mounted or painted on a common **sign** board. All **signs** or common **sign** boards shall be located as follows:

- (a) if **accessory** to **uses** on the ground floor of a **building**, the **sign** or common **sign** board shall be located within a band extending the full length of the **street wall**, which band shall have a lower limit of eight feet above the ground floor and an upper limit coincident with the bottom of the lowest window sill on the second floor, but in no event more than 16 feet above **curb level**;
- (b) if **accessory** to **uses** on the upper floor of a **building**, the **sign** or common **sign** board shall be located between the highest window lintel of the floor on which the **use** is located and the lowest window sill of the floor above, but in no case more than 25 feet above **curb level**;
- (c) no **sign** may be located so as to obscure any cornice, except that a non-**illuminated sign** may be attached to a cornice if such **sign** consists of individual letters, emblems or figures mounted on open metal mesh attached to the cornice and finished to match the cornice, provided that the cornice remains visible; and
- (d) no **sign** or common **sign** board shall extend above the parapet wall or roof of the **building** on which it is displayed.

101-716 - Sign materials and colors

LAST AMENDED
6/28/2004

Signs may be fabricated of any opaque material that does not have a glossy or reflective surface, except that glossy translucent material may be used:

- (a) in areas where the intent is to imitate or replace glass, as in transoms; or
- (b) for individual letters in internally lit **illuminated signs**.

Background colors for **signs** or common **sign** boards shall be limited to black, navy blue, dark green, maroon or bronze.

101-72 - Modification of Bulk Regulations

LAST AMENDED
6/28/2004

101-721 - Height and setback

LAST AMENDED
2/2/2011

The underlying height and setback regulations shall apply, except that the front wall of any **building** shall be coincident with the **street line** for a minimum height above **curb level** of 16 feet and, in a C2-4 District mapped within an R6A District, a maximum height above **curb level** of 50 feet or, in a C2-4 District mapped within an R7A District, a maximum height above **curb level** of 60 feet.

101-73 - Special Provisions

LAST AMENDED
6/28/2004

101-731 - Special provisions for certain existing buildings

LAST AMENDED
2/2/2011

Any alteration, **incidental alteration** or minor work (including any change in, addition to, or removal from, the parts or materials of a **building**, including finishes) done to the front wall of any **building** of the **specified building type** shall comply with the following standards:

- (a) Alteration or reconstruction of storefronts shall comply with the provisions of Section 101-734.
- (b) Front walls which are replaced shall be erected to the same height and at the same location as the original walls. Replacement or repair of front walls shall be done with the same material as the original walls, except that stone may be replaced by another material finished in such a manner as to match the appearance of the original walls. Finishes and colors of front walls shall be of an approved type, as indicated in Appendix C of this Chapter.
- (c) Front walls which are replaced shall have windows at each floor, the area of which shall comply with the provisions of Section [101-733](#) (Special provisions for development and enlargement). Such windows shall have stone or precast lintels and sills having a minimum height of six inches and extending at least four inches beyond the window opening on either side. Existing window openings above the ground floor may not be reduced in size but may be completely sealed if the window area provisions of Section [101-733](#) are met. Such openings shall be completely sealed with masonry recessed at least two inches behind the wall and finished to match the wall. New windows shall be double-hung, fixed or casement sash finished in an approved manner, as indicated in Appendix D of this Chapter.
- (d) No existing cornice shall be removed unless required by the Department of Buildings. A cornice that must be removed shall be replaced by a new cornice having the same height, length and projection beyond the surface of the wall and finished in an approved color, as indicated in Appendix D of this Chapter.

101-732 - Special provisions for other existing buildings

LAST AMENDED
2/2/2011

Any alteration, **incidental alteration** or minor work done to the front wall of any **building** not of the **specified building type**, shall comply with the following standards:

- (a) alteration or replacement of storefronts shall comply with the provisions of Section [101-734](#); and
- (b) alteration or replacement of front walls shall comply with the provisions of Sections [101-721](#) (Height and setback) and [101-733](#) (Special provisions for development and enlargement).

101-733 - Special provisions for development and enlargement

LAST AMENDED
2/2/2011

The front wall of any **development** or **enlargement**, or the front wall of any **building** where the height or width of a **street wall** is proposed to be increased, shall be built to comply with the following standards:

- (a) The front wall shall extend along the full length of the Atlantic Avenue **street line**. It may be interrupted at the ground level by entrances or exits for off-street parking or loading spaces permitted pursuant to Section [101-744](#) (Special permit for public parking garages or public parking lots).

Front wall recesses are permitted for architectural purposes provided that the aggregate length at the level of any **story** does not exceed 25 percent of the length of the front wall where such recesses are permitted. The depth of such recesses shall not exceed three feet. No recesses are permitted within 20 feet of the intersections of two **street lines** forming an angle of 100 degrees or less.

- (b) Windows shall occupy at least 35 percent of the wall area at the level of any **story** above the ground floor. (For the purposes of calculation, the wall height at any **story** shall be measured between the floor and ceiling of that **story**.)
- (c) Window and door framing trim shall be finished in an approved color as indicated in Appendix D of this Chapter.

101-734 - Special provisions for storefronts

LAST AMENDED
2/2/2011

No storefront of the **specified storefront type** shall be demolished unless its demolition is required by the Department of Buildings. Reconstruction or repair of storefronts of the **specified storefront type** shall be done in such a manner as to retain or restore the original design and materials, except that plate glass may be replaced by transparent plastic. Such storefronts shall be finished in an approved manner, as indicated in Appendix D of this Chapter.

New storefronts installed in any existing or new **building** shall comply with Section [101-12](#) (Transparency Requirements) and the following standards:

- (a) A storefront installed in a **building** of the **specified building type** shall occupy at least the same area of the front wall as the original storefront. A storefront installed in any other **building** shall occupy the entire frontage of the front wall devoted to **commercial uses**.
- (b) Storefront entrance doors shall be set back a minimum of two feet behind the vertical surface of the **show windows**. A minimum of 50 percent of the door area shall be transparent glazed.
- (c) In the case of existing **buildings**, no existing cornice above a storefront shall be demolished unless required by the Department of Buildings. A cornice which is removed shall be replaced by a cornice having the same length, height and projection beyond the surface of the front wall. In any **building** of the **specified building type** where the original cornice above the storefront has been previously removed, any new storefront shall incorporate a cornice or fascia extending the full length of the store front and having a minimum height of two feet.
- (d) All framing elements, trim elements, doors, etc., of the storefront shall be finished in an approved manner, as indicated in Appendix D.
- (e) Any awning or canopy attached to a **building** with a storefront which incorporates a cornice shall be attached in such manner as not to obscure or cover the cornice.

101-74 - Modification of Accessory Off-street Parking and Loading Requirements

LAST AMENDED
12/10/2012

The provisions of Section [101-50](#) (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS), inclusive, shall not apply within the Atlantic Avenue Subdistrict.

101-741 - Accessory off-street parking

LAST AMENDED
2/2/2011

No **accessory** off-street parking facilities are required for any **residential** or **commercial development**, or portion thereof, within the Atlantic Avenue Subdistrict. In no case shall the number of permitted **accessory** off-street parking spaces for **residential use** exceed 40 percent of the number of **dwelling units**. All **accessory** parking spaces shall be designed and operated exclusively for the long term storage of private passenger motor vehicles used by the occupants of such **residences**.

In no case shall curb cuts for vehicular access be located on Atlantic Avenue or on a **street** within 50 feet of its intersection with the **street line** of Atlantic Avenue. No off-site **accessory** off-street parking facilities for any **use** shall be permitted within the Atlantic Avenue Subdistrict.

The parking requirements set forth in Sections [25-31](#) or [36-21](#) shall not apply to any **development** for which the Commissioner of Buildings has certified that there is no way to provide the required parking spaces with access to a **street** in conformity with the provisions of this Section.

101-742 - Screening

LAST AMENDED
6/28/2004

Any permitted **accessory** off-street parking area, regardless of size or location, shall be screened from all adjoining **zoning lots** and **streets** by screening that complies with the provisions of Section [36-56](#) (Screening) and which, in the case of a wall or barrier or uniformly painted fence, is finished in an approved color as indicated in Appendix D of this Chapter.

101-743 - Accessory off-street loading

LAST AMENDED
2/2/2011

Curb cuts for vehicular access to **accessory** off-street loading berths shall not be located on Atlantic Avenue or on a **street** within 50 feet of its intersection with the **street line** of Atlantic Avenue. However, the City Planning Commission may, by authorization, permit a curb cut on Atlantic Avenue, provided that:

- (a) such curb cut is a relocation of an existing curb cut on the **zoning lot**; and
- (b) such curb cut will not unduly inhibit surface traffic and pedestrian flow along Atlantic Avenue.

The loading berth requirements of Section [25-72](#) or [36-62](#) shall not apply to any **development** for which the Commissioner of Buildings has certified that there is no way to provide the required loading berths with access to a **street** in conformity with the provisions of this Section.

All **accessory** off-street loading berths shall be enclosed within a **building**.

101-744 - Special permit for public parking garages or public parking lots

LAST AMENDED
2/2/2011

The City Planning Commission may grant a special permit for **public parking garages** or **public parking lots** with a capacity of not more than 100 spaces, provided that the regulations set forth in Sections [36-53](#) (Width of Curb Cuts and Location of Access to the Street), [36-55](#) (Surfacing) and [36-56](#) (Screening), are met and that no roof parking is permitted. The Commission may permit floor space on one or more **stories**, and up to a height of 23 feet above **curb level**, to be exempted from the definition of **floor area** set forth in Section [12-10](#) (DEFINITIONS). As a condition of permitting such **use**, the Commission shall make the following findings:

- (a) such **use** is so located as to draw a minimum of vehicular traffic to and through local **streets** in nearby residential areas;
- (b) such **use** has adequate reservoir space at the vehicular entrance to accommodate a minimum of 10 automobiles or 20 percent of the spaces so provided, whichever amount is less; and
- (c) where any floor space is exempted from the definition of **floor area**, such additional floor space is needed in order to prevent excessive on-street parking demand and relieve traffic congestion.

101-75 - Special Provisions for Demolition of Buildings

LAST AMENDED
2/2/2011

Except in the case of **buildings** that are unsafe and the demolition of which is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, or its successor, of the New York City Administrative Code, no demolition permit shall be issued by the Department of Buildings for any **development** within the Subdistrict until:

- (a) the owner of the property has obtained a building application approval for the new **development** or **enlargement**; and
- (b) the owner shall have presented evidence of having a commitment from a domestic bank, insurance company or real estate investment company, for construction financing, which shall be in the form of a letter trust.

101-80 - SPECIAL PERMITS

LAST AMENDED

101-81 - Special Permit for Use and Bulk Modifications for Cultural Use in Certain C6-2 Districts

LAST AMENDED

In order to support a concentration of cultural **uses** and public open spaces in the C6-2 District bounded by Flatbush Avenue, Hanson Place, St. Felix Street and Lafayette Avenue, for **buildings** intended to be occupied in whole or in part by cultural **uses**, the City Planning Commission may permit the maximum **community facility floor area ratio** to be increased from 6.5 to 7.0, may permit modifications of the special **street wall** location regulations of Section [101-41](#), and the height and setback regulations of Section [23-641](#) as applied to the **residential** portion of a **building**, and modifications of applicable **sign** regulations in accordance with this Section.

For the purposes of this Section, "cultural use" shall be defined as public or non-profit libraries, theaters, museums, visual or performing arts spaces, or art, music, dance, theatrical studios or other comparable **uses** and space occupied by such cultural **use** shall qualify as **community facility floor area**.

In order to grant such special permit, the conditions of paragraph (a) and the findings of paragraph (b) of this Section shall be met. In addition, special regulations pertaining to the certificate of occupancy of such **building** shall apply as set forth in paragraph (c).

(a) Conditions

- (1) A letter from the Office of the Mayor shall be submitted certifying that:
 - (i) a preliminary agreement has been executed providing for a cultural facility consisting of at least 40,000 square feet of interior gross square feet in the **building** to be transferred for cultural **uses** and for the construction of the core and shell of such cultural facility by the applicant; and
 - (ii) floor plans have been provided to the Office of the Mayor which demonstrate that the cultural facility is well-suited for cultural **uses**; and
- (2) A legal commitment in the form of a declaration of restrictions shall be executed and delivered to the City for recording upon the approval of the permit, restricting use of the **floor area** to be occupied by cultural **uses** to cultural **use** for the life of the related **development**, provided that in the event the majority of the **zoning lot** containing such **floor area** is in the ownership of a not-for-profit corporation under contract with the City to provide economic development services at the time of the grant of such permit, execution and recordation of such declaration of restrictions shall be made at the time of the transfer of ownership of the majority of such **zoning lot** for purposes of facilitating the related **development**.

(b) In order to grant such permit, the Commission shall find that:

- (1) the **building**, including such cultural **uses**, is designed and arranged on the **zoning lot** in a manner that results in ample visibility of and access to the cultural **uses** from surrounding **streets**;
- (2) any **street wall** modifications will facilitate access to **open space** on the lot and result in a **development** that activates the pedestrian environment;
- (3) any **bulk** modifications will result in a better distribution of **bulk** on the **zoning lot** by providing for increased light and air to **open space** on the **zoning lot**;
- (4) the appearance of **bulk** is minimized through an enhanced articulation of the base and tower elements of the **building**, an enhanced relationship between the **building** and the **open space** on the **zoning lot**, and an enhanced amount and arrangement of the fenestration of the **building**; and
- (5) any modifications to **sign** regulations will result in greater visibility for the cultural **uses** provided on the **zoning lot**.

The Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the **development** and to minimize adverse effects on the character of the surrounding area.

(c) Certificate of occupancy

The Commissioner of Buildings shall not issue a temporary or permanent certificate of occupancy for more than an amount of **floor area** in the **building** equal to the **floor area** to be occupied by non-cultural **uses** minus 40,000 square feet of **floor area** unless the Department of Buildings has received a letter from the Office of the Mayor certifying that a deed transferring ownership of a majority of the **zoning lot** has been recorded and that such deed or other recorded document provides for:

- (1) the construction by transferee of the core and shell of the cultural facility described in paragraph (a)(1)(i) of this Section;
- (2) the creation of a condominium unit for such cultural facility and the transfer of ownership thereof to the City; and
- (3) a right of the transferor to re-enter and re-acquire the **zoning lot** should the applicant fail to complete the construction of the core and shell of the cultural facility.

Should the certification by the Office of the Mayor not be issued within 30 days of the recording of the deed or other document with the stated provisions, a copy of such deed or document may be provided to the Department of Buildings in satisfaction of such certification.

101-82 - Modification of Bulk Regulations for Certain Buildings on Irregular Sites

LAST AMENDED 3/13/2019

In C6-9 Districts within the ***Special Downtown Brooklyn District***, mapped after March 13, 2019, for ***developments*** or ***enlargements*** on irregular sites, the City Planning Commission may modify underlying ***bulk*** regulations, other than ***floor area ratio***, provided that no Use Group 5 ***use*** shall be permitted in any portion of the ***building*** receiving such modifications, and:

- (a) there are physical conditions, including irregularity, narrowness or shallowness of lot shape or size that create practical difficulties in complying with the ***bulk*** regulations and would adversely affect the ***building*** configuration or site plan;
- (b) the practical difficulties of developing on the ***zoning lot*** have not been created by the owner or by a predecessor in title;
- (c) the proposed modifications are limited to the minimum needed to relieve such difficulties;
- (d) the proposed modifications will not unduly obstruct access of light and air to adjoining properties or ***streets***; and
- (e) the proposed scale and placement of the ***development*** or ***enlargement*** relates harmoniously with the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area and to improve the quality of the site configuration.

Appendix A

Atlantic Avenue Subdistrict: Buildings Conforming to the Specified Building Type

Last Amended

6/28/2004

[History](#)

The following is a list of addresses of ***buildings*** within the Atlantic Avenue Subdistrict of the ***Special Downtown Brooklyn District*** that conform to the definition of ***specified building type*** contained in Section 101-702.

Block 176

Atlantic Avenue (NS): 305, 311, 313, 315, 317, 321, 323, 325, 327, 329

Block 177

Atlantic Avenue (NS): 347, 349, 351, 355, 365-7, 369, 371, 373, 375, 377, 377A, 385, 387, 389, 395

Hoyt Street (ES): 75, 77

Block 178

Atlantic Avenue (NS): 405, 407, 409

Block 179

Atlantic Avenue (NS): 455, 457, 477, 479, 481, 483, 485, 487, 491, 495, 497, 499, 501

Third Avenue (ES): 31-31A

Block 180

Atlantic Avenue (NS): 565, 567, 569, 571, 573

Times Plaza: 2, 6, 8, 10, 12

Flatbush Avenue: 112, 114, 116, 118, 122

Block 181

Atlantic Avenue (SS): 214, 220, 228, 232, 234

Block 182

Atlantic Avenue (SS): 294, 296, 298, 300, 302, 304-6, 308, 320, 322, 324, 326, 334, 336, 338, 340

Block 183

Chapter 2 - Special Scenic View District (SV-1)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 2 - Special Scenic View District (SV-1)

102-00 - GENERAL PURPOSES

LAST AMENDED
10/24/1974

The "Special Scenic View District" (hereinafter also referred to as the "Special District"), established in this Resolution, is designed to promote and protect public health, safety, and general welfare. These general goals include, among others, the following specific purposes:

- (a) to preserve, protect and prevent obstruction of outstanding scenic views as seen from a mapped public park or an esplanade or a mapped public place directly accessible to the public; and
- (b) to promote the most desirable use of land and direction of building development, to assure the maintenance and enhancement of the aesthetic aspects of scenic views, to conserve the value of land and buildings and to protect the City's tax revenues.

102-01 - Definitions

LAST AMENDED
2/2/2011

Definitions specially applicable to this Chapter are set forth in this Section. The definitions of other defined terms are as set forth in Section [12-10](#) (DEFINITIONS).

Scenic view

A "scenic view" is an outstanding or unique view from a mapped **public park** or an esplanade or a mapped public place which is protected by the regulations of this Chapter. **Scenic views** shall be limited to:

- (a) distant landscapes of scenic grandeur which contain natural features such as hills, palisades or similar features;
- (b) outstanding views of large bodies of water such as rivers, streams, lakes, harbors, waterfalls or similar aquatic features; or
- (c) panoramic views of the waterfront profile of the skyline formed by built and natural elements.

The minimum horizontal distance between the **scenic view** and a **view reference line** shall be at least 1,500 feet and shall not contain distractions which reduce the quality of such view. The specific view to be preserved under the regulation of this **Special Scenic View District** shall be described and made part of this Chapter.

View framing line

The "view framing line" is a line or lines which establish the outer edge of the **scenic view** to be protected. For each **scenic view**, the **view framing line** or **lines** and their elevation are to be located and identified and made part of this Chapter.

View plane

A "view plane" is an imaginary plane above which no obstruction shall be permitted within a **Special Scenic View District** unless authorized by the City Planning Commission. Position of the **view plane** may be conical surfaces. Such **view plane** or **planes** are established by joining the **view reference line** with the **view framing lines** as illustrated below:

View planes and their elevation, length and slopes applicable to each **Special Scenic View District** are to be located and identified and made part of this Chapter.

View reference line

The "view reference line" is a line within a mapped **public park** or an esplanade or a mapped public place from which at any point an outstanding **scenic view** may be observed. A **view reference line** and its elevation applicable to each **Special Scenic View District** are to be located and identified and made part of this Chapter.

The mapped **public park** or an esplanade or a mapped public place in which such **view reference line** is located shall be directly accessible from a **street**.

102-02 - General Provisions

LAST AMENDED
2/2/2011

In harmony with the general purpose and intent of this Resolution and the general purposes of the **Special Scenic View District**, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. Except as so modified, all the

applicable regulations of the underlying districts shall be in effect.

Special Scenic View Districts may be mapped only in areas where the control of the height of a **building or other structure**, including **signs**, is necessary to preserve outstanding **scenic views** from a mapped **public park** or an esplanade or a mapped public place.

102-021 - Requirement for application

LAST AMENDED
2/2/2011

An application to the City Planning Commission for a special permit pursuant to Section [102-30](#), shall include maps, plans or other documents showing topography, elevations, and site plans showing arrangement and spacing of **buildings or other structures**, and other information necessary to determine the impact of the proposal on the **scenic view** to be protected.

102-023 - Relationship to public improvement projects

LAST AMENDED
2/2/2011

In all cases, the City Planning Commission shall deny a special permit application whenever the proposal will interfere with a public improvement project (including highways, public

buildings and facilities), redevelopment or renewal projects, or rights-of-way for sewers, transit, or other public facilities) which is approved by or pending before the Board of Estimate, the City Planning Commission, or the Site Selection Board as determined from the calendar of each such agency issued prior to the date of the public hearing on the application for a special permit.

102-10 - HEIGHT REGULATIONS FOR BUILDINGS, SIGNS OR STRUCTURES

LAST AMENDED
2/2/2011

Notwithstanding any other provisions of this Resolution, no portion of any **building or other structure** hereafter constructed, or of any **sign** hereafter erected, or of any existing **building or other structure** hereafter relocated,

enlarged or reconstructed, shall penetrate a **view plane** unless authorized by the City Planning Commission, pursuant to Section [102-30](#) (SPECIAL PERMIT PROVISIONS).

102-11 - Damage, Destruction or Demolition

LAST AMENDED
10/24/1974

If an existing **building or other structure** which penetrates the

view plane of a **Special Scenic View District** is damaged, destroyed or demolished by any means, such **building or other structure** may be reconstructed provided that such reconstruction shall not create a new **non-compliance** nor increase the pre- existing degree of **non-compliance**.

102-20 - MANDATORY LANDSCAPING PLAN

LAST AMENDED
10/24/1974

The requirements of this Section shall apply to **zoning lots**, any portion of whose finished ground elevation is within 30 feet of the elevation of the **view plane** located above the **zoning lot**. At the time of filing with the Department of Buildings, for any application for an excavation permit or a building permit for a **development** or **enlargement** or site improvement on such

zoning lots within a **Special Scenic View District**, a landscaping plan shall be submitted to the City Planning Commission indicating that future landscaping on the site will not impair **scenic views** from the **view reference line**. Such plan shall indicate existing topography, trees, shrubs,

buildings or other structures and proposed landscaping. All future landscaping on the site shall be in accordance with the approved landscaping plan on file with the Commission. The Commission shall submit a copy of the approved landscaping plan to the Department of Buildings or other appropriate city agency having jurisdiction.

102-30 - SPECIAL PERMIT PROVISIONS

LAST AMENDED
2/2/2011

On all **zoning lots** located entirely or partially within a

Special Scenic View District, the City Planning Commission, by special permit, may allow penetration by a **sign** or **building or other structure** of a **view plane** and grant minor modifications of **open space**, **lot coverage**, **yards** and height and setback regulations of the underlying district. As a condition for such modifications, the Commission shall find:

- (a) that any penetration of a **view plane** shall not significantly obstruct the **scenic view** which is to be protected by the provisions of this Chapter;
- (b) that any penetration of a **view plane** will cause the minimal obstruction consistent with reasonable development and **bulk** distribution on the **zoning lot**; and
- (c) that any **bulk** modifications on a **zoning lot** will not affect adversely any other **zoning lots** outside the development, by restricting access of light and air.

In reaching a determination for such modifications, the Commission shall be guided by the description of the **scenic view** to be made part of this Chapter at the time of the designation of a **Special Scenic View District**.

The Commission may prescribe appropriate conditions and safeguards to protect the **scenic view** and to minimize the adverse effects on the character of the surrounding areas.

102-40 - SPECIAL DISTRICT DESIGNATION ON PUBLIC PARKS

LAST AMENDED
10/24/1974

When a **Special Scenic View District** is designated on a **public park** or portion thereof, any future landscaping, erection of new

signs or **buildings or other structures**, thereon, shall not penetrate a **view plane** unless authorized by the City Planning Commission. As a condition for

such authorization, the Commission shall find that any penetration of a **view plane** shall not significantly obstruct the **scenic view** which is to be protected by the provisions of this Chapter.

102-50 - SPECIAL PROVISIONS FOR CITY-OWNED LANDS

LAST AMENDED
10/24/1974

For any **development** or site improvement on a city-owned **zoning lot** located within a **Special Scenic View District**, the provisions of this Chapter shall apply except that modifications permitted under Section [102-30](#) (SPECIAL PERMIT PROVISIONS) may be approved by authorization of the City Planning Commission.

102-60 - SPECIAL SCENIC VIEW DISTRICTS SPECIFIED

LAST AMENDED
10/24/1974

102-61 - SV-1 Brooklyn Heights Scenic View District

LAST AMENDED
10/24/1974

The SV-1 "Brooklyn Heights Scenic View District" is hereby established. The regulations of Sections [102-00](#) to [102-50](#), inclusive, as well as the regulations of this Section, inclusive, shall be applicable in this Special District.

102-611 - District boundary description

LAST AMENDED
10/24/1974

The boundaries of the SV-1 District as shown on the **zoning maps** shall be interpreted in accordance with the following description.

The SV-1 District is bounded by:

- (a) the **view reference line** located along the westerly face of the Brooklyn Heights Promenade;
- (b) the northwesterly edge of the **view plane** which forms an angle of 160 degrees measured in a horizontal plane with respect to the **view reference line** at point A;
- (c) the southwesterly edge of the **view plane** which forms an angle of 145 degrees, measured in a horizontal plane, with respect to the **view reference line** at point A1; and
- (d) the pierhead line which is located between the intersection of the northwesterly and southwesterly **view framing lines** and the pierhead line.

102-612 - View reference line

LAST AMENDED
10/24/1974

The **view reference line** of the SV-1 Special District is a line at an elevation of 66 feet located along the westerly vertical face of the Brooklyn Heights Promenade and which is approximately

four feet above the Promenade. The **view reference line** is formed by joining two end points, A and A1, as shown in Diagram 1.

Point A is located at the intersection of the westerly face of the Promenade and the prolongation of the north side of Orange Street.

Point A1 is located 50 feet north of the intersection of the westerly face of the Promenade and the prolongation of the north side of Remsen Street.

102-613 - View framing line

LAST AMENDED
10/24/1974

The **view framing line** of the SV-1 Special District is a line which establishes the outer edge of the **scenic view** to be protected. The two extreme ends of the **view framing line** are points B1 and B4 (Diagram 1).

The elevation of the **view framing line** at all points between B1 and B4 is 2.5 feet as shown in Diagram 2.

102-614 - View plane

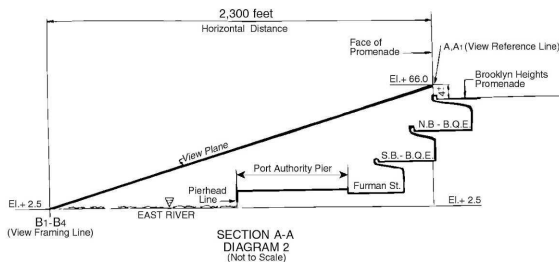

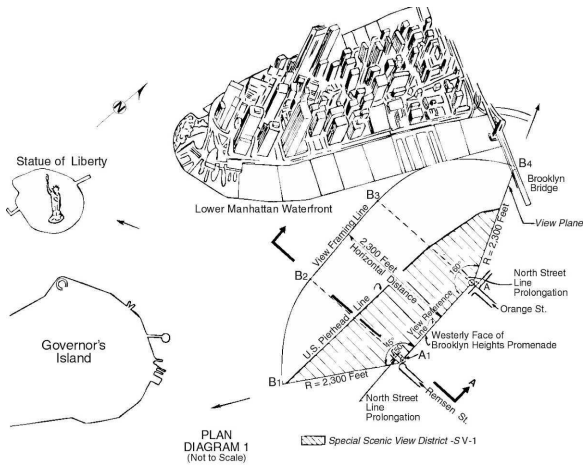

LAST AMENDED
10/24/1974

The **view plane** of the SV-1 Special District is an imaginary plane formed by joining the elevation of the **view reference line** with the elevation of the **view framing line** as shown in Diagram 2. The horizontal distance between the **view reference line** and the **view framing line** is 2,300 feet. Those portions of the plane formed by points A, B3, B4 and A1, B1, B2 are conical surfaces.

102-615 - Description of scenic view

LAST AMENDED
10/24/1974

The **scenic view** to be protected pursuant to the provisions of this Section includes: the panoramic view of the lower Manhattan skyline which includes such landmarks as the Brooklyn Bridge archway, the South Street Seaport, the Whitehall Ferry Terminal, and the vistas of the Statue of Liberty and Governors Island.

Chapter 3 - Special Planned Community Preservation District (PC)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 3 - Special Planned Community Preservation District (PC)

103-00 - GENERAL PURPOSES

LAST AMENDED

6/10/2009

The "Special Planned Community Preservation District" (hereinafter referred to as the "Special District"), established in this Resolution, is designed to promote and protect the public interest, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and protect the Special Districts as superior examples of town planning or large-scale development;
- (b) to preserve and protect the character and integrity of these unique communities which, by their existing site plan, pedestrian and vehicular circulation system, balance between buildings and open space, harmonious scale of the development, related commercial uses, open space arrangement and landscaping add to the quality of urban life;
- (c) to preserve and protect the variety of neighborhoods and communities that presently exist which contribute greatly to the livability of New York City;
- (d) to maintain and protect the environmental quality that the Special District offers to its residents and the City-at-large; and
- (e) to guide development within each of the Special Districts that is consistent with the existing character, quality and amenity of the Special Planned Community Preservation District.

103-01 - Establishment of Special Planned Community Preservation District

LAST AMENDED

2/2/2011

The City Planning Commission has established the ***Special Planned Community Preservation District*** in areas that:

- (a) have a land area of at least 1.5 acres;
- (b) contain a minimum of three ***buildings***;
- (c) were designed and substantially ***developed*** as a unit under the regulations of the

Zoning Resolution prior to December 15, 1961; and

- (d) include considerable clustered ***open space*** and related ***commercial uses*** available to all residents of the District.

The Commission has found that existing site plans resulted in superior functional relationships of ***buildings***, ***open spaces***, pedestrian and vehicular circulation systems, including parking facilities, and other amenities all together creating an outstanding planned residential community.

103-02 - Special Planned Community Preservation District Areas

LAST AMENDED
7/18/1974

The ***Special Planned Community Preservation District*** areas are as follows, and are each indicated by the letters "PC" on the ***zoning maps***:

Fresh Meadows in the Borough of Queens

The Harlem River Houses in the Borough of Manhattan

Parkchester in the Borough of the Bronx

Sunnyside Gardens in the Borough of Queens.

103-10 - GENERAL PROVISIONS

LAST AMENDED
2/2/2011

In harmony with the general purpose and intent of this Resolution and the general purposes of the ***Special Planned Community Preservation District***, no ***development***, ***enlargement***, or substantial alteration of landscaping or topography, shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, except by special permit of the City Planning Commission, pursuant to Sections [103-11](#) (Special Permit for Bulk and Parking Modifications) and [103-12](#) (Special Permit for Landscaping and Topography Modifications).

No demolition of ***buildings*** shall be permitted within the Fresh Meadows, Harlem River Houses and Parkchester areas, unless it is an unsafe ***building*** and demolition is required pursuant to the provisions of Chapter 26, Title C, Part I, Article 8, of the New York City Administrative Code, or its successor, except that such demolition may be permitted pursuant to a development plan for which a special permit has been granted under the provisions of Sections [103-11](#) and [103-12](#).

In a C8-4 District, however, a demolition permit may be issued for any ***building*** that is less than 10,000 square feet and was constructed after December 31, 1955, but prior to July 18,

1974.

Special regulations for the Sunnyside Gardens area are set forth in Section [103-20](#), inclusive.

103-11 - Special Permits for Bulk and Parking Modifications

LAST AMENDED
2/2/2011

- (a) For any **development** or **enlargement**, either of which may include demolition, within a **Special Planned Community Preservation District**, the City Planning Commission, by special permit, may allow:
- (1) the unused total **floor area**, **dwelling units** or **rooming units** permitted by the applicable district regulations for all **zoning lots** within the development to be distributed without regard for **zoning lot lines**;
 - (2) the total **open space** or **lot coverage** required by the applicable district regulations for any **zoning lots** within the development to be distributed without regard for **zoning lot lines**;
 - (3) minor variations in the **yard** regulations required by the applicable district regulations;
 - (4) minor variations in the height and setback regulations required by the applicable district regulations;
 - (5) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section [23-71](#) (Minimum Distance Between Buildings on a Single Lot); or
 - (6) permitted or required **accessory** off-street parking spaces, driveways or curb cuts to be located anywhere within the development, without regard to **zoning lot lines** or the provisions of Sections [25-621](#) (Location of parking spaces in certain districts) and [25-631](#) (Location and width of curb cuts in certain districts), subject to the findings of Section [78-41](#) (Location of Accessory Parking Spaces).
- (b) In order to grant such special permits, the City Planning Commission shall make the following findings:
- (1) that the **development** or **enlargement** relates to the existing **buildings or other structures** in scale and design, and that the **development** will not seriously alter the scenic amenity and the environmental quality of the community;
 - (2) that the **development** or **enlargement** be sited in such a manner as to

preserve the greatest amount of **open space** and landscaping that currently exists, consistent with the scale and design of the existing development, the landscaping surrounding the new landscaping arrangement, and conditions of the community;

- (3) that the **development** or **enlargement** be sited in such a manner that it will not require at that time, or in the foreseeable future, new access roads or exits, off-street parking or public parking facilities that will disrupt or eliminate major portions of **open space** and landscaping or will generate large volumes of traffic that will diminish the environmental quality of the community; and
 - (4) that minimal landscaping be removed during construction and such areas will be fully restored upon completion of construction.
- (c) Notwithstanding the provisions of paragraph (a)(6) of this Section, where the requirement for **accessory** off-street parking spaces, driveways or curb cuts can only be accommodated in such a manner that the functioning of the existing planned community is substantially injured, the Commission shall authorize waiver of all or part of the required parking.

The Commission may prescribe appropriate conditions and safeguards, including covenants running with the land which shall permit public or private enforcement reflecting terms, conditions and limitations of any special permit in order to minimize adverse effects on the character and quality of the community. The Commission may advise and recommend special conditions or modifications in the plans submitted by applicants in order to conform to the intentions of the **Special Planned Community Preservation District**.

103-12 - Special Permit for Landscaping and Topography Modifications

LAST AMENDED
6/10/2009

No substantial modifications of existing topography or landscaping, including plantings, shall be permitted within the Special District except where such modifications are approved by special permit of the City Planning Commission.

103-13 - Requirements for Application

LAST AMENDED
2/2/2011

An application to the City Planning Commission for the grant of a special permit respecting any **development** or **enlargement** or substantial modification of landscaping or topography to be made within the Special District, shall include the existing and proposed site plan showing the location and the scale of the existing and proposed **buildings or other structures**, the

location of all vehicular entrances and exits and off-street parking facilities, the changes that will be made in the location and size of the **open space**, and such other information as may be required by the Commission. The submission shall include a landscaping plan, building sections and elevation and an appropriate model of the planned community.

103-14 - Recordation

LAST AMENDED
2/2/2011

At the time of any transfer of development rights which has been authorized by special permit under Section [103-11](#), the owners of **zoning lots** to which and from which development rights are transferred shall submit to the City Planning Commission a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer.

Notice of the restrictions upon further development of the lots to which development rights and from which development rights are transferred shall be filed by the owners of the respective lots in the place and county designated by law for the filing of deeds and restrictions on real property, a certified copy of which shall be submitted to the Commission.

Both the instrument of transfer and the notice of restrictions shall specify the total amount of **floor area** to be transferred, and shall specify, by lot and **block** numbers, the lots from which and the lots to which such transfer is made.

103-20 - SPECIAL REGULATIONS FOR SUNNYSIDE GARDENS

LAST AMENDED
6/10/2009

In order to further protect and enhance the character of the Sunnyside Gardens area within the **Special Planned Community Preservation District**, the regulations of this Section, inclusive, shall supersede the regulations of the **Special Planned Community Preservation District** and the underlying zoning districts, as applicable.

The special permit provisions of Sections [103-11](#) (Special Permit for Bulk and Parking Modifications) and [103-12](#) (Special Permit for Landscaping and Topography Modifications) shall not apply within the Sunnyside Gardens area of the Special District.

103-21 - Special Bulk Regulations

LAST AMENDED
2/2/2011

Notwithstanding any other provisions of this Resolution, **bulk** regulations applicable to the underlying **Residence** and **Commercial Districts**, or modified within the Special District, are

hereby further modified to the extent set forth in this Section, inclusive.

103-211 - Special floor area regulations

LAST AMENDED
2/2/2011

In the Sunnyside Gardens area of the Special District, the **floor area** regulations of the underlying **Residence** and **Commercial Districts** shall not apply. In lieu thereof, the maximum **floor area ratio** permitted for **residential**, **commercial** and **community facility uses**, separately or in combination, shall be 0.75, which may be increased by up to 20 percent to a maximum **floor area ratio** of 0.9, provided that any such increase in **floor area** is located under a sloping roof which rises at least three and one half inches in vertical distance for each foot of horizontal distance, and the structural headroom of such **floor area** is between five and eight feet.

103-212 - Special density regulations

LAST AMENDED
2/2/2011

In the Sunnyside Gardens area of the Special District, the density regulations of the underlying **Residence** and **Commercial Districts** shall not apply. In lieu thereof, the density factor for **dwelling units** shall be 900.

103-213 - Special height regulations

LAST AMENDED
2/2/2011

In the Sunnyside Gardens area of the Special District, the height and setback regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in **Residence** and **Commercial Districts**.

103-214 - Special yard regulations

LAST AMENDED
2/2/2011

In the Sunnyside Gardens area of the Special District, the **yard** regulations for R4 Districts as set forth in Article II, Chapter 3, shall apply in **Residential** and **Commercial Districts**

103-22 - Special Parking Regulations

LAST AMENDED
6/10/2009

In the Sunnyside Gardens area of the Special District, the off-street parking regulations of Article II, Chapter 5, pertaining to R4 Districts, shall be applicable for all ***residential*** and ***community facility uses***, subject to the provisions of Section [103-23](#) pertaining to curb cuts.

103-23 - Curb Cuts

LAST AMENDED
6/10/2009

Curb cuts shall not be permitted within the Sunnyside Gardens area of the Special District, except on the east side of 50th Street, within 100 feet of its intersection with 39th Avenue.

Chapter 4 - Special Manhattanville Mixed Use District (MMU)

File generated by <https://zr.planning.nyc.gov/> on 8/6/2019

Chapter 4 - Special Manhattanville Mixed Use District (MMU)

104-00 - GENERAL PURPOSES

LAST AMENDED

7/26/2001

The “Special Manhattanville Mixed Use District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage the development of a mixed use neighborhood that complements a revitalized community-oriented waterfront;
- (b) to support a variety of community facility, commercial and manufacturing uses;
- (c) to provide opportunities for the expansion of large academic, scientific and mixed use facilities in a manner that benefits the surrounding community;
- (d) to strengthen the retail and service character and economic vitality of the neighborhood by encouraging active ground floor uses along Broadway, West 125th Street and 12th Avenue;
- (e) to facilitate the maximum amount of design flexibility while fulfilling the goals of the mixed use district;
- (f) to improve the physical appearance of the streetscape by providing and coordinating harmonious open space, sidewalk amenities and landscaping within a consistent urban design;
- (g) to strengthen the visual corridors along West 125th Street and other east-west corridors that connect the community to the waterfront;
- (h) to expand local employment opportunities;
- (i) to recognize, preserve and promote the existing historic transportation infrastructure of the neighborhood;
- (j) to promote the most desirable use of land in this area and thus conserve the value of land and buildings, and thereby protect the City’s tax revenues.

104-01 - Definitions

LAST AMENDED

12/19/2007

Definitions specifically applicable to this Chapter are set forth in this Section. The definitions of other defined terms are set forth in Section [12-10](#) (DEFINITIONS).

Lower street wall

“Lower street wall” is that portion of the **street wall** of a **building** that extends from grade to the height set forth in Section [104-33](#), paragraph (a).

Mandatory widened sidewalk

A “mandatory widened sidewalk” is a paved area along the **front lot line** of a **zoning lot** at the same elevation as the adjoining sidewalk and directly accessible to the public at all times.

Mandatory widened sidewalks are shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter.

Mandatory widened sidewalk line

A “mandatory widened sidewalk line” is the line shown on Map 3 in Appendix A of this Chapter.

Upper street wall

“Upper street wall” is that portion of the **street wall** of a **building** that extends from the **lower street wall** to the maximum **building** height set forth for each Parcel in the Base Plane and Building Height Table in Appendix B of this Chapter, or the height of the **building**, whichever is less.

104-02 - General Provisions

LAST AMENDED
10/10/2013

In harmony with the general purposes and content of this Resolution and the general purposes of the **Special Manhattanville Mixed Use District**, the regulations of this Chapter shall apply within the Special District. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in **flood zones**, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4

(Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

104-03 - District Plan and Maps

LAST AMENDED
12/19/2007

The regulations of this Chapter are designed to implement the ***Special Manhattanville Mixed Use District*** Plan.

The District Plan includes the following maps and illustrative diagrams in Appendix A of this Chapter:

- | | |
|-------|--|
| Map 1 | Special Manhattanville Mixed Use District and Subdistricts |
| Map 2 | Subdistrict A Block Plan |
| Map 3 | Widened Sidewalk Lines |
| Map 4 | Street Wall Types and Locations |
| Map 5 | Parcel Designation and Maximum Building Heights |
| Map 6 | Ground Floor Use and Frontage |
| Map 7 | Mandatory Open Areas |

The District Plan includes the following table in Appendix B of this Chapter:

Base Plane and Building Height Table

These maps, diagrams and table are hereby incorporated and made part of this Resolution for the purpose of illustrating requirements or specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

104-04 - Subdistricts

LAST AMENDED
12/19/2007

In order to carry out the provisions of this Chapter, three subdistricts are established, as follows:

- Subdistrict A – Academic Mixed Use Area
- Subdistrict B – Waterfront Area

Subdistrict C – Mixed Use Development Area

The location of the subdistricts of the ***Special Manhattanville Mixed Use District*** is specified on Map 1 in Appendix A of this Chapter.

104-10 - SPECIAL USE REGULATIONS

LAST AMENDED
12/19/2007

The ***use*** regulations of the underlying C6 Districts are modified in Sections [104-11](#) through [104-18](#), inclusive.

104-11 - Residential Use Modifications

LAST AMENDED
2/2/2011

The ***residential use*** regulations of the underlying C6-1 District are modified, as follows.

In Subdistrict A, a ***residential use*** may locate in the same ***building***, or ***abut*** a ***building*** containing a ***use*** listed in Section [104-132](#) (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section [104-14](#).

104-12 - Community Facility Use Modifications

LAST AMENDED
2/2/2011

The ***community facility use*** regulations of the underlying C6-1 and M1-2 Districts are modified, as follows:

- (a) in Subdistrict A, a ***community facility use*** with sleeping accommodations, as listed in this Section, may locate in the same ***building***, or ***abut*** a ***building*** containing a ***use*** listed in Section [104-132](#) (Use Groups 16, 17 and 18), only in accordance with the certification provisions of Section [104-14](#):

College or school student dormitories or fraternity or sorority student houses

Long-term care facilities

Monasteries, convents or novitiates

Non-profit hospital staff dwellings without restriction as to location on the same ***zoning lot***

Non-profit or voluntary hospitals and related facilities

Philanthropic or non-profit institutions with sleeping accommodations;

- (b) in Subdistrict B, **uses** listed in Use Groups 3 and 4 permitted in the underlying M1-2 District, pursuant to Sections [42-10](#) (USES PERMITTED AS-OF-RIGHT) and [74-921](#) (Use Groups 3A and 4A community facilities), shall be limited to 5,000 square feet of **floor area** per establishment.

104-13 - Commercial and Manufacturing Use Modifications

LAST AMENDED
12/19/2007

In Subdistricts A and C, the **commercial** and **manufacturing use** regulations of the underlying C6 Districts are modified as set forth in Section [104-132](#) (Use Groups 16, 17 and 18).

In Subdistrict B, the **commercial use** regulations of the underlying M1 District are modified as set forth in Section [104-131](#) (Use Group 6A).

104-131 - Use Group 6A

LAST AMENDED
12/19/2007

In Subdistrict B, the provisions of Section [42-12](#) (Use Groups 3A, 6A, 6B, 6D, 6F, 7B, 7C, 7D, 7E, 8, 9B, 9C, 10A, 10B, 10C, 11, 12A, 12C, 12D, 12E, 13, 14 and 16), shall be modified to permit food stores, including supermarkets, grocery stores or delicatessen stores, without limitation as to **floor area** per establishment.

104-132 - Use Groups 16, 17 and 18

LAST AMENDED
2/2/2011

In Subdistricts A and C, the following **uses** in Use Groups 16, 17 and 18 are permitted, subject to the performance standards for an M1 District set forth in Section [42-20](#).

Such **uses** may locate in the same **building**, or in an **abutting building** containing a **residential use** or a **community facility use** with sleeping accommodations listed in Section [104-12](#) (Community Facility Use Modifications), only in accordance with the certification provisions of Section [104-14](#).

From Use Group 16A:

Animal hospitals or kennels

Automobile, motorcycle, trailer or boat sales, enclosed only

Carpentry, custom woodworking or custom furniture making shops

Motorcycle or motor scooter rental establishments, enclosed only

Trade schools for adults

From Use Group 16B:

Automobile, truck, motorcycle or **trailer** repairs

Automobile laundries, provided that the **zoning lot** contains reservoir space for not less than 10 automobiles per washing lane

Automotive service stations, open or enclosed, provided that facilities for lubrication, minor repairs or washing are permitted only if located within a **completely enclosed building**

From Use Group 16C:

Commercial or public utility vehicle storage, open or enclosed, including **accessory** motor fuel pumps

Public transit yards, open or enclosed, including **accessory** motor fuel pumps

From Use Group 16D:

Moving or storage offices, with no limitation as to storage or **floor area** per establishment

Warehouses

Wholesale establishments, with no limitation on **accessory** storage

From Use Group 17A:

Produce or meat markets

From Use Group 17B:

Advertising displays

Apparel or other textile products, from textiles or other materials, including hat bodies or similar products

Ceramic products, including pottery, small glazed tile or similar products

Food products, except slaughtering of meat or preparation of fish for packing

Leather products, including shoes, machine belting or similar products

Luggage

Musical instruments, including pianos or organs

Optical equipment, clocks or similar precision instruments

Perfumes or perfumed soaps, compounding only

Printing or publishing, with no limitation on **floor area** per establishment

Scenery construction

Textiles, spinning, weaving, manufacturing, dyeing, printing, knit goods, yarn, thread or cordage

Toys

Wood products, including furniture, boxes, crates, baskets, pencils, cooperage works or similar products

From Use Group 17C:

Public transit, railroad or electric utility substations, open or enclosed, with no limitation as to size

From Use Group 18A:

Manufacturing of beverages, alcoholic or breweries

104-14 - Certification Requirements

LAST AMENDED
2/2/2011

In Subdistrict A, a **use** listed in Section [104-132](#) (Use Groups 16, 17 and 18) and a **residential use** or a **community facility use** with sleeping accommodations listed in Section [104-12](#) (Community Facility Use Modifications) may locate in the same **building**, or in an **abutting building**, only upon certification by a licensed architect or a professional engineer to the Department of Buildings stating that the **commercial** or **manufacturing use**:

- (a) does not have a New York City or New York State environmental rating of “A,” “B” or “C” under Section [24-153](#) of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and

- (b) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.

104-15 - Ground Floor Use and Frontage Regulations

LAST AMENDED
12/19/2007

For the purposes of this Section, ground floor level shall mean the floor of a **building**, the level of which is located at, or within five feet of, the finished level of the adjacent sidewalk, or the adjacent **mandatory widened sidewalk**, as applicable. In the locations specified on Map 6 (Ground Floor Use and Frontage) in Appendix A of this Chapter, the ground floor **use** and frontage regulations of this Section shall apply to any **development** or change of **use** located on the ground floor level of a **building or other structure**, or any **enlargement** that increases the **floor area** of the ground floor level of a **building** by more than 25 percent.

A minimum of 75 percent of the length of a **street wall** on the ground floor level shall be limited to **uses** listed in Section [104-16](#) (Use Group MMU) and shall comply with the minimum depth provisions of Section [37-32](#) (Ground Floor Depth Requirements for Certain Uses). Such **uses** shall be located at the **street wall**. In no event shall the length of **street** frontage occupied solely by lobby space or entryways exceed, in total, 40 feet.

All such **developments**, **enlargements** and changes of **use** on the ground floor of a **building or other structure** (other than a change of **use** on the ground floor of a **building** located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A) shall comply with the transparency requirements of Section [104-41](#).

104-16 - Use Group MMU

LAST AMENDED
12/19/2007

Use Group MMU comprises a group of **uses** selected from Use Groups 3, 4, 6, 7, 8, 9, 10, 12 and 17, as modified, including any of such **uses** that are **accessory** to a college or university and open to the public.

From Use Group 3:

Libraries, museums or non-commercial art galleries

From Use Group 4A:

Ambulatory diagnostic or treatment health care facilities

Community centers or settlement houses

Non-commercial recreation centers

From Use Group 6A:

Bakeries, provided that **floor area** used for production shall be limited to 750 square feet per establishment

Barber shops

Beauty parlors

Drug stores

Dry cleaning or clothes pressing establishments or receiving stations dealing directly with ultimate consumers, limited to 2,000 square feet of **floor area** per establishment, and provided that only solvents with a flash point of not less than 138.2 degrees Fahrenheit shall be used, and total aggregate dry load capacity of machines shall not exceed 60 pounds

Eating or drinking establishments, including those which provide outdoor table service or have music for which there is no cover charge and no specified show time

Food stores, including supermarkets, grocery stores, meat markets or delicatessen stores

Hardware stores

Laundry establishments, hand or automatic self-service

Liquor stores, package

Post offices

Shoe or hat repair shops

Stationery stores

Tailor or dressmaking shops, custom

Variety stores, limited to 10,000 square feet of **floor area** per establishment

From Use Group 6B:

Veterinary medicine for small animals, provided all activities are conducted within a **completely enclosed building**

From Use Group 6C:

Antique stores

Art galleries, commercial

Artists' supply stores

Automobile supply stores, with no installation or repair services

Banks

Bicycle sales

Book stores

Candy or ice cream stores

Carpet, rug, linoleum or other floor covering stores, limited to 10,000 square feet of **floor area** per establishment

Cigar or tobacco stores

Clothing or clothing accessory stores, limited to 10,000 square feet of **floor area** per establishment

Clothing rental establishments, limited to 10,000 square feet of **floor area** per establishment

Dry goods or fabrics stores, limited to 10,000 square feet of **floor area** per establishment

Eating or drinking establishments with entertainment, but not dancing, with a capacity of 200 persons or fewer

Eating or drinking establishments with musical entertainment, but not dancing, with a capacity of 200 persons or fewer

Electrolysis studios

Fishing tackle or equipment, rental or sales

Florist shops

Furniture stores, limited to 10,000 square feet of **floor area** per establishment

Furrier shops, custom

Gift shops

Interior decorating establishments, provided that **floor area** used for processing, servicing or repairs shall be limited to 750 square feet per establishment

Jewelry or art metal craft shops

Leather goods or luggage stores

Loan offices

Locksmith shops

Medical or orthopedic appliance stores

Millinery shops

Music stores

Newsstands, open or enclosed

Optician or optometrist establishments

Paint stores

Pet shops

Photographic equipment or supply stores

Photographic studios

Picture framing shops

Record stores

Seed or garden supply stores

Sewing machine stores, selling household machines only

Shoe stores

Sporting or athletic stores

Stamp or coin stores

Telegraph offices

Television, radio, phonograph or household appliance

stores, limited to 10,000 square feet of ***floor area*** per establishment

Toy stores

Travel bureaus

Typewriter stores

Wallpaper stores

Watch or clock stores or repair shops

From Use Group 7B:

Bicycle rental or repair shops

Moving or storage offices, with storage limited to items for retail sale and to 1,500 square feet of **floor area** per establishment

Refreshment stands

Sign painting shops, limited to 2,500 square feet of **floor area** per establishment

Venetian blind, window shade or awning shops, custom, limited to 2,500 square feet of **floor area** per establishment

From Use Group 8A:

All **uses**

From Use Group 8B:

Lumber stores, limited to 5,000 square feet of **floor area** per establishment, exclusive of that **floor area** used for office and display areas, and provided that not more than 400 square feet of **floor area** shall be used for cutting of lumber to size

Television, radio, phonograph or household appliance repair shops

Upholstering shops dealing directly with consumers

From Use Group 9A:

Automobile, motorcycle, **trailer** or boat showrooms or sales, with no repair services and with no preparation of vehicles or boats for delivery

Clothing or costume rental establishments

Musical instrument repair shops

Plumbing, heating or ventilating equipment showrooms, without repair facilities

Printing establishments, limited to 2,500 square feet of **floor area** per establishment for production

Public auction rooms

Studios, art, music, dancing or theatrical

Typewriter or other small business machine sales, rental or repairs

Umbrella repair shops

From Use Group 10A:

Clothing or clothing accessory stores, limited to 20,000 square feet of ***floor area*** per establishment

Office or business machine stores, sales or rental

Variety stores, limited to 20,000 square feet of ***floor area*** per establishment

From Use Group 12B:

Antique stores

Art gallery, commercial

Book stores

Candy or ice cream stores

Cigar and tobacco stores

Delicatessen stores

Drug stores

Gift shops

Jewelry or art metal craft shops

Music stores

Newsstands

Photographic equipment stores

Record stores

Stationery stores

Toy stores

From Use Group 17A:

Produce or meat markets, wholesale

From Use Group 17B:

Ceramic products, including pottery, small glazed tile, or similar products

Accessory uses to all the above ***uses*** are permitted.

Physical culture or health establishments are subject to a special permit, pursuant to Section [73-36](#).

104-17 - Modification of Article VII, Chapter 4 (Special Permits by the City Planning Commission)

LAST AMENDED
12/19/2007

The provisions of Section [74-48](#) (Scientific Research and Development Facility) shall not apply in the ***Special Manhattanville Mixed Use District***.

104-20 - SPECIAL BULK REGULATIONS

LAST AMENDED
2/2/2011

In Subdistricts A, B and C, the ***bulk*** regulations of the underlying C6 and M1 Districts, as modified in this Chapter, shall apply.

The ***floor area ratio***, ***open space ratio*** and ***lot coverage*** regulations applicable in the underlying C6 Districts are modified as set forth in Sections [104-21](#) through [104-25](#).

The ***floor area ratio*** regulations applicable in the underlying M1 District are modified as set forth in Section [104-22](#). No ***floor area*** bonuses shall be permitted.

Special provisions regulating change of ***use*** in ***non-complying buildings*** are set forth in Section [104-26](#).

The height and setback regulations of the underlying C6 Districts are superseded as set forth in Sections [104-30](#) through [104-34](#), inclusive.

The special maximum ***building*** height regulations for the M1-2 District are set forth in Section [104-31](#).

Notwithstanding the special ***bulk*** regulations of this Chapter, any ***development*** containing ***dwelling units***, or college or school student dormitories as listed in Use Group 3, on Parcel H, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, shall comply with the height and setback regulations for an R8A District as set forth in Article II of this Resolution.

104-21 - Maximum Floor Area Ratio, Open Space Ratio and Lot Coverage for Residential Uses

LAST AMENDED
12/19/2007

In Subdistricts A and C, the **bulk** regulations for **residential use** are modified in accordance with the provisions of this Section.

For all **zoning lots**, or portions thereof, the maximum **floor area ratio**, **open space ratio** and **lot coverage** regulations shall not apply. In lieu thereof, the provisions of this Section shall apply.

In Subdistrict A, the maximum **floor area ratio** for **residential use** shall be 3.44.

In Subdistrict C, the maximum **floor area ratio** for **residential use** shall be 6.02.

For **interior** or **through lots**, or portions thereof, the maximum **lot coverage** shall not exceed 70 percent. For **corner lots**, the maximum **lot coverage** shall be 100 percent.

The provisions of Section [23-70](#) (MINIMUM REQUIRED DISTANCE BETWEEN TWO OR MORE BUILDINGS ON A SINGLE ZONING LOT) shall not apply.

104-22 - Maximum Floor Area Ratio and Lot Coverage for Community Facility Uses

LAST AMENDED
12/19/2007

In Subdistricts A and C, the maximum **floor area ratio** permitted for **community facility uses** shall be 6.0. **Lot coverage** requirements for **community facility uses** shall not apply.

In Subdistrict B, the maximum **floor area ratio** permitted for **community facility uses** shall be 2.0.

104-23 - Maximum Floor Area Ratio for Commercial Uses

LAST AMENDED
12/19/2007

In Subdistricts A and C, the maximum **floor area ratio** permitted for **commercial uses** shall be 6.0, except that the maximum **floor area ratio** for **uses** in Use Group 16 listed in Section [104-132](#) (Use Groups 16, 17 and 18) shall be 2.0.

104-24 - Maximum Floor Area Ratio for Manufacturing Uses

LAST AMENDED
12/19/2007

In Subdistricts A and C, the maximum **floor area ratio** permitted for **manufacturing uses** shall be 2.0.

104-25 - Maximum Floor Area Ratio for Multiple Uses on a Zoning Lot

LAST AMENDED
2/2/2011

When more than one **use** is located on a **zoning lot**, the maximum **floor area ratio** permitted for any **use** on such **zoning lot** shall not exceed the maximum permitted for such **use**, as set forth in Sections [104-21](#) through [104-24](#), inclusive, provided that the total of all such **floor area ratios** does not exceed the greatest **floor area ratio** permitted for any such **use** on the **zoning lot**.

104-26 - Change of Use

LAST AMENDED
2/2/2011

(a) Change to **residential use**

Notwithstanding the provisions set forth in Section [34-222](#) (Change of use) and in the last paragraph of Section [35-31](#) (Maximum Floor Area Ratio) regarding the applicability of **floor area ratio** and **open space ratio** regulations to a change from a non-**residential use** to a **residential use** in a **building** in existence on December 15, 1961, such **conversions** of **non-residential buildings** shall be permitted only if such **buildings** comply with all of the **bulk** regulations for **residential** or **mixed buildings**.

(b) Change to non-**residential use**

In Subdistrict A, the provisions of Section [54-31](#) (General Provisions) shall not apply. In lieu thereof, a **use** listed in Use Groups 16, 17 or 18 located in a **non-complying building or other structure** may be changed to:

- (1) a **use** listed in Section [104-132](#) (Use Groups 16, 17 and 18), subject to the performance standards for an M1 District set forth in Section [42-20](#), and subject to Section [104-14](#) (Certification Requirements), if applicable; or
- (2) a **community facility use**, or an office **use** listed in Use Group 6B.

The **bulk** regulations of the underlying C6 District as modified by the **Special Manhattanville Mixed Use District** and the regulations set forth in Section [104-40](#) (SPECIAL URBAN DESIGN REGULATIONS) shall not apply to the changes of **use** set forth in paragraph (b) of this Section.

The provisions of paragraph (b) of this Section shall apply to Blocks A and C, as shown on Map 2 (Subdistrict A Block Plan) in Appendix A of this Chapter, and to Parcel D4, as shown on Map 5 (Parcel Designation and Maximum Building Heights)

in Appendix A of this Chapter, through December 31, 2015, and to all other Parcels and Blocks in Subdistrict A through December 31, 2030. Beginning on January 1, 2016, with respect to Blocks A and C and Parcel D4, and beginning on January 1, 2031, with respect to Parcels D1, D2, and D3, as shown on Map 5, and Blocks E, F, G, and H, as shown on Map 2, the provisions of paragraph (b) of this Section shall lapse, and the **bulk** regulations of the underlying C6 District as modified by the **Special Manhattanville Mixed Use District** and the requirements set forth in Section [104-40](#), shall apply to the changes of **use** set forth in paragraph (b) of this Section.

104-30 - SPECIAL HEIGHT AND SETBACK REQUIREMENTS

LAST AMENDED
10/10/2013

In the **Special Manhattanville Mixed Use District**, the height and setback regulations of the underlying C6 Districts shall not apply. In lieu thereof, the height and setback provisions of this Section, inclusive, shall apply in C6 Districts. In Subdistrict B, special height regulations for the underlying M1-2 District are set forth in Section [104-31](#), et seq.

In Subdistrict A, the height of all **buildings or other structures** shall be measured from the **base plane**. However, the provisions for establishing **base planes** set forth in Section [12-10](#) (DEFINITIONS) shall not apply. In lieu thereof, **base planes** are specified for each Parcel as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter. The level of the **base plane** is designated for each such Parcel in Appendix B of this Chapter. However, in **flood zones**, the level of the **base plane** shall be the **flood-resistant construction elevation**.

Wherever a **mandatory widened sidewalk line** is shown on Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter, such line shall be used instead of the **street line** for all purposes of Section [104-30](#), et seq.

The City Planning Commission may modify, by special permit, the special height and setback requirements of this Section pursuant to Section [104-60](#) (MODIFICATION OF SPECIAL BULK REQUIREMENTS AND TRANSFER OF FLOOR AREA BY SPECIAL PERMIT).

104-31 - Maximum Building Height

LAST AMENDED
2/2/2011

In Subdistrict A, the maximum **building** height, by Parcel, is shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter and specified in Appendix B of this Chapter. In Subdistricts B, C and the Other Area east of Broadway, the maximum **building** heights are shown on Map 5. No **building** shall exceed the maximum **building** height set forth in such Map or Appendix B of this Chapter.

104-32 - Rooftop Regulations

LAST AMENDED
12/19/2007

The special rooftop regulations of Section [104-32](#), inclusive, shall apply in Subdistricts A and C.

104-321 - Mechanical equipment

LAST AMENDED
2/2/2011

Mechanical equipment, open or enclosed, may be located on the roof of a **building** in accordance with the following provisions:

- (a) Mechanical equipment shall not exceed the maximum height of mechanical equipment specified for each Parcel as set forth in Appendix B of this Chapter and shall be measured from the roof level of the highest **story** of the **building**. Such mechanical equipment may penetrate the maximum **building** height specified for each Parcel as set forth in Appendix B.
- (b) Such mechanical equipment shall be set back at least 10 feet from the **upper street wall** of the **building**. In addition, such equipment shall not penetrate a **sky exposure plane** that begins at the point of intersection of the roof and the **upper street wall** of the **building**, and rises over the **building** at a slope of 2.7 feet of vertical distance for each foot of horizontal distance, except for permitted obstructions set forth in Section 104-322. Where portions of the **upper street wall** are located at different distances from the **street line** or **mandatory widened sidewalk line**, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such **upper street wall**.
- (c) Such mechanical equipment shall not overhang any recess in the **building** wall that is open to the sky.

104-322 - Permitted Obstructions

LAST AMENDED
4/30/2012

The following shall not be considered obstructions and thus may penetrate the applicable maximum **building** height and the applicable maximum height for mechanical equipment set forth in Appendix B of this Chapter, and may also penetrate the **sky exposure plane** set forth in Section [104-321](#) (Mechanical equipment). Within 50 feet of the **upper street wall**, the width of such obstructions shall be limited in total to 10 percent of the **aggregate width of street**

walls of a **building**, per **street** frontage, at any level above the maximum level of mechanical equipment as set forth in Section [104-321](#). Beyond 50 feet from the **upper street wall**, the permitted obstructions may occupy an area not to exceed 30 percent of the **building** coverage at the ground level. Where portions of the **upper street wall** are located at different distances from the **street line** or **mandatory widened sidewalk line**, whichever is applicable, the portion used to establish such reference line shall be the portion that occupies the greatest area of such **upper street wall**. However, in no event shall such obstructions be located within 10 feet of the **upper street wall**.

- (a) Antennae and structural support thereto;
- (b) Chimneys, flues, intake and exhaust vents limited to a **lot coverage** of 900 square feet with neither length nor width of any single such obstruction, nor the total length or width of all such obstructions, greater than 30 feet;
- (c) Decks, and other surfaces for recreational activities, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (d) Elevator and stair bulkheads to a maximum height of 15 feet above the permitted maximum height of mechanical equipment;
- (e) Flagpoles or aerials;
- (f) House of worship towers, ornamental, having no **floor area** in portion of tower penetrating such **sky exposure plane**;
- (g) Parapet walls, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. A guardrail with a surface at least 70 percent open or with an opacity of not more than 30 percent (as viewed in elevation), shall be permitted above a parapet wall or within two feet of a parapet wall, provided such guardrail is not more than four feet above the accessible level of a roof. Such restriction on guardrail height shall not apply when located beyond two feet from a parapet wall;
- (h) Pipes and supporting structures;
- (i) Railings;
- (j) Roof thickness, up to eight inches, to accommodate the addition of insulation, for **buildings** or portions of **buildings** constructed prior to April 30, 2012. For a **building** that has added roof thickness pursuant to this paragraph (j), an **enlargement** may align with the finished roof surface of such **building**, provided the **enlarged** portion does not exceed the maximum height limit by more than eight inches;
- (k) Rooftop greenhouses, permitted pursuant to Section [75-01](#) (Certification for Rooftop Greenhouses);

- (l) Skylights, clerestories or other daylighting devices, not more than four feet in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. Such devices shall be limited to a **lot coverage** not greater than 10 percent of the **lot coverage** of the roof and be located at least eight feet from the **street wall** edge. However, such devices shall not be permitted obstructions above a roof with a slope greater than 20 degrees;
- (m) Solar energy systems:
 - (1) on the roof of a **building**, up to four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher;
 - (2) on the roof of a **building**, greater than four feet in height, as measured from the maximum height limit, or the finished level of the roof, whichever is higher, provided that all such portions above four feet are set back at least six feet from a **street wall**, limited to a **lot coverage** not greater than 25 percent of the **lot coverage** of the roof and do not exceed:
 - (i) a height of 15 feet; and
 - (ii) when located on a bulkhead or other obstruction, pursuant to paragraph (d) of this Section, a height of six feet;
 - (3) on walls existing on April 30, 2012, projecting no more than 10 inches and occupying no more than 20 percent of the surface area of the **building** wall (as viewed in elevation) from which it projects;

However, any installation on a roof with a slope greater than 20 degrees shall be limited to 18 inches in height, as measured perpendicular to the roof surface;
- (n) Spires or belfries;
- (o) Vegetated roofs, not more than 3 feet, 6 inches in height excluding vegetation, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher. On roofs with slopes greater than 20 degrees, vegetated roofs shall be limited to a height of 12 inches measured perpendicular to such roof surface;
- (p) Weirs, check dams and other equipment for stormwater management, not more than 3 feet, 6 inches in height, as measured from the maximum height limit, or the finished level of the roof as it existed on April 30, 2012, whichever is higher;
- (q) Window washing equipment mounted on the roof;
- (r) Wire, chain link or other transparent fences.

104-33 - Mandatory Street Walls

Six types of mandatory **street walls** are established in the **Special Manhattanville Mixed Use District**, the regulations for which are set forth in Sections [104-331](#) through [104-336](#). Map 4 (Street Wall Types and Locations) and Map 5 (Parcel Designation and Maximum Building Heights), in Appendix A of this Chapter, specify locations where such regulations apply. The mandatory **street wall** requirements shall apply to any **development** and the **enlarged** portion of an existing **building**, except as set forth in paragraph (c) of this Section.

In Subdistrict A, the mandatory **street walls** specified as Street Wall Types 1, 3 and 4 consist of a **lower street wall** and an **upper street wall**, except that for **buildings** fronting on a **wide street** that do not exceed a height of 85 feet, and for **buildings** fronting on a **narrow street** that do not exceed a height of 60 feet, such **street wall** may in its entirety comply with the rules for an **upper street wall**.

(a) **Lower street wall**

- (1) For Parcels D1, E1, F1, G1, G2 and H, the **lower street wall** is that portion of the **street wall** that extends from grade to a minimum height of 15 feet above the highest elevation of the **street** frontage of the **building** on Broadway and a maximum height of 55 feet above such elevation for each **street** frontage. For **buildings** without frontage on Broadway, the **lower street wall** shall be measured from the highest elevation of each such **street** frontage of such **building**;
- (2) For Parcels A, C1, C4, D4, E4 and F4, the **lower street wall** of each **street** frontage of a **building** is that portion of the **street wall** that extends from grade to a minimum height of 20 feet and a maximum height of 55 feet above the highest elevation of such **street** frontage of such **building**;
- (3) For Parcels C2, C3, D2, E2, E3, F2 and F3, the **lower street wall** of each **street** frontage of a **building** is that portion of the **street wall** that extends from grade to a minimum height of 20 feet and a maximum height of 45 feet above the highest elevation of such **street** frontage of such **building**. For the purposes of this Section, Parcel C2 shall be considered to have frontage only on West 130th Street.

(b) **Upper street wall**

For all Parcels, the **upper street wall** is that portion of the **street wall** that extends from the **lower street wall** to the maximum **building** height set forth in Appendix B or the height of the **building**, whichever is less.

- (c) The mandatory **street wall** requirements shall not apply to vertical **enlargements** of one **story** not exceeding 15 feet in height.
- (d) Where a **building** is located on more than one Parcel, the requirements of Sections

[104-331](#) through [104-336](#), with respect to the locations of the **upper street wall** and the **lower street wall**, may apply to the entire **street frontage** of the Parcels.

- (e) On Parcels C3 and C4, the applicable **lower street wall** provision may be applied to the entire **building**.
- (f) For a **building** within Subdistrict A, located on a portion of a Parcel where no required **street wall** is shown on Map 4, such **building** shall comply with the **street wall** requirements for a **building** on the same Parcel. For a **building** on Parcel C3, the **street wall** requirements shall be those provisions applicable to Parcel D2.

104-331 - Type 1 street wall location

LAST AMENDED
12/19/2007

Type 1 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The **upper street wall** shall be located anywhere within five feet of the **street line** for at least 70 percent of the **street frontage** of the Parcel and shall rise without setback to a minimum height of 85 feet above **curb level**, or the height of the **building**, whichever is less.
- (b) The **lower street wall** shall be set back at least two feet but no more than 10 feet from the **upper street wall** required pursuant to paragraph (a) of this Section and shall extend along at least 70 percent of the **street** frontage of the Parcel. For Parcels D1, E1, F1, G1, G2 and H, the height of the **lower street wall** shall be not less than twice the depth of the setback of the **lower street wall** from the **upper street wall**, but not less than 15 feet.
- (c) No **street wall** location regulation shall apply to the remaining 30 percent of the **street** frontage of a Parcel.
- (d) At least 20 percent of the area of an **upper street wall** facing Broadway shall be recessed to a minimum depth of 10 feet.
- (e) The **street wall** provisions of this Section may apply along a **narrow street** within 100 feet of its intersection of a **wide street**.

104-332 - Type 2 street wall location

LAST AMENDED 12/19/2007

Type 2 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of either paragraph (a) or (b) of this Section.

- (a) The **street wall** shall be located within two to five feet of the **street line** or the **mandatory widened sidewalk line**, whichever is applicable, and shall rise without setback to a minimum height of 45 feet. A **street wall** fronting on West 125th Street shall extend along at least 70 percent of the length of the **street line** of the Parcel; a **street wall** fronting on West 130th Street shall extend along at least 50 percent of the length of the **mandatory widened sidewalk line**. No **street wall** location regulation shall apply to the remaining 30 percent of the **street** frontage of the Parcel on West 125th Street, or to the remaining 50 percent of the **street** frontage of the Parcel on West 130th Street; or
- (b) Where the **lower street wall** is set back from the **upper street wall**:
- (1) the provisions of Section [104-334](#) (Type 4 street wall location) shall apply to **street walls** facing West 130th Street;
 - (2) the provisions of Section [104-331](#) (Type 1 street wall location) shall apply to **street walls** facing West 125th Street; and
 - (3) for **street walls** facing 12th Avenue, the **upper street wall** shall be located within five feet of the **mandatory widened sidewalk line** and the **lower street wall** shall be set back not more than 30 feet from the **upper street wall**.

104-333 - Type 3 street wall location

LAST AMENDED
12/19/2007

Type 3 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The **upper street wall** shall be located within two feet of the 12th Avenue **mandatory widened sidewalk line**, and shall extend along no more than 70 percent of the length of the **mandatory widened sidewalk line** of the Parcel. Any **upper street wall** located on the remaining portion of the **street** frontage of the Parcel shall be set back from the 12th Avenue **widened sidewalk line** by a minimum distance of either:
- (1) 20 feet, if such setback area faces both 12th Avenue and a **narrow street**; or
 - (2) 10 feet, if such setback area faces only 12th Avenue.
- (b) The **lower street wall** shall be located at the same distance from the **mandatory widened sidewalk line**, or set back not more than 10 feet from the **upper street wall** required pursuant to paragraph (a) of this Section, and shall extend along at least 80 percent of the length of such required **upper street wall**. No **street wall** location regulations shall apply to the remaining portion of the **lower street wall** frontage of a Parcel.

- (c) The **street wall** provisions of this Section may apply along a **narrow street** within 100 feet of its intersection of a **wide street**.
-

104-334 - Type 4 street wall location

LAST AMENDED
12/19/2007

Type 4 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of this Section.

- (a) The **upper street wall** shall be located within five feet of the **street line** or **mandatory widened sidewalk line**, as applicable. Such **street wall** shall extend along at least 50 percent of the length of the **street line** or **mandatory widened sidewalk line** of the Parcel, as applicable, and shall rise without setback to a minimum height of 60 feet above **curb level**, or the height of the **building**, whichever is less.
- (b) The **lower street wall** shall be set back at least two feet but no more than 10 feet from the **upper street wall** required pursuant to paragraph (a) of this Section and shall extend along at least 50 percent of the **street line** or **mandatory widened sidewalk line** of the Parcel, as applicable.
- (c) No **street wall** location regulation shall apply to the remaining 50 percent of the **street** frontage of a Parcel.
-

104-335 - Type 5 street wall location

LAST AMENDED
12/19/2007

Type 5 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall comply with the provisions of paragraph (a) or (b) of this Section:

- (a) The **street wall** shall be located within two feet of the **street line** or the **mandatory widened sidewalk line**, as applicable, and shall rise without setback to a minimum height of 45 feet or the height of the **building**, whichever is less. Such required **street walls** shall extend along at least 50 percent of the length of the **street line** or the **mandatory widened sidewalk line** of the Parcel, as applicable; or
- (b) Where the **lower street wall** is set back from the **upper street wall**, the provisions of Section [104-334](#) (Type 4 street wall location) shall apply.

No **street wall** location regulations shall apply to the remaining 50 percent of the **street** frontage of a Parcel.

104-336 - Type 6 street wall location

LAST AMENDED
12/19/2007

Type 6 **street walls**, as shown on Map 4 in Appendix A of this Chapter, shall be located at or within 10 feet of the **street line** and shall extend along at least 70 percent of the length of the **street line** of the Parcel, and may rise to a maximum height of 120 feet. No **street wall** location regulations shall apply to the remaining 30 percent of the **street** frontage of a Parcel.

104-34 - Street Wall Recesses

LAST AMENDED
12/19/2007

Recesses are permitted for architectural, decorative or functional purposes, provided that such recesses comply with the provisions of this Section.

For portions of the **lower street wall** required pursuant to the provisions of Section [104-33](#), the maximum area of recesses shall not exceed 30 percent of the area of such required **lower street wall** and the maximum depth of such recesses shall not exceed three feet.

For that portion of the **upper street wall** required pursuant to the provisions of Section [104-33](#), and located below a height of 85 feet on a **wide street** and 60 feet on a **narrow street**, the maximum area of recesses shall not exceed 30 percent of the area of such portion of the **upper street wall** and the maximum depth of such recesses shall not exceed three feet. However, the regulation limiting the maximum depth of such recesses to three feet, set forth in this paragraph, shall not apply to the recesses required in paragraph (d) of Section 104-331.

104-40 - SPECIAL URBAN DESIGN REGULATIONS

LAST AMENDED
12/19/2007

The special urban design regulations of this Chapter include ground floor transparency requirements, and requirements for six different types of open areas that are accessible to the public, as described in Sections [104-42](#) and [104-43](#), inclusive, and shown on Maps 3 (Widened Sidewalk Lines) and 7 (Mandatory Open Areas) in Appendix A of this Chapter.

104-41 - Street Wall Transparency Requirements

LAST AMENDED
12/19/2007

Within Subdistrict A, the transparency requirements of paragraph (a) of this Section, subject to the modifications of paragraph (b) of this Section, as applicable, shall apply to **developments**, changes of **use** on the ground floor of a **building or other structure**, and **enlargements** that

increase the **floor area** of the ground floor by more than 25 percent, but shall not apply to a change of **use** on the ground floor of a **building** located on Parcels E2 or G2, as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter.

- (a) On all **streets**, at least 70 percent of the surface of the **street wall** shall be glazed, and at least 50 percent of the area of each such **street wall** shall be transparent to a minimum height of the ceiling of the ground floor, or not less than 15 feet above the finished level of the adjacent sidewalk, whichever is lower. The glazing material shall be highly transparent, with low reflectivity. Above this height, and to the top of the **lower street wall**, the **street wall** surface shall be at least 50 percent glazed and at least 30 percent transparent. Door or window openings within such walls shall be considered as transparent. Each such opening shall have a minimum width of two feet.
- (b) For **street walls** where the provisions of Section [104-332](#) (Type 2 street wall location) apply, the required glazing at the ground floor shall apply to the minimum height of the ceiling of the ground floor, or not less than 20 feet above the finished level of the adjacent sidewalk, whichever is lower.

104-42 - Open Areas

LAST AMENDED
12/19/2007

All mandatory open areas as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter and all open areas adjacent thereto up to the **street wall** required pursuant to the provisions of Section [104-33](#) (Mandatory Street Walls) shall comply with the urban design regulations of Sections [104-42](#) through [104-43](#), inclusive, and shall be open and unobstructed except as specified.

104-421 - Mandatory widened sidewalks and adjacent areas

LAST AMENDED
12/19/2007

- (a) Map 3 (Widened Sidewalk Lines) in Appendix A of this Chapter specifies the locations of **mandatory widened sidewalks**. The depth of such **mandatory widened sidewalks** shall be as indicated on Map 3 and specified in this Section, and shall be measured perpendicular to the **street line**. **Mandatory widened sidewalks** shall be constructed at the same level as the adjoining public sidewalks and shall be accessible to the public at all times. The portions of all **mandatory widened sidewalks** used for pedestrian circulation shall be improved as sidewalks to Department of Transportation standards.
- (b) Within **mandatory widened sidewalks**, landscaping and other amenities shall be permitted. **Mandatory widened sidewalks** shall be considered **streets** for the

purposes of applying the provisions of the New York City Building Code governing cornices, eaves, sills and other architectural elements that project over **streets**. However, no fences shall be permitted, no planters shall be higher than two feet above the finished level of the adjacent sidewalk, and all trees shall be planted flush to grade.

- (c) Adjacent area at grade between **lower street wall** and sidewalk

Where the **lower street wall**, or the **street wall** if no **lower street wall** is required, is set back from the **mandatory widened sidewalk line** or the **street line**, whichever is applicable, the entire surface area of the ground located between the **street wall** and the public sidewalk shall comply with the standards of paragraphs (a) and (b) of this Section. Such areas may be covered and may include columns and other elements not specifically excluded pursuant to paragraph (b) of this Section.

- (d) Additional regulations shall apply to the following areas and conditions:

- (1) **Narrow streets**

The **mandatory widened sidewalks** located along **narrow streets** shall be five feet wide. A paved walking path not less than 10 feet wide, which may include the public sidewalk, shall be provided. The paving surface shall be of a non-skid material, whether wet or dry.

- (2) 12th Avenue

The **mandatory widened sidewalks** located along 12th Avenue, as shown on Map 7 in Appendix A of this Chapter, shall be 30 feet wide and include a 15 foot wide area adjacent to the **street line** for the provision of an open market and a walking surface with a minimum clear path of 15 feet adjacent to the market area. The walking surface shall be of a non-skid material, whether wet or dry.

- (i) Permanent, fixed elements, such as landscaping and seating, with a minimum coverage of five percent of the market area, shall be required.

- (ii) The following obstructions shall be permitted:

Temporary, moveable elements with a maximum coverage of 30 percent of the market area per **zoning lot**, such as carts, kiosks or pavilions, open or enclosed; market umbrellas; retail structures, open; and seating and other street furniture.

LAST AMENDED
2/2/2011

Midblock Open Areas shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. However, no Midblock Open Area is required on any **block** that is not developed as a single **zoning lot**. The Midblock Open Areas shall have a minimum width of 50 feet clear and open to the sky.

All Midblock Open Areas shall have a minimum clear path of 15 feet and shall be improved as paved surfaces of a non-skid material, whether wet or dry. A minimum of 20 percent and a maximum of 50 percent of each Midblock Open Area shall be improved with landscape treatment, including planting and other amenities. No fences shall be permitted. No walls or planters shall be higher than two feet above the finished level of the nearest adjoining sidewalk.

The full width of each Midblock Open Area shall be improved and open to the public prior to applying for and receiving a temporary certificate of occupancy for any **development** adjacent to such area. However, up to 10 feet of the width of a Midblock Open Area may be temporarily enclosed within a construction fence for the shortest period of time reasonably necessary to permit construction in the adjacent area.

For **buildings** adjacent to the Midblock Open Areas, other than a **building** located on Parcel E2 as shown on Map 5 (Parcel Designation and Maximum Building Heights) in Appendix A of this Chapter, **building** walls fronting on such Midblock Open Areas shall be transparent for at least 50 percent of the area of each such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second **story**.

104-423 - East/West Open Area

LAST AMENDED
2/2/2011

An East/West Open Area shall be provided as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. The East/West Open Area shall have:

- (a) a minimum width of 60 feet and shall be open to the sky;
- (b) a minimum clear path of 15 feet, which shall be improved as a paved surface of a non-skid material, whether wet or dry; and
- (c) a minimum of 20 percent of its area improved with landscape treatment, including planting and other amenities. No walls or planters shall be higher than two feet above the finished level of the adjacent sidewalk.

Air intake grilles, flush to grade, shall be permitted, provided such intake grilles do not exceed 10 percent of the area of the East/West Open Area, and are concealed from public view by planting or other design features.

The full width of the East/West Open Area shall be improved and open to the public, prior to applying for and receiving a temporary certificate of occupancy for any **development** adjacent to such area.

104-424 - The Square

LAST AMENDED
2/2/2011

Area of the Square

If Block D is developed as a single **zoning lot**, an open area known as “the Square,” with a minimum area of 40,000 square feet, shall be provided, connecting West 130th and West 131st Streets, as shown on Map 7 (Mandatory Open Areas) in Appendix A of this Chapter. This minimum area shall not include either the Midblock Open Area on Block D, or the area of the **mandatory widened sidewalks** on the West 130th and 131st Street frontages adjacent to the Square.

The Square shall be used for open space accommodating both passive recreation and limited active recreation.

Building transparency

The bounding **building** wall on the west side of the Square shall be transparent for 50 percent of the area of such wall, measured from the finished level of the adjacent pavement to the height of the ceiling of the second **story**.

Circulation and access

No fences or gates shall be permitted anywhere in the Square.

An unimpeded pedestrian access, with a minimum width of 15 feet, shall be provided across the Square in a generally diagonal direction in the north/south orientation, connecting the two narrow streets, with both ends located a minimum of 100 feet from the Midblock Open Area on Block D.

The Square shall provide unobstructed access from the adjoining sidewalks for at least 50 percent of the length of each street frontage of the Square. No single fixed element, within 15 feet of the **street line** of the Square, shall have a dimension greater than 15 feet or be higher than 30 inches, measured from the finished level of the adjacent sidewalk. The clear path between obstructions shall be at least three feet; however, to qualify as an unobstructed access that contributes to the 50 percent requirement set forth in this paragraph, a minimum

width of five feet is required.

Elevation of the Square

The elevation of the Square shall generally follow the adjacent topography. Within 15 feet of the **street line**, the elevation of the Square, for a minimum of 50 percent of the length of each frontage on a **street**, shall have a maximum slope of 1:15. Beyond 15 feet from the **street line**, all open areas in the Square, including rolling or bermed lawn areas, may vary but shall not be more than five feet above or one foot below the level of the nearest sidewalk or natural topography. Paved areas shall not be higher than two feet above the level of the nearest sidewalk.

Permitted obstructions

No walls or planters shall be higher than 2 feet, 6 inches above the finished level of the nearest adjoining sidewalk. No planters or planter walls shall be higher than 18 inches above the level of the adjacent grade.

Permanent structures, such as food or information kiosks, pavilions or public restrooms, may be placed in the Square, provided they do not exceed a height of 20 feet, or occupy more than three percent of the area of the Square.

Temporary or movable amenities, including elements such as trellises, movable tables, game tables, play equipment and performance facilities, are permitted, not to exceed 10 percent of the area of the Square.

Seating

A minimum of one linear foot of seating shall be provided for each 50 square feet of the Square. A minimum of 75 percent of the required seating shall be fixed; up to 25 percent may be movable. Every two and one-half linear feet of fixed seating shall be considered as seating for one person.

The following standards shall apply to all required seating:

- (a) fixed seating may be provided in the form of double-sided benches, which shall be a minimum of 36 inches deep;
- (b) 50 percent of the fixed seats shall have backs; such backs shall be not less than 14 inches high;
- (c) fixed seating shall be between 16 inches and 18 inches in height, with a minimum depth of 18 inches measured from the edge to the back; and

- (d) all seating shall be made of durable material and shall be comfortable to sit on, with rounded edges of at least one inch radius.

However, other types of seating, such as the edges of planters and fountains, may count toward the required amount of seating if such seating has a minimum depth of 22 inches and is between 16 and 18 inches in height.

At least 20 percent of the required seating shall be provided within 15 feet of the **street line** of the Square fronting all **streets** and the adjacent Midblock Open Area, and arranged to encourage a variety of uses. If such Midblock Open Area is provided with seating, that frontage of the Square may be exempt from this requirement.

General requirements for trees and planting

A minimum of 50 percent of the Square shall be landscaped with soft ground cover. Soft ground cover shall include trees, grasses, shrubs and other ornamental planting material. The remaining 50 percent of the Square may be paved as hard surface.

At least 30 percent of the area of the Square shall contain a continuous planting area, with minimum soil depth of five feet. Berming is allowed provided that the height of the berm is not greater than five feet above the level of the adjoining sidewalk.

Trees

A minimum of 38 trees is required. Such trees shall measure at least four inches in caliper at the time of planting, except that trees which are multi-stem varieties shall have a minimum height of eight feet. Trees shall be planted in continuous planted areas that have a minimum depth of four feet and a minimum area of 500 square feet of soil. All trees shall be planted flush to grade. The requirements of this paragraph, (a), shall be in addition to the requirements of Section [104-422](#) (Midblock Open Areas).

Planting

Seasonal planting is encouraged but not required. When planting beds are provided, they can be counted towards meeting the requirement for soft ground cover. Planting beds shall have a minimum soil depth of two feet for grass or other similar ground cover and three feet for shrubs.

Other required amenities
